## ENVIRONMENTAL COLLABORATION Beginning

So we want to collaborate with our environment when only ten or eleven nations are NOT warring with their neighbours! Go figure!

We want to achieve environmental collaboration when we are all pillaging nature – destroying nature in a neighbour's country, even if it is on the other side of the world.

We are all part of nature. We are nature just like the plants, animals and pets that we destroy in our neighbour's domain. We mine the resources to create the weapons and auxiliary equipment to destroy our neighbour. I just do not get it! We have Green Peace type movements all over the world yet we are all warring!

Consider the impact on the environment, on all of nature, of building of twelve submarines. The cost is AU\$50 billion. The impact on nature from drawing resources to form and equip the submarines is the first impost, then comes their operation and should they be deployed in combat, we have catastrophic imposts on nature. Now who funds such exercises?

We will tell you who funds it – The House of Rothschild, that's who. In fact they have funded ALL sides of ALLL wars since Napoleon.

**The HOUSE Of  
ROTHSCHILD**

Environmental Collaboration is about humanity changing its way of living. This embraces all aspects of our life and environment. Nothing escapes the change over. Nothing. All platforms of our life are to be totally dismantled in preparation for a rebuild into a new format that is vibrant and in harmony with nature. This is in preparation for what is to unfold as one thousand years of peace.

This is not simply a wishful thought. It is not even necessarily a desire. This is what is unfolding for humanity worldwide and humanity does not have a clue what is underway.

**This time, in the history of humanity, is  
the most exciting time ever experienced.**

# World Controllers

It all started some 500,000 years ago when higher spirits from within our Local Universe were appointed to oversee and guide the evolving 'truth loving' humanity on Earth. However these Lanonandek spirits became disgruntled with leadership of our Local Universe – Nebadon – and took control of matters. They Rebelled 200,000 years ago and had until the early 1990s lead humanity along the wrong path of 'worshipping' our minds. Now what a dumb idea is that! Nevertheless, the Lanonandeks, namely the Lucifer, Satan, Caligastia and Daligastia soulmate pairs got a Universal Contract together and a plan to grow their rebellion by engaging further planets within our System – referred to as Satania – a total of 37 planets were seduced into their Rebellion. Only Earth went on to Default.

About every 12,000 to 13,000 years, physical Earth is subjected to a Pole Shift. This varies greatly in degree of severity. Typically, as with the last Pole Shift, the population of humanity is significantly depleted. The last event saw the submersion of Atlantis. As the pattern of such events is repeated with each emerging humanity, previously under the oversight of the Evil Ones, the malevolent mind spirits from within the mind Mansion Worlds repeatedly reinstated old regimes.

Each cycle sees the seduction of a group or tribe into believing they are the 'chosen ones'. They have overarching tendencies for oppressive control of others and insatiable greed. Presently, this is being played out through a tribe that has been usurped by the Jews. That is the tribe that were the 'chosen ones' morphed into being the Jews. However, they have been subsequently usurped by the Khazarian Jews with a number of ring-ins. The Khazarians were obliged some centuries ago to change their evil ways, to take up the Muslim, Christian or Jewish faith, so they adopted Judaism in the form that suited themselves. The Khazarian Jews are the pinnacle of the evilness of the Evil Ones – the Lanonandeks spiritual oversight who are all now in spirit prison. Generally speaking, such physical personalities are sensitive to the promptings of the evil mind spirits, this is how they have been successful in achieving control of humanity through the financial systems of the world. On the 22 March 2017 this interaction and guidance was blocked by the Celestial spirits. The Rebellion and Default is coming to an end.

Of great significance to all of humanity is the little known fact that the Rebellion and Default is governed by a Universal Contract and since the commencement of the Rebellion, humanity has not had an interactive relationship with Nature Spirits and also with our Guardian Angels in the manner that is intended. Now that the Rebellion and Default is ending, for those who embrace Divine Love and commence their Feeling Healing they can now interact with their nature spirits and guardian angels.

Further, under the Rebellion and Default all religions have been structured by the Evil Ones and heavily influenced by the malevolent mind spirits. There has been no input from higher up spirits and none from those in the Celestial Heavens due to the Universal Contract governing the Rebellion and Default.

Remnants of the spiritual platforms flowed over from the last Pole Shift and we have the evolution of Buddhism which is totally mind orientated with total rejection of the existence of God. This is the prime platform of Lucifer and Satan. Within the period around the forming of Buddhism, a number of mind worshipping religious or spiritual platforms came about. A far older platform is Hinduism.

Jesus of Nazareth was not on Earth to form a religion. He and Mary Magdalene were here for all of the humanities of their regency which is all of Nebadon. Neither left any records of what they shared and taught. What has unfolded is a fantasy Jesus and a set of erroneous records that have been gathered together into a Bible. What took place in the first century was and is in preparation for what is now unfolding in the twenty first century. Helen, 3<sup>rd</sup> Celestial Heaven – 14 November 2017: **It's not going to be the little thing of two thousand years ago in which virtually no one on the world knew what**

**was happening, not this time around because the Rebellion and Default are not to carry on for another age.**

All religions, the major religions through to all the minor offshoots and small congregational religions, all 50,000 variants, are mind orientated. None lead us to embrace our feelings, to long for the truth of our feelings, to follow our soul-based feelings and have our minds follow. None lead us to embrace our Heavenly Mother and Father. None acknowledge that it is Mary and Jesus who are our spiritual parents being regents of Nebadon, our Local Universe. They all lead us into our mind's domination and away from God.

Further, as this is so then we are closed off from nature of which we are each a part. We are rebelling against nature, our nature spirits and also our guardian angels. This is now understood and further, we now have the way to embrace the Great U-Turn and embrace the environment and how to collaborate with nature.

You will hear it stated and re-stated often that "religion has caused more violence than anything else in history" or some variation thereof.

This statement is provably false and historically inaccurate. Most wars have been about resources (give me your stuff), power (bow down to me, not some god), or political and border disputes. Only about 7% of all wars in history have been waged for religious causes, accounting for only about 2% of all of history's war deaths.

However, what is certain is that the diversity of religions has been orchestrated by the Evil Ones to instil separation and dissent between all groups of humanity. There is nothing harmonising about religions. There is no way to bridge the gaps between different religions. There is no way to unify religions and that is because NONE of them are in TRUTH. TRUTH is always the same. The Bible has now been 'edited' by its 'accredited authors'. There is only ONE TRUTH. And a simple TRUTH is that Jesus is not God. Jesus, Matthew, Mark, Luke, John, Paul and Judas have commented on the major errors and omissions within the Bible, this they did between the years 1914 through to 2003. Kevin, 1<sup>st</sup> Celestial Heaven – 10 November 2017: A big part of The New Way, Feelings First Spirituality is going to be Celestial spirit-led and Celestial spirit-inspired through such people, so there will always be an ever growing direct connection with people and us spirits, and with the angels and nature spirits. An alternative to the mind way, but one that's in opposition to it. The mind way is a bully and needs to be seen for what it is, and that will take some doing. So that will be the subtle main thrust of The New Way, Feelings First Spirituality.

The earth is given into the hand of the **WICKED**

Kevin, 1<sup>st</sup> Celestial Heaven – 10 November 2017: **These people have set up opposing factions so they can use them to make it look like there are good guys and bad guys, so they will bring about a world war with opposing sides making it look like there really are good and bad people – depending which side you're on, when really both sides are being artfully controlled by the same deeper controlling people.**

Trump and his lot, the Clintons and their lot, Putin and his lot, the rest of the Zionists and some of the Chinese are all differing factions being controlled by these deeper controllers, and yet only Putin is aware of the hidden controller going on to any real degree. The others are happy knowing they are being controlled, that they are working for the hidden controllers, even knowing to a slight degree that they are being played off against each other, yet happy to have so much power in the world.

And so these are all what you might call, mid level or mid management Deep State controllers, all of whom are trying to assert themselves or stop the others having control

over them, yet all the while they are all like puppets having their strings pulled by the real hidden controllers, such as the Rothschilds and those 'family' people you hear talked about.

So naturally your question is, so this middle level gets reshuffled from time to time, one lot serving their purpose then another lot moves in taking over, yet still the hidden controllers keep humanity bound up in all their yuk, so what about them, how are they ever going to become unstuck?

Lots of in-fighting as established systems fail, and as people turn on each other, change alliances and so on, you know the types of thing. So there will be false flags, war and famine, strange weather and earthquakes – man made, and outbreaks of weird disease, all different power plays vying for power.

**The HOUSE Of  
ROTHSCHILD**

And it will all get out of hand for the hidden controllers, as they no longer have the unseen backup and all-seeing and all-knowing mind spirit hidden controller support, as we shut them out, thereby losing their tight grip on it all, which will happen over the next few years.

Kevin 12 November 2017: **These hidden controllers are like the Royalty of Urantia (Earth), not just kings and queens who are nobodies compared to them, but these are the real 'Chosen Ones'**

for they were chosen by the Evil Ones and anointed by them so to speak. So they are for all intents and purposes, a 'cut above' the rest of humanity. And 'above' means, greater or the greatest expressions of the Rebellion and Default in the sense of their having all the power and being the direct representatives of the Caligastias and Daligastias on Earth. So they are like the right hand people of the Ds, were the Daligastias still alive on Earth.

Kevin 12 November 2017: I wouldn't worry trying to keep abreast of it on the Internet because no one knows, the media is too heavily controlled by the sides they represent, and everyone else wouldn't have a clue.

A lot of innocent people will suffer, however that's all going to be part of the increasing pressure applied to humanity. There is no way out of it, it's not going to be a passive transformation, the evil is not going to give up peacefully,

Humanity needs to ascend. But first it needs to be Healing itself. And as this is the worst the evil has got, so it's going to be a long way to 'fall' back to being true.

