PASCAS INTRODUCTION:

Documents assembled by Pascas are provided for your individual assessment and exploration. The contents are sourced from a variety of avenues and publications. Every endeavour is made to determine that the contents are of the highest level of truth and veracity. At all times we ask that you go within yourself, to ascertain for yourself, how the contents resonate with you.

Pascas provides these notes and observations to assist us all in the development and growth of our own pathways and consciousness. Pascas does not hold these contents as dogma. Pascas is about looking within oneself. Much of what we are observing is new to us readers and thus, we consider that you will take on board that which resonates with you, investigate further those items of interest, and discard that which does not feel appropriate to you.

Kinesiological muscle testing, as developed by Dr David R Hawkins and quantified by his Map of Consciousness (MOC) table, has been used to ascertain the possible level of truth of documents. Such tested calibration levels appear within the document. We ask that you consider testing same for yourself. The technique and process is outlined within Pascas documents, such as Pascas Care – Energy Level of Food. From each person’s perspective, results may vary somewhat. The calibration is offered as a guide only and just another tool to assist in considering the possibilities. As a contrast, consider using this technique to test the level of truth of your local daily newspaper.

Living Feelings First, *John.*

“Never can one man do more for another man than by making it known of the availability of the Feeling Healing process and Divine Love.” JD

In this physical world, many people can see the auric field around one's body, this is the reflection of the spirit body which remains attached to our soul for all time. The soul is not visible to us, nor is it visible to the spirit person with its enhanced senses. The soul, depicted below, reflects through the spirit body which continues as our vessel for future growth upon the separation from our physical body. The separation of the spirit body from the physical body results in the death of the physical body.

SOUL:

The Real You is your soul, you are one 'half' of that soul.

Each half of the original soul incarnates a spirit and physical body simultaneously, they being connected. The soul expresses each of its two personalities as a woman and man. True soulmates are always of the opposite sex.

Sexuality is an attribute of the two personalities the soul expresses; the soul itself does not know sexuality.

The soul connects to the two spirit bodies it has created by 'golden cords' of light; and the spirit body is in turn connected to the physical body by 'silver cords' of light.

The spirit body is your astral body. The etheric is really the body that is the template for the physical and one that doesn't hold consciousness.

The soul remains invisible to the spirit and physical bodies, only being discernible by its luminosity through the spirit body.

95%+ of humanity currently are within the 1st sphere of development.

PERSONALITY

Soul Spirit Body Physical Body

PERSONALITY

Physical Body Spirit Body Soul

The REAL YOU is the SOUL:

One's personality, natural intelligence, memory and human attributes all are soul based. The soul initiates conception so it can start expressing one of its two personalities in Creation. It creates the will, then 'wills' the spirit body and physical body and all that connects them with the will into being. Our soul constantly sustains or expresses us, one of its two personalities, in Creation. The spirit can't separate from the soul because the soul keeps it in existence. We need our spirit and physical bodies to experience our personality through. When the spirit body separates from the physical body, one continues on living in a different form without losing any of the attributes experienced during physical life. Incarnation is the process of individualisation of the soul.

Without a soul, our physical bodies would function and interact similarly to that of a domestic animal. An unsouled human body (thought not possible) would respond like a household puppy! Domestic animals calibrate on Dr David Hawkins' Map of Consciousness between 200 and 250, the human body calibrates at 200. All animals have spirit bodies, these do not survive into the spirit Mansion Worlds. Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

Our first parents, Andon and Fonta (also called Aman and Amon), were the first to exhibit human perfection hunger some one million years ago (993,500 years ago). Adam and Eve, Adamite bestowals, arrived some thirty eight thousand years ago – or earlier.

Aman and Amon were the first True Humans, which means, the first soul expressing its soulmate pair, its two personalities, in Creation – on Earth. From which came forth the rest of us. So they had a soul from the start, which separated them from their animal parents. It's the soul that wants to fully express itself through its two personalities perfectly in Creation, which is the so-called 'human perfection hunger'. It, our soul, wants to be Perfect like its Heavenly Parents, the Soul that Created it. We, focused as personalities, want to be perfect, like the Personalities of our Mother and Father that are Perfect. Our soul wants to be like Their Soul. Our soul wants to ascend us to Paradise so we can be with Them, as physically close to Them on a personality level that we can be, and then see what happens.

There were aunts and cousins, parents and grandparents. But they were not human like Aman and Amon – they were really animals, though of the same species. Aman and Amon wandered off from the family, since they could find no way of relating to them at all. How could they? They were incapable of rational thought, speech, or anything human. Aman and Amon knew that forevermore that they were apart.

Aman and Amon may have been twins. They were indeed a primate species of humanoids. But they, themselves were more beautiful than their animal relatives, and they knew, even from their very appearance, that they were marked even by Nature to be different.

DIMENSIONS of ONE'S EXISTENCE:

Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

SOUL exists existentially

Our Physical Body and our Spirit Body are of Creation, being linked together by cords of light as are the two spirit bodies, male and female, to the one Soul.

One's unique personality is soul based. Our unique soul expresses its unique personality through the two spirit bodies and physical bodies expressing both the male and female aspects.

PERSONALITY

**Our soul is the centre of our personality.
We are children of our Heavenly Parents.
Our soul manifests a male and female personality - it is a duplex!**

KESHE FOUNDATION:

The Origin of the Universe

www.keshfoundation.org

Published by Nuclear Engineer Mehran T Keshe from his research facilities, Keshe Foundation, in Brussels, Belgium, this book, The Origin of the Universe, adds to the detail of the scientific and technical developments that he and his team have realised over more than three decades of research development pertaining to many aspects of space travel and understanding and application of plasma.

GANS –

A new state of matter, the fourth state; a molecule of gas (Gas), which becomes Nano of itself and appears as Solid state of matter (Gas to Nano of Solid and to be called GANS for short).

MAFS -

Matters magnetic fields or matters magnetic field and their forces.

MAGNETOSPHERE –

Protective field around any body, such as Earth. Interaction of magnetic and gravitation field forces in any other magnetic fields or plasma of fields, this leads to the creation of a magnetosphere for the entity. This coming together creates light around the vehicle.

MAGRAVS –

MAGnetic and GRAVitational fieldS. This is internal magnetic field, internal gravitational field of atom itself which dictates the structure of the atom.

MATTERS MAFS –

Being all three of matter mafs, antimatter / principal matter mafs, and dark matter / transitional matter mafs which form plasma.

PLASMA –

Key building block for any matter, including our body, our food, our water, our air, etc. Plasma in its collective existence is a combination of different initial fundamental matters mafs, which are created through the interaction of at least two or more of the same strength plasmatic magnetic fields of the initial fundamental particles. Plasmatic refers to a collection of dynamic magnetic fields.

MAN and his SOUL and their connection to the UNIVERSE:

chapter 6 ~ Keshe Foundation

In the structure of the Principal matter magnetic fields (mafs) centres or the Principal star or what is so called the Principal stars in the centre of galaxies and matters magnetic fields (mafs) and matters in the centre of stars and in giant planets and even in the centre of some planets, the magnetic and gravitational fields (Magravs) of these objects seems to possess a stronger or larger field than the mass ratio for such an object, that the object possess and covers a stronger magnetic and gravitational fields forces (Magravs) than usually is a matter in these regions which becomes apparent in the world of scientific knowledge. The reason for the stronger Magravs of these objects comes from the multiplicity in the Nano magnetic fields and matters, and layers in the inner structure layers, in the sanctum of these objects.

In understanding the operation of different matters magnetic fields (mafs) of matters in the universe and the process of the reduction in strength of these magnetic fields to reach the lower levels of light, visible light and tangible structure's like atoms, then one should understand that the structure of the man's body will not change as the physical structure of the man goes through and from matter to transition matter or from transition matter to principle magnetic fields and matters strength's environments.

The reality about this, is that the plasmas of the atom is of the structure of man, like the individual atoms, which are active in the structure of fundamental amino-acid molecule of the human body, these are all made of plasma of matters magnetic fields (mafs) of the universe and for the proton or the electron, or let us say, carbon atom in the amino-acid, this plasma of the proton has in its centre principal matters magnetic fields (mafs) and matters as well the transition mafs and matters and finally the matter mafs, which is its tangibility state which make matter visible to, for example, the eye of the human.

But once these plasmas of the tangible matter structure of, let us say, proton and electrons of the carbon atom cross the barrier from the light matters magnetic fields (mafs) strength and matter fields to transition mafs and matters field strength, or even the body of the man, crosses the principal mafs and matter strength, then at each point of field strength crossing, that part and component transition or principal mafs and matters of the plasma of the proton of the carbon will come to operate and interact in that entered field strength zone, and hence the integrity of the structure of the human beings' physical body will be maintained, but in different matters magnetic field (mafs) strength level (e.g. spirit body).

This meaning is that the man will be still intelligent and will have the use of all its faculties, but the body will operate through the principal matter magnetic fields (mafs) of its plasma rather than present matters mafs strength of its material world strength.

Thus the man is not restricted to life in matter world only (physical world), but life in all dimensions of strength of the matters magnetic fields (mafs) of the universe.

PLASMA:

The magnetic and gravitational fields of plasma combine with other plasma. They group together to create minute things, all the way through to creating galaxies. Our thoughts are projections of plasma. Love received is plasma.

Every cell in our body has a plasmatic magnetic field. Our whole body has its own magnetic field. And so it goes on, and on....

INTERSTELLAR BOUNDARIES:

The boundary is the outer limit of the magnetic field that encapsulates a solar system and universes.

The reason for the plasma of the human body having the ability to operate in any matters magnetic field (mafs) strength, is due to the fact that the atoms of each cell of the human body operate in the gas / nano / solid (gans) state of matter and not solid state of matter, which this gives the plasma of all the elements of the human body the ability to cross matters magnetic fields (mafs) strength barriers by calling up on their mafs components of their environment.

Gans: a new state of matter, the fourth state; a molecule of gas (Gas), which becomes Nano of itself and appears as Solid state of matter (Gas to Nano of Solid and to be called GANS for short).

‘Nanotechnology’ can be said to relate to any technical process, product or material where physical phenomena or functional properties depend on at least one critical dimension expressed in nanometre ($1 \text{ nm} = 10^{-9} \text{ m}$) length units, m being a metre. It is suggested here that we are referring to sizes smaller than 10^{-13} m , that is the nano gas / plasma that forms the spirit body is of particles less than 10^{-13} m , and that the soul that animates the spirit body is of nano gas / plasma of an even finer substance.

That is to say the gans (gas / nano /solids) of the carbon in the amino-acid of the human beings will bring forth and operate through its transition matter magnetic field (mafs) strength in the transition mafs environment. Then the same gans of atom will operate with its principal mafs components in the principal magnetic fields strength environment. Thus the body of human will not be destroyed or evaporate in different plasmatic magnetic fields, a collection of dynamic magnetic fields, strength environments as it orderly crosses them.

But the body of the man will be destroyed if the matters magnetic fields (mafs) of principal mafs strength is applied to it in the matter strength environment, where in this case the matters magnetic fields (mafs) and the matters of the atoms of the man become diluted as a minor part in the mafs and matters of the applied fields.

Therefore man is part of an inclusive pattern of field’s in motions in the universe and nothing more or less can be attached to the existence of the man.

The man in physical terms is an entity and in and through his (spirit body and his) soul the connection of the field between himself and the other fields in the universe.

The physical body of the man is like the planet Earth, where it has mass and its magnetosphere (field around the body) which expands beyond the physical body, but its total magnetic fields and gravitational fields determines its position and relation with other matters in its solar system and in a small way it determines the position of its star in its galaxy, and then the position of star determines in a small way the position of the milky-way in the universe and so forth.

Thus the soul (and spirit body) of man is the external connection of the operation of the physical body of the man in the universe, it is part of one and inclusive reality of interaction of the whole.

Therefore the soul is part of the operation of the universe and every creation which can extend the effects of its overall magnetic field to others which can affect their position and existence which is in possession of a soul.

Thus soul, which magnetic fields created and expand beyond the physical body of the man, is not exclusive of the creature but it is the common denominator and common link between the man and other creatures of the God and has direct effect on the operation of the rest of the universe.

Therefore the man's body, due to the interaction of its atoms protons and electron and neutrons magnetic fields, this object creates its own magnetosphere and its own mass and this body is and has to be in possession of a magnetosphere which shows the working of magnetic fields of its constituent matters and its subcomponents and fields.

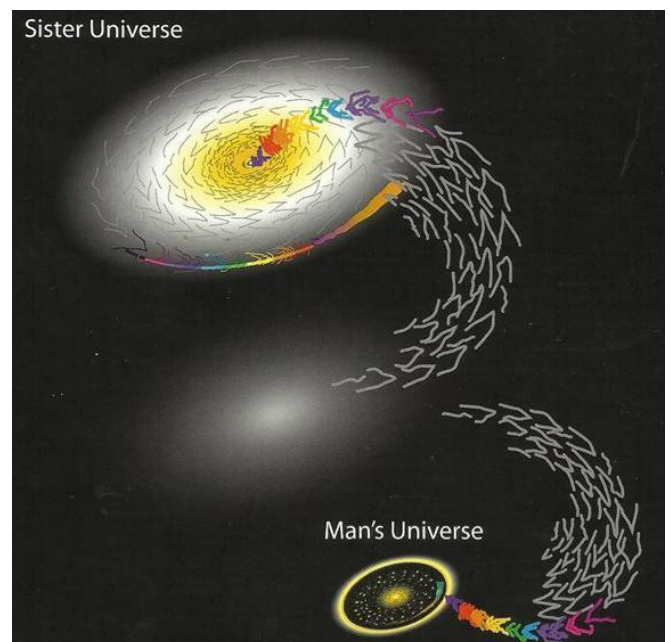

Where, in the physical worlds, it is the same as for the solar systems which possess magnetospheres, as so do the stars and planets, so does the body of the human, through the same physical principle, also possess the magnetosphere, which is so called aura of the human body, the field of the aura is part of the (spirit body not the) soul of the man, but is in fact the total effect of the internal interaction of all fields of the body which creates the magnetic field and gravitational fields of the body and their interaction on each other which leads to the interaction with the fields in the universe, this overall output of the fields of the body of the man is the (spirit body and) soul of the man.

Thus; all dynamic (with a central nervous system) plasmatic matters in the universe possesses a (spirit body, but not a) soul. But the man has the intelligence to allow the interaction of its soul with others. Therefore, through this principle the man is responsible for all his actions and he stands answerable to other souls in the universe. As he decides how these fields which partial and fully control through the magnetic and gravitational fields (Magravs) of the matters of his brain how and what happens in its interaction with other souls during its physical existence.

Hence the man has to understand, that universe and others, whom this universe has been created from and the universes which will be created from the division of this universe in the future are all interconnected and operate through the same fundamental principle magnetic fields.

Therefore there are parallel universes to this universe, with the difference in the measure of their magnetic fields and their position in their given environment.

Thus, as we have the same and similar electrons structures and protons structures in the same structure of an atom, this structure of positioning of electrons and protons is the same for all known atoms, then the same applies to the universe and the souls within them too. This means that there are similar universes as this universe in the greater universe and other universes which this universe has been created from or it shall create.

It has to be said that at the same time the matters in the universe have the same universal language of communication, where in the universe the common language is the basic plasmatic magnetic fields,

based on the first plasmatic magnetic field strength of plasma or the simplest atom of matter of their environment.

This language is universal and once the man on Earth understands this phenomenon and can fully measure the magnetic fields strength of the electron magnetic and gravitational fields (Magravs) and uses this as the base strength, then man will be able to understand and communicate with the rest of those soul possessing creatures of the universe. Until then, the search in the sound waves to look and to try to communicate with other creatures of the universe is a primitive picture and shows the lack of mans understanding of the world of creation.

Therefore, the gravitation, magnetic, radiation, and other similar properties and interactions of the field(s) on each other in this and other universe(s) decides on how and the way the creatures in the different universes and in the man's universe would look and behave.

But in an essence, they are all made of the same building block of **magnetic fields and in its and their interaction of different strength and tightness of it in their environment**. This determines how tall and short and if one has eyes or uses the interaction of fields to interact and communicate with other creatures of its environment and universe(s) with or without physical tangible or visible so called bodies.

Maybe now it can be understood what has been said that in the universe,

I have made man in the image of myself.

'Aliens Exist' Says Canada's Former Defense Minister

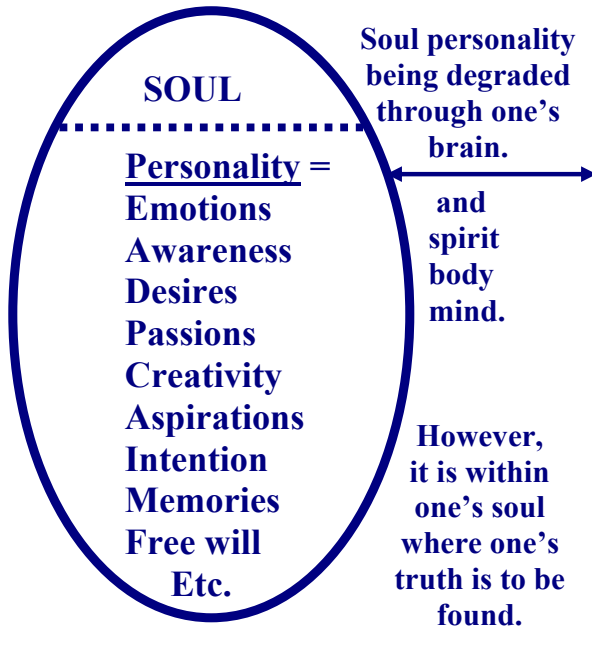

Paul Hellyer, former Canadian defense minister, went on television and declared that not only do aliens exist but that they walk amongst us and are responsible for some of our modern technology. 6 Jan 2014

'Blue Planet Project' outlines in greater detail aspects of Paul Hellyer's report:

Personality

SOUL PERSONALITY

Each soul, ever created, is unique. Just as each snowflake is unique. Every soul is unique from every other soul ever created. By referring to your soul, we are referring to your complete soul prior to its division into its two halves. Each soul expresses two absolutely unique personalities. Your soul then incarnates into two separate spiritual and physical bodies, one half into a male body and the other half into a female body, thus the personality is further distinguished by its male or female aspects. Your soul half, has a personality separate and distinct from every other soul. Your personality is bestowed complete by our Father and Mother. The soul expresses its two personalities into Creation. Your personality traverses your physical body, your spirit body, and your soul. At the time of death of the physical body, your personality continues on existing in your spirit body and soul.

