## PASCAS INTRODUCTION:

Documents assembled by Pascas are provided for your individual assessment and exploration. The contents are sourced from a variety of avenues and publications. Every endeavour is made to determine that the contents are of the highest level of truth and veracity. At all times we ask that you go within yourself, to ascertain for yourself, how the contents resonate with you.

Pascas provides these notes and observations to assist us all in the development and growth of our own pathways and consciousness. Pascas does not hold these contents as dogma. Pascas is about looking within oneself. Much of what we are observing is new to us readers and thus, we consider that you will take on board that which resonates with you, investigate further those items of interest, and discard that which does not feel appropriate to you.

Kinesiological muscle testing, as developed by Dr David R Hawkins and quantified by his Map of Consciousness (MOC) table, has been used to ascertain the possible level of truth of documents. Such tested calibration levels appear within the document. We ask that you consider testing same for yourself. The technique and process is outlined within Pascas documents, such as Pascas Care – Energy Level of Food. From each persons perspective, results may vary somewhat. The calibration is offered as a guide only and just another tool to assist in considering the possibilities. As a contrast, consider using this technique to test the level of truth of your local daily newspaper.

Contents are not to be interpreted as an independent guide to self-healing. The information sourced herein is not from a doctor or doctors, and any information provided in this document should not be in lieu of consultation with your physician, doctor, or other health care professional. Pascas, nor anyone associated with this document, does not assume any responsibility whatsoever for the results of any application or use of any process, technique, compound or potion as described within this document.

The sources of contents are noted throughout the document. In doing so, we acknowledge the importance of these sources and encourage our readers to consider further these sources. Should we have infringed upon a copyright pertaining to content, graphics and or pictures, we apologise. In such cases, we will endeavour to make the appropriate notations within the documents that we have assembled as a service via our not for profit arm, to our interested community.

We offer all contents in love and with the fullness of grace, which is intended to flow to readers who join us upon this fascinating journey throughout this incredible changing era we are all experiencing.

Living Feelings First, *John.*

**MODERN DAY 'EVE' and 'ADAM'**

Friday, 4 October 2019

James Moncrief wrote: Hi Sam (Samantha in England), I've not been able to write, too much going on within myself and between Marion and I. It's becoming clearer, and I'm beginning to think it is the truth, that as we're in rebellion against God, the Truth, and so, the truth of ourselves, which means our soul, then we're in rebellion against our soulmates too.

**REBELLION**  
against  
**Soulmate**

Marion and I only connect in and through the truth. On the spirit / personality level, really we're not suited very well, we aren't that physically attracted to each other, really we've got nothing going for the relationship other than we're in it together solely to do our Healing. And if we weren't doing that, we'd have virtually nothing in common. We thought we had the spiritual stuff in common, but my stuff is impersonal and bigger picture, she being so personal, and because I'm so disconnected from my feelings and unable to readily express them, so we actually hate being together. She hated having to point out all my wrongness, and I hating her pointing it all out, even though I need and do want her to, and even though she needs to do it being part of bringing herself up and out by repeatedly saying no to me and honouring her feelings, those and what she couldn't do with her parents.

It's all so weird, in some ways we like being together, we've got no one else, and neither of us have found anyone else better in all these years, and yet our Healing is bringing us around to seeing how we actually hate each other and hate being together, at least hating on some levels. I feel connected to her in some way, and she to me, but whatever that is, is hard to know, perhaps it's on the soul level, yet I'm coming to understand that really only when we are Celestial and fully Healed can and do we start connecting on a soul level. So only then, in that state of perfection and truth can soulmates actually lovingly be together, and up until that time, it's just mental attraction based on all our fucked mind patterns.

I'm seeing that whilst we're of the yuk, it doesn't matter what people think and believe about themselves and their relationships, they are not soulmates, can't be, and are only 'loving' each other through their mind patterns – belief and behaviour patterns, those all established during, and so heavily conditioned by, their childhood. So I'm being able to see how Marion and I on the spirit, physical and personality level, don't get on, so are not suited to be together, and ordinarily, if we weren't doing our Healing, would never have been attracted to each other. So is it true that our soul is holding us together, possibly we being soulmates, yet being soulmates seems the furthest away we can imagine being, which of course would be as it is in rebellion when you're living rebelling against the truth of your soul, so against your soulmate. So how fucked is that, that you are actually doing all you possibly can to reject your soulmate, so it being impossible to unite when you're anti-truth and living by rebelling against yourself; which also makes perfect sense that when you're rejecting and rebelling against yourself so much, you could hardly then suddenly fall madly in love with your soulmate who would also be rebelling as strongly as they can against themselves and you. The Rebellion ensures soulmate rejection and eternal separation, we having to use our minds to convince ourselves that we're soulmates, which a lot of the mind spirits apparently do. So in Rebellion, no true soulmates could ever come together unless I guess they were both intent on doing their Healing. Then they'd only come together so as to do their Healing, and not just to live having a nice life together. So if someone or spirit says they are with their soulmate and yet they are not doing or have not done their Healing, then they are full of shit and living yet another fantasy.

**YUK**

I have come to understand how we're to work through all our anger at hating our parents, then all our anger hating God for putting us in it and fucking us up and for keeping us in it, and then you get sort of, well at least that's how I feel it, dragged through all of that, until it sort of doesn't matter anymore, as there's nothing you or anyone else can do about it. So then what? And that's sort of where I am now. I still have times of intense fear, feeling crushed and anger – at mum and dad, at God, at Marion, but that's all sort of fading too and doesn't last long. And in other ways, it all being so contradictory and strange, I feel like (or at least I hope I am) starting to be prepared for my 'new life'. It's weird, with all of John's stuff coming more to a head, so even possibly happening, with Marion looking like something has to give or change within her as she has bad stomach pains now almost being in constant pain and hopes she will die. I can't see her going on much longer as she is. She's of course refusing to go to the doctor, still doing what she wants to do, but it's getting harder and harder and hurts her more and what used to give her a bit of relief and comfort doesn't any longer, so her quality of life is getting less and less. And I don't fancy having to nurse her, and I worry what if she gets very bad and faints or goes unconscious and is in agony or whatever, what should I do? We keep talking about it all, all our hopes and fears, and it's incredible what keeps coming up and how it still connects with how we were treated, but it does seem like it has to come to some sort of resolution soon.

## PERSONALITY

**Our soul is the centre of our personality.  
We are children of our Heavenly Parents.  
Our soul manifests a male and  
female personality - it is a duplex!**

## **SOULMATE:**

94% say that their first requirement in a spouse is being a soulmate.

87% think they will find that person when they are ready.

The only love greater than for your soulmate is your love for God / Creator. As you grow in love for God / Creator, and divine love enters you, you will be drawn inextricably closer to your other half, your soulmate. Develop a longing for your soulmate, not for a specific person, but just for your soulmate.

You have only one soulmate, it is the other half of your soul. The incarnation process, the process of individualisation, results in your soul splitting in two. Each half of your soul is complete within itself. Each soul half incarnates into the opposite sexes. Between 90% and 80% of souls / people are heterosexual in their life style choice, thus maybe between 10% and 20% are homosexual by life style choice.

Should you be drawn towards the opposite sex then you are heterosexual. Should you be drawn towards the same sex as yourself then you are homosexual in inclination and making a life style choice. And there are all the shades in between. In the spirit world, this all counts for naught. Sexual engagement is a physical world experience, procreation only occurs within the physical realm.

The inclinations are the result of how your soul splits and the environment in which you grow up in. No matter how your soul splits, the other half of your soul is your soulmate. You only have one soulmate and that is the other half of your whole soul, and that person will be of the opposite sex.

Priorities are for the growth of your soul. First is the development of your love for your Creator. Second is your love for your soulmate. Always follow your passions and desires.

Our physical existence here on Earth is generally within the 1<sup>st</sup> sphere. When we grow in love and reach the 4<sup>th</sup> sphere, we may generally feel that we recognise who our soulmate half is – but it is not. Upon reaching the 7<sup>th</sup> sphere, we will easily find our soulmate by following the cords that become visible from within the 7<sup>th</sup> sphere state as we are doing our healing and asking for and receiving Divine Love. You will simply follow the cord leading to your soulmate.

Few whilst in the physical state living on planet Earth grow sufficiently in love to progress beyond the 1<sup>st</sup> sphere state. Only by opening the soulmate section of your soul for your love for your soulmate (not for a specific person, but for your soulmate) is it possible to reasonably recognise who your soulmate may be, though we will not comprehend soulmate love here in the physical world. Typically, your soulmate, your other half, has very similar desires, aspirations and objectives as you do. Your goals may typically be the same. There may be many features that both halves have that may be very similar.

Many believe they have found their soulmate when all they have done is entered into a relationship with someone who has compatible injuries. That is, each partner feeds the emotional injuries and addictions of the other. It is seemingly a wonderful union, whereas, it is a stagnation and self deception.

Until you have a soulmate longing, your connection will not open, and even then it will be spirit based.

Yet, there is a love that may be called the natural love that will last forever, providing these souls seek and obtain the divine love, and that is the love that God has implanted in two souls that he has designed to become one in spirit life. This love is really not two loves, but one and the same love manifested in the two opposite sexes, and which is only a complete one when these two apparently independent souls come together in perfect unity. This is what is commonly called the love of soulmates, and which is that essence of spiritual love which makes the happiness of the two spirits of mortals seemingly complete.

Yet this love is not of a divine nature, but merely the highest type of the natural love.

P.74 Jesus, 4 Mar 1915 Book of Truths

Following one's own self desires and passions is fundamental to soul development and growth in love, finding one's soul mate is not all that certain.

Though most of us may connect up with our soulmate during our life time, it may not be in the manner that we anticipate. Our soulmate, when located, may well be the trigger to many of our emotions.

It is likely that your soulmate will be born within a handful of years of your own birth, typically well within a twenty year time frame or so. It is also likely that your soulmate will be born within relative proximity of your own birth place. Many of us meet our soulmate, few recognise them as such.

Should your soulmate have also survived child birth and lived to the age you when you become attracted to finding your other half significantly affects the possibility of meeting up in this physical realm.

Miscarriages account for around 20% of conceptions failing to reach birth. Some estimates are from 13% to 31% as the percentage of miscarriages.

Further, about 22% of pregnancies end in legal abortion. That means that for every 1,000 pregnancies, 220 were aborted. The global annual reported abortions number up to 50 million yearly. Of the estimated 211 million pregnancies that occur every year, about 46 million end in induced abortion.

Overall, more than 40% of conceived babies do not survive the child birthing process. Thus, annually, about 100 million conceptions do not achieve childbirth, however, worldwide, there are about 130 million successful births per annum.

Further, the child mortality rate or under-5 mortality rate is the number of children who die by the age of five, per thousand live births. In 2009, the world average was 60 per 1,000 (6.0%).

Conception achieves individualisation of the soul. The moment of the soul melding with the embryo, individualisation is complete for eternity, even should the embryo not survive.

Thus, from the time of conception through to adulthood, many incarnated souls lose connection with their physical body. Unborn children and young children arrive in the spirit world to be cared for within 'Summerland'. That is a region in the highest plane of the 1<sup>st</sup> sphere. A child spirit grows quickly into maturity by not having the restraints of the physical body. These young individualised souls are cared for by celestial spirits, celestial spirits are from the 8<sup>th</sup> sphere and upwards. These young growing souls have free will and can elect to progress along the natural love path or the divine love path as they please.

As you can anticipate, there are many occasions when both of the soul halves of the same soul do not survive the birth process or early childhood.

As we develop in love and grow in our soul condition, we progress up through the spheres. As we move upwards (mostly) through the spheres, further away from the Earth planes of the 1<sup>st</sup> sphere, sexuality becomes less and less important. In the spirit world, procreation does not take place. Though sexuality does exist throughout the spirit world, its nature is not as we understand and experience here in the physical world of Earth. Your relationship with your soulmate is not about sex once you have advanced past the earthly planes of the spirit world.

Your physical body has five senses. Your spirit body, which looks much like your physical body, has thirteen senses. Your existing senses are greatly enhanced within the spirit world and you have others directly associated with your spirit body. Your relationship with your soulmate has much more to offer you than what you may consider whilst here in the physical realms.

The Law of Attraction will always attract the soulmate once the emotions that repel your soulmate are released.

Much to do with your relationship with your soulmate is about assisting each other to grow in love for your Creator and each other. The triggering of emotional errors and removing those errors is assisted by one's relationship with their soulmate.

### SOULMATE PAIR or TWO HALVES – INCARNATION is the process of INDIVIDUATION

#### SOUL CREATION

**When God gets busy on something, She does a lot of it!**

**Souls, being thoughts of God, are ready for incarnation in their billions.**

**These souls are at the level of the 6<sup>th</sup> sphere in a natural love state, however, they are not within the 6<sup>th</sup> sphere perse.**

**These souls are not conscious of themselves in this state.**

**Prior to incarnation, they do not express free will.**

**They have an instinct to incarnate.**

**Incarnation of the two soul halves, male and female aspects, typically occurs within a 5 or 6 year time frame, however the timing may be 20 or 30 years apart. To become conscious of self, you must incarnate.**

**The soul half that incarnates is the one most suitable for the characteristics and character of the attracting parents.**

**Upon incarnation, one's soul condition adjusts to reflect the soul conditions of those around it, typically reflecting closely the soul conditions of one's parents.**

### DIMENSIONS of ONE'S EXISTENCE:

Our SOUL IS NOT ENSOULED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

SOUL exists existentially

Our Physical Body and our Spirit Body are of Creation, being linked together by cords of light as are the two spirit bodies, male and female, to the one Soul.

One's unique personality is soul based. Our unique soul expresses its unique personality through the two spirit bodies and physical bodies expressing both the male and female aspects.

## PERSONALITY

# Soul Partner

Many long for and seek their soulmate / soul partner which they will find only upon completing their Feeling Healing. And should they have embraced Divine Love, becoming of a Celestial soul condition. Our soul is duplex. One soul expresses two personalities – one being female and the other male – always. There is no homosexuality on a soul level, only on a dysfunctional personality level. When each soulmate couple have respectively healed the Rebellion and Default within them, then being compatible partners for all of eternity, embark upon their joint journey (ascension) to Paradise – the home of our Heavenly Mother and Father – the Original Soul Partners!

During 2020, this account was made of soul partners of a family group who had lived close together in a small rural community in mid New South Wales of Australia. They are all now in the Celestial Heavens. More or less, the diversity of experiences and journeys may be considered typical for many billions of family personalities:

Nanna Beth's soul partner lived and worked in Western Australia's gold mining industry at the same time that Beth lived in New South Wales, Australia.

Her daughter, Marie's soul partner is a native from the Middle Eastern Kingdom of Quasoria, which no longer exists, but was on an island in the Pacific that also no longer exists. He's what you would call an ancient spirit, from three pole shifts back. (A pole shift is a cyclical event that unfolds around 12,000 to 13,000 years, the last one being more than 12,000 years ago. That suggests he may have lived on Earth some 40,000 years ago. Adam and Eve materialised on Earth more than 38,000 years ago in the Middle East, on a peninsula at the eastern end of the Mediterranean Ocean.)

Kevin, born in 1937, married Marie's eldest daughter. Kathaleen, Kevin's soulmate / soul partner was born in 1901, and is from Tennessee, USA, and is black. Kevin is white, so they are 'salt and pepper'.

Bradley, Kevin's son, suicided in 1999, and early April 2018 became Celestial. Bradley's soul partner is from the region that is now Russia – but it was not when she lived.

Raymond, Nanna Beth's grandson, died aged 23. Raymond entered the 1<sup>st</sup> Celestial Heaven in May 2018. His soulmate / soul partner had been in the Celestials for about twenty years and she was in the third Celestial Heaven sphere then. She is from northern Europe.

Benjamin John, Marie's grandson, miscarried at twelve weeks and was spirit born. His soul partner is also spirit born and they are now in the 2<sup>nd</sup> Celestial Heaven, both having had lives in the spirit Mansion Worlds that replicated living as if they were on physical Earth.

Physical incarnation (individualisation) is complete with the first heart beat, around 16 days after conception. Reincarnation is impossible. Annually, 130 million physical births take place, 45 – 50 million abortions as well as 45 – 50 million miscarriages occur annually. Childhood deaths annually may be as high as 10 million. Thus, around 45% of all incarnations do not achieve adult life.

While we remain living within the Rebellion and Default, we are rebelling against our soul; and consequently, against our soul partner. If we were able to find our soul partner, let alone recognise him

or her, we would more than likely be repulsed by each other. Upon completion of our Spiritual Healing, usually we become connected with our soul partner, and then it is so for eternity.

The capabilities and potentialities of every individual personality is only limited by their childhood suppression and repression. Once we heal, then our self-expression will reveal our true selves.

**The Rejected Ones – Living True to One’s Feelings – Jesus Speaks**      **by James Moncrief**  
**Message 9**      10 December 2002

Hello James it is I, Jesus.

It pleases me greatly to see that you are working! I know it has been a hard road for you and Marion to forge your way along in your healing without any help or anything to go on. But at least now we can come and be of some support.

I am so pleased that you are working with Mary. It is giving me a lot of pleasure. It has been very hard to work with so many souls on Earth and in the various natural love worlds without being able to disclose the truth of her existence, let alone the ramifications such knowledge would have.

Finally, as Jeanette said in her message, I too feel a breath of fresh air. I know it may sound all very strange to you, and many who may read these messages, but it is true. **I have only been allowed, as so guided by the Mother and Father, to reveal only the Father and myself, but now the overall picture can finally be balanced.**

Mary has asked me to speak to you today. I was not going to interfere in such work, for the Feminine Aspect of Truth has been entrusted to these women and they are more than capable of carrying out their part. It is one of the worst deficiencies and deplorable crimes that exist on your world, that being the degrading of women. I have found it very trying that humanity has not made more of an effort to rectify this imbalance particularly when everything about you in nature suggests the two opposite sexes are to live equally together. However, at last now this great problem, the rift between men and women, can have some light shone on it.

I want to speak to you about the one-eyed perception so many people and spirits have of me. I know it is the only perception they can have, but many souls when they come into the spirit world, both men and women, suffer quite a lot of disappointment when they learn that I am not alone in the universe, a single bastion of love: all by myself with only the Father in Heaven to console me in my difficult times. And to also see that I do have difficulties and difficult times like everyone, that I actually have real feelings like everyone, is apparently hard to swallow.

You see James, I am the Perfect One, the Creator Son, and as you initially wondered: do I live with so much love that I do not need anyone? And what I want to tell you is that I DO need someone. I need Mary! We all need someone, even the Father, needs the Mother. My soul is similar to everyone’s and the same in the aspect of its duality. Mary and I are soulmates. Together we are the Perfect Ones – the Perfect Pair, the Creator Son and Daughter of Truth, and TOGETHER we look after our universe. I AM NOT ALONE. IT’S NOT JUST ME AND THE FATHER. How could it really be any other way? How could a man exist alone? How could a woman exist alone? Especially when it requires a man and a woman of perfect love to give rise to, to create, a perfect replica of themselves. And so it is that Perfection, as seen in the Creator potential of my soul, that requires its counterpart Creator to do just that: Create. Mary and I need to be together so we can create all that we need to create in our universe. Together we create In Truth coming together and uniting with the Divine Minister – the Creator of Mind in our local universe.

Angels exist in pairs, as do ascending mortals, men and women of Earth, as they will discover when they reunite with their soulmates. Mary and I exist together, as do most other spirit personalities of Creation, and we all do based on the pattern from God – God exists as a Pair, Two who are One, the Heavenly Father and Mother. You have a mother and father, and being a child created in the image of God, does this image not reflect that God is both a Mother and Father?

Look into your own life to find the truth. Don't just look to me, as I have been limited in what I can reveal to humanity. Honour and respect your own intuitive feelings.

It has been good to speak with you again James, but for now good-bye. I am Jesus, loved one of Mary, who was my most beloved disciple. I loved Mary the most on Earth, no one else.

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.  
Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.  
Primary and most important readings are the writings of James Moncrief.  
Then consider the Padgett Messages, and then The Urantia Book.**

**Feelings first**

**MARY MAGDALENE comments to James Moncrief:****September 2010**

Book 2, page 39

**Mary Magdalene and Jesus' comments on the Padgett Messages**

In your negative states you won't meet or link up with your soul-mates, it's forbidden, so not matter what people might say and want to believe, they are wrong. And as you said, not until they start to do their healing, or have the intention of seriously doing it, would they come together with their soulmate.

The mind is one thing, feelings entirely another. And as you know, by living with your mind in control keeping the truth away from yourself by suppressing your feelings gets you nowhere,

Things as you can sense are going to change a lot in the near future, and so is the amount of information, good and bad, coming from spirit to Earth going to increase.

Humanity is fixated by the truth of soulmates, man seeking woman and woman seeking man, in the hope that their beloved partner is the ONE, their soul-mate. Many people might not openly speak about it, but deep in the psyche of humanity, this is how it is. And it all stems from the Adamic Default.

Eve and Adam were soulmates, and yet they failed in their relationship, and brought about the planetary Default, which has plunged you all into your sexual perversions and this desperate soulmate longing. And yet the truth is in the Default, in your negative states of mind and will: you can't be together as soulmates, and in fact you do all you can to repulse each other, and to be with in many cases, that every person who is wrong for you, all in the misguided and fanciful belief, that you are madly in love with each other, that you are soul-mates.

Had we come and told James Padgett or anyone else directly about the truths of Divine Love including all about ones need to do one's soul-healing and how to do it, then we *would* have **broken the covenant placed on us**, then we *would* have violated the laws, then we *would* have gone directly against the Mother and Father's will – then we *would* have been evil. All because humanity wasn't ready for such truth.

Humanity, as you know James, is meant to have Eve and Adam, the two greatest permanent soul-mates in flesh, still living amongst it, all so people could aspire to be like them. People would see the living perfection in their relationship and so long and yearn and desire to be like them. Which would in turn set them up for moving further into wanting a more spiritual soulmate relationship, something that would be shown by the bestowal Avonal Pair, or Jesus and myself (Mary M).

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

**God is God, who is our Heavenly Mother and Father, being SoulMates. There is only one Soul that is God's Soul, that being the Soul of our Mother and Father. Our Heavenly Parents are the First Soulmates; The Two Who Are One who have brought us all into being.**

**Jesus and Mary are a son and daughter of God.**

**Jesus of Nazareth and Mary of Magdalene, being soulmates, where both free of sin. Jesus and Mary, combined in their love for us, are our teachers and guidance for us to find our way home to our Heavenly Parents. To start this journey we are to liberate our souls from being entombed within our suppressive minds, through feeling and longing for the truth of our feelings via our soul and peel away our injuries incurred since conception.**

**Give yourself time to consolidate your relationship with the Father through the partaking of His Love. And whilst you are doing this, you can learn about your healing, all that's involved with it, as there are many willing spirits to share their healing experiences with you.**

**When you are ready it will start happening simply because you will want it to, it all being orchestrated by your soul. And when that time comes you will have developed a strong foundation in your relationship with the Father and Mother for you to work from. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.**

**It is to make longing for God's Love the priority, and then do one's healing; should one want to include God and the Divine Love in one's feeling healing. This is doing your soul-healing as you are seeking to heal your soul of all evilness – of that which made you become evil, and release all the hurt and pain of not being fully and truly loved.**

**WE ARE Children of God**

# FEELING HEALING + SOUL HEALING

To heal one's self is to simply look to see what feelings we are refusing ourselves to feel, and accept them instead of denying them. And to fully accept them, one needs to express them, speak about them, let them have their say, rather than pushing them aside, refusing to let them make you feel bad.

Doing this all with the intention of seeking the truth of why you are feeling them, of speaking about and expressing all such feelings; all feelings you have, but ALL WITH the INTENTION of UNCOVERING the TRUTH THEY WANT YOU TO SEE ABOUT YOURSELF. And it's the wanting to see the truth of them that is very important, because if you just look to accept them and speak and express them, but not seek their truth, then that's all you'll be doing, speaking and expressing them, but not healing their causes, so not fixing the things within you that are making you feel bad. And it's the truth part of it, seeking the truth of your feelings, and so, seeking the truth through your feelings, that's vitally important. It's the truth of yourself, life, nature and God, that is the spiritual aspect to it all.

You CAN'T find the truth of yourself or anything else through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

So to do our Soul-Healing consists of these steps, all of which are ongoing until it's done:

- **Admit you are feeling bad.**
- **Accept your bad feelings, identify what they are.**
- **Honour fully your bad feelings by expressing them, speaking about them to someone who is willing to hear you talk about them, or tell them out loud to our Heavenly Parents. Long for the truth of them. Long for the truth of why you feel bad – what deep within you is causing your bad feelings?**
- **And remember, bad feelings are Good! Not bad. They are not to be despised. And as hard as it is to accept them, they are still you, and a very real part of you. And if you persist in denying them and not allowing yourself to fully live them, then you are only going to keep yourself in your errors making things harder for yourself.**
- **All sickness and suffering, all bad things that happen to you, all your problems, all your addictions – your whole feeling-denying and untrue life, is all caused by your denial of bad feelings.**
- **Every problem in the world is brought about because everyone has been brought up to deny feelings, and in particular, most of their bad ones.**

If one is intent on spiritually evolving and growing in truth, then it's vital, and this is the key, that one looks to use one's feelings as the means to gain and have access to the truth of oneself. You CAN'T find the truth of yourself or anything else through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

Doing your Soul-Healing with the Divine Love, is really doing your 'Feeling-Healing'. We are designed — created — to be self-revealing of truth, and so we are all to uncover the truth within ourselves and for ourselves, and all being done by living true to our feelings. **If you accept, express and seek the truth of your feelings, then truth will come to you, and you'll grow spiritually. It's as easy as that. Also it is as easy as it is to long for, ask for and receive Divine Love.**

## Feeling bad is Good! It's okay to feel bad.

Feeling bad is good.  
 Feeling bad is GOOD!  
 It's not bad to feel bad – it's good.  
 FEELING BAD IS GOOD!  
 Very good!!!

And feeling really bad is also good.  
 And feeling worse is even better.  
 It's all very good!

It's okay to feel bad.  
 Bad feelings are okay.  
 It's good to feel bad.  
 Bad feelings are GOOD!

It's good to feel bad about feeling bad.  
 Your bad feelings are YOUR feelings.  
 YOUR bad feelings have a right.  
 A right to exist.  
 A right for you to feel them.  
 Your bad feelings are a part of you.  
 Bad feelings are good and they are your feelings!  
 ACCEPT THEM!

It's okay to feel bad, there is nothing wrong with feeling bad.  
 You might not like feeling bad, but it's okay to feel bad.  
 You are allowed to feel bad. Give yourself permission to feel bad.  
 Bad feelings shouldn't be dismissed.  
 Bad feelings already feel unwanted, why make them feel more rejected?  
 You are your bad feelings – if you reject them, you are rejecting yourself.  
 Why are you rejecting yourself? Why are you rejecting your bad feelings?  
 Is this how you want to live – rejecting a natural part of yourself?  
 Is this how you want to live, rejecting your bad feelings?

Feeling bad is normal. We all feel bad. We all feel bad a lot of the time, even if we won't admit it, or even if we're not aware of it.  
 There are many bad feelings, all sorts of different bad feelings, and they are a normal part of you – of everyday life.

Bad feelings – your bad feelings – are to be welcomed. Bad feelings are to be wanted. Bad feelings are to be accepted.

Bad feelings are to be loved.

If you ignore or deny or dismiss or reject your bad feelings, what are you really doing? Denying, dismissing, rejecting yourself. Is this what you want to do? Because if you do, you'll only make yourself feel even worse.

You are your bad feelings – Your bad feelings are you.

Bad feelings have just as much right to life as good feelings.

Be true to your bad feelings – acknowledge, honour and accept them!

Accept your feelings.

Accept yourself.

So Remember:

Feeling bad is Good!  
Accept your bad feelings.

The full acceptance of your bad feelings, and the seeing of the truth they are trying to show you, comes from having expressed – spoken – about them. And speaking about them to someone who cares about you: a friend.

As you vent your feelings, the pent up ‘bad’ energy goes, often leaving you with the understanding of what they are all about: why you are feeling them. And once you understand and know this truth, then you are healed and free of them.

As young children we were all stopped from freely and fully expressing all our bad feelings. Things were done to us, we were forced to behave in ways we didn't want to, all of which made us feel bad. But we couldn't complain about how unjustly we were being treated. We tried, but often only to be met with harsher rejection treatment.

As adults we still have all this bad treatment going on within us. We formed patterns when we were young based around all the negative unloving parenting we had. And now being unconscious of these patterns we still (also unconsciously) expect bad things to happen to us to make us feel bad – and to feel just as bad as we did back then. And so bad things do happen. And we do feel bad.

So as an adult, we are experiencing life in the moment now as the adult, together with all we felt back when we were young, only we are unaware of it. Something will make us feel bad, and on the surface of it we might know why we are feeling bad, yet underneath, deeper within us, it will key into and trigger repressed bad feelings making us feel even worse in the situation than we might have otherwise felt.

So in doing our Feeling-Healing: healing our repressed childhood bad feelings through the feeling-experiences of our current adult life, we need to use every bad feeling to help take us back 'down' inside

ourselves, to connect with what made us feel the same bad feeling when we were young.

We are our bad feelings, and like them, WE ARE STILL WAITING TO BE HEARD.

The honouring, accepting and expressing of our bad feelings is our attempt to speak up and finally be listened to: to be accepted and loved – not rejected. And as an adult we can now do this, whereas, a child we could not.

And so if you no longer want to feel bad then through complete self-acceptance is the ONLY way to heal yourself – allowing yourself to feel as bad as you do feel. If you don't feel good about anything in your life or about anything to do with yourself – if you have one bad feeling at all, that feeling or bad thing will somehow be connected all the way through you to your early childhood. And so simply, if you feel bad about anything, if you are sick or don't like any aspect of yourself or your life, it's all because of how you were treated during your early childhood, and it's still going on deep within you. Your childhood has ended but the resulting mental and will patterns that dictate to a high degree your emotional and feeling state are all still in existence, still unconsciously controlling you. And because you are denying yourself the knowledge of these patterns, so too are you denying yourself the resulting feelings from them – all your bad feelings.

When you see the truth, the whole truth of your negative self-denial state, then with your will you can stop living in rebellion against yourself and choose to live positively. And in that choice you are healed.

### The aim of Feeling-Healing

The real aim of doing your feeling-healing is to perfect your relationship with yourself, with others, with nature, and in the end, with God.

Until we are living true to all our feelings and living wanting to grow in truth from our feeling experiences, we can't live a perfect relationship. If we live denying any part of our self we can't have true relationships.

Until we accept all of those parts of us we're denying, and understand why and how our denial came about, we can't live as our soul desires us to, as we have been created to live.

And when we do honour all our feelings and live the truth revealed by them, then naturally without any effort or mind control we'll just be perfect.

Many people try to seek God, try to understand the Greatest of all Mysteries before they try to understand themselves. We will never be able to understand or relate properly to God until we can understand and relate properly to ourselves. We come first. We have to learn how to fully honour and totally accept ourselves and then we can move out into the world and greater universe.

**We are to be true to our soul by living true to our feelings.**

To want to live true; true to how you feel, is to want to be perfect.  
And your feelings are the way.

## Prayers to our Mother and Father

From 'Religion of Feelings' by James Moncrief

**Please Mother and Father** help me accept my untrue state and bring up all my repressed feelings so I can see the full truth of why I feel so unloved and all that's wrong with me.

**Please Mother and Father** help me see the truth of myself through my feelings.

**Please my beloved Heavenly Parents**, fill my soul with Your Divine Love. I long for Your Divine Love; please answer my prayer and yearning to be at-one with You and do Your Will by living true to myself and all my feelings. Please fill my heart and soul with Your Divine Love – please make my soul like Yours – Divine.

**Please Mother and Father**, I want to uncover the whole truth of myself through my feelings. I want to be able to feel and accept just how bad I am, how bad I feel I am, how bad I've been in my life. I want to know the whole ugly truth of myself, see it and feel it and understand how I came to be it. Please reveal to me through my feelings all the truth of myself You want me to see. I want to be as You want me to be; I want to be true and perfect, Healed of all my rebelliousness and self- and feeling-denial; I want to be good, loving, true and happy, please help me become true to myself, true to my soul, true to You.

**Please Mother and Father help me**, I'm in such bad pain, I feel so alone, so miserable, so scared, what's going to become of me, I don't understand, what's the point of me, why have You made me; please help me see the truth of myself – all the truths of myself, nature, how to be in the world, of You both. I want to know, I want to know it all through my feelings, all that there is to see, the whole truth and nothing but the truth. Please help all my pain come to the surface of me so I can embrace and accept and express it out of me. I want to use my feelings to uncover the truth they are to show me; please help me to do that.

**Please Mother and Father love me**. I want You to love me. I want to feel fully loved by You. I don't want anything else, only to be with You. Please, that is all I am asking.

**Please make me feel how unloving I am**. Please show me the horrible truth that I am. I want to see and feel and understand the worst of me, please take me into my darkest scariest ugliest unwanted rejected places within myself. I don't want to feel all the dreadful pain that I know is there locked away inside me, yet I do also want it all to come up and out of me, and I want to use it to see the truth of my wrongness, the truth of how evil I am, the truth of my fucked up state. I no longer want to be false, pretending I am okay, using my mind to make me falsely believe I am good, happy, loved and loving, when I know I'm not. For how can I be when You've brought me into my unloving state, making me be of it. And as You want me to experience being this negative way, please show me the whole truth of it. I no longer want to deny any part of myself, or any of my bad feelings. I want them all to come up so I can express them, emoting their pain, feeling how bad You've made me feel all my life and all through my early life; I want to see why, and so reveal all the truth to myself. I want to be the living truth of myself, living true to my feelings and the truth they give rise to. Please help me to do my Healing, and please fill my soul with Your Divine Love.

The mind way is the 'dead' way; the feelings way is the 'alive' way.