Kevin 20 November 2017: The hidden controllers keep the whole debt slavery system in order so as to serve and enrich themselves, which is the material manifestation of the higher spiritual levels – the mind and emotional levels – that the Rebellion and Default keep in place.

And now begins the Great U-Turn. For those few who have completed their Healing through what will be universally known as Feeling Healing, will come rewards unimaginable. You and I, we cannot progress towards and into Paradise without completing our Feeling Healing and with Divine Love. We can Heal ourselves but without embracing our Heavenly Parents' Divine Love we still cannot enter the Celestial Heavens. With Divine Love we can progress into the Celestial Heavens and then go on further and further through our Local Universe of Neadon and progress towards and into Paradise, the home of our Heavenly Parents.

# Lifting the Veil to Nature

By embracing Feeling Healing and with Divine Love we open up our connectivity with our Nature Spirits. We have a Nature Spirit pair assigned to each one of us exclusively. By commencing our Feeling Healing with Divine Love we can interact with our Nature Spirits with intimacy and clarity. For those who are mediumistic, the connectivity is as clear and vibrant as talking to a member of your own family – they are part of your personal journey – they are with us for the whole of our physical life.

It is only in this manner that we can manifest the desired Environmental Collaboration that is to unfold for all of humanity. In this manner we can firmly set ourselves on the pathway of Living Feelings First in full harmony with the environment and all of nature. We will not know how to achieve this until we each commence our Feeling Healing and even then it will be progressive as we proceed through our Healing.

Our Feeling Healing will also open up the communications and intimacy with our Guardian Angels. Again, we each have a pair exclusively assigned to us for the whole of our physical life. They also continue with us into the Mansion Worlds and further on. As with our assigned Nature Spirits, they are exclusive to ourselves principally because of their unique personality compatibilities.

As we progress with our Feeling Healing we will find our excessive needs and demands on nature will be realigned to living without fear and we will put aside the need to horde for eventualities that are of our own controlling mind's distractions and fantasies. We will learn to live with nature and we, us and nature, will blossom. The Earth will begin to re-green itself as harmony between humanity and the

environment unfold. How this will come about will require all systems and existing norms of living to be torn down and re-structured.

## Lifting the Veil to Nature

Presently humanity's impost on nature is seeing the extinction of species in numbers far greater than we can possibly comprehend – and there appears to be no answers to this. This is reminiscent of great upheavals in nature and to the planet.

All of society will be disrupted. We are already seeing incredible extreme swings in election results in all countries that are unexplainable. That is one aspect of society rebuilding.

A decade or so ago, one would not have had any clarity as to who the hidden controllers were and how they manipulated ALL of humanity. Now it is spelt out. Not only that, their methods and steps in business are so predictable that they can be out manoeuvred. Particularly now that their connections with the mind Mansion World spirits has been blocked they are headless and rudderless yet still incredibly powerful and dangerous – but not for much longer.

Nanna Beth, 3<sup>rd</sup> Celestial Heaven – 2 December 2017: The indigenous people are just as highly entrenched in their religious and spiritual attitudes as are the West – the whole world is the same, all being under the sway of the mind Mansion Worlds, and all just reflecting differing levels of those worlds. So how one might approach and deal with them will be the same.

James – 28 November 2017: So we go through this whole amazing thing of being made to be wrong and untrue and false, and then we do this Healing thing, and end up being right and true, and yet it's all us.

Nanna Beth: It is as you say James, **it is from your fucked up point of view, incredibly mad, and maddening. And then you come out of it, then you are Celestial, and you do feel like you're starting all over again, with none of your feelings being influenced or connected to your childhood feelings, it being as if you've had an entirely different and loving childhood, the positive one instead of the negative unloving one you got. It is a whole turning yourself inside out, and until you experience it yourself, you'd not even think it could be possible.** And like you say: why do we need to do it, why not just make adjustments like the Divine Love movement people are trying to do, changing your adult self to fit in with your idea of what being Divine Love, perfect, true and Celestial would be like, when **you have to go back and TRANSFORM the whole of yourself, from the negative into the positive. So transform is the appropriate word, because you can't do it yourself, it's your soul and God that does it, you simply wanting it to happen by submitting to your feelings looking for the truth of them.**

**Our Healing is fantastical, there is nothing that compares with it, to start off in the negative and wrong and not of love, to then become the complete opposite and it's a wonder to behold, even more than the wonder of just growing up normally and with love and ascending the heavens. And it's why we're of such interest to the rest of Creation, the fact that rebellion can actually happen, that God allows such high Daughters and Sons to rebel, and then negatively affect the lower daughters and sons, and affect them to such a severe extent, something that we're still all finding out. Rebellion like this is all but unheard of, and it means the whole negative might potentially be expressed in Creation**

**Every feeling and everyone's feelings, because in your feeling-moment is contained the whole of Creation, every moment that Creation will ever be, it's all there, in the smallest most personal feeling to the largest grandest concept of it all.**

Until we do our healing we are literally blind as Verna points out. Presently we are walking around like zombies in a stupor acting out a façade personality imposed upon us by our parents totally oblivious to nature and all its beauty without any idea how to interact with it!

These changing times are extra-ordinary –

Nanna Beth – 2 December 2017: Teacher Pairs don't incarnate, they will do all their Teaching from spirit, and all ONLY to people doing their Healing and who manage to heal themselves. We will educate or prepare to be educated, everyone else. The Teacher Pairs will work very personally with a few specific individuals during the course of the next Age. There will be possibly about a hundred to a thousand people under their care at any one time, with these people being instructed in their various fields of endeavour heavily along the lines of incorporating their interests with their relationships, so understanding about how to increase their awareness through their feelings as opposed to their minds. More will be said about them when they officially begin their work, which will be once the New Age begins.

Nanna Beth: Everyone who takes on the Truth will come against their personal (psychic) barriers, which are all reflective of the greater ones of the Rebellion and Default. So as you say, you are all experiencing in your different ways. However it's nothing more than what most of you have experienced in life at various times anyway, your lives being saturated with wrongness and so endless barriers.

**You might even be interested to know, there are actually barriers preventing people and humanity as a whole moving deeper into the wrongness, just as there are barriers preventing people and humanity moving out of it. It's all very tightly controlled, the Evil Ones put in a vast amount of controls and on all levels,** which, unless you are shown by those spirits who can see them, such as the Melchizedeks, you'd never be aware of them.

To think that humanity just blasted off into the Rebellion and Default being able to go wherever it liked, would be wrong. It's all been masterfully controlled, right through each cataclysmic Earth-age. So thinking you can increase or decrease your wrongness at your own leisure, is also a mistake. And once you're an adult, it takes a great amount of work to take yourself either deeper into it or to begin Healing it. Look at all the incredibly hard work those seeking Enlightenment have to do, or trying to be the perfect Christian, and it's the same for the mind spirits, it being very difficult to actually move up the mind Mansion Worlds increasing their wrongness, just as it is to move up the Divine Love Healing worlds.

So the cracks are appearing as the Divine Love Healing worlds start to 'descend' onto Earth – into the physical. For that's what is going to happen, the Divine Love Healing worlds, from the first introductory sectors on Mansion World one, to the truth of all the three main Healing worlds, being lived by people living them whilst on Earth. All to give rise ultimately to Celestials on Earth. That's what our goal is, to have people living on Earth who have fully Healed themselves.

Verna, a Nature Spirit – 26 May 2019: But before you move onto another subject James, I want to impress upon you just how finely attuned to you mortals we angels and nature spirits are. We are assigned to personally assist you knowing that that assistance is EXACTLY what you need. So it's not a lackadaisical affair, your personal angel pair who are with you your whole life are the ONLY personal angelic pair in the whole of Creation who are and can be with you in your Earth life, unless other extenuating circumstances were to happen, those which are beyond my scope to discuss publicly with you, suffice it to say, they being very rare.

It's all angel / person specific. And you can even go so far as to say, that the angels, and in particular the ones who are to fulfil such personal and close relationships with ascending mortals and all Sons and Daughters of God, have been specifically created to fulfil that role. And in a similar way, though not as highly strategic as that, is it with us nature spirits. Not everyone has an assigned nature spirit pair, like you all have a pair of angels, we nature spirits will only be assigned for a certain period of time and for very specific reasons to specific people, and only to those people who need to have our presence with them for some reason, with the person being consciously aware of us or not.

In my relationship with you James, I am overall assigned to you for your whole life, however really my assignment is dormant so to speak until I am actively interacting with you, such as now in this communication, otherwise I freely go about my other business in my nature spirit life, most of which has nothing to do with you and which you're unaware of unless I want to tell you about it. Whereas your personal angelic pair are ALWAYS with you, they are ALWAYS interacting with you, not a second

goes by in your lives when they are not personally with you and doing something personally in your aura. They maintain your auric system in accordance with the dictates of your soul and the needs of your Indwelling Spirit, they are always personally attuned to you, monitoring your every moment, feeling, thought, knowing all you need to go through and helping you do it. And they don't have other business outside of you – you are their sole business, their whole focus, so you can see it's a pretty amazing relationship they have with you.

So for example, my speaking directly to you now involves your two guardian angels. They are overseeing and monitoring it all. And should I overstep the boundaries for example as in what I can say to you about a certain subject they will instantly step in letting me know, stopping me, suggesting that I am moving into murky waters and how to get myself back on track. EVERYTHING is regimentally taken in hand by your angelic overseers. They are not controllers, they don't control you in any way, they just absolutely make sure that all that happens to you from without does so in complete accordance with the dictates of your soul that are passed onto them through your Indwelling Spirit. And that's the same for everyone. **So nothing can and will ever happen to you that's not supposed to happen, with mostly all of this going on with you being unaware that it is.**

And on a different subject: And the thing about bringing new species into being, we construct environmental scenarios in our plane that simulate how we intend such species coming into being and interacting with other species on Earth. And we do all of this within the pattern given or afforded to us by the Life Carriers. So we are the ones who actually construct the 'look' of the new specie, as it complies with the intentions of the Life Carriers. Nothing is willy-nilly, everything has a specific purpose and many niches to fulfil, even if the specie itself has little to do directly with humanity; yet indirectly it being part of the overall natural ecosystem of Earth, it does. And in our 'preparation of species' we factor into them the genetic variation that humanity can potentially work with, all of which is designed to provide you with the experiences people require.