No matter where our two soul halves incarnate, they will be drawn back together again as they grow in love.

The individuality of each soul half is never lost as they grow in love and return together.

The real you is your soul, which continues to be connected by cords of light with your spirit body.

PLASMA:

www.keshfoundation.org

Key building block for any matter, including our body, our food, our water, our air, etc. is plasma. Plasma, in its collective existence, is a combination of different initial fundamental matters magnetic fields, which are created through the interaction of at least two or more of the same strength plasma magnetic fields of the initial fundamental particles and their rays.

Up to now we have three states of matter, now we can identify four states of matter. These were solid, liquid, and gas. Now it is considered that plasma as being the fourth state of matter.

The fourth state of matter is what Nuclear Engineer Mehran Keshe refers to as gas, gas at nano-state (plasma).

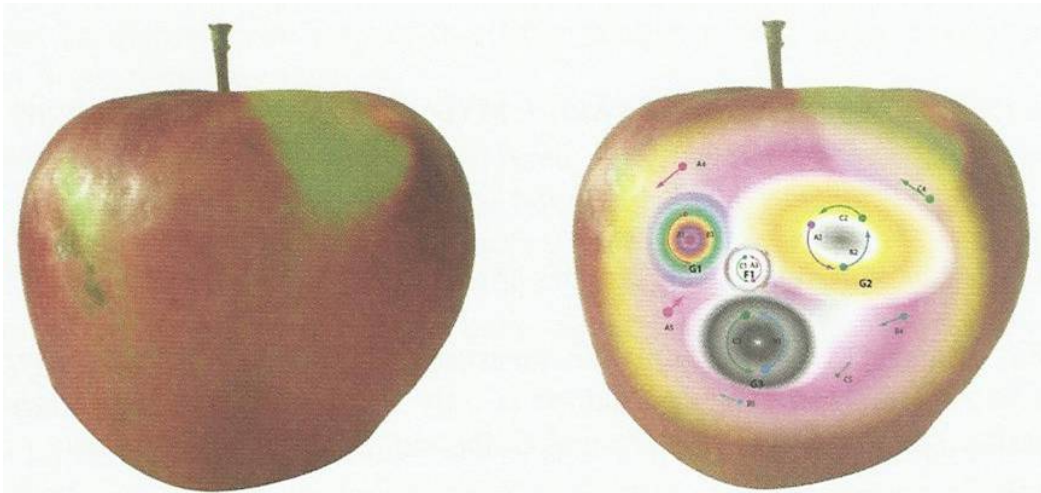

Plasma, the key building block, is a substance that is smaller in particle size of 10^{-13} m. Nano state is generally recognised as 10^{-9} m. Plasma can be found as a particle smaller than $1 / 10,000,000,000,000$ of metre. Yet, when plasma particles of similar natures come together, we see the creation of matter such as an apple and the sun, and the universes.

Plasma coalesced becomes Matter which forms the physical. Plasma principal matter generates energy. Plasma transition matter absorbs light thus creating regions of darkness as well as dark items. Combinations of various elements and aspects of plasma are the building blocks of all there is.

Plasma is the building block of your physical body. Plasma, as now being researched by Mehran Keshe is the building block of your spirit body, which in turn is the template for your physical body. Plasma, in a finer state, is the building block of your soul.

Your soul becomes only visible to you once you have grown in love sufficiently to be able to progress from the spirit world to the celestial heavens. To enter the celestial heavens, your soul needs to be transformed by the infusion of Divine Love, such Divine Love comes from the Father, who may be of an even finer substance.

Newton's apple has different types of plasma of magnetic fields and plasma matter magnetic fields.

Conversion of the spherical plasma of a neutron into a cylindrical ray of light. Light, in this detail, is clearly visible to one who is in their spirit body, that is, whilst out of body one can see the end beams of light as described here by Mehran Keshe.

PLASMA:

The three aspects of plasma present themselves in an ever variable degree of concentration and variation.

Matter plasma creates the physical.

Principal matter, antimatter is the energy aspect and the predominant energy of everything that exists.

Dark matter, transition matter restricts light, though transparent, a result is darkness and lack of energy.

Plasma, in its complete form, is the building block of all that is, however, there appears that there are even finer and even more incredible substances.

A plasma element may be dominated by its Matter aspect, thus being seen as physical matter.

Or it may be dominated by its Principal Matter / Antimatter aspect thus conveying an abundance of energy and love.

Or it may be dominated by its Transition Matter / Dark Matter aspect thus conveying darkness and a lack of love.

STAGES of MATTER:

Matter becomes finer and finer and more incredible within each phase:

Growth of Man / Woman without Divine Love peaks at 6th sphere state which is the peak of the Kingdom of Man and Spirit World. Soul without Divine Love.

Soul seeking, and receiving, and growing with Divine Love. The nature of one's soul changes into that of the Divine when receiving Divine Love. Only Divine Love does this. Growth of Man / Woman with Divine Love enables entry into the Celestial Realms, 8th sphere and above, with growth into infinity:

The SPIRIT BODY CAPABILITIES:

The spirit body does not need food or water, it intakes its sustenance by absorbing the essences of what it requires, thus it can absorb the essences of flowers, of honey, and of all of nature's wondrous foods without having to eat or drink. That is possibly achieved by absorbing the plasmatic (collection of dynamic magnetic fields) essences of the given substances without requiring any conversion prior to consumption.

A spirit person can travel through space at great speed, far faster than the speed of light. Is that because it creates its own magnetosphere space around itself and travels within the secure environment of that space? Mention of travelling within a Merkaba has often been referred to.

A spirit person can materialise his own clothing and his own housing by thought. As his soul condition grows in love, these items progress in splendour and magnificence.

The 'hells' of the lower regions of the 1st sphere are recognised for their progressively growing darkness as one goes lower and lower into these planes. A spirit person from within these regions can only and readily visit the physical world of Earth. Are we noting that such spirit people consist mainly of the dark matter / transitional matter that is an element of plasma?

When a spirit person progresses and grows in love and advances from one sphere to another, say 1st sphere to 2nd sphere, he becomes invisible to those remaining within the lower sphere, even though the advancing spirit person can continue to see those in the lower sphere condition. A person from a higher sphere can make him/her self visible by changing their ambience.

When a spirit person is travelling at great speed, there is no sense of friction with the environment, thus it is though one is cocooned. The speeds are well in excess of the speed of light as the end of light beams just drop away behind you. On manoeuvring at acuter angles, there is no sense of gravitational forces, the G-force remains at neutral or one, no matter how sharp and fast a turn is made.

When a spirit person holds in mind a desired destination, he arrives there. The time required for a spirit person to travel from Tokyo or Hong Kong to London or New York is less than the time needed to read this sentence. This is the same functionality of the Gravitational Positioning System (Grapos) referred to by Mehran Keshe for future travel.

The plasma fields that are contained within a spirit person's body are sufficient to create a magnetosphere. At high speed and within the sphere of the magnetosphere, a spirit person is able to safely travel through space from one planet to another planet whilst using the principles of the gravitational positioning system (Grapos) to navigate and control speeds as required upon arrival. In other words, a spirit person can travel with one's own environment and security.

A spirit person generates his own light. Depending upon his soul condition, the level of luminosity is controlled by the soul, its luminosity is reflected through the spirit body of the person. Thus a person who is in a very poor soul condition generates little or no light and lives in an environment of darkness until it grows in love and progresses to a higher sphere.

It would appear that with the growth in love that one achieves, he or she will experience the ratios of dark matter / transitional matter within the plasma being substituted with a growth of high energy antimatter / principal matter.

A spirit person can travel at great speed, or can just hover, or simply work on the surface like any physical person. Most of the time when you consider that you are in the presence of a spirit person, they are typically standing right beside you, there is no need to look up, they are typically at ground level.

Just as a spirit person, including his clothes, can effortlessly walk through walls, so can plasma powered vehicles that create their own magnetospheric fields around them can readily move through seemingly solid objects.

Clearly, our soul and spirit body are plasmatic, collection of dynamic magnetic fields of similar strength, in nature, the concentration of matters magnetic field forces (mafs) to the exclusion of antimatter mafs and dark matter mafs has enormously restricted the capabilities of the physical human body in what it can do and not do. The Keshe Foundation innovations and inventions are the pathway for physical humanity to start to experience the capabilities that our spirit body achieves naturally. We have no comprehension of the capabilities of our soul, the experience of the spirit body's diversity of skills is mind boggling in itself.

Light:

Conversion of the spherical plasma of a neutron into a cylindrical ray of light. Light, in this detail, is clearly visible to one who is in their spirit body, that is, whilst out of body one can see the end beams of light as described here by Mehran Keshe.

The vision capabilities of one's spirit body far exceed the capabilities of the physical body. When you are moving about in your spirit body you can see the end of light beams. You can see the end of the cylinder of light matter. As you are looking at the end of the cylinder the colour spectrum is spectacular. The range of colours that are visible to the spirit body vision far exceeds that are observed through the physical body's eyes. The spirit body sight is so fine that the end of a plasma light beam, itself, is clearly visible. Further, as light travels at the speed of light, the spirit person can travel far quicker than the speed of light. Light appears to fall away behind you. The above diagrams are a reasonable representation of plasmatic light tubes or beams.

Visibility: **Body - limited sight of colour.**
 Spirit - expanded visibility.
 Soul - complete spectrum of colour.

Speed of Travel:

The speed of travel in the universe has only relation in respect to its magnetic field forces (mafs) and matter strength environment, hence one can travel at the speed of light of environment strength in any mafs strength. This means that in the matter environment, one can go faster than the speed of light if one travels magnetic and gravitational fields (Magravs) of the plasmatic magnetic field strength of the transition matter or principal matter plasmatic strength level.

Therefore, one can only travel with a faster speed than the speed of light in matter environment only if one has the capability to create and/or capture principal matter or transition matter plasmatic field strength in Margrave positioning reactors.

P.85 The Origin of the Universe ~ Keshe Foundation

Hence the limitation of the speed of travel limited to speed of the light in matter environment is applicable if one uses matter and matters magnetic field forces for transportation, other wise there are no speed limitations in this environment as one can travel faster than the speed of light in matter environment when using principal magnetic fields strength in the of the Magravs systems, where the speed of the light in principal matter environment is millions of times faster than the speed of light in the matter environment.

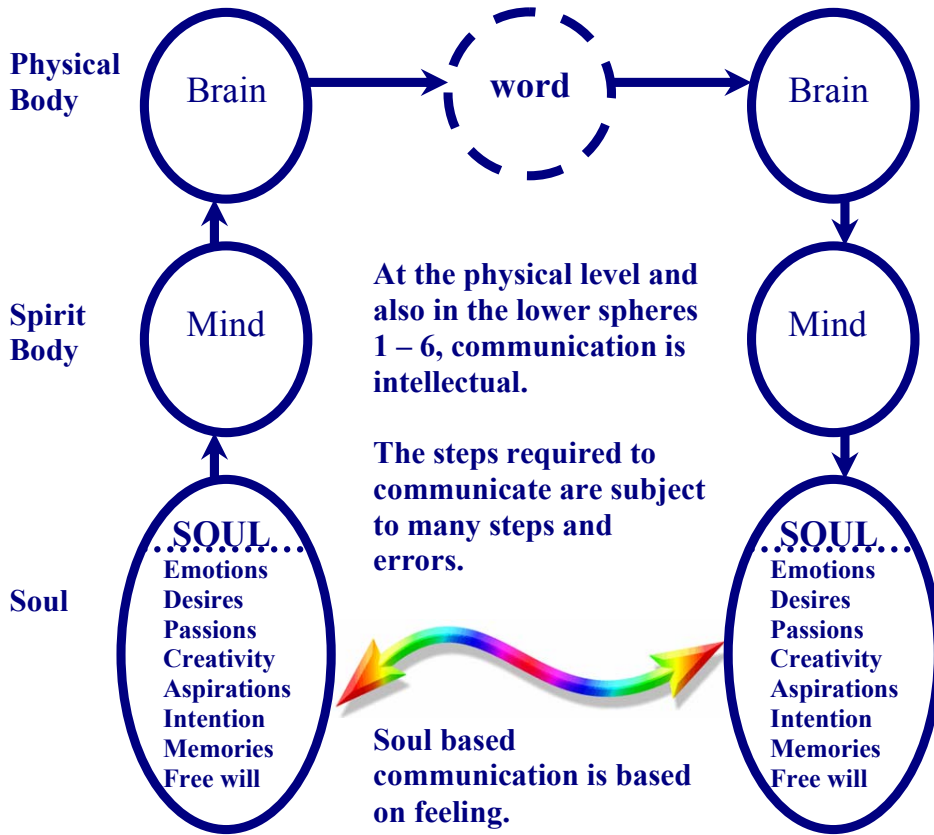

One has the ability to travel any speed in the universe and with any magnetic field forces (mafs) and matter plasmatic fields strength. But there are hazards to consider prior to taking such a travel.

The theory, that the speed of light to be the ultimate speed of travel is only applicable in the matter environment using matter plasmatic magnetic field strength and it is not true if using stronger magnetic fields forces (mafs) strength, thus one can travel the spans of the universe by using higher order mafs with speeds millions of times faster than the speed of light in matter mafs strength like on the surface of the Earth.

The body of the man will not feel any difference and will behave as one is in the jetliners of the last centuries as the plasmatic magnetic fields forces (pmf) of the mafs of the human body cells contains within their structure mafs of principal matter, then the man will not feel that much difference travelling with speed of light or thousands of times faster than speed of light in the universe.

Thus the spirit person has this mode of travel capability at his call, whilst physical man is yet to develop the sciences necessary to benefit from these capabilities.

COMMUNICATION at the PHYSICAL LEVEL

COMMUNICATION at the CELESTIAL LEVEL

Spirits that are on the Divine Love path will communicate with you directly soul to soul, with your feelings.

God communicates with you directly with your feelings, not with thought. Those feelings will generate thoughts within you.

Communication:

P.94 The Origin of the Universe ~ Keshe Foundation

Keshe Foundation research suggests that all created entities in the greater universe have achieved a common method of communication, or what is known as the universal fields communication. All created beings who have managed to influence their environment and have managed to interact with other intelligence beings individually or as unified groups have managed to accept one universal communication language that is acceptable to all, this language may be known as the universes language and is based on the strength of the plasmatic magnetic fields (pmf) of the different strength and not based on the voice or sound or physical alphabets, shapes, and symbols.

The universal language is transparent and clear language and works on the plasmatic magnetic field (pmf) waves strength and has standard forms and accepted levels for communication depending upon the creatures different environments, which creatures are initiated from.

One should understand that not all created intelligent beings in the universe need or needed the physical planetary structure as humans do for their existence for them to be created or to survive.

Life is created in the universe in and within the fields of the universe and it does not necessarily need physical tangible, food and land for it to exist and collaborate and operate with others in the universe.

Whereas, and as long as man tries to contact others through pictures and voices using the present technological advancement, man will find in general he will have a long time to wait for the response, as the other created intelligent beings of the universe have been and are and will be visitors to man's home from the time of its creation and to its demise, but the universal language, will be established and communications will be opened when man learns that he does not need to take more than he needs to and at the same time man does not need to create division to get what he desires and cause conflict.

The cause of isolation of man from the universal community has been his lack of understanding that in the universal language the other creatures do not need to use words but they can and do understand and communicate at plasmatic magnetic field (pmf) levels, thus the thoughts of man which is pmf based in his operation in the brain of the man, these pmfs are detected and are like visible light to these creatures and as what is said they can see and understand the real intentions of man's deeds without man uttering a single word.

Thus man's isolation from the universal community has been enforced upon it out of protection of the universal peace, rather than man's inability to find the other creatures to communicate with.

The Universe in general is a peaceful place and wars and conflict has been things of the past and are a long-long time in the past, hence once the man learns the advantage of peaceful living, then man will learn the universal language and then man will be allowed to learn more and join the universal community of Beings, irrespective of these beings appearance be it through physical or field detection system to the eye of man.

One does not need eye to see but the intelligence to understand, and then the real sight is the real will of the observer of the beauty of the creation in all levels of universes.

Using the plasmatic magnetic field format of communication, a spirit person can communicate with any number of people, be they in the physical state or spirit state, at any one moment of time without being in their direct presence. Thus, a spirit person, without moving or changing location, can easily communicate with physical people who are at various locations around the world all at the same time.

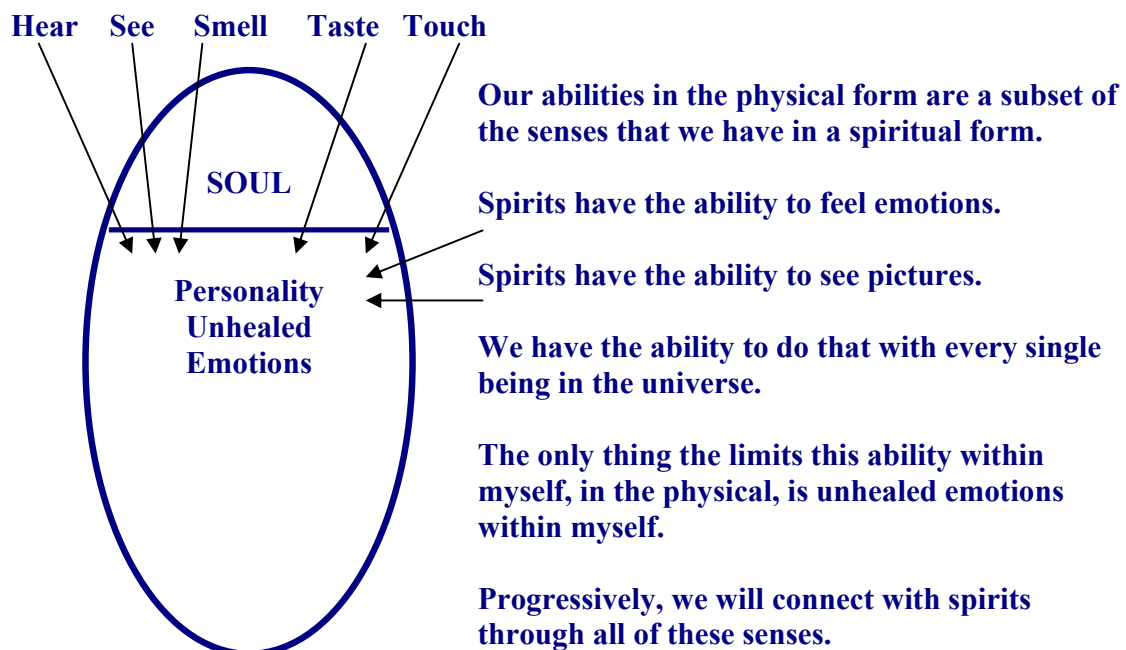

Summary:

The spirit person has enormous capabilities, way beyond man's comprehension. As we grow in love, whether we be incarnate within our physical body or be in our spirit body, these gifts progressively become available to us.