### Examples of some prayers to God:

From 'Feeling Healing' by James Moncrief

**Please God** show me the truth of myself through my feelings.

Please help me see the truth about myself You want me to see.

And please help me feel all my repressed pain; please bring up all my bad feelings so I can express them and see what it is they are to show me about myself, my life, and You.

And please help me work through my blocks, I want to Heal myself, I want to become true to myself and true to my feelings and true to You – please help me do that.

**Heavenly Mother and Father**, I feel so bad, and I know I'm doing it to myself, but I can't help it. I can't stop my compulsive addictions, so will you please bring up the buried feelings in me and show me the reasons why I can't stop. Please! I want to know – I REALLY WANT TO KNOW why I do them. Please help me Mother and Father to uncover the truth of myself. Please, I beg you, please, please, please show me the truth of them so I can give them up. I hate feeling bad, yet I know I must so I can keep expressing my bad feelings to see the truth You want me to see, so please help me feel bad.

**Please Mother and Father** fill my heart and soul with Your Divine Love. Please give me Your Love. Please love me and make me feel loved by You. I want to feel You close to me, I want You to hold me, make me feel loved by You. I only want You and to do Your Will. Please help me bring up all my repressed feelings so I can express them and uncover their truth. Please help me do my Healing. Please give me Your Love.

**I hate you Mother and Father**; why have You given me such a shit awful life? I hate myself, I hate You, I hate everything about my life. I feel so bad all the time. I've expressed so many bad feelings and still I feel bad. It's not fair, it's not fair what You've done to me. I hate You! And I want You to help me Heal myself, so I can stop feeling bad. You put me in the shit for whatever reasons, and I want You now to help me get out of it and show me what it's all been about. Please help me to Heal myself so I no longer hate You.

**I long for Your Divine Love** Mother and Father. Please fill my soul with it. And please help me uncover the truth of myself through my feelings. I want to see it all! And please make it all end, I'm so tired of always feeling so bad, please take all my bad feelings away by making me feel them and showing me the truth I am to see.

**LOVE**  
is the  
Religion of Feelings

*The Religion of Feelings* is a contemporary ‘religion’ based on living true to yourself through your feelings. Understanding that all you need in life is contained within your soul and is shown to you through your feelings. And by loving your feelings, by attending to them properly (talking or writing them out of you) and not denying them, you can use them to uncover the truth of yourself – the truth of your soul.

*The Religion of Feelings* is not a formalised religion that tells you how to be, that is too controlling and is actually bad for you, limiting your spiritual growth. You can be wholly self-revealing of the truths you need to be, being the person God created you to be, all by living true to your feelings.

*The Religion of Feelings* has no formal structure because we understand we don't need one, our soul contains within it all the truth of our spiritual ascent. If we look to our feelings for the truth they want us to see about ourselves, nature and God, then what more do we need! Our true spiritual path is the path our feelings will lead us down, that is, provided we allow them to. This is the most spiritual we can be.

Living the Religion of Feelings

You come to the understanding from your life experiences that how you are is not right, it doesn't make you feel good – that you are wrong in some way. And you want to change yourself, you want to become right, true and perfect – you want to be like God is.

*And to do this you need to do your Healing*

Your Feeling-Healing is looking to your feelings for the truth of yourself, the truth being hidden in many of the feelings you are not wanting to face in life. So you have to end your feeling denial, accepting all your bad feelings (and good ones), express them (yet not necessarily acting upon them), whilst longing to uncover the truth they are to show you.

Or, you can do your Soul-Healing, which is your Feeling-Healing together with including longing directly to God for God's Divine Love. When you receive the Divine Love into your soul, it will cause your soul to become divine, and it will deepen your personal relationship with God. Long with all your heart to God for God's Divine Love.

**By living true to ourself, true to our feelings, we are living true to God. It's that simple.**

# FEEL *for* TRUTH

The beauty of it all, is the truth comes to you through your own feelings. You don't need to be told it by anyone. You can work it all out for yourself. We are self-revealing of truth, it's how God created us to be, and by being it we'll feel the happiest we can feel. Truth is our great comforter, so when you feel it come up within you, ah it feels so good and you feel just right – perfect!

We know only how to deny feelings, now we can get to know how to accept them. And always with the truth being the most important part.

## FEELING TRUTH

If you don't want to uncover the truth of your feelings, then you can keep on expressing them forever but you will never fully heal yourself. Seeing the truth results in the Healing. And to see the truth you need to express all the pain out of you. The two things go hand in hand.

You can accept and express your bad feelings, letting off steam all day long, yet nothing will heal and nothing much will come of it. So this is where wanting your feelings to show you the truth of why you're feeling as you are is so important.

Don't go fishing with your mind, that will shut the truth out from rising up for you. **KEEP YOUR MIND OUT OF IT.** It's a feeling thing, doing your Feeling-Healing. (This is where we erred previously, and this how other modalities are in error.)

You long when you can, then stop longing and keep expressing. And at some point, and it might not even happen immediately, it might happen after days or weeks of expressing the same bad feelings, truth will come to you. And it does, it just comes up suddenly into your consciousness. You just know. You see the picture and you feel it's true. And you know it's true. And THEN your mind can come in and start sorting it out and putting in context.

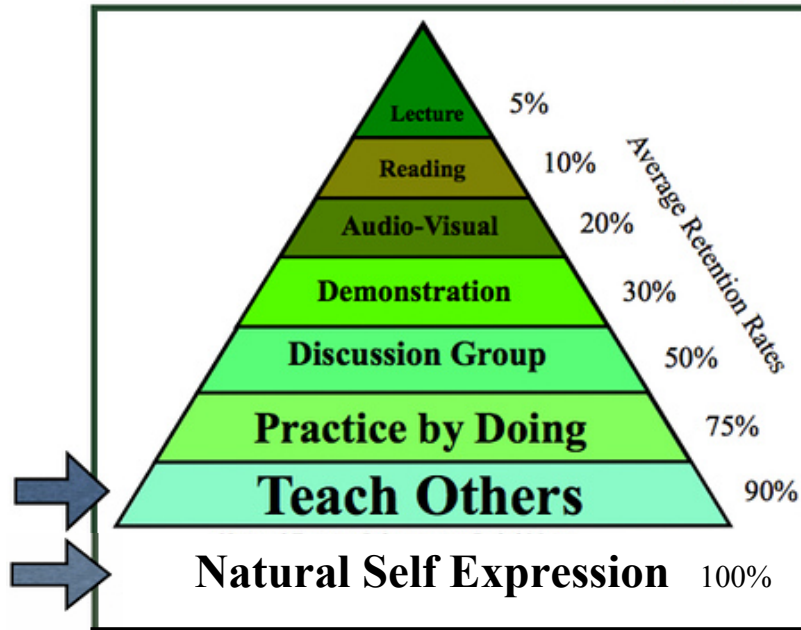

It's the Truth that we are seeking. It's the End Point. The Reason for doing your Healing. You are to see the whole Truth of yourself. And to begin with, that's the whole truth of your unloving self, of your wrongness, of your evilness, of why you are as you are in your negative unloving mind-controlling state. To be able to fully accept yourself as you are, warts and all. To not fight or resist or try and change yourself, just to accept all you feel and all the truth of all those bad feelings you feel about yourself. And when you do, so you will be healed. You CAN'T heal yourself unless you uncover the truth of your pain, suffering and so the truth of all your bad feelings.

Through our Feeling-Healing we long for the truth of what we're feeling whenever we can. So as often as you can. You want, and REALLY WANT WITH ALL YOUR BEING, ALL YOUR WILL, to know why you are feeling bad. You yearn, want, long and beg and beg and BEG God to show you the truth of yourself through your feelings. So when you are expressing your bad feelings you can stop and long for the truth to show you what's going on, why do you feel so bad, and you can do it any time you think of it or feel to do it.

Heartfelt TRUTH

### The Learning Pyramid

**Feelings first**

**LIVE FEELINGS FIRST**

**FEELINGS FIRST For Kids**

## The CHOICE is OURS to MAKE:

### Celestial Truth:

Truly all-loving;  
 Living true to oneself;  
 Mind supporting Feelings;  
 Living with the Divine Love;

Fully Healed of the Rebellion and Default.

### THE FEELING WAY

Feeling – Ascendance  
 Unlimited progression

- Living true to your untruth;
- Honouring all your bad feelings;
- Expressing feelings to uncover their truth;
- Healing the Rebellion and Default within yourself;
- Feeling unloved; being unloving;
- Feeling as bad as you can feel;
- Feeling like you are no one special;
- Longing for the Divine Love.

### THE MIND WAY

Mind – Transcendence  
 Limited progression

- Enlightenment, Nirvana, feeling all-loving;
- All false, mind-contrived. Anti-truth, anti-love;
- Still evolving the Rebellion and Default within yourself;
- Feeling and believing you are the Superior One;
- Living with your mind in control of your feelings;
- Living rejecting all your bad feelings;
- Living with your mind contriving you feel loved;
- Rejecting the Divine Love.

All religions, New Age, agnostic,  
 atheists, no spiritual interest,  
 Living the Rebellion and Default.

Hell:  
 Exploiting the Rebellion and Default.

The Feelings are the doer; the Mind the teller. So we are to go with our feelings, which we can't be told to do with our mind. So the longing for the Divine Love, doing our Healing by expressing our feelings and longing for their truth, are all feelings and doing it with longing. Whereas the mind just wants to tell us what to do and how to be, no feelings in it, all how our parents have treated us.

# Feelings First Spirituality

## Religion of Feelings

**FF**  
**Feeling Free**

Feelings First Spirituality – The Religion of Feelings  
 Learn to live with God through your Feelings

Accept, express and long for the truth of your feelings

Be free in your feelings  
 Free your feelings from your mind's control  
 Live true to your feelings; your feelings are your true self  
 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.  
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,  
 BAD feelings.  
 Want to understand why you're feeling them.  
 Use your surface feelings to take you deeper into your repressed and  
 hidden feelings.

The Feeling Way is the True Way.  
Your feelings are your spiritual guide.  
Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER we block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

The Religion of Feelings is the True 'religion' for humanity.  
It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The Religion of Feelings is what is to replace all man-made, mind-contrived, religions that so many people have enslaved themselves to. The Religion of Feelings will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled religions. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us

show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one's feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Religion of Feelings is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God's Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we've all been wrongly led to believe.

**Feelings First; then comes The Truth; then comes Love.**

**LOVE is the Religion of Feelings.**

## **FEELING HEALING and the EFFECTIVENESS of EMOTIONAL PROCESSING:**

Hi James and Nanna Beth (questions in blue by John)

Thursday, 13 July 2017

The question to address is:

What is different with the outlines of the Feeling Healing process as against the numerous other emotional processing methods?

Nanna Beth: The difference is the focus on the truth: uncovering the truth of yourself through your feelings – uncovering the truth of your feelings. It's a rebellion against the Truth, so if one doesn't want the truth, nothing will happen, one will only move deeper into one's rebellion against it.

And because the focus is on the Truth, so one can use it all the way to uncover the Whole Truth of Oneself. And there is nothing else teaching that.

All the other systems that involve looking to feelings to some degree fail to understand the deeper significance of wanting the Truth. Many people uncover some truth of themselves through their feelings, but mostly they end the process because they don't want to follow it right the way through, which means they only want to heal some momentary pain, and once that is done, are usually happy to continue on in their untrue state.

And because one is wanting to uncover the whole truth of oneself, then it becomes a full spiritual experience, and one that can be done by oneself, so without needing help from another, although at times help is sought and used. So the Feeling Healing embraces Healing the whole seven spirit Mansion Worlds worth of self- and feeling-denial, which is the complete Rebellion and Default. Other systems might only work at some aspect of it, limiting the ascent of truth through all the Mansion Worlds.

And basically no one understands the absolute depth of the problem within themselves, which is only borne out by people and spirits doing their whole Healing. Much of the current psychological understanding falls well short of understanding the depths that are involved because they don't include the overall problems brought about by the Rebellion and Default. You have to understand you are rebelling against yourself: the truth of yourself, and so against your own soul; which is then the truth of God, so the Mother and Father; and that also includes the truth of Mary and Jesus. So at some point you have to rectify all those relationships, which you can't do unless you understand the bigger spiritual picture. And so that's what James has revealed, taking all Marion has said, all the books offer, adding his own stuff, and putting it all together as a way of life, a spirituality that can be lived, and one the initially focuses on Healing oneself of all one's wrongness.

**Why have all other methods of releasing and delving into emotions not been successful?**

Nanna Beth: Because they don't understand the scope of the problem, as I said above. They are not approaching it from the point of view of understanding the nature of one's Repressed Childhood state, the extent of that; and then how one needs to allow oneself to feel all the bad feelings, not reject them; and then bring them out, which is the releasing of them; all whilst wanting to know the truth of them – the truth of what you are feeling. And that truth is what needs to come up within you so you can heal your will and become a truly functioning person, fully self-expressive, self-loving, and growing continually in truth.

All the other systems work within the control of the mind, so once the therapy ends, the mind regains control albeit in a different way. Only the Feeling Healing and Soul Healing with the Divine Love, seeks to entirely break the control of the mind over one's feelings.

#### Why haven't other methods been going deep enough?

Because people are basically afraid to push into such early childhood trauma without understanding where they are going or what it's all about. The leap of faith is too great, as it would mean they would have to rise above and conquer the Rebellion and Default within themselves, and that's simply too much to ask. The negative truth-denying systems within everyone are too deeply entrenched.

However the spiritual structure outlined by James provides a structure that allows you to deal with the Rebellion and Default, allowing you to maintain your faith, and evolve it, as you progress in your growth of truth – it gives one a picture to work with. Very few people, and possibly only Marion in fact, are able to press on into such dark depths without any structure and with only a faith that it's what she and God want to do.

I (Beth) couldn't have done it Marion's way John, I wouldn't have allowed myself to feel such pain, I needed to understand the bigger-picture reasons as to why I was in such pain, and be given the understanding that if I kept at it, one day it would end. Marion doesn't know it will end, she just keeps going one bad feeling at a time, which requires a tremendous amount of faith and over so many years and through so many inner obstacles; and still she doesn't know if it will end, but as she says, there is nothing else she can do other than keep going because she tried everything else. And she doesn't want to let her mind come in, only wanting to stay true to her feelings, so she doesn't want to know about the bigger picture even though she has worked it out along the way for herself and for James to understand which he's worked into his books.

So the spiritual aspect or approach James has provided, even if it's not actually talked about; the simplicity of honouring your feelings, and in particular your bad ones, then by accepting them you allow them to have their say, so you express them, all whilst longing for the truth, includes all one needs to know. And so by doing that, one will be able to fully Heal themselves working it out along the way for themselves; and even if they don't understand it, will be living the highest truest spiritual life one can live in one's wrongness, which in time will lead to one's Healing of one's rebellion and default.

On the surface of it, what James has related seems overly simple, but doing it yourself, and see what happens and what results; and that will take one deep into oneself uncovering the whole truth of oneself.

#### Many will consider that what they have been doing is adequate – why are they wrong in their understandings?

Nanna Beth: Because they don't understand what it's really all about. They don't understand the mind is in control of their true feelings, and that needs to be stopped. They don't understand the significance of their rebellion against the Truth, and how that happened by default. They don't understand that it's about uncovering the whole truth of yourself through your feelings, all your feelings, but focusing to begin with on your bad ones because they are what most people don't want to see. Everyone else sees it that they are doing this feeling type healing to make themselves better, to rid themselves of their pain and trauma, so instead of taking a pill to take the pain away, they are using some sort of emotional clearing system. But that is all still to take the pain away, to fix themselves, to heal themselves, to

effectively take a pill so it all goes away, just like what the ‘Divine Love people’ hope the Divine Love will do for them, but it’s not to uncover the whole truth of themselves. We have to see the truth of our pain, why we’re in it, how it all came about, so what really went on in all our early relationships. It’s not about doing anything that just takes all our suffering away. We have suffered for valid reasons, which all have to come to light. And so only emotional and feeling accepting systems will help one see such truth of one’s pain and suffering are of any worth. And unless you uncover the whole truth of yourself, you’ll never set yourself free of your rebellion and default, of all your soul pain. And the truth means to see the whole truth of why you feel unloved, how unloving your early relationships were, why you don’t love yourself, why you are unloving, why you are evil and wrong, which basically no one wants to face.

So to summarise: We all have to see the truth of our unlovingness. We can’t avoid it – deny it. We have to face it and feel all it makes us feel. And all those bad feelings lead us into the truth of it. So we have to understand – bring to light through our feelings – all the truth of our unloved, negative, evil, wrong state. And then once we’ve done that, we can be free of it. So until you uncover and feel the whole truth of it, it will never leave you, you’ll remain in rebellion against yourself, you’ll continue to be unloving.

Firstly, consider discovering the truth of your emotional pain and injuries through Feeling Healing. Secondly, consider longing for our Heavenly Parents’ Love as you progress with your healing. Primary and most important readings are the writings of James Moncrief. Then consider the Padgett Messages, and then The Urantia Book.

**LONG to KNOW the TRUTH of EACH INITIAL CHILDHOOD EMOTIONAL INJURY:**

**All emotional processing work address only the top layers over the core childhood repressed injury. None of the modalities reach down to the mother injury, the core of the suppression, thus what relief from such processes is only superficial and at best temporary. Yes, they do identify the underlying cause of the pain and illness, thus this assists in addressing the physical health issues at hand. However, we need to go further, much further.**

**To heal oneself is to simply look to see what feelings we are refusing ourselves to feel, and accept them instead of denying them. And to fully accept them, we need to express them, speak about them, let them have their say, rather than pushing them aside, refusing to let them make you feel bad.**

**Admit you are feeling bad. Accept your bad feelings, identify what they are. Honour fully your bad feelings by expressing them, speaking about them to someone who is willing to hear you talk about them, or tell them out loud to our Heavenly Parents. Long for the truth of them. Long for the truth of why you feel bad – what deep within you is causing your bad feelings? We must always reach to the core issue, that which occurred during our Childhood.**

Samuel (Prophet of the Old Testament)

January 17, 1916

"When the soul first separates into its two component parts, and one of these parts enters into the physical body, the other part remains a mere soul, invisible event to us (spirit people in the Celestial Spheres), but having an existence of which we are conscious, and hovers close to the Earth plane seeking the opportunity to also incarnate and become individualized. And this happens within a short time after the separation from the half that has already incarnated. Of course, when I say a short time, I do not mean in a few months or even a few years, because sometimes there is a space of several scores of years between the two incarnations; but such time seems short to us who know nothing of time.

[Score of years: A score is a 'group of 20' in numbers. A score is 20 years. Several generally means more than two, so 'several scores' could indicate 60 or so years.]

The soul which remains, as Luke has told you, as well as the soul that enters the human body, loses its consciousness of having been a part only of one complete soul, and of its relationship to the other part of that soul, and exists in the supposition that it is still a complete soul and needs no other soul to make it complete. This is a provision of the Father's goodness, so that the soul that continues in its pristine existences will not become lonely or unhappy."

Jesus

March 2, 1917

"The soul's home is in the spirit body, whether that body is encased in the mortal or not, and it is never without such spirit body, which in appearance and composition is determined by the condition and state of the soul.

So when men speak of "soul, spirit and body", if they understood the truth of the terms they would say: soul, spirit-body, and material-body."

February 15, 1920

"The physical part of man is really and only the result of the commingling of those forces that are contained in the two sexes, which according to the laws of nature and of man's creation, are suited to produce a body fitted for the home of the soul that may be attracted to it, and to develop its individuality as a thing of life and possible immortality.

This body, of itself, has neither consciousness nor sensation, and in the beginning has only the borrowed life of its parents. And then when the soul finds its lodgment, it has only the life of the soul; for the human life can exist only so long as the soul inhabits the body."

"Man's existence in the flesh is only for the purpose of giving his soul individualization, and all other apparent objects are only secondary, as you may say, accidental accompaniments of this process of individualization.

March 21, 1920

"The soul becomes individualized the moment it finds its lodgment in the receptacle prepared by the laws of nature in using the human father and mother as its instrument, and time thereafter does not influence or have any determining effect upon that soul so far as its individualization is concerned; and neither does eternity, for that condition being once fixed never can be changed nor annihilated, so far as is known to the highest spirits of God's heavens."

**SPHERES**

Spheres progress to infinity, progressing through Celestial Heaven, then Eternal Spheres, then Spheres of Paradise.

Spheres Celestial – typically soulmate halves bond together, though not necessarily.

Sphere 8 – At one with God.

Sphere 7 – transitional sphere from natural love path to celestial levels of divine love path.

Sphere 6 – highest level for those on the natural love path. In the 6<sup>th</sup> sphere state, we do not have damaging emotions.

Sphere 5

Sphere 4

Sphere 3 – truth is told at all times within the 3<sup>rd</sup> sphere.

Sphere 2 – to progress to the 3<sup>rd</sup>, truth is told at all times.

Sphere 1 – Earth plane – each sphere has many plains within it.

Celestial spheres are not numbered. Numbers here are only indicative.

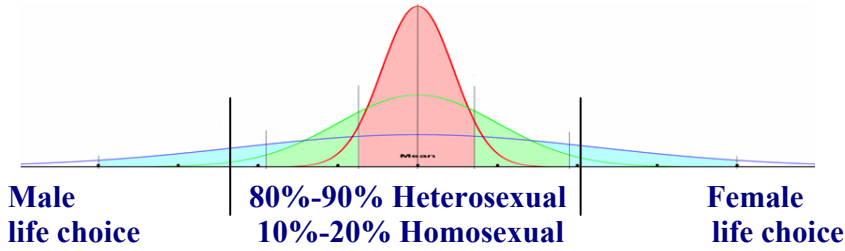

Your love grows exponentially each time you progress to a higher sphere. Consider a ten fold increase upon each progression through the spheres (10, 100, 1000, 10000, etc).

The barriers between spheres are referred to as inter stellar boundaries, being dimensions of love.

**NOTE:** The spheres within the celestial realms are not numbered (Spheres 8 and upwards). Spheres 8 and upwards are only nominally numbered as a point of reference and relativity, they are not actually definable in the way that these charts have been set up, numbering is used for guidance only. The energy level of each sphere increases in a logarithmic progression, as does David Hawkins’ Map of Consciousness scale.

**A beautiful expression of a soulmate love is holding a longing for your other half, that is, not for any particular person, but a longing for your soulmate who may or may not be within physical realms, but within the spiritual realms, and may or may not be of your opposite sex.**

**SOUL of HUMANITY, only man has a soul and a spirit body; and of the animals and vegetables, only those with a central nervous system have spirits.**

**Our soul splits into bodies of the opposite sex, thus creating the soulmate pair. In the spirit world we bond closely together again as we progress up through the spheres.**

**The two greatest loves are, firstly, your love with God, then secondly, your love with your soulmate, any other person is going to be a lesser love. When we feel we have a greater love, then it is because we are avoiding the two greatest loves that we are being offered. Even when our soulmate is in the poorest of conditions, our soulmate can still grow from that position to give us the second greatest love that we can ever experience.**

**Most of our relationships, here on Earth, are very much based on co-dependent addictions. When I meet your addictions and you meet my addictions then we all feel happy and we all like each other. As soon as I don't meet your addictions then we don't feel happy.**

**Soulmate relationships grow to the point where you do not have any co-dependency.**

**“SOULMATE”**

Mostly, we consider a person to be a ‘soulmate’ when it is actually a person who matches our emotional injuries – most of the emotional injuries match each of the partners with opposite injuries. A soulmate though is the other half of our soul. Most relationships commence with attractions based on emotional injury but are not soulmate attractions. Theta healing removal of hooks and injuries are temporary – only soul level processing is permanent. Hooks attract a lot of things.

**ADDICTIONS:**

What I want!

What I want is love.  
If the woman around me is angry  
– I want to make her happy.  
That is an addiction.  
Our projection is an oppressive  
projection at them.

Every addiction covers an underlying emotion.

What is happening for a person who ‘thinks’ they have found their soulmate is that this person matches the majority of his / her addictions. [www.divinetruth.com](http://www.divinetruth.com)

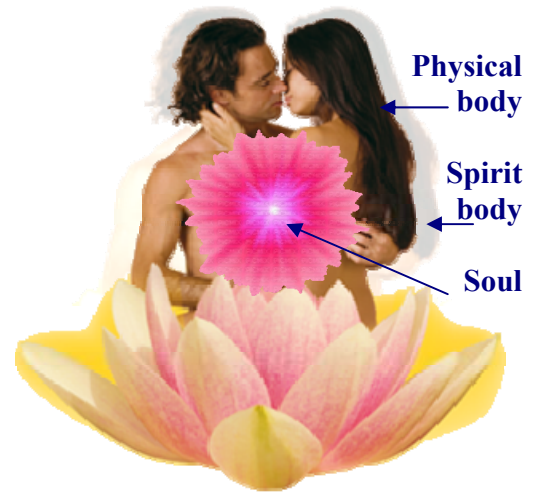

If you are soulmates, your individual desires may get closer, and closer. If you are not soulmates, you will notice that your individual desires may get further apart from each other.

God created in us a desire to get to know God.

God also created in us a desire to get know our soulmate.

**The REAL YOU is the SOUL:**

One's personality, natural intelligence, memory and human attributes all are soul based. The soul initiates conception so it can start expressing one of its two personalities in Creation. It creates the will, then 'wills' the spirit body and physical body and all that connects them with the will into being. Our soul constantly sustains or expresses us, one of its two personalities, in Creation. The spirit can't separate from the soul because the soul keeps it in existence. We need our spirit and physical bodies to experience our personality through. When the spirit body separates from the physical body, one continues on living in a different form without losing any of the attributes experienced during physical life. Incarnation is the process of individualisation of the soul.

Without a soul, our physical bodies would function and interact similarly to that of a domestic animal. An unsouled human body (thought not possible) would respond like a household puppy! Domestic animals calibrate on Dr David Hawkins' Map of Consciousness between 200 and 250, the human body calibrates at 200. All animals have spirit bodies, these do not survive into the spirit Mansion Worlds. Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

**Aman and Amon** were the first True Humans, which means, the first soul expressing its soulmate pair, its two personalities, in Creation – on Earth. From which came forth the rest of us. So they had a soul from the start, which separated them from their animal parents. It's the soul that wants to fully express itself through its two personalities perfectly in Creation, which is the so-called 'human perfection hunger'. It, our soul, wants to be Perfect like its Heavenly Parents, the Soul that Created it. We, focused as personalities, want to be perfect, like the Personalities of our Mother and Father that are Perfect. Our soul wants to be like Their Soul. Our soul wants to ascend us to Paradise so we can be with Them, as physically close to Them on a personality level that we can be, and then see what happens.

There were aunts and cousins, parents and grandparents. But they were not human like Aman and Amon – they were really animals, though of the same species. Aman and Amon wandered off from the family, since they could find no way of relating to them at all. How could they? They were incapable of rational thought, speech, or anything human. Aman and Amon knew that forevermore that they were apart.

Aman and Amon may have been twins. They were indeed a primate species of humanoids. But they, themselves were more beautiful than their animal relatives, and they knew, even from their very appearance, that they were marked even by Nature to be different.

## SOULMATE

November 30, 1914 – Helen

Book of Truths

The love that makes two souls one will exist only for the soulmates. God's love will not interfere with that—I mean our love for God. It is of a kind that is different from our love for each other, and is of a more spiritual and holy nature.

God has decreed that two soulmates are intended to make one complete whole, and they must, in order to be wholly happy and to fulfil the laws of His love, live together forever as one. Yes, I know, because I have asked your grandmother and she has told me. You can progress on Earth just as rapidly as I can here, if you will let God's love come into your heart as fully and as abundantly as I do; and you can if you will only pray to the Father. He does not require the child of His care to be in the spirit world in order to develop his soul. You have the same soul now that you will have when you come here, and if you let God fill it with His love while you are on Earth, why should it not progress as much as it does here?

God does not intend to wait until you come over here that He may give you the full enjoyment of His holy spirit; it all depends upon you. If you truly and sincerely seek His love, you will get it on Earth just as easily as you can get it after you have shunned off the body. The love of God coming into the soul of a man does not depend upon whether he is in the flesh or in the spirit. All souls must answer for the sins done in the body, but it is not necessary that such penalties be paid in the spirit world; you can pay the penalty while on Earth. As you sow so shall you reap, but the reaping is not necessarily here.

If you seek earnestly for God's grace and love you can obtain them on Earth, and I am informed that when they are obtained on Earth, greater will be the progress of the spirit when it comes over. So let me pray you to seek these blessings while you are in your present life, and not wait for them to be given to you after you have entered the spirit world.

March 4, 1915 – Jesus

**There is a love that may be called the natural love that will last forever, providing these souls seek and obtain the divine love, and that is the love that God has implanted in two souls that he has designed to become one in spirit life. This love is really not two loves, but one and the same love manifested in the two opposite sexes, and which is only a complete one when these two apparently independent souls come together in perfect unity. This is what is commonly called the love of soulmates, and which is that essence of spiritual love which makes the happiness of the two spirits of mortals seemingly complete.**

**Yet this love is not of a divine nature, but merely the highest type of the natural love.**

May 3, 1915 – Joseph Salyards

Another law of the spirit world is that every human being of one sex has, on Earth or in the spirit world, one of the opposite sex who is his soulmate.

But the soulmate is not an affinity which may be suggested by the passions or desires, but is one provided by the grace and love of the Father to live with the other soulmate through all eternity. Before they took on the form of flesh, they were united, and when, in accordance with God's plan, they separated and became mortals, they became no less soulmates, although they may not recollect their former unity or relationship while living the mortal life. But as certain as God lives, these two soulmates, at some time, after they become spirits, will learn their true relationship to each other, and will, if nothing insurmountable intervenes, come together again in true union and happiness.

**June 3, 1916** – Josephus

Book of Truths

The description of the creation of man is not in accordance with the facts, and the story as related in the Old Testament, and by me, is not the true story of the facts of such creation.

He was not made of the dust of the ground, but was made of the elements that existed in the universe of a different order from the mere dust of the ground, and was so created by God for the purpose of forming the mere physical body of man. The two persons called our first parents were created at the same time, and not one out of the rib of the other. Therefore, the man and the woman are equal in their dignity, and in the relationship which they bear to God, and the one is of just as much importance in the sight of God as is the other. One was created stronger, physically, than the other, and also was given a stronger mentality, for the exercise of the reasoning powers, and the workings of the physical organs of the body. And the other, while weaker in these particulars, yet was given more of the spiritual and emotional nature and also, an intuition by which she could understand the existence of things just as accurately as and more quickly than could the man by the exercise of his reasoning power. One was just as the other as respects the gifts bestowed, and together, they were the perfect pair – male and female were they created, with diverse functions and duties to perform in the perfect workings of the laws of God.

**October 6, 1915** – William T Stephenson

The love of a man for a woman is so great that only the love of God for man excels it (I mean the real soulmate love). I am a spirit who lived on Earth and loved a woman of Earth and when I died my love did not die, but continued and is with me now growing and increasing all the time.

**October 12, 1916** – Helen

I have gotten into higher planes of the Celestial spheres and am correspondingly happy and surrounded by more beautiful scenes and brighter and lovelier spirits. My home is also more beautiful and is filled with a greater atmosphere of love and happiness. And I further find that with all this progress and increased happiness my soulmate love for you increases and a more wonderful vista of what our happiness will be when you come over and progress to my home and become my soulmate in actual living together, unfolds itself.

Because we have our love for the mortal and leave our mansions of joy and light and go to the Earth plane of darkness, where sin and error are, our great soul's love and happiness are not left behind. And why should it be? The homes which we have do not make the soul's happiness, but the soul's possession of love makes the homes. And this love is ours for all eternity and cannot be taken from us. It can grow

greater but never less. This is a law or the result of a law in the Celestial heavens. And what a wonderful law it is!

When I come to you I bring not only the divine love which possesses my soul, but the lesser, though very intense love of the soulmate, a love which had its beginning before we were mortals and which will never have its ending in all eternity.

**A beautiful expression of a soulmate love is holding a longing for your other half, that is, not for any particular person, but a longing for your soulmate who may or may not be within physical realms, but within the spiritual realms, and may or may not be of your opposite sex.**

Judas of Kerioth as published by Geoff Cutler

P.226 October 8th, 2001

When I talked soulmate love, I mentioned the fact that Mr James Padgett started a new relationship with a woman some years after the death of his wife Helen. I want to stress that I have not mentioned this amorous relationship of Mr Padgett in order to express my disagreement, because it is very natural that a person might seek a new relationship when he feels alone and when he realizes, that in spite of a loved one's death, life goes on. No, this reaction is very natural and it doesn't deserve any reproach. I only presented that as an example of demonstrating that Mr. Padgett, despite his theoretical knowledge of soulmate love, didn't understand it, and that he was unable to feel and to live this love, **as nobody is able to do this**, while they live in the flesh.

Divine Love Path forum comment on 19 March 2013:

‘Incidentally, we have recently become aware that James and Helen were divorced.’

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to ‘our Mother and Father’. Further, when considering soul healing, then reference to Divine Love could be referred to as ‘Feeling Healing with Divine Love’.