And how we actually materialise the potential specie in our plane and then materialise it on Earth, should it be one that's to instantaneously come into being, is done with the help of our angelic advisors, as we nature spirits can't actually create or de-create anything, that being what the angels do. So we design the specie in accordance with the plans we've been given; and then also in accordance with our angelic supervisors and when we are ready to have it in existence, first within our Earth plane (third Earth plane) and next actually on Earth, the angels do it.

We have a vast section or sub-plane if you like within our Earth plane in which we can simulate new species either within the world as it exists or within the world as we predict it might be post Pole Shift or whenever the next major specification event is due to happen. And you see, we have thousands, even hundreds of thousands of years in some instances, to work with these new species, with many of our number being solely responsible for such specification and they having little to nothing to do with humans either on Earth or in spirit.

So these areas are what we affectionately call our 'labs', the laboratories in which we undertake specification. We have seven such major sub-planes within our Earth plane that surrounds your physical world, and four of these sub-planes are given over exclusively to the 'development' of species. And I say development like that because it's all done with light, not as you might imagine. We don't, for example, set out building a new specie from the DNA upwards, cell by cell and so on to what sort of feathers and their colours the new bird might have. We do it all with light, and were you to come into our planes and look at how it all works you'd not be able to relate to it as we do. We can see you as you see the world and as you see yourselves, and we can see the world and yourselves as we nature spirits see it and yourselves, that being how angels see. And that is in light, and with light, and it's very hard

for us to describe what that actually means because you are not a nature spirit or angel. And as you can vaguely see or imagine seeing auras for example, and sensing them around all living creatures and even inanimate rock, so far as what we see as what we'd call the aura is hundreds to thousands more times more intense and deeper than you'd ever be able to see. And this 'universe of light' is really how we have our being, by our coming and relating to you James and looking at how you see the world is very different for us, it's interesting, but it's nothing compared to the beauty and colour and light we constantly live in. However, each to their own, and although you mortal souls are slow on the uptake say in this area, by the time you attain Paradise you'll be able to soul-perceive such light like we can, so you'll get there in the end.

James: That's reassuring to know Verna. So we seem a bit dim to you nature spirits?

Verna: That's an understatement! James, you were amazed at viewing under crossed polar light the minerals in the common stones you were looking at in the thin sections during your geology course at university, you were in awe of the hidden beauty, well that beauty is a micro amount of the beauty of light we see, exist in, have our being in, and are of ourselves. So we see specification like some sort of amazing computer simulation you might be able to imagine, and yet for us it's not in a computer as such, it's all very real, the as yet unrealised or unearthed species are very real, they are in existence although not physically so, nor are they actually alive and so won't die, yet for us it's like our 'living imagination' if I can put it like that.

So we control the specification of Earth, and until you understand that, your scientists and religious thinkers will keep coming up with all sorts of explanations about how it's done, none of which will be anywhere near the truth.

I, Verna, can't reveal to you how the next Shift or major change will take place, but as you can already see for yourselves, there's already a huge reduction in species taking place. And so, why should this be happening? And part of the answer is of course for you to help see how much devastation and destruction you are reaping on your world because of your persistence with your rebellious and anti-love ways, and part is in preparation for the next overall spiritual age that is to come on your world, with the Avonal Age being part of that, or within that.

## Environmental Collaboration

Global Warming is a natural process mainly resulting from the internal core of Earth increasing in activity complimented by Sun activity. Climate Change follows on significantly from Global Warming. However, humanity will bring about Environmental Collaboration only through their Healing of their childhood repression and suppression.

Through Living Feelings First, then embracing Feeling Healing to heal our personal emotional injuries imposed upon us during our childhood forming years – from conception through to around the age of six years – then and only then do we start to grasp what we truly are and what nature is. Then by embracing our Heavenly Mother and Father’s Divine Love will the revealing of what nature is and how we are to live and interact with it become apparent and achievable to us.

No outside authority, no government nor their agencies can resolve the issues arising now to our attention relating to the stress and cannibalisation of nature. Yet it must be resolved. It is our pathway of Living Feelings First and embracing Feeling Healing that will bring about harmony which will result in the greening of the planet and the end of war.

# Environmental Collaboration

VS

## ENVIRONMENTAL CONFRONTATION

Verna, a Nature Spirit, 26 May 2019: You believe people like your Australian Aborigines were more in touch with nature because they didn't seemingly destroy it as much as the white man invaders have done, however they weren't, not spiritually speaking. They hunted and gathered and did a minimal amount of farming, but they still didn't understand about our connection with the World, they didn't personally interact with us, they developed their own wayward spiritual beliefs and ceremonies all designed to keep them fully entrenched within the Rebellion in a more primitive way, and it was all still wrong by higher spiritual standards. So the aboriginal culture had to go, just as in the end so will the white man culture, as people of all races who do their Healing and who do work more closely with us nature spirits will end up doing. But that's still some way off and there's a lot of spiritual awareness awakening that needs to happen first.

So in one way it seems like the aborigines were closer to nature and the natural world, which they were in their more primitiveness, whereas they weren't in a spiritual sense. And this confuses a lot of people, attributing more spiritualness to them than should be, as their beliefs are no more or worse than any others that are rebellious. And so shouldn't be held in higher regard. They can of course be appreciated like all spiritual and religious beliefs for being an expression of truth-denial and the Rebellion, should one want to appreciate such wayward beliefs.

Helen, 3<sup>rd</sup> Celestial Heaven, 27 August 2017: You have **the Eastern mind controlling Buddhists doing their bit from long ago, which was a remnant surviving from the Atlantean age**, along with the other primitive and spiritual systems of belief, and now it's all coming to a head for we are arriving at the end of the next Earth age, with The Change, the next cataclysmic event not far away in Earth natural time.

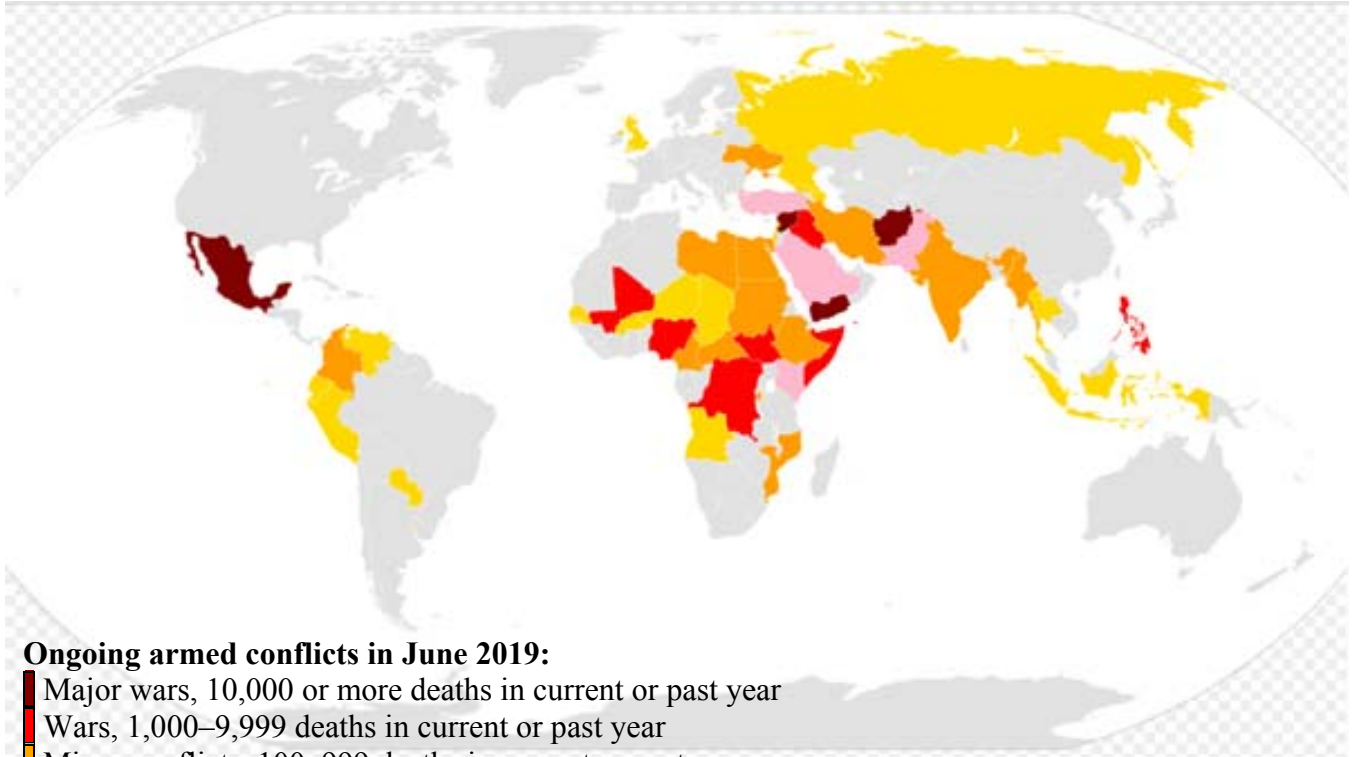

Only the trouble is, there are cataclysmic events periodically that destroy nearly everyone on Earth, and so as each civilisation ended, so was a new 'race' of Chosen Ones selected to be the prime subjects of control for the next age. So it came out of the original Jewish races, or what became the Jews, this time around, and then with Jesus and Mary coming and putting a major spanner in the works by removing the Lucifers and Satans (the Evil Ones), leaving it all in the hands of the Caligastias and Daligastias (C&D). So C&D worked all the Christian stuff into it, even with Jesus returning to do away with the Anti-christ, their (Evil Ones and their controllers) Messiah, just to suck in all the Christians making them think they are on the winning side, then introducing Islam to spice it all up and have the natural foe to fight against.