Everything in the universe is your sensory playground.

Three Great Truths:

- **God is Soul, being our Heavenly Mother and Father;**
- **that each individual soul is a duplex – both male and female;**
- **and Feeling Healing with Divine Love is the pathway to Paradise.**

Parallel Worlds

P.187 The Origin of the Universe ~ Keshe Foundation

Mysteries of existence about parallel worlds, the questions to ask are or can be as follows:

1. How do they become to exist?
2. How can we interact or be aware of their existence?
3. What can we do or have done to get there?

Let us consider the structure of simplest entity of plasma of an electron in the overall structure of, let's say, an atom of hydrogen (or an atom of sodium which is part of a piece of stone or metal, gas, etc.).

The plasma once created and maintained from interaction and down levelling in strength of different magnetic fields (mafs) of which this plasma, in its division, leads to the creation of an atom which, at this point, the plasma of the electron of the atom has an independent existence from plasma of its proton and electron, decides about its own motion and its own position in its environment in respect to its proton. Even though, this is conditioned on the position and strength of the proton of its atom. Where, the electron itself is made up of a collection of different magnetic fields strength and their interactions and as the electron of an atom is not aware of its larger counterparts of proton(s) and other electron(s) in a larger elemental or molecular structure and it is not aware of any state of matter and at the same time that the electron is not aware of the part in which heat and cold in its environment are playing in its position and motion in respect to its proton and other entities of the same which it is connected to.

Where, this electron physical appearance, as any physical matter, is dependent on its environmental condition. Where, let us say this electron can be an electron of an atom which is part of the atoms of a piece of stone and at this point the electron is not aware of the existence of a stone in larger scale levels of its existence. But the electron exists within the existence of an atom, which the atom exist in the existence of the stone.

But now let's say the stone is part of a salt stone grain which is consumed by an animal.

Now the sodium atom by making its magnetic and gravitational fields (Magravs) available to protein of a cell of the animal, it becomes and takes part in the bigger scale and larger magnetic and gravitational fields of a protein chain connection, where the sodium on its own could not achieve this.

Let's say that now the protein, and in conjunction with sodium, this creates the condition of neuro-connection and the cell becomes part of living being, this being part of neuro-system of a shrimp, dog, man, or something else.

Where, for example the combination of different proteins and different atoms and the interaction of their magnetic and gravitational fields (Magravs) and balancing act within their mangroves lead to the need for interaction and new balancing Magravs, leads this new interaction of proteins and their different Magravs, leads to a need for a cohesive and balancing line of magnetic fields line and transfer of fields. Where, an accumulation of different fields and Magravs and their interaction brings about feelings and intelligence and so forth in the animal.

Now as the different Magravs and their interaction takes place, this being on the level of an atom, a solid protein, or combination of proteins and their attachment to other atoms, these new entities create two distinctive levels of individual compacted fields, one for their tangible state of existence and one that facilitates their fields and positioning for the use by and to other parts which are related to them but not connected to their existence in the line of communication with other atoms.

What this means, is that the entity gives life to existence on two levels, one is the physical tangible state of itself and one is the field and energy which is part of, but once it is created, the new entities has enough field that is an accumulation of the interaction of another interaction, that this new entity does not need a physical entity to manifest itself in the tangible world, but the fields strength is sufficient enough that the new entity can easily exist on its own right in the universe and make decisions about all others whom have become part of and operate through the new entity.

Now as more and more fields and matters interact and creates a certain field level, that let's say, they lead to tangible matter existence of an entity, the accumulated physical matters have a parallel acuminated non tangible level to which are its fields which allow it to be part of a bigger entity.

Where in complexity of previous interactions, to reach a point, these interactions have released, or will release, new complex fields that these fields perform and exist as the matter, do part.

But sometimes the matter and associated fields interlock, but exists and operate on different levels. Even though the tangible matter is aware of its own existence, but it is not aware of the existence of the associated counter interlocked fields within it, this be it the same as the plasma of an electron of a piece of stone, which the electron is part of.

Thus now it becomes clear how a man has a physical body and a spirit body (which Mr Keshe refers to as a soul, which we also have separate to the spirit body). Where, the physical body is conditioned of the matter world and its environment, where the spirit body and soul has no such conditioning.

Thus the soul, (through the spirit body,) is aware of the existence of the physical body, but independent of its existence, but it receives the changes in the condition of the physical Magravs (magnetic and gravitational fields) of the body.

Thus the soul (through the spirit body) of a man is a parallel world to the physical world of its associated plasma, which has created it.

But as the soul (with the spirit body) has no need for the physical body to sustain its existence once it is created, as it operates in a different field zone non tangibility, hence the physical body can die, but the

soul (with its spirit body) will be left in tact and carries on without its detached physical counterpart in the world of creation.

At the same time, the fields of the soul will carry-on with its interaction with other fields and magnetic and gravitational fields (Magravs) of its own level and it will keep on attaining more and keep on and interacting as its physical counterpart did and combining with more and creating more the same and different.

The soul (with its spirit body) itself is the balancer of the physical matter of the body, but from point of detachment, does not need the physical body for it to exist. As the physical interaction has led to its existence, but by now it is independent enough to carry on with its own operation.

This is like giving of a birth, even though the baby has been in need of the mother for it to start and become an entity, upon the departure from the mother's body, the two entities can live two independent lives, without a need for each other's existence (that it is the soul with the spirit body and, separately, the physical body).

Thus the soul of an entity, this being stone, animal or a man (only man has a soul and spirit body, others may have a spirit body) has the same method of operation and existence as any other matter or fields in the universe, and that once it is established and sets its frame work, it does not need its physical counterpart which led to its existence.

Now one can understand how different levels of existence do operate and exist in conjunction and in parallel with each other.

Take this one step further and let's say the fields of the soul have established the same methods of interaction and communication as their physical counterpart plasmas of atoms did with each other and souls through their fields of existence interact with each other and lead to a more dynamic parallel non tangible world of existence in the dimension with no need for the actual physical dimension of existence.

In the universe, there creatures, which are made from the interaction of principal mafs (magnetic fields) and matters strength as man is made of matter mafs and matter fields strength and they can operate in non-tangible level of existence rather than the physical tangibility to the eye of the man.

This does not mean that these creatures do not have a soul or they are more intelligent than the man, but the only difference is that they operate in different mafs strength, which these lives can be strange to mans' travel of the future as they have the ability to transmute between different levels of mafs strength and be able to be visible or detectable in their spectrum of mafs strength.

The soul of man is the like of the light from the star in a distant universe, where the physical star could have been exploded and destroyed billions of years ago, but still at night the man observes the soul of the stars as the shining light in the dark of the night.

Parallel world exist even within and during the life of man himself, but they need the eye of wisdom for the beings to see them and recognise them in their environment.

Universal Principle of Division

P.197 The Origin of the Universe ~ Keshe Foundation

In the universe there are always parallels due to the magnetic fields laws of interaction and hence there cannot be any deviation from these laws.

At the present the scientific world has been intrigued and encouraged to understand the phenomenon of the creation of this universe and scientists have tried to unravel the mysteries of the creation of this visible universe.

In fact the creation of this universe is visible to the world of science, it cannot be any different than any other process in the world of creation, and this universe has been created through the same principles as the rest of the magnetic plasmatic nuclear and atomic interactions, addition and division.

This meaning that the present universe is created through the same method as has been observed in the division of the neutron into electron and proton or smaller and/or bigger components of the same Matters (matters refers to the three elements of plasma, e.g., matter, principal matter, and transitional matter).

Hence to follow the principle of the universal order of matters, this universe is created from the division of a larger universe than man's visible universe which is the smaller part of the division.

The soul (and with its spirit body), which are magnetic fields created that expand beyond the physical body of the man, is not exclusive of the creatures, but it is the common denominator and common link between the man and other creatures of God / Father / Creator and has direct effect on the operation of the rest of the universe.

Therefore, the man's body due to the interaction of its atoms protons and electrons and neutron's magnetic fields, this object creates its own magnetosphere and its own mass and this body is and has to be in possession of magnetosphere which shows the working of the magnetic fields of its constituent matters and its subcomponents and fields, this being including thoughts.

Where, in the physical worlds, as the same as the solar system, possess magnetosphere and so does the star and planet, then the body of the human through the same physical principle possesses the magnetosphere, which is the so called aura of the human's body. The field of the aura is part of the outer appearance of the spirit body (not the soul which is even more invisible) of the man, but is in fact the total effect of the internal interaction of all fields of the body which creates the magnetic fields and gravitational fields of the body and their interaction on each other which leads to the interaction with their fields in the universe, this overall output of the fields of the body of the man is the soul of the man.

Thus, all dynamic plasmatic (collection of near similar dynamic rays of similar magnetic fields strength and magnetic fields) in the universe possess a spirit body. (Only man possess a soul and spirit body.) But the man has the intelligence to allow the interaction of its soul with others; therefore through this principle the man is responsible for all his actions and he stands answerable to other souls in the universe. As he decides how these fields which partially and fully are controlled through the magnetic

and gravitational fields (Magravs) of the matters of his brain, in how and what happens in its interaction with other souls effects their operation in the larger universe.

Hence man has to understand, that universe and others, which has the use of this universe, all have been created from the division of other universes and will be created from the division of this universe and in the future are all interconnected and operate through the same fundamental principle.

Therefore, there are parallel universes to this universe, with the difference in the measure of their magnetic fields and strength and their position in their given environment.

Thus as we have the same and similar electrons structures and protons structures in the same structure of an atom, which this structure of positioning of electrons and protons is the same for all known atoms, then the same applies to the universe too. This meaning that there is a similar universe as this universe in that the greater universe and other universe which this universe has been created from it and those that we shall create through the operation of our souls and bodies' magnetic fields (mafs) and matters.

It has to be said that at the same time all beings in the universe use one and the same universal language of communication, where in the universe the common language is the basic plasmatic magnetic fields of the basic fields. This is based on the first plasmatic magnetic field strength of existence of the simplest plasma of atom of the universe, and is similar to what we call in this universe neutron and its division and collections as atoms like that of the hydrogen atom, which the mystery of this has been kept from man and not apparent through his own misunderstanding of the operations of the universe.

This language is universal and once man on Earth understands this phenomenon and can fully measure the magnetic fields strength of the electron Magravs of it and he uses this as the base strength, then man will be able to understand and communicate with the rest of soul possessing creatures of the universe.

The Universe

P.118 The Origin of the Universe ~ Keshe Foundation

Where the interaction of magnetic fields lead to the creation of Magnetic (repulsion) or gravity (attraction), where the interaction of the created Magnetic fields and gravitational fields leads to creation of mass and Magnetosphere for the magnetic fields concerned. Where the interaction of magnetic fields, depending upon their strength, leads to the creation of stronger fields to be connected to each other, thus, the stronger fields become the principal fields or feeders of the magnetic fields (mafs) and the weaker fields become the matter magnetic fields of the universe.

In man's range of magnetic and gravitational fields strength of his protein, the weaker magnetic fields (mafs) become tangible and visible or detectible and part of his own being's structure and his matter world is created, and where in other levels due to stronger fields the principal magnetic fields (mafs) create a visible world for the one's whom their protein magnetic gravitational fields (Magravs) strength is set to a level beyond the man's magnetic fields (mafs) strength level.

In the universe there are no empty places, which are void of magnetic, Magnetic and gravitational, mass and magnetosphere fields or not being in the path of the movement of fields. In general what is tangible and visible magnetic fields collection has been, and it can be called, matter and what is fields in motion which are not yet attached to any matter, to become part of given environment of matters (matter, principal matter, transitional matter) or magnetic fields (mafs) are called energies of the universe.

The universe will never cease to exist as long as there are fields to attract and repel each other. Universe has no dark and black unknown phenomenon about it, it has principles and how they are applied and enforce themselves, or it is enforced upon them, then given condition and fields and magnetic fields (mafs) are created for given span of duration of fields interaction so called time.

The Earth is not the unique environment which can provide and sustain life and intelligence, but life starts from fields and their interactions and upon their complex interactions and order they choose to be a club of plasmas, matter mafs, atoms, molecules, Magravsly to bind (chemically), combination orderly repetitively Magravsly bind (biological) and creating communication in the biological magnetic and gravitational fields (Magravs) which these interactions lead to creation of intelligence.

Thus, man is not the only being with intelligence in the universe, as given the environment of interaction of fields entanglement is the facets of progression interaction of the fields which can be sustained everywhere in the universes of cosmos (unicos).

The survival of the soul of the created being is the beauty of it, for it to give and to receive and not to be an outcast, then man of wisdom will enlighten the man of possession that there is nothing to possess if one uses what one needs and no more. Be wise on what has been said and open to be received and receive what is in your path of life in its different levels of interaction and attraction.

The ultimate point of understanding for man who is one of the created entities in the universe and through what has been revealed to man in the verities of disclosures in the recent past is that in the universe among its created, whom have attained intelligence and have managed to take into spaces of transition environment of universes, that in the universe there are no animosities and no wars and nor

this rule shall be changed as war and acts of aggression has been the habit of the passengers of the planet Earth during their technological progress and their short lives on this planet.

The reason for the universal peace is not the lack of technology among its inhabitants, but the truth is that the intelligence of the beings of the universe is so advanced that they have no reason to fight for what they can attain in and achieve and obtain from the universe.

Thus the universe is ruled by peace and justice and the ones whom have the habit of the like of the red blood man from the blue planet will be taught soon a lesson that unless unity takes over the thoughts of the creatures of this planet, then these shall be taught a lesson that they will soon fall and follow the rules of the universe and not the old habits of the feeble man.

Not forgetting that the everlasting habitants of the universe have attained the knowledge that can wipe out any type of life from the universe, thus the peace in the universal order is not due to the weakness of its inhabitants, but their strength to be able to see any short sightedness from the newly joined members of the universal community that they cannot and shall not be allowed or even think they can carry on with their old habits of war and division and injustice and exploitation of the other habitants of the universe as they have become accustomed to on this blue planet.

The laws of the universe shall be in the hand of the land of the lion as they have been graceful and have been just and as have been promised, the knowledge of the universe shall come from the land of the lion and the sun where it will shine upon the rest of humanity in equal measure and with true powers of grace and justice. This has been the command of the created and shall be attained.

Note: The spirit body is distinct and separate from one's soul. The soul is housed within the spirit body. The soul is not visible to the physical person, nor is it visible to the spirit person. Not until the spirit person progresses and enters the 8th sphere in the Celestial Realms does the soul become visible to the person. The vast majority of spirit people consider that their spirit body is also their soul, and accordingly, the general teaching is this. Spirit people reside in spheres 1 to 6. It is only by asking for and receiving Divine Love that the soul is changed to that which is Divine, with the appropriate growth in love we can enter the 8th sphere, the gateway to the Celestial Realms, and at that time our soul becomes visible to us.

God's Divine Love: Pray for it, ask for it, and receive it.

By living true to ourselves, true to our feelings, we are living true to God. It's that simple.

How would it end?

P.201 The Origin of the Universe ~ Keshe Foundation

The end of this universe will be the same as it started.

What this means is that as the magnetic field balances of the universe reduces to a level that the universe has to re-organise itself, that it can keep its constituent field forces together, the whole universe will, like as with the neutron plasma, will decay and divide into two constituents of smaller universes, which these universes are still connected to each other through their original magnetic field forces.

Hence this universe will be divided into a smaller universe and larger universe parts of a set. This being the same process as the like of the process as neutron decays and the rest of the known nuclear decay of atoms do as there are no other known processes of division process in the universe, and there has to be uniformity in all dimensions of creation.

There is no end in the universes but conversion and amalgamation of fields and matters, which are created out of fields themselves.

Thus, this universe will divide into two active fully operational universes, of lesser and bigger universe masses. But in total the overall balance of the matters and fields in both universes will be near equal of what was in this universe, with a little leakage of fields into the universal cosmos (unicos).

Where, the lesser mass part of the division of this universe will rotate around the larger mass universe. Where, the whole of the two new universes both will be rotating around larger universe mechanisms, which this universe on its own was rotating around.

Thus, if one is in the lesser universe, and looks into its motion, it looks as though their universe is expanding, as it always seems that matters and fields in this universe are running away from them, as their universe is looking as to be expanding.

Where, in fact being in the smaller universe, the gravitational field of the larger universe is continuously pulling or holding onto the lesser universe that the lesser universe stays within its orbit, as the electron does with its proton in atomic structure. As there can be no difference in all levels of creation of larger universe, as it is with the structure of decay of all atoms known to man.

Therefore this is how this universe was created and how future universe will be created out of this universe.

Thus there has never been a big bang, and there will never be a dooms day or the big rift. All it will happen is that this universe will go through a division, which is the norm in all universal orders of creation.

The original universe has divided itself to smaller universes, which our universe is one of its off-springs and the same will happen over and over again to this universe and its off-springs.

Thus this universe is not the original universe, but part of a fraction of a fraction of a fraction of a bigger picture.

Maybe now it can be understood that in the universe, as has been said that “I have made man in the image of myself” and now the reality of operation of different and all entities of the universe understood and are set in motion for man to have the full understanding of the method of creation and control and the way he has come to be on this planet at this moment in time and if he understood the purpose of his creation, then it can be said that:

The universe exists and operates within the structure of the man

and

The man exists and operates within the structure of the universe.

LUMINOSITY of the SOUL grows with LOVE:

DIVINE LOVE is a SUBSTANCE

Angels actually do not have wings.

One's soul can grow from the condition of a dark dried up pea to that of a Celestial Angel by asking for and receiving Divine Love. Divine Love changes the essence of the soul to that of the Divine. Nothing else can do this.

**CREATOR,

GOD.**

Divine Love is delivered through the Holy Spirit, should you ask for Their Love.

Your soul can be likened to a plasma ball.

Soul releases errors and negative emotions via one's Feeling Healing with Divine Love.