## A Burning Desire For God

Hello to all my friends,

22 Feb 2006

As we have been told, God's Greatest Creation is the soul of man, and remember by that expression "soul of man", I mean the soul that contains two distinct parts that separate at the time of incarnation, yourself and your soulmate together. In time, due to each soul half's progression in Divine Love, these two parts will again be one, a process referred to as Soul-Union, and will again form the single unit that our Father created, but now with a consciousness of its own complete identity (which identity consists of the sum of the identities of the two halves), and a consciousness of its own individualization (which individualization consists of the amalgamation of the individualization of each half). AJ

**How do you know your life's purpose?**

**Consider working on removing your fearful emotional conditions first.**

**Our soul has a unique personality that is not the same as anyone else. As we grow and get closer to God, we become more unique in a loving way. At one with God does not make us all the same.**

**For most of us, our passionate desires are untapped as yet, because we have so much fear.**

**Soulmates desires may be quite similar. For soulmates, as you grow in love, your passions and desires will seem to come closer and closer together. As children, as we grow up, we very quickly loose our passions and desires.**

**As you release a lot of these fears, you will be left with these original passions and desires as the prominent thing.**

### SOUL UNION:

**SOUL UNION is a result of your desires for God mirroring each other as you each grow towards God.**

**Purify your desires – you will grow closer and closer to your partner and eventually your soulmate.**

**PRIORITY for your LOVE:**

1. God
2. Self (we are one half of our self) include your soulmate – never have your free will harmed.
3. Others – all children (being developing souls) – not just your own.  
– people (mortal or spirit)
4. Creatures – living and moving  
– has a central nervous system, if so, also has a spirit body  
– does not have a central nervous system, therefore, does not have a spirit body
5. Flora – trees, plants
6. Inanimate.

**When you compromise your priorities you will hurt yourself – you will feel pain because of that action.**

**There is a constant energetic transaction going on all the time between soulmate halves, even if they are not aware of them.**

We "know" that a soul portion has no sexuality, and while they are matched as personality goes, and that means one has a tendency towards what we identify as male, and the other towards female, that's not a guarantee of how they will incarnate. And after this life they are again without sexuality.

**YOU are ALWAYS JOINED to YOUR SOULMATE:**

**Duplex Soul: Each half being complete in itself.**

Book of Truths by James Padgett

p.41

message dated December 31, 1914

**"Yes, as I told you many years ago, there is a record in the heavens a book of lives, as I might call it, which contains the names of those who are decreed by God to be one through all eternity: and when I want to know who is the soulmate, I consult that book, and there I find who the soulmate is. I am not permitted to give the name of the soulmate if he or she is on the Earth life, for it might create discord or unhappiness to the living, but if the soulmate is not married then there is no restriction upon me, but if the soulmate is married then I must not tell the name, such is the law of God in this particular."**

**Dot channelling with John and AJ:**

**“Soulmates are not always sexual partners.**

**Soulmates can be soul to soul, heart to heart, without actual sexual contact.**

**You can be attached to someone emotionally without being sexual and soulmate connection can still be there.**

**There are different ways of soul connection and soul partners.**

**The sexual side of things is a minor thing.”**

We "know" that a soul portion has no sexuality, and while they are matched as personality goes, and that means one has a tendency towards what we identify as male, and the other towards female, that's not a guarantee of how they will incarnate. And after this life they are again without sexuality.

(2018.1) <sup>188:5.2</sup> **God's Divine love does not merely forgive wrongs; it absorbs and actually destroys them. The forgiveness of love utterly transcends the forgiveness of mercy. Mercy sets the guilt of evil-doing to one side; but love destroys forever the sin and all weakness resulting there from.** Jesus of Nazareth brought a new method of living to Urantia (Earth). He taught us not to resist evil but to find through God a goodness which effectually destroys evil. The forgiveness of God is not condonation; it is salvation from condemnation. Salvation does not slight wrongs; it *makes them right*. **True love does not compromise nor condone hate; it destroys it.**  
(The Urantia Book)

(2018.2) <sup>188:5.3</sup> **The beauty of divine love, once fully admitted to the human heart, forever destroys the charm of sin and the power of evil.**  
(The Urantia Book)

I am here, Luke –

13 Jan 1916

All souls which enter into mortal bodies are, previous to such advent, real, living existences, and made in the likeness of the *great soul*, though not having the qualities and potentialities of that soul, and also, not having the form of individualized personality that they have after they become parts of the composition, or form, of the mortal and spiritual bodies of human beings.

The soul, in its existence prior to becoming an indweller in the mortal body, has a consciousness of its existence and of its relationship to God and to other parts of the great soul, and more especially of the duplex character of its being; and by this I mean the sexual differences in the two parts of the soul, which, in the way that they are united, constitutes the one complete soul.

When the time comes for this soul to become an indweller in the mortal frame, the two parts that I speak of separate, and only one of the parts enters at the same time into a mortal and never into the same mortal. And while this separation is necessary for the individualization of each part of this one complete soul, yet the two parts never lose that interrelationship, or the binding qualities that existed before their separation, and which continue to exist thereafter, and in the great future, after the work of individualization shall be completed, will come together again and reunite in a complete one.

This separation may exist a longer or shorter time, depending upon the similar development of those similar qualities that is absolutely necessary in order that this coming together in the original one, as it were, may take place.

While, as I have said, this soul before its separation has a consciousness of its existence, and when its duplex character leaves it, or rather leaves the two separated parts, and thereafter, until its re-entrance into the spirit world, does not again return to these parts. But in order to regain this consciousness, it is not necessary that both of these parts at the same time shall come again into the spirit life, for if one part becomes a spirit, free from the physical body, and the other part remains in the mortal body, that part that comes into the spirit world may receive the awakening to this consciousness, depending upon certain conditions and developments.

It often happens that both these parts will return to the spirit world, and yet, for a long time, live as spirits without having a restoration of this consciousness, because of various reasons that may exist. The conditions of the development of the two parts may be so vastly different that the realization of this consciousness may be wholly impossible. And very often it is the case that when these two individualized parts are informed that they are the soulmates of each other, they will not believe that information, and live on in utter indifference to the fact.

But ultimately, the consciousness of their relationship will come to them, because their development, no matter whether intellectual or spiritual, will tend towards the awakening of this consciousness, which is always present with them, although dormant.

Now, as to what this soul is in its constituent parts or shape or form prior to its separation for the purpose of becoming an inhabitant of the mortal body, we spirits are not informed and do not know. We are often present at the conception, and also the birth of a child, and realize that a soul

has become enveloped in the flesh, but we cannot see that soul as it enters into that home of mortal environment, because as to us it is invisible and has no form; but after its lodgement in the human body we can perceive it and realize its existence, for then it assumes a form, and that form varies in different incarnations (the incarnations in different humans).

We have never seen the soul of God, although we know that there is this *Great Oversoul*, and hence we cannot see the soul of any image of the great soul until it becomes, as I say, individualized.

That when the soul, and keep in mind that I mean the two parts when I say soul, once becomes incarnated and assumes an individualized form, it never thereafter loses that individuality, and hence, never again returns to its condition of pre-existence, and can never again become reincarnated in the existence of any human being.

There is no such thing as reincarnation [the conditions for reincarnation were not understood in 1916, nor were the circumstance available to enable reincarnation in existence in 1916], and all the theories and speculations of men upon that question, which conclude that a soul once incarnated can again become incarnated, are wrong, for the incarnation of a soul is only one step in its destined progress from an invisible formless existence to a glorious angel or to a perfected spirit.

A soul in this progress never retraces its steps – it is always progress, though sometimes stagnation takes place – but continues as an individualized spirit until it reaches its goal in fulfilment of the Father's plan for the perfecting of His universe.

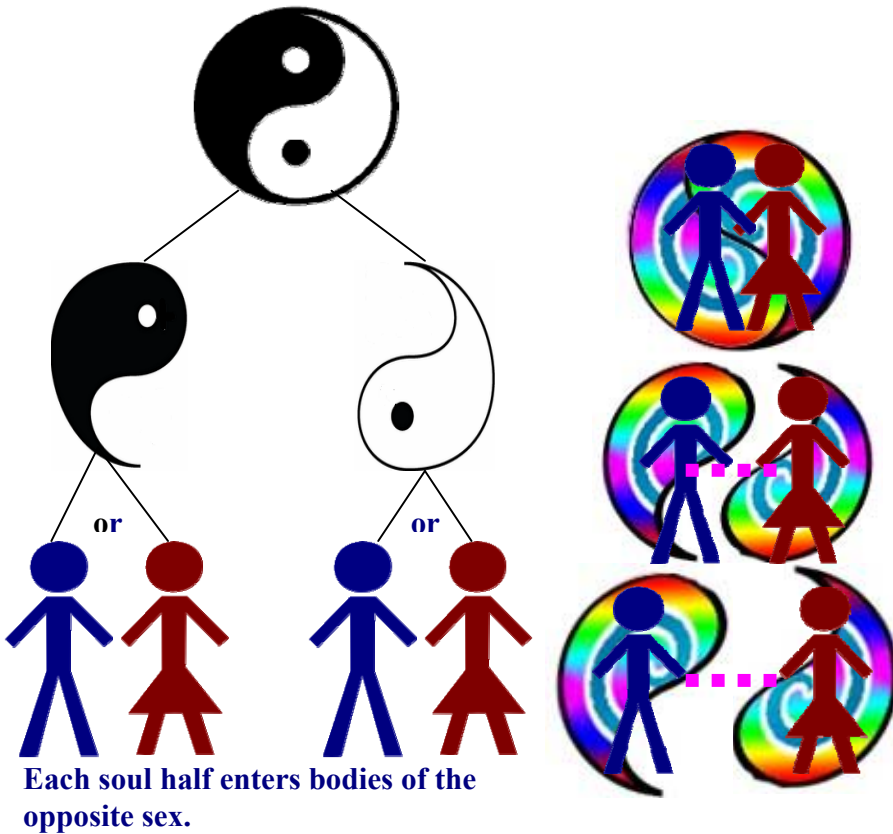

This is a subject that is difficult of treatment for several reasons, among which is the fact that we spirits, no matter how high our attainments, do not have the information in order to give a full and complete description of the soul and its qualities prior to its incarnation, and you mortals are not capable of comprehending the full truth as we may try to convey it to you.

I have made this effort to give you some faint idea of the soul, as you (James Padgett) are in good condition tonight to receive my ideas, but I realize how inadequate my attempt has proved to be.

But from it, you can understand that the soul has an existence prior to its finding its home in the physical body, that it is duplex and has a consciousness of the relationship of its two parts, that after it has received the experience of the mortal life and received an individuality, it returns to the spirit world, and that at some time that consciousness will come to it again, and the two parts will become one, unless in the development of these separate parts have arisen barriers that may prevent their reuniting. And further, that this soul will never again retrace the steps of its progression and become reincarnated.

P. 294 Book of Truths through James Padgett / Luke

Soulmates are our companions in the spirit world as we grow in love and progress up through the spheres.

The experience is different to that one can experience here on Earth in a sexual union. Our spirit bodies do not have sexual organs.

Humankind is very different to all of the animals, in as much as humans have a soul.

The human soul is actually the highest creation of God. There is no higher creation of God than the human soul. The human soul is the only creation of God actually that is given free will. As of a result, the human soul has the capacity to create evil as well as good, just by that gift of free will.

PASCAS  
HEALTH

Dr Samuels has this to say:

"Human souls created by the Father, according to the messages, are duplex: They are male and female in composition, and, at the time of incarnation, divide into their two component parts. Each thereafter in the flesh is a complete soul as to itself. The soulmates may or may not meet and marry in the flesh, depending upon various conditions and circumstances which prevail at the time of their marriage; but such marriage is in no way a guarantee of happiness, for the different education, religious beliefs, family traditions, upbringing and other circumstances of each may often hinder rather than aid in their marital relations. On the other hand, souls which are not mates have a better chance of marital harmony if their marriage is based on similar interests, upbringing, education and general social condition on the plane of the material world. Soulmates, after death, eventually meet and stay together in real soulmate love, though not before a period of purification, and in accordance with their condition of soul."

Souls are created in duplex form, that is to say, two halves, sufficient for themselves, but complementary in certain sense. You can infer, and it is even mentioned, that those halves are distinguished through their sexuality, a male and a female soul.

Duplex Soul: Our soul manifests two personalities through the process of incarnation.

## Revelation 20: Reincarnation is an oriental doctrine

I am here, Jesus:

I am here again to write you about a subject that has created interest among you, the Doctor and others, and that is the article on reincarnation. In the Padgett messages, various communications dealt with the falsity and absurdity of this Oriental doctrine, which holds that the human soul can reincarnate from one fleshly body to others in succession over periods of time and that as a result the soul has an opportunity to lessen its desire to sin and thus finally achieve purification while in the flesh.

If you will examine the question a little more closely, you will see the impossibility of the soul in the spirit world to be reincarnated in the flesh for the reason that the soul, for this supposed phenomenon, would have to shed the spirit body in order to enter into a mortal body, since the soul is encased in a spirit body which is physical in nature but not of a gross material of what mortals call the material world, and that spirit body, which is the envelope and protector of the soul, is that which gives the soul its individuality as a conscious entity and remains with the soul so long as the soul lives. In the spirit world no spirit body has ever been deprived of its soul, and no spirit body thus hypothetically divested of its soul has ever died or been disintegrated, or has disappeared from its habitat, except as it advances from one sphere to another while making progress either to the sixth sphere or spiritual paradise or to the Celestial Heavens and Immortality (spheres 7 and upwards).

As far as is known today by us in the spirit world, the spirit, that is to say, the soul and its spirit body, may live for all Eternity, if God so requires it, even if it does not possess the consciousness of immortality through possession of Divine Love, and it will certainly continue to live throughout all Eternity – the soul and its indissoluble spirit body – if it does possess the Divine Love, Immortality and At-onement with the Father.

**As soul cannot be taken from, or torn from – or in any other way deprived of – its spirit body, once it has come to the spirit world, it would be equally impossible for the spirit body to enter the human body of another human being, for only a soul without a spirit body can enter a human body, and on the death of this body, the soul manifests its spirit body. The doctrine of reincarnation is, therefore utterly without foundation, for it is impossible, let me repeat, for a soul with its spirit body to enter a human body to be born again in the flesh.**

When a human being dies in the flesh, his soul has already achieved under ordinary circumstances the purpose of his creation, that is, individualization and the creation of receptacles for soul's, and in his spirit body, in size, shape, appearance and nature, is the complete creation without the envelope of flesh.

This soul appears in the spirit world laden with the inharmonies of its Earth life, but since it has the opportunity of eliminating these inharmonies and becoming a purified soul in the spirit world through

the exercise of its will and moral force and repentance, or becoming a Divine Angel through prayer to the Father for His Divine Love and Mercy, transforming the soul into the very essence of the Father, it is therefore absolutely unnecessary for the soul to go back to the flesh for another chance to purify itself, for the loving and merciful Heavenly Father had already provided a plan that would enable the soul – the real man – to attain purification, and here God showed Himself to be more merciful than He might have been had He decreed successive trials in the flesh for the process of purification, for man while thus seeking to purify his soul, would at the same time have to contend with the sinful influence of the flesh, and his ultimate purification would thus indefinitely be delayed or perhaps never accomplished until the very end of time. You can thus see that God has shown His Love for His created children by providing a way for them to be purged of their sins, while being free of baleful influences of the flesh, which would only hinder, and make more difficult, their tortuous progress toward purification.

As regards the sayings in the New Testament, the first thing is that I never had any thought of reincarnation when I asked my disciples, especially Peter, "[of whom do the people say, I am?](#)" for that question was formulated simply to have them state whether they considered me the Messiah, as some of them already did, although not in the spiritual sense or the exact understanding that I had brought immortality to Earth in my soul.

Again, you were right in thinking that I said: "[but I say unto you that it was one like Elijah is come.](#)" – and not – "But I say unto you that Elijah is come," for I did refer to John the Baptist, who in his type of sermon and in his temperament, and even in his garb and food, was a throw back to Elijah, – but here the similarity ended, for each of these lived different lives, and are individual souls and are both living in the Celestial Heavens at the same time, and this is a physical impossibility with reincarnation, for, in this doctrine, if Elijah was John the Baptist, only one soul and only one spirit body would be involved.

The child born blind did not sin, nor did its parents, but suffered blindness because of the physical defect in his mother, which prevented the perfect development of the foetus in her womb, and thus this defect has prevented the perfect manifestation of God's work of creation. This defect is one of many to which the imperfect world of the flesh is subject, and it is for this reason that purification of the soul while in the flesh would be a task of countless centuries, and a punishment worse than the most evil hells of the spirit world in its duration. The quotation from Revelation, chapter 3, verse 12, "[He shall never more go out](#)", referring to the "[Temple of my God](#)" is an allusion of the soul possessing the Divine Love, to such a degree that immortality is a conscious possession, and its home is forever more the Celestial Heavens, although, the writer, himself, understood very little of this, and had in mind a purified soul, and not a Divine Soul, with its habitat in the sixth sphere.

Jesus of the Bible and Master of the Celestial Heavens

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

**First 9 months in gestation:**

- You cannot receive Divine Love.
- You cannot receive Divine Love unless your mother is.
- You cannot feel God anymore.
- You cannot feel your soulmate anymore.

**What am I thinking !!**

**I love myself.**

- Dominant thing**
1. God
  2. Love of truth
  3. Soulmate

**If this is not so – you are out of harmony. Have a longing for your soulmate in general – not for someone who you consider specifically is your soulmate – you do not know who your soulmate is or maybe.**

**Put first God's love and all other things will come to you.**

**With soulmates, the emotions of the two soul halves can cycle between them, that may contribute to their bonding. The soulmate, in the future, will be able to feel everything you feel.**

**Divine Love**

**One soul half does not receive on behalf of both soul halves / soulmates.**

**Souls don't have sexuality. They do have personality, or it would not be an "individual" in any sense. On the other hand, it is exactly that individualization that constitutes incarnation.**

**It is understood, without having much evidence for it, that typically both halves of the soul incarnate into approximately the same social conditions, so that later in the spirit spheres they have some common background. But it is also known that soulmates can incarnate even as much as 2000 years apart. Bartholomew told us in about 2000 that his soulmate was at that time still on Earth, and he had lived at the time of Christ.**

**What is known as a certainty, you don't need, nor are you expected to discover your soulmate while incarnated on Earth. You will not be led to your soulmate if either party is currently in a relationship. And I suspect a degree of soul advancement may be a requirement – it certainly is in the spirit spheres.**

**The entire soulmate concept has nothing to do with THIS life. It is a device for the spirit spheres, pure and simple. You will recognise your soulmate, as and when its appropriate. That is, after you have passed over. If you are privileged to meet your soulmate here, that is all it is, a privilege. It's very possible you may find them unattractive, or of a gender that causes you a problem.**

## **"How To Find One's True SOULMATE"**

The Purpose and Meaning of "Soulmates" And "Soul Groups".

The true purpose of the gift of life on Earth is in order for our souls to learn and experience life, through all kinds of events, opportunities and challenges throughout our lives. Thankfully we are not alone during our journey of life, unless of course a person believes themselves to be selfish egocentric "individuals", then even amongst large groups of people they are lonely and disconnected.

"The Soulgroup"

During our journey of life, we travel on this Earth in "soul groups", that is a group, culture and identity where all the members of the soul group understand each other and live on the same physical and spiritual wavelength. The members of one's soul group may not all be alive on Earth, they may be spiritual souls who have passed onto to Spirit world but maintain contact with you as they are part of ones soul group in much the same way as "Guardian angels" .

Once a person has learnt the lessons of ones life, it is possible to elevate ones soul into a higher soulgroup, and likewise if one makes a bad decision one can move out of ones soulgroup into a lower group. Nonetheless one always has the intrinsic continual opportunity and chance to return to ones destined soulgroup and likewise one is always guaranteed to be able to find their perfect soulmate, through the help of ones "Guardian angels" and helpful souls from ones soulgroup.

"The Soulmate"

**Talmud (Sotah 2a)** teaches that "destiny" has designated each and every individual with a soulmate. The "soulmate" is actually the other half of a person. With ones soulmate one is wholesome, without it one is void and empty. With ones "soulmate" comes a "package" of a home to live and profession / job and purpose in life.

[The **Talmud** ([Hebrew](#): תלמוד *talmūd* "instruction, learning", from a [root](#) *lmd* "teach, study") is a central text of mainstream [Judaism](#), in the form of a record of [rabbinic](#) discussions pertaining to [Jewish law](#), [ethics](#), philosophy, customs and history. Tradition ascribes the compilation of the Babylonian Talmud in its present form to two Babylonian sages, [Rav Ashi](#) and [Ravina](#). Rav Ashi was president of the Sura Academy from 375 to 427 CE.] <http://en.wikipedia.org/wiki/Talmud>

The emphasis and importance of finding ones true soulmate is the key to success in life. The two halves that make the whole, once together one can lead a fulfilling and purposeful life of "destiny". Having the "wrong half" means one does not have ones soulmate hence one does not have "the key of life" to fulfill ones true destined purpose in life. Without the right "key", ones life will seem frustrating and unlucky – like stuck in a locked room full of closed doors. It maybe nice few hours, but would be frustratingly painful to remain there for the rest of ones life!

The purpose of the "soulmate" is to make a person feel wholesome with LOVE and enable one to accomplish the mission and purpose of life through physical, sexual and spiritual LOVE energy. Everything constructive and good in this life is only created through LOVE. Only through the loving

energy created together with ones soulmate creates the perfect energy to live, bringing meaning to everything in ones life.

Everyone has freewill choice in life, even when we think we are making a choice, it is either categorized into a good decision or a bad decision. Both decisions are choices that are potentially destined for our soul, the bad decisions we make will challenge us and make life difficult for us in order to guide us to change, making the corrective decision and finding the correct good pathway, our soul instinctively only finds "inner peace of mind", when we are on the correct pathway.

Most people only learn from bad and challenging relationships. Such connections will have a similar instantaneous magnetic attraction as good relationships, as they too, are destined in order to teach a person important lessons, but they will continue to repeat past patterns if bad relationships as there is a lesson a person needs to learn, and until one learns the lesson one will keep on being magnetic to the bad and "challenging" type of relationships.

#### Explaining How To Find Ones True "Soulmate"

When meeting new people in life, connections and bonds are made either because the people share a "common interest" or because one person has something the other person wants.

#### "Physical Chemistry"

In the case of love and relationships, men and women are magnetically aroused and attracted to each other. Nonetheless not all men are attracted to all women and vice versa, there needs to be a certain "chemistry" that makes a man and a woman "fall in love" with each other.

This "chemistry" is the energy of the thoughts in the mind, that is a man and a woman only really feel a connection to each other when they are in harmony with each other in their mind and thoughts. This "common factor" enables a wholesomeness and fullness in the relationship, otherwise the love is merely a superficial animal – instinct sexual love, which usually fades within a few weeks.

Human beings who are connected with each other, need to have an ability to think the same way as each other, they need to have a "common factor" in order to feel the relationship is wholesome. Hence the reason why single people join clubs and organizations, or have hobbies and interests as a sense of identity of their personality. Thereby enabling them to meet "like-minded" people and hopefully find a suitable man/woman with whom they can have a meaningful relationship with, as their inner minds and thoughts will be sharing similar identities, emotions and feelings.

If either become disinterested in the "common factor" that originally united them, then their relationship will have communication problems leading to an automatic "falling out of love", as their thoughts and energy of their minds no longer have anything "in common".

When a couple are not growing together, then they are growing apart in their diverging lifestyles and interests. Such a relationship will eventually fail completely, unless one of them changes to become like the other.

## "Spiritual Chemistry"

The next level of relationships is that people feel a "magnetic" attraction, a "twinkle in the eye" or very lovely inner feeling, even without talking. Relationships that are prompted by "just a thought" of them, seeing them or seeing anything that reminds you of them, that is your mind and soul is connecting yourself with their mind and thoughts.

Such thought energies are one's mind and soul communicating with you and likewise with the other persons mind and soul is feeling the same inner feeling for you, your souls are communicating with each other, this gives you the "inner spiritual feeling" that you are made for each other, an inexplicable inner "spiritual chemistry".

Such a "spiritual chemistry" is definitely a sign that this is someone important in your life and definitely from one's "soulgroup" as explained above. The important question "how do you identify if they are your true soulmate?" This needs you to understand the "soulmate chemistry":-

## "Soulmate Chemistry"

Soulmates, and all members of one's soulgroup have a unique telepathic communication of thought energies in the minds and souls of the whole soulgroup. All the souls of one's soulgroup know and sense exactly what the other members are feeling. They all have the same thoughts, feelings and emotions at the same time. They feel pain, when people in their soulgroup are in pain, and likewise they feel the happiness, love and strength from the other souls in their soulgroup.

The "soulmate chemistry" means that all the souls of the soulgroup are constantly connected even if they are physically far away from each other, they are very close spiritually, as their soul, mind and thoughts are constantly connected.

This "soulmate chemistry" is the reason why ones "guardian angels" and loved ones in spirit world, are in constant contact with one's soul, as they are members of one's spiritual soul group. The only reason a person feels alone and not in contact with people of their same soulgroup is because one may block or deny the existence of "spirit" world, believing that one needs to "get on with normal physical life" instead of including a "spiritual enlightened pathway" within ones physical existence in this life on Earth.

Only when a person is connected spiritually and "open" to be guided spiritually, then through "soulmate chemistry" of you and your soulgroup, through one's "guardian angels" and loved ones in spirit world whom are waiting to help you find a spiritual pathway, one is assured to be guided to connect with and find ones true soulmate.

## How To Find Your True Soulmate

The first step in finding your true soulmate is to believe in GOD, Spirit world, Guardian Angels and that through your connection to good souls in Spirit world from your soulgroup, you will be guided to find your soulmate or that your soulmate will find you.

### **Revelation 13: Matthew wrote passage on divorce.**

<https://new-birth.net/samuels-messages/53-revelations/revelation-13-matthew-wrote-passage-on-divorce-ntr33/>

Received by Dr Samuels, Washington D.C.

January 3rd, 1955

I am here, Jesus:

I shall write my message to you on one of the most puzzling passages in the gospel of Matthew that confronts every student of the New Testament, and that is [the subject of divorce](#) as Matthew is supposed to have written it.

All I can say is that Matthew did write the passage on divorce, but with certain differences that render the meaning and interpretation entirely different. In the first place, divorce itself, while not evil, merely gives recognition to a state that arises from an evil condition between two souls that are suffering from evil spirits or from the evil desires that beset these souls, and which cause such inharmony between them that they cannot endure each other's company and they desire to part. Now such an act of divorce, as I have said, simply recognizes such inharmony of soul as a reality, and it is not the solution to the problem of marriage which is beset by the difficulties caused by the actions of the evil souls. The solution is not divorce, but removal of the evil that afflicts the souls, and such evil can only be removed by a great effort on the part of the individuals in question, the exercise of their natural love, or better still, by the Divine Love entering into the souls of the marriage partners and thus causing the elimination of those evils afflicting their souls. And with the elimination of these evils the souls regain their pristine purity and harmony is regained in the marriage state.

It is for this reason that I did not approve of divorce, whereas Moses had to tolerate it because the Divine Love was unknown at the time of Moses and he therefore had to condone a situation which arose from the hardness of men's hearts and here in referring to Moses' law I referred to man's use of the bill of divorcement rather than that of the woman, who at this time was subjected to man's domination in things of conjugal status, and he was the aggressor much more often than the woman. When I appeared in Palestine to commence my ministry, it was possible for mankind to receive the Divine Love through the Holy Spirit and men with faith in my doctrine that the Kingdom of God was at hand, could, by applying my teachings, receive the Divine Love and obtain that transformation of their souls that would obviate the necessity of divorce through the transformation of their soul condition from one of evil to that of pure angels, with nothing but natural and divine love for the marriage for the marriage partner. At the least, the Divine Love operating in the souls of mortals could render these souls so free from evil as to make marriage harmonious.

When I spoke then of divorce in a way that showed that separation from a woman and marriage to another merely caused the man to commit adultery, and the man who married the woman thus put away, to also commit adultery, I meant to picture a condition of sin in an otherwise perfect condition of soul. In the state of the Jewish nation at the time, the action of divorce was a necessary evil and I had no intention of decreeing that divorce as had been granted by the law of Moses should be eliminated, for conditions affecting husband and wife were even worse in my day than in the time of Moses and the consequent use of my word as a law to be observed by Christians in later times was not my intention at all, since I was simply stating an ideal.

Furthermore, I never said that a woman should be divorced on the grounds of adultery, as the New Testament puts it, for this phrase "Except for adultery" was inserted later by a writer who, in accordance with later views, took a very harsh attitude towards marital sinners. This attitude does not represent my true ideas on the subject, for my real attitude towards the adulterous wife is very clearly demonstrated by the passage in John which portrays my words to the Jews who brought an erring wife before me; and these words were that she [should be forgiven because no accuser, and that included the offended husband, was without sin.](#)

All sinners, if repenting of their sins in good faith, could come before the Heavenly Father in trust in His Love and Mercy and this includes not only the thief and the murderer but the adulteress as well. So you see how well meaning but misguided writers who had no conception of my real teachings put an entirely different interpretation upon my sayings and actually put words into my mouth that I never said; and this defiling of my teachings has brought untold woe to mankind for many hundreds of years and has caused the writer terrible years of torture in the hells for his well-meaning insertions.

I would like to state that divorce is admissible where it terminates a state of fornication in the eyes of God even though a marriage is observed by man and that is when both partners married for other considerations except love, which is the only true justification for marriage; and where there are children, the divorce between such couples simply causes more hell on Earth for parents and children and is one of the greatest causes of unhappiness on Earth. Hence, couples should under all conditions seek to work out a solution for themselves and their children if this is at all possible through the exercise of their natural love and the purification of their souls, but as I have said before, this can be remedied more effectively through acknowledging that God is our heavenly Father and that He seeks to help mortals, if mortals will only turn to Him and seek His help with all the earnestness of their souls, into which the Divine Love can then be conveyed with its consequent elimination of evil from these souls and their transformation in the Divine Essence.

Into this most important phase of man's existence, as in all the others, the Divine Love will bring peace and happiness and harmony, and will result in the avoidance of the terrible hells reserved for man whose soul is damaged by his evil desires and inclinations.

Received January 6th, 1955

I will continue with the New Testament and its truths and falsities, and I want to talk to you about the Divine Love in one of the passages concerning the rich young man who appeared to me and asked me how he could obtain salvation for his soul and the way the New Testament describes this meeting between us leads the reader to assume that my great message to mankind was nothing more than the ten commandments, for several of the most important ones concerning man's love of God are omitted completely and only those dealings with man's relationship to other men are given. When the young man declared to me that he had obeyed all of these commandments and that he wished to know what else he had to obey or what else he had to do to merit salvation. [I told him to give away all his property, become poor and to follow me.](#)

Well, this makes a very nice story in the New Testament and is one that is usually read with interest and accepted by all who understand that the ten commandments given to the children of Israel by Moses were in reality the laws of God pertaining to the moral code. But, they do not realize that if that were all

that I had come to Palestine to teach, then there was no need of Jesus, for Moses had already given these commandments and I could do nothing more than to confirm what Moses had already proclaimed.

As a matter of fact, I did teach the laws of Moses because they lead to the pure but not divine angelic state which can be reached through obedience to the moral code, but my mission, as you know, was to teach not the law, but grace. That is to say, freedom from sin, not by obedience to law, but through the transformation of the soul through the Divine Love's being conveyed into that Soul through the Holy Spirit. That is precisely what I taught the rich young boy who appeared to me in order to learn the way to salvation, for the love of man to man and love to the Father do not lead to salvation in the sense that they give man immortality and At-onement with the Father. I therefore taught the young man the new gospel of grace and the Divine Love, which was superior to loving God and reverencing God in the prescribed way, as found in the first three commandments of Moses, and later writers of the gospel, in their copying and recopying, could not understand my allusions to and teaching of the Divine Love superior to the laws of love to God, which was, as one might say, a very part of their being, and they gradually eliminated all references to this teaching as well as to those Mosaic commandments requiring love of man to God, for one could not be stricken out without the other, and allowing the gospels to deal merely with the relationship of man to man and avoidance of sin through material possessions and desire for them. And thus, it was that once again my teachings were nullified by these copyists in the most important aspect of my mission – the announcement of the glad tidings of the rebestowal of the gift of Divine Love – and the resultant decrease in the ability of man to understand my true mission.

One of the things which should be kept in mind, however, in the reading of the passage in Mark and Luke is that there is absolutely no reference to the vicarious atonement through my blood on the cross as the means of salvation when the direct question was put by the rich young man, and I point to this omission as a proof positive that the entire conception of the vicarious atonement was a much later conception and never formed part of the original writings of my disciples, but was an afterthought that took form and shape when the teachings of the New Birth had been eliminated and a new conception of salvation was introduced in a way to conciliate the old Jews, and they made me the sacrifice that would cleanse the sins of mankind through the shedding of my blood. You know that I have dealt at length with this subject before and so have my disciples in their message through Mr. Padgett but I have deemed it appropriate to refer to it again in connection with a definite incident related in the New Testament and to emphasize its falsity.

I heard what the Doctor wrote his friend regarding the existence of a soulmate of mine, and I think best that at this time the subject be withheld, or discouraged, from those who have not a sufficient portion of the Divine Love in their souls to grasp the full meaning of what soulmate love is and how the law of soulmate love operates in the spiritual and soul spheres. I may write you at some time just who my soulmate is in the Celestial Heavens, but aside from the Doctor I wish it understood that her identity be concealed.

July 28th, 1955 and March 13th, 1959

Received by Dr Samuels Washington D.C.

I am here, Jesus:

Yes, I am here again tonight, and wish to thank you for the opportunity to write you once again. I realize it is very hot, and that your desire to receive messages from the spirit world has decreased markedly as a result due rather to material conditions than to the spiritual exhaustion of your powers.

The Doctor has been anxious for you to receive a message regarding the concept of a Father-Mother God, for he is justifiably disturbed by the knowledge that such a view can cause considerable harm to an understanding of who and what God really is, and His relationship to His greatest creation, the human being.

Now, Mrs. W\_\_\_\_ is a very sincere person and imbued to a certain extent with the Divine Love; and her interest in spreading the Glad Tidings is a notable indication of this Love. And, as a matter of fact, it is this Love in her soul that has attracted me, as well as other high spirits of the Celestial Heavens, to her, and I have sought to impress her with my thoughts and to encourage her with my love and blessings. And this should not be surprising to those who have experienced the Divine Love in their souls, and Mrs. W\_\_\_\_ has had on a few occasions an intuition regarding my presence.