Helen, 20 August 2017: **The religions of today were created as a means of stopping Jesus' truth about longing for the Divine Love and what that does to the soul, and then any truth Mary M might have said about looking to our feelings for their truth, so as to keep the Rebellion in place. The religions pre-Jesus were designed by the Higher Evil Spirits who were controlling humanity to keep that control, focusing everything on the mind being in control rather than feelings, and then post-Jesus, they added more of the same yet with the added emphasis of using all he said, so taking it, corrupting it, and adapting it to their cause. And then throw in their contrived Islam, and you've more male domination and the subjugation of feelings – of the woman.**

Helen, 3 August 2017: "Why so many people get stuck in them (a given so-called Holy Book) and can't move on, it is all being what is still required by the **Contract of the Rebellion and Default.**"

Helen, 3<sup>rd</sup> Celestial Heaven: The world is coming to an end, yes James, however not in the way the hidden controllers have planned. Certain events have happened that have taken, although they don't understand it yet, power out of their hands, and they will become incompetent and fearful for their lives. The tables are about to be turned on them, and Crystal will be instrumental in this with the Germans and their friends. There is to be a complete power shift in the world, it is the END of the Rebellion and Default. And so all the power structures used to keep it going on Earth are to end, along with those who have been in control, losing that control.

And as we've told you, the first most significant and major move, which had to be done before anything else could happen, was the shutting down of these hidden players power source, which was their guiding, overseeing and controlling mind spirits. They had very tight knit groups in seclusion in certain walled-off (by using their minds), sectors of the mind Mansion Worlds in which they plotted their way through the centuries carrying out their Grand Plan. And most of the mind spirits who were onboard were people who themselves were instrumental elements in this plan when they were alive on Earth, so upon death, moving to carry on the 'good work'.

Yet we have closed down these spirit to mortal networks and direct communication links; although I should say, some of these communication lines we've stopped altogether, whereas others we are keeping open, yet we are the spirits now feeding the hidden earthly receivers the information we want them to have, so setting them up for their demise, unbeknownst to them.

And we have full rights to do such a thing because the Document, that is the Law of the Rebellion and Default, is being rewritten quite quickly currently, with the end result being that the Rebellion and Default are written completely out of it. However that is to come, and in the meantime so we can set about altering the very structure of life on Earth, which all hinges around depowering those who are in control behind the scenes.

So to conclude, it IS the END OF THE REBELLION and DEFAULT, and that is HUGE James, as you well know. Yet bigger than you still understand. And I know you can't fathom it just yet, or fully accept it because you are still of it and not as yet free of it, you still have more personal Healing to do, however it's all part of you ending the Rebellion and Default in yourself – you and Marion, which is also the ending of it in real life for the whole of Humanity. So humanity is to be unshackled from its hidden controllers who were in the spirit worlds, the instigators of it and the mind spirits who took over from them, also, each person can then independently think and so choose for themselves if they want to end it within themselves by doing their Healing, or keep it going. But either way, they are to be free to make their own choice and live it, without the ever-present insidious over-control from the hidden controllers. So we are working toward giving people that choice.

**Helen: The religions of today were created as a means of stopping Jesus' truth about longing for the Divine Love and what that does to the soul, and then any truth Mary M might have said about looking to our feelings for their truth, so as to keep the Rebellion in place. The religions pre-Jesus were designed by the Higher Evil Spirits who were controlling humanity to keep that control, focusing everything on the mind being in control rather than feelings, and then post-Jesus, they added more of the same yet with the added emphasis of using all he said, so taking it, corrupting it, and adapting it to their cause. And then throw in their contrived Islam, and you've more male domination and the subjugation of feelings – of the woman.**

Men will find that they actually enjoy being in the supportive role with women, because their women will help them live true to their feelings, which will make them feel better – James will tell you how much better he feels because of Marion’s input. Imagine a world in which there is no power motive, no money required to gain wealth or power because wealth and power mean nothing, everyone enjoying feeling-expression equality, everyone being free to readily express all they feel, and the truth that comes to everyone through their feelings being the determining law of the land. Men will adjust, as will women. Many women enjoy feeling they have power in the man’s world, and they will resist more tenaciously than many of the men, having to give up their positions of power and control.

However humanity is not destined to remain trapped within its rebellious state forever, it can’t stay that way continuously evolving it, because evil is self-destructive, so eventually humanity would destroy itself. And as that defeats the whole purpose of our evil experience, so we’re on the threshold of something having to give.

### **The GERMAN DELIMNA**

25 August 2017

Helen: The Germans are realising they are in a very tough place at present, it’s keeping them awake at night. They are very scared that they have sold Germany out, that the whole country is now owned by the Rothschilds through what they did with Milverton. They are dreading that you Crystal, or anyone else, should uncover something that will implicate them so deeply, that Germany will lose all chance of her ever retaining any freedom. And then by default, because of Germany, the same with all of the EU countries, that they’ve all been sold out without them even knowing. And the truth is, they have, however they don’t understand that yet, that they were taken over years ago by the hidden controllers.

And that’s what Milverton found out, and that’s what he’d like you to know Crystal. He spent a lot of his working life building a dossier on the hidden controllers. He did this to protect himself, should he ever need such protection, however he was more than a match for their ways and led them on quite a merry path. However at heart he understood that humanity would never be set free of its captors unless someone gained inside knowledge, and then found a way to distribute that knowledge. Yet his difficulty was: Who do you give such information to when so many people are corrupt and in one way or another, on the payroll of the hidden controllers?

Then a bright American lawyer (actually farming lass as Milverton got this wrong at first), and an attractive woman at that, came into his life through a financial investment he hijacked as part of a commission from his benefactors, not really his employers – the Rothschilds – who commissioned him to do a lot of work for them. And so he saw a way, that perhaps if he was to ensure she got such information, she in her naivety about such secretive matters, might just be able to do something with it; yet for her to do that, she would also need to have financial resources, hence he organised to ensure the ‘little people’ – yourself Crystal and those close to you – would be paid, thereby giving you the resources you would need to deal with what would need to be done.

And he couldn’t do it whilst he was still alive because the Rothschilds would not stand for that, and he’d soon be dead, however he preferred to go to his grave in God’s good time rather than at the hands of the hidden controllers.

And then he had to organise a way so you would receive such useful information without it being hijacked along the way, so the legal people he has instructed are having a devil of a time adhering to his complex instructions, however they understand that they’d better do it as he has requested or they will

be sued by others of their kind. So it's worked out that the hidden controllers can't actually get at the material and change it or just disappear it, so at some point it should come into your hands.

And now that you have felt your feelings empower you to act as you have these past days, so you will continue to feel such feelings leading you, for that is how it will be.

So now things are getting quite interesting. And so what about the Germans?

They are going to be delighted to see from what you help them to see, that there is a way out of the mess they got themselves into, for Milverton took care of that too. He understood what had been done for them, understood that for you to change the way of things Crystal, you'd need some major help, he didn't expect you to do it all by yourself. So why not team you up with the very people who, if anyone can, would be willing to take on what will need to be done, and willing to see it through. Because, as I said, their whole country's sovereignty is at stake, and they do deeply care about that. Unlike the British who are just a lot of callous, selfish, in it for themselves, couldn't actually care less about their country types, as Milverton knew only too well, and with only the Russians being the other people capable of dealing with such a task, yet Milverton feared them because they work behind the scenes with a take no prisoners attitude, and so what you don't do is make the Russians cross with you for you will pay dearly. And the Russians are too much of a wildcard, they might go either way, so he was better staying with the Germans hence offering them the contract of using the funds for the bale-out.

So even if the Germans don't make contact with you Crystal, when you have the Papers, and understand what is involved with them, you can make contact with them through Barbara.

So now it all hinges on these Papers – and so, are they real: do they actually exist, or is this just more pie in the sky?

And the answer to this is, if they don't exist, then nothing will be done about the status quo because there is no way to break the control of these hidden controllers. And if that's the case, then the world will wait until things are taken out of its hands by Mother nature (Pole Shift), however that is some time off yet; and even then, the hidden controllers will be prepared enough for such Earth changing events, hiding away and weathering the storms, emerging when it's over, to pick up where they left off with their controlling plans.

And so by that method nothing is really resolved, it's all just delayed, and you might as well throw the whole spiritual side of all we've been telling you out the window too, for then it means there is no end of the Rebellion and Default like we're saying, and any truth Marion and James might reveal will go into the dustbin of history upon their deaths without seeing the light of day.

And so, again, if what we say is all true and conceivable at least, then something will occur that will enable humanity itself to deal with and sort out its own problems, which means, the hidden controllers will be exposed for the control they have, with that control coming to an end.

So this is how it stands, and you might say, the 'bases are loaded', now we are awaiting that home run hit so as to see if everyone gets to come home.

Love Helen.

## EARTH CHANGES

Sunday, 26 May 2019

Verna, a Nature Spirit: I do understand, and as I've said all I want to say so far, let's move on. You want to talk more about the Earth changes?

James: Yes. I've been listening to a lot of different ideas about it on YouTube, some people saying the latest Big One about 12,000 – 13,000 years ago coming about because of meteorite impacts, others saying it resulted from a reoccurring micronova from the sun, others saying it's because of the galactic wave impact which is possibly related to the micronova, others saying it's from within the Earth itself, some saying it's a very predicable cycle and linked in with the Pole Shifts or even causing them or they being part of it, some saying it's just a one off, yet with such one offs happening periodically to the Earth. And I'm not going to ask you which is it, because I think I know your answer, however I want to talk more about it with you concerning specification and how that comes about. The last Shift saw the loss of many species, in particular the mega fauna, which seems to have happened only at certain times and possibly not with every cataclysmic Pole Shift, which makes me think perhaps not each Shift is as bad as the other. Certainly they are all bad compared to how the World currently is, but not always as cataclysmic enough to cause the loss of so many species and the wholesale destruction of human civilisation that has obviously happened at other times. So how does it all work; can you please shed more light on that for me Verna?