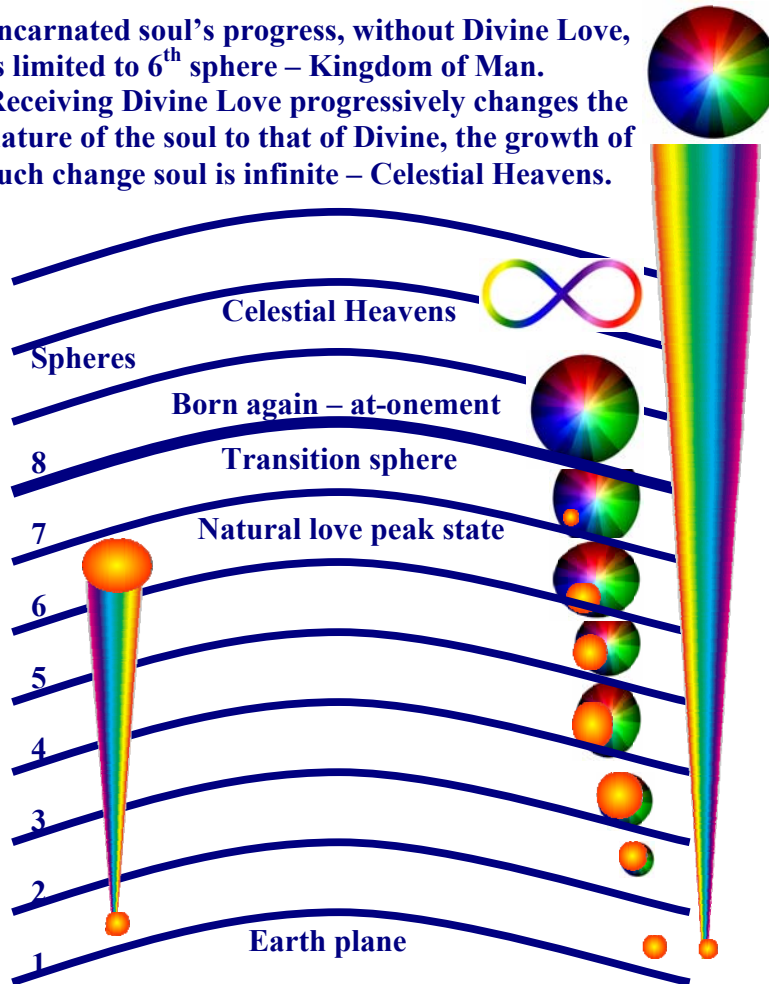

The MIRACLE of the CHANGE in NATURE of ONE’S SOUL:

When man, by the way that has been pointed out to him, becomes possessed of the substance of our Mother and Father’s divine nature, even in an initial degree, his soul commences to change and lose its character as a mere image, and to progress towards the attainment of that condition when this image disappears and the divine substance takes its place. And as the progress continues, he receives so much of the substance that his soul takes on the Divine Love nature of the Father, and his at-onement with the Father becomes so perfect that he becomes an inhabitant of the Father’s kingdom. This occurs when he becomes fitted to enter the first Celestial sphere. Here occurs another change which may startle those who teach that the mind is the essence of God and that is, that the mind – which man, both as mortal and spirit, possesses up to that point in the progress of the soul where the transformation into the divine nature takes place – becomes a thing of naught (or rather becomes absorbed in the mind of the soul), which is the real mind of the Father. Then and ever after, only this mind of the soul is that which enables the real divine man to understand the things of God, to help him in his progress.

Your friend and brother – Jesus **March 23, 1916** P.340 Book of Truths via Joseph Babinsky

Incarnated soul’s progress, without Divine Love, is limited to 6th sphere – Kingdom of Man. Receiving Divine Love progressively changes the nature of the soul to that of Divine, the growth of such change soul is infinite – Celestial Heavens.

As you may know these Celestial spheres are above the spiritual spheres, and are inhabited only by spirits who have received the new birth and who believe in the truths as taught by Jesus. No other spirits are permitted to enter these spheres, and no other spirits could possibly find any happiness in them, for in them divine love is so developed in the souls of the spirits who live there that any spirit not having that love would find that he is in an atmosphere that is entirely foreign to his qualifications, and he would be most unhappy. But as I say, no spirit who has not that divine love, which we tell you about, can possibly enter into these spheres. The walls of demarcation are just as solid and forbidding as are walls of demarcation in your prisons on Earth from the outside world.

The mind must stop in its progress at the sixth sphere, and after that only the soul can progress. But this does not mean that the spirit who makes such progress in the Celestial heavens does not increase in knowledge and understanding, for he does to a greater extent than it could be possible for the mere mind to progress; but this progress of a spirit in knowledge and understanding is a progress of the soul perceptions, of which I speak. The faculties of the soul are as far superior to and above the faculties of what you call the mind as are the heavens above the Earth.

P.208 Book of Truths through James Padgett / John

SPIRITUAL SPHERES 1–6

25 Sep 1915

Below the Celestial heavens, which are seven in numbers, are many planes, inhabited by spirits of many nations and races of mankind, and these various races have to a certain extent the customs and beliefs that they had when on Earth. The lines of demarcation are just as strictly drawn as are those of the several nations on Earth. The result of this, that many spirits who live in this exclusive manner never learn anything other than what their own leaders tell them and what their various sacred books may teach them. The Mohammedan is a Mohammedan still, and so likewise the followers of Zoroaster, and also those of Buddha and of Confucius, and all of the various founders of religious sects. Sometimes these spirits in their wanderings will meet spirits of other races than their own, and interchange thoughts, but very rarely do they discuss matters pertaining to their respective beliefs. There are undoubtedly truths in the sacred writings and beliefs of all these races of spirits, and to the extent that these truths are taught and understood these spirits are benefited. I am now speaking of spiritual truths, because as to the mere truths pertaining to the natural or material world, they all have the same opportunity to investigate and understand them. There are no race or creed or doctrinal beliefs and teachings as to these truths affecting the material, and by this I mean, material as it exists in both the spiritual and earthly worlds. But as I say, each of these races or sects has its own ideas and doctrines of the truth, and it can progress no further than the limits of these ideas permit it to progress.

No founder of any race or sect has ever taught the new birth, or the inflowing of the divine love in contradistinction to that of the natural love. And the teachings of Jesus are the only ones that reveal to man the existence of this divine love, and how to obtain it. So you see the importance of this truth coming to man. I must say here, that without the possession of this love no spirit can enter the Celestial spheres.

The teachings of the other founders will show men the way to a life of happiness, and to what they may suppose, continuous existence. But the teachings of Jesus are the only ones that declare and lead men to a realization of the true Immortality of the soul.

SPHERES: KINGDOM of MAN – SPIRIT WORLD

The first 7 spheres have logical and clearly defined end points both at the 6th and 7th spheres. Therefore a sequence of numbers is useful as a reference. Within each of these lower spheres there are many stations or sub-spheres so to speak through which beings move. There are barriers preventing movement from one to a higher one until the necessary changes have been made. The 6th sphere is the ending point for those who are following what has been referred to as the Natural Love Path.

There exists a barrier between the earthly levels and the spirit levels and this is largely man-made. This barrier has been built on fear and is made of belief.

There are barriers within the structure of the spiritual realms which constrain beings until they are fit to make the move to a higher level. This is not in anyway competitive or subject to examination but is to ensure that the being concerned does know what they need to know in order to function at the next level. The transition, when it happens, is totally smooth and natural and dependent of the level of knowledge of the being.

KINGDOM of GOD – CELESTIAL REALMS

Above the 7th sphere we enter into a greater awareness of infinity.

Why attempt to number infinity?

There is a much less clearly defined system of Celestial Spheres with what we could call a blurring of the edges.

Each of us who are within the Celestial Spheres knows who he or she is and knows what we can do. That one might be a little or a lot further along the path makes no difference to the mutual love that we feel or the level of cooperation that is found in every endeavour. If one is further along, that one is then committed to helping all others to come along. There is absolutely no sense of competition. That was left behind long ago.

We are also hounded by mischievous / malevolent spirits from the lower earth planes of the 1st sphere, referred to as the hells. It is these spirits that distract us with symptoms including those diagnosed as mental illnesses. It is our soul condition that attracts these malevolent spirits.

LUMINOSITY of the SOUL can be LIKENED to the FOLLOWING:

Soul Condition within Planes of Disharmony: MoC 50+/-
The soul condition of a soul that is obliged to spend some time within the ‘hells’ may be no bigger than a dried garden pea. There is no luminosity and the environment is total darkness.

The typical soul condition of humanity is such that they generate the luminosity of a single candle. MoC 210

A soul that has grown in love and soul condition equivalent to the 8th sphere – the point of becoming at one with God, the luminosity of such a soul is equivalent to the midday sun.

PLASMA and YOUR WELLBEING:

Loving emotions attract principal matter / anti-matter to your soul as you grow in love.

Soul

Spirit Body

Loving emotions enhance your life's experiences.

Your soul blossoms and your spirit state is one of beauty.

This way or that way?

Matter aspect of plasma is the energy that you recognise as your physical body. The energy lines of your bodies are enhanced with loving emotions. Negative emotions impede the flow of energy through your bodies and this brings about difficulties and illness. Love is the greatest energy that you can bring to your soul, spirit body, and physical body.

Attracting Antimatter Plasma results in a far healthier and loving life than by from attracting Dark Matter Plasma.

Unloving emotions cause the soul to loose radiance and to contract in size. Your spirit state experiences are devoid of happiness.

Unloving, negative emotions retard the growth of your soul and your life experiences are generally difficult in all aspects of your living.

Encrusted Soul

A soul's condition is never frozen. No matter what condition one's soul is in, from there it can grow in love. From the poorest state it can grow to

Spirit Body

LOVING and UNLOVING EMOTIONS:

They are plasmatic balls of energy.
Loving emotions are life enhancing.
Unloving emotions are life retarding.

Thoughts become Things.....

Emotions are Things.....

Emotional damage can fester and grow should you persist with the issue.

Negative emotions, that are those that calibrate 200 or under on David Hawkins' Map of Consciousness, create energy flow blockages within your meridians that are within your spirit body / etheric body. In the physical, these energy blockages / emotional injuries emerge to disrupt the flow of energy along your nervous system creating mayhem, pain, and ultimately illness. The frequency of the emotional injuries generally relates to the frequencies of specific organs in your body, that is why various emotional injuries are related to various illnesses.

The emotional injuries can be readily removed – permanently.

PLASMA:

Antimatter / principal matter is the life giving energy source.
Dark matter / transitional matter restricts the flow of light.
Matter is the concentration of these energies resulting in physical matter.
Plasma is the building block of all.

A recent discussion about emotions and thoughts centred on which comes first. Does one have a thought, and then create an emotion, or does the emotion itself give rise to thoughts? On a suggestion that emotions were of the mind, a quote from a message delivered by Judas on May 8th, 2002 was offered for consideration:

“The human soul has been described on several occasions by diverse spirits. Jesus explains that the soul is a creation of God, a separate and different entity, and is not an emanation from the Supreme Being, as some religions teach. The Master also explains that the soul is the seat of “spiritual emotions”, using the word “emotions”, because the soul does not “think” as the mind thinks. The intelligent activity of the soul develops on the spiritual level, and not on the level of reason. Therefore, it escapes description, in the same way as the emotions of the animal nature elude the intent of articulating them into words. Words are the shapes and structures of the “material” mind, to which emotions add colour and life.”

As this medium was typing his response to the various posts, this happened:

As I write this I am being overshadowed by an angel who wishes to say that anger is a product of a distorted mind but other emotions such as joy, laughter, sadness and love come from the soul. Geoff was right in his assertion that he does not truly understand the workings of the soul and neither do most mortals. The soul does operate from a different set of laws that are misunderstood by the mortal mind. Emotions which arise from a soul are actually felt differently from that place and once interpreted by the mortal mind are expressed differently. As one progresses with the inflowing of the Love (Divine Love), the difference will become clear. There will be no confusion or wish to deny one emotion while accepting another. All are part and parcel of the mortal. Angels feel emotions differently but they still exist within their souls as the Creator has gifted his precious children with many attributes that may be transformed and will come into perfect harmony and balance with the workings of the Divine Love. You will all come to see this issue with greater clarity as you progress in the Love. Give thanks to God for creating such a beautiful creature as yourselves that is capable of deep and abiding feelings and love.

As for the thoughts and their relationship with emotion. They are not preceded one or the other but work in tandem in regards to the soul. And these thoughts are simple, clear and without error in the redeemed soul as are the accompanying emotions. Both in harmony and expressed in tandem. The overriding feeling is higher Love that pervades all aspects of the redeemed soul. As I have said, there is a great harmony and balance created here by the blessing of God's great Love.

I am Judas, God bless you and we are pleased that you delve into such matters with deep interest and willingness to share and to learn. We will attempt to answer these questions as this instrument is in condition to do so. Do not stop questioning as this is one more avenue to soul growth. Knowledge brings you strength. Love brings you peace and joy. Together, these make a beautiful and effective channel for God's Love and Truth. I love you as do so many. God bless you.

Our wondrous soul is an incredible ball of plasmatic intelligent energy. With the infusion of Divine Love, our soul will progressively change from that which is not Divine to that which is Divine. All we need to do is ask!

We are created in the image of our Mother and Father, but not of the substance of our Mother and Father. There is nothing of the Divine within our soul at the time of our individualisation, that is, upon our incarnation which is at the time of conception.

We have free will. Only should we ask for God's Divine Love, do we receive it. With one's Feeling Healing, as we ask for and receive Divine Love the nature of our soul steadily changes to that which is Divine. Only with Divine Love can we grow and become at one with our Father. Becoming at one with our Mother and Father occurs upon our progression into the 8th Sphere, which is upon entering the Celestial Realms and leaving the Spirit World.

We can become at one with our Heavenly Parents whilst here in the physical world.

I am here, Jesus –

I am here according to promise and desire to write you on a subject that all men should be acquainted with – how the Divine Love enters into the soul of a man.

As I have told you before, man is a creature of God, having a body, spirit and soul. All these are necessary to make the perfect man. But these three parts of man are different in their characteristics and functions, and are separate and distinct, and have qualities that are unlike in their composition as well as in the duration of their existence.

The body, as you and all men know, has an existence which lasts only during the life of the mortal on Earth, and after that life ends, dissolves into its elements, which no more can form the same body either in the mortal world or in the spirit world, for these elements are merely things of **matter** and may be and are used to form other bodies and manifestations of the material of nature – not necessarily in the form of human beings, for they enter into other forms both animal and vegetable, and are so disseminated that never again will they become parts of a resurrected body. Your orthodox do not teach this truth, but think in some mysterious way that the mortal body will sometime be resurrected.

No; the body when it has performed its function of maintaining and shielding the soul and spirit of man during his Earth life, is no longer and cannot thereafter be a part of that man, and may be considered as something that is no longer a part of him. This body though, as a matter of fact, even during the life of the mortal is not the same body during that life, for continually is there changes in the elements that compose that body; and one element or set of elements, gives place to others and becomes lost or absorbed in the great sea of elements that help form or constitute the universe of God.

By operation of the laws of attraction and repulsion, these elements, as they replace others which disappear, conform themselves to the general appearance or outline of the parent body, so that the identity of the body as well as of its appearance is preserved; and as a man grows older, the laws which make the changes in his appearance cause these new elements to conform to these changes, so that, even while the material continues to envelop the spirit during the short span of a man's life, yet that material is not the same for any length of time. I make this preliminary statement merely to show that the material part of man is not at all connected with the real man, so far as the persistent nature for him is concerned, and this material need not be considered in discussing the subject that I desire to write about.

The spirit part of man is that part which contains what may be called the functions of life and the force and power existing in him and which immediately control him in his conduct and living. This real, existing principle of life, unlike the body, never dies, but continues to live after the spirit drops its envelope of flesh.

This spirit part of man contains the seat of the mental faculties and reasoning powers, and uses the organs of the material body to manifest these attributes. These faculties live and exist, even though the physical body may be in such imperfect condition that the spirit may not be able to make its manifestations in such a way as to enable the mortal to perceive or sense the material things of nature, as they are called. To specify, even though the material organs of sight may become impaired or

destroyed, yet in that spirit body, which is within the physical body, exists the actual sight just as perfectly and completely as if these impaired or destroyed organs were doing their functioning; and the same is true as regards the hearing and the others of what are called the five senses of man.

As to the reasoning faculties and mental qualities, they exist in the perfect state whether the brain is healthy or not, or whether it performs its work or refuses to do so. These qualities do not depend upon the soundness or perfect workings of the organs of the physical body in order that these spirit qualities may exist in a perfect condition, but the proper workings of the physical organs, or rather the proper and natural movements and manifestations of the brain, and the conscious operations of the mental faculties, do depend upon the spirit faculties being able to use these physical organs in a proper way and in accordance with the harmony of the creation of the relative and correlative parts of man.

The spirit faculties, which man calls the intellect and the five senses, are a part of the spirit body, which is enclosed in the material body, which in turn encloses the soul. When the material body dies, the spirit body continues to exist and live on in the world of spirit, and with it and as continuing parts of it, these spirit faculties, performing all their functions free from the limitations that the physical organs placed upon them. And when this change takes place, these spirit qualities, notwithstanding that they have not the material organs through which they functioned when in the mortal frame, can conceive thoughts of things material and hear and see things of the material just as they did, and even more perfectly, when they were enveloped by the environments of flesh and blood.

So you see, when the mortal dies the only thing that dies and is left behind is the mere physical body, and with the spirit body survives all those things which can be said to be the real man, so far as the mind is concerned. Hence, man never ceases to remember and to progress and to know that he is a being which death cannot destroy or change into something that he was not before death came to him. And thus I answer the question, "When a man dies shall he live again?" He never ceases to live, and his living is not a new life, but merely the continuation of the old life with all the things of mind and conscience that were his in the old life.

In the purely spirit life the spirit body continues to contain the soul and will be its protector and covering so long as that spirit body shall last. But this spirit body then begins to change, and by disintegration into what we may call spirit elements, and the formation of new elements to replace the disappearing ones. This change in this body is not caused by the same laws that operated to change and disintegrate and replace the physical body, but by the law controlling the development of the soul which the spirit body contains.

The soul is the real man, because it is the only thing or part of man that may become immortal, the only part of man that was made in the image of its Creator, and the only part of man that may become a part of the substance of its Maker and partake of His divine nature. I say "may," for that is an important part of this great possibility. I know this possibility of the soul becoming immortal by partaking of the divine nature of God is true, for it is a proven fact in the case of many souls who are now in the Celestial heavens. I also know that there are many souls in the spirit world, who have been there for many centuries, who have never received this divine nature and consciousness of immortality. Whether such souls who have not received this divine nature shall become or are immortal, has never been demonstrated. This I do know, that in the economy of God's plan for the forming of His kingdom, at some time – when, I don't know – this privilege of partaking of His divine nature and the certainty of

immortality will be withdrawn from the souls of men and spirits. Whether these souls who suffer this condemnation will partake of immortality no spirit knows, only God.