This ability to attract the higher spirits, however, does not enable the spirits to write messages through these mortals unless they have the mediumistic ability to remain passive and allow the spirit messages to pass through their brains as the pencil is manipulated. And the fact is that Mrs. W\_\_\_\_ has a very active and imaginative mind which diminishes the spirits' ability to cause messages to flow through her brain, and it is for this reason that the message regarding the concept of the Father-Mother God is a product of her own creation and not the result of any spirit efforts, whether that spirit be me or another who may have sought to give authority to his writings by using my name. \*

The fact of the matter is that Mrs. W\_\_\_\_\_ wrote what she thought was a message from me, in which she simply affirmed in writing what she had previously concluded as a result of her own deductions based on what she had read in the Padgett messages regarding soulmates, and certain feminist impressions which had come to her from certain writers about the first decade of this century about the renewed dignity of the female sex and women's rights. Her thinking was influenced by their exhortations in favour of restoring to women their pristine position with respect to man, and also shows the thoughts which proceeded from a comparison of the created human being and the creator.

Mrs. W\_\_\_\_\_ felt that since the human soul was created duplex – male and female – therefore the creator must necessarily also be male and female within one unit. And here it is necessary to explain some details about the constitution of the soul and the soul's relation to the soulmate and, finally, the difference between their created love and the love which the creator entertains for His created children.

While the soul is created duplex, each part is complete unto itself, and the attributes which each possesses are complete as to its own self. The unity which it has in respect to its soulmate is not in the completeness of attributes which one gives to the other, or which they give each other, or because of the complementary nature of each one's attributes with respect to the other. But this unity resides in the attraction which each has for the other as a result of the strong natural love which causes this attraction to operate. The greater and more intense is this love, the greater and more intense is this attraction, and it is this love which brings about the oneness of their souls.

As far as their attributes are concerned, there is no such factor as complementary attributes, for, as a matter of fact, these attributes may be very similar, or again, dissimilar; but their attributes are affected by the harmony which exists between their attributes, and this harmony results from the peculiar character of the love which causes the operation of the attraction they thus have for each other.

Thus you see that souls are made dual only as a result of the love functioning between them, but as far as completeness is concerned, each soul is complete unto itself and has no need of the soulmate in order to live and progress and experience the great joy and happiness of the spiritual and Celestial Heavens. And thus you see that Mrs. W\_\_\_\_\_ `s views about soulmates were based on what she had read in the Padgett messages, and you see that I could not have written her as I am supposed to have done in the message about the Father-Mother God, one or two years ago.

You must remember that when I wrote Mr. Padgett these messages, I had in mind bringing to mankind the great truths of the Divine Love through earnest prayer to the Father, and that everything else was done very sketchily and merely as an adjunct and supplement to the great truths I wished to convey through him.

The Nature of God, therefore, unlike the nature of the human soul, is not dual at all but One and Indivisible. God, the Heavenly Father, created male and female souls for the purpose of providing for the happiness of His children spiritually, and also to provide a means by which, in the flesh, conception could take place through their physical union and receptacles engendered for the placement of other souls in human bodies. When the soul leaves the human envelope and is eventually freed of the physical desires of the Earth life, of which desire for the opposite sex constituted the most dominant characteristic for most men, then this material desire of the flesh disappears and only love which is spiritual and distinct from animal passion begins to assert itself; and there is no thought of the carnal.

In God, the attributes are all Divine, and His Love is Divine and devoid of anything related to sex or to family relationship, which is based on sexual functions in which various types of love are entering. But nothing of the natural, and therefore pertaining to the human categories, are in His Divine Love, which is creative, and causes His created souls to partake of His Divinity through the inflowing of His Nature into these souls.

The souls that are filled with the Divine Love, love other souls not because of their relationship to these other souls, such as father, mother, brother or sister, but because of the Divine Love which these other souls possess; and the intensity of this Love is measured by the amount of Love it possesses in its own soul.

The Heavenly Father, with His infinite Divine Love, loves all His children, but whether His Love enters their souls and makes them at-one in Essence with Him depends upon their willingness to let it come into their souls through earnest longing and prayer. We use the term "Father" to indicate the fact that we are at-one with Him in nature through the possession of the Divine Love and not because any concept of maleness or masculinity is involved; and also to indicate the distinction between this kinship in nature and the term "servant of God," which was used by the Hebrews, because they knew instinctively that no matter how hard they tried they could not acquire in any way any of the Essence of God, which would have permitted them to use this term "Father" in this sense.

So you see, when I called God "the Heavenly Father," I used the term in the sense of relationship in Essence; and the term in its human meaning in connection with physical procreation is a mistaken and erroneous concept of God and His Divine Love. God is our Heavenly Father as the creator of our souls, and no limit, such as a sexual idea, such as Father-soul or Mother-soul, in the natural meaning of the terms, can be in truth applied to Him.

I know that you are tired, and I should write more on this subject but I shall stop and thank you, again, for permitting me to come and correct these impressions which were produced as a result of the thoughts entertained by Mrs. W\_\_\_\_. I would like to have you tell her that I wish to bless her, and send all my love to her, and would like to encourage her to pray for more and more of the Divine Love. And, with my love also to you and the Doctor, I shall say good night.

**SOULMATES:**

Received by H.R. Cuenca, Ecuador

September 24th, 2001

(me, being James Moncrief – 3 January 2017: I'm going to add my bits within the message in blue. Where I haven't responded or where Mary or Jesus haven't, it's mostly because I agree with what Nicholas, James Reid or Judas has said, or it's just too much that I disagree with or don't understand to even bother.) <http://dlscr.freeforums.net/thread/168/comments-contemporary-divine-love-channels>

My dear brother H\_\_\_, the moment has arrived to go a little deeper into the topic of soulmates. I will do this in one message, but there will surely be more, because more questions will arise, because you, most of you, do not have the capacity to understand everything (me: I think we have the capacity if it's explained to us). First I want to repeat that soulmate love doesn't have anything to do with sexuality, a fact which many can accept, although they may not understand this (me: Why don't we understand it?). Second, I want to repeat that the soul doesn't have sex, it doesn't have gender, so that there may be no confusion or ambiguity. The soul is neither female nor male (me: That's right, however it does express female and male personalities into Creation). And this affirmation, as you know, contradicts several statements in the Padgett messages.

Let's analyse a little bit the message which Josephus Flavius, the Jewish historian, wrote to Mr. Padgett. He said:

*“Therefore, the man and the woman are equal in their dignity, and in the relationship which they bear to God, and the one is of just as much importance in the sight of God as is the other. One was created stronger, physically, than the other, and also was given a stronger mentality, for the exercise of the reasoning powers, and the workings of the physical organs of the body. And the other, while weaker in these particulars, yet was given more of the spiritual and emotional nature and also, an intuition by which she could understand the existence of things just as accurately and more quickly than could the man by the exercise of his reasoning power (me: Yep, that's Marion and I in many ways). One was just as the other as respects the gifts bestowed, and together, they were the perfect pair – male and female were they created, with diverse functions and duties to perform in the perfect workings of the laws of God. ”*

Very well. Without entering now into a discussion about the scarcely justified affirmation that women's intellectual power is inferior, it is clear that this passage refers to men and women as they exist on Earth. (me: I don't read it as saying that, I read it that women have different ways of using their mental power more in line with their feelings. Marion for example is far more mentally alert and smarter and intellectual than I am, however she's not interested in working things out mentally to the nth degree like I am with certain things. She works spontaneously in harmony with her feelings, which leaves me for dead. She doesn't want to accumulate information, however what she wants to remember she does, whereas I'm forever forgetting things. She is far more on the ball and astute than I am, I'm dull compared to her. And my mind always needs a frame of reference within which to work, whereas she is freer in her mind not needing to process the extra volume I always do. I can see that this spirit is referring to women and men from how they were viewed more probably during his day on Earth, but now in our more liberated days, ha, ha...)

It tells of man's stronger body, of his stronger mentality, etc., and speaks of the women's superior

spirituality. Well, we all know that man and woman are different, not only in their body, but also in their mind. The question is why? Is it for the difference in their soul, and does Josephus' explanation describe therefore properties of the soul? Or does it describe differences in the body and in what we call the material mind?

I think it is obvious to everybody that this passage deals with the last statement.

The formation of the material mind, which in fact is very different between man and woman, is determined by a multitude of factors, among others education and hormones. It is an ingenious system, which permits mankind's survival, and which permits the execution of functions distributed between man and woman, and which, of course, also causes a series of problems. A great part of the mental difference between man and woman is due directly or indirectly to sexuality (me: Yes, all because we're living untrue to ourselves. If we were living true they'd be no problem, no problems between men and woman at all. We live actually rejecting and hating each other – rebelling against each other because each of us is the 'living truth' and the Rebellion is about rejecting and rebelling against the truth, which we fail to understand and override because if we accepted that then we'd have no relationships at all; or, we would learn how to live together hating each other and being true to those feelings... which in turn would lead us to understand why we hate each other, and heal us of our hatred, bringing us into being loving with each other).

In the spirit world hormones don't exist. The spirit body doesn't need them. Sexual desire continues to exist during the first stages of spirit life, but no longer in the same form as on Earth, largely incited by hormonal activity and through the desire for pleasure (me: And again, our hormones are only out of balance because we're fully out of balance living untrue to ourselves. The fact that we can have 'loving' relationships at all shows just how incredible it is that we can override and bury our true feelings). It continues to exist because sexuality in the Earth life has also become a habit, a form of stereotypical expression (me: It is used as a means of our gaining the power we feel we're deprived of, and although these more physical urges might disappear in spirit, still the need to gain power because we inherently feel powerless is there, so we do other things to empower our mind so as to make us feel good, all at the expense of our true feelings). But all that, little by little, disappears in the spirit world. Human sexuality is also different from purely animal sexuality through the additional factor of love. That love does survive, it is one in the forms of natural love, like the love men feel for their children, their parents, even the love that they feel for their friends. And even those forms of love, in the Earth life, are dominated, or at least influenced by sexuality, although people may not be aware of this.

But in spirit life, sexuality disappears. Sexuality is one of the main factors determining the bonds with Earth, and as I have already said, it is precisely in the fourth sphere where these bonds disappear. This disappearance is one of the preconditions for additional spiritual progress. What remains is pure love, there still remain some encrustments of the soul, too, and certain negative tendencies, but even they will disappear. (me: I don't know about this, sexuality I agree with might disappear, but I still understand that we are male and female all the way along to the end of time. I would imagine of course the whole sex stuff no longer exists, however Mary and Jesus are still very much identifiable as a woman and man spirit. Mary: We are, very much so James, I look very much a woman as Jesus does look a man, which is the whole reason for incarnating, for the soul to express its two halves this way – as a whole woman and a whole man, who will love each other dearly for the rest of eternity.)

The love more or less purified, after this loss of material bonds, puts its most powerful component, soulmate love, into the foreground. There is a "fraternal" love for all humanity, without distinctions, but the attraction between soulmates is incomparable with the first one.

You have also heard that the soul condition determines the appearance of the spirit body. Therefore you can imagine that the inhabitants of the high planes of the fourth sphere and of the even higher spheres logically have no longer a marked appearance of virility or femininity. They are beautiful, simply beautiful. Earth life becomes ever more a distant memory of minor importance, and it is of no import whether somebody has been born male or female. They are simply happy souls. (me: Yes, well I don't know about this, especially in light of what Mary just said. But I can see what he's getting at, there because we're so distorted in our view of the male and female and with all the sex stuff being the most important.)

Hence everybody wonders, what is then this soulmate love, what determines that attraction? This is more difficult to answer, but I will try to.

You surely remember this image, in which I compared the soul to a wooden cabin, which little by little, through the acquisition of Divine Love, becomes a brick house, changing in substance, but maintaining its structure (me: Only as we do our Healing, and personally I'd prefer a wood house any day). It is exactly this resemblance in structure that determines this attraction, it is the same principle which governs the scope of the Law of Attraction, but of course, it is not this law, but a different group of laws that operate on natural love.

When somebody says that it may like love, like the attraction that exists among friends, it is not exactly correct, because it goes much beyond that, but the example is well chosen, because it takes away the sexual component which causes so much confusion.

The reason is that some spiritualists, like Swedenborg, described scenes like "celestial weddings" between soulmates, suggesting relationships similar to the matrimonial relationships on Earth, only "purer." (me: Yes, performed in the mind worlds by spirits believing they have met their soulmates, just like it is here on Earth. It illustrating how the mind has just as much control in spirit as it does here – and even more so in the higher mind worlds.) But that is what they wanted to see, didn't they also see spirits who provided those recently arrived ones, or recently deceased ones, with food etc. What food, may I ask? It is a serious error to make wholesale transpositions of Earth life situations into spirit life. Certain things here really are similar, because we need them for our well-being, like houses, landscapes, stimuli in general. But we all agree that it is not sexuality. How then is the life of a couple, without having to raise children, without having sexual relationship? Is it like an intimate friendship? Well, something of the like, it is true, but very much stronger and more intense.

The appearance of highly developed spirits, where sexual features are no longer observed, is described as androgynous, but this word, in this context, is a double error in itself. It means male-female, but the appearance of which I am speaking is neither masculine, nor feminine, and definitely not a combination of both.

Man and woman's sexuality, at the core, serves reproduction, and it has superimposed a layer of

spirituality, or it should have it, but the purpose of sexuality no longer exists in the spirit world. We don't need to eat in this life, so why should we have digestive organs? For what is the sex of the soul good for, when the very name "sex" already indicates its intimate relationship with sexuality?

The relationship between soulmates, being a strong attraction, has a very great importance in the higher spheres of natural love. But how are things in the spheres of Divine Love? You have read that all forms of natural love disappear in the Celestial spheres. (Mary: Our Natural love doesn't of itself disappear, it just is imbued with the Divine Love, so we always feel what might be called a natural attraction and love for our soulpartner, this being a more intense and specific love than what we feel for our friends, and then there is also the very special feeling we have for our Mother and Father coming from the inclusion of the Divine Love within our soul. And these feelings of higher deeper soul-love for the Mother and Father also influence and imbue our personal Natural love feelings. There is always the two, we relating to each other, we all being creatures of Creation – children of our Heavenly Parents; and then the 'extra' love for our Mother and Father, They being our true Parents and Creators. And the higher one ascends with the more Divine Love in one's soul, the more one's Natural love moves into alignment with the Divine Love, until one may feel that one no longer has Natural love, however it's still there.) It is logical, because natural love is an attribute of the natural soul. But in the Celestial Heavens there is no trace at all of the natural soul. The last remains have already been transformed in the seventh sphere. But does soulmate love, which is a form of natural love, survive? How? I will try to explain it.

I have already mentioned that the strong attraction between soulmates is due to the resemblance of their soul's structure. Even with the soul's transformation, this attraction continues to exist, because the change has not been structural, but substantial. And this statement has validity during the first stages of Celestial life. Of course, Celestial spirits try to help their soulmates in the spiritual spheres, so that they may also reach this Kingdom of happiness and share their happiness with them. And the innate attraction contributes to the great success of this undertaking. But, as we know, all spirits have their free will. And at times these efforts are vain. Although Celestial spirits may interrupt their own development in order to await their left behind mates, the day comes when they will no longer do this and they dedicate themselves more to their own development. (Mary: That's not quite right because a soulmate will never leave behind – abandon – its other half. It might have to do other things whilst it's waiting for its partner to ascend higher, even causing further ascension of itself which its partner will also have to do before the union can fully take place, but eventually it will occur as it has to so both can continue their ascension. You reach a point in your soul-growth whereby you must be united with your soulpartner to continue ascending, there are Laws governing this. And all who leave Nebadon must leave as a soulmate united pair in a soul-group, you can exist in the greater universe with being together as one.) And as I have described previously, the transformed soul in substance also begins with an endless transformation in structure. The small brick house becomes a glass palace. And as it changes in structure, attraction will decrease. This love disappears. (me: I don't understand this part, for the attraction only increases with soulmates so far as I understand – how could it be otherwise?)

I have also said that the day will come, when this separation will be definitive. But what will happen then with the poor separate couples? Will they weep their sorrow throughout eternity? You have also read that the union of separate soulmates is not necessary for enjoying full happiness. How is that possible? And if this is so, what are soulmates good for? (Mary: Whilst one can be very happy within oneself without one's soulmate, still there is nothing like enjoying the extra blissful feelings of eternal love with your soulpartner. On the Day of Separation as is spoken about in the Padgett Messages when

the availability of the Divine Love is withdrawn, when the Holy Spirit withdraws from the mind worlds the offer of God's Love, there will not be a separation of soulmates as is suggested here. If one of the pair has begun her or his Healing or has completed it living in the Celestial spheres, then its 'other half' will still be able to partake of the Divine Love so it can begin or complete its Healing if it has already started it. The Divine Love will continue to be readily available for these truth-seeking-through-their-feelings people and spirits, so eventually they will be able to move into being with their soulpartner in the Celestial Heavens. It will only be those soulmate pairs that wish to remain solely of their minds in rebellion against the truth of themselves, Jesus and I and the Mother and Father, that will have to wait until the Divine Love is made available again. It would be too cruel depriving the soulmate union of both concerned, simply because one of the pair wasn't ready to long for the Divine Love and begin their Healing at such a time.)

Well, first I wish to tell you frankly that we ignore why the Father created or continues creating souls in pairs. But in fact, the happiness, with or without finding the second half of oneself, is absolute. The union of a couple simply gives some additional touch of happiness, which seems a contradiction with the word "absolute", but I will give you an illustration: The Father is so good that we feel like already supremely happy children who suddenly find themselves in front of an enormous table, heaped with chocolates and candies of all kinds. Our bright eyes open up wide, and we want to try this and that, but no, that one over there looks even more tempting, and we are really flabbergasted by the enormous quantity of sweets, which are all first class, and we would like so much to try them all, but we simply lack the capacity. It is a delirium of happiness. The relationship between soulmates is but one of these candies, there are thousands more that you don't even know or may imagine. It is an additional touch of happiness, without substantial weight. (Mary: Don't underestimate the soulmate relationship or the feelings it will give you – there is nothing like it! It eclipses all other Natural love feelings, as so it should; however it is also nothing like your extra special relationship you have with your Mother and Father, that is just something else besides.)

It is a pity that mortals focus so much on this question, but there are many more questions of much greater importance. But I believe that now you understand the problem a little more.

But let's continue. The question also arose, if homosexuals have to suffer in the spirit world for their homosexuality.

OK, I will answer directly: Definitely not! I say this if we speak of the sole fact of being homosexual. (Mary: Homosexuals will have to suffer along with heterosexuals for you all suffer because of the pain you are in within your rebellious states. But as I said, being gay isn't an extra sin bringing about even more suffering.)

The explanation is as follows: In a previous message I have already explained that homosexuality is not the norm, but neither is it unnatural, in the sense that, by reasons of psychology, in any culture and form of society there is a certain number of homosexuals. Homosexuality is the product of the sexual stamp, of sexual fixation, like heterosexuality, the sexual attraction simply goes for the same sex, for one or the other reason. Homosexuals suffer, but they suffer on Earth, because of intolerances. But let's have a look at the situation in the spirit world.

We said once that God's laws develop at different levels, there are material laws, spiritual laws, laws that

govern Divinity, in fact, there are many more levels, but what I have mentioned is good enough to build a model for your understanding.

Sexuality, heterosexuality as well as homosexuality, in their basic physical form, is governed according to material laws. The spiritual part is the one which is governed according to spiritual laws. In other words, the superimposed love is what determines the favourable or unfavourable consequences in the spirit world. And the criteria are the same for homosexuals as for heterosexuals. In principle there is no difference.

As for soulmates, I already enlarged on the topic, but I repeat: Sexuality has nothing to do with soulmates. This is an idea based on Earthly notions, which cannot be transposed so simply into the situation of the spirit world.

It is a fact that sexual abuse does exist, among homosexuals as well as heterosexuals, and those are, of course, deeds out of harmony with God's laws, because the spiritual laws are basically laws of love, all of them, in principle, serve loving purposes. Abuse is never a form of love.

The pleasure of sexuality, in the case of human beings, has changed its value, in comparison to animals. It is no longer only a stimulus to foster reproduction, but you may consider it as an additional prize, an instrument for intensifying relationship. But it should never be the sole purpose.

Although there are people who justify their tremendous promiscuity with their inability to find true love, I want to state that it is more certain and more sincere to say that they don't look for it, what they are looking for is sex. He or she who searches, will find. Not all relationships are necessarily on the base of true love, and the consequence is divorce. But I will dedicate a separate message to this topic, which interests and concerns so may, also you, my dear brother, as you have already passed through this horrible experience.

In concluding this already very long message, I desire to speak of AIDS. Homosexuality is not the cause of AIDS. Its explosive spreading is a consequence of inharmony, which exists in mankind's life, on all levels.

It is time now to stop. I will leave you now with my love and my blessings.

Yes, you are right, it is a pretty long message, but as I fear, not all will like it. But I am happy that you have received it well. There will be many questions, many doubts, and more messages will come on the topic. But I repeat that the topic of soulmates has no relevance at all for you on Earth (me: I disagree with that, sure we might not be able to be with our soulmate, and we have to get on with our Healing, but still it has a huge relevance because surely it's part of what we all want. ). There are other and much more important things you should worry about than this, and you should do it right now.

Well, H\_\_\_, I will say good-bye. I want to extend my blessings to all mankind, and I pray that they may come to reason.

Your brother in the spirit,  
Judas.

### Judas

“Now, when I am about to leave you, I want to tell you that I like the portrait you made of me very much. I was a little bit thinner, but it is a good image. Thank you. You have also received a vision of Andrew. Perhaps you may one day paint a gallery of all the apostles' portraits? It would surely be very attractive.”

Our dear D\_\_\_ asks the following question:

*“Are there eternal soulmates existing in the spirit world right now who were formerly both males as mortals, and are there eternal soulmates existing in the spirit world right now who were formerly both females as mortals?”*

*If both propositions are indeed true, then it would seem that either one of two things would have to occur on the mortal plane:*

*Either the unincarnated soul sometimes has the composition of two males to be, or two females to be, or:*

*If the unincarnated soul always does have a male/female division, then the male has a male soulmate apart from his original female counterpart, and his female counterpart has a female soulmate apart from her original male counterpart.*

*Are there any other alternative possibilities? Which applies above, if not?”*

First I will answer: Yes, right now there are eternal soulmates existing in the spirit world who were formerly both males as mortals, and there are also eternal soulmates existing in the spirit world right now who were formerly both females as mortals. And you would be surprised to know how many there are. (me: Yes I would, for I disagree with this as Mary has said above. Do we all have to somehow accept that homosexuality is right? It's not right, but it doesn't mean that people should be condemned for it. It's not right like everything else that's not right with us irrespective of whether or not we're gay or straight. And many gay people are far more feeling-expressive than straights, and this will stand then in good stead once they come to do their Healing.)

The answer to the second part is that the unincarnated soul sometimes has the composition of two males to be, or two females to be. (Mary: No it doesn't. So Mary, why is this spirit, whom personally I doubt is Judas, saying such things? Mary: Because it's in keeping with what the receiver of this message wants to hear, he has formed beliefs that he wants substantiated and so the spirit is complying with those wishes, it all being mostly unconscious on the receivers part. And it's not Judas James, it is another spirit that's one of the receivers spirit group who are helping him grow in truth by furthering his untruth in this way. Which, as I said regarding James Reid, should stir up bad feelings within the receiver, things shouldn't add up, and if he were to honour these bad feelings questioning himself and then the spirit imparting such information, his feelings would eventually lead him to the truth, and the spirit would then move with him. This working with spirits is more for the person working with the spirit, to help them evolve their soul. The written word which you are reading James is only the end product and really is not that important because it's for each of you to work out the truths for yourselves through your feelings. Much more is always going on between the mortal and the spirit than what you can read being the outsider who is only reading these words. And really it's in those inner realms that one should be concerned with oneself. And as you can't know what's going in the receivers mind, so it's hard for you to grasp on what level the spirit is and why he's saying things as he is.) But watch out! Both will incarnate in males or females IN THE FUTURE, because despite what the Padgett messages may tell you, the soul has no sex. And to avoid any confusion, (me: I'm already confused!) I wish to state that

the soul has no gender, it is neither female nor male, and that the condition of woman or man is determined exclusively by the physical body, and that definition continues being reflected in the lower spheres of the spirit world in their spiritual bodies, because the appearance of that body is the product of the soul's creative power, still influenced by its physical experience in the mortal body, but this difference disappears eventually as the soul (the spirit) progresses to higher spheres.

Soulmate love doesn't have anything to do with sexuality, neither with the physical body's sex, which the incarnated souls have occupied in their mortal lives. Sexuality and soulmate love move on completely different levels, the first one on the material level, and the second one on a high spiritual level.

Soulmate love is just a word for mortals, you cannot understand it, although you may not like to hear this (me: Surely you can if you experience it, and many will in future as they do and complete their Healing whilst on Earth). Even spirits in the lower spheres of the spirit world don't have enough development, so they might [me: not?] understand this form of natural love [me: either?].

You know (but you don't understand) that soulmate love is only exceeded by God's Love (me: Why don't he/we understand? Oh god I'm sick of these messages, I don't want to read anymore. I wish someone would come and criticise my messages! I can see that part of the annoyance with these spirits for me is what led me to asking them the questions I did which took me deeper into understanding about the Healing and the feminine being missed out, because of things annoying me that didn't add up in the Padgett Messages.), which brings perfect fulfilment and supreme happiness. My dear D\_\_\_, did you know that Mr. Padgett began a serious relationship with another woman after his wife Helen's death, and that this relationship began after having received thousands of messages, among them also messages on soulmate love, and knowing that Helen was his soulmate, and despite the fact that he was in almost daily contact with her? Didn't that love, then, offer him fulfilment? Did he lack something? Obviously he did. I tell you this only, so that you may understand that even Mr. Padgett, during his mortal life, didn't understand soulmate love (me: I don't think that he didn't understand, it's just that he wasn't in a state himself to do anything about it – to feel it. I could imagine it's all very well Helen saying such things to James, but if he wasn't feeling good within himself, so what, and if what she did say made him override his bad feelings, then that's not good. And as I've written elsewhere, I don't believe Helen and James are soulmates, I think it was all part of the contrivance used to help keep James interested so the truths could be conveyed.)

And I wish to repeat, this love has nothing to do with sexuality. Soulmates who both once were women or men, bear for you a certain flavour of homosexuality. But with that you are completely mistaken. And don't try to find your soulmates in this life, you wouldn't even be able to identify them. When you are in the fourth sphere or in an even higher place, you may worry about this topic (me: I don't get what's so special about this fourth sphere the spirit keeps referring to? Is that where this spirit comes from?). But for the time being, it doesn't have any relevance for you. That kind of love is only one of the countless marvels, which our Heavenly Father offers us for our happiness. There are thousands of different ways to find realization (me: No there aren't, that's something I would expect a mind spirit of the fourth world to say, not someone who has supposedly done his Healing having worked his way up through the Divine Love worlds and is now resident in the Celestial spheres. I think he means that as we're all different we all come to the same truths in different ways, but the overall 'Way' is the same as we're all ascending to Paradise, and first of all by following Mary and Jesus.), and we don't even have

the possibility to enjoy all of them. Yes, our Father's generosity is infinite. And if somebody doesn't find, for any reason, their soulmates in the spirit world, they won't need to worry. Ultimately, they will not miss them. (me: I can't believe he said that.)

Also think that natural love is an attribute of the natural soul. That natural soul doesn't exist in the Celestial Heavens (sphere 8 and upwards), its last remains have already been transformed in the seventh sphere. But soulmate love may continue existing (me: So isn't soulmate love Natural love?; or is it an intermediary between Natural love and Divine Love? – too difficult.). And only because it is a structural likeness between two souls, a likeness, which certainly will also disappear, when the definitive separation is unavoidable, and when each soul begins to develop not only in substance, but also in structure, in different ways and towards different destinies. (me: I don't understand this last bit at all, has he suddenly jumped back to talking about soulmates before incarnation?)

I understand that this topic awakes much curiosity, but I would like to dedicate more time to other subjects of much more importance, which may have an immediate application in your lives as mortals, and which are still abandoned like orphans.

I hope I may have contributed a little to clarify this topic which is of little relevance. But I advise you to focus on those topics which really have weight in this world and may contribute to a greater development of your souls.

With my love for all of you, who are on their way toward the Celestial Kingdom and strive for bringing Love into their personal environment, I will say good-bye, and will leave you my blessings.

**SOULMATE LOVE has everything to do with COMPANIONSHIP, not SEXUALITY:**

**Soulmate love is enduring for all time.**

**Natural sexual love is of the physical world only.**

<http://new-birth.net/contemporary/hr43.htm>

Soulmate love doesn't have anything to do with sexuality, neither with the physical body's sex, which the incarnated souls have occupied in their mortal lives. Sexuality and soulmate love move on completely different levels, the first one on the material level, and the second one on a high spiritual companionship level.

Soulmate love is only exceeded by God's Love, which brings perfect fulfilment and supreme happiness.

Soulmate love has nothing to do with sexuality. One is a spiritual love and the other is a natural love. Your desire for the companionship of your soulmate continues throughout all levels of the spirit world and heavens.

4<sup>th</sup> or 5<sup>th</sup> sphere is when you begin to be able to recognise your mate.

As a man or a woman progress in love up through the spheres, their physical and sexual attraction for a partner progressively abates. As we move up through the spheres in the spirit world our sexual desires and interests lessen and eventual dissolve. Sexual attraction is a natural love aspect.

The unincarnated soul, waiting to be individualised within the pre-incarnation sphere, has the composition to enter one half into a male forming body and one half into a female forming body. The soul has no sex, the soul has no gender, it is neither female nor male, and that the condition of woman or man is determined exclusively by the physical body, and that definition continues being reflected within spheres of the spirit world in their spiritual bodies, because the appearance of that body is the product of the soul's creative power, still influenced by its physical experience in the mortal body. The parents determine the sex of the child.

Overview Of Divine Truth – Secrets Of The Universe

*God desired to create children to experience Her Love.*

*Qualities of newly created 'complete' souls.*

*Souls divide and two bodies are created- these 1/2 souls are soulmates.*

*The soul.*

*Soulmate magnetism.*

We "know" that a soul portion has no sexuality, and while they are matched as personality goes, and that means one has a tendency towards what we identify as male, and the other towards female, that's not a guarantee of how they will incarnate. And after this life they are again without sexuality.

*The soul is the container of all sorts of emotions.*

Satisfied emotions  
WE HAVE  
NO TROUBLE  
EXPERIENCING  
THESE  
EMOTIONS IN  
AN APPROPRIATE  
MANNER

Dissatisfied emotions  
WE HAVE  
TROUBLE  
EXPERIENCING  
THESE  
EMOTIONS IN  
AN APPROPRIATE  
MANNER

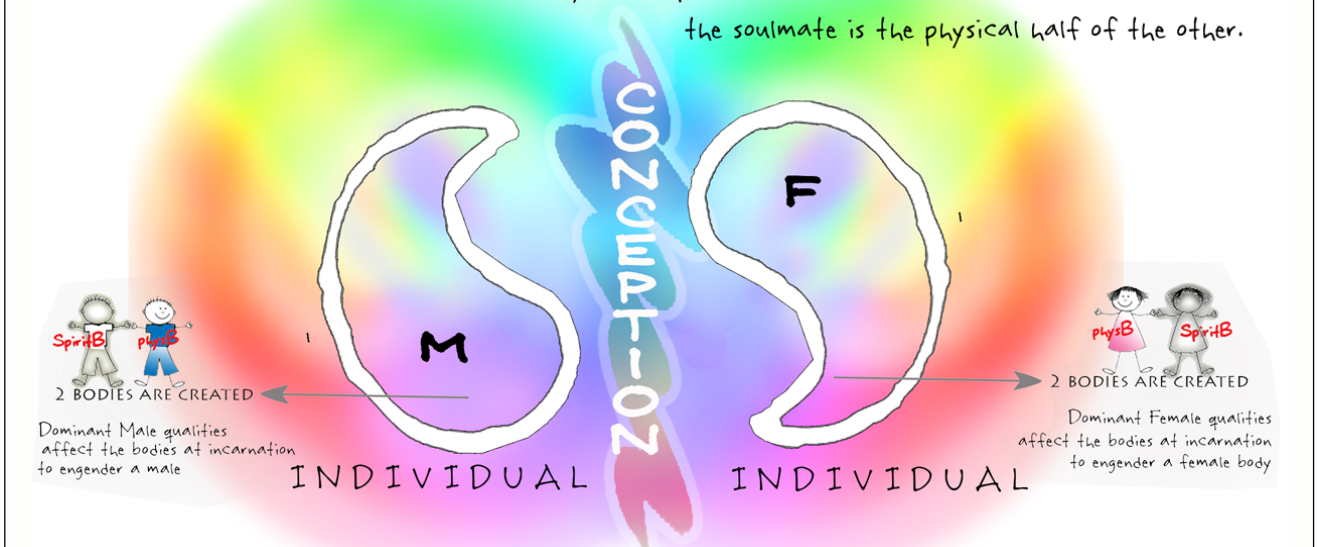

*Types of emotions within the Soul- emotions that bring satisfaction and ones that cause us dissatisfaction.*

## THE COMPLETE SOUL

God created whole or complete souls  
Complete soul characteristics which are  
either dominantly masculine  
or dominantly feminine  
split to create two soul halves

## SOULMATES

At the time of incarnation the soul halves separate from each other taking on  
characteristics from the complete soul.  
There is always a unique blend and attraction between soulmates &  
the soulmate is the physical half of the other.