Verna: There is a cyclic Pole Shift caused by various factors, internally from within the Earth and externally from the Sun and in relationship to the whole Local Universe, all of which has varying impacts upon the surface and inner Earth, and including the make up of the outer forces surrounding the Earth. For example, a satellite in orbit currently around the Earth might not be able to remain in orbit or remain functional in orbit after the next Pole Shift, it depending on many factors that would influence the upper atmosphere and levels of space of closer proximity to Earth. (Notwithstanding its destruction during the Shift anyway.) So what existed in one age, the varying frequencies on all levels that might affect the Earth and influence the impact of the sun's light, might not exist in another age, and as to how much it might change, if it does at all, varies between ages. And the same happens on the physical Earth, and in the whole solar system, and on all the other planets, so there are a lot more factors for your scientists to study.

What I am leading to in answer to your question is, there are two levels continuously affecting the Earth and humanity and all life on the planet: The physical levels, and the deeper underlying and determining spiritual levels. The natural physical world is evolved (created) to respond to all the higher spiritual influences and so frequencies of light that govern its evolution, including the evolution of life on the world and humanity's personal evolution.

So certain spiritual influences are present when life begins on the world, those influences affecting the Life Plasm brought to the world by the Life Carriers as you've read about in The Urantia Book (TUB).

So a world is designed to carry and support the natural life in accordance with the eventual needs of the humanity that is to reside upon it. And once the humanity begins to express itself, then that world continues its spiritual evolution and related physical evolution to enable the humanity to grow and develop as required. And in the case of Earth, to include and support the unloving and negative influences of the Rebellion and Default.

So at various points there are what we call confluences of specification which are enabled by the Pole Shift or meteor impact or times of other severe light, waves, of varying sorts that come from the deeper levels of the Universe. So when all of these factors coincide, we nature spirits, knowing in advance

what to expect, plan for the extinction of certain species and the materialisation of other ones. And sometimes we do literally instantly materialise a new species, or many, all readily expressing certain potential inherent within them, and at other times we evolve new species into being, and sometimes we do both together. So there's not just one way of how a new specie comes into being, however there are times when it's more conducive for us to act, with the last Pole Shift being a major confluence of such factors, so you saw the all but instantaneous end to many species and the emergence of others. But as you've deduced, that doesn't happen with each Pole Shift, and mostly there are many Shifts between such large changes of specie evolution, with one such big one being the impact of the meteor that killed many of the dinosaurs and the Pole Shifts around that time too.

The main thing I want you to see James, is that the species that have lived and will live on the world are **SOLELY FOR HUMANITY**, even those that have lived many millions of years ago. They have all been part of the world, all affecting in different ways, humanity during its different ages, between its spiritual ages and physical Pole Shift events.

Which brings me to another point, that the spiritual influences (ages) can cover many physical Pole Shifts, with the last Shift wiping out most of the spiritual ways of the previous age and starting a new age this Pole Shift age which began with the primitive people's religions and spiritual beliefs, up to and including Mary and Jesus and all that's resulted from them, and now starting to include all that you and Marion are introducing, and possibly moving into the next major Spiritual Age – the Avonal Age. However, as to whether or not the beginning of that Age is to be preceded by another Pole Shift, or begins with the Shift, or if a Shift is to come once the Age has officially started or at the end of it, I can't say, that's to be revealed to you at a later date.

We nature spirits are the sole coordinators of the physical specification of the world. Species don't come and go or continue to exist without our say so. We are the 'spirits of nature'. So because **nature itself is unlike you, it not having an actual spiritual life or spirit body in which it continues to live in and advance once it dies**, so we play that role for all the creatures and plants. In a crude way you could say we nature spirits are the spiritual template for the natural world. And we even oversee the construction and destruction of the minerals in the Earth that comprise the rocks you are familiar with. We oversee the natural oil production within each Pole Shift age, together with how many diamonds and the amount of gold for example is to be made available to you, and all the rest. We coordinate it all in accordance with the dictates of the Life Carriers and higher overseeing angels. So all you have in the natural realm for each Pole Shift age, all you need to help you explore and express yourselves on all the levels as determined by the spiritual requirements of your soul, we provide for you together with our angelic helpers.

So we ensure those species survive the Shifts and to what degree, just as we provide the ending of the species and the bringing into being of new ones, and really on the most personal level, in a way we determine when a plant or animal dies and when another is born, however it's not that we attend personally to each and every life form in the natural world, however on a spiritual level we do, if that makes sense.

And we do by ensuring we adhere to the various higher spiritual Laws that are in place, and when we do, so everything works according to plan. And then because of the disruption of the normal order of things because of the Rebellion and Default, we have been called upon to make other unforeseen changes, and still are making them.

**Humanity is currently making a right mess of the world, you are killing off just as many species as are naturally ending at this time, and mostly you don't give a shit about it.** You are so disconnected

with nature, you believe you love it because you plant a tree in your garden, however for the most part, even including the primitive and more closer to Earth people, you don't understand anything about it or your true relationship with it. And how can you when you hardly understand anything about yourselves! For the most part you don't even understand that you're in rebellion, that all of your religions and spiritual systems and ways of life are rebellious and working against nature.

You believe people like your Australian Aborigines were more in touch with nature because they didn't seemingly destroy it as much as the white man invaders have done, however they weren't, not spiritually speaking. They hunted and gathered and did a minimal amount of farming, but they still didn't understand about our connection with the World, they didn't personally interact with us, they developed their own wayward spiritual beliefs and ceremonies all designed to keep them fully entrenched within the Rebellion in a more primitive way, and it was all still wrong by higher spiritual standards. So the aboriginal culture had to go, just as in the end so will the white man culture, as people of all races who do their Healing and who do work more closely with us nature spirits will end up doing. But that's still some way off and there's a lot of spiritual awareness awakening that needs to happen first.

So in one way it seems like the aborigines were closer to nature and the natural world, which they were in their more primitiveness, whereas they weren't in a spiritual sense. And this confuses a lot of people, attributing more spiritualness to them than should be, as their beliefs are no more or worse than any others that are rebellious. And so shouldn't be held in higher regard. They can of course be appreciated like all spiritual and religious beliefs for being an expression of truth-denial and the Rebellion, should one want to appreciate such wayward beliefs, however that's not where you are focused James.

And the thing about bringing new species into being, we construct environmental scenarios in our plane that simulate how we intend such species coming into being and interacting with other species on Earth. And we do all of this within the pattern given or afforded to us by the Life Carriers. So we are the ones who actually construct the 'look' of the new specie, as it complies with the intentions of the Life Carriers. Nothing is willy-nilly, everything has a specific purpose and many niches to fulfil, even if the specie itself has little to do directly with humanity; yet indirectly it being part of the overall natural ecosystem of Earth, it does. And in our 'preparation of species' we factor into them the genetic variation that humanity can potentially work with, all of which is designed to provide you with the experiences people require.

And how we actually materialise the potential specie in our plane and then materialise it on Earth, should it be one that's to instantaneously come into being, is done with the help of our angelic advisors, as we nature spirits can't actually create or de-create anything, that being what the angels do. So we design the specie in accordance with the plans we've been given; and then also in accordance with our angelic supervisors and when we are ready to have it in existence, first within our Earth plane (third Earth plane) and next actually on Earth, the angels do it.

We have a vast section or sub-plane if you like within our Earth plane in which we can simulate new species either within the world as it exists or within the world as we predict it might be post Pole Shift or whenever the next major specification event is due to happen. And you see, we have thousands, even hundreds of thousands of years in some instances, to work with these new species, with many of our number being solely responsible for such specification and they having little to nothing to do with humans either on Earth or in spirit.

So these areas are what we affectionately call our 'labs', the laboratories in which we undertake specification. We have seven such major sub-planes within our Earth plane that surrounds your physical world, and four of these sub-planes are given over exclusively to the 'development' of species. And I

say development like that because it's all done with light, not as you might imagine. We don't, for example, set out building a new specie from the DNA upwards, cell by cell and so on to what sort of feathers and their colours the new bird might have. We do it all with light, and were you to come into our planes and look at how it all works you'd not be able to relate to it as we do. We can see you as you see the world and as you see yourselves, and we can see the world and yourselves as we nature spirits see it and yourselves, that being how angels see. And that is in light, and with light, and it's very hard for us to describe what that actually means because you are not a nature spirit or angel. And as you can vaguely see or imagine seeing auras for example, and sensing them around all living creatures and even inanimate rock, so far as what we see as what we'd call the aura is hundreds to thousands more times more intense and deeper than you'd ever be able to see. And this 'universe of light' is really how we have our being, by our coming and relating to you James and looking at how you see the world is very different for us, it's interesting, but it's nothing compared to the beauty and colour and light we constantly live in. However, each to their own, and although you mortal souls are slow on the uptake say in this area, by the time you attain Paradise you'll be able to soul-perceive such light like we can, so you'll get there in the end.

James: That's reassuring to know Verna. So we seem a bit dim to you nature spirits?

Verna: That's an understatement! James, you were amazed at viewing under crossed polar light the minerals in the common stones you were looking at in the thin sections during your geology course at university, you were in awe of the hidden beauty, well that beauty is a micro amount of the beauty of light we see, exist in, have our being in, and are of ourselves. So we see specification like some sort of amazing computer simulation you might be able to imagine, and yet for us it's not in a computer as such, it's all very real, the as yet unrealised or unearthed species are very real, they are in existence although not physically so, nor are they actually alive and so won't die, yet for us it's like our 'living imagination' if I can put it like that.