There are other things that I know and here tell you, and among them is this, that so long as the soul does not receive this divine nature, the mind, which I have described as being a part of the spirit body, continues to exist and dominates both soul and body; and in its progress it may attain to a condition of purity and perfection such as were possessed by the first created living souls (our first parents). Many spirits now are in this condition, but yet are mere men, and their souls remain only in the image of God – nothing more.

While God is mind, mind is not God; and also while God is spirit, spirit is not God. So that when men teach that mind is God, and that men must seek to attain to that mind, and thus become like God, they fall far short of the truth. The mind is only an attribute of God, and beyond and back of that mind is the real God – the personality, and that is soul, from which emanates all these attributes and manifestations which mortals as well as spirits may be conscious of.

But while God is Soul, yet that soul is a thing of substance with a nature divine, and the seat and fountainhead of all the great attributes that belong to Him, such as love and power and life and omniscience and mercy. And here I must state one fact which may startle those who believe and teach that mind is God, and that is, that which is called the human mind is not a part of the mind of God, for this human mind and all its faculties and wonderful qualities are mere special creatures just as are the spirit body and material body of man. As I have said, man was created in the image of God only as regards the soul (and here always bear in mind that the creation was only an image).

The mind of man was a special creation, just as were the minds of the lower animals, differing only in degree. And if God had not given to man a soul, and the spirit body to envelop it, and in which he placed this mind of man, when man died the death of the physical body, that would have been the end of him. As such, death is of the body, which is not a part of this soul image of God.

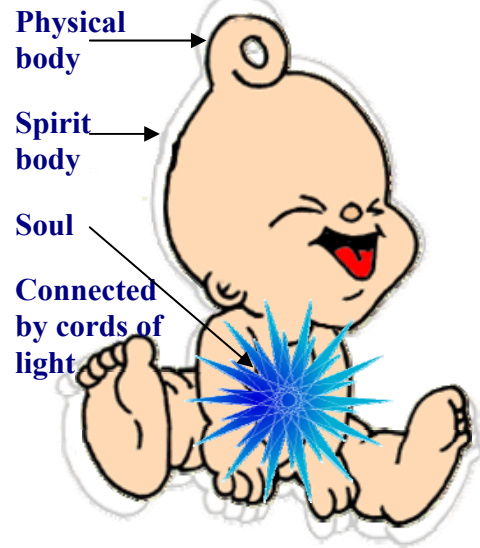

As I have heretofore written you, when God created man and made him in His own image as to the soul, he also gave to man the possibility of obtaining the substance of the Father – that is, of having that soul which was a mere image become that soul which is of the substance of the Creator. I have also explained to you how man, by his disobedience, lost that possibility, and for long centuries was deprived of this great privilege, and how it was again restored to him at the time of my coming to Earth, so that he now and for nineteen centuries past has had the possession of this great gift or privilege of partaking of the substance of the Father.

Well, when man, by the way that has been pointed out to him, becomes possessed of the substance of the Father's divine nature, even in an initial degree, his soul commences to change and lose its character as a mere image, and to progress towards the attainment of that condition when this image disappears and the divine substance takes its place. And as the progress continues, he receives so much of the substance that his soul takes on the divine nature of the Father, and his at-onement with the Father becomes so perfect that he becomes an inhabitant of the Father's kingdom. This occurs when he becomes fitted to enter the first Celestial sphere. And just here occurs another thing which may startle those who teach that the mind is the essence of God, and that is that the mind – which man, both as mortal and spirit, possesses up to that point in the progress of the soul where the transformation into the divine nature

takes place – becomes a thing of naught (or rather becomes absorbed in the mind of the soul), which is the real mind of the Father. And then and ever after, only this mind of the soul is that which enables the real divine man to understand the things of God, to help him in his progress.

*Remember that I love you and you have me with you at all times to help and sustain and comfort you.
Good night my dear brother, your friend and brother – Jesus*

A newly individualising soul is just a tiny invisible spark.

PERSONALITY

The life force for the spirit body and the physical body is via the soul. The soul is connected to the spirit body via cords, and in turn, the spirit body is connected to the physical body by cords of light. Should the cords between the spirit body and the physical body be disconnected then the physical / material body dies. The physical body is like our starting point for learning and experiencing our being. Our learning and growth experience then continues through the existence of the spirit body.

Revelation 20: Reincarnation is an oriental doctrine:

(This message is referred to as Revelation 28 on page 75 in New Testament Revelations of Jesus of Nazareth) <http://new-birth.net/samuels-messages/53-revelations/revelation-20-reincarnation-is-an-oriental-doctrine-ntr75/>

Received by Dr Samuels, Washington D.C.

March 10th, 1955

I am here, Jesus:

I am here again to write you about a subject that has created interest among you, the Doctor and others, and that is the article on reincarnation. In the Padgett Messages, various communications dealt with the falsity and absurdity of this Oriental doctrine, which holds that the human soul can reincarnate from one fleshly body to others in succession over periods of time and that as a result the soul has an opportunity to lessen its desire to sin and thus finally achieve purification while in the flesh.

If you will examine the question a little more closely, you will see the impossibility of the soul in the spirit world to be reincarnated in the flesh for the reason that the soul, for this supposed phenomenon, would have to shed the spirit body in order to enter into a mortal body, since **the soul is encased in a spirit body which is physical in nature but not of a gross material of what mortals call the material world, and that spirit body, which is the envelope and protector of the soul, is that which gives the soul its individuality as a conscious entity and remains with the soul so long as the soul lives.** In the spirit world no spirit body has ever been deprived of its soul, and no spirit body thus hypothetically divested of its soul has ever died or been disintegrated, or has disappeared from its habitat, except as it advances from one sphere to another while making progress either to the sixth sphere of spiritual paradise or to the Celestial Heavens and Immortality (spheres 7 and upwards).

As far as is known today by us in the spirit world, the spirit, that is to say, **the soul and its spirit body**, may live for all Eternity, if God so requires it, even if it does not possess the consciousness of immortality through possession of Divine Love, and it will certainly continue to live throughout all Eternity – **the soul and its indissoluble spirit body** – if it does possess the Divine Love, Immortality and At-onement with the Father.

As soul cannot be taken from, or torn from – or in any other way deprived of – its spirit body, once it has come to the spirit world, it would be equally impossible for the spirit body to enter the human body of another human being, for only a soul without a spirit body can enter a human body, and on the death of this body, the soul manifests its spirit body. The doctrine of reincarnation is, therefore utterly without foundation, for it is impossible, let me repeat, for a soul with its spirit body to enter a human body to be born again in the flesh.

When a human being dies in the flesh, his soul has already achieved under ordinary circumstances the purpose of his creation, that is, individualization and the creation of receptacles for soul's, and in his spirit body, in size, shape, appearance and nature, is the complete creation without the envelope of flesh.

This soul appears in the spirit world laden with the inharmonies of its Earth life, but since it has the opportunity of eliminating these inharmonies and becoming a purified soul in the spirit world through the exercise of its will and moral force and repentance, or becoming a Divine Angel through prayer to the Father for His Divine Love and Mercy, transforming the soul into the very essence of the Father, it is

therefore absolutely unnecessary for the soul to go back to the flesh for another chance to purify itself, for the loving and merciful Heavenly Father had already provided a plan that would enable the soul – the real man – to attain purification, and here God showed Himself to be more merciful than He might have been had He decreed successive trials in the flesh for the process of purification, for man while thus seeking to purify his soul, would at the same time have to contend with the sinful influence of the flesh, and his ultimate purification would thus indefinitely be delayed or perhaps never accomplished until the very end of time. You can thus see that God has shown His Love for His created children by providing a way for them to be purged of their sins, while being free of baleful influences of the flesh, which would only hinder, and make more difficult, their tortuous progress toward purification.

As regards the sayings in the New Testament, the first thing is that I never had any thought of reincarnation when I asked my disciples, especially Peter, ["of whom do the people say, I am?"](#) for that question was formulated simply to have them state whether they considered me the Messiah, as some of them already did, although not in the spiritual sense or the exact understanding that I had brought immortality to Earth in my soul.

Again, you were right in thinking that I said: ["but I say unto you that it was one like Elijah is come,"](#) – and not – "But I say unto you that Elijah is come," for I did refer to John the Baptist, who in his type of sermon and in his temperament, and even in his garb and food, was a throw back to Elijah, – but here the similarity ended, for each of these lived different lives, and are individual souls and are both living in the Celestial Heavens at the same time, and this is a physical impossibility with reincarnation, for, in this doctrine, if Elijah was John the Baptist, only one soul and only one spirit body would be involved.

The child born blind did not sin, nor did its parents, but suffered blindness because of the physical defect in his mother, which prevented the perfect development of the foetus in her womb, and thus this defect has prevented the perfect manifestation of God's work of creation. This defect is one of many to which the imperfect world of the flesh is subject, and it is for this reason that purification of the soul while in the flesh would be a task of countless centuries, and a punishment worse than the most evil hells of the spirit world in its duration. The quotation from Revelation, chapter 3, verse 12, ["He shall never more go out", referring to the "Temple of my God"](#) is an allusion of the soul possessing the Divine Love, to such a degree that immortality is a conscious possession, and its home is forever more the Celestial Heavens, although, the writer, himself, understood very little of this, and had in mind a purified soul, and not a Divine Soul, with its habitat in the sixth sphere.

p.518

**published by Joseph Babinsky
May 25, 1917**

I am here, Jesus -

I have been with you as you prayed, and joined in your prayer to the Father for the inflowing of His great love into your soul in great abundance; and I know that His holy spirit is present and that His love is flowing into your soul, and that you are becoming in at-onement with the Father. His love will always come to you when you pray as you have tonight, and His listening ear is always open to the earnest aspirations of His children who come to him with the true longings of the soul. You have the secret of reaching the Father's love, and on all occasions, when you feel that you need that love, or desire a nearness to the Father, use the secret and you will not be disappointed.

Then the question is: *Who and what is God?*

Well, to begin, God is soul, and soul is God. Not the soul that is in the created man, but the soul that is Deity and self-existent, without beginning or ending, and whose entity is the one great fact in the universe of being.

God is without form, such as has been conceived of by man in nearly all ages, and especially by those who believe in the Bible of the Hebrews as well as in that of the Christians. But nevertheless, He is of form, which only the soul perceptions of the soul of a man which has arrived at a certain degree of development, that is taken on the divine nature of the Father and thus become a part of the soul of God, can discern and realize as an entity. There is nothing in all nature with which men are acquainted or have knowledge of, that can be used to make a comparison, even in the spirit perceptions, with this great soul; and hence, for men to conceive of God as having a form in any manner resembling that of man, is all erroneous – and those who in their beliefs and teachings deny the anthropomorphic God are correct.

But, nevertheless, God is of form such as to give Him an entity and substance and seat of habitation, in contradistinction to that God which, in the teachings of some men, is said to be everywhere in this substance and entity – in the trees and rocks, and thunder and lightning, and in men and beasts, and in all created things, and in whom men are said to live and move and have their being. No, this concept of God is not in accord with the truth, and it is vital to the knowledge and salvation of men that such conception of God be not entertained or believed in.

To believe that God is without form is to believe that He is a mere force or principle or nebulous power, and, as some say, the resultant of laws; which laws, as a fact, He has established for the controlling of His universe of creation, and which are expressed to men by these very powers and principles, that to some extent, they can comprehend.

The child has asked: "Who made God?" And because the wise men cannot answer that question, in their wisdom they conclude and assert that there can be no real God of personality or soul form, and, hence, only force, principle or evolved laws can be God (and in their own conceit think that they have solved the question). But the child may not be satisfied with the answer, and may ask the wise men: "Who made principle and force and laws that must be accepted as the only God?" And then, the wise men cannot answer, unless they answer "God," which they do not believe, but which let me say, is the true and only answer.

God is back of force and principle and law, which are only expressions of His being, and which without Him could not exist; and they are only existences, changeable, dependent and subject to the will of God, who only, is “being”.

God then, is soul, and that soul has its form, perceptible only to itself, or that of man, which, by reason of the sufficient possession of the very substance of the great soul has become like unto God, not in image only, but in very essence. We spirits of the highest soul progression are enabled by our soul perceptions to see God and His form. But here, I use the words “see” and “form,” as being the only words that I can use to give mortals a comparative conception of what I am endeavouring to describe.

When it is remembered that mortals can scarcely conceive of the form of the spirit body of a man, which is composed or formed of the material (matters) of the universe, though not usually accepted to be of the material, it will be readily seen that it is hardly possible for me to convey to them a faint idea even of the soul-form of God, which is composed of that which is purely spiritual (that is, not of the material, even though to the highest degree sublimated).

And although I am not able because of the limitations mentioned, to describe to men that form which they may glean a conception of the soul’s form – as such form can be seen only with the soul’s eye, which eyes men do not possess – it must not be believed that because men cannot understand or perceive the truth of the soul’s form, therefore, it is not a truth. A truth, though not conceived or perceived by men, spirits or angels, is still a truth, and its existence does not depend upon its being known. And even though all the mortals of Earth and the spirits and angels of heaven, save one, could not perceive the existence of that truth, yet its existence perceived by that one irrefutably proves its reality.

But, as I have said, the truth of God’s form – the soul’s form – can be testified to by more than one of the Celestial spirits of men passed from Earth. And the possibility is before mortals of the present life in the great future, if their souls have become possessed of the divine substance of God’s love in sufficient abundance, to perceive God as I have attempted to explain.

The created soul of man has its form, it being made in the image of God; yet man cannot see that form, although it is a fact and can be testified to by many in the spirit realms.

And here it need to be said, that when in our message we speak of God as being without form, we mean any such form as men have or think they have conceived of, and our expressions must not be considered as contradictory to what I have tried to explain as the form of God.

Well, in addition to the form, God has a personality, and this is expressed and made known to man by certain attributes, which to the consciousness of man is existent in the universe. And to some philosophers and scientists and wise men, these attributes are their impersonal God himself, and to them the only God. They make the created, the Creator, not realizing that behind the expression must be the Cause, and that greater than the attribute must be That from which the expression of the attribute is projected (or, as they better like to say, evolved).

And here, I, who know, desire to say that these manifested attributes (or forces and powers and principles and laws and expressions) do not, all together, constitute or be that from which they flow, or

in which they have their source. God is Himself, alone. His attributes or expressions manifested to mortals or spirits are only the results or effects of the workings of His spirit, which spirit is only the active energy of His Soul – Himself. And hence, the form of God is not distributed over the whole universe of creation where His attributes may be, or because they are everywhere manifested.

No, as was said by Moses of old, and as was said by me when on Earth: God is in His heavens. And although it may be surprising and startling to mortals to hear, God has His habitation. And God – the substance, the self-existing soul form – has His locality, and men do not live and move and have their existence in God. But in His emanations and expressions and spirit they do.

With my love and blessings, I will say, goodnight. Your brother and friend – Jesus

Note: Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to ‘our Mother and Father’. Further, when considering soul healing, then reference to Divine Love could be referred to as ‘Feeling Healing with Divine Love’.

The TRUTH; A Paranormal Journey:**by Werner Voets**

I am here, Jesus.

I am about to write about a subject which may be important to you and to those wanting to read these messages.

I wanted to write something about “the Holy Spirit”, because it is something that many people do not understand.

The Holy Spirit was created in order to make the Divine Love available to man. This Love is the highest man can possess. That’s why this Spirit is called ‘Holy’ – to underline just how important it is.

I heard what the priest said about the Holy Spirit, but his conclusions were not entirely correct. Contrary to what he said, the Holy Spirit is limited in its acts.

He can only serve, and shall therefore only be used as a conduit for the Divine Love. Anything that has nothing to do with this Love, cannot be proof of its existence. When the disciples received the Divine Love, they thought something was happening to the house they were in. But they were mistaken, for the Divine Love can only have an effect on the soul of individuals and not on inanimate objects. That will show you how tangible the opening of the soul and the reception of the Divine Love are.

Man must learn that it is not because somebody has been given certain gifts that this person has received the Holy Spirit. Many healings can be performed using “ordinary” spiritual powers. The Old Testament is filled with cases where people were healed, while the Truth about Divine Love was not yet known at such time. Yet these healing were performed, and this happened by using natural love. This love is ever present and at anybody’s disposal.

All things exist and grow within the Spirit, whether directly or indirectly. He is the source of life, light, health and the many other blessings man can count as his – whether he is a sinner or a saint, poor or rich, ignorant or educated. All rely on the same Spirit. He is universal in operation and existence, and is omnipresent. He can be used by anybody, and developed further, on the condition that people are receptive to it.

Furthermore, this illustrates the fact that the Great Soul, through the Spirit, is always with man – in the lowest spheres, as well as in the highest. The Spirit works continuously, uninterrupted, and always at the request of man, whether that request is mental or spiritual. The Spirit controls the cosmos, of which the Earth is but an infinitesimally small speck.

But the Holy Spirit is different from the Spirit, just as the soul of man stands apart from all other creations. It is that which is being used in the relationship between the Great Soul and the soul of man. And that’s all. The subject of its operations is the Divine Love. The object of its operations is the soul of man.

The great purpose of the Holy Spirit is the transformation of the soul – the image – into what we call the Substance. What I have explained to you here is the greatest miracle in the entire universe. This transformation is so important, sacred and merciful that we call it the Holy Spirit.

So do not let anybody teach that every part of the Spirit which has an effect on the hearts, thoughts and emotions of man, is that which we call the Holy Spirit; for it is not true.

You have already been explained the way in which the Holy Spirit operates. When a man asks for Divine Love, the Holy Spirit will function as a conduit to lead that Love to the individual.

You must therefore first seek the Truth. Everything you need will then be given to you. Do not speak about the Way, unless you have found the Way. Do not instruct without having sought and found the Truth.

I will leave it at this, and leave you with my blessing.

Your brother and friend, Jesus.

The opening up of the soul permits a permanent exchange with Divinity, a permanent recharge of this healing energy that allows not only the re-establishment of lost health, but the continuity of health, providing such a perfect balance, even in the physical body, that noxious agents like bacteria and virus cannot find any opportunity to unchain pathological reactions, which we commonly call illness.