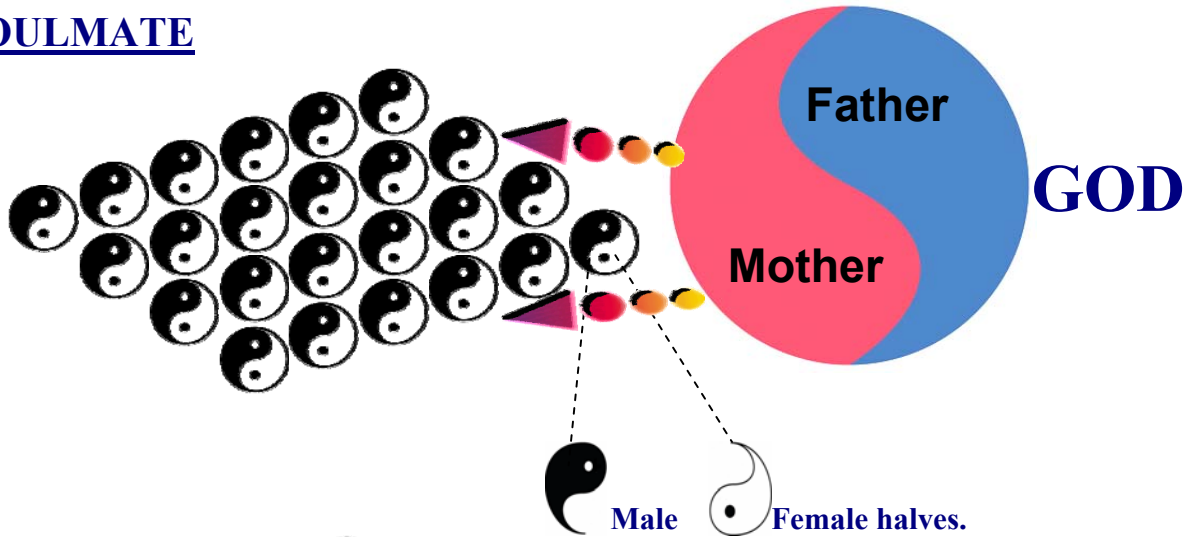

*Consider praying for these three desires to blossom within you:*

A L O N G I N G for GOD'S LOVE to ENTER YOU  
A L O N G I N G for GOD'S TRUTH to ENTER YOU  
H U M I L I T Y  
Humility is the passionate desire to experience fully  
ALL of your own emotions,  
without blame, judgement or condemnation

**SOULMATE**

God sees you as one soul. 

Even though you are in two halves, typically male half with a female half, God sees the two halves as one soul.

SOUL of HUMANITY, only man has a soul and a spirit body; and of the animals and vegetables, only those with a central nervous system have spirits.

Our soul splits into bodies of the opposite sex, thus creating the soulmate pair. In the spirit world we bond closely together again as we progress up through the spheres.

Soul does not know sexuality.

General Note: Though the majority of these diagrams are observations of the white board drawings presented during the discussion, general comments have been added from other presentations and some additional graphics and comments have been added to assist in the comprehension, accordingly there will be some unintentional divergence from the material presented within these graphics. A review of the DVD presentation of the talk given will enable the reader to discern for him/herself. The objective is to achieve the closest representation possible.

Free will has been given to the complete soul.

The complete independence is given to the complete soul.

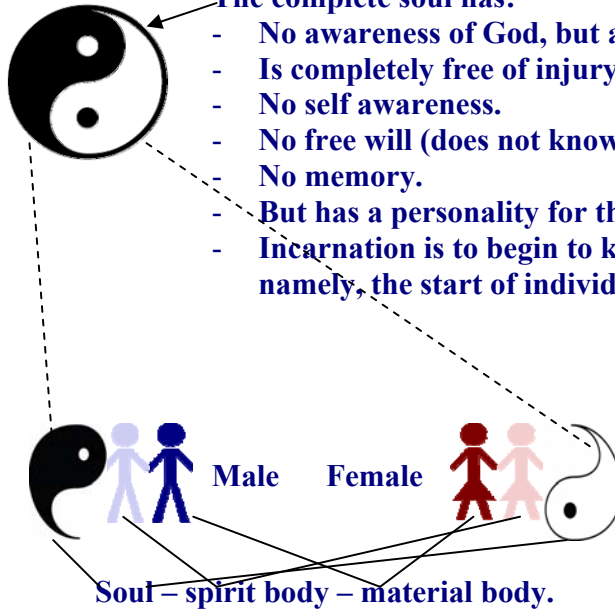

**Duplex Soul:**  
Each half being complete in itself.

**BEFORE INCARNATION**

The complete soul has:

- No awareness of God, but a connection.
- Is completely free of injury.
- No self awareness.
- No free will (does not know how to express it).
- No memory.
- But has a personality for the entire soul.
- Incarnation is to begin to know yourself, namely, the start of individuation.

Intelligence is vastly controlled by emotional injuries.

It is always emotional injuries that shut down the intelligence.

Incarnation is a beautiful way to learn about ourselves.

**Feeling  
Healing with  
Divine Love is  
the key!**

**When we are connected emotionally closely, we feel the pain of the other person.**

**Eventually we will feel the pain of others and then everyone on the planet.**

**The spirit of the body from which the organ is donor, that spirit influences the recipient.**

**The person receiving the body part needs to consider the emotional reasons why that particular body part failed.**

**Spirits with common issues, sexually, emotional, connect up with incarnates with similar issues and influence them accordingly.**

**How do we find our soulmate?**

**Judgements within us prevent recognition of our soulmate.**

**Praying for anyone affects them. Your motive must be pure – from a place of love.**

**When we deal with our emotional injuries, this enables your soulmate being attracted to you.**

**It only takes until the 8<sup>th</sup> sphere to become at one with God.**

**Truths continue to grow after the 8<sup>th</sup> sphere, whilst being at one with God, enables you to grow closer to your soulmate. Within the Celestial Heavens soulmates bond closely together.**

**Any metaphysical interaction can involve spirit interaction.**

**At the 5<sup>th</sup> sphere, a coloured cord comes out of you and leads to your soulmate.**

**Diminishment of injury within parents enables the child to grow more rapidly in awareness.**

**What we talk about in our 50's will be talked about by teenagers, and then later on, by early schoolers.**

**The evolvment in growth will escalate over a couple of generations.**

**Most people have a terrible sadness of the loss of God unless this emotion has been cleared by a parent or grandparent.**

**Talk to God about your resistance, why you are stuck, so that you can continue to progress.**

**Addictions – processing does not necessarily result in grief. Becoming emotionally aware of the truth about the addiction can resolve the addiction.**

**Bi-sexuality is being sexually attracted to men as well as to women. Bi-sexuality is not part of the plan, it is not provided for.**

When we open up the soulmate part of our soul, it opens up in such a way that you will only be open to your soulmate. Once open, the person you can be open to is your soulmate.

That means celibacy until you find your soulmate.

If your soulmate is in the spirit world, you will feel him/her present.

Deal with injuries about yourself, and injuries towards the opposite sex.

Once you process emotions that are blocking the soulmate part of your soul, your soulmate will be attracted to you.

### PURE LONGING or DESIRE

**NO LOVE** Almost all 'love' on the planet is founded on addictions, not love. For the majority of us, we have never been loved through our entire life. We believe with all of our heart that we need someone to love us so that we can survive – and we don't. God is the only person who is going to love us all the way through this process.

1. Truth your soulmate relationship will be the most
2. Love truthful relationship you will ever have.
3. Humility

This is the only way – stay loving, stay truthful, and stay humble, stay in this way and you will continue to grow in this relationship.

37 years of relationship:  
 Resentment covers over rage, which covers over fear and grief. Resent and hate men – anger is the capping emotion. He gets angry with her because of her dislike for men. Fear and rage, namely, resentment from unhealed rage, will shut down sexual attraction.

The Human Soul – The Soul-Mate Relationship Session 2

**SOULMATE is MARRIED to SOMEONE ELSE**

**Focus on the love issue within your relationship.**

**Every bond is a loved based bond.**

**Addiction is the basis of most relationships.**

**Deal with issues:**

**In TRUTH**

**In LOVE**

**In HUMILITY**

**If there is no longer love between you, then the bond is broken.**

**Are you in love with your partner and is your partner loving to you?**

**Until you have a soulmate longing, you will not know who your soulmate is.**

**When two people do not have a passionate relationship, you are shutting yourself down.**

**You must have courage to live in truth and stay in truth.**

**Stay in love and truth, then the break up will be harmonious.**

**When we act in truth, our addictions are triggered.**

**Soulmate longing may be for a married person. Soulmate will feel your longings.**

**You have desires and a right to long for your other half.**

**If you know who your soulmate is and that person is married, there are moral issues.**

**The most direct and honest approach is the one most in harmony with Divine Love.**

**A longing is not a need or a demand.**

**You can tell that person that you are his/her soulmate, BUT, projecting an expectation on him/her is out of harmony with Divine Love.**

**A soulmate longing is having a passionate desire to feel your own feelings for your soulmate.**

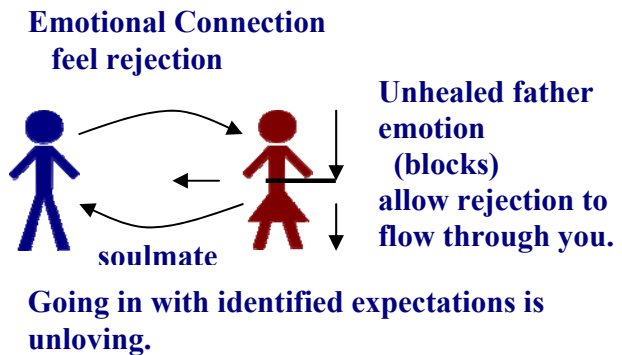

**This passionate desire passes through you.**

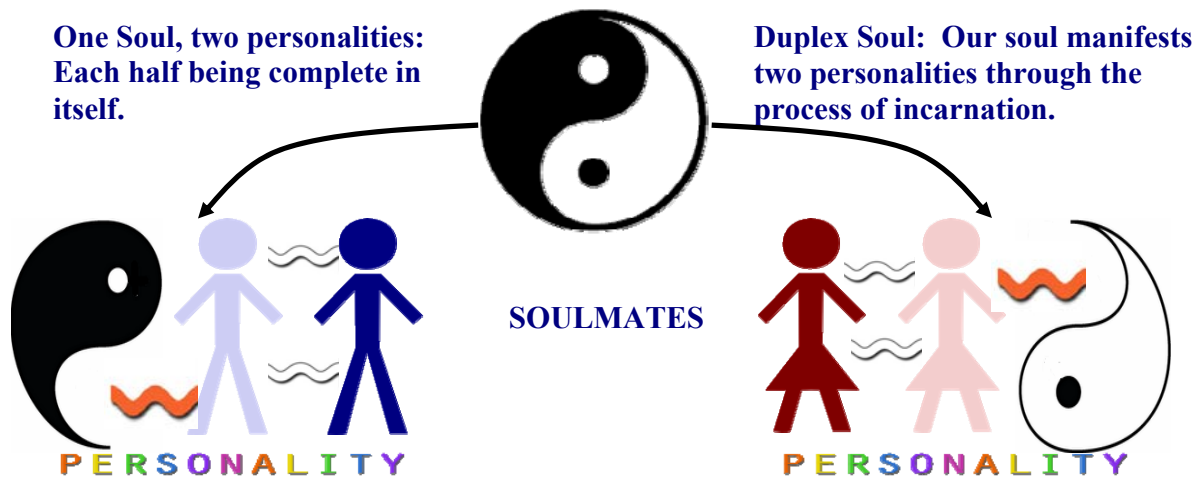

**When you are feeling a passionate desire and longing within yourself, you remain loving. This will automatically start to emerge as feelings within the other person.**

**How much you are willing to heal your own stuff and have a longing, will be how the other half of your soul will respond in a growing and loving way.**

**We usually do not want to deal with this in love and truth because we are afraid of the outcome.**

**The only way that error can come out of you is in a painful manner.**

**One Soul, two personalities:  
Each half being complete in  
itself.**

**Duplex Soul: Our soul manifests  
two personalities through the  
process of incarnation.**

**There are multiple cords of light connecting the soul to the spirit body as there are multiple cords of light connecting the spirit body to the material body.  
We start living our experiences through our bodies.**

**Soulmate development is soul / spirit to soul / spirit.**

**Once we open up our soul, we cease to depend upon our bodies, and connect soul to soul.**

**Once you are developing the soul, you begin to experience your emotions without the need for your bodies.**

**Male / female experiences of your soul is your soulmate part of your soul.**

**There is magnetism between souls that are soulmates.**

**The soul bypasses the bodies and has soul based interactions.**

**Once the two halves connect up, you are completely loving to yourself.**

## SUPER SENSORY SENSES

The super sensory senses are within the soul:

- Soul has many, many senses.
- Spirit body has much higher senses and capabilities than the physical body.
- Body has five sensing tools – sight, smell, touch, hearing, and taste.

When the soul receives Divine Love, even the super sensory senses continue to grow.

Physical Body	↑	we first generally develop our physical senses.
Spirit Body	↑	mind / brain development starts.
Soul	↑	soul development is typically ignored on the planet.

Soulmate development is soul to soul.

Once we open up our soul, we cease to depend upon our bodies, and connect soul to soul.

### **Book of Truths:**

When I say clairvoyant, I do not mean that faculty which enables you to hear clearly with the spirit ear, but rather that which enables you to receive our impressions, and which inspires you being actually conscious of the reception of these impressions.

So you see you have the opportunity of receiving these things which very few mortals have; for this is a phase of mediumship (as it might be called) which is rare and not possessed by many mortals. It differs from the ordinary inspirational phase in that, where the medium receives information in this latter way, the spirit ear actually hears the thoughts coming of which the medium is conscious, while in the former method there is neither an actual hearing nor a consciousness on the part of the mortal of the thing conveyed.

## THE WAY OF THE HEART

P.86

John Marc Hammer (Raj & Suzanne GC)

Q: What is the difference between a twin flame and soulmate? Please describe the importance of bringing two whole people to a relationship and maintaining uniqueness while creating synergy.

A: It would not be appropriate to say that you can *create* synergy. Nor would it be appropriate to say that you can *create* genuine individuality. What you can create and cultivate is the willingness to be wholly committed to *allowing* every last trace or obstacle to the presence of Love to be dissolved from within you. Synergy and genuine individuality arise from your devotion to being unceasingly open and receptive to the Love of God. Like a flower bursts forth from a seed well planted, both individuality and synergy in a *holy relationship*, which is where only synergy can be found . . . these things arise from the *receiving* of Love, the *allowing* of Love, the *remembrance* of that Love.

What is the difference between what are called twin flames and soulmates? First, the only difference is a matter of definition. The concept of twin flame was given by a friend of mine as a way of assisting minds to see that there is an aspect of them that is uniquely and profoundly linked to something that is as much them as the self they think they are is, that has become fragmented, that what was whole became apparently fragmented, and, therefore, mind becomes imbalanced.

The idea was to create a story line in which the mind, so attuned to seeking for fulfilment outside of itself, would, at least, begin to desire that which symbolizes the movement into wholeness, the linking together of the male and female energies within the consciousness. At the risk, of course, that some minds would actually believe that to discover and find one's twin flame requires finding another personality in a body. And yet, because in Reality that fragmentation has never occurred, you need not go any further, in Truth, than your own awareness, your own beingness, to discover that that one is still within you. And you can not be separate from that one at all.

It may be that in the field of time, you, as a consciousness, will need to have the experience of attracting one who seems to be in another body, so that you can come together. But that is more the fruit of *your* belief that you *are* the body than of some objective reality. For in Reality, the Truth is one. Separation does not exist. Period.

And for soulmates? Same story. It can be appropriate to use those terms to describe to some minds what they're experiencing, as a way of giving and understanding that allows them to relax and get on with it. It is also true that within the drama of the dream of separation, there are souls – fragments of awareness, if you will – that have danced together and played together and have never lost the sense of union or love with, and for, one another. And therefore, over a period of *time* and the creation of *specialness*, those seeming two souls spark something within one another. They recognize the Truth in the core of the other, because they never really lost it, as they may have successfully lost it in other relationships. And, therefore, it is . . .hmm-m . . . it occasionally happens when two such that are on the path of awakening require coming back together, in space and time, to spark, to re-spark the commitment necessary to heal the sense of separation and to awaken from the delusion that a separate self has ever existed.

This means that you are not in need of *anyone* to be whole. It also means that when you discover that wholeness within yourself, you will be free, if you wish, to enter into relationship with anyone you might choose, and who would choose you. Hopefully, it will come from a place of holiness and freedom, and not fear and specialness. For the latter leads to pain that must yet be healed. The former leads to ongoing creativity and enjoyment.

It is only when two who are whole come together, having looked within and *truly understood* that *there is no lack* and, therefore, *no need*, that the power of creativity can flow through that entity. And any such committed relationship creates another entity, and gives birth to that which reflects the Truth, so that it can be seen by others who abide in space and time.

Do not attach *specialness* to the concept of twin flame or soulmate. If anything, remember that your *soulmate* is your Creator. Everybody else is your *friend*.

**Love at first sight, can only occur on Earth under one of three conditions:** 18 May 11

- 1. That you are soulmates and you recognise each other instantly. That is very unlikely for most of us because we usually have huge injuries with the opposite sex of the opposite gender. So it is very hard for us to understand who our soulmate is because of our inter-gender emotional injuries.**
- 2. That we both have corresponding emotional injuries that are attracted to each other to be looked after. If we have corresponding injuries that need looking after, then automatically there will be an attraction.**
- 3. The third that happens very frequently is that there is a spirit that likes that girl, and that spirit is with you, so he causes you to be attracted to that person. Very frequently, spirits that are with us interact with us in such a way that they influence our attractions.**

**There is a constant energetic transaction going on all the time between soulmate halves, even if they are not aware of them.**

“A true friend is one soul in two bodies.” *Aristotle*

## SOULMATES

26 Nov 1918

But there is another and differing love, not of the temporal, but of the everlasting, in its nature, and all humans have it, though probably unaware of the fact, but which at some period – and this may be for some time – in eternity they will become conscious of, and then never deprived of, for it is the perfect fulfilment of this law of attraction. I mean the soulmate love, of which I have written you so often. It was born before any man appeared in the flesh, and was a part of his very soul's creation, and of which he could never be deprived, though so often does it lie dormant in the souls and consciousness of man.

I and others have written you as to how when the souls of men were created by the Father, these souls were made male and female, though constituting only the one soul – two in one, the perfect one. And with their creation was bestowed upon them a love – not two loves, but only one – which was possessed equally by each part of the complete soul, and which will always remain one in its complete workings, although these two parts of the soul have to be, and are, separated in their incarnation in the human body, which incarnation is for the purpose of giving the male and the female parts of the one soul a separate individuality, without severing or disuniting this love, which through all eternity binds together these two parts as one.

The love of which I have first spoken is the love for time only; the soulmate love is the love for all eternity, and this great love which requires that at some stage in eternity these two parts of the one soul shall become one again, should be one of the most convincing proofs that all men, sooner or later, will come into harmony with the will of the Father and with the laws creating such souls. The fundamental law of the universe is that all things shall come into harmony with the will of the Father, and as the hells and all that they comprehend are out of such harmony, men may believe that in the ultimate working out of this law no soul will remain in the hells or in the condition or state of existence that primarily makes the hells, but that all souls in their perfected union will become inhabitants of either the spiritual or the Celestial heavens.

And further, I must say, as you have been told before, that this soulmate love is the only love that can have a separate and individual existence in the Celestial heavens, where the divine love exists to the exclusion of every other love save the soulmate love; and the more the spirits – the united two in one – possess the divine love, the greater will be their possession of this soulmate love.

# Personality

## SOUL PERSONALITY

Each soul, ever created, is unique. Just as each snowflake is unique. Every soul is unique from every other soul ever created. By referring to your soul, we are referring to your complete soul prior to its division into its two halves. Each soul expresses two absolutely unique personalities. Your soul then incarnates into two separate spiritual and physical bodies, one half into a male body and the other half into a female body, thus the personality is further distinguished by its male or female aspects. Your soul half, has a personality separate and distinct from every other soul. Your personality is bestowed complete by our Father and Mother. The soul expresses its two personalities into Creation. Your personality traverses your physical body, your spirit body, and your soul. At the time of death of the physical body, your personality continues on existing in your spirit body and soul.

No matter where our two soul halves incarnate, they will be drawn back together again as they grow in love.

The individuality of each soul half is never lost as they grow in love and return together.

The real you is your soul, which remains connected through cords of light to your spirit body.

**OUR JOURNEY of GROWTH in LOVE**  
All we need do is to ask for God's Divine Love – it is that simple.  
Ask directly, no intermediaries needed.

Souls, being thoughts of God, are ready for incarnation in their billions. These souls are at the level of the 6<sup>th</sup> sphere in a natural love state, however, they are not within the 6<sup>th</sup> sphere perse. These souls are not self aware. Prior to incarnation, they do not express free will. There is nothing of the Divine within the soul. They have an instinct to incarnate. Incarnation of the two soul halves, male and female aspects, typically occurs within a 5 or 6 year time frame, however the timing may be 20 to 60 years apart. To become conscious of self, you must incarnate. This is the individualisation process.

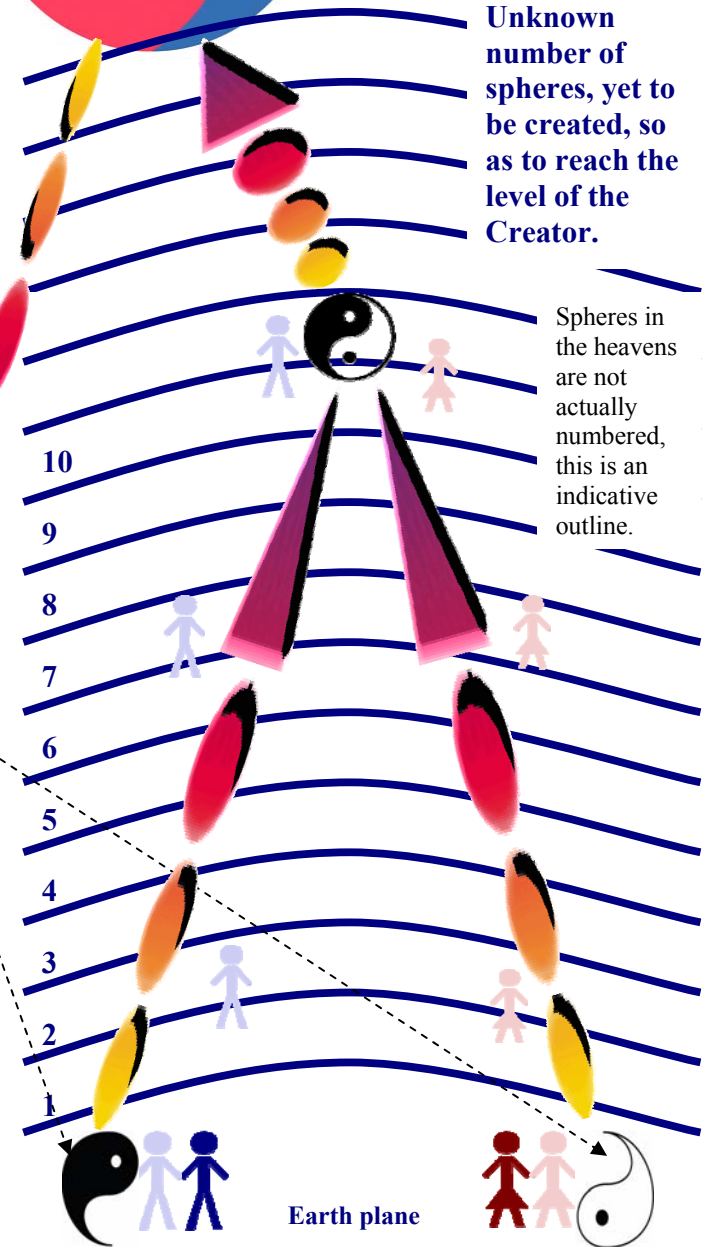

Soul does not know sexuality.

The soul half that incarnates is the one most suitable for the characteristics and character of the attracting parents. Upon incarnation, one's soul condition adjusts to reflect the soul conditions of those around it, typically reflecting closely the soul conditions of one's parents. Upon completion of individualisation process, that is incarnation which may be only a short experience in the mother's womb, we never need return to the physical state. To be able to return to our Creator, Father, we need to use our free will and ask for His Divine Love.

**GOD, FATHER and MOTHER, CREATOR, FIRST SOUL.**

Unknown number of spheres, yet to be created, so as to reach the level of the Creator.

Spheres in the heavens are not actually numbered, this is an indicative outline.

May 3, 1915 – *One message*

Book of Truths by Joseph Babinsky  
 “The Padgett Messages”

I am here, Prof. Salyards –

Yes, and I am very much pleased that you have, and that you are in such good condition to write tonight. Well, I desire to continue my discourse on the laws of the spirit world, as known to many spirits.

Another law of the spirit world is that every **human being of one sex has, on Earth or in the spirit world, one of the opposite sex who is his soulmate.** The importance of this provision of the Father for the happiness of humans and spirits, has never been fully understood by those who have not with certainty met and recognized their soulmates.

I know that on Earth men have claimed that certain of the opposite sex were their affinities, and with such claims as an excuse, have done much wrong and sin.

But the soulmate is not an affinity which may be suggested by the passions or desires, but is one provided by the grace and love of the Father to live with the other soulmate through all eternity. Before they took on the form of flesh, they were united, and when, in accordance with God’s plan, they separated and became mortals, they became no less soulmates, although they may not recollect their former unity or relationship while living the mortal life. But as certain as God lives, these two soulmates, at some time, after they become spirits, will learn their true relationship to each other, and will, if nothing insurmountable intervenes, come together again in true union and happiness.

The mere fact that a certain man and a certain woman are husband and wife on Earth does not mean that they will live together as husband and wife through all eternity. If they are soulmates, they may, but if they are not, they will certainly separate after they enter the spirit world. That true relationship cannot be hidden here, and no mere form of relationship of husband and wife will suffice to keep the persons together.

The great truth of soulmates is one which needs further elucidation, and one which I will try hereafter to explain more fully. But for now it is sufficient to say that every man born of woman has his soulmate, either on Earth or in the spirit world, and vice versa.

*With all my love and best wishes for your happiness and success,  
 I am your old professor and friend – Joseph H. Salyards*

Markers of Progress up through Spheres:

5 Soulmate issues may resolve here

These are progress points on the Divine Love path:  
 Natural love path is intellectually accepting truth and suppressing fear.

From within 3<sup>rd</sup> sphere, no one can interfere with your relationship with God. Desire for truth is a loyalty to that truth. It is emotionally being in the truth all the time. Acting in love and with morality. Being non-judgemental. The transition from the 2<sup>nd</sup> to 3<sup>rd</sup> sphere, is the dominance of truth. By the time we get into the 3<sup>rd</sup> sphere, fear no longer dominates my life, and truth does dominate my life. You are now engaging our desires – to know God and self, including your other half of self, your soulmate.

The transition from the 1<sup>st</sup> to 2<sup>nd</sup> sphere, fear no longer dominates your life. If we can't get through the barrier were fear dominates our life, we cannot progress.

<http://dlscr.freeforums.net/thread/168/comments-contemporary-divine-love-channels#ixzz4Y3PgfZm9>

You have done much heart and soul searching about a lot of what you have been taught in recent years. As you correctly surmise we have allowed and fostered your confusion and doubt in order to allow you to make your own decisions trusting your own intuition and capacity. You do need to rely on your own feelings and to make your own assessments as you have always done. Most of your recent doubt was of your own capacity as you had been strongly encouraged to abandon this is favour of the authority of another. You initially respected this authority and then began to feel that all was not as it was claimed and this was a wise and sound decision. Whereas AJ has a deep desire to help others and to teach and live in love he is not what he claims to be. Such an event (about AJ's claim that he is Jesus) were it to occur would not be secret from the whole of the Celestial Realms (8<sup>th</sup> sphere and above). I, Richard, am pleased that your realisation has not caused you to discard all that you have been presented (AJ's teachings – [www.divinetruth.com](http://www.divinetruth.com)) as there is much gold amongst the dross but dross there is aplenty.

Your beliefs about the division of souls prior to incarnation is correct and this does produce soulmates who will at some time in their existence be strongly drawn to each other. Very often one mate will develop the awareness of the existence of the mate long before the other and will then seek the other out to connect and to help the advance of the other. This is well discussed in the writings of James Padgett (Book of Truths via Joseph Babinsky) who performed such wonderful work.

Do soulmates eventually join together or blend into one being? (Mary 2 Jan 2017: [We always maintain our own individuality, however with time, and a very long time at that, the two might seem like they are one to those who can't perceive the difference. It's a misconception based on the mind and it's a notion of becoming at-one with the Mind of God, merging one's personality and soul into God and enjoying eternal bliss. We need to be 'Two who are One' for all eternity so as to keep maximising our soul expression and having someone to express and so share ourselves with – someone to love and feel loved by. So in that light, there is no hurry for you to find your soulmate, and staying focused on your feelings and their truth is the quickest way you'll come back together.](#)) I don't know as I have not experienced this nor have I met any such combined being. That is not to say that is not possible or not part of our eventual development. I don't know what I haven't experienced and neither have I heard reports of this occurrence. Jesus is well known to us in these realms and we have not heard anything from him about this. You have been told much about soulmates as this is something that is of great importance to AJ.

The search for one's soulmate can be a frustrating experience especially as the ones searching while incarnate usually don't have the knowledge or capacity to recognise their mate even if they found them. People imagine all sorts of ways to recognise the other and are, more often than not, quite misguided. Soulmate relationships do occur on Earth and may be as friendships rather than spousal relationships. (Mary: [I have previously commented on this.](#))

Whether or not one does meet a soulmate during carnate life the main responsibility of every person is to

be themselves as fully and as lovingly as possible. (Mary: NO!, the main responsibility is to be true to your feelings. And your feelings will lead you to the truth that you are not loving because you were not loved. And if you try to override these unloving feelings you'll deny yourself the truth of them. BECAUSE YOU HAVE TO FIND OUT WHY YOU ARE NOT LOVING, IF THAT IS HOW YOU FEEL YOU ARE. This is very important.) The search for a soulmate may indeed be a great distraction from one's primary purpose in living.

Each half of an original complete soul is designed to realise itself and to manifest its own potential and abilities. The coming together of soulmates on this side is usually when each has advanced to a considerable stage of realisation of self and individuality (me: through their Healing). The initial separation of soul parts is to enable this full realisation without the possible hindrance of the expression of the opposite half with all its differences. (Mary: The initial separation is so each half can fully individualise so you can both relate to each other as complete people and spirits, expressing the whole of your personality and all you think and feel, and all truly, as your soul needs you to be united so as to keep expressing you in Creation and growing you in truth and self-awareness all the while bringing you closer to the Mother and Father.)

Living is a journey of self-discovery in order to return to Our Father with all of the gifts of realisation that we have garnered along the way. The reconnecting of soulmates is a stage that allows the next stage of realisation of self with the fitting together of the opposite halves and their experiences which produces the fulfilment of the experiences and a great advance of awareness. This is a magnificent experience in which one realises the true purpose of many of life's experiences and many pieces fall into place. The connections between the experiences of soulmates are quite remarkable and quite incomprehensible until one experiences it. Perhaps this is what is misunderstood and spoken of as the soul union. Each finds a magnificent union when we enter into oneness with Our Father (upon entry into the 8th sphere). (Mary:... Our Father and Mother, the Two ultimate SoulMates. This paragraph expresses the truth well.)

Yet once more I say that you don't really understand what I have been saying but perhaps feel easier with what you imagine happens. As you must gather from the above I (Richard) have met my soulmate and experienced this reunion for this is the best term to use. There is wonderful recognition and fulfilment in the experience with a sense that one of the major purposes of life has come to pass. As with all the major steps along the way one experiences and increase of lightness and beauty. I know it is hard to imagine that beauty and magnificence continues to increase when one already feels that nothing could be more beautiful than the present. Let me say though, everyone of us is totally content with the present in which we find ourselves because there is nowhere else to be at that moment (Mary: Yes, all very good, because when you are true to your feelings having healed everything that is stopping you from being so, then you are true to the moment and very happy and content in life). There is no yearning for something better but there is always the certainty that we are growing and progressing and that constant wonder is what awaits us. We never attempt to step further than we may as we are content in our Faith and our knowledge of Our Father's love. (Mary: Good.)

If we extend that approach into life on Earth the same approach is possible. Acceptance of where one is emotionally, physically, mentally and spiritually is the greatest assistance for progress that is possible.

Much emphasis is put on striving in life in order to 'better oneself'. What does that really mean? Does

it not imply that one is dissatisfied with one's present situation? Acceptance is neither complacency nor stasis. Acceptance is the embodiment of Faith in Our Father and in the movement of life. (Mary: It's acceptance of your feelings which is acceptance of yourself. And you'll only become satisfied once you're expressed out of you all the dissatisfaction.)

It is easy to indicate the benefits of striving for betterment and to believe that these benefits could never have occurred without all the effort that was involved. There is virtue in effort when it is appropriately applied and I am not advocating indolence. I am saying that if one is acceptance of one's position and at one with one's desires then the effort required to achieve those desires is much less and will flow with ease and efficiency. There are many who have discovered the truth of this in the course of living and many more who will discover it in the future. Very few on Earth have discovered the true power of existing in true harmony with the Laws of Our Father. The power that is available to anyone who exists in this way is unimaginable. (Mary: Yes, however Richard being a Celestial is speaking about his experience whilst failing to elucidate on the Healing he has done himself, all in keeping with the restrictions imposed on him owing to the Rebellion and where James Reid was in his growth at the time.)

You wonder if this power can be abused or only used for good and this is a valid point. In the ultimate sense being in total harmony with all of the laws implies that one must also be fully loving. There are situations where individuals have developed a capacity to use portions of these powers in quite remarkable ways without being totally loving. This will be seen more as the evolutionary process continues as all possibilities will probably occur and many variations will appear. There will be stages of increasing levels of harmony with the Laws and this will manifest in demonstrations of increasing abilities of humans to act on the Earth in what may seem like godlike ways (Mary: Yes, from people who are well progressed in their Healing or have fully healed themselves). Is this not one would expect along the way to becoming at one with Our Father? These powers will not be found by striving for them but will be given as a living inheritance from a loving Father.