So we control the specification of Earth, and until you understand that, your scientists and religious thinkers will keep coming up with all sorts of explanations about how it's done, none of which will be anywhere near the truth.

And the other thing you might like to know when you ponder the amazing complexity of species, they themselves and their interaction with all other species, is this sort of thing, dealing with the complexities of such interactions, is our and the angels' speciality, it's nothing for us to design and work within them. Holding the whole complex nature of the physical Earth and its relationship with the spiritual realities is nothing, we can see it in our minds, work directly with it and within it, it's effortless. You wonder how can a bird know to migrate along the chosen path it does, how can it follow the magnetic lines aligning itself with the stars in the night sky, and yet keep going even when cloudy, unerringly homing in on its other home on the other side of the world? And yet for us that's nothing, to get creatures to do anything we want them to do is effortless. All the creature world of Earth is immediately responsive to us nature spirits, we're more evolved than it is, so we can make it do whatever we like, as can the angels, and in a way, should they need to, make us nature spirits do whatever they want. And we do, only we're more independent of mind, the next step on or up from animals and plants of the physical world.

And some other points I want to add: We nature spirits of Earth are ONLY nature spirits of Earth, and so ONLY concern ourselves with species of Earth. There are other angels, and the Life Carriers of course,

who are concerned with other earths and the life on them and the overall synthesis of life within the Local Universe and the localised areas of it. So for such far reaching angels, and Sons and Daughters of God as are the Life Carriers, they view the whole of Nebadon as one large natural organism of life with each of the earth worlds expressing different aspects of Nebadon's 'personality', which really is the personality of the soul of Mary and Jesus combined with the Divine Minister.

So you can see, the Earth is a whole universe within itself, just as it's part of the Greater Universe. And then added to the material or physical universe, are all the spiritual levels with all their minerals, plants and animals of spirit origin.

And basically I think you'd have to be Finaliter to be able to comprehend more fully the enormity of it all and how one small material world like the Earth fits into and contributes to the whole.

**Finaliter**

So I think that should provide you with a little more insight into how we nature spirits are so far as some of our relationship to your natural world. But as I said, I can't reveal to you how the next Shift or major change will take place, but as you can already see for yourselves, there's already a huge reduction in species taking place. And so, why should this be happening? And part of the answer is of course for you to help see how much devastation and destruction you are reaping on your world because of your persistence with your rebellious and anti-love ways, and part is in preparation for the next overall spiritual age that is to come on your world, with the Avonal Age being part of that, or within that.

James: Yes, I see what you're saying Verna. It's a lot to think about, and really as we have no idea about any of it, I suppose it's how each of us individually reacts to it all through our feelings.

Verna: It is James, as there is nothing else you can do. And as things are setting themselves up for a massive spiritual change, for a vast influx of truths to saturate the world with The New Way, something humanity has no idea about yet could be likened to having a bucket of cold water suddenly poured all over it, so the loss of species on the world will end up being the least of many people's concerns as they struggle do deal with assimilating all the new spiritual information. As John D. delights in thinking, what's a few hundred pages of mostly inaccurate rubbish contained within the Bible, compared to thousands of pages containing very liveable and important life-changing truths you are revealing. It's going to take time to assimilate it all, and it will be simply too much for most people, however small bits and pieces can be addressed as you continue to shed light on such subjects for those people who really are spiritually keen.

**THE TRUTH REVEALERS**

James: And you've just added more pages Verna!

**REVEALER**

Verna: It can't be helped James, it's what you are, yours and Marion's soul is a Revealer, so all those spirits, angels and nature spirits aligned with you, are all for the purpose of helping you with that revelation. And being Avonals and coming up through the dross, you are free to reveal a copious amount of insight, understanding and fresh truth. All of which John D. can take and do what he likes with – eh John... keeping you awake a little at night are you... no, not at all as you have to keep having your spirit system adjusted at night to cope with your dealings with James.

James: Well thank you again Verna, I need a rest now.

Verna: It's my pleasure James. Plenty more from where this all came from, should you feel the need to ask.

James: Yeah, I'll bear that in mind.

Verna: And so to end, let me leave you with this little bit: Once the door swings open, it's going to open very wide. So until then my dear one, keep expressing and paying attention to your feelings; keep longing for the truth, and keep feeling as demented as you can. Goodbye – Verna of Nature Spirit Land.

**PARADISE HOUSE**

What is it?

Monday, 27 May 2019

I, James, see it as a place where people are doing their Healing. Any place where people are wanting to learn about their Healing and all that's involved with The New Way.

It can be one person's private house to a place in which groups of any size meet to pray for the Divine Love; long for the Truth and come to understand all that the Avonal Revelation is about. Including, should people be able to do it, rooms set aside for personal or group counselling focused on Feelings First, helping each other to do their Feeling- and Soul-Healing.

Paradise is the Heart of Creation, the home of our Heavenly Mother and Father, the wellspring of all Love and Truth.

So is our own heart, the 'heart and soul' of our creation, the home of our Love and Truth, it being the full personal expression of the personality of our soul that we are. Our body, as so many people see it, being the 'house', so the Paradise House, of our soul.

So to put people within the material structure, I wanted to call those places [Paradise Houses](#), people's homes or places where we can share our feelings as we long to ascend in Truth to Paradise.

So within one's Paradise House, the physical structure, one can express one's own 'paradise house' – one's own heart, wanting to be with the Mother and Father on Paradise and connected to Their Heart – Their Paradise House.

I dislike these words (I don't hate the words themselves) because of all the connotations they stand for in our distorted truth-denying ways: Church, Temple, Holy Shrine, Mosque, etc. So I wanted another way to express the love of longing for Paradise that we all have innately within our own hearts coming from our soul. Paradise House is really a place of living with and receiving the Divine Love; a place of worshipping and loving our Heavenly Parents; a place of expressing the Truth one is evolving and growing into; a place to long for the Truth whilst expressing one's feelings – a place in which to do one's Healing.

So we all have our own personal and private paradise house – our physical body and spirit body, just as we can build and create outside of us, Paradise Houses, as in our own home or larger structures where groups of people meet.

It's just a name I came up with that I would like to call such a place that I loved to go to being with other people who are living The New Way and doing their Healing. A place, perhaps, where ultimately people doing their Healing can gather living within a Sanctuary. A place in which Celestials can call their home. A place that ultimately is the forerunner of the Morontia Temple. The Morontia Temple being the ultimate Paradise House on Earth. (The Morontia Temple, according to The Urantia Book, is to descend from the first Celestial sphere onto Earth far in the future in the first age of Light and Life.)

I see a Sanctuary as being overall a 'Paradise House', as well as possibly within a Sanctuary there being a specific Paradise House; or it's just the heart of the Sanctuary, like the common living area where most people gather a lot of the time; or a specific room where people can go to pray for the Divine Love, like a meditation / prayer room.

It's not a strict thing, it's just something I like to imagine; and I thought if one needed a name to call one's 'church' or 'house of prayer' then Paradise House might suffice.

**KHAZARIAN HIDDEN CONTROLLERS**

Sunday, 27 August 2017

James: I've read of a debt default, and a debt jubilee where everyone gets let off the hook, which I find a bit too benevolent for the powers that be, and I've read of lots of other things that might happen, and the only conclusion all the authors come to is that there is too much debt and at some point that has to end, yet why not just keep kicking the can down the road making more debt – I mean, if they can just keep printing money – who cares? I don't understand the economics of it all, but do understand the little people are being milked through debt, and I can't believe how many people want to load up on it, it scares the shit out of me. And if the fund structure that SI is, is so good at generating money, why don't these hidden controllers have many such funds just for themselves? Or why don't they just print themselves all the money they want, give themselves all the gold, why even have the world economy as it is, why not just step in and take the whole lot over and be done with it, why do they need this messiah person to come and take them into Paradise, why not just get rid of all the excess people and get on with it?

Helen: They have been told by their higher spirit guides, their mind spirit controllers, how it is to be, which means, the more people the better, because then there are more people they can control. The mind spirits need their numbers to be continuously topped up because there is a continual substantial drain on them. And I can read your mind James, I know, it is mad and does sound mad to you, but they are completely unaware of where these spirits go to who seem to leave the mind worlds and disappear, even though other spirits, and some of the very spirits who've left, come back and tell them of the Healing Mansion Worlds suggesting it would be good for them to leave the mind worlds as well. But they are so entrenched in their power, so wrapped up in their need for it, that they can't let their plans go for how they see humanity on Earth and the masses coming over into the mind worlds to replace those leaving them to do their Healing, and to build up Paradise in the mind worlds.

And they have been told that it will all only end when the messiah – their Chosen One – comes to change the way of things. So they keep going making the world economy bigger and bigger, developing ways to give themselves more money, and in such ways that no one questions their actions or even sees them. So they loan money to their own financial institutions, who then have to pay it back by extracting it out of the masses.

And so there would be no point in getting rid of the masses and just living with their own and a few slaves, because then what would they do without their Chosen One who will change them into being the true and perfect beings they believe they are to become, all so they will happily live in the Promised Land? So to go ahead before their Chosen One arrives, they'd be bored and turn on each other, because all they know to do is rip off the masses and carry out their evil ways.

So as long as they can get away with it, which means, provided all the major economies don't just fall in a heap under the weight of all the debt, which will eventually happen because there is no money left to suck out of anyone, they will keep going as they are.

And they love the challenges of keeping it all going. There are always new factions forming, groups that have to be sorted out and brought in under the umbrella of their greater control, individuals and groups that need to be got rid of because they might challenge them.

James: So their control is a sort of, albeit, distorted spiritual control?

Helen: It's all a spiritual control because that's the only thing anyone lives for. People with such wealth and power so readily at their disposal, soon get bored with it, and need a reason, a goal, something to

live for, something to pass onto their children, a cause, a future they believe will be better and worth striving for. And so that is spiritual, or what they think is spiritual, which is nothing of the sort really.