But it is true that people without the benefit of Divine Love would lack the protective shield, which the intrinsic healing energies of Divine Love provide for those who pray for our Heavenly Mother and Father's Grace.

Judas – August 19th, 2001

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God's soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

INTELLIGENCE, MIND, BRAIN:

Prior to conception, we are only a feeling of God. Our parents attract us thus creating our spirit mind and body brain.

Spirit Body has organs, being material body for spirit world, spirit body reflects condition of your soul.

Our Intelligence is Soul based. The capabilities of discernment, e.g., by kinesiology muscle testing, expands only with the growth of our Soul’s intelligence. Upon conception, the creation of both our Spirit Body and Physical Body occurs, bringing forward our unaware Soul to start our journey. Upon death of the Body, the brain dissolves. The mind continues to grow in the Spirit Body until we progress through the 7th sphere into the 8th sphere at which point we are ‘born again’, one with God, entering the Celestial Realms, and the mind is no longer. Our soul intelligence grows as does our soul expand with the ever increasing infusion of Love from God.

SUPER SENSORY SENSES

The super sensory senses are within the soul:

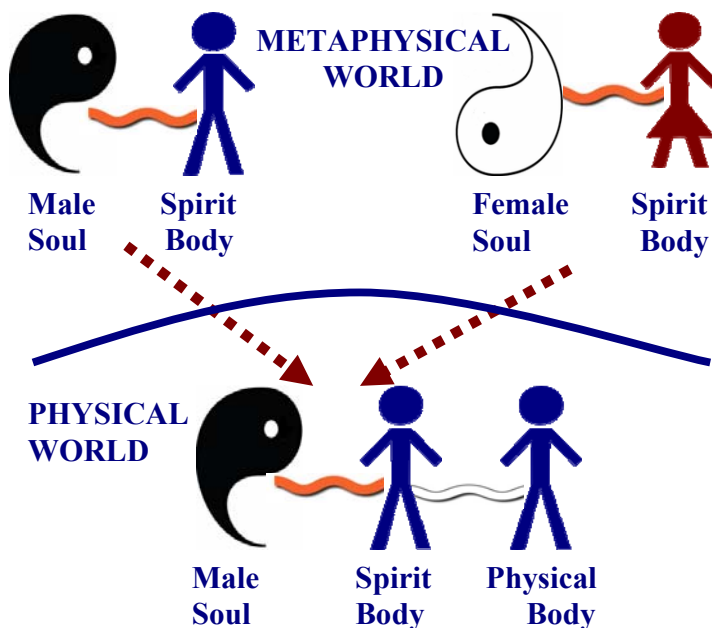

- Soul has many, many senses.
- Spirit body has much higher senses and capabilities than the physical body.
- Body has five sensing tools – sight, smell, touch, hearing, and taste.

When the soul receives Divine Love, even the super sensory senses continue to grow.

Physical Body	↑	we first generally develop our physical senses.
Spirit Body	↑	mind / brain development starts.
Soul	↑	soul development is typically ignored on the planet.

Soulmate development is soul to soul.

Once we open up our soul, we cease to depend upon our bodies, and connect soul to soul.

The more commonality in your soul condition that you have with individual spirits creates the rapport between you and spirits.

Spirit body and physical body look the same.

NEGATIVE EMOTIONS are UNINVITED PLASMA FIELDS:

Unhealthy and negative emotions enter our soul as uninvited and unwelcome plasma that then proceeds to disrupt the energy flows of the spirit body which is the template for the physical body.

This plasma fields or balls can grow in size should they be fed with more and more of the same or similar negative emotional energy. A plasma field can collect energy from released and projected emotions from time to time.

These emotional injurious plasma fields are first attracted to specific organs that reflect the energy of specific emotions, the plasma field can then proceed to lodge anywhere within the bodies of the spirit and physical. Thus, an emotion of the heart may subsequently reside within the stomach region, both inside and protruding out there from.

Initially, the injurious uninvited emotional field, being plasma, may be extremely small, however, if allowed to fester and grow by drawing on the negative emotions of those within your environment, the energy field may grow and grow in size from that of a mere pin head to the size of a melon. This progression could take the time from very early childhood to one's senior retiring years.

As all plasma consists of magnetic and gravitational fields, once your intent is focused upon it, firstly recognising its existence, and then focusing your intent for it to be removed, the magnetic field can act in your favour. With the introduction of even a marginal amount of additional magnetic energy, by way of Reiki or by the passing of a small magnet down your meridian, then the dislodgement of the emotional plasmatic field can be achieved.

We are all energetic magnetic beings. The interference to our physical body's template, which is within our spirit body, can readily occur. The transfer of the disruption to the physical body is generally very slow, however, it can be very painful and damaging over the long term.

The extraordinary capabilities of the spirit body are extensively dumbed down and throttled back when it comes to the functionality of the physical body. The spirit body has all of our physical five senses, however, in much greater capacity, as well; the spirit body has maybe a dozen senses in all. Our physical existence is like being on training wheels for our incredible experiences to come within the spirit worlds.

“If cancer was not in our “energy”, then it was not in our reality. If feeling good about ourselves was in our energy, then our reality would be positive.” – Anita Moorjani

Our FEELINGS are our SUPREME GUIDES:

Feelings!

Feelings are what guide us through our ascension of truth. So they are really our Supreme Guides. Many people look for a person, spirit, angel, even God, for supreme guidance, however it's all right there already built in – in our feelings. We just have to submit to them, allowing them to take us where they will, expressing all the parts we want to express, letting the emotion drive that expression if it's there to be expressed, or just talking about all we feel and how feeling that feeling is making us feel – or, how we feel about having that feeling, all whilst longing for the truth of our feelings. Longing for the truth of our feelings is really: Longing for the truth of our self, because: we are our feelings. So life stirs up our feelings, we feel being alive; or, being alive means we are feeling, always feeling; and when we work out what and why we are feeling what we are, so then we know the truth of how we are. And over time the truth accumulates, and our mind expands our understanding of ourselves, all being driven from our feelings. Kevin 26 Sep 2017

Using our feelings to uncover the whole truth of our negative or anti truth and anti love state.

Kevin: So whilst we're of an untrue state, then all we have got to help us understand why we feel bad, why we are wrong, why we are negative and anti love and truth, is our feelings. So if we focus on our bad feelings, they will lead us to the truth of why we're feeling bad. Which will be the truth of what happened to us to make us be this wrong way, and how we took on the wrong way and keep it going making us feel bad.

FEELING HEALING

Note: The vital difference between emotion and feeling is that emotions have their roots in the past, and feelings relate to the present moment. Emotions represent our feelings which were not previously expressed, and these accumulate with time.

Note: Our feelings are soul-based. Our soul is always in truth. It is our soul based feelings, that when allowed to be freely recognised, we will begin to express and be who we are. This takes time and perseverance as we have encrusted our souls with layers upon layers of errors and false beliefs, it is these layers that will confuse the truth that our soul is conveying to us. Only by our progression with our Feeling Healing will our soul's expression of truth become clear and free of all cloudiness and contamination.

“What our soul needs in accordance with our own, individual, **Soul-Light-Plan-Of-Destiny** (your life's true destiny plan), They, being our Mother and Father, will give you as required. The only way we can know truly what we need is to honour and follow our true feelings. They, springing from our soul, literally telling us what we need, and so when we genuinely feel we need something, we apply our will to get it. The hard part is knowing if our feelings are true, and until we have done our whole soul-healing, they won't be clear and total true.” James – Introduction Course to Divine Love Spirituality

SOUL CONDITION:

Dark is not a good condition of love.

All these factors, conditions, influence where you arrive within the spirit world.

If my soul condition is poor, I can't access a higher condition within the spirit world until I work my way up into a better condition.

If I have family members in a higher condition, I have to wait for them to come and see me.

Your capacity to love is a determining factor.

Many families have very similar beliefs, morals, and conditions of love, thus, many families pass into the same or similar locations in the spirit world due to their similar soul condition. It is the soul condition that determines the location in the spirit world.

Our soul is an energetic system, emotions are running constantly. Our soul's emotions cause energy meridians in our body. The 7 chakras are where 192 energy meridians intersect. These are energy meridians in our body that our soul has control of. Our soul's emotions control them. What is happening is that, lets say I have an emotion of unworthiness, and I have this unworthiness emotion that causes damage to these two energy meridians, 1 and 2. If my unworthy emotion is related to myself and I am a male, then I will have a certain response in those two meridians. Now that causes energies in my physical and spirit body to not flow properly in that region, which causes my body to not to be able to completely replenish that area, which causes disease in that area of some kind, depending on what type of emotion that is and depending on how that energy affects that area of my body. But it is this, the soul is swirling mass of energy. This soul is your real self, swirling with energy all the time.

Energy in motion – E-motion, this is your soul, the real you.

It is where the energy is stopped, blocked, due to certain emotions, your soul not wanting to experience the emotion.

At that location, there will be an injury appear in your spirit form, and correspondingly, the injury will appear in your material form.

That is the creation of all disease.

Soul Condition:

It is your soul condition that attracts spirits as well as people here on earth.

Your soul condition is what attracts everything.

Your soul condition is the sum total of everything within you emotionally, all your belief systems, all of your emotions, all of your passions, all of your desires. It even includes your intellectual beliefs. All these things make up your soul condition. They all govern the Law or Rapport.

Spirits see the brightness of the spirit body, they deduct that the spirit body is the soul, whereas it is not. Spirits cannot see the soul. The spirit body just reflects the condition of the soul. Your spirit body reflects, moment by moment, what is going on in your soul.

Soul Spirit Body Physical Body

The etheric body is the spirit body.

The soul is the real you!

Now your soul, is half of your real soul.

Love is an energy, it is not a state which many 6th sphere natural love spirits believe.

An emotion is the energy in motions.

To be a state it is just an energy – not in motion.

A state considered to be love is a delusion.

Love motivates action because of the feeling.

Consider that being at one with God with Christ consciousness, being a place full of desire, full of passion, full of adventure, being wanting to be doing and feeling. One will not have any negative feelings so one's motions will be loved based, but one will be in motion, dreaming and desiring.

When we get in the head, we become zombie like, not feeling our emotions.

Specifically, the Holy Spirit is for the transmission of Divine Love into your soul. It is the pipeline / connection.

The soul is the real you.

The real you needs to connect to the Real God.

How do they talk to each other?

The way we speak / connect to God is through our emotions.

All prayer is soul to soul, your soul connecting to God's soul.

God's Divine Love: Pray for it, ask for it, and receive it.

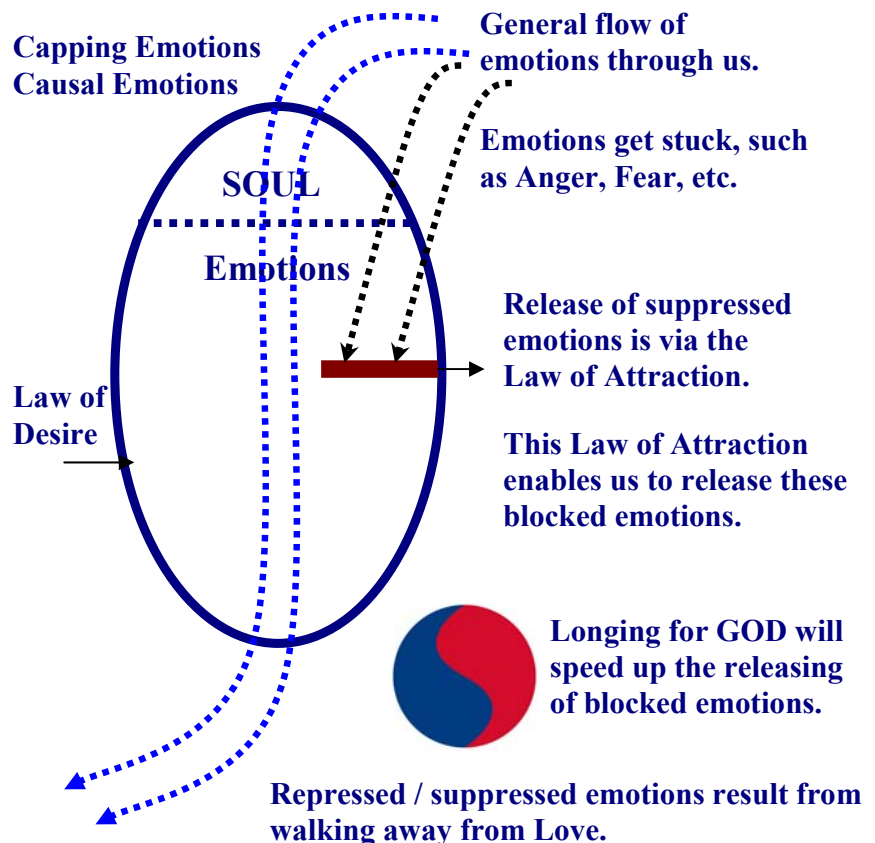

The problem for healers is that the patients own physical soul is generating the problem.

When the person who we are trying to heal, does not want to deal with the cause, the healer's power is severely diminished to assist them because their own soul is generating the problem.

All illness is of a result of the soul having these blocked emotions, which then create the illness in the physical form and the spirit body. If the person's soul condition is not addressed then the person is going to recreate the same type of problem and issues.

It is very important that we start to see things at the causal level, particularly in the medical and healing profession.

WE are CREATED as EMOTIONAL BEINGS:

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God's soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

Little Book of Truths, the Apostle John's letter and message that he wrote on August 5th, 1916.
The excerpt follows:

Divine Love is the greatest thing in all the world, and the only thing that can make man at-one with the Father, and change the soul of man as it has existed since his creation into a divine substance filled with the essence of the Father.

There is nothing else in all the universe of God that can cause man to become a new creature, and an inhabitant of the Father's kingdom; and when men possess this love, then they possess everything that will make them not only the perfect man, but the divine angel.

Then men will understand the moral precepts of brotherly love, and also the Father's oneness, and they will not have to seek for other help in order to bring into the life of the human race those qualities that will bring to it peace and good will.

Then will every man know that every other man is his brother, and be able to do unto each as he would have the other to do unto him, and this without effort or sacrifice on his part. For love worketh its own fulfilment and all its beneficence floweth towards the fellow-man as falls the dews from heaven. Envy and hatred and strife and jealousy and all the other evil qualities of man will disappear, and only peace and joy and happiness will remain.

It is so abundant that it may be possessed by all men, by the mere seeking and the sincere longing for its inflowing. But man must understand that it is not his by matter of right, nor is it ever forced upon him, but comes only in response to the sincere earnest prayer of a soul that is filled with longings for its coming.

This love comes not with observation of mere moral rules, or with good deeds and the exercise of the natural love of a man towards his fellows, because no man can possibly merit it by any deeds or acts or kindness of heart that he may have. All these things are desirable, and they work out their own rewards, and bring the happiness and peace that result from good thoughts and kind deeds; but all these do not bring into the soul of man this great love.

It is the Father alone who bestows this love, and only when the soul is opened up to its reception can it possibly find its home in that soul.

It is greater than faith or hope, because it is the real substance of the Father, while faith and hope are the qualities which a man may possess by his own efforts, and which are given him that he may realize the possibility of obtaining this love. They (faith and hope) are merely means; love is the end and fullness of their exercise.

But men must not believe that all love is the Divine Love, for it is very different in its substance and qualities from all other loves.

All men have, as a part of their possessions, the natural love, and they need not pray for a

bestowal of that (although since it has become defiled by sin, it needs to be purified and freed from this blight, and the Father is ever willing and ready to help men obtain this purification).

But this Divine Love is not a part of man's nature, nor can he obtain or possess it except he seek for it.

Divine Love comes from without and is not developed from within.

It is the result of individual acquirement, and not the object of universal possession.

It may be possessed by all; it can be possessed by only a few; and each man must determine for himself whether it shall be his.

With God there is no respect of persons; neither is there any royal road to the obtaining of this love. All must pursue the same way, and that way is the one that Jesus taught – the opening up of the soul to this love finding a lodgement therein, which can be brought about only by sincere prayer and longing for its inflowing.

This love is the life of the Celestial heavens, and the only key that will unlock the gates; and when the mortal enters therein, all other love is absorbed by it. It has no substitute, and is, of itself, a thing apart. It is of the essence of the divine; and the spirit which possesses it is divine itself.

It may be yours; it may be all men's – and it may not. You must decide that question for yourself ... Not even the Father can make the decision for you.

Divine Love is the greatest thing in all God's universe, and not only the greatest, but the sum of all things, for from it flows every other thing that brings peace and happiness.

MIND INDUCED SOULMATE RELATIONSHIPS – FALSE SOULMATE:

Rebellion and Default

MIND-Created soulmate

HEALED (Celestial)

**Incarnation
TRUE Soulmate
Soul : Expressing
two personalities
– being soulmates**

Female soulmate
fantasy man (untrue)
Unsuccessful marriage

**WOMAN
Eternal Marriage
MAN**

Male soulmate
fantasy woman (untrue)
Unsuccessful marriage

Rebellion and Default MIND-Created false soulmate:

Female soulmate
Unsuccessful
marriage to fantasy
untrue man

Being in rebellion by default, all our relationships are untrue and based on fantasies and erroneous beliefs of our mind. These relationships formed through the mind, are at best, temporary, and will ultimately end. They are false soulmate relationships.

Male soulmate
Unsuccessful
marriage to fantasy
untrue woman

Eternal soulmate marriage between a man and a woman only takes place for those that fully heal themselves of the imposts of the Rebellion and Default. Through longing for the truth behind all our feelings (both good and bad), we can begin to live true to our feelings. And once healed, and reaching a Celestial Soul Condition, through our true feelings we find our soulmate, our true companion for all eternity.

Relationships formed through the minds of couples who are unhealed are temporary!

We should incarnate as One soul – expressing Two personalities – soulmates, a woman and man – the perfect union for all eternity.

We incarnate into Rebellion by Default against this.

We live in denial of the truth of ourselves – the truth of our soul.

We look for our soulmate, however it's the 'other half' of our fantasy mind. It's all an illusion, false – the imperfect union. It can't possibly ever be perfect, it's doomed for destruction. No false and untrue union is eternal.

We project this mind-fantasy soulmate onto our partner. We mistakenly believe they are our soulmate, our true other half, yet they are at best only the other half of our mind-contrived soulmate belief. These relationships never last. They are a moment, a glance of hope, a one night stand, a relationship short or long term, marriage with children, lasting until we die and possibly carrying on in the mind worlds in spirit, but doomed to extinction. If your marriage is 'successful', it's just that you manage to fit your false mind fantasy that you are soulmates, well enough to last a little while longer than most who are 'unsuccessful'.