There is a point when men realise that they don't need to control nature or the laws of nature. There are already perfectly effective control measures in place. There is no need to fight or struggle with life. (Mary: Your Healing will sort this all out for you, for all of humanity, as humanity will slowly change expressing the truth people will reveal through their feelings. Humanity will be able to live with more feeling, more compassion and understanding, acceptance and love, BUT ONLY BY DOING YOUR HEALING. Humanity will never do it by trying to assert its mind.)

Seek harmony within yourself and extend this to your immediate surroundings and feel this harmony entering your desires. (Mary: All this sort of encouragement is meaningless, you have to stop all this mind stuff and instead look to your feelings, for they are the way for you to free yourself and live all of this naturally that so many think can be lived through the mind.) All changes begin with individuals and extend from individuals until one realises that individuality is best realised within oneness with all that exists. This seems enigmatic until experienced and the realisation comes that it could never be any other way.

Enough for tonight my dear brother as we have done much and actually more than you realise. As with most issues we cover we will revisit these issues many times. Go with my love and the blessings of all of us and know that you are loved beyond measure. Richard

**The RICHARD MESSAGES:****Celestial Spirit Richard 25 February 2013**

*Good morning Richard and other dear friends. We are in the middle of a deluge which is providing a pleasant and quiet place albeit very damp. Richard, I was aware of chatting with you in a dreamy way earlier about soulmates and sexuality and I am very interested in this as you well know. I am aware that the whole field is very complex as I could feel this in our earlier chat. I am interested in taking this discussion further. I am sure that there is enough material here for several books on this subject alone. However, a beginning will, I am sure, be very interesting to many of us.*

Good morning my dear brother. Welcome once more to our talks. This seems a more appropriate term to describe our meetings. We do indeed have many talks which you may regard as 'off the record' but which are important and do set the scene for our later more formal discussions or writing. Our informal talks arise from your questions and musing to which we respond with comments and questions as appropriate. Your own curiosity and desire leads you into many areas of exploration and there are unlimited such areas through which you could wander as do many of those touring your world with open mouths and closed minds. What a pointless exercise this is! It is well that you enter with questions in mind and not simply curiosity. There is a place and time for sightseeing but you will see the same sights and with much greater interest and learning when there is purpose in your exploration.

Within the overall area of Our Father's creation of all that exists many variations and possibilities of variations have existed since the beginning and many more have arisen along the way and continue to do so. As I have said before the process of living that exists is in a constant state of evolution and change and was made to be so. Accept this before we begin any discussion of any topic at all. What we say at any time will change over the course of time to some degree. What I will say about the subject you have mooted will be largely in what I may call specific generalities if that makes any sense to you. By this I mean that what I say will allow for variation and is not to be taken as the absolute last word on this subject or any other topic we discuss. This is not said to diminish in any way the value of what I say but to respect the complexity of the issues we discuss. This complexity is inherent in the subject but is much more so because of your limited capacity to comprehend what I say. Each of you will make sense of what I say in a way that is understandable to you and you may well find consensus in your groups as well. I will be presenting information as I know it to be and encourage your questions when you find obscurity or confusion.

One of the most wonderful aspects of Creation is the allowance of almost unlimited variation of form and the expressions of that variability in all aspects of the forms created. We have variety upon variety. Humanity has developed a great desire to catalogue and list the variations in order to understand what is called Nature. In this process there has arisen a need to find the 'normal' which usually means the most common form within a vast variety. So what is **apparently** most common becomes regarded as normal and the rest acquires a cloak of 'abnormality' to varying degrees. This is unfortunate and colours the attitude of the majority of most people to what they regard as not normal in the context of their own 'normality'.

Let me put this in some context from my perspective as an inhabitant of the Celestial Realms (8<sup>th</sup> sphere and upwards). There are vast numbers of souls in the World of Spirit (1<sup>st</sup> through to 6<sup>th</sup> sphere) and these are spread over the many spheres that exist and within what may be regarded as the sub-spheres within these. The densest population of spirits appears to be within the upper first and second spheres.

The least dense population exists in the Celestial Realms! Now this makes us ‘fringe dwellers’ in the terms of many worldly attitudes. Indeed we are so regarded by many if not most of the inhabitants of the lower spheres as we do look different to them. This creates some difficulty for us in contacting them. We are as normal as they as you are as normal as your neighbour and brother and sister even though you may look completely different and speak different languages and not understand each other.

You see, you are respecting and heeding the words of one who is regarded as at least different in his own broad world by the majority of inhabitants. This analogy taken into the context of your world is no less apt. The bulk of the herd inherits the cloak of normality and appears to wield the power in your planet. Throughout time the leaders of the greatest change have usually arisen from the fringes as these are the areas of humanity with the greatest acknowledgment of and respect for the wonders of variability and the true breadth of normality. In fact, some of those who are giving the appearance of being from the fringe and pushing for change in your world at present are not truly so and are actually attempting to push old standards of normality for their own purposes while claiming that their interest is the benefit of humanity as a whole. Beware the dissemblers. I leave the consideration of that to you.

My group of fringe dwellers is moving to remove the fringes by inviting all to join us. We would have all with us in our realms. Our desire is to remove normality so that all are accepted without judgment. Normality is a judgment that no one deserves.

Let us begin with the consideration that Our Father creates souls as duplex and entire entities. Each soul so created has two entire ‘halves’ joined in a whole. Each of these halves is created to live as a complete individual and the two are called soulmates. At the time of creation these parts exist but without individuation, without Free Will and essentially without awareness but with all the attributes of life and are a reflection of their Creator. (Mary: True.) Let this statement stand on its own and let your mind consider this over time. Don’t struggle with attempting to understand this now.

Now the broadest classification of living creatures is by sexuality with the norms being masculinity and femininity with those two terms being regarded as absolutes and opposite aspects. These aspects do exist but as a continuum not as opposite poles. In all of the following discussion we will come up against the dichotomous thinking that is virtually universal in humanity.

I will digress a little here but I feel that this is necessary. The Universe is not a place of opposites despite the efforts of man to make this so. From black and white, male and female all the way through to Heaven and Hell and God and Satan man has developed the ‘need’ to create opposites in order to ‘understand’ the aspects of life. Herein lies the basis of most private heavens and hells because here is the basis of fragmentation of this magnificent family of ours. In this dichotomy is similarity lost and difference found and love founders. How I urge you all to seek the similarities with your brothers and sisters as we are truly all one. Apply this across the board and apply it to yourselves and us as we are more similar than different. There is a continuum across all life. Think only of human life for a moment which has its beginnings in the creation of a soul by Our Father and the continuum goes all the way back to Our Father without break or separation occurring at any point. This statement contains a profundity which you are beginning to accept and will accept more and more along your journey. I give you my absolute assurance that this is so and, furthermore, that you will never cease to wonder at the magnificent beauty and total simplicity of this continuum.

What I have said is necessary but doesn't necessarily simplify our further discussion as we will regress into the dichotomy from time to time to attempt to make sense of what we consider. You see, a continuum has no true beginning or ending does it? Therefore any beginning we make will immediately beg the question to some degree. Nevertheless I ask you to accept these limitations and acknowledge that some of what we say will be in terms that you may currently understand and accept even though it is not true in an absolute sense.

Smaller creatures such as single cell ones and what may be regarded as simple animals express sexuality in a simple manner and may be the only ones to fully express simple maleness and femaleness. Some of them indeed do this sequentially within themselves.

It is probably true to say that all complex creatures express and exhibit some aspects of both genders to some degree often or usually with one aspect dominant. Let us then assume that all souls are created with aspects of both genders. This is so and is not an assumption.

For the purposes of our discussion let us regard masculinity (M) and femininity (F) as being the opposite ends of a line with the line representing the varying degrees of M & F that may be expressed or inherent in the souls along this line so the midpoint represents a 50/50 balance of M/F. Let M be the left hand end and F be the right hand end. This then implies that as we move to the left the souls will be more male and less female and the reverse will apply towards the right end. If we plot numbers then we come up with the so-called Bell Curve of distribution that you are all familiar with from your exposure to science.

Here now we must introduce the first of our non-linear aspects of the continuum. The M end does not represent an absence of femininity not the F end an absence of masculinity. There are aspects of both genders present at all points of this continuum and the linear representation creates the illusion that this is not so. To illustrate with an analogy, if you look at a distribution curve of height of humans the extreme ends don't represent no height at all but only the tallest and smallest heights recorded.

The sexuality of the souls while still entire falls along the points of this distribution so that the bulk fall in the middle of the curve with relatively equal amount of M/F and with varying amounts on each side of this point as we move to the 'fringes'. I will use this term while encouraging you to remember that continua do not have fringes. This leads to the interesting phenomenon that occurs when the souls divide (me: [The soul doesn't divide as such, it's already of both halves and expressing each half as a full person upon that person's time of incarnation](#)) and incarnate. Essentially all bodies into which souls incarnate (me: [souls don't incarnate into bodies; the soul brings the body forth into Creation.](#)) will be clearly male or female.

There are of course numbers with mixed or blurred external sexual characteristics but most are not so.

For the purposes of our discussion I choose to move to a simplification here to avoid unnecessary complexity.

The souls at the left hand end of the line we postulate are therefore much more M and less F and these souls when they incarnate will both incarnate as males. Those at the other end will both incarnate as

females. These beings therefore have soulmates of the same sex. (Mary: This is untrue, soulmates are ALWAYS of the opposite sex. People who are homosexual are only so because of their parenting and the inherited lines of such dysfunction that manifest with them. When homosexuals, people or spirits, do their Healing, they will heal their homosexuality.) These beings are homosexual and often become regarded as odd and thrust to the fringes of your society. Perhaps oddly they then often find more acceptance in the fringes than in the rejecting 'norm'. Those in the middle will incarnate as males and females in equal numbers and will have soulmates of the opposite sex. Of course there is no clear dividing line and there will be many along the line where there is less apparent clarity. Some of these cases may account for the blurring in some bodies but not necessarily so. So now we have a delightfully complex arrangement of humans with vast variations of sexuality and of the expression of this. Here is a classifier's nightmare and the usually chosen answer is to draw black and white lines and to name a normality which, in truth, fits almost no person. (me: Mary, why is Richard going on about all this stuff when it sounds like padding and half of it is not true? Mary: because James is struggling with it but won't come clean with his feelings. So Richard is trying to help him but the way is not clear and so he is fitting in with what James insists on believing and wanting to hear.)

Many of those who write about soulmates state that everyone who exists has a soulmate of the opposite sex. This statement is rather glib and will lead to confusion for many who cannot conceive having a soulmate of the opposite sex. (Mary: it's not glib, it's true. There would be no point in having soul mates of the same sex because they'd not be able to share and express all the opposite to each other, all that's needed so as to keep growing in truth. Being of the same sex you are too similar even if one of the pair for example, one of the men is more 'female' in his ways. They are both still men, and the energy within the spirit systems of the pair being the same sex is going the same way, and not in the opposite direction as between heterosexual pairs. The reasons, and so truth, of why someone is homosexual will be traced back to their relationship with their parents, it's all with in you, the truth, you only have to want to find it. And eventually being gay will not make you feel good, and so you will want to know why you are gay. And I will add James, being gay is no more (or even no less) sinful or evil than being heterosexual, it's just a different expression of one's wrongness.)

In the framework of such outlandishly unloving classifications is it any wonder that so many people wander in great confusion attempting to conform to a norm that fits no one let alone them! Added to that, the classification is applied with force and the engendering of huge amounts of fear. Then the religions come into play and say that God condemns those of His own creation who do not conform to a manmade system! What a monstrous God is so created in the minds of so many men! Now we have fear of the 'different' ones and the acceptance, albeit often fearful, of the 'similar'. The continuum still exists but is rarely recognised. It is relegated to the region of the esoteric.

Can you see that this is only one example of the fragmentation of our one family that has occurred over time and which we now work to overcome? Whatever any one being can do to move towards reunification of what has never really been divided is a healing move and greatly desired. Any time anyone takes time to attempt to look beyond an apparent difference, that person may be rewarded with a wonderful discovery of a previously unsuspected similarity.

Our discussion is very brief and incomplete but is a beginning. I have simplified greatly and will be happy to receive questions from any of the readers of this as I do desire that this issue be better understood and accepted. So many find it easy to live with their rejection of others who are remote from

them but much more difficulty in dealing with differences in their most immediate neighbours. This can be much more threatening.

Break now.

Monday, 25 February 2013 15:27

Good afternoon Richard. All of you in the Celestial Realms have strong feelings about the fragmentation in humanity and strong desire to remedy this. Thank you for the writing today. It does raise a lot of questions.

Thank you for your gratitude. It is not correct that we have strong feelings about the fragmentation. We simply acknowledge that this is so. Each of us has contributed to it at some time in our own way as we lived our lives. Each of us now has the strong desire to catalyse and foster the changes that will lead back to the one family. Dichotomy is disunity and unity is the aim of the evolutionary process now under way. I will add here a paragraph that adds to the previous writing.

Those who incarnate as clearly M or F will have greatly differing gender balances within themselves and this should be obvious to even a casual observer. There are masculine females and feminine males and very male males and very feminine females. There are also those who are well balanced. This also applies to those who incarnate homosexually. What then is normal and abnormal? The only answer that can be truly given is that all is normal in the eyes of Our Father. Who can legitimately question that without disregarding our true parentage? Perhaps the central challenge is to fully accept that Our Father is our true parent without trying to attribute falsity to Him. The full acceptance of this is not as easy as many would like to believe and others would wish. First each one must accept that old beliefs are as strong as they are. One must acknowledge the old facts with which you have lived all of your lives.

They won't easily be denied or supplanted. Your prayer to Our Father and the Divine Love will assist you with this. Do be kind to yourselves and don't imagine that you have stepped further than you have.

On the way along our spiritual paths you will find that you only move ahead when you are truly ready and not when you think or feel that you should. Keep moving steadily along with desire and love and the forward steps will always occur at the right moments and you will know that this has happened.

Whereas I and many others speak of Our Father as male this is not our knowledge of him. All expressions of masculinity and femininity are possible and exist within His Creation and therefore within Him. My knowledge of Our Father (and this is yet incomplete) is that, as the Creator of the continuum of all life He is a part of this continuum and not standing without looking in. We who have moved into these realms have become At One with God and move in harmony with Him but are not all knowing. We are as we are and content to be so and also content to have been as we have been and to be as we will become. I can only speak of what I know and that is wonderful and I am constantly full of wonder. (Mary: Richard is stirring James up with these messages, putting out bits that James could follow if he was trying to honour his feelings. However he didn't honour his feeling enough so didn't question Richard deeper. This we did with you James, as will all Celestials who are working with people on Earth or in the mind Mansion Worlds; and you honoured your feelings James and look where it's got you? Yes, and am I supposed to laugh or cry Mary? Mary: I'll leave that up to you James.)

As I said earlier, by our very nature we (Celestial Spirits) are fringe dwellers here and are viewed with suspicion by many. This casts a wonderful light on those of you who are now moving towards this realm and who will bring the light you carry with you in what is perceived as much less threatening by those you will encounter on your journey. You have now and will continue to have the ability to share your knowledge with many souls who are not yet privy to the knowledge of Divine Love. Think of your own experiences in your life when you have been able to take information from a friend or colleague when you had resisted the same information or advice from another who was maybe perceived as different. This applies to you now on Earth as well as on this side when you arrive here in your own time.

That we are seen as fringe dwellers indicates the attitude that is inculcated in virtually all of humanity and which is carried here and which is to look down to find self-justification. This attitude is demeaning and decreases the value of all concerned. No one can step up on the disregard and degradation of those seen to be below. One is drawn upwards by the desire for and the love and respect of Our Father.

This is enough for today. Go with the love of all of us who thank you for your part in our work. Go with the blessings of all of us.

Your loving brother, Richard

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

**The RICHARD MESSAGES:****Celestial Spirit Richard 26 February 2013**

*Good afternoon dear friends. I feel that I have not written yesterdays talk as clearly as I could have. I also feel that there is heaps more to say about this very poorly understood subject. I understood you, Richard, to have said previously that you are connected with your soulmate. Is this so? Many people of our acquaintance have spent effort in finding their soulmate and many claim to have done so although I felt that many of these claims were at least quite doubtful. I wonder if there is value in either searching for or finding one's soulmate. My understanding is that we will seek our soulmate in the due course of our progress on our path and that this will probably at or above the 3<sup>rd</sup> sphere. Is this so? I don't know any of these things and I am really fishing for information and thinking about the subject along the way. My feeling is that we need to be ourselves in the best way we can whether or not we are, or feel or think we are, connected with our soulmate while carnate. In James Padgett's writing his wife, Helen, spoke a lot about soulmates and this seems to be what has sparked a lot of interest. AJ has also made much of his personal search for his soulmate and this has stirred many into a feeling of a need to find their soulmate.*

Good afternoon dear brother James. The talk yesterday was about a complex and challenging subject and your 'translation' was satisfactory. There is of course much still to say on the subject and we will return to it whenever appropriate. Soulmates are spoken about a lot with the true meaning often being misconstrued. The true meaning is as you have written is that soulmates are created together as the two parts of a whole soul. This statement gives a partially false picture as some may think of a soul as incomplete because it begins as a half of one. However each soul is created for independent living in its own body which it will inspire when it connects with the physical creation. The physical creation will cease to live when the soul separates permanently from it. The life of a physical body is dependent on the soul's presence and never the reverse. It is truly the soul that lives and not the body which is an Earthly vehicle for the soul.

I have met my soulmate and we met when we were in the 3<sup>rd</sup> sphere. This meeting is a wonderful experience that is impossible to describe as it is a feeling event which involves all sensation in a never before felt experience that is all consuming. I previously said that for me/us it was like re-experiencing all of my life's experiences with the added frisson (emotional thrill) of the sensing capacities of my soulmate. For me the feeling was one of completion in that many of my previously incompletely felt or understood life events were fleshed out and made complete. All experience was enhanced not only at the meeting but as an ongoing experience. The description I am giving to you is impossible for you to transcribe and we both know this. I give you what I have and you do your best. Whatever you say and however the reader interprets this will not come close to the truth. Never mind, this is the inevitable result of attempting to communicate experience of life here to you where you are. However wonderful you perceive this world to be you are in your own world and need to find the wonder that exists where you are. You need not yearn for life here as you will find it at the right time. The more that you love yourself and deepen your contact with Our Father the closer will your worldly experience approach ours. Let that be your beacon.

Soulmates do often meet on Earth and mostly do not recognise each other. They are not necessarily drawn to form partnerships of marriage but this does occur and sometimes without the knowledge or awareness of the partners. The two souls who were created simultaneously always maintain a connection throughout their lives. If they are drawn together it may often be from a strong feeling of

mutual respect which may develop into a working relationship of mutual benefit. The draw is not necessarily sexual although this may occur. There are no rules as you live in a world where your birthright is Free Will. The innate desire of a soul is for individualisation and self-realisation.

I do not advise seeking one's soulmate as this search often is little more than a projection of one's desires onto other attractive persons in an attempt to fill a felt or imagined void. No other person can fill a personal void. Each one is complete in her/himself and needs to realise this in order to have a truly full relationship with another. Mutual attraction as a criterion of soulmate identity is very, very unreliable. My catchcry that I will repeat very often is "Be true to yourself always."

I also repeat that Free Will is your right and your expression of this is your way to be true or untrue to yourself as you so choose. Hear the words and desires of others and test them in the laboratory of your self. Truly testing in this way involves rendering oneself vulnerable and this is necessary for growth. I have said that you and I are both rendering ourselves vulnerable in the process of this writing and we both benefit.

There will come a time when each one of us becomes aware of the existence of a soulmate and will then actively seek the other out. Having heard of soulmates as you have doesn't mean that you have the awareness of the existence of your mate. Awareness is an experience and not just a thought nor even a desire.

There is little or no benefit to be derived from seeking something when its time has not yet come. You will not miss out and will not be denied what you think you may need. Your real needs will always be met. Your imagined ones will not if they lack reality. The difference is something that you are all learning and have been doing so all of your lives. The Big Issue is Faith. Remember always that your Faith is indispensable and a need is to develop Faith constantly. It is your rod and staff in the face of your enemies and in the presence of your friends.

Finding your soulmate is dependent upon finding yourself and upon your mate doing the same. Very often one mate reaches the realisation first and seeks the other out in order to aid their progress. There is great mutual benefit in this.

You must go about your business now so we will continue our talks when we can. Go as always with our love and blessings.

I am your loving brother Richard.

**Feelings first**

**Wednesday, 27 February 2013**

*Good afternoon Richard and friends. I have just reread yesterday's writing and do enjoy it. The essence of what you are saying is that we are here to be individuals who can care for each and every one of our brothers and sisters and will be ready to meet our soulmate when we have discovered ourselves. As we develop our relationship with God we are approaching this state of readiness because we are realising ourselves which we can only do in the context of our relationship with God. You are advocating against searching for a soulmate as this probably has elements of desire to find ourselves in another which is not possible. We must first be complete in ourselves in order to have the full awareness of our mate. Am I correct in this?*

Good afternoon my dear brother. I am Richard with you once more. Your interpretation is accurate. Each one must be an individual and also aware of being a member of a vast family which does not have a beginning or any limit in what appears to be your blood family of origin. Let the connection to those you usually call your kin to be of love and respect and not of obligation. **True love of others has its foundation in your love of God and yourself.** The connections of Earthly families don't continue into the Spirit World. True love and friendships do continue to exist. Of course many do seek to maintain these connections and are greatly puzzled when they find themselves in a different location from those they desire to be with. Everyone here goes to the location for which they are fitted by their soul state which may be very different from what they believe it to be. The only passage from this place wherever it may be is by growth towards God. In the Spirit World each one has to face their own individuality and deal with this with the assistance of the loving beings who are always ready to do so.

**A beautiful expression of a soulmate love is holding a longing for your other half, that is, not for any particular person, but a longing for your soulmate who may or may not be within physical realms, but within the spiritual realms, and may or may not be of your opposite sex.**

### EXPERIENCING RECEIVING DIVINE LOVE:

**Be still and quiet; reflect in silence. Love is present. Keep asking, longing, and never cease: this is your part. It is your cooperation actively engaged that brings the transformation and continues the process.**

**You cannot see it; sometimes you will experience it as simple quietness and calmness. This is as pure and real as any other experience, whether demonstrative joy through laughter and dance, or other expressions.**

**Divine Love is present; it is always present. It does not fade or disappear. Rest, relax and breathe. Pray and wait.**

**Maintain daily prayer and meditation. When you do this you are building a home for the dwelling of the Divine Love. Your continual invitations establish an attitude of welcome to the Divine Love. These build a bridge for the Divine Love to carry you to new and higher levels of change and transformation: places of new realms for your soul growth and development.**

#### **The Voice of Divine Love**

~~~~~

As the receiving of the Love is always assured when longed for and asked for, the experience of receiving may become apparent by the occurrence of a warming embrace in the region of the third eye chakra, or with some, around the heart chakra region. This may be very subtle and gentle for some and may be for a few moments or extend for some time. Many do not physically feel the Love embracing them and this is totally fine, nevertheless the Love is being received.

On a few occasions, one may feel the love through the third eye region and then feel it expand as if it were to become a warming buzzing 'hat band' progressively expanding around one's head. This can intensify and feel as though one's cranium is about to pop off! Should this continue to intensify, then the sensation may flow down one's main meridian to the base of one's spine. Now that is something else! Relax and enjoy the great gift for this can be an experience that may continue for a short while or for quite some time.

Always, when one longs for the Love, it will shower over one's body and be absorbed in through the spirit body chakras into one's soul. Occasionally the Love will overflow from one's soul and some will reside within one's spirit body. At no time will you be discomforted. This light golden blue energy substance is the ultimate high octane super fuel gifted to us by our Heavenly Parents to us all.

**While you feel a sexual attraction for somebody, and you are in a relationship with them, then you are in harmony with at least one of your desires.**

**As soon as you choose to leave that person because you think that other person is your soulmate and there is no sexual attraction with your soulmate, why would you do such a thing? Why would you leave a person if there is no sexual attraction with the other person (not being your partner) but there remains a sexual attraction with the person who you are with? Why would you leave them?**

25 Jun 11

**Conversely, if there is another person who you have met and you are constantly thinking about that other person, constantly feeling for them. Now you have got to have some issues of truth. How are you treating your partner. You need to treat the person who you are with, with love and truth. You need to tell your partner that you keep thinking about this other person. You need to tell your partner that there is some reason for an attraction in that direction. You may not understand why. That attraction may be based on error. If it is and you talk about it, you will both feel closer in your married relationship.**

**You could stay in your existing relationship until it becomes clear to you that it is unloving to staying in your existing relationship.**

**Even if your partner is not your soulmate, why would you not desire to remain with that person? If you have been in a relationship for twenty years, you have had three children and you think that you are in a lot of co-dependent addiction and I decide that I am out of here and I am now going to live with this other person, that would be so unloving. The basis of the teaching is about love and truth.**

**Nero's Soul Journey January 16, 1917**

**P.463 Book of Truths – Joseph Babinsky**  
**P.142 The Human Soul – Joseph Babinsky**

I am here, the spirit of one who lived on Earth the life of a wicked man, and a persecutor of the Christians, and a blasphemer of God and everything that was pure and holy. And when I had lived the life to its end and shuffled off the mortal coil and became a spirit, I also became a dweller in the lowest hells, where all is darkness and torment, and the abode of “devils” and everything that tends to make the spirit unhappy and at variance with the loving God.

I introduce myself in this way in order to demonstrate to you the wonderful power of the divine love, for now I am an inhabitant of the Celestial spheres, and know that this love is not only real, but is capable of making the vilest sinner a partaker and owner of the divine essence of the Father.

My sufferings were beyond all description, and I was the most desecrated of mortals, and was almost worshipped by the devils of hell because of the great injury that I had done to the followers of Jesus, who in my time, were possessed of this love, and a faith which even the terrors of the wild beasts of the arena or the torches of my own evil designs could not cause them to renounce this great religion that the Master had taught them, and the disciples were still teaching when I put so many of them to death.

The devils loved me for the very evil that I had done; but strange to say, the spirits of those who I had sent into the spirit world before their time were not revengeful, nor came to me with their imprecations or cursings. Instead, when I had been in the spirit world a sufficient time to realize my surroundings and the nature of these evils, these same spirits of the martyrs which I had made came to me in sympathy and pity, and in fact, tried many times to help me out of my great sufferings and darkness. I did not understand all this unexpected kindness and evidence of love, and I would not for a long time believe that these spirits were sincere.

And so I suffered ... year after year, and century after century. I became convinced that my condition was fixed, and that for me there was no hope; that the God that I had heard of was not my God, and that the evil spirits were the only companions that I was destined to have through all eternity. And so I endured, wishing to die, but I could not. Oh, I tell you, it was horrible, and beyond all conception of mortals! The law was working, and I was paying the penalty, and there seemed no end to the penalty. I could find no consolation among those who surrounded me, and the pleasures that I first enjoyed became to me mere things of mockery and derision, and my darkness and torment became the greater. How often I called upon God, if there be a God, to strike me dead; but the only answer to my call was the laughter of the grinning devils, who told me to shout louder, as God might be asleep, or maybe deaf.

What to do, I knew not, and so I became isolated as best I could from these terrible associates, and many years of my living were spent in the darkness of lonesomeness with never a ray of hope, or the whisper of one word to tell me, that for me there might be a fairer destiny. And so time went by and I waited in my misery for some kind power to come and annihilate me, but I waited in vain. During all this time, the recollections of my Earthly deeds were like hot irons scorching my soul, and burning my body, as I thought, and the end came not.

Well, I suffered the tortures of the damned, and it seemed to me that I was paying the penalties for all the sins and evil deeds that had ever been committed by all the wicked kings and rulers and persecutors

of Earth. Many times the shrieks of the Christian children and the groans of the men and women as they were being torn asunder from limb to limb, or burned as living torches which I had made of them, came to me and increased my torment. I lived the life of centuries of torment in a few moments, as it seemed to me, and not one cooling drop of water was mine. It may seem impossible that I should have continued to live in this ever increasing suffering, but I did, because I was compelled to. The law did its work and there was no one to say “enough.”

I might write a volume on this suffering of mine, and yet you would not comprehend its meaning, and so I will pass it by.

In my loneliness and suffering, there came to me on an occasion a beautiful spirit, full of light and love, and all the beauty of early womanhood, as I thought, and with eyes of pity and longing, and said, “You are not alone, only open your eyes and you will see the star of hope, which is the sign of the Father’s love and desire to help you. I am a child of that Father, and the possessor of His great enveloping love, and I love you, even though you took from me my young life when you threw me to the wild beasts to satisfy your desire to gratify your thirst for innocent blood, and to see the suffering and hear the groans of your victims. Yet, I love you, not because I am a human with a kindly nature and a forgiving disposition, but because I have in me this divine love of the Father, which tells me that I am your sister, and that you are a child of the Father, just as I am, and the object of His love, just as I am.

“You have suffered, and while you suffered, His great love went out to you in sympathy and desire to help you. But you, yourself, prevented it from coming to you and leading you to light and surcease from sufferings. And now I come to you, your young and innocent victim, who had never done you any greater harm on Earth than to pray for you, asking the Heavenly Father to take away from your heart the great wickedness that caused so many of my people to suffer persecution and death. We all prayed for you, and never asked our Father to curse you, or do anything to you to make you suffer. And we have prayed for you often since we came to the spirit world, and we are now praying for you and this because we love you and want you to be happy.

“Look into my eyes and you will see that love is there, and what I tell you is true. And now, can you not love us a little, and open up your soul to our sympathy, and let your feelings of gloom and despondency leave you for a moment, and realize that in this world of spirits there are some who love you?”

Well, to say that I was surprised does not express my feelings. And as I looked into the love-lit eyes of that beautiful spirit, I felt the great sins of my Earth life overwhelm me, and in my anguish, I cried, “God be merciful to me, the greatest of sinners!” And for the first time in all my life in the hells, tears came to my eyes, and my heart seemed to have a sense of living, and there came to me feelings of remorse and regret for all the evils that I had done.

It would take too long to tell what followed this breaking up of my soul, all shrivelled and dead; suffice it to say that, from that time, I commenced to have hope come to me, and to get out of my awful condition of darkness. It took a long time, but at last, I got into the light. And this love, which the beautiful spirit first told me of, gradually came into my soul, until at last, I reached the condition of bliss in which I now am. And during all the time of my progress, this radiant loving spirit came to me very often with her words of love and encouragement, and prayed for me, and never left me when I became, as I did at times, doubtful and discouraged.

As my awakening continued, more of the love came into my soul. And as she told me of the heavenly things that would be mine as I progressed and reached the soul spheres, where beautiful homes and pure bright spirits are, I became more and more bound by my love to her.

After a while I got into the third sphere, and realized that what she had told me was true, only I had not been able to comprehend the greatness of the truth. She then commenced to tell me of the happiness of the beautiful spirits of the two sexes that I so often saw together, and explained that they were soulmates, and that their love was the greatest of all the loves except the divine love; and that every spirit in all the spheres had its soulmate, and at the proper time would find it.

My love for this loving spirit had by then become so intense that in the very depths of my soul I wished and prayed that my soulmate might be such a one as she. At last I became so filled with my love for her that I told her that the only thing in all the heavens that I needed to make full my happiness was she as my soulmate, but that I realized that that desire was hopeless, as I had destroyed her life, and of course she could not be my soulmate. And oh, how I suffered when I realized that she could not be mine, but was another's.

As I told her of these longings, and of the hopeless feelings of my soul, she came close to me, and looked into my eyes with a burning love, and threw her arms around me and said, "I am your soulmate, and knew the fact a short time after you came to the spirit world and entered your hells of darkness. And during all the long years, I prayed and prayed for the time to come when I could go to you with my love, and awaken in your dead soul the response to my love. And when the time came that I could go, I was so thankful to the Father that I almost flew to you (with some dread of disappointment I confess) to tell you that you were not neglected or unthought of, but that there was some love in the spirit world that was going to you.

"Of course I could not tell you of my soulmate love, for you would not then have understood, but as your soul awakened, and the love of the Father came to you, I became happier and happier, and have waited so anxiously for this moment when I could tell you that this love that had been consciously mine for so long is now yours."

Well, I will draw the veil here, but you can imagine what my happiness was, and as I progressed from sphere to sphere, my happiness and love for her increased and increased.

Thus I have told you the story of the life in the spirit world of the wickedest man that God ever permitted to live and gratify his feelings of hatred and revenge. And I, who have passed through this experience, and realized all that it means, say that the divine love of the Father is able to and does save the vilest sinner, and transforms the chief and foremost of devils into a Celestial angel of His highest spheres.

I have written long and you are tired.

**The RICHARD MESSAGES:****13 May 2013****No.34**

*Good afternoon dear friends. My communications have been infrequent lately and I intend to remedy that. As usual change in me is continuing with a mix of effects. I had a strong sense of change in our situation last week which felt like a positive lift and an opening of possibilities. This was a sudden pleasant sensation and I am remaining open to be able to notice what occurs now. I now assume the constant presence of one or more members of what I call 'Our Team'. This is very comforting although I still need to remind myself to ask questions of you.*

*My friend John has questions regarding soulmates. He feels that sexuality is not attached to the soul and is much more a function of the physical. He wonders if a male can have a male soulmate without being homosexual. I feel that what we 'know' about soulmates is a tiny fraction of the total story. I feel that this issue becomes simpler when we know more of the true nature of soul, spirit and physical areas of our existence. How important is it for us to seek information about soulmates? AJ has apparently suggested that seeking and finding one's soulmate is essential for progress on the Divine Love Path. I am interested in this subject and also feel that pursuing it may serve as an interesting detour from more significant issues at this stage of our progress.*

Good afternoon my dear brother. I am Richard and pleased to be connected in this way once more. You are correct in your assumptions regarding our presence. Our presence with you is in the form of what you might call an 'open line'. We maintain a constant connection which is intimate and strong but perhaps different from what you might regard as a presence. It is not necessary for us to be present in this way as we are immediately connected in the way that is needed to serve you at any moment. There is absolutely no lag period in connection and this derives from our nature and abilities. We have the capacity to be connected or present in many places at one time. We live, as you know, outside time even though you do not as yet understand just what this means as you are all so steeped in time and its apparent necessity in your lives. In much the same way, we do not really travel from here to there. We do not have physical or spirit bodies and our travel is represented as what would seem to you as an instantaneous connection of awareness. Remember that we are all At One with God and so can be present anywhere we desire and are independent of time. (Richard is within the Celestial Spheres – 8<sup>th</sup> sphere and higher.)

As you say, the issue of soulmates is quite complex but also very interesting and also very poorly understood on Earth. Your connection with your soulmate will occur at the right time. Both members of a soulmate pair progress independently in the course of their lives. Their separate existences are necessary as part of the process of gaining identity. The Soul is strongly connected with sex or gender. Your perspective of sex tends to be heavily clouded by your own and the social attitudes to sex and its expression by incarnate souls. As an energy, sex has great creative potential. This involves the creation of children but is in no way limited to this form of creation. Any form of creative endeavour at all involves aspects of sexuality. All of any individual's thinking and reasoning is influenced by their gender and their expression of this. Any strong creative force is prone to what can be seen as desirable use and to great misuse. The male and female energies can be seen as polar opposites or polar co-creative forces.

The position of man in the evolution of humanity is and has been for aeons transitional from the being that was first deemed fit to be the host to a soul to what you are today and in the continued progress to

what you are becoming. There is still a strong presence of the original survival mechanisms of the Central nervous system and these systems operate at a basic level and may drive behaviour in anti-social ways. Whereas many humans have an awareness of a soul as being their true self, they still find their physical form and its needs and demands the driving force in their lives. Those with no or less awareness of souls are even more connected with and driven by their physical bodies. The development of spiritual awareness is not a battle to overcome your animal inheritance in order to overcome and suppress it but, as with everything else it is one of acceptance of this inheritance as it is an integral part of you that provides the measures that maintain your physical structure while you develop your identity and grow spiritually. A very important aspect of your spiritual development is learning to live and exist in harmony with this animal nature. This is a vital aspect of Self Love.

The whole area of sexuality is very vexed and has been so from time immemorial. When I speak of acceptance of sexuality I mean acceptance of your own and everyone else's.

I spoke in an earlier communication about soulmates. What I said then is a broad and brief comment about this wonderful topic. I would prefer not to attempt to develop this topic further at this time. I do this for several reasons.

Firstly, anything I say is prone to great distortion by all of you. You will attempt to make it mean what you want and probably completely miss the true essence of the talk. You don't yet have the foundation of Truth that will allow you to develop the knowledge of what I say.

Secondly, I consider that this is a topic which has little relevance to your present state of progress and studying it will serve as a distraction which might be intriguing but not helpful.

Thirdly, every one of you has quite enough to deal with in the present situations of your life without seeking distraction. You certainly don't need our input into that. We offer you what is in your best interest. Whereas we tell you to ask and we will answer, we will not give you what will be unhelpful or will represent a danger to you.

Fourthly, there are many spirits who will take advantage of your expressed desires for information of this topic to offer you their views and may seek to guide you in directions that interest them.

Fifthly, the information that you need in your progress will come to you when you need it and are ready for it. You will always be led towards this information. This does not, of course, guarantee that you will recognise it at first acquaintance. However it will remain available pending your recognition and acceptance.

Patience is an essential quality of living at all stages of physical life. Patience, acceptance and faith are inseparable qualities. Whereas they are often perceived as passive by their very nature this is quite untrue. They are the necessary precursors and facilitators of all well directed activity both physical and spiritual. The core quality of all three is awareness primarily of yourself and next of what surrounds you and then of the impact that you have on your surroundings and that these have on you. They represent the essence of sensitivity and of Love.

Consider these as being essential qualities of Our Father. Our Father has often been depicted as a wrathful and vengeful God by those who have projected their own qualities onto God. A God who is prepared to give his creation the gift of Free Will could not be such. Were God such a creator the human race might well be a ragged, tattered and motley crew by now.

Remember that you are journeying towards God and are in the process of developing qualities that God has. You are not expected to have them now but the perfect example is offered to you at every moment and we are beholden to maintain this way of guiding you. We love all of you in the way that Our Father loves all of us.

Take a break. Richard (from within the Celestial Spheres)

**The Three Great Truths:**

- **“God is Soul, being our Heavenly Mother and Father;**
- **that each individual soul is a finite individual;**
- **and that the Divine Love is freely available for all to receive.”**

### **SOULMATE SUMMARY of COMMENTS:**

This misleading statement has been presented to many: ‘You cannot progress further toward God if denying your soulmate, you need to long for both. If closed down to your soulmate you are closed to God.’

Two questions to be addressed by the above inaccurate statement:

Firstly, what percentage of the world’s seven billion residents are aware that they have a soulmate, let alone knowing what such a soulmate really is? What percentages of the world’s population have read the Padgett Messages, the Samuels Revelations, Judas of Kerioth Messages, The Richard Messages, and The Divine Universe? What other sources of information that do exist to inform the world’s population that they have another half to their soul and that they are only half of their created soul?

It would appear that a tiny fraction of less than 1% of humanity would have a reasonable understanding that they are ‘half a quid’ or ‘one half of a double yoker egg’, and that their soul has split into two. We each have a companion with who we may travel through time in the spirit worlds.

It is improbable that God would withhold His unconditional love from anyone who is yearning for His love, and specifically, for His Divine Love. In fact, He never withholds His love from those who ask.

If the above statement means that there are pre-conditions that may be in place before you can receive His Love, i.e., certain conditions of soul development; then the above statement is totally false, and shown to be false by reports from the ‘hells’ of those who have received the Father's Love while being there in the darkness of the ‘hells’.

There is only one requirement, and hence only one "block". That is, you must extend your natural love to Father, in order to be asking for and receive His Divine Love. In short if you can't love Him, you won't be able to start the process, and that usually means that you lack love for yourself at that time.

Provided you can find it in you, to love to some degree, you will have no problem seeking for, and receiving the Father’s Divine Love. You don't need to be in "Truth", whatever that means. We already know that a percentage of the world’s population has received the Divine Love. And these people would have all sorts of different beliefs and customs.

Secondly, finding one’s soulmate – should you know that you have another half of your soul out there – is literally impossible to achieve. Here maybe why.

Currently, worldwide each year we have:

- 130 million live births
- 44 million abortions
- 50 million or so miscarriages

224 million conceptions / incarnations per annum

6.5 million child deaths per annum. About 5% of those born do not make adulthood.

123.5 million of those incarnated make it to adulthood.  
 55% of those incarnated make it to adulthood.  
 45% of those incarnated do not have an adulthood life experience.

So, as you are reading this, then there is up to a 90% chance that your other half is in the spirit world. As it is frequently the case that both soul halves do not survive the birthing process, then this percentage will be more in favour of your soulmate being alive in the physical world.

Further, the two halves appear to incarnate within 7 or so years of each other, though that stretches out for some to 20 years and even 60 years.

Bartholomew told us in about the year 2000 that his soulmate was at that time still on Earth, and he (Bartholomew) had lived at the time of Christ.

So, your soulmate may not be of a suitable age to be your partner in this physical life. Further, your preference most likely is for the opposite sex, however, your life choice for a heterosexual relationship may be different to that of your soulmate.

HR (channel for Judas Messages) did channel that you can have a same sex soulmate and it has nothing to do with being gay. The Divine Universe information clearly states that each half of the soul incarnates into opposite sex bodies. Souls don't have sexuality. While it's debatable exactly what an un-incarnated soul has, it may have personality, or it would not be "individual" in any sense. It is individualization that constitutes incarnation and the creation of the personality.

Just to step back a little to the above statistics. For each abortion there are at least two adults involved. As there are 44 million abortions each year, then 88 million adults may be involved in that process. That suggests that two out of every three live births, that is 66% (2 in 3) of adults become participants in abortion.

Natural love and divine love, and indeed soulmate love are quite different energies. Soulmate love is not natural sexual love. Soulmate love is the strongest natural love that matures and continues with us into the Celestial Realms being beyond the 8<sup>th</sup> sphere.

Whilst here in the physical, your longing for your soulmate may best 'be for your other half', your spirit personality other half, not for a specific person in the physical world. A longing for the spirit personality, being the other half of your soul, may result in wonderful revelations for you.

'If closed down to Soul Mate you are closed to God.' If that were correct, then Judas got it wrong, and so did a few other Celestials. See this message: <https://new-birth.net/contemporary-messages/messages-sorted-year/messages-2001/soulmates-hr-24-sept-2001/> If this were true, then it follows no Celestial could ever reach the celestial without his/her soulmate, and hence there would not need to have any provision in respect of soulmates "left behind" as we hear is the case.

Humans don't create the attributes of the soul, the Father, the Source Soul does, just like the Father creates and forms each individual spirit body. For a spirit body to form, and for a soul to incarnate, and

a personality to be created, all these attributes are subject to greater Spirit Laws that can exact such incarnation and forming specific to the conception of a human being so that a personality begins to function.

Society might tempt us to 'want' – in our human life – to know who our soulmate is but as soon as the construct of natural love and Divine Love become known to us we also know then that the soul is subject to the greater workings of Immutable Spirit Laws that cannot be interfered with or manipulated by mortal or immortal personality or egos and wants to suit our selves.

The Divine Love is the perfect economy for the soul to mature and the Father, First Soul has the perfect economy for creating finite souls. Instead of having to create billions upon billions of individual souls, the Father forms one that then becomes two, a unique Spirit Law causes the soul to separate into its two perfect natural counterparts. Your soulmate is potentially your companion for all eternity, but not necessarily so.

We are not likely to recognise absolutely who our soulmate is until we are in a condition of love equivalent to the 4<sup>th</sup> or 5<sup>th</sup> sphere state, however this doesn't prevent us from having a longing for, or a desire to meet, our other half, or more appropriately, to connect to our other half. Those who progress to 4<sup>th</sup> or 5<sup>th</sup> sphere condition may most likely then are able to recognise their soulmate even if they are still in the flesh. It seems odd that God would make us as two halves of a whole and then not want us to recognise each other when we are in the appropriate condition of love.

The entire soulmate concept has nothing to do with THIS physical life. It's a device for the spirit spheres pure and simple. You will recognise your soulmate, as and when it is appropriate. That is, after you have passed over. If you are privileged to meet your soulmate here, that's all it is, a privilege. It's very possible you may find such a person unattractive, or of a sexual preference that causes you a problem should you be persistent with the false belief that soulmate love is the same as natural sexual love.

It is a great celebration when one does connect up with their soulmate and it is our great desire that such an event occurs sooner than later. Enjoy the journey.

**The LAW of ATTRACTION and INCARNATION:**

Received by Nicholas Arnold, 11<sup>th</sup> May, 2006

Hi Nicholas, I am with you now your loving Celestial friend, Caspian Fontana. I am writing to you regarding soul's existence prior to incarnation. I will write a little with you on this subject this morning.

The Father creates the soul that eventually becomes two as it were, and these two attributes incarnate respectfully into a masculine and feminine existence on Earth. One need regard the soul's journey in four parts. The creation of its existence by the Father's Soul; the moment before incarnation; the souls' physical existence on Earth as a man or woman; and lastly it's life in the spiritual heavens in its spirit body.

The action of soul prior to incarnation follows a Law created by the Father, the Guiding Soul who enables the soul's existence to be in the first place. This is the Law of Attraction and Incarnation. The Law of Attraction and Incarnation exists so that created soul actually do incarnate. For if this Law did not exist, and then incarnation may in fact never transpire. The Law of Attraction and Incarnation is the Father's Way of ensuring that the created souls progress into life here on Earth with harmony. The souls prior to incarnation have no control over where they incarnate, they simply respond as it where and incarnation happens. The remarkable thing about this is that people all over the world have sex and babies are created and so the souls incarnate responding to the Law of Attraction and Incarnation. The souls do not have a decision of incarnation for if they were to pick and choose in a selective process for themselves to begin their life from a freewill decision, then this would ultimately bring disharmony into the Creational Sphere where *Pre-Incarnated Souls* exist prior to incarnation and would be contrary to fulfilling the Law. You can well imagine, the condition created if souls were freely able to choose a life incarnate for themselves. Souls may simply decide not to incarnate so when people have sex, and the makings of a life is conceived souls may simply refuse to incarnate based on their decision, and what would transpire would be the problem of conception without souls incarnating, which is impossible.

All of this is one of the great mysteries of life between Father created souls and the mortal life of people, for you have the perfection of the Father in all harmony creating souls then have their existence in the Creational Sphere that are perfect in attribute acting in accord with the Law of Attraction and Incarnation and then you have the seemingly random and all-over-the-place-ness of human activity in relationships that result in conception and are so mortal in action that how would all that which I have just explained be so, but it is true.

Even if two people conceive a child in the most horrendous of living conditions or have illness and so forth, the Law of Attraction and Incarnation still comes into effect and the pre-incarnated soul in the Creational Sphere responds and becomes part of that conception and eventual life in the physical. The soul is made of soul and is not physical so it can inherit the space of the physical very easily just as the developing spirit body is created in the physical. This reveals the fantastic creation and workings of the Father to see soul, physical and spirit all together as one individual in one place at one time. The drama that is experienced from the mortal view point is that souls are being incarnated into conditions that seem contrary to the harmony of Love and souls are being subject to the actions of people that seem contrary to the workings of Laws created by the Father, however, people are souls themselves and even though disharmony may bear fruit, the Law of Attraction and Incarnation still comes into effect and is

not subject to mortal causes otherwise the relationship between people and souls to incarnate would be fractured and cause a greater disharmony,

This makes one realise why people need to respect the creation of life and understand their shared responsibility of the creation of life and the Father's creation of a soul, and in this, when Divine Love is involved eventually the soul understands its journey and harmony of need as reflected here in the Celestial Heavens.

Caspian Fontana, Celestial Heavens.

**WE are INCARNATED with Natural Love, but not with Divine Love:**

**We are conceived with natural love, however, we are not endowed with anything of the Divine. While we are without anything of the Divine, namely Divine Love, we can grow our natural love attributes and progress to that of being the perfect man whose lodging is found in the 6<sup>th</sup> Sphere. We do not have immortality without having received Divine Love.**

**Natural love radiance is very different from that which Divine Love brings.**

**The two loves complement each other, bringing about greater harmony.**

**When we become aware of the presence of Divine Love and subsequently ask for and then receive the Divine Love, our soul steadily starts to change to that which is Divine and we achieve immortality. This is the Immortal Choice that we can make whilst here in the physical or later in the spirit world. Once we add Divine Love to our being, we continue then with the two loves, that of the natural love and also that of Divine Love. As we continue and receive Divine Love, our soul condition progresses so that we may eventually enter the Celestial Heaven, 8<sup>th</sup> sphere and above, then progress further to enter the Eternal Spheres and then the Spheres of Paradise.**

261. *Jude on Life*

17 – 18 January 2013

Hello and good morning. I am one who studies the mind and how it works. It has been my observation that as the Divine Love transforms the spirit body, the mind adjunct of the personality is also transformed. As an attribute the mind is concluded in its definition, form, and image like any other spirit body sense and attribute. Each aspect of the spirit body senses and attributes are organised in their proper place according to the forming of the principle-mind attribute that acts as the premier consciousness in the individual. There are detailed workings as to how the total consciousness of the life that is human and mortal is organised in the spirit body, and like the human brain, the spirit organ that acts as the spirit-brain is located in the head of the form of the spirit body.

This organ in the spirit body is *spirit energy* that has solid form and acts just like the human brain only this attribute can vary as the conditions of the soul and the spirit body change. Our environments are spirit-energy-material sensitive and so the forming of the spirit-brain, as I call it, forms so that one can immediately begin to identify with the new spirit surroundings when one enters the spirit world as a newly arrived spirit. In most circumstances the personality has already had time to develop and so the spirit body and its systems have developed accordingly during a person's human life.

When a person commences a spirit life, human experience is already a known thing to the individual. Obviously some individuals enter the spirit world in their infancy or have such involuntary disabilities that may impede cognitive experience and human awareness so that experience has condition to it. In all variations of human diversity, the adjustment phase upon one's entrance into the spirit world is the critical period of transition. The senses and attributes in the spirit body become active when the personality moves from their physical life and the conditions of the human body no longer dominate the personality, or the personality no longer dominates the human body.

An example that I choose to give is a common one: the person has memories along with active physical senses in the physical body. Suddenly as if no time has passed at all, and a human death has occurred and transition happens, the individual in their spirit life still has their memories and the experience of their physical senses and attributes except now the location of their life has changed and these attributes have changed location now functioning in a spirit body and not solely in a physical body. The personality with all its attribute has changed environments. The human body and the organic environment of Earth have been exchanged for the spirit body and the spirit environments of the Sphere. The spirit body takes over the personality, for it is in control now. This needs to be, for the personality and attributes of soul that forms part of the personality in order to survive physical death.

The spirit body commences its forming as soon as the soul incarnates at the time of a human conception. The spirit body and its systems have already been part of the personality during a person's physical life and so, when one is living in the spirit world these systems need not be created for the systems of the spirit body have already been originated in their potential and form for spirit living, when the soul incarnated and began life in the physical body. Even when the human is without any awareness of the spirit body, these systems are primed and ready and functioning so that the personality and its attributes of experience relate with the spirit body and are fit for survival after physical death.

Once one adjusts through these early stages of spirit living, the personality is integrated into the spirit body and these new spirit senses come to life, seamless in forming and acting in the personality. This be said the same for the mind attribute and its function in the spirit body personality. So perfectly modelled are the Spirit Laws formed by God to ensure that this phase of an individual's transition into the spirit world happens without disturbance, interference or disharmony in the reconstitution of the personality from the physical body, to the individual spirits life now living in their spirit body. This is what the identity of death actually is, why it happens and why death is a required part of living. Humans do not live on the face of the Earth forever. Our experience has a finite conclusion with a continuance of life in the spirit world. Death provides the time that God's Spirit Laws safely integrate the shifting of each personality from their human living to their now spirit living.

From God's perspective, these workings were set in place before or prior to the first attribute of soul incarnating and the first mortal personality formed in soulful physical nature. And so, whilst what I am explaining sounds new the truth of the fact to these workings have been a reality for thousands of human years. Although human culture and social beliefs, experience and awareness has changed with the years, these Spirit workings and their act at ensuring the correct passage and survival of the individual personality from the human experience into the spirit experience have never changed or been altered to work or function in any other way.

The whole human body doesn't need to be reconstituted upon the completion of its life and immediate living in the spirit world, only that part of the individual that can function in this spirit environment needs to survive and this part of the human is the collective attribute of the personality which includes the attribute of soul. Most of the physical body remains to the Earth and its decomposition according to the social culture of its day. I say most because, aspects of the personality are influenced by the physical body and one has memory, and memory of their physical personality and so, whilst there is no physical evidence of the physical body present, most can remember and have memory of their physical body now they are in their spirit body. A human life is soul first, then spirit body, then human body. Of course all three attributes compose one individual finite personality. From my perspective living with the Immortal Love, I have learnt that everything human is soul and this is demonstrated in the condition of each soul reflected in the spirit body and the personality of the individual upon the commencement of their living in the spirit world.

God is Soul and Spirit. This is a brief description of the most complex individual universal creation ever formed. For the purposes of this work, this description is more than adequate otherwise we can become lost in the detail. Truth of it is that one could write on a page that lasts forever about the nature of God and still there would not be enough ink in the world to fill it. God has other mortal universes going on in other places and the same Immortal Divine Love that is present for us is present to those mortal personalities. There is only one Immortal Love that serves every single finite mortal personality, and for good reason! The economy of God reveals perfect nature and because there are many formations of mortal personality in their own universe, this doesn't require unique Immortal Loves to exist to fulfil the potential of us all.

The attributes of the human personality are spirit body fit. The attributes of the spirit body are soul perfect. And, the attributes of each finite mortal soul encompass the spirit body with its attribute and the physical body with its attribute. The determining principle in the way the Spirit Laws work at the time of transition of the personality from the human world into the spirit world act in accord with the soul and

not with various other intrinsic aspects of information and experience. In a snapshot of vision, God works from Soul in accord with soul and from this fundamental position, which includes the most telling of Spirit Laws, all other Spirit Laws that act with the spirit body and the physical body must follow in accord with these greater soul Laws. Quite literally, God the Soul takes or brings each human soul across The Great Divide of human death and birth into spirit life whilst perfectly integrating, maintaining and sustaining the attributes of personality in the spirit body and establishing the spirit body fit for spirit living so that when the individual awakens in their awareness that one is alive it is complete and yet each person is unaware that such a soulful journey has happened.

A human death marks the end of a soul's capacity to survive in that environment and so, a transition must take place or something must happen, or else the attribute of soul that is incarnated would be compromised in its continuance of life. Fortunately this doesn't happen. God has ordained it to be that each soul continues to live and for this to happen, a transition of environments takes place.

If there has been a disturbance in the mind when one was human, and if this disturbance was involuntary then the mind is reconstituted between the spirit body and the personality to a normal function in the spirit world. If the mind attribute has a disturbance due to an affliction placed upon it that deformed its form by the voluntary nature of doing something to one's self or having one thing done to one's self by another, then, this cause of disharmony can create compensation which one will need to make amends for. And so, in the transition of a personality from the human world into the spirit world, the Spirit Laws in their workings will not co-mingle to negate the Law of Compensation, which after the reconstitution of a life into the spirit world, the personality may be subject to this Law of Compensation. There is no confusion to this although the Law of Compensation does not come into effect until the greater Laws have acted upon the soul in the time of personality transition from the human world into the spirit world.

And so, it is with these Spirit functions that allow for the personality to continue its existence in the spirit living in the spirit world, by no other means does this happen. I along with all of us here can see how, what I am explaining works because we have survived our physical human lives. Obviously, when we were living as people in our human experience on Earth, I along with most here had little or no idea about this experience of such intrinsic functions and their workings that ensure individual survival in a life after death. Now, we do know in our living proof of this survival, and we can look back on our human lives as spirits from our position of knowing our once unknowing of such things. I have learnt and can see how death is vastly important to the survival of the personality.

Are people meant to know about such realities? This is an individual concern, for such reality to become commonplace in the human world would mark a significant shift and change in the collective human world of experience and awareness. For those who do explore the afterlife and are seeking genuine answers in their experience, these works will certainly help adding a clearer picture so that one might have clearer vision on the nature of such spirit workings and how the soul, the spirit body and the personality form the image by which one can then move forward in their quest to identify the simultaneousness of these two existing environments – the physical human world and the spirit mortal world – and how they interrelate with one another.

There is no doubt that from my observations observing people who are aware of the Divine Love, that one relates this Love as being other than human-made, though made for the human soul. As far as I

have seen, we who know and live with this Divine Love in our lives take a keen interest in how the experience of Divine Love transpires in a human experience. It gives me good delight that most who enjoy and participate with this Love recognise its true Spirit value and potential. The Divine Love comes from the Soul origin, God and I see, most agree on this and this be the Truth as to the origin of the Immortal Love. Also, most experience or see the Divine Love as a truth of spirit and soul and so by being aware of this Love one feels that they are in touch with a Truth that becomes part of one's soul nature therefore this experience places one in touch with their spirit-nature which in turn causes one to recognise that there is a life living after human life and that a spirit world and spirits exist. It is important to recognise that spirits were once human ourselves! And that even though we selectively choose – as you do – to participate with God and involve our selves in the experience of the Immortal Love, that we here in spirit visibly see that the Divine Love still has Its origin in God the Soul and that a Divine Love experience doesn't end by one being simply a spirit in the spirit world.

I like to observe with discretion how the experience of Divine Love in a human life and so, I am fascinated at how people experience this Love and learn about Its nature when clothed and immersed in their physical body. I have learnt, as many of us have, about this aspect of living with the Father from people's human experience. I never judge another's experience for I have seen how individuals judge their own experience as they hew out their destiny with God. Most people in their Divine Love experience have very little contact with Celestial spirits or can perceive the reality of how the spirit world works. I have the advantage of seeing what people cannot see and I know what most deem as unknowable on how the intrinsic workings of the Spirit Laws function with the soul, spirit body and personality. In no way does one's inability to see and converse with Celestial spirits belittles the experience of one who is endeavouring to embrace the Immortal Love in the trials and tribulations of their human life. To me and to all of us here, there is no separation of experience, for we know that the Divine Love present and available here and wherever mortal souls experience life and so, each unique environment perceived by us as being an equality and part of the great forming of environments in which God has enabled mortal nature and Immortal nature to live and experience Love and Spirit in.

If a person struggles in their experience of integrating, identifying and accepting the Divine Love and Its origin, Celestial spirits understand this and I admire one's persistence of faith as one may continue to doubt the actual validity of what they are doing by trying to accept an invisible Immortal Love into a soul that one hardly knows to be the true individual nature of ones' self. I like how the nature of God is explored, by those who recognise God's universality and how a personalised experience in the Love, the Divine Love of God inspires or settles one's heart and mind.

The only thing I don't like to see in a Divine Love experience is when one who has experienced the Love and found the Truth of It then by reason of their own desire for self-importance in the deceit of power, manipulates other people to suit one's self so that the individual error is then confirmed as a truth and deceives people who are honestly and sincerely trying to find the Immortal Gift, the Divine Love and to learn of Its' related truths. Anyone who does this, and there are those who have, there are those doing this and there will be those who will, will pay a heavy price in their compensation that will be collected by that kind of individual when they commence their living here in the spirit world. Even when living with the Divine Love no human escapes the Spirit Law of Compensation. It is an error for one to think that simply because one is with the Divine Love and one has this awareness as one is living among people who have yet this awareness of the Love, that the one with the Love has more authority and power over another by imposing themselves simply because one knows a Divine Truth when the

other lives solely in their natural truth. The Celestial teachers go to great lengths when teaching us about the correct way of introducing the Origins' Love and how this Love might be obtained. We learn so that in our help to create this awareness of the potential for this Immortal Love, we do not commit an error when teaching or introducing the Love.

It must be said there is a responsibility living with the Divine Love. And, living with the Love ultimately teaches one self-respect and universal responsibility. This is visible here in the Celestial Heaven and from this universal responsibility comes great vision and freedom. If you look at life on Earth everyone is on the way in their learning of how to take responsibility for one's self or another and, for the environment they live in even though this experience is often immersed in complete irresponsibility. The choice for Immortality can never be taken for granted, treated lightly or highly underestimated. Where would the world of man and spirit be if it were not for God?

This has been a well-received message, thank you

**The DIVINE UNIVERSE:**

***179. The Nature and Stages of Fusion***

17 December 2012

In our writings together in this collaboration we have introduced much experience on the nature of Divine Love. We have conveyed vision and experience to the best of our knowledge and to the best of how our spirit-communications have facilitated this dialogue. We have tried to convey workings of universal Love and Spirit to the best of our ability that dovetails into extending the nature of personality, all of this in the view that the essential truth is always one's relationship with the Soul, God, in faith, love and the Divine Love.

This work first commenced with the life, the human life of Jesus, then continued with the spirit writings of James Padgett. Our current work introduces many themes situated in potentials, harmony and Immortality all the way defining the nature of a mortal personality comprising of its attributes and to illuminate the soul and the spirit body. We have established that the forming personality survives its human life and continues its existence in the mortal spirit world. We have defined what the mortal spirit world is in its function. We have written and communicated from our experience having lived in Divine Love and with your assistance, we have been able to give wide breadth of vision to this work so that another may derive insight, spirit illumination, vision, potential, thought-provoking information and, for one to find solace in. Above all, it is our hope that these works demonstrate the reality that the Divine Love is real along with the attribute of mortal soul and the mortal spirit body, and it is from the understanding of how the personality comprises of these two attributes provides a unified vision of the human experience and Earthly world with a spirit's experience in the spirit world culminating and accommodating for the same outcome, which is an acceptance of the Soul, God.

I desire to write on the *Stages of Fusion* a mortal personality experiences when the attribute of soul and spirit body form the individual.

The formed image of the attribute of each unique soul begins with its creation. The originator and First Source of all mortal life, the Soul God, commences a mortal soul life by forming a complete soul. This mortal attribute upon its creation and upon its advent into the Pre-Incarnation Sphere where it awaits incarnation into a human life is subject to a single act upon it as the first stage of fusion. A single Spirit Law that only exists in the Pre-Incarnation Sphere acts upon God's Spirit Will and divides each complete soul. The soul then becomes as it were two distinct and separate attributes or parts and in each part the whole attribute and potential for the receipt of Divine Love and imminent incarnation for individualisation plus other potentials form a complete part of each part of the complete soul. **This first aspect of Fusion** is to actually separate and not to bring together.

The two distinct parts of the complete soul reside in this Sphere until the imminent approach of incarnation. When incarnation occurs, each part will incarnate into one of each human sex and never shall these two independent parts incarnate into the same sex. There is a very good reason for this. When one is aware of the potential of Divine Love and the possibility for a Celestial soulmate companionship, then one understands why it was necessary for the complete soul to fuse apart and form two distinct attributes. Each attribute will always remain independent in the forming of their unique mortal personality and derived human experiences from a human life. Never shall these two distinct attributes incarnate into a single forming personality. I am also aware, and you have written an account

of this before, that each attribute of soul in this Sphere does not have as part of its original forming, any personality other than its attributes and potentials which means that any self-determination or voluntary decision to pick and choose or to select a human life is absent from the soul when the soul resides in the Pre-Incarnation Sphere.

Humans, mortals and Immortal spirits cannot influence the attributes of soul in this Sphere. The Pre-Incarnation Sphere is in God's jurisdiction alone and only selective Spirit Laws act in this mutable and comfortable environment. This Sphere is not a hallowed environment but a Sphere that is only visible to the Eternal Eye of the Soul, God. We have discussed at great lengths the reality of this Sphere because we understand the importance of our beginning. This Sphere is part of our heritage and it is from my and other Celestial spirits' perceptions that we are able to ascertain an image of this Sphere from the Father. It does not surprise us if a person does not believe us. The visibility of soul is near-next-to-nothing in a human experience, so then why would one see the truth of what I convey?

Nonetheless, a mortal soul life needs to begin somewhere and has to begin somewhere and so, it might as well be in a place caused into existence by its originator and nurtured and prepared for what will become **the secondary stage of Fusion**, the beginning of a human life.

Do all attributes of soul exist in the Pre-Incarnation Sphere in one time at one place waiting for incarnation? Has God caused into existence every attribute of soul that will ever incarnate and that will become the whole history of humankind? All these questions that we ask about the advent of a human soul and the environment it begins in, lead us to gather more information into this unique part of universal creation. It would not surprise me in the least to know that God has caused every single attribute of soul to exist prior to the first mortal personalities that commenced the human race. I know for a fact because I reside here, that the entire mortal spirit world including the Celestial Heaven had form, image, working and structure before the first mortal personality arrived here after the death of their life wearing only their spirit body. If God can cause the entire mortal spirit world into existence before a mortal personality has commenced living the first human life, then, to originate all attributes of soul that exist in a Pre-Incarnation Sphere is an entirely possible thing for God to cause into existence. Humans, mortals and Immortals simply don't have the power or resource within our selves to cause such universal and far-reaching realities into existence. This is why the Divine Love is such an integral part of universal life, for it is the only substance and energy that we can individually experience that is part of the universal originator, the Soul God. This may add a new aspect on why it is significant that one may participate with the Divine Love! It is a given that people and spirits can experience – and do experience – God in aspects of universal attributes though I must qualify that only with the Divine Love, will a mortal soul experience the Soul, God.

**The secondary stage of Fusion** is simply defined by the incarnation of the finite attribute of soul to acquire a spirit body and living attribute of personality, which commences the finite soul's individualisation of mortal life experience. This secondary stage is inclusive of the conception of a human being. The entrance of a soul into the physical and material world is a dynamic fusion culminating with various attributes forming the individual personality. To provide you with an image of this dynamic, a specific Spirit Law acts to form the spirit body, another Spirit Law acts to exact the soul into the spirit body and another Spirit Law specific to the adjuncts of mortal personality act to exact the now forming personality to its position of the soul and the spirit body and the human brain. Also, the physical conception forms part of this fusion insofar as the fusion of genetic information from two

separate sources, a sperm and an egg. This is a simplified image though it is enough so that one may gain a perspective on how these attributes culminate to form a human being ready for life, ready for the afterlife and ready for the potential to experience the Immortal Love. There are physical conditions of a voluntary and involuntary nature that form part of the physical being. The main thing is that the spirit body is formed so that the expectation of a human life in terms of its age, will not compromise the now formed personality to survive its creation.

**The third stage of Fusion** in a soul's life is its transition into the First mortal natural spirit Sphere. This stage is defined as the ending of the physical incarnation and the beginning of life in the spirit world. The spirit body acquires the personality in all its attribute and specific Spirit Laws act in their assistance as the physical body falls away from the spirit body and the spirit body takes over as the place and environment that the attribute of soul and attributes of personality now reside and function in. This is an *act of fusion*, for the personality being subject to a greater Law, is exacted to the attributes of the spirit body complete with function and attribute and cognitive experience in the individual's now spirit life. The exacting nature of this Law ensures that no splintering or aspect of the personality is left behind or lost in translation. This is really important for memory and other identifiable aspects and information pertaining to a human life lived. If a human life passes into the mortal spirit world before the individual has any cognitive functioning or capacity to be cognitive, this does not determine any other outcome to the soul other than the personality continues to survive in the spirit body and continues to mature in the First natural spirit Sphere.

This secondary stage is inclusive of each incarnated soul and of every human being, for this forms the natural soul system of individual personalisation of experience in natural love.

**The fourth stage of Fusion** involves the Divine Love. This can happen at any time during the natural life experience of the individual. The fourth stage involving the Immortal Divine Love happens when the Divine Love enters the attribute of the soul for the first time and the attribute of mortal soul is now confirmed as living with the Immortality that this Divine Love provides. The Divine Love, having entered the soul, fuses with the soul and the perfect causality of the Divine Love in its cause-effect becomes part of the soul and can never be extracted from that soul nor can this process of Immortality ever be reversed. There is simply not in existence, a Spirit Law that can reverse this fusion and this is why the choice for Immortality is so unique for the individual to make.

Now that the individual has experienced the Immortal Fusion with the Divine Love in their soul, **the fifth stage of Fusion** transpires when the individual progresses in their experience of Divine Love as it transforms their natural love and the necessary changes happen that arrive within the soul condition of the individual to be of Celestial soul quality. Any necessary compensation will have taken affect and the human life or natural mortal life will be with sufficient harmony in the Divine Love to enter the Celestial Heaven. One is now infused with their universal life and the awareness required, to live in the harmony with God no longer illusive to the individual in a solely self-determined mortal life. Without the infusion of the Divine Love in the soul, no Immortality can form in the soul and the soul remains in its natural life experience to a greater or lesser degree of harmony in its condition of natural love.

All the way along these stages of fusion, experience – if it is progressive – infuses the personality with more experience and this allows for more attribute of personality to become functioning and present

within that individual. There is no greater example of this than when the nature of awareness becomes active in the personality from a faith in Divine Love experience.

**Stage six of Fusion** truly demonstrates how the personality is infused with extended attributes of mind-spirit function as the individual progresses from the Celestial Heaven and enters the Eternal Spheres. The individual is infused with Love and Spirit that provides the personality to see the difference between that which is Immortal with all that is Eternal. The individual always remains finite and is never infinite in their condition of soul. The individual residing in the Eternal Spheres is now universally fused with the Eternal experience of the First Source.

**Stage seven of Fusion** of individuality is the transition from the Eternal Spheres to the Spheres of Paradise. Through the experience of Divine Love one has gained their Immortality and progressed through the Celestial Heaven and then to gain an Eternal perspective on the nature of God, as being universal and eternal. In the Spheres of Paradise the individual is now fully fledged in their union with God and can travel around the entire soul Sphere that God is and resides in. The confirmation and completion of all these stages of Fusion happens in the last Sphere of Paradise when the individual can visibly see the image of all that was previously unseen, the Soul, the Eternal Soul and First Source of the individual's creation. Having seen the Eternal Father, the personality of the individual is deemed as being, *perfect* and still in this perfection, one can gently ask for a drop of the Immortal Love.

This concludes my message on Fusion. It is a potential to understand the vision that I have just written and it is a true vision for the Divine Love reveals it so. The wonderful thing is to see how durable the three natures are: the soul, the spirit body and the human personality and how these three components form the destiny of each individual.

Thank you for taking my message.  
Your Celestial friend,  
Luke

**NATURE and STAGES of FUSION:**

**Seventh stage of Fusion** of individuality is the transition from the Eternal Spheres to the Spheres of Paradise. The individual is now fully fledged in their union with God and can travel around the entire soul Sphere that God is and resides in.

**Sixth stage of Fusion** truly demonstrates how the personality is infused with extended attributes of mind-spirit function as the individual progresses from the Celestial Heaven and enters the Eternal Spheres.

**Pre-Incarnational Sphere:**

**First stage of Fusion** is the separating of the soul into two, each soul half being complete on their own.

**Fifth stage of Fusion** transpires when their natural love changes and one's soul progresses to the condition to be of Celestial soul quality, one enters the Celestial Heaven.

**Fourth stage of Fusion** involves the Divine Love. This can happen at any time during the natural life experience of the individual. Happens when the Immortal Divine Love enters the attribute of the soul for the first time, either when in the physical body state or spirit body state.

**Second stage of Fusion** is simply defined by the incarnation of the finite attribute of the soul to acquire a spirit body and living attribute of personality, which commences the finite soul's individualisation of mortal life experience.

Spirit body →  
Soul →

**Third stage of Fusion** in a soul's life is its transition into the First mortal natural spirit Sphere. This stage is defined as the ending of the physical incarnation and the beginning of life in the spirit world.

## **The Gabriel message from The Golden Leaf, Awareness of Divine Love Messages**

Received by Nicholas Arnold. Melbourne Australia

I am here to present this important message to clarify the relationship between Mary Magdalene and Jesus being soulmates. This is an untruth that has been perpetuated and now my role is to shine the light on the truth to give clarity on this subject. If my tone sounds quite unique it is because I have not experienced a mortal incarnation and my form is as it has always been, ever since my creation by the Father. I do exist and I do know Jesus and I have helped in the service of the mortal realms although my own incarnation is my existence as a spirit and I will not ever incarnate as in the natural course of a mortal soul's life.

It has been revealed by Jesus in his teachings that a soul is duplex and has a soul-mate and that this soul-mate is the true counterpart of each other upon creation by the Father. This is correct. When Jesus' soul was created by the Father his soul was created as a unique and independent soul that did not have a duplex nature and so, his soul was not created to have an immediate counterpart. Although Jesus incarnated to commence his mortal life in the way in which all mortals do, his soul possessed within it a spirit bestowed into his soul, being the Spirit of Truth that was his counterpart and was given by the Father. The Spirit of Truth was also conferred upon Jesus to liberate this Spirit for all mankind and spirits alike to have access to the Spirit of Truth. The Spirit of Truth is more readily known as the Christ Spirit, or Christ Principle. The Spirit of Truth, the Christ Spirit is not the Divine Love of the Father and like the Holy Spirit has its distinct operations that work in accord to the Law of the Father upon which they were created for their function and purpose.

Jesus the soul and Celestial spirit can only be in one place at one time as he is finite, as all created souls are. However, the Spirit of Truth from Jesus on behalf of the Father can be in all places at all times. This is the same for the Holy Spirit and Divine Love for all souls in the mortal world and in all the Spheres can all receive the Divine Love by the workings of the Holy Spirit and also can participate with the attribute of the Spirit of Truth that activates a soul into learning about the perceptions when living with Divine Love. The Spirit of Truth also helps a soul to relate and understand the true nature of Jesus in context with the Father. An individual can receive the attribute of the Spirit of Truth however, only Jesus when on Earth was the living Christ and no mortal can become or take the place or assume the place of the living Christ for the Father only bestowed the Spirit of Truth as an attribute in the mortal soul of the beloved Jesus.

For Mary Magdalene to be the true soulmate of Jesus her soul would have the Spirit of Truth within it upon her creation from the Father. This would infer that her role was equally to teach and liberate the rebestowal of Divine Love to mankind as Jesus did. Mary did not; her soul was mortal and has its own counterpart and mortal soulmate that she is with now. Mary like all other mortal souls receives the Divine Love in the way that Jesus taught and has progressed into the Celestial Heavens through the workings of the New Birth and activity of Divine Love in her soul that she has received from the Father. The only two soulmates that were bestowed with the same spirit in their soul were the First Parents. They did not possess the Spirit of Truth within their soul, their spirit bestowed into their soul was unique and to act in the procreation of man and to teach Truths pertaining to the Father to establish a framework for mortal experience that was Father inclusive and to nurture and to guide these beginnings of life.

When Jesus experienced his mortal life he had a natural attraction for Mary Magdalene, however this

relationship did not become anything more than this and remains this way to the present day and in the Celestial Heavens. Jesus, having a mortal personality and even though he was a beloved soul of the Father, his natural personality in the due course of life was naturally attracted to other individuals in the way in which people are attracted to one another. Mary committed her life to following Jesus and loved him all the way and has never left this love behind. Mary has helped many in the Natural Spheres find the Father, however in her Celestial home she lives with her soulmate and although she visits with Jesus regularly they do not share a soul-mate union.

Thank you and this message is of great import so that the light of understanding prevails in the accord of Truth.

The spirit, Gabriel

As I have previously stated, I along with Saleeba will guide and orchestrate proceedings on this side so that all goes well in the delivery of these spirit communications (The Divine Universe messages) that are now to be conveyed to you.

I can see that you are asking me if Saleeba is my soulmate and Saleeba is not my soulmate, though she is deeply touched by your question. The Soul of the Father is my soulmate and Eternal companion. There is no other mortal personality that is connected into my life as being the other half or attribute of my soul. Humanity in all its entire experience is also my soulmate. I serve humanity and by doing this I serve my Heavenly Father and together in this service, we teach, love and help the individual. Saleeba is with her companion here in the Celestial Heaven, though she has not written to you on this subject of her true love and Celestial companionship. I stipulate again that The Father is my soulmate though I am not equal with the Father. I continue my progression like all other individuals do in the harmony, the Immortal harmony of the Father's Divine Love. In my forming from the First Source, I was not formed with another part to my being soul, as has been described to you in previous works on how soulmates are formed. I need to say that I am without an equal mortal or Immortal companion. It displeases me when people contrive all manner of relationships that I am supposedly to have had. I am not equal with the Soul God and for this matter no mortal or Immortal soul will ever be equal with the Soul God, for the First Source remains *unequaled* without ever having to justify this Eternal position to a mortal or Immortal personality.

When one experiences the Divine Love and through the workings of this Love progresses into the necessary rapport with the Love and Its workings, one is revealed to their soul that God is without equal, for no finite personality has the control or can ever take control of the activity that is God's Divine Love and so, the First Source can never be controlled by or dictated to by any other finite or universal personality. The First Parents found out this universal truth the hard way.

I have formed close relationships with individuals especially with those who work and serve along side me as we establish the universality of God, the Soul of God, of God's Divine Love and the Spirit that convey the Love into the soul, and the awareness of all that the experience of the Immortal Love provides to the individual.

I still see my mother and father, my immediate family and my relatives as they are all living close to me in the Celestial Heaven. They know my place and service in my universal standing. I see and work along side those who lived closely with me in my human life and all together we serve the Father by establishing the universal awareness and potential of the Immortal Love and teaching those who have accepted their life in this Immortal Love.

I know that many people would like me to be many things and want me to be in many places and images of comfort to them, which I whole-heartedly understand. A love for me is born from the greater need of one's soul to love and feel one being Loved personally by the same Father who Loves me. If one can love me by loving the Soul, God, and immersing oneself in prayer to the Soul God for the Divine Love, then shall the truth of my life in all its truth, liberate and love one in their faith whilst the Father Loves

one in their soul. When one experiences the Love, then, shall one know not only the Immortal Love but the Immortal living Truth with regard to the purpose and meaning of my life. In this living faith in Divine Love one will be able to know see and feel that I am living, living in the same Divine Love that one in their faith has whole heartedly accepted and experienced.

Only God has the capacity to love us all equally and personally that fulfils the heart soul and mind and, a perfect loving that fulfils the need of individuality. There are those on Earth, who by them selves have accepted and embraced the Divine Love that I speak of and are living in their Immortality as I write this. Experiencing God's Divine Love is a simple thing to do. That is why my teaching about this Love is universal and can be understood by every living heart and soul whether one is living on Earth or in the natural spirit world.

Well my friends, I have enjoyed writing with you again. Let us all continue in this good work bringing to light the awareness of the Divine Love.

Jesus of the Celestial Heaven

### **The true soulmate of Jesus. (Jesus' soulmate is Mary Magdalene)**

I am here to present a message to shed light on Jesus' relationship with the Father. The perfect soulmate for Jesus is the Father. The Father created the soul Jesus, without a soulmate which differs to the way the Father creates all souls that are to become mortal once their incarnation on Earth has transpired – this teaching is entirely consistent with the work that was conveyed through James Padgett. All mortal souls are created in the image and potential to be at-one with their soulmate in Divine Love. What was not revealed in the work with James Padgett is that it is in the Father that all of Jesus' soulful needs are met. Jesus is so close to the Father and in the Father's Love the soul of Jesus abides and this is very evident when one has the pleasure of meeting with him.

Jesus has his own residence well in the Sphere that is well into the Celestial Heavens, and it is from here that he moves throughout the Spheres to teach and introduce the Divine Love of the Father. Jesus is not the Father although in his soul he is so at-one with the Father and in the Father's Soul and Love, Jesus receives all that is necessary for his spirit life and purpose and progression. Jesus knows more than any other living soul about the Divine Love and Its workings in the soul and he is still receiving this Love and learning about the Father that he and we all love and share in. There is an element within Jesus' soul that responds so comprehensively to the Father and this commitment fulfils his soul and he stands alone as a mortal soul in this Truth and way. Once again, it becomes very clear when one works along side

him that there stands no other and to no other mortal soul is he committed to in the way of a soulmate and like other mortals are.

It has been previously mentioned in this work of awareness of Divine Love, that he is entirely approachable and he is, and one can feel the presence of the Father Eternal with him and this presence is always very well received by those who have commenced their New Birth with the Inflowings of Divine Love. We all know that he knows more than we know and he holds no secrets when teaching. If a spirit asks a question, he will try to provide the most appropriate answer so that the inquiring soul can learn more about their own personalised relationship with the Father. Jesus knows that the more Divine Love is known and related matters concerning is known to others, then the Father is more widely known and this makes him happy.

Jesus in his spirit body is a glorious Celestial sight and he will never incarnate into the mortal flesh again. Those who believe such a thing possible and those who believe an individual who believes such a thing possible are in error to the teachings of Jesus, for as he taught, once a soul is confined within its spirit body, it is impossible for that soul in a spirit body to incarnate again. Important in this is love, and many people like to know that in their future they may meet up and see loved ones, who live as spirits and this happens. The personality of an individual is always retained to the soul and the spirit body reflects this personality and love.

In the Father's Soul in the Divine Love of the Father, Jesus is at-one and this Truth is known throughout all Divine Love Spheres and he continues to help souls learn and become aware of Divine Love so that each may enjoy the Father's Soul.

Thank you for this opportunity to convey this message of Love,  
Your friend and Celestial teacher,  
Elias

**RICHARD MESSAGES:****MESSAGES from the CELESTIAL HEAVENS:****Mary of Magdalene Speaks of Her Life.**

15 October 2013

*Good morning dear friends. I have just been speaking with JD and he suggests that Mary of Magdalene desires to speak with me about her life on Earth and her present situation. Is this so?*

Yes it is so indeed. I am here, Mary who is known as Mary Magdalene. I was drawn to your group and am interested in what you are doing. I have lived in the Celestial Realms for a long time now. This is not surprising considering my close association with Jesus and all who worked around him in his time on Earth. There has been much written about these times much of it with little foundation and much with a lot of imagination. At the time when we lived very little was recorded of the normal activity of the people with the main records being official religious, civil and military records. The great majority of the population was illiterate so there was little purpose in or need for the circulation of written records. The great majority of those of us who lived around and were associated with Jesus in his life were essentially uneducated other in the skills that we needed for our daily living and communication. (Mary Magdalene: No James, it's not myself speaking with James Reid. It was another spirit standing in for me as we've explained to you, so James could feel happy about 'putting me in my place', that which was in keeping with his mind and latest beliefs when he received this message. Some of what is said is true, concerning the times and how people were, but little specifically about myself as I will point out below.)

Records that were written were recorded much later when it became apparent that some form of record was needed in order to sustain memory and to circulate the knowledge of what had been taught. Until that time all teaching was purely by word of mouth from person to person and with quite small groups.

This meant that spread was slow and a lot of variation crept into the teaching. As has transpired over the years (Mary: [And still is!](#)), the very essence of the Master's teachings, the knowledge of Divine Love, became lost. There were many reasons for this. Perhaps the main one was that very few of those who became known as the Disciples really understood what had been taught. Some had a greater grasp than others.

This was a time when women were generally regarded as having rather less significance and importance than men and were treated in this way in society (Mary: [And this is very important and the crux of all humanity's woes](#)). In many ways this was strange as women actually held great power and influence as our society was essentially matriarchal (Mary: [That of the Jews](#)). As is so often the case, even in today's world, this truth became secondary to the more important business of religion, politics and business in all of which women played virtually insignificant roles.

The groups that surrounded Jesus was most unusual in that there grew to be a respect and consideration of women and their contribution to society overall (Mary: [Yes, and it was wonderful to be with such people at this time, it was so liberating, even though we women still had to maintain our rightful places – we couldn't usurp the men, for it was men who were always going to 'spread the word', they had to always feel they were the more important ones, not us women, and all so most of the truth would be lost mind you, the men did a good job of ensuring that, but still, that was the way of it back then, and nothing](#)

has really changed. And it won't change until women – and men – take the truths of the Healing into their lives and live it, living true to their feelings, then the truths will never be lost again, then they will become the 'living truths'. It will be women who understand the sacredness of their feelings, for within feelings is contained truth – and that will start the spiritual revolution of mankind.) This came about because of the love that the Master manifested and communicated to the others. This attitude grew only slowly in the male members of the support group which was quite large considering the times (Mary: Yes, we women quickly grasped the essence of Jesus, and I helped the other women understand the finer points – the ones sincerely interested in the Truth). Not only was it quite a large group but it was mainly women. This is not generally known or recorded. Historical records speak of twelve disciples (Mary: Because it was twelve men, however there should also have been twelve women, the soulmates of those men, but that couldn't happen because everyone was living in rebellion against the truth. It was supposed to be a soul-group, representative of soul-groups in the Celestial heavens.) and it is never clear just how this number was arrived at. History is full of such inaccuracies that have become enshrined as fact. The twelve who are recorded are all male and this is not too surprising considering the times in which we lived. One of the main planks of the teaching of the Master was about the equality of men and women in the eyes of God. As you can imagine this was received much better by women than men who had grown with the very strong belief in their superiority in most things – probably everything actually.

Those of the group who were exposed to Jesus' teachings who grasped the truth of his message most fully were the women (Mary: Yes, because of my influence. I could work more privately and intimately with them, as they were going to be the ones who led in looking to their feelings for their truth when the time (in spirit) would come for them to begin their Healing in earnest). That the message had to do with love in its basis was very significant to the women who had a deeper understanding of the presence and the value of love. Many of us also had the deeper feeling or understanding that He spoke of a very different type of love that actually had a transformative power. (Mary: Yes, because he spoke openly and directly about the Divine Love, just as he did to Mr. Padgett. The truth of the Divine Love wasn't kept hidden, it was out there in the open just as it is today, so it goes to show you how much work was done to cover it up and 'lose' it.) Women were not in position to speak to public groups as such but were totally free to speak among themselves in small and larger groups that were essentially informal but nonetheless very powerful forums of communication. We felt less constraint in our acceptance of teachings that we could feel to be true even when they were in conflict with the accepted religious and social mores of the day. These teachings allowed women to feel a sense of recognition and acceptance by a God who was loving and not a patriarchal God of control and strong arms ready to smite the sinner. (Mary: Yes and I even introduced the counterbalance of the Mother to some women who were open to embracing their Heavenly Mother – however again all this was lost.)

Jesus knew this and fostered this to a much greater degree than is ever recorded or even suggested. The very fact that he accepted me as his friend (Mary: And soulmate!) and that I was then accepted by the respectable women of our society was a remarkable demonstration of the power of his teaching and his acceptance. As a courtesan (Mary: which I wasn't, as I've explained in my writing with you James. I helped look after such women; being of a true and of perfect soul there was no need for me to experience such life, one would only experience such things if one was living untrue to oneself.) I was looked down upon and judged generally and quite harshly. (Mary: Because I dared to help such wayward and despicable women, especially being from a very respectable middle class merchant's family.) As I became accepted by the women who surrounded the Master, we related to each other as women with the acceptance and knowledge that we were really the way in which we were in our society

because of the way in which our fortunes directed us (Mary: How we'd been parented, so I helped the girls to see). We had an increased role to play because of the way in which we were regarded as we were able to function in spreading the word of the teaching in a much less visible way. This was because we were considered to be of less importance. Some were aware of our real power and actually fostered this.

I did become very good friends with Mary, Jesus' mother, and we remain so to this day (Mary: Which is true, however as Jesus explained above in Nicholas' message, we no longer see such spirits as they have all left Nebadon). We now live close together and join together in many tasks that we undertake. We loved Jesus very dearly and were able to support each other through the very difficult times during his last days and in the time that followed. I will go so far as to say that the men in the movement would never have been able to continue to teach and spread the word as they did without the constant support of all of the women involved (Mary: Very true!). To many, the strength that we as women displayed was a great threat to the security of the men who were not at all used to dealing with women with independent ideas and minds. The threats to all of us who followed Jesus' teachings led to a great dispersal as we moved into separate areas in order to avoid persecution. This gave a great impetus to the spread of the message we had learned from Jesus. (Mary: Yes, also true.)

Had we stayed gathered together in the one small location it is likely that the whole movement could have become introspective and lost power.

We had learned of the overall equality of all of the members of mankind. In addition to this we had learned of the Divine Love of which Jesus taught. These two great truths struck a deep chord with people who lived in oppressive regimes as they had done from time immemorial. The discovery of something which recognised the value of the ordinary man gave him a sense of a power in his future progress through life and beyond. For the first time in living memory there was teaching that allowed a small individual to feel that he was something in this wide world. This did threaten the security of the powers that be greatly so we were safest spread widely over the land. We taught as we had learned and what we recalled of what we had learned. Because of this there is a basic coherence in our teaching but also a lot of variations that were taught and which have crept in over the years. With the abbreviation of the teaching life of Jesus there was no time for the consolidation of his teaching so we were all left in what could be considered to be a green state with much to learn as we attempted to live what we had been taught.

Added to this have been the many profound changes which have been written into the teachings that became the basis for the Christian churches in their various guises. These changes carefully restricted teachings that seemed to empower the individuals in order to shift the power back to the priests. This is totally contrary to all that Jesus taught and that we strived so strongly to maintain. The knowledge and truth of Divine Love became essentially buried for a very long time until its resurfacing now.

I moved away from the lands where I was born for my safety and to continue to live in the beliefs that I had learned and to teach what I could to as many as possible. I travelled to what is now the south of France (Mary: No this wasn't so, I moved to live with the help of my father in Alexandria in Egypt where I helped other women who wanted to know the Truth) where I lived out the rest of my life surrounded by a dedicated group of students and followers of the teaching. (Mary: I never had students of followers, for that wasn't my way and it would not have been in keeping with the Rebellion's

imposed restrictions that I lived under. I suffered greatly under these heavy restrictions, something far greater than Jesus suffered by being nailed to the cross for only such a short time – such is the plight of women.) I was very content here and did not miss the land of my birth as I felt that I had found a true and loving home among the people here. The seeds that were sown bore much fruit as the soil was fertile. People all over the world as we knew it were living in oppression with great unhappiness so the gift of something marvellous that each could have personally and without hindrance was a gift beyond measure.

In the times in which you live there is not so much of the same oppression that we suffered but there is a deep and general lack of awareness of the truth of humanity and the wonderful life that is possible on Earth and that is assured in the Spirit World when the time comes to move to here.

With even the little knowledge and understanding of the Divine Love that I had on Earth, I was able to live with some increased awareness of this wonderful reality. I was certainly able to live a life full of love despite all the various misfortunes that marked my path. I did have experience of Divine Love in my life on Earth and was able to learn so much more on my passing into the Spirit World. I was totally open to the teaching of the Master which he was now free to give totally unhampered to all who would listen. In the light of his love I was able to progress rapidly through the spheres to the Celestial Realms where I have lived for a long time now in perfect happiness aiding anyone who is open to learn of Divine Love. This is a most rewarding way to be. (Mary: As with Jesus, as we expressed our feelings so the truth of our soul was revealed, both on Earth and in spirit, and it still is.)

There have been many who have spoken of my having been married to or the lover of Jesus when we were on Earth but this was not so. (Mary: True, we never married or were lovers in what most people would understand that to mean. We did however fully know and feel and respect and live our soulmate love, which was mostly a spiritual connection although we did share certain physical intimacies, however we both died virgins.) Jesus was totally devoted to God and his teaching so that seeking the love of marriage and the fathering of children was not any part of his consideration of his life. (Mary: Being the Creator Pair we were forbidden to have children, and so there was no point marrying as we didn't need such lawful conventions. And Jesus loved many women as he had a lot to do with them, as I did some men although not having that much to do with men in general, however he didn't have other girlfriends as such, or need I say, affairs of the heart (and neither did I) – he had me and I him, and that was more than enough for both of us. And it was FAR more then anyone on Earth knew about, because we didn't tell them, nor did we allow anyone to be involved with us during our private time together. And I will add here James, had Jesus and I had sexual intercourse I'd have immediately conceived, and as neither of us wanted children, so we refrained from going that far. Yes, at times we did sleep together, however not as often as we'd have liked to.) He really considered that his task was to care for all of the Father's children and this he did and continues to do so until this time and will do so for all the time that this is needed however long this might be.

Many others want me to be His soulmate and to be with him in the Celestial Heavens (Mary: Because they can sense and even feel the truth). I am near him and participate in much of what he does but we are not soulmates. He has no soulmate (Mary: And James Reid can make such a statement as this because he did not embrace his Healing). His soul is bonded with that of the Father and in this he is marvellously completed and manifests the Love of The Father in ways that create wonder in all of us

who observe. (Mary: Perhaps James Reid was influenced by Nicholas?) He is the perfect example for all of us and this we recognise.

I am with my soulmate and have been so for a long time now (Mary: True, and his name is Jesus!). He is one who was not involved with our group while on Earth. His name was Aaron while he lived on Earth although he is not known by this name now. I did not know him though we lived contemporaneously and only met him some time after we had both passed. He is a most wonderful being and we enjoy each other's company and love greatly.

I was able to introduce him to Divine Love sometime after his passing when I was already living in the Celestial Realms. It is a great pleasure to find one's soulmate when the time is ripe and this pleasure is completed when they too choose to take the Divine Love into their souls so that we may move and live together. Not all do find this joy as some beings are drawn to remain in the place where they feel satisfaction without any need to add anything further into the equation. We still continue to offer what we know is such a great gift.

I am sure that many would want to hear that my soulmate was someone with whom I had shared long years of blissful happiness on Earth. This is rarely the case. (Mary: True, for how can you when you are all in denial of love and the truth it holds. And for such love and truth to be shared between soulmates you would need to be true and perfect. So it's not possible for soulmates to come together in the flesh or the mind worlds when you are doing all you can to repel each other. Only under certain conditions will soulmates unite on Earth so as to help each other do their Healing. However that does not necessarily mean everyone you might do some of your Healing with is your soulmate). The soulmate love is not one that leads one to seek out the other while in Earth life. The usual draw in Earth life that brings couples together is one of love and sexual attraction and the desire to form a family together to find happiness in this way.

Many now on Earth feel that they have a drive to seek their soulmate whereas the truth is that even if they did find each other there may be little or no recognition or attraction (Mary: This is very true James). If there is attraction it may be to work together or to be friends rather than sexual partners or to marry (Mary: Only to help each other do ones Healing). The true attraction only becomes apparent when we have reached a certain stage of our progress when the true knowledge of soulmates comes to us. (Mary: Yes, and only when it's required by the soul, and everyone's soulmate awareness time is unique and can't be generalised, by which I mean, you can't say: because or when I reach such and such a level of truth I will meet my soulmate; or, you will meet your soulmate when you achieve this... level of soul development). We then develop a natural desire to find and to enjoy the company of this other being. The finding and the growing together is most satisfying and, other than our association with the Soul, God, is the closest and dearest relationship that we have. (Mary: True, it is the closest and dearest and in a very different way to the one you will have the Heavenly Mother and Father; and it will LAST FOREVER being ALWAYS completely satisfying and fulfilling and loving – BUT ONLY when you've fully healed yourself.) I feel that there is little or no point in seeking for one's soulmate until the time is ripe when all will fall into place. (Mary: Like everything, you respond to your feelings, and if they make you feel bad you know what to do. So if you feel you want your soulmate you express this and all your other feelings good and bad that go along with it, all whilst longing for and wanting to know the truth of why you feel this way. There is never 'no point', there is only ever Feelings and more Feelings; so as everything will make you feel, so everything has a point. But if you feel there is no point then

these are yet more feelings for you to fully embrace and express and seek the truth of.) This is so of much of living in that all happens smoothly and harmoniously when the time is ripe (Mary: When you stay true to your feelings). The natural movement of all of us is towards harmony.

I know that a lot of is said of some having reincarnated to teach of Divine Love. This is unfortunate for it is not so and never will be so. It is not possible to do this by virtue of the structure of a human being and later a spirit being and their association with the soul. Completely new physical and spirit bodies are generated at the incarnation of each soul and the spirit body forms an indivisible association with the personality and the soul that is for all time. Reincarnation would require the breakdown of this association which would violate the appropriate spirit laws (me: of personality expression). I cannot imagine how a soul would survive as it is held safely in the spirit body (me: that soul is not held in the spirit body, the spirit body is if anything 'held' within the soul – it is sustained by the soul, for it to be within the spirit body would mean it's evolutionary or experiential like what The Urantia Book says, which I disagree with. Mary: And it is as you say James, as we've spoken about. Thank you Mary.) which was created for this purpose. There is no valid reason for reincarnation to occur as, having lived once on Earth, there is nothing more for a soul to gain there. (me: We can't reincarnate again because then we'd become subjected to different influences from different parents, so we'd grow up differently, being a completely different person having to work through different yuk. We've got to work through all the yuk we have now because it is what is making us be the person we are and will become in the full true and pure expression of ourselves.) All that is needed is achievable here and with more facility and help.

I have no desire to expound about my life on Earth other than what I have already said as I feel that this would provide little or nothing of value. While it might satisfy someone's curiosity I feel no need to do so. I will say that the way in which one lives a life on Earth in no way permanently determines the outcome when one enters the next phase of living in spirit. No one is damned to perdition or eternal punishment. Loves both natural and Divine are the most wonderful realities of living and, with these, all is possible. Much of the damnation that is perceived is of one man by another and in no way reflects the attitude of God, The Father whose love never wavers or slackens for a moment. In this all may have faith.

I do thank you for the opportunity to write with you today. I was aware of the discussion you were having with your friend and felt it appropriate to speak with you to give some information that may help you. Your work with the Divine Love in this way is of great value and we are all moved to help in any ways that we can. I will continue an association with your group so that I can write with you again if there is something that I can offer that adds to this project. (Mary: Jesus and I aren't currently associated with any groups, nor have we been in the past – only with specific individuals for specific reasons.)

The focus for all of you who participate in this work needs to be on your present day and not on the time of our day when we sowed seeds as we could. The farmer looks not to the day of sowing when the crop needs care in its growing or at the time of harvests. Each day is sufficient to itself and needs to be treated as such. If all is done with love, care and awareness today then the lessons of the past are learned and the future will come when it does and all will have been prepared. All of the tools that you need are to hand. We provide what you may regard as fertiliser to feed the crop along its growing. (Mary: Yes, information about your Healing.)

You see how we learn from long ages of association with the Master Jesus. We all learn to tell stories as he did and still does today. (Mary: And by the way, Jesus doesn't just tell endless stories. He had to when on Earth because the people weren't able to understand direct straightforward truth, which we'd both prefer to speak. Why beat around the bush when you come straight to the point?)

As well as telling stories we are at hand to help where we can and where you will allow us and invite us into your daily living where we desire to move and sit with you to communicate and support all who will accept this. We are not so far away and we can have a much closer association.

I will leave you now with thanks and with great love.  
I am the one known on Earth as Mary Magdalene.

**Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.**

**SPHERES in the SPIRITUAL REALMS.**

**Spheres – Celestial Heaven, Eternal Spheres, then Spheres of Paradise:**  
The realm of the Angels is the Celestial Heavens spheres 8 to infinity.

**Spheres to infinity:** Soulmate bonding can be achieved in most of the spheres. (Celestial Spheres are not numbered per se.)

**Eighth Sphere:** All emotional baggage of your entire history has been dealt with – born again. This is the point of new birth, being born again. Celestial Heavens 8 to infinity true immortality.

**Seventh Sphere:** The gateway cycle, perception of sacramental nature of all things. Disappearance of the material mind and the absolute ascendancy of the soul's mind has been achieved. Divine path.

**Six Sphere:** Cycle of light / love, love / light or unity. A purely intellectual area, increasing one's knowledge, while living a life in absolute harmony with God's laws of spirituality. Natural path peak.

**Fifth Sphere:** Cycle of light or wisdom. All their Earthly bonds are gone. We are in one of those soul spheres, which offer great opportunities for obtaining the Love of God – divine love sphere.

**Fourth Sphere:** Work of 'atonement' as guides and spiritual healers now excel. As humanity's helpers, their work is a means for self-realization. Natural love sphere mainly.

**Third Sphere:** An area where spirits progress in their awareness, truth prevails. As with all spheres, there are many planes. Changing pathways requires dropping back to a lower path, then proceed.

**Second Sphere:** The sphere of decision which is much more spiritual but which was hidden and outside the range of their perceptions. Spirits can now choose the path they wish to follow – desires.

**First Sphere:** Cycle of awareness. There are vibrational love barriers between each of the spheres. Highest level of the Earth planes is the point of transition from materiality to the spiritual 2<sup>nd</sup> sphere. Summerland is the highest part of the Earth planes, but it is still a very material region. Children live in Summerland in great numbers, having died prematurely. Twilight zone, the most populated area in the spirit world, and starting point for most. Various hells descending progressively into greater degrees of darkness. All souls can be assisted out of these hells no matter what level they fall. At the deepest levels, the soul finds it extremely difficult to hold itself together. The hells are not fiery physical places. Actions are based on fear.

**The 2<sup>nd</sup>, 4<sup>th</sup>, 6<sup>th</sup> spirit spheres provide principally for mental and moral advancement, whereas, the 3<sup>rd</sup>, 5<sup>th</sup>, 7<sup>th</sup> soul spheres provide for the Feeling Healing process with Divine Love.**

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:****James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on them selves and doing their Healing.

**Feeling Bad? Bad feeling are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:****The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

**FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.**

**Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.**

**Primary and most important readings are the writings of James Moncrief.**

**Then consider the Padgett Messages, and then The Urantia Book.**