But they believe, because the Evil Ones told them, that the real Second Coming is all about the return of their Chosen One, it not being Jesus, but their messiah. They believe they are the Chosen people, and it's not just the Jews or Zionists, but the real Chosen Ones, with their Chosen Leader, who would have been Daligastia, returning to claim the physical mortal throne on Earth, there to live forevermore with all his Chosen acolytes who will never die, never having to be reincarnated ever again, living on in flesh in their eternal physical paradise. They believe they will be saved from the curse of death, will be physically rejuvenated so as to be always in their prime. And they will effectively be a new race of people, the ultimate and last race, and so will need to propagate like mad to repopulate the world, so sex will be on tap and they will be seen as the gods living amongst their slave workers, those lesser humans that were not Chosen for such elevated existence.

So they believe it's all going to happen, and partly by their making, partly by the making of their Chosen One, and they love the fact that he is called the Anti-christ, because he is going to do away with all the Christians, and every other religion.

James: So these people are the ones that do child sacrifice – is there any truth to all that which I read about, do people really do that sort of thing?

Helen: Some of them do, there are a few small sects who worship Satan trying to gain favour in their distorted minds, but mostly it's just for amusement by these hidden controllers to organise such goings on so as to use them for blackmailing and controlling purposes, rather than for any real spiritual or religious significance. It is part of the shock and awe tactics, along with providing underage children as sex-slaves, no questions asked, all the most heinous rotten stuff you can imagine, it all goes on, but as I said, mostly for these hidden controllers to maintain their control.

James: Okay Helen, so these people believe their Chosen Messiah is coming back, not Jesus but this other one. And I can see what you say that they will be changed, sort of elevated into a higher dimension, that being how they'd be in the mind worlds, so they believe without understanding what they believe, that the mind worlds are going to manifest for them on Earth, so they could live in their exalted enlightened mind states, being gods of their mind, and have dominion over the ignorant natives who'll do all their manual work for them. So they'll be the high priests, just like those of the Atlantean times, so it's the same thread woven through history, with each successive age hoping to become the Chosen Ones with their Chosen leader, which is I guess about all the Daligastias and Caligastias could do, once they rebelled and the Daligastias had to leave the Earth. So did they believe they would come back, or was that all bullshit just to string along the mortals who wanted to believe they were the Chosen Ones?

Helen: The Evil Ones, believed they'd be able to work out some way of getting around the problem of the Daligastias not being allowed to materialise again on the world. So they kept telling their Chosen Ones on Earth, that time would come when their World, Spiritual and Chosen Leader, would once again, manifest amongst them. So it was all crafted into Revelation and the other religions, that at some point this Chosen One would descend out of the ether, once again to rule on Earth in material form. And yes, it's the same theme the Evil Ones have worked on the humanity of that time over and over, for what else could they have done? They wanted their chosen ones on Earth to look up to them, to follow them, to pray and worship and pay homage to them, so they had to keep their hope up that one day their followers will be rewarded, and you can see it through all the mythology of Earth, right the way back to the beginning of the Rebellion. Only the trouble was, there are cataclysmic events periodically that

destroy nearly everyone on Earth, and so as each civilisation ended, so was a new ‘race’ of Chosen Ones selected to be the prime subjects of control for the next age. So it came out of the original Jewish races, or what became the Jews, this time around, and then with Jesus and Mary coming and putting a major spanner in the works by removing the Lucifers and Satans, leaving it all in the hands of the Caligastias and Daligastias (C&D). So C&D worked all the Christian stuff into it, even with Jesus returning to do away with the Anti-christ, their Messiah, just to suck in all the Christians making them think they are on the winning side, then introducing Islam to spice it all up and have the natural foe to fight against, and you have **the Eastern mind controlling Buddhists doing their bit from long ago, which was a remnant surviving from the Atlantean age**, along with the other primitive and spiritual systems of belief, and now it’s all coming to a head for we are arriving at the end of the next Earth age, with The Change, the next cataclysmic event not far away in Earth’s natural time, so now is the time for their Chosen Messiah as the ‘vibration’ is right, it being increased because of the arriving climax to the physical age, with their beloved Chosen One to take them through into the next physical age, helping them survive the Great Upheavals, all so they can start their Golden Age.

However what they fail to understand is, this is all very well, but there is no C&D anymore. They have been dealt with, they are in spirit prison. So there is no Chosen One who is going to manifest on the world, there is no coming Messiah, Great World Leader who is going to change them into their new higher status of being and protect them from The Earth Changes.

They don’t understand, it’s OVER. The Rebellion and Default is coming to an end. It has even ended on certain technical levels, with its full end very near now. So they are going to be left high and dry, and that realisation is actually starting to sink into them, because of our shutting off their connection with their belief- and fantasy-sustaining mind spirits.

So they are going to realise, which is also happening, as it’s always been part of the back up plan, that they will have to do it all themselves, so ‘invent’ their own Chosen One, and bring upon the End Times, and hope that through it somehow they come out of it the all-powerful ones, able to live in the Promised Land of the next age.

And I know it’s all very involved, and I can see you still don’t believe all I’ve said, or understand it that well, but Crystal is going to help bring about the realisation for them a lot sooner than they think. She will start the ball rolling, their control tumbling, and they will then desperately have to try and keep their control and bring about their End Time plans, all of which will sort of come off, yet also fail, and end up being a real mess, and nothing like they planned it to be.

And into all of that upheaval, will be your (James) work and the truths you are revealing, which is all in preparation for the real next Spiritual Age, that which will take the people through The Change, on into the thousand years of peace, peace because they won’t be interfered with by the hidden controllers who will by then have ceased to exist.

## Law of Compensation

A few other details that might help you understand James. It’s mainly a bloodline thing, so there are the main controlling families involved, all of whom are sworn to secrecy, and if someone leaves and speaks out about it all, they are instantly killed, so that threat more or less keeps everyone in line. And most of the people love their secretive, hidden, all-powerful, rich-beyond-belief lives, so don’t want to leave or rock the boat, and are doing all they can to maintain their hidden controlling way.

The HOUSE Of  
ROTHSCHILD

Then the women in these families are the main controllers, although the men secretly believe they are Chosen Ones, and they will choose the women to be with them when the time comes, and that is in total, or to be in total when the time comes, when their Messiah announces himself to the world, 144,000 of them who are to be the gods on Earth, just like you've heard stories of those Atlantean priests who survived the cataclysmic upheavals who knew certain mysteries and who so greatly impressed the impressionable natives of the lands they arrived at.

And you could call them the Illuminati, as that suggests their higher spiritual status, which is in their own eyes, mind you, however it's more than that, more secretive, and only really a very small inner group that wield all the power and see to the vision, with the next level carrying out their instructions and running their power organisations in the world. Then there is a secretive, what might be likened to a police / intelligence force, who do all the dirty work that needs to be done, so conducting the secret rituals, killing people, setting people up, blackmail, sexual abuse, child trafficking, working all the illegal sources of income around the world, special missions, controlling all the drugs, armaments, gold and so on – all the usual stuff you read about.

And they are heavily Khazarian Jews, that being the roots of it all and from who the original Chosen Ones were selected, however there are others involved too, of all religions, although none of them have any specific religion adherence.

And I understand James that you feel confused about it all, but it does all exist, more or less along the lines of what I've portrayed. You'd have to come and see it all for yourself, because they are so secretive that even those involved don't all know each other, it's almost as much of a mystery to them as it is for you. They are given instructions to carry out for their benefit, and along it rolls, with a few main people of any one generation and time actually calling all the shots.

So you can see a lot of parallels with what you are doing and what we've told you about how we are and what we're doing. So basically we are mirroring them in a lot of ways, they being of the old and rebellious way, we of the new and true way.

James: So why don't these hidden controllers just set up lots of SI (Solid Investment) funds for themselves?

Helen: There's no need James. They are not just interested in making money, they have all the money they could ever possibly imagine. They are only interested in control, and went along with SI's formation as just another means to suck in the little people and extract more from them. The masses are allowed to have enough to survive, and to live under the illusion that they are getting wealthier, although there always seems to be set backs; and then when it became apparent that the SI funds were working too well, and were going to empower a lot of people with a lot of money, so they stepped in and had the whole lot 'stolen'. And they set up the Kwok family (Kwok brothers and their mother of Hong Kong) to take it, then asked Baron Milverton II to get it back off them, knowing he would take out the Kwok family who needed to be taken down a lot of pegs, and he then came up with the bright idea of loaning it out, and the rest you know.

The Lord (Milverton II) hated the hidden controllers because he was so envious of them. However he knew he couldn't compete with them, so worked to use them for his own ends, which they knew too, and so they suited each other, using each other.

James: So Jesus coming in the Bible is all bullshit, so far as these people are concerned?

Helen: Yes. They know he's not coming, or if he is, why would he do anything other than what he did when he first came. And as he was rather ineffectual then, and could be so easily removed, even if he did reappear, they'd just get rid of him again. No, that part in the Bible is to keep the Christians believing their beloved master will come back. There is no better way of controlling people than through mass religion. And you can't have all the religions getting along well together, so have them at odds with each other, even on the edge of warring or warring and then you've got even greater control. It's all about control James, how to control, how to keep the control you've got, how to gain more control. So it's playing one side off against the other. So they create the wars, finance both sides, have them play one side off against the each, top up their coffers, kill those people off they don't want, play the poor Jew record to empower the Jews and have everyone end up hating them even more than they already do, and on it goes, with the world as it is because of their controlling ways.

Revelation of the Bible is not their Revelation as their religious or spiritual texts are hidden and very secretive, full of cryptic symbology that one needs to be heavily schooled into understanding. And it's all about what I've told you, their Chosen Messiah coming and uplifting the Chosen to a higher level of being, not unlike all the New Age rubbish about the Lightworkers being uplifted to a fifth dimensional vibration so they too can exist on the New Earth. Same sort of stuff as it's all coming from the mind spirits, only the hidden controllers believe a real, actual person will come and uplift them, whereas the New Agers believe they can do it themselves in their own minds with the mysterious help of masses of highly advanced aliens and Ascended Masters returning to save the world.

James: So the idea is presumably to have the Third World War to do in the masses once and for all, so their Chosen One will come, or their man-made one can take the world throne making us all bow down and worship him?

Helen: Yes, that's the idea, only not so much a nuclear war, because that would be too devastating for all involved, so a very limited one, but massive conventional wars that drastically reduce the world population so as to bring on the new age and new world. There are too many wealthy Chinese and Indians coming up, so they need to be reduced in number and wealth, and there are just too many of them anyway, too many dirty Africans and hot-headed South Americans, too many people crowding into Europe, so numbers need to be reduced.

James: It's all so unfeeling.

Helen: Of course it is, it's unloving, that's what the Rebellion is all about: the denial of love. These people only care about themselves, and they need the physical world to live on as they can't understand life after death; and even if they do, they believe they'll have to fit in with all the zillions of people already over there as spirits, so they want the Earth and to live lives of luxury and beauty on an Earth of their making. They are quite happy to leave great amounts of it to regrow the forests and for the oceans to purify, and they live in their isolated island paradises, but first they have to see if their Chosen Leader is actually going to come and help them to carry out such plans.

James: So do they have an end time as to when to give up on him? It's the same as me and my Healing, always bloody waiting, waiting for the end.

Helen: Nothing specific, however they believe they will be told through their spirit contacts or see the signs in the heavens. Something will happen, and if it doesn't by the time the new great cataclysmic changes start (Pole Shift), so then they'll know it's not going to happen. And they are reckoning that time is about now, because humanity is getting too big to handle and so something more urgent needs to be done.

James: Alright Helen, thank you again, and it's a matter of stay tuned for the next exciting instalment of: What's happening behind the scenes!

Helen: I'll speak to you soon James. Bye now.

## HIDDEN CONTROLLERS

Wednesday, 30 August 2017

James: Helen, can I ask you, from what I've read over the years, are there people and organisations trying to overcome or battle with the hidden controllers?

Helen: Yes there are, and have always been. However they have been isolated and mostly don't understand the enormity of the control the hidden controllers wield. So these resistance groups have not been very effective in penetrating the defences of the hidden controllers. Yet that is changing. The Internet is providing more information and ways to communicate, and is getting other people thinking that there might be something to the said conspiracy theories. So there is a growing groundswell, if you like, against them. And some of these people and their organisations are beginning to see they are able to make some headway in gaining power against these hidden controllers, it all being part of the changes that are happening.

And many of the hidden controllers, arch-controllers are getting on in years now. They won't see out another ten years, these being men and their families who came to power through or just after WWII and who've ridden the wave of technology and wealth and gain and power, including this latest boom since 2008, with all the money printing being legalised and giving them virtually unlimited wealth and even more power. However they are of a certain way, like the old guard you could say, and they are passing on, and the newer replacements are not made of the same stern metal because they were reared in a softer way. So it's like all dynasties of power, it all rolls over from a peak, that which we're at now.

And so of course, we Celestials are capitalising on that. We are their greatest enemy and they can't fight us, can't even see us, and certainly can't prevent our meddling in their affairs, and even to an increasing extent, in their minds.

And we are increasing in number, we have a constant flow of newly arriving Celestials who are going to work in helping to change the course of humanity, so end the tyranny of the hidden controllers, balancing out things more equitably for everyone. And the hidden controllers are finding it increasingly difficult to recruit people as dedicated as they are to do their dirty work. There are no lack of willing recruits, however many are fickle and are even likely to change sides should the going get tough. The world is now getting too big with too many new ideas to keep abreast of, so things are slipping out of their control a little and will continue to do so more.

The thing about this topic James, is that when Crystal and the Germans start their work, all the cracks will be in place to start bringing down the whole edifice. The stresses and strains are even now mounting, and no amount of money or control is going to stop them. Humanity must push on, and as it can no longer go in the way of the Rebellion and Default, so it must go the other way, a way as yet unknown to it, yet that is the way the whole house of cards is going to fall. And when the time is right, we're going to give it the good shove it needs to send it on its way.

I hope that helps you James. I'll go as I know you are tired, and speak to you soon. Love Helen.

**Desertification:**

1. Desertification – the creation of deserts – Earth's land mass is currently about 50% desert.
2. Each year desertification is growing by about the size of the state of Pennsylvania (120,000 square kilometres – 31,000 square miles).
3. The largest desert, the Sahara, is man made – it once had abundant plant life and trees...which were all cut down.
4. People are working on “the greening of the deserts”.
5. Some of the most depleted soil is in the central “bread-basket” states of the USA – the only corn etc that will grow is “Round-up Ready” plus the liberal application of ammonia-based fertilisers.

**The Movement of Water:**

1. The impossible logistics of moving melt water from the ice sheets in Greenland to the small country of Sierra Leone off the west coast of Africa. Population 7.5 million people.
2. It would take 83 super-tankers working continuously for an entire year to supply enough water for 7.5 million people who on average use 20 gallons (76 litres) of water per day.
3. The ice sheets in Greenland contain 127 times the volume of water as the entire Great Lakes in the USA.
4. From 1996 to 2005 (10 years) 1,500 cubic kilometres of water came off the Greenland ice-sheets into the ocean. Equivalent to 0.05% of the total ice-sheets in Greenland or about 1/15<sup>th</sup> the amount of water in the Great Lakes (between Canada and USA).
5. The “ice caps” are growing “vertically” every year.
6. The amount of water in the atmosphere is about 6 times the volume of water in the Great Lakes or the amount of water in the Greenland ice-sheets is about 4 times the water in the atmosphere.
7. The amount of water melting off of Greenland is about 0.2% of the water in the atmosphere. A small amount. And about 40% of this melt water evaporates back into the atmosphere.
8. Most of the evaporated water ends up at the Poles, as snow, part of the hydrological cycle – the movement of water from the equator to the north and south poles – but nobody talks about that!

**The Political Agenda:**

1. Only politicians that “push climate change” get in. Except Trump...told the world that the Paris Accord on Climate Change was bullshit!
2. China and India are allowed to pollute the atmosphere unchecked. China is building a new coal burning power station EVERY DAY!
3. There are cities in China with 300,000,000 people.
4. The pollution is so bad people can't breathe. The top 10 most polluted cities are in India and China.
5. Every Power-Plant belches heat into the atmosphere...only 20% of the energy is converted to electricity – the other 80% goes into the atmosphere as heat EVERY DAY.
6. There is NO greenhouse effect – thoroughly disproven.
7. The heat going into the atmosphere GOES UP. It leaves the atmosphere every day.
8. Climate Change is Climate Fear Porn being sold to the population by idiot science.
9. The result – CONTROL – and all forms of taxation and FEAR.
10. “Only 12 years left” and we're all going to die – GARBAGE SCIENCE.

11. The Earth is NOT a greenhouse.
12. Carbon Dioxide does not create a glasshouse effect – glass creates a glasshouse effect!
13. The carbon dioxide content of the Earth's atmosphere is only 0.04%
14. Imagine 10,000 white golf balls on a table and ONE black ball – that's the amount of carbon dioxide in the atmosphere. Raising the amount of CO<sup>2</sup> on Earth does diddly squat.
15. About 79% nitrogen and 21% oxygen makes up Earth's atmosphere.
16. We need MORE carbon dioxide to ENRICH the growth of plants and trees – they DOUBLE the amount of carbon dioxide in REAL glasshouses to promote the growth of plants and hydroponics.
17. The “people” (we know who you are) who control the oil also control the WATER and the climate change narrative.
18. In the USA kids are being “taught” in school that you won't exist in 12 years time because of Global Climate Change...more Garbage Science!
19. It's part of the New World Order to target the youth – create The Hunger Games.
20. The World Controllers are BAAL worshippers...another religion created by Lucifer.
21. Allan Savory is a Zimbabwean ecologist who teaches communities how to build soil health and restore degraded soil.
22. Earth is coming out of an ice age – it is a natural process and the warming we are seeing is part of this process. Only a few thousand years ago there were ice sheets (glaciers) in the Rocky Mountains and also in European mountain ranges.
23. Dwight Eisenhower warned the people about the dangers of “government sponsored scientists”. They sing the tune of the controllers!
24. ENERGY is KING in investment models of people such as Gates and Buffet...corrupt members of the New World Order.
25. Gates sold out to the CIA after being threatened that he would be closed down because of the Microsoft monopoly. That allowed the controllers to put backdoor access to every computer running Microsoft. Now Gates hangs out with the likes of Clinton and other New World Orders!
26. Oil and water are “owned commodities” by the New World Order.
27. Monsanto has created virtual deserts in the USA – glyphosate round-up – farmers have become slaves to Monsanto.

### **Solutions to desertification:**

1. Capture the run-off melt-water from the ice sheets in Antarctica and Greenland and move it by ships. Very expensive.
2. Move water from rivers and lakes by pumping through pipelines.
3. Take the rain and water in the air and move it towards the desert at NIGHT
4. Laser satellites can create low pressure cells by breaking down the dialectic in the atmosphere creating a current flow. Create low pressure cells which gathers water together as a cyclonic storm system over oceans which is then moved over land at night to fall as rain.

The population of the Earth is more like 10 billion! And 15 to 20 billion in the next twenty years.

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:****James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on themselves and doing their Healing.

**Feeling Bad? Bad Feelings are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing****Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:****The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book****Release one's pain through expressing one's feelings.****in conjunction with****Longing for the Truth when also longing for Divine Love.**

**FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing. Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing. Primary and most important readings are the writings of James Moncrief. Then consider the Padgett Messages, and then The Urantia Book.**