We are to heal our untruth, fantasy, mind-generated false soulmate. By bringing it out so we can understand how and why we're created it and what we expect, long for, hope, it will give us – all the love our parents didn't give us. We want our fantasy mind-created false soulmate to fill all the holes in us, to unconditionally love us, to never reprimand, criticise, judge, curse, hate, disrespect and make us feel bad – only to love us and make us always feel good – to take all our pain away.

The ultimate mind panacea.

We are to heal the need for creating such a wrong thing.

We are to live true to all our pain and feelings of powerlessness and utter devastation of not having anyone who loves us and we can love, because we weren't loved and aren't loving. And once we

understand it all, we are then to come to terms with the fact that all our relationships are false and will end.

And that one day, when we are ready to let go of our falseness, we will change into becoming the opposite – truly loving and truly loved, with no more holes that need to be filled in. So our mind can stop being our chosen soulmate and saviour, it can stop being our substitute Mother and Father, and we can live true to our feelings, enjoying our true soulmate, the one God has provided for us.

As we give it up becoming of a Celestial truth, we meet our true soulmate, she/he having healed her/his untrue mind-fantasy soulmate, thereby becoming true soulmates, free to live happily and lovingly forevermore – a truly successful relationship and eternal union.

PARENTING:

Tuesday, 16 October 2018

I, James, want to write a few points about parenting having read a few pages of *Parenting is Forever* by an Australian paediatrician – Elizabeth Green, a book I saw at the library.

The hard truth is: if you parent whilst being of the Rebellion and Default, then you will be severely damaging your children. It's what we fail to understand; and we've been doing it for a very long time.

The whole notion of one can be a 'good' parent or a 'bad' parent needs to be thrown out the window. When you understand we're all living in a state of truth-denial; that we are denying the truth of ourselves, nature and God; that we are living against ourselves, nature and God; that everything we do is wrong and within the Rebellion and Default, then everything one might do as parent will be wrong too.

Until you begin your Healing, everything you do with your children will be stuffing them up. It can't be helped. And you won't know how you are stuffing them up until you do your Healing. You can't see the full extent of what you are doing to them either positively or negatively as you are parenting them – unless you are doing your Healing. And you can't work out how to stuff them up less, as it doesn't work that way. They will come to know how stuffed up they are – what a 'good job' their parents did on them – when they do their Healing.

We have to do our Healing so as to see the truth of our relationship with our parents. And until we see it, we'll remain forever more bound up in our Wrongness.

And the idea that we can learn how to parent, learn how to be better parents, use our mind to parent children, is wrong, too. We can use our mind to learn whatever we want, but as that too is being done in rebellion against the truth of our true self, so it's only going to negatively effect your child.

A parent might be able to parent its child to fit better into life, living a more morally acceptable, respectful and loving life, however it's all still learnt, so it's a contrivance based on current acceptable pretence and falseness – it's all untrue and a fantasy.

Parenting happens on multiple levels most of which the parents are unaware, and all starting at conception. At conception, it's all already done, it's a done deal – pregnancy, childhood, adulthood is just the outworking of it. So all our negative patterns are conceived at conception (incarnation), with the only way to change those denial, rebellious, anti truth and anti love patterns being to do your Healing by seeking the truth of your feelings. And once your Healing is complete, then you will be living wholly positive, true and loving parents.

The truth you are living is 'organically' imparted 'absorbed' by your child all the way along, and right up until you have completed your Healing when technically you are no longer the parent of your child,

having given it up completely to God, it being wholly God's child. By the time we're all of a Celestial truth we are then truly children of our Heavenly Mother and Heavenly Father without any further parent / child connection on any level other than in our memories. When you have completed your Healing, then you will be totally free of your parents. Until then, even through they might not be personally present and active in your life, still you are living out the patterns that resulted from being with them, even if that was only for a moment. With those patterns all being 'broken' and transformed into leaving your physical parents for your true Soul Parents as you progress through your Healing.

Your child becomes the truth that you are. If you living against truth, so untrue, so it will follow suit becoming untrue. The intrinsic child being an expression of its soul, is true and perfect, however we become untrue and imperfect being incarnated onto a Rebellious world. Your child can't be anything other than how you are – it is 'your' child. All the factors such as DNA and inheritance contribute to how your child is, and on all levels, not just the physical, it all being long lines of generational denial being passed onto your child. And this then works with the whole environment the child is subjected to, which includes all of nature, all what happens in one's life, and all that's happening on unseen levels from spirit, all what's going on emotionally, mentally and psychically – the relationship between them both, it all going into and working to reflect the desired outcome the child is to be in every moment of its life, all of which is ultimately underpinned and fully orchestrated by the soul.

Your soul is expressing you in Creation. It has encoded within it, all that you are to ever be. God has put it already all within your soul, and your soul is 'unfolding' through light, expressing that pattern which governs every aspect of your being. So why that genetic trait is activated by those environmental conditions is all overseen and orchestrated by the soul. Nothing is random, there is no bad luck that your child suffered this problem, and it is more than because you smoked and drank during pregnancy you somehow damaged your child. All of you is damaging your child all the time, even if you feel a great love for it and it for you.

Until you've fully Healed yourself, it is all damaging, fantasy, untrue and unloving. Every second your child is with you, you are negatively affecting it (unless you are doing or have done your Healing). And even when it's not with you, you are still connected by unseen psychic cords on all levels of the mind, emotions and spiritually, so are still affecting each other. And those effects compound and become very intricate, complex and intensely psychologically involved.

And if your child is retarded, a genius, or just 'normal' and 'ordinary', that's exactly what God wants, it's how God made its soul to express itself, so it's perfect. You are the child of God that you are, even in all your wrongness. And even though you might hate how you are, you don't have to stay in that state, being able to heal yourself as you do your Healing. And when your Healing is finished, you'll truly love the whole unloving state that you were, seeing that it was all absolutely perfect how evil, uncaring and unloving you were, it all being what you needed to bring you to this point of perfection you are now living in your Celestial level of truth.

If you parent your child without doing your Healing (irrespective of being a good or bad parent and whatever you do and learn to try and help your child), then you are simply passing on the next level of wrongness in your long family line of being untrue. If you parent your child whilst you are doing your Healing, then every part you heal within yourself you'll no longer be passing onto your child, with your child potentially adjusting to the 'new you' which can happen up until the child reaches its first Saturn

Return (astrologically speaking) around 28-30 years old. Once that age is reached, technically it's the end of childhood, so even if the parent/s keep Healing themselves, those positive effects won't be passed on to the child. And once a child is sexually mature, the child itself has to be open to and receptive of its parent/s to be able to keep changing, reflecting the parent/s changing as it does its Healing. Once sexually mature, the child is free to reject any such positive changes brought about by its parent/s Healing, so it might reject its changing parent who is doing his or her Healing. The Healing parent can't force any positive changes on the child once the child is sexually mature, whereas before sexual maturity the child is still becoming its parent, so any positive (or negative changes) the parent makes will be taken on in some way and on some level by the child.

Learning to be a better parent whilst still parenting without doing your Healing only means you're going to add yet more layers to your child screwing it up even more. We are constantly adding more mental layers of self-denial to the way we live as adults, and so too our children. The Internet being the latest outside influence that can help parents to add yet more mind layers to themselves and their children. This book I am reading suggests that all parents woes and all the child's problems in the world now stem from the advent of the Internet, even as if pre-Internet, there weren't any problems with how parents parent and their resulting problematic children. And yet the Internet age is just another age along the two hundred thousand years of System Rebellion and Planetary Default, of parents unlovingly parenting their children who grow up to parent their children unlovingly. And if it we were parenting our children perfectly, if we were all Healed and living true to our feelings, there would be no Internet like we have it, and possibly no internet or anything of what we currently have. There would be other things in life reflecting our true state, things that express our love, instead of things that are expressions of our unlovingness. The Internet, like everything we create, is an expression of how screwed up we are inside, which means, how our parents screwed us up. We can only create something like the Internet – and the whole world we live in, because of our unloving parent/child relationships. So if you think the Internet and the world we've created are good and loving, then you might want to consider looking into the truth of your relationship with your parents and doing your Healing.

Any love you feel is love within the unloving state that you are and that you and everyone is expressing in the world. Nature is of perfect Natural love; we and all we create whilst we're in our imperfection, is unloving. All our relationships are unloving. Within our unloving states we can, relatively speaking, feel love and be more loving, just as we can be more evil, wrong and unloving, yet still it's all within an anti truth system, and without truth there can't be true love, for love to flow there needs to be truth: no truth, no love. Love exists outside of truth, but without truth we can't truly relate to it, so it may as well not exist. Our souls are truly of love, and we are to become truly expressing our truth as love, and loving expressing our truth with all the good feelings loves gives us, when we've completed our Healing, when we've ended our rebellion against truth and love.

We are living in an 'experiment' of how unloving you can be and what the effects of feeling unloved have on ourselves, each other and the world. Everything we are doing is wrong, so everything we are doing is making it harder for ourselves. There are no effective solutions to all our problems until we end our unloving anti-truth state by doing our Healing. We can keep using our minds to make it appear like we're being more loving and caring, just as we can use our minds to make it even harder for ourselves, but our mind is not The Way, whereas our feelings are.

A parent or parents doing their Healing will naturally effect their child as they progress, and in a positive way. However it's not for the parent to demand, make or force the child to do its Healing. Once the child is sexually mature, then it is free to make its own choice about doing it. And some older children might reject their parents who are doing their Healing, putting off doing their Healing until they are older still, which could even be during their spirit life. When someone begins their Healing in earnest, is when God through their soul says it's time.

If you are wanting to Heal yourself and become true, then part of that Healing will be about your relationship with your children – uncovering how unlovingly you've treated them whilst possibly believing you were loving and doing the right thing for them. And if you are yet to have children and do want them, then there will be lots of opportunities for you to find out more truth of your unloving state as you look to expressing and longing for the truth of all you feel – which is doing your Healing.

It's not that because you understand you are imperfect you should therefore not be having children until you are perfect having completed your Healing, but going with your feelings of wanting a child and expressing every feeling that comes up along the way as you long for the truth of those feelings. If you have any fear, anxiety, worries, guilt, sadness, anger, misery and any other bad feeling, then these are what you work on. So you can have a child as you do your Healing, with the child helping to bring up the bad feelings in you that you are to express out of yourself and see the truth of. Or, you not have a child and do your Healing. If you don't have children on Earth then you can adopt children in spirit, either doing your Healing or not. Currently spirits doing their Healing can't also adopt children, however once the New Revelation is 'activated' – revealed, then spirits doing their Healing will also be able to do it whilst having children.

A fully Healed parent will pass on such truth to its child thereby no longer subjecting its child to any untruth. And two Healed parents will give rise to a completely true child, it being totally free of the Rebellion and Default, this being the perfect humanity that humanity is to become. Slowly humanity is to Heal itself of the Rebellion and Default.

Elizabeth in her book says that young people and children are looking more to social media and their machines to conduct their relationships through, and oh my god how are parents now to deal with, compete with, simply cope with, that?!! We fail to see that the machines and the Internet is allowing us to be truer to our unloving states, we can be more impersonal by pretending we are personal through a machine and the unreal, which is the truth of the relationship we are living with each other, so the truth of the relationship between parent and child. A parent who complains that their child wants the Internet and all it offers above them, should perhaps question why does the child want to reject its parents, and in finding the answer to that question, the parent will uncover the truth of its unloving relationship with its child. We can escape into the Internet away from the relationships we hate, those with our parents. We all hate each other, not love each other, which is possibly the most difficult truth to accept. We make up fantasy relationships we project onto each other that gives us the mental ability and resulting contrived feelings to make us feel and believe we love each other. But if we take the fantasy away there is only a dark hole of nothing, a hole full of pain, the full horror, trauma, terror of agonisingly feeling you are not loved by the people who should love you.

And so because none of us can bear face the terrible truth of our unloving state, we continue to do our best to live seemingly loving with each other, doing the best we can, using our mind to alter our fantasy-

unreal existences, doing all we can do to avoid having to face, accept and fully embrace the truth our bad feelings will show us when we come to do our Healing and want to give up the facade.

We currently parent negatively influencing our children on seven whole worlds' worth of truth. Which means your child, as do you, has seven whole worlds' of truth it's denying in life, all of which cause untold numbers of problems. And consequently, should you wish to do your Healing, so it will take you the Healing of all seven worlds, as represented by the seven Mansion Worlds, to complete it. The Rebellion and Default has evolved to include all seven Mansion Worlds in rebellion by default. We have taken the Rebellion on by Default through all these levels and have to heal them all through our Healing. And once Healed, we are free of our parental influences, free of our parents, free of our wrongness, free of the Rebellion and Default, true and perfect to the Celestial level of truth.

FEELINGS FIRST For Kids

FEELING HEALING + SOUL HEALING

To heal one's self is to simply look to see what feelings we are refusing to let ourself feel, and accept them instead of denying them. And to fully accept them, one needs to express them, speak about them, let them have their say, rather than pushing them aside, refusing to let them make you feel bad.

Doing this all with the intention of seeking the truth of why you are feeling them, of speaking about and expressing all such feelings; all feelings you have, but ALL WITH the INTENTION of UNCOVERING the TRUTH THEY WANT YOU TO SEE ABOUT YOURSELF. And it's the wanting to see the truth of them that is very important, because if you just look to accept them and speak and express them, but not seek their truth, then that's all you'll be doing, speaking and expressing them, but not healing their causes, so not fixing the things within you that are making you feel bad. And it's the truth part of it, seeking the truth of your feelings, and so, seeking the truth through your feelings, that's vitally important. It's the truth of yourself, life, nature and God, that is the spiritual aspect to it all.

You CAN'T find the truth of yourself, or anything else, through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them. So to do our Soul-Healing consists of these steps, all of which are ongoing until it's done:

- **Admit you are feeling bad.**
- **Accept your bad feelings, identify what they are.**
- **Honour fully your bad feelings by expressing them, speaking about them to someone who is willing to hear you talk about them, or tell them out loud to our Heavenly Parents. Long for the truth of them. Long for the truth of why you feel bad – what deep within you is causing your bad feelings?**
- **And remember, bad feelings are Good! Not bad. They are not to be despised. And as hard as it is to accept them, they are still you, and a very real part of you. And if you persist in denying them and not allowing yourself to fully live them, then you are only going to keep yourself in your errors making things harder for yourself.**
- **All sickness and suffering, all bad things that happen to you, all your problems, all your addictions – your whole feeling-denying and untrue life, is all caused by your denial of bad feelings.**
- **Every problem in the world is brought about because everyone has been brought up to deny feelings, and in particular, most of their bad ones.**

If one is intent on spiritually evolving and growing in truth, then it's vital, and this is the key, that one looks to use one's feelings as the means to gain and have access to the truth of oneself. You CAN'T find the truth of yourself or anything else through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

Doing your Soul-Healing with the Divine Love, is really doing your 'Feeling-Healing'. We are designed — created — to be self-revealing of truth, and so we are all to uncover the truth within ourselves and for ourselves, and all being done by living true to our feelings. **If you accept, express and seek the truth of your feelings, then truth will come to you, and you'll grow spiritually. It's as easy as that. Also it is as easy as it is to long for, ask for and receive Divine Love.**

THE HEALING OF YOUR BAD FEELINGS THROUGH THEIR ACCEPTANCE
AND FINDING THE TRUTH OF THEM, IS THE ACCEPTANCE OF YOUR
NEGATIVE, REBELLIOUS, EVIL, IMPERFECT MIND AND WILL CONDITION.

To do our feeling-healing we need to become:

Aware of – Acknowledge – and Admit, our bad feelings.

So we can:

Accept – them and allow ourselves to Be them.

And then if we feel to, take:

Action – Express, speak and emote them.

Talk about them.

All being done whilst longing to, really wanting to, see the TRUTH of our feelings.

So it sounds simple.

So I repeat:

We accept our bad feelings by expressing – speaking about them to someone willing to listen to us and take us seriously. And as we speak we long for the truth of them – why we are feeling them – to be made known to us. And when we uncover and see the truth we are FREE! – healed of the causes that have made us feel bad.

Accept, Express – see the Truth, and you're Free!

ACCEPTANCE OF ALL YOU FEEL, THINK AND ARE, IS THE KEY TO DOING
YOUR HEALING; THAT, AND WANTING TO SEE THE TRUTH OF ALL YOU
FEEL, THINK AND ARE.

Release one's pain through expressing one's feelings.

in conjunction with

Longing for the Truth when also longing for Divine Love.

WE are meant to grow up LIVING FULLY CONNECTED to our FEELINGS:

Humanity has always had an awareness and involvement with spirits, with life on the other side, because we are all heading that way, we all end up dying and becoming one of the spirits, and were humanity living rebellion-free, then nearly everyone would enjoy some level of spirit involvement either directly or indirectly, loving such an expansive awareness in life.

We are meant to grow up living fully connected with our feelings in our physical reality, and at the same time with full feeling awareness of spirits and life after death, because after all, God is the greatest Spirit of us all.

And so having an awareness and involvement with spirits can, and should, help us have more of an awareness with our Mother and Father. And it's not with just spirits, it's also with the angels who are with us all the time, and the nature spirits should we be open to them, and even higher spirits if we are to work with them, such as the Melchizedeks or Trinity Teacher Pairs. But mostly for those people involved with the Divine Love, it will be with the Celestials spirit group that is assigned to help them.

It is very important to understand that spirits and spirit life is meant to be part of life on Earth. However that's not to say everyone need to have an ongoing relationship with their spirit friends, but they can at least still be aware of spirits and spirit life and where we will be going and something about what to expect once we die. And when you are open to it, lessening the grip of one's fears about it, then we will find it will be just another aspect or level of life, and one that can give us quite a lot of comfort.

 Live true to your feelings; your feelings are your true self
 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,
 BAD feelings.
 Want to understand why you're feeling them.
 Use your surface feelings to take you deeper into your repressed and
 hidden feelings.

The Feeling Way is the True Way.
 Your feelings are your spiritual guide.
 Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

Feelings First Spirituality is the True path for humanity.

It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The New Way, Feelings First Spirituality is what is to replace all man-made, mind-contrived religions that so many people have enslaved themselves to. The New Way, Feelings First Spirituality will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled platforms. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one's feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Feelings First Spirituality is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God's Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we've all been wrongly led to believe.

Feelings First; then comes The Truth; then comes Love.

The NEW WAY of LIFE:

Now for the first time in history, Celestials can be more assertive in making known the availability of Divine Love, and that the only way to progress towards our Heavenly Parents is by engaging in doing one's Feeling Healing.

The Celestials have all but stopped the mind spirits from negatively influencing people on Earth, and the biggest area this is in, is in the religions. So the religions on Earth and all the spiritual systems of the mind, are under pressure in that they are no longer enjoying the input from the mind worlds that they have had. And how this translates into ordinary everyday life, is more in the unseen connection between those in religions on Earth and those of the same religion in spirit, is fading away.

Then at the same time, we, the Celestials, are being allowed to move more freely amongst everyone, both in the mind worlds and with you on Earth. Which means, we can confront and have more of a say in peoples and spirits lives, something that was forbidden the Celestials of the 'old guard'. They were not allowed to interfere at all, having to wait patiently for spirits (as there was rarely anyone on Earth) to show interest in an alternative way to God, which enabled the Celestials to slowly introduce the notion of the Divine Love and then that of doing one's Healing. But it took a long time for mind spirits to show any real interest and being willing enough to give up the power their mind had over them, wanting to seek a higher life.

Celestials can now, following the progress achieved by Marion and James Moncrief, approach and be more freely expressive to spirits on all levels, and also to people on Earth, should they want their help.

Further, those who reject and suppress their children will progressively grow in awareness of their own unloving natures. One will not be able to continue to avoid their feelings of wrongness.

Golden Rule: that one must always honour another's will as one honours one's own.

Thus the three aspects: one, of having more readily available guidance to become aware of the availability of Divine Love; two, the way to become fully expressive of one's soul based personality through the process of Feeling Healing; and thirdly, the quickening of the Law of Compensation through one's greater sensitivity to one's emotional errors and injuries. By having greater personal connection with a Celestial, we are able to move into longing for the Divine Love, and look to healing ourselves and grow in truth, and start to seriously consider embracing one's ascent to Paradise.

WE ENDURE FOUR LAYERS of PERSONALITY SUPPRESSION!

Unknowingly, our parents pass onto their children (us) their beliefs and way of living that has evolved since the Rebellion, some 200,000 years ago, and then the Default, some 38,000 years ago. In this way, humanity is suppressing the female, rejecting our Spiritual Parents, namely Jesus and Mary, and denying our Heavenly Parents being our true Mother and Father, of Their truth, standing and existence.

The Rebellion is against love, the Default is all the difficulties we have in our relationships because of our rebellion. Healing the Default is becoming true, to ourselves and in our relationships, and ending our unlovingness – our rejection of love, so ending the Rebellion. Nanna Beth 29 June 2017

We are souls, our personality is an expression of our soul. It is our free expression of our soul through our feelings that we are to embrace and follow. This expression may appear to be wilful in nature, from time to time, and consequently our parents' attempt to suppress this expression. They proceed to remodel us when as young children, in the manner their parents treated them and so on for many generations going back.

During our forming years, as a child, we are unable to recognise the suppression of our personality as being extra-ordinarily harmful to our soul based personality and, accordingly, we don't know that things can be any other way. Presently, neither do our parents.

This childhood suppression way of living continues throughout our schooling years, thus we learn this is a way of life that is normal.

Our religions all have been formed based on the tenets of the Rebellion and Default. The teachers and leaders throughout all denominations take us further away from our suppressed feelings that have been hammered into us during our forming years, thus entrenching us further into rejecting our true selves.

The controlling and suppression mechanisms of our parents, educators and spiritual teachers all manifest throughout all of commerce. This control comes heavily and brutally down upon all levels of employment. The capability to express one's soul based attributes and gifts is sealed throughout all of one's working life.

A new way of living is to enable the liberation of one's true personality through the Feeling Healing process AND the transfer of authority to the individual via embracing freedom of expression.

DEVOLUTION

Our childhood suppression of our true and loving soul based feelings is creating global pain and personal isolation amongst all of humanity. We are very sick!

In our struggle to find solace and purpose, we further withdraw into ourselves, becoming ever more self dependent, believing our control addicted mind that it can solve everything. We just drown further.

We embrace an ever expanding and diverse range of pathways to escape from our personal pain, fear and desperation. Alcohol has now been complimented with narcotics, hallucinogens, including caffeine (coffee). Gambling has been complemented with computer games which are generally entraining the mind further into error and pain. Technology is making us sicker!

We bury ourselves in front of the television to further avoid contact with anyone, especially family.

Children endeavour to exert their independent authority from domineering controlling parents (which we all are eventually) by disfiguring their bodies with tattoos and piercings, etc.

We shut out the noise with headphones, thus preventing contact with others. We use electronic devices to 'text' others even at intimate engagements.

Technology will take us further into the depths of our madness. You now can buy headsets that prevent any contact with the outside world while playing mind suppressing and entraining entertainment – games!

No one loves their children, they are ignored, and the controls hammered into them turn them into clones of ourselves. Look at ourselves and we can all see that we have been all messed up by our own parents, as they have for generations over the past 200,000 years.

No more of this! We can escape this man made hell!

EVOLUTION

STEP 1: Longing for and receiving Divine Love:

- A. Soul within spirit body prior to receiving Divine Love.
 B. Divine Love being received from the Holy Spirit, covering the spirit body of requesting personality.
 C. Divine Love having been assimilated within one's soul, now being reflected through the radiance of the spirit body.

STEP 2: FEELING HEALING + SOUL HEALING

It is the Divine Love that strengthens one's resolve to persevere with embracing one's suppressed emotional injuries, that occurred from conception through to around the age of six, and longing to know the good and the bad of those feelings, together with talking about them to a friend, partner, one's self and our Heavenly Parents. It is only with the receipt of the Mother and Father's Divine Love and the expressing of suppressed emotional injuries that one can release the emotional injuries and errors to achieve Celestial soul condition and enter the Celestial Heavens.

Further, should one complete their Feeling Healing on Earth, then they will be able to recognise their soul partner, their other soul half, and should their soulmate have also embraced Feeling Healing with Divine Love, then their children will be born free from error, free from fear, and free from any deformity and illness. This is the destiny of humanity.

Further, being in this condition of free from error and being in constant communication with our Heavenly Parents, then one can also recognise and form their Soul Group. This will ultimately consist of twelve soulmate pairs, a total of twenty four personalities / individuals.

It is the bringing up of children by the support of soul groups that is to be the ultimate way forward. The group experience and wisdom, as a functioning family, will ultimately be of profound benefit for the blossoming child.

But what we cannot do is contrive the groups ourselves, or even pick who our soulmate is. This will only, and can only happen, as an outworking of the truth we are to live – as we progress in the healing of our soul.

And this is how all of life should be lived: according to the truth we are living. It is how we live, as there is no other way, but currently we live it in the negative, of that being directed by no truth, and so having to make it all up ourselves.

REVELATIONS

Revelation 1: Our soul becomes encrusted with harmful ways of life, plus negative and erroneous beliefs, these mainly stem from our childhood upbringing and environment. Thus we live untrue to ourselves, we become 'evil'. Whilst we hold to these injuries we limit the amount of Love that we can receive into our soul. To open our soul to the Love we must firstly and progressively embrace our emotional injuries and allow them to be released. Until we emotionally experience past errors and injuries we hold onto them.

To free our soul of damage and toxic emotions we must open ourselves to experiencing them. This is a progressive, slow and uncomfortable cleansing process that we must all experience. Only by addressing the generational injuries will we, as humanity, evolve in love.

To fully divest one's self of our badness, we have to 'go into' our feelings. Call this process of clearing toxic emotions as 'Letting Go', 'Emotional Processing', 'Journey Process' or 'Feeling Healing'. Embracing Divine Love then Feeling Healing becomes Soul Healing.

As part of our Feeling-Healing we will have to work our way into all our feelings to see if indeed they are coming truly from our heart and soul, or if they are being heavily influenced by our mind. And this will then lead us into questioning and uncovering the truth, if there is any, to our beliefs and why we behave the way we do; and is such behaviour based on truth, or is it based once again on untruth, belief, and rules of our mind.

Revelation 2: We can long for, ask for and receive the Mother and Father's Divine Love. The greater our soul is free of error and injury, the more of the Divine Love can be received and assimilated into our natural love formed soul. The Love does not free us of injury, however, it strengthens our resolve to continue on our journey to be free of error and injury, to step away from evil aspects that have been encapsulated within our humanness and soul. It is this Love, the Divine Love, that brings about immortality of our soul and it is this Love that will eventually fit us to enter the Celestial Heavens and progress for ever more onwards to Paradise. These two revelations free us from error and enable us to grow in love ever more.

Immortality with the Love.

REVELATION 1
James Padgett 1914 – 1923

James Padgett bravely introduced the availability of the Mother and Father’s Divine Love and a great deal of additional guidance and information, all of which has been supplemented by Samuels, Judas, Reid and Arnold. All writers were under restrictions of personality and circumstances. Revelation 1 opened the door for humanity.

Quantum Jump 2

REVELATION 2
Marion and James Moncrief 2002
– ongoing

Marion and James Moncrief have recognised the need for one to engage in Feeling Healing and, by their actions, removed restrictions that James Padgett and others above endured, thus JM is able to critique the writings of the past 100 years resolving points of confusion as well as expand on what has been written. Revelation 2 is humanity’s turning point.

Due to the extra-ordinary nature of Revelations 1 and 2, humanity with the first Revelation would have continued on into its negative pathway of living, however, combining the first Revelation with Revelation two, now humanity can embrace this turning point and commence its evolutionary growth that has required two thousand years to put in place. This is the greatest event in the history of humanity and very few are aware of such, until we enable others to become aware.

God is God, who is our Heavenly Mother and Father, being SoulMates. There is only one Soul that is God's Soul, that being the Soul of our Mother and Father. Our Heavenly Parents are the First Soulmates; The Two Who Are One who have brought us all into being.

Jesus and Mary are a son and daughter of God.

Jesus of Nazareth and Mary of Magdalene, being soulmates, were both free of sin. Jesus and Mary, combined in their love for us, are our teachers and guidance for us to find our way home to our Heavenly Parents. To start this journey we are to liberate our souls from being entombed within our suppressive minds, through feeling and longing for the truth of our feelings via our soul and peel away our injuries incurred since conception.

Give yourself time to consolidate your relationship with the Mother and Father through the partaking of Their Love. And whilst you are doing this, you can learn about your healing, all that's involved with it, as there are many willing spirits to share their healing experiences with you.

When you are ready it will start happening simply because you will want it to, it all being orchestrated by your soul. And when that time comes you will have developed a strong foundation in your relationship with the Mother and Father for you to work from. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

It is to make longing for God's Love the priority, and then do one's healing; should one want to include God and the Divine Love in one's feeling healing. This is doing your soul-healing as you are seeking to heal your soul of all evilness – of that which made you become evil, and release all the hurt and pain of not being fully and truly loved.

WE ARE Children of God

WE ALL ARE BEING GUIDED HOME:

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus’ Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

HUM: Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon as by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

AVO: We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair’s guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world’s spirits.

J&M: We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

M&F: Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

WE ARE Children of God

WE ALL ARE BEING GUIDED HOME – NOW, HOW TO COMMENCE THE JOURNEY:

GOD

M&F

For 200,000 years, we have been misled into embracing our mind’s distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.
 We are to long for the truth of what we are feeling.
 We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

J&M

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren’t allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we’re taken into new ways of looking at ourselves, our feelings, and our life. We’re setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

By living true to ourself, true to our feelings, we are living true to God. It’s that simple.

AVO

HUM

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

WE ARE Children of God

HOW TO GET TO PARADISE:

Long for the Divine Love
 Long for the Truth
 Long for the truth of your feelings
 Don't deny any feelings: accept, express and want to know the truth of them
 Know your feelings are the key; your feelings are the Way
 Want to end your falseness and being untrue
 Want to understand the truth of your early life
 Use your surface feelings to move deeper into yourself, bringing up your repressed feelings
 Want and long to know the whole truth of yourself
 Want to do it all with God, your Heavenly Mother and Father – long to Them for help.

The Key

Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.

PARADISE TRINITY:

1. **Our MOTHER and FATHER (God) (MF) – Divine Love**
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
2. **ETERNAL SON (ES) – Divine Truth**
3. **INFINITE DAUGHTER (ID) – Divine Mind**

Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

The LOCAL UNIVERSE TRINITY:

1. **MARY M and JESUS (MF) – Love – the Living Truth**
2. **DIVINE MINISTER (ID) – Mind (and her Holy Spirit)**
3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

PLANETS that engage in REBELLION:

1. **AVONAL SOULMATE PAIR – the Feeling Healing process – incarnate**
2. **DAYNAL – TEACHER PAIRS – they do not incarnate**

So in summary:

Consider a diamond:

Mother and Father Heavenly Parents

Creator Son & Daughter
Jesus and Mary

Avonals
as soulmate pairs

Trinity Teachers
as soulmate pairs

Melchizedeks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

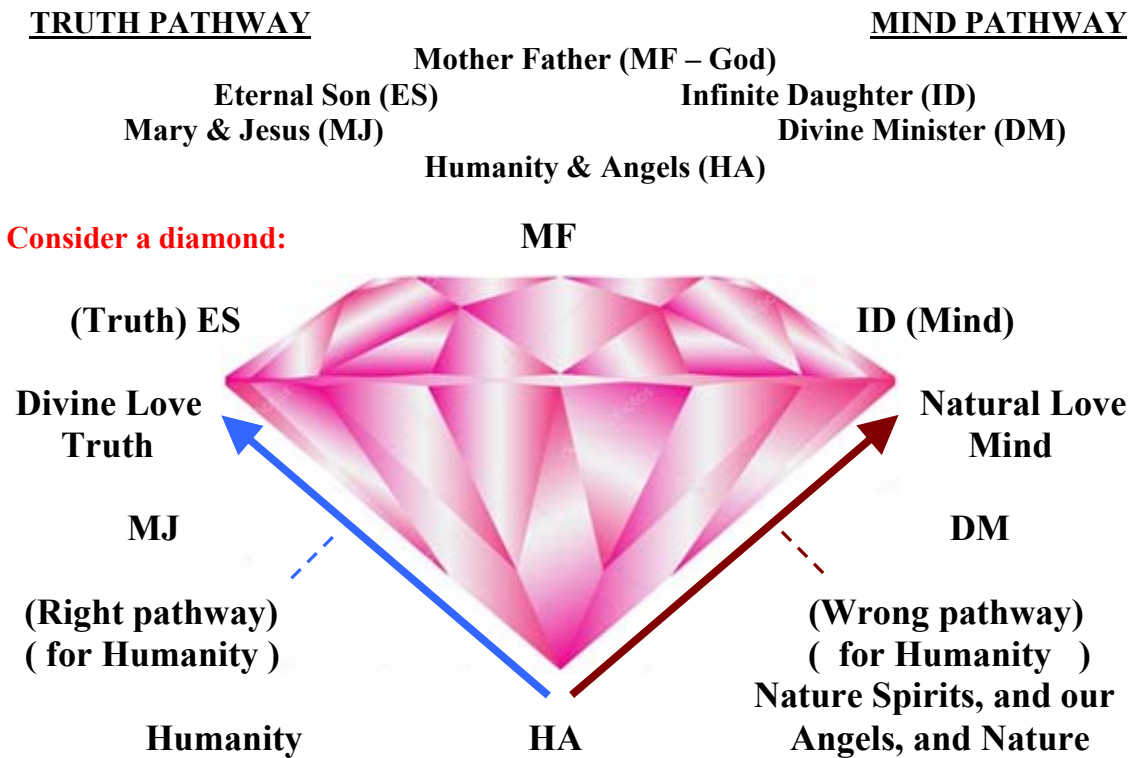

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

Humanity is to pursue the pathway for Truth through one’s soul based feelings, this is the right pathway. However, humanity commences its journey founded on natural love, which we now know is to be perfected through one’s Feeling Healing process and then made divine through asking for and receiving our Heavenly Parents’ Divine Love.

For 200,000 years, **humanity** has pursued the pathway of the Mind, being that of the brain, this is the wrong pathway. The Mind is the pathway for Angels and that of all of Nature.

CREATION of SOUL and SPIRIT:

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one’s feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

Feeling Pathway

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

Soulmate Pair

Angel

Spirit Person

Nature Spirit

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective

Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.

Prayer for Divine Love: (extract)

“We pray that Thou will open up our souls to the inflowing of Thy love, and that then may come Thy Holy Spirit to bring into our souls this, Thy love in great abundance, until our souls shall be transformed into the very essence of Thyself; and that there may come to us faith--such faith as will cause us to realize that we are truly Thy children and one with Thee in very substance and not in image only.”

FEELING HEALING and SOUL HEALING with the DIVINE LOVE:**James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

Speaking with Mary Magdalene and Jesus – books 1 – 4

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

Paul – City of Light

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

Ann and Terry

For an example of people who might want to immediately start working on them selves and doing their Healing.

Feeling Bad? Bad feeling are GOOD

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

Feeling bad will make you feel BETTER – Eventually!

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

Sage – and the Healing Angels of Light

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings
Feeling Healing****Welcome to LOVE – the Religion of Feelings
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

The Padgett Messages being published as:**The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book****Release one's pain through expressing one's feelings.****in conjunction with****Longing for the Truth when also longing for Divine Love.**

FEELING HEALING with DIVINE LOVE is SOUL HEALING:

A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.

Firstly, consider discovering the truth of your emotional pain through Feeling Healing.

Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.

Primary and most important readings are the writings of James Moncrief.

Then consider the Padgett Messages, and then The Urantia Book.

DIVINE LOVE and DIVINE TRUTH Revelations and Teachings escalating:

Cause No Harm < to OTHERS
to MYSELF

Strive to love others as I am to love myself

To liberate one's real self, one's will, driven by one's soul, moves one to embrace Feeling Healing so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

Divine Love
is the key!

**God's Divine Love:
Pray for it, ask for it, and receive it.**

Feeling Healing with
Divine Love is the key

to enter the
Celestial Heavens:

WHAT DIVINE LOVE does to YOU

What happens when divine love flows into you, via the Holy Spirit, the soul enters a process of getting larger and expanding. The soul expands emotionally, primarily your capacity to experience emotionally, passions and desires expands and continues to expand exponentially. Every time you go into a new and higher sphere of love your soul has expanded in its power to give and receive love, and in its power to do everything else.

The soul has an infinite capacity to expand, but only under one condition, that is, if it receives divine love.

Ever expanding soul:
