## PASCAS INTRODUCTION:

Documents assembled by Pascas are provided for your individual assessment and exploration. The contents are sourced from a variety of avenues and publications. Every endeavour is made to determine that the contents are of the highest level of truth and veracity. At all times we ask that you go within yourself, to ascertain for yourself, how the contents resonate with you.

Pascas provides these notes and observations to assist us all in the development and growth of our own pathways and consciousness. Pascas does not hold these contents as dogma. Pascas is about looking within oneself. Much of what we are observing is new to us readers and thus, we consider that you will take on board that which resonates with you, investigate further those items of interest, and discard that which does not feel appropriate to you.

Kinesiological muscle testing, as developed by Dr David R Hawkins and quantified by his Map of Consciousness (MOC) table, has been used to ascertain the possible level of truth of documents. Such tested calibration levels appear within the document. We ask that you consider testing same for yourself. The technique and process is outlined within Pascas documents, such as Pascas Care – Energy Level of Food. From each person’s perspective, results may vary somewhat. The calibration is offered as a guide only and just another tool to assist in considering the possibilities. As a contrast, consider using this technique to test the level of truth of your local daily newspaper.

Contents are not to be interpreted as an independent guide to self-healing. The information sourced herein is not from a doctor or doctors, and any information provided in this document should not be in lieu of consultation with your physician, doctor, or other health care professional. Pascas, nor anyone associated with this document, does not assume any responsibility whatsoever for the results of any application or use of any process, technique, compound or potion as described within this document.

The sources of contents are noted throughout the document. In doing so, we acknowledge the importance of these sources and encourage our readers to consider further these sources. Should we have infringed upon a copyright pertaining to content, graphics and or pictures, we apologise. In such cases, we will endeavour to make the appropriate notations within the documents that we have assembled as a service via our not for profit arm, to our interested community.

We offer all contents in love and with the fullness of grace, which is intended to flow to readers who join us upon this fascinating journey throughout this incredible changing era we are all experiencing.

Living Feelings First, *John.*

## **Mahatma Gandhi:**

Between 8 January 2008 and 14 February 2008, Mahatma Gandhi conveyed a series of messages to Nicholas and Zara, essentially expanding upon our journey the follows our separation from our physical body. These messages are followed with an outline of the universes and the order of our progress through these universes leading to our entry into the Isle of Paradise, the Spheres of Paradise, should we so please.

**Mohandas Karamchand Gandhi** (2 October 1869 – 30 January 1948) was the preeminent leader of [Indian nationalism](#) in [British-ruled India](#). Employing [non-violent civil disobedience](#), Gandhi led India to independence and inspired movements for civil rights and freedom across the world. The [honorific Mahatma](#) ([Sanskrit](#): "high-souled," "venerable")—applied to him first in 1914 in South Africa,—is now used worldwide. He is also called **Bapu** ([Gujarati](#): endearment for "father," "papa.") in India.

Born and raised in a Hindu, [merchant caste](#), family in coastal [Gujarat, western India](#), and trained in law at the [Inner Temple](#), London, Gandhi first employed non-violent civil disobedience as an expatriate lawyer in South Africa, in the resident Indian community's struggle for civil rights. After his return to India in 1915, he set about organising peasants, farmers, and urban labourers to protest against excessive land-tax and discrimination. Assuming leadership of the [Indian National Congress](#) in 1921, Gandhi led nationwide campaigns for easing poverty, expanding women's rights, building religious and ethnic amity, ending [untouchability](#), but above all for achieving [Swaraj](#) or self-rule.

Gandhi famously led Indians in challenging the British-imposed salt tax with the 400 km (250 mi) [Dandi Salt March](#) in 1930, and later in calling for the British to [Quit India](#) in 1942. He was imprisoned for many years, upon many occasions, in both South Africa and India. Gandhi attempted to practise non-violence and truth in all situations, and advocated that others do the same. He lived modestly in a [self-sufficient residential community](#) and wore the traditional Indian [dhoti](#) and shawl, woven with yarn hand spun on a [charkha](#). He ate simple vegetarian food, and also undertook long [fasts](#) as means of both self-purification and social protest.

Gandhi's vision of a free India based on religious pluralism, however, was challenged in the early 1940s by a new Muslim nationalism which was demanding a separate Muslim homeland carved out of India. Eventually, in August 1947, Britain granted independence, but the [British Indian Empire](#) was [partitioned](#) into two [dominions](#), a smaller Hindu-majority [India](#) and Muslim [Pakistan](#). As many displaced Hindus, Muslims, and [Sikhs](#) made their way to their new lands, religious violence broke out, especially in the [Punjab](#) and [Bengal](#). Eschewing the [official celebration of independence](#) in Delhi, Gandhi visited the affected areas, attempting to provide solace. In the months following, he undertook several [fasts unto death](#) to promote religious harmony. The last of these, undertaken on 12 January 1948 at age 78, also had the indirect goal of pressuring India to pay out some cash assets owed to Pakistan. Some Indians thought Gandhi was too accommodating. Among them was [Nathuram Godse](#), a [Hindu nationalist](#), who assassinated Gandhi on 30 January 1948 by firing three bullets into his chest at point-blank range.

Gandhi is commonly, though not officially, considered the [Father of the Nation](#) in India. His birthday, 2 October, is commemorated there as [Gandhi Jayanti](#), a [national holiday](#), and world-wide as the [International Day of Non-Violence](#). ### **The Awareness of Divine Love Messages**

January 8th, 2008

Hello, I am the individual and the spirit Gandhi. I am the individual who once lived in India in the last century and I am now a resident in the Celestial Heavens. (Mahatma Gandhi died on 30 January 1948) I have come to share with you all and to shed light on the teachings and revealings of the New Birth that involves Our Father's Divine Love. There are aspects that I desire to shed light upon so that the presence and awareness of Divine Love can spread as a beautiful golden leaf around the world and may open with love, in people's hearts. The main purpose of my writing and conveying this awareness is to create an understanding of the Spheres that exist first introduced in the work that James Padgett received from other spirits. This initial foundation is a beginning and I hope that through these messages souls may contemplate their learning of the realities of spirit and mortal.

My human life, historically researched and whilst many may not believe that I am conveying this message, my efforts are not to convince but to teach the awareness created and established by the Master's teachings of Our (Mother and) Father's Divine Love. My primary concern is to shine light – the light of awareness – from my place of existence here in the realm of spirit, into the mortal world. I am most happy to be doing this work for the benefit of the Father, Jesus, and all those who are aspiring to live and to feel the presence of Divine Love shining on the New Birth and their New Birth of awareness. I am glad for this opportunity to speak and to write with Nicholas and Zara, for this communication (link) is clear, accessible, and easy work for all of us.

*Question* Nicholas: Have you met recently with Jesus and when did you find the Father's Divine Love?

I have met and have also learnt many teachings from Jesus that illuminate the teachings of Divine Love, and now, I am to fulfil this work through you, Nicholas, to bring to light this awareness of Love. Jesus knows of this work and our meetings and as you have seen, I have visited you three times on your walks in the Gardens<sup>1</sup> primarily to introduce myself and to confirm that this work – The New Birth Awareness – is going to transpire, for such is the need to expand the realities of mortal and spirit. It is also to lift up the work that Jesus commenced and to reaffirm that the teachings of Divine Love are a knowledge and resource for the individual and knowledge for the world.

I have been receiving Divine Love for many years now and I have taken a great interest in the workings of the Laws that work in all the Natural and Divine Love Spheres. I have a very happy disposition and I am really very, very happy that on this occasion, your evening, with the (Mother and) Father present, that our contribution has commenced, so that this awareness can be lit and shine in the eyes of all those who may see it. There are other bright spirits present at this time. It will be I, who will be in concert with you. This is my introduction to you and to those who may come to read the light of this New Birth Awareness and in our next work, we will begin to write on the reality that is the union of mortal creation and spirit creation where souls have residency in the complete expression of the Father's Kingdom.

<sup>1</sup> The St. Vincent Gardens

I bid you goodnight and will return very soon. Many blessings in Divine Love your loving friend and  
Celestial spirit,  
Gandhi

January 8<sup>th</sup>, 2008

Hello, I am pleased to be with you again and to begin this work of light and awareness. There is such a desire for mortals to learn about life after their world and their participation in the spirit world. I have been to all Spheres from the lowest and darkest Sphere to the 7th Sphere and of course, the Celestial Heavens. My work in bringing the awareness of Divine Love has occurred throughout all these Spheres and insofar doing this, I have seen how these Spheres have been created by the (Mother and) Father to sustain the existence of soul living. It was in Jesus' work through James Padgett that the reality of the Spheres and their numbers in relation to the condition of the souls in those spheres was introduced, and I desire to shed more light on this subject.

The reason why there are more Natural Spheres ranging from the lowest and darkest Sphere to the 6th Sphere is that the Father knew that more souls evolving in Natural Love would pass from the physical world into these Natural Spheres. Therefore, in the (Mother and) Father's wisdom there are many more Natural Spheres than Divine Love Spheres before a soul reaches the Celestial Heavens. The first thing that becomes evident when visiting these Natural Spheres is that the lowest Spheres are relatively small places, because the condition of soul, being in such poor condition, creates the isolation and so the boundaries of created space is very diminished. As one visits the higher Natural Spheres, there is expansive space, which reflects the condition of soul in its degree of perfected Natural Love.

The Divine Love Spheres are far more open and especially the 7th Sphere, for this reflects the progression of the soul in its condition of Love and the abundance with which souls live in the awareness of the workings of Divine Love in context to their own soul and the Father's Soul. The Celestial Heavens are very open and spacious, for this reflects the very open and expansive workings of the Laws those souls are living in such awareness and abundance of spirit and Divine Love. What we see is that from the lowest darkest Sphere a soul's experience is very contained, isolated and limited which reflects the condition of their soul and this Sphere reflects this to the then very open and expansive nature of the Spheres in the Celestial Heavens.

This example is also evident on Earth and with the awareness that all individuals are souls, one only need see the condition of an individual to see either the isolation of darkness or the expansion of love to see how abundant ones environment or Country is. The more a soul is in darkness in this condition, the smaller the creative resource is in love and so the more isolated the individual or individuals become. The more a soul is in the condition of good natural love and/or with Divine Love the more expansive and liberated the individual becomes and one's environment or Country reflects this. The Spheres reflect this too because the material deception that may cover the soul is not present when one visits these Natural Spheres, it is easy to see these places for what they are: they contain souls that reflect the true condition in Love.

### **Dr David R Hawkins' Map of Consciousness:**

Utilising the Map of Consciousness (MoC) and kinesiology muscle testing, the energy / consciousness level of anything can be ascertained. Refer to Power vs Force and also Truth vs Falsehood by Dr Hawkins. Dr Hawkins has published much from his research; here are some of his observations:

**CONSCIOUSNESS vs LIFE EXPECTANCY:**

Edgar Cayce's Story of Jesus – Summation P. 373:

“What was the length of life then? Nearly a thousand years. What is your life today? May it not be just as He had given, just as He indicated to those peoples, just as He did to the law-giver, just as He did to David – first from a thousand years to a hundred and twenty, then to eighty? Why? Why? The sin of man is his desire for self-gratification.

“What nations of the Earth today vibrate to those things that they have and are creating in their own land, their own environment? Look to the nations where the span of life has been extended from sixty to eighty-four years.

“What is the spirit of a free nation? Most individuals proudly boast “freedom”. Freedom of what?

Those nations who have taken those vows that man shall be free should also take those vows “He shall know the truth and the truth then shall make him free”.

The Map of Freedom reflects the findings of Freedom in the World 2014, which rates the level of political rights and civil liberties in 195 countries and 14 related and disputed territories during 2013. Based on these ratings, countries are divided into three categories: Free, Partly Free, and Not Free.

A Free country is one where there is broad scope for open political competition, a climate of respect for civil liberties, significant independent civic life, and independent media. Partly Free countries are characterised by some restrictions on political rights and civil liberties, often in a context of corruption, weak rule of law, ethnic strife, or civil war. A Not Free country is one where basic political rights are absent, and basic civil liberties are widely and systematically denied.

**MAP of CONSCIOUSNESS CALIBRATIONS reflect the nature of the TOPIC:**

The level of truth of a topic or subject is reflected in the calibration through employing Dr David R Hawkins' Map of Consciousness with kinesiology muscle testing. A publication or movie about manufacturing food would be around 200, whereas meals prepared in a loving home would be around 500. The subject of pornography through to war would be less than 200, whereas natural love topics can readily be over 500 and up into the 800's plus. Material introducing Feeling Healing with Divine Love, by its nature, will range between 1,480 to 1,500 on Dr David R Hawkins' Map of Consciousness (MoC), in its purest form of presentation. This has never been previously achieved.

A soul when it incarnates into the flesh has its spirit and this helps to create the spirit body. The Law that the Father has created which enables a soul to take up residence in its physical incarnation and for which its spirit constructs a spirit body, is the same Law as when that individual soul leaves its physical body upon the expiration of that physical body regardless of its soul development. The Silver Cord spoken of is in fact an attribute of a soul's spirit. When this spirit is disengaged from the physical body, the Law comes into effect and what has done to enable a soul to incarnate in the first place is undone to allow the soul to pass over into its spirit life. In its spirit body with all attributes of personality, mortal experience and individuality contained within that soul that is contained within its spirit body. The great light that some people see is the spirit, their own spirit and this attribute is dynamic, for the cohesive attribute that works and binds soul and physical body together, whilst in the mortal incarnation.

It has been a pleasure to write this morning, with very many blessings in Divine Love,  
Gandhi

January 9th, 2008

Hello Nicholas, Zara and other beautiful souls aspiring to awareness and to awaken the light within, to shine out in life, in the presence of Divine Love. It is pleasant to be with you all again and to continue this harmonious work of light, peace and love.

In Jesus' teachings through Mr Padgett, the Spheres are numbered. This is for practical reasons so that mortals may form a more coherent vision or image and identity of a souls' life after its physical incarnation. In this new awareness, all the Natural Spheres are linked with a boundary to define the various Spheres and their relative environment for natural soul-spirit living. This is the case from the lowest Sphere, created for souls in fear and darkness to reside in, all the way through to the perfect Natural Sphere for perfect natural souls to reside in. To give an example: when a rainbow appears in its arc across the sky, if you can imagine this arc being placed in a horizontal position to form a ring around the planet, then each colour is a Sphere and the boundary of each colour is a respective Sphere in Natural Love. There are Laws created by the Father in place that contain the structural existence of these Spheres and their respective boundaries so that the Spheres are in harmony with one another and do not act independently of each other. The three Divine Love Spheres also linked and exist more 'in' the Father's space to give an image to this: imagine a secondary rainbow within the first, yet it does not inhabit the same physical spirit space. The boundary of the 7th Sphere is beyond the 6th Sphere and the Celestial Heavens are beyond this. The reason why the Natural Spheres and Divine Love Spheres link to their own is so that Natural Love souls progressing in their Natural Love can progress from Sphere to Sphere without having to pass through the first or second Divine Love Sphere. In the workings of individual soul condition, a Natural soul who has not yet been blessed in the presence and awareness of Divine Love cannot inhabit or for that matter pass through a Divine Love Sphere on its way to a higher Natural Sphere. The Father has created the perfect Sphere structure that is in keeping with the workings of Natural Love and Divine Love and in this way, the boundaries contain the harmony, and place the souls in the perfect way of love and care that only the Father knows how.

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

In this new awareness of light, a very good observation to consider is the way the Earth orbits around the Sun. This makes us realise that souls incarnating in the flesh for the first and only time, are incarnating from the Father's Pre-Incarnation Sphere when the Earth is at different stages of its orbit and cycle around the Sun. This only the Father can do, which leads us into the awareness of souls leaving their physical Earth life upon expiration, when the Earth is at different places in its continuance of the orbit around the Sun. The reason I mention this is so that the understanding of where the Spheres are in relationship with the movement of the Earth. One may ask, "Does the Earth move through an orbit of the first Natural Sphere or do the Spheres move with the Earth so that when a soul passes from the Earth into its existence as a spirit in a Sphere, that the Sphere is present to enable that". It is almost extraordinary to think that the Spheres embrace the complete orbit of the Earth around the Sun for this would reveal the size of the first Sphere. I will write more on this a little later after these points considered in your own souls.

The first Natural Sphere is very dynamic and immense for every soul upon physical expiration finds them selves in this environment. People feel comfortable with what they know. Many individuals when they pass into spirit, like to stay with their fellow compatriots, for this in their new environment are familiar to them. So many individuals do not have the soul condition upon their passing to accept and understand what has transpired once their mortal life is over. Such are the conditions of mortal life that few may be aware that there is in deed, the life of a soul with continuance after the physical death. Upon death, the soul and souls' spirit in the spirit body moved by the gravity of a Law, that ensure the correct passing of an individual into the first Natural Sphere. This moment is very significant for the mortal time that is the condition, way of life becomes no longer, and the time of the Sphere becomes the way of a soul's life. An individual will still know whom they are, but may not know where they are, and all the conditions of mortal experience will be present and so, the introduction to this new experience of living as a spirit commences. The condition of a soul upon its arrival will determine the speed of acceptance that life has changed. This passing over is like a soft current in the sea and this current is the Law at work that moves the soul – the individual – from the mortal world to become included behind the boundary of the first Sphere that is very close to the Earth, but not subject to its material elements. Most souls stay with their own kind and communicate through their soul in the same language that they did when on Earth. After a short period in the first Sphere, another current is felt and to this attraction a soul responds without the ability to alter by will. A soul begins to move to the correct Sphere that fit the condition of that soul.

The Father is very wise creating the workings of these Laws that move souls to the correct Sphere of soul attraction. Otherwise, there would be mortal souls in spirit of darkened condition asserting their will in respective Spheres where Natural Love is abundant, flourishes, and so, in Natural Spheres it would be the same on Earth and nothing by truth would have changed. The Father has sorted out these conditions by putting in place a perfect harmonious Sphere structure so that souls that are more progressive are not beholden to the will of individuals living a lesser truth, which may and often is the case in the drama of mortal life as, lived out on Earth. On the Earth men and women determine the will and hence the soul of that individual is subject to these influences. In the Natural spirit Spheres; the individual sees the results of their actions and lives according to the effects and causes of these actions such that their environment of Sphere is where they now reside.

One's natural love is always progressively perfected during this journey of evolution of the soul.

Upon embracing Divine Love at any stage, then one can progress through the Divine Love spheres 3, 5, 7, whilst also doing their Feeling-Healing.

Even though a person may have received Divine Love, they do not avoid compensation or doing their Feeling-Healing, so they may still spend time within the spheres of disharmony.

Natural Love sectors for those doing their Feeling-Healing, without the Love, are within the Natural Love Mansion Worlds:

Progressing through the natural love worlds, within Feeling-Healing sectors, while doing one's feeling healing, upon reaching the 6<sup>th</sup> Sphere having completed Feeling-Healing, one can then embrace the Divine Love and proceed directly to the 7<sup>th</sup> Divine Love Sphere.

Then they may prepare to enter the Celestial Heaven Spheres from there.

This pathway is when the Divine Love is unavailable before perfecting one's soul.

To complete tonight's message, the activity of the first Natural Sphere is very dynamic and just like with James Padgett, souls from dark, poor condition can make the journey with assistance from brighter spirits from the lowest Spheres to the first Sphere. Similarly, all higher Natural Love souls and Celestial souls can descend to the first Sphere to interact with mortals and hopefully to receive the awareness of Divine Love so that this light may illuminate spirits to progress in this New Birth Awareness.

This has been a pleasure and I bid you a lovely evening and will return very soon to continue our work of light.

Hello Nicholas,

I bid you welcome on this bright and cheerful day. We here in our Celestial residence understand that to bring the awareness and the light of this to all souls in all Spheres is a collaborative effort. In my times when I have been learning from Jesus, it is to observe how much his soul so intimately knows the Soul of the Father and always one can see that Jesus brings forth truth that expands our own awareness and we love him for this. When we, who are teachers of Divine Truth learn truths from Jesus, it is clear and evident that his soul knowledge of the workings of the Father's Love is outstanding and a beautiful experience to see. He helps us perfect our learning which is always progressive, so that with his love and administration, we can then help and teach natural souls and souls learning in the primary Divine Love Spheres about the Love and Truths. In this presence of light, the one continuing awareness that prevails over all things is our learning of the Father's Love for it is seemingly without limit and is the catalyst to which all knowledge in Divine Love brings understanding.

In my sojourns into the Natural Spheres, I have seen just like on Earth, that there is not a material representation of the existence of Divine Love created by souls in their natural condition. By this I mean that Divine Love is available throughout all Spheres and of course, to the peoples of the Earth yet until the Divine Love and Its presence is made aware and then felt as a true loving feeling in the soul, it is not seen and Its existence is not taught by natural man or natural spirits. The great mystery of the Natural Spheres and all their residents is the same as all souls in their journey of life on Earth. Until the presence and awareness of Divine Love, illustrated by a soul who knows of this Love, then the Truths and Its workings are unknown both on Earth and in all Natural Spheres. This was to some degree conveyed by the spirits who wrote in the work known to you all as the Padgett Messages.

The soul possesses its own spirit and this forms part of ones own individuality. Many attribute of the soul, such as perceptual ability and the essence of Natural Love and Free Will and there is the attribute of the Well of Feeling. When the presence of Divine Love begins to awaken a soul, the spirit of that individual too awakens and this spirit can interact with feeling to create and generate a spirit ... the spirit of feeling. In the Celestial Heavens, spirits are no longer subject to any error or cause and effect being disharmonious in their once natural life and so these individuals are entirely free to work with their Indwelling Spirit. That helps to generate feeling in the soul so that when a spirit is praying by continuously living in the presence and awareness of Divine Love these individuals can feel the Spirit of Feeling in Divine Love. These feelings become alive in ones soul as a developed attribute that many enjoy prayer. This then moves into a grand worship of feeling for the sublime presence of Divine Love that is in our soul and continues to surround our soul, as we love the Father and the Father loves us.

### ENVIRONMENTS within SPHERES:

The First (1<sup>st</sup>) Natural Sphere is one Sphere that is enormous and it consists of many environments. It is an enormous Sphere for so many live in a good condition of natural love and this is the Sphere that receives every human life that enters the spirit world. There are spheres in the Celestial Heavens, Eternal Spheres, Infinite and Universal Spheres, that are larger in space, but have less population residing there.

Within the spheres, one's soul condition determines what location one is destined for. At all times, the environment is harmonious for one's soul condition. Thus, spirit people with very similar soul condition will be together. This creates many communities, each being harmonious for a specific soul condition level. In this way, the 1<sup>st</sup> sphere consists of many locations that could be considered as nations, however within each spirit grouping that community consists of only one soul condition level, whereas on Earth we have saints and sinners all living together. People cannot determine or assess another's condition, nor can they assess their own soul condition.

It has been said that there are many spheres within a sphere. The truth is that there are many environments within a sphere, much like there are many countries and have been many cultures that have lived on all lands of the one single Earth. There is only one sphere with many environments and cultures living in each Sphere.

A spirit cannot be attracted to an environment or another spirit in which the individual is out of condition to do so. The essence of this is that no spirit can injure another spirit or can put one's self in harms way or travel to an environment that will be harmful to the spirit-senses of that individual. This is part of the way that God, our Heavenly Parents, maintains harmony in the vast populations of personalities residing in these tremendous spheres.

Generally, as soon as the individual accepts the Divine Love, the individual begins to advance their soul condition and as the attraction of the Spirit Law of Compensation diminishes, the soul condition of the individual enjoys the feelings of harmony produced and changing environments. The purpose of the Divine Love is to enable the individual to live in harmony with God.

The poorest soul in condition can still receive the Divine Love. No human or spirit is ever beyond reach of it. There is no eternal damnation.

Notes from Celestial Soul Condition via Zara Borthwick and Nicolas Arnold

When individuals in the Celestial Heaven who are soulmates interact and share their love for one another this is a mutual sharing of soul, spirit, feeling and from this Well of Feeling, a most beautiful and intimate embrace is experienced which completely liberates the giving and sharing of soul finite love as spirits in the presence of Divine Love. The feeling of love and light that Jesus generates when he shares and when he teaches overwhelms. When Jesus teaches about a truth or a Law or shares good communication he does so with an overwhelming generous spirit of feeling and this is why when all are present, in his presence, all.

There is no war or any great battle or drama fought in or across any of the Natural Spheres. There is no hidden plan that is in place to save the world or the Spheres from any darkened ambition. The course is set which is the one true course that all souls follow whether one is aware of this or not and this has been placed in motion by the Father. Souls on the Earth as souls in the Natural spirit Spheres are all individuals in a condition of love that only requires the awareness and presence of Divine Love to create real change. The Spirit of Feeling can be experienced in the physical body, and to become aware of ones inner well that is in the soul and to feel this feeling welling up as Divine Love surrounds you is liberation of individuality and goodness. (Natural love will only produce an internal finite feeling, whereas, Divine Love is an infinite and perpetual growth of one' self.)

This has been a pleasure and it is of my love that we share in this awareness, love,

Hello, my sweet friends I am here with you now. I have with me several other Celestial spirits and they are quietly present as this communication transpires. I was and have been with you a lot lately and will continue to be so whilst this work of light and awareness manifests.

This evening – your evening – I desire to convey a little on the appearance of Celestial spirits. To begin with, spirits do not have the physical organs in spirit. Many reading this have learnt this in the Padgett Messages about the soul and its attribute, its true attribute of mind and that this attribute given to the soul that forms part of its essential creative makeup from the (Mother and) Father. The Father is very wise and bestows each individual soul with all that it needs other than a spirit body and Divine Love prior to incarnation, so that its journey fulfilled all the way through into the Celestial Heavens. This creation of a finite soul is a wonderment to understand and to see the engineering of its design and function and ability for the purpose of individualisation. Natural spirits have a little of soul mind development; Celestial spirits have a real definitive condition of good soul mind development. A Celestial spirit does not have a brain of organic matter as this obviously forms part of the physical body and is no longer required in spirit. The Divine Love acquired develops the mind and continues to develop this attribute of the soul so that progression remains constant not stunted, for there are always new awareness' to learn about life as a spirit living with the Father. The Father has created so much and we learn about this as part of our Celestial existence.

When we Celestial spirits communicate with each other, we cannot see through each other and out-the-other side. We have a personal space and a boundary, which is in keeping with our own finite Celestial spirit body form. We have a front and a back, recognised as individual spirit personalities. We do change from our soul's Natural love image. Natural spirits look quite like they do on Earth; however,

the perfected natural spirits and those in the 4th Sphere are very clear and bright. Celestial spirits differ in appearance for we are taller, the quality of Divine Love that has transformed us reflects in the spirit body, and our spirit appearance differs from natural spirits. The best way of describing this to you is that we Celestial spirits are individualised souls and what one sees is the full soul that one is and so each individual is presenting a Divine soul image to another and the spirit body reflects this.

When Celestial spirits visit the Natural Spheres, where seen to be different and many inquire as to this, however many also are afraid of this for in their knowledge or experience the Divine Love and the Celestial Heavens are not known to them. However, stories of such a place are told just as stories of Heavenly places as told amongst the peoples on Earth.

We have eyes and facial expressions and movements to show our feelings and our love when in communication. We do not have the physical attributes for we become more like energy and it is energy of the soul that becomes our internal engine, if you like, that is present, so that we can do things and move throughout the Realms. We can experience pleasure. Through the sharing of love as a soul-spirit feeling and this enables our soul to move into bliss of mutual love. We require energy and the Divine Love provides most of this for us. It sustains all the requirements of our physical needs have long since passed. We have spirit created matter which becomes the forms that are our residences also the makeup of the environments in which every Celestial spirit resides in whilst we learn and participate in Fatherly studies. This is part of the magic of the Father for these spirit structures have real form and real landscape and are very, very beautiful for they shine and glimmer.

When Jesus teaches, he can project his spirit so that many around and who may be far in distance from his being, can in their soul hear him. The best way to describe this is that his manifestation of love carries "on a Celestial breeze of Spirit" and for your own soul perceptions when Jesus in love teaches of the Father's Love then truly your own eyes have seen the living truth and heard the beautiful way to the Father. It is perhaps the perfect sight in all the Celestial Heavens to see the soul, Jesus, teach of the Father's Love and known that his loving way and word can flood the Heavens with light and life and love.

I have seen how the Celestial spirits retain quite a lot of Earth memory yet it is just as if you may remember an occasion that happened many years ago in your own life that was so significant at that time, and now as an adult you can see it as a small moment in time. The Celestial spirits see the event that was their mortal life in exactly this way and can recall it whenever needed. We do, when we meet new spirits whom we have not met before, remember to each other some of our old Earth experiences and this is always a good moment.

(Nicholas can see that Gandhi is laughing as he says this) When Celestial spirits move about we are careful not to bump into one another for when we do, if it ever happens, it is always a funny-shared moment. There is the gravity of a Celestial Law that helps us move around in these Spheres and Heavens otherwise (and he is laughing again) we could all just float away. This gravity, this spirit Law of Celestial Movement enables us to have weight so that we can move fluently with groundedness. However, when we learn how to move quickly we can glide great distances, very quickly. This is a form of travel that one masters as one moves through the Divine Love Spheres for we do move around and visit friends and because we are not bound by physical form, our own will and spirit in our soul learns how to travel as only Celestial spirits can.

**SOUL:**

The Real You is your soul, you are one 'half' of that soul.

Each half of the original soul incarnates a spirit and physical body simultaneously, they being connected. The soul expresses each of its two personalities as a woman and man. True soulmates are always of the opposite sex.

Sexuality is an attribute of the two personalities the soul expresses; the soul itself does not know sexuality.

The soul connects to the two spirit bodies it has created by 'golden cords' of light; and the spirit body is in turn connected to the physical body by 'silver cords' of light.

The spirit body is your astral body. The etheric is really the body that is the template for the physical and one that doesn't hold consciousness.

The soul remains invisible to the spirit and physical bodies, only being discernible by its luminosity through the spirit body.

95%+ of humanity currently are within the 1<sup>st</sup> sphere of development.

**PERSONALITY**

Soul    Spirit Body    Physical Body

**PERSONALITY**

Physical Body    Spirit Body    Soul

This has been a joy and much awareness given and all is very helpful in the greater good of love and praise the blessings of Divine Love.

Hello. I have been here for a little while whilst you were in prayer for Divine Love. You are correct that as a spirit I am not with the given name of Mahatma, other Celestial spirits do not refer to my being in this way. The spelling of my name that you have now corrected is good and it was upon my inspiration to guide you to this awareness. I did not, I could not correct you for in your own thinking you had defined the spelling and so were not able to hear or see this. In no way does this detract from the content of our work of light and awareness and bringing awareness into the presence of mortal life. You have done very well so far and as they say, so far so good.

Not all individual spirits living in the Celestial Heavens work to bring about the awareness of Divine Love in the Natural Spheres; this work is not a condition and in no way an individual forced to bring about the awareness of Divine Love in the Natural Spheres. The inclination derived from within the soul for individuals to become teachers and to then move into the Natural Spheres to help create the awareness of Divine Love and that are Celestial realities in existence. What each Celestial individual will do is help a soulmate find the Father if one of the individuals is not with Divine Love – if only one individual knows of the Divine Love. If both souls do not know the existence of Divine Love then they cannot obviously help each other in this way.

In our Celestial residence when two individual souls are with Divine Love and are soulmates they progress together and live together in a harmonised relationship where collaboration and companionship is very well received. This provides us all with the awareness that the Father has created mortal man and the destiny of men and women, even when each become spirits, to recognise that our soul life is not an isolated and independent experience of one another even though each is an individual. A Divine Love experience involves togetherness and union of Loves.

I have seen that there are places in the Celestial Heaven that far exceed my own soul condition. There is much that the Father has created that will only be revealed to me when I as a spirit arrive with more Divine Love so that I may be in the condition to perceive and to understand the nature of the Father's workings and how these workings create and sustain the vast Realm of His Spirit Kingdom.

When I visit the Natural Spheres perhaps, the most telling fact of the way in which individuals live is very much about personality. A defining difference between a natural spirit and a Celestial spirit is that the natural spirit is in the attribute of finite personality and the soul is still largely unknown. A Celestial spirit knows the workings of their soul and the personality is an attribute of this soul living and awareness and in this way is integrated to form a more complete individual.

We do as Celestial spirits have a will yet not in physical form. It is more of the spirit in our soul and our own emphasis of living is in peace because we need not determine a created life in personality alone for ourselves. Rather we understand that our own will is really the awareness of our soul and what it has

become as the result of Divine Love and so our soul acts perfectly from this condition and our actions reveal this in all that we do.

One observation that is pleasant to note. When mortals on Earth, not realised as souls in their full potential, when these individuals begin to progress through the Divine Love Spheres, particular attributes within them surface and one may feel attracted to study such soul attributes so that a soul can realise and live-out all potential given to it upon its initial creation.

There are young souls such as children who live in the Divine Love Spheres. The perception may be that only adults begin with Divine Love. Yet, all souls are welcome to the awareness of Divine Love and sometimes an affectionate name given to these little ones when they are at play or studying or with other adult spirits is "Celestial-lings". It is a delight to see these sweet souls in Divine Love play in the fields of these Spheres. This leads us to the awareness that when a mortal individual as a youngster leaves the world and arrives in spirit their soul and individuality will mature and their personality through spirit experience does progress so that growth assured and the infant or young child will become an adult. So much as I have said before, happens in the first Natural Sphere and this is where any previous physical condition on Earth that may have been a difficult condition, is alleviated and one is no longer subject to these physical conditions although the soul still reflects its true condition and all else is to follow.

Thank you for this communication and I leave you now and shall return to continue in the awareness of Divine Love.

Hello, and many blessings to you all as Divine Love surrounds us now and we are all in its beautiful presence. Nicholas and Zara have read the question asked by the loving soul S\_, I have perceived this question through Nicholas' thoughts, and so more awareness can light our way together.

When people through all stages in their cycle of soul life depart the Earth it is a sensitive and often emotional time, and my words and soulful expressions to convey this message, are sensitive to this reality. All of us, as indeed I was when a mortal man, understand our experience in the passing of time as primarily finite and the familiar habit of dawn, mid day and dusk, day and night, age and years and hours and the seasons of the clock turn their way through the experiences of life. Mortal life, as everyone knows, begins hopefully a long life ensures to a ripe old age. Sadly, this is not the case for many people.

The reality of the spirit Spheres is that time is no longer subject to the mortal age or clock; the aging process of a physical body is non-existent in all the spirit Spheres. The Father knows the time and is wise to it and so when a child becomes a child-spirit, this child now exists in a Sphere that is not subject to organic time. This means that this child is not going to grow old or to grow up in the condition of a physical body and so this child does not need to grow for 80 years and to become elderly. This child-spirit will grow to a particular beauty sustained there without ever experiencing the physical mortal condition of aging.

**A SPHERE may simulate or being likened to a CLUSTER of MINOR SPHERES:**

Each minor zone or region may represent a plane within a major sphere. A plane is not a sphere.

One's soul condition determines where one resides. Your personal illumination is a reflection of your soul condition. The luminosity of one's soul fits that spirit person to live within an environment that matches that luminosity.

As one grows in love, firstly through their Feeling Healing, their soul condition improves, and this is reflected through the spirit body.

A spirit person, whose soul condition is poor, lacks luminosity and would reside in a dark environment, until they heal themselves. The luminosity of any environment is a direct reflection of the luminosity of the spirit people residing there.

Thus, the 'hells' are places of darkness, whereas the heavens are regions of ever increasing brilliance, reflecting the soul's progress in development of love for themselves and our Mother and Father.

One can clearly imagine a soul living in the ambience of the bottom diagram would be overwhelmed by the brilliance of the upper diagram. Clearly, it is not possible for a spirit person to move into an environment for which it is not yet fit for.

Between each major sphere structure is an entry and exit point connecting adjoining spheres. This further manages movements.

As one progresses in their development of love, they progressively move up through the planes within their sphere until they are fit to progress from that sphere and enter a higher and brighter sphere.

Progress is always upward to higher and more loving and brighter environments.

We all commence our journey by entering the 1<sup>st</sup> natural love Sphere.

There is the spirit in the soul and the natural love creates an energy which will grow the soul in spirit so that the personality and individual will, even though not subject to the physical world, progress so that through spirit related experiences of learning this child-spirit does evolve to become more substantial in image and individual identity and nature. It is another Truth revealed in this awareness for the Father has provided the way for circumstances such as these to be engaged so that a child-spirit is not to remain an infant spirit, unable to become cognitive of greater workings of Love, Law, and that for all time, a child remains a child-spirit and is stagnant. Many of the more experienced spirits do help these young spirits just like in the Divine Love Spheres; the Celestial-lings helped, nurtured, and cared for. The Father loves to look after our souls and provides a way for this to occur.

The experience of time in the Natural Spheres changes relative to the condition of the souls in their Natural Love. This experience of time changes once again in the Divine Love Spheres and on into the Celestial Heaven. The condition of soul by Celestial spirits helps create an understanding of time so that all Spheres below seen in their true context of spirit-Sphere-time and this mortal world of time. Jesus for instance, having received so much of the Father's Love lives in a condition of time that is in perfect harmony to all existing times relative to the souls in all Spheres. This is why his timing when introducing souls of the Natural Love into the Divine Love is always perfect for that individual. The Celestial spirits can arrive by your side in this mortal world always at the right time and although there is not a watch that one wears in the Celestial Heavens, when we come to be by your side, we always arrive at the right time for you and for us so that the Father's work harmoniously done.

Attuned to these Spheres of time, sensitive to them for a soul who is living in a condition of darkness feels time very close to them and this can almost feel like an eternal trap. One of the first things these darkened spirits become aware of when they begin to alleviate their condition of Compensation and their love begins to expand through their soul and especially when Divine Love is involved, these individuals begin to rise out into more time and can see how small they had created their own experience of time. Their Sphere reflects this, their Sphere that once sustained their darkened souls, seems from their perspective a very small and slow place.

Illuminated souls in the awareness of Divine Love have such presence and awareness that when they teach natural souls of the way to partake of this Love, that the change of time in this experience will occur and as souls move into the Divine Love Spheres, the presence of this Love establishes a real sense of spirit perspective time. To complete this message from purely a mortal perspective the machinations of life in these spirit Spheres is extraordinary and all spirit Spheres have their existence created by the Father and do not require the mortal Earth to give them their existence. Although souls make their way from Earth into spirit, the experiences of spirit are so real souls who have not led a full life in the flesh. There is abundance of experience that fulfils each individual need.

This has been most enjoyable and a loving in awareness and in blessings of Divine Love let us say "thank you to the Soul, Our Heavenly Father".

I enjoy participating with you all in this way at this time.

Hello and this has become a most enjoyable discussion and I am as happy as a spirit to be participating with you, as we are all souls accepting in the awareness of Divine Love and this is most pleasant. Spirits discuss many discussions such as these on such subjects when they first commence in the presence of Divine Love in the First Divine Love Sphere. This First Divine Love Sphere is most interesting for individuals are still very much with a natural experience and so in their new awareness many understandings and learnings are open so that individuals may find their understanding of the life. As Nicholas read with Zara, the posts (On the New Birth Message Board) I will try to contribute as a voice that is in concert for it is most exciting that we are all sharing our love of the Father, each other and of all souls in life.

When souls such as have been discussed here, are in light in awareness of Divine Love and in the First Divine Love Sphere, the reality of the context of Jesus' life becomes evident. When Divine Love is involved, a soul sees the real way Jesus lived his life and the Truths that he lived his life. This affects a soul for one ascertains such dichotomy. How could people treat Jesus, who lived only in Love, without such respect for love? Therefore, part of the introductory effect of Divine Love causes a soul to see the Love of Jesus unlike ever before and this greatly increases our love not only for the soul Jesus, but also for his love for us and his love for the Father.

The difficult part about Jesus' life when on Earth is that he knew the reasons why individuals acted in the way in which they did. He not only experienced the effects but in his soul nature, His Father's Spirit had shown him why men and women act inharmoniously to love and so his vision could see all this before his own eyes. He understood the workings of natural man and much of this kept in silence. I have learnt this from those Celestial spirits who were with him at the time, are with him in these Celestial Heavens at this time, and are still working in the service of the Truth.

The presence of Divine Love in our souls, that awakens us to the way humankind treat one another and when we learn the workings of Love and the causes that create such erroneous effect, we then know like Jesus, how the actions are when Love is not present. Yet behind this a greater truth surfaces and this is in our own soul, for we know and have learnt, even though Love may not be present in the actions of men and women, it is exactly this need that these individuals are acting out their need for – love. When these individuals eventually progress their soul, they see how much in need of Love they are which has caused their suffering and affliction to which others may be on the receiving end. I had to learn this when I first commenced receiving Divine Love: forgiveness, forgiveness, forgiveness.

I have a keen knowledge of the workings of the Laws. I can state quite clearly that when an individual is subject to the wilful transgression of another, such as the experience that Jesus was exposed to, as a definitive expression of all the cruelty that individuals create toward one another day-in day-out, no mortal can ever or does ever take advantage of the Father's Will.

The Father's Will in very real terms, are the workings of all His Laws in Love, which apply here to mortal and spirit soul-life. Even though one may be acting contrary to these Laws and believing that they are gaining an advantage over another, in time in the spirit Sphere, one will see the error of their way and be subject to these conditions to which the advantage ceases and the reality of their condition sets into play the real condition of a soul.

### GATEWAY BETWEEN SPHERES:

Each sphere has a single gateway between itself and the next ascending or connecting sphere. The location of this gateway is in the same relative position for entry and exit between the two connecting spheres. This region is commonly referred to as the Sea of Glass, being one enormous circular crystal.

Those celestial spirits coming from the Spheres of Paradise would proceed through gateways of that system, then down through the Eternal Spheres, and then down through the Celestial Heaven spheres before entering the mortal spheres for Divine Love Mansion Worlds and the Natural Love Mansion World spheres to the 1<sup>st</sup> Natural Love Mansion World sphere.

As one returns back up through the spheres, each sphere becomes brighter in brilliance and vibrancy than the prior lower sphere.

Within each sphere there are host of related minor zones that may be referred to as planes. These minor planes achieve separation of those with their different soul condition so as to enable harmony to exist throughout all the planes and also the different spheres.

Consider the joining point between two spheres as being portals, or simply as bridges. One can travel readily to spheres lower than their condition, however, to travel to a higher sphere, one generally needs to be assisted as the environment in higher spheres is very uncomfortable for one not fitted.

The magnificent crystal – sea of glass – serves as the receiving field for all transport seraphim and other beings arriving from points outside the sphere; such a sea of glass greatly facilitates the landing of transport seraphim.

When people arrive in spirit and the great acclimatisation to these new environments occurs there is not a universal Sphere language that one instantly learns. Individuals still communicate in their native tongue and just like on Earth, one may have to learn a new language in order to communicate. When a French-speaking individual meets a Chinese-speaking individual their soul may feel a knowing of gesture yet one can only communicate from the condition of what one knows and has experienced. Many Celestial spirits speak many languages for they are all from unique countries at different stages of the Earth's history and English is one of these languages. We tend to use in these Celestial Heavens, a perceptual language of Love for we have our mind attribute of soul that is well advanced and our perceptions can communicate the Divine realities that exceed mortal natural concept of language.

This helps to identify the way truth is communicated, and understood by the receiving soul. A Celestial can communicate a truth to which many perceptions then seen and felt which educates a great working of a Law in Divine Love between a soul and the Father. I would like to say also that it is unusual for so many truths to be present in a work like the Padgett Messages, for some, indeed a great many of these truths, are very sophisticated and require good soul condition to live and understand them. To see so many truths in one place from so many individuals in all varying soul conditions is a remarkable work.

Here in spirit, an individual of Natural Love first introduced to the awareness of Divine Love and then at his or her own desire, their progression commences and the First Divine Love Sphere becomes a reality to them of its existence, from which a gradual learning begins from the Divine Love. This way the Truths are in harmony with their own soul progression in Divine Love and the workings of truth are not confronting but assisting their enjoyment of living as a spirit in Divine Love.

Natural spirits do not receive great Celestial Heavenly Truth in great volume to begin with. Each is introduced into the awareness of Divine Love and invariably the Celestial spirit is so glorious that the Natural spirit need only see the Divine spirit and the introduction and existence of Divine Love is confirmed. Fortunately, there are many truths conveyed by the spirits so that in the awareness of Divine Love they can be assisting as one in Divine Love can in soul, become at-one with a Divine Truth that is in harmony with the stage of condition that one is in and this is peaceful and revealing.

Hello L\_, Divine light is a term that can mean many things to the culture and peoples who use this term. The attribute that is not celebrated is Jesus' Truth, which is from the Father's Love and the way to the Father's Divine Love. From our Celestial living, we can see when a soul has received Divine Love even if the great truths are unknown; some can even see the Holy Spirit working to convey the Divine Love. Humanity in all its forms is too great for me to determine who has received Divine Love, who has not, and what name they choose to call the Eternal. Many natural souls give wonderful names to spiritual realities yet the Divine Love really individualises the individual and perhaps this is a significant difference between what is Natural and man-created in soul than Divine Love and Father-created and given to in-soul.

Just like on Earth, many spirits in the Natural Heaven still celebrate their once mortal faith or spiritual beliefs. Even newly created beliefs pertaining to the big-all and yes, collective groups in vast numbers are attracted together to form and live in the same Natural beliefs that were created in the mortal world and still live in this way as Natural spirits in the Spheres. The notion that everyone who arrives in spirit participates in one gigantic Sphere spirit sing-along or goes to Heaven is untrue. As Jesus taught, a mortal can only rise as high as its own source. In the Natural Spheres, this truth determines a lot about

the way spirits live. The perfected natural spirits live this way and people from different countries stay largely together in attractions of soul condition in the Natural Spheres for there is nothing created by the Father to show them any other way, Divine Love is for all spirits the way provided by Father.

In the awareness of Divine Love, and to become aware of ones Natural Love and to act with love in Love, to find humanitarian resolution in this mortal world is a beautiful way to be. Whilst mortals dawn the Earth, even we here in these Celestial Heavens work toward the day when the sunset will be one of complete Love, light and in the life and awareness of the Natural Love of man and with the Divine Love of God.

It has been a pleasure to contribute and I hope (as Nicholas is concerned) that the message is not too long – that we together can share more in this mortal and spirit example of souls living and working together in our celebration of light and Love.

Gandhi

Hello. In tonight's message let us all shine our hearts with light in thanks for the ever flowing of Divine Love. In your prayers and in feeling the presence of Divine Love within you, imagine the Father's Soul as a beautiful deep well that is overflowing with soft blue light that then flows on in to your own finite well this, being your soul. Rejoice in good spirit and peace among you all and this peace is real and "Fatherly" true.

I am happy conveying this work of light and awareness. I can see from this participation how happy the spirits were when being guided by Jesus in the work that was done with James Padgett and also when individual Celestial spirits come to your side and visit you as a friend in the well-waters that surround you, being Divine Love.

In our Celestial homes, which are constructed of spirit matter, we can make the light shine brighter or softer when we are resting. We are light sensitive and need rests from the full illumination during our activities. If you like, we rest in the peaceful silhouette of spirit and when we are active there is far more illumination. We do see that as we move through the Spheres, that the construction of spirit matter becomes more solid in form and the most solid form is of course the matter of the mortal world.

It is amazing to see how these spirit forms in the Celestial Heavens are created, because souls with the knowledge of the spirit Laws know how to work with the Father's attribute of Spirit to create places that seemingly manifest in the moment. As you know, we do not have the Sun or the Moon, yet we do have the presence of light, which seemingly emanates all throughout the immense Spheres. To describe the beauty, it is as if we are all living in the Father's halo.

There are colours in the Celestial Heavens and these colours are essences, which individuals use to form environments that facilitate their pleasures. There are in the Spheres and the Heavens places where many individuals meet. If you like – Celestial-meeting places – where discourses given by individuals on a particular subject that is revealing in their study of the Father. I would quite like to say here, that

just like on Earth, individuals study the material form of the Universe in all its matter and working. Here in these Celestial Heavens, individuals specialise in the study of the spirit Universe that the Father has created and we all listen with great intent to learn more about specific fields that help create the form and forms of the Father's Eternal Realms.

Quite often, a Celestial teacher will visit the lower Celestial Heavens and Divine Love Spheres and answer questions asked by individuals who would like to learn more about their own relationship with the Father. In essence what all individual spirits know is that learning to know the Father in all makeup is the greatest study of all and a real soul's delight to pursue such living knowledge. When a soul in the Divine Love Sphere becomes freer from their natural conditions, their soul "feels" the presence of the Love greatly. This presence is like a magnet, and becomes activated and the soul desires to be even closer in attraction to the source, for the Love becomes more real and one knows how good it feels to be in such good rapport with the Father.

Jesus, when he visits and teaches our souls more about what it will be that we will be teaching others, does enjoy this. He often delights in expressing much humour as we spirits really like to feel the sensation of sharing joy from humorous perceptions just like when on Earth, yet our humour is always constructive and never at the detriment of an identity. As I have listened to Jesus, the outstanding and astounding knowledge that he has on mortal life is something to behold. Any question he can answer that involves the life that is mortal from the First Parents through to present day and in this, I mean the Seasons of the Father and how the Father has commenced these Seasons on Earth and the workings of natural man in the attributes of a mortal creation to present day. He knows the lay of the mortal land and all that is going on for such is his soul condition attuned to the influences of the Father's Spirit that so guide natural man in the mortal world.

In the mortal world and all the Natural Spheres and Divine Love Spheres and Celestial Heavens, there is no other individual spirit that has their arms around all humanity and spirits; there are only Jesus' arms and the Father surrounds his arms. There is not another spirit beneath him or above him that has any sovereignty in all the Spheres and Heavens that involve mortal life. His attention is ever to bring and to help individuals help others bring the awareness of Divine Love to the sincere soul who so desires to know the Truth of their Heavenly Father.

Other spirits help Jesus and the Father do this. Some of these I have not met, but know of their existence and these individuals' help in the constructional makeup of the Spheres, of all the Spheres and work with the attribute of the Spirit of God. These individuals have mastered the relationship between the Spirit of God and the creation of all energy in all forms and this is where my knowledge of such things comes to a point where I do not know any more at this time. I am told that eventually such wonders will be revealed yet as I have mentioned before, I cannot go there in finite spirit form as I am still not sufficient in the Love to understand or comprehend such workings at this time.

This completes this message and I stand in the Well of the overflowing Divine Love with you all. God bless abundantly, your loving friend,

Gandhi

**EACH SPHERE PROGRESSIVELY LEADS to the CENTRE:**

Consider that the mortal spheres, both for the Natural Love Mansion World spheres and also the Divine Love spirit Mansion World spheres progressively are further away from Earth, with the 1<sup>st</sup> Mansion World blanketing Earth. Then next are the immortal Divine Love spirit spheres known as the Celestial Heavens, then the Eternal Spheres, Infinite and Universal Spheres.

Our own solar system is in the outer edge of a super-universe, being one of seven. In fact, the outer ring is a series of seven super-universes circulating around a massive inner sphere.

We may progress towards the absolute centre, to the Spheres of Paradise with further development as an immortal Divine Love spirit, having completed our Feeling Healing. These form an inner circle around the Super Grand Sphere that surrounds our Heavenly Parents' Soul.

Finally, the last remaining Sphere beyond the Super Grand Sphere is our Parents' Sphere. We can and all will, should we choose, make this journey in our own time and as we please.

**NATURE and STAGES of FUSION:**

**Seventh stage of Fusion** of individuality is the transition from the Eternal Spheres towards the Spheres of Paradise. The individual is now fully fledged in their union with God and can travel around the entire soul Sphere that God is and resides in.

**Sixth stage of Fusion** truly demonstrates how the personality is infused with extended attributes of mind-spirit function as the individual progresses from the Celestial Heaven and enters the Eternal Spheres.

**Pre-Incarnational Sphere:**

**First stage of Fusion** is the separating of the soul into two, each soul half being complete on their own.

**Fifth stage of Fusion** transpires when their natural love changes and one's soul progresses to the condition to be of Celestial soul quality, one enters the Celestial Heaven.

**Fourth stage of Fusion** involves the Divine Love. This can happen at any time during the natural life experience of the individual. Happens when the Immortal Divine Love enters the attribute of the soul for the first time, either when in the physical body state or spirit body state.

**Second stage of Fusion** is simply defined by the incarnation of the finite attribute of the soul to acquire a spirit body and living attribute of personality, which commences the finite soul's individualisation of mortal life experience.

Spirit body →  
Soul →

**Third stage of Fusion** in a soul's life is its transition into the First mortal natural spirit Sphere. This stage is defined as the ending of the physical incarnation and the beginning of life in the spirit world.

Hello and an uplifting of the spirit as it is with Divine Love,

I direct this message to the request of M\_ and her husband A\_. The reconciliation of love is one of goodbye and hello. M..., your husband has within his soul a little grief from long ago when his father passed into the spirit world. The feeling that comes from loss and from not being able to say goodbye has kept a sense of sadness within your husband's soul. That now requires him to forgive himself and to let this goodbye go into love and into the liberation of saying "hello, my dear father I love you".

His father I sense with my soul's perceptions, desires to say hello and that his son, your husband need no longer live in the shadow of the past regarding the event of not being with him at the time of his passing. Your husband was not responsible for his father's passing and this requires forgiveness, as his father in spirit has also learnt forgiveness. When souls are in Divine Love in the mortal world, such as you are both, Celestial spirits do visit you even if one may not be entirely aware of their presence. I have not met your husband's father personally as spirit to spirit, yet I do know that when you both decide to pray to the Heavenly Father for Divine Love, ask for your husband's father who is a spirit to be present and for your husband to act in faith and to say "Hello my father" and "I love you". See this as a new beginning and in this time, your husband will sense a lightening of the heart. These interactions among family members really do happen and it takes faith to act in the knowing that these exchanges do transpire and that the respective spirits are present and all giving's are received from mortal to spirit and from spirit to mortal. Set a nice place in your house aside for you to pray in and ask in your soul thoughts for your father-in-law to be present. When your father-in-law is present, ask if he knows of the Heavenly Father's Divine Love and trust in the open receiving of your feelings and the truth made known and clear to you.

There is no need for events that have transpired in your past to cause soul affliction in the present. Our Heavenly Father has provided the way that reunions between mortals and spirits who were once related when on Earth, to share and to find the present together again.

Trust in faith, love from your spirit friend,

Hello and I have arrived to be by your side to continue our work in light.

Can sound be heard in the Celestial Heavens and Divine Love Spheres? As our soul becomes refined and its essence, with which the Father first breathed life into its creation, becomes Divine, the senses of our soul become like ears that can hear the sounds of the Celestial Heavens. There is no material sound of the mortal world; however, our soul made and created with the capacity to hear sound that created by soul and by spirit. An example, if you look at the stars or a very calm ocean without any breeze the inner senses can hear the sound of its presence. The sound is around and the inner senses hear it and, the mortal inner ear relates to this energy. When one leaves the calm ocean or it is daytime and one recalls looking at the night skies, one is listening to the sound of the memory of the experience of being there and hearing the presence and awareness of its life.

We visit places of real living spirit beauty, our soul senses listen to the presence of these forms, and we interact with the sound of each presence. Soulmates who live together in these Celestial Heavens can share in their essence together and this creates a union of sound, which felt and heard with a most wonderful soul love. Individuals who are familiar with creating music can create the most glorious works and even perform these works and all listening delight in the essence of their work, which heard within each soul. Glorious creations of music are created that celebrate the union between a soul giving love to the Father and when this love is given, there is an outpouring of spirit that amplifies the spirit within each individual and a full acknowledgment in music sound and love is shared between those present and the Father.

If a person thinks loving thoughts of a spirit, then that spirit will receive them even though they are far apart and the spirit if called for will come to the mortal. This does happen, for spirit in its attribute of existence not confined solely to the spirit Realms, nor hindered by the material world. When Nicholas has been thinking about our experience together and I am not by his side, it is not that I hear every thought that ascends my way to my residence in the Celestial Heavens, but rather as time passes and we form a connection, I sense a knowing that it is time or nearing time to meet. When I am close by, I can, if I choose to see what he is thinking yet Celestial spirits respect the boundaries and just like all individuals, communicate according to the need. He can hear my soul thoughts quite clearly and we can interact visually, which is a perceptual experience so that he can hear and see the sound of my voice ... although it is my soul voice.

This reveals how easily it is that the Father can hear the sounds of your soul. As time passes from your initial awareness of Divine Love, you can hear the familiar sound of its presence in the awareness of your soul that is now living with Divine Love. The Father can hear your soul aspirations very easily and responds in Love.

Your true friend in spirit,  
Gandhi

Hello souls in Divine Love,

In this message on the awareness of Divine Love, we will cover some of the differences between the mortal world and the spirit Spheres. Firstly and very significantly money does not exist in any of the spirit Spheres. There is nothing to buy, trade or to sell. The world of money is entirely a mortal created experience and stays in the mortal world. This is an obvious insight yet a significant insight for the determination and motivation of the will of men and women on Earth involved in the world of money is no longer the agenda for a soul living as spirit in a Sphere. Money plays a large role in the drama of the world; in the Spheres, this drama does not exist. In the mortal world, so many boundaries related to the availability of money, in the Spheres the Father has created the boundary to be that of the soul condition of the individual. This awareness highlights the difference in conditions that individuals are subject to, for in the Spheres the agenda for living is entirely soul related.

It has been an observation of mine with regard to soulmates that are together in the Celestial Heavens that souls created by the Father as soulmates incarnate within a relatively short period of time in terms of Earth years. For instance, a soul does not incarnate 3,000 Earth years before its counterpart incarnates. The Father is aware of the symmetry that each soul individual is to experience, and this provides a continuity of experience. When two individuals meet and become united, their symmetry of love and experience with one another as Divine soulmates is realised from each individual with Divine Love in their soul. This is an economy of experience and not a gulf of separation to prevent progression and sharing.

When souls become spirits and commence their life in the Spheres, the physical body and organs that make up the physical body are no longer present. This is an obvious fact yet what amazes these individual spirits is breathing. The habit of breathing is still present yet one does not require oxygen in the spirit Spheres. To be alive and not breathe and to continue to survive is a real revelation, to exist alive in the afterlife without breathing is extraordinary for spirits when experiencing this for the first time. If one works their soul perceptions, this fact reveals another unique difference between mortal living and spirit living. The soul is an extraordinary attribute; the soul made fit for many unique environments.

The Celestial spirits taught in some of their messages conveyed through James Padgett, that a mortal soul is a finite attribute of Natural Love and this is true. In the Celestial Heavens, the image of this attribute fused well in Divine Love and part of this fusing is the attribute of one's Indwelling Spirit. I make mention of this for the vision of Celestial living is that individuals live with their attributes fully visible, and this differentiates the soul from the image that it once was in Natural Love. Now the image is the individual soul fully living in its attributes with the Father. This is why the attribute of beauty; the attribute of mind; the attribute of individual love; the attribute of individual will; the attribute of individual spirit; and the attribute of individual personality, to name just a few, are all extensions of each individual who now lives in the full light of their own potential. The Father as Soul has many eternal attributes and we as Celestial spirits have many finite attributes, and so the Celestial Heavens are abundant and fulfilling Heavens for each individual.

Hello sweet friends and in the awareness of Divine Love I will begin this message.

It has been quite a night so far, and the number of souls present illuminates the Divine Love of the Father with you as White Feather and Tristiana conveyed their messages. Your energy is high and good and so let us begin – The structure of the Spheres with their boundaries forms a practical reason why the Spheres are specific. In the wisdom of the Father in the way in which the spirit Spheres are to exist, they exist so that mortal souls have an environment to live in that is contained. The way mortal living on Earth in Natural Love is and slowly with the awareness of Divine Love and Its existence present and available, people know that a mortal life is contained and on the Earth. If a soul then passed into the spirit world and there were no Spheres, just the continuance of life, then the condition of soul would be unbounded. The ability to move around great distances would be continuous and individuals would not be content to be contained, and so the will of mortals could take them to places everywhere in the universe. This would mean that the Father would have mortal souls quite literally all over the place doing all sorts of things. The structure of the Spheres is so coherent that one can objectively understand that these Spheres are for mortal living and that they are mortal environments.

The structure of these Spheres present the factual reality that a soul, in order to move from Sphere to Sphere, has to progress. This is why the Divine Love is the generator of soul progression, for the nature of the Spheres in the way in which the Father has created them, is that to become resident as a citizen of the Celestial Realm, it requires Divine Love. The Father has placed a boundary of the perfection of Natural Love, which illustrates that the will of the individual is free and can only help to perfect a soul that is free to a set condition, which is perfect in Natural Love. The will of the individual is a gift, free and so the Divine Love is a gift that is free yet, the will in harmony with Natural Love is free to progress to a point where perfection obtained, however this perfection cannot progress any further. The Divine Love is required in Its presence and this gift can take the gift of free will all the way to the Celestial Heavens and even further into these Heavens. This illustration can provide individuals with the understanding of what the word 'gift' actually means.

When Jesus left the Earth, arrived as a spirit, and commenced his life in the Divine Love Spheres and the Celestial Heavens, there were not many mortal souls to welcome him. Some individuals listened and prayed for an Inflowing of Divine Love from the Natural Spheres as these abundantly filled with Natural souls prior his arrival and during his life and teachings whilst on Earth. It is with the use of one's soul perceptions to consider these realities for in the presence of Divine Love it becomes clear how these two varying structure of Spheres have been created, for the Father had determined that there was to be in existence two Loves – this being Natural Love and Divine Love.

When I arrived in spirit like all souls, I had to adjust to this new way of living. I was a man of Truth and I progressed in Natural Love to the 6th Sphere, however my desire for Truth was restless. It was here that I met with a Celestial spirit called Matthew who showed me the way to the Father and I listened for he communicated Truth and this calmed the restlessness in my soul and my spirit could hear the way Truth sounded when soulfully spoken. I did depart as you all know the Earth at the wilful hands of transgression and I have long since forgiven this individual, for I understood that a large part of my life was action taken against transgression or transgressive behaviour.

I love you all and on the breeze of awareness in Divine Love, Your loving friend, Gandhi

Hello Nicholas and Zara, following directly on from Carl (C G Jung)

I desire to write on the awareness of seeing. In the Divine Love Spheres as a soul progresses through each Sphere, the presence of Divine Love in the souls becomes more evident. The real seeing of this awareness is to see souls in Divine Love; this places into context the teachings of Jesus. When Jesus seen teaching about the Father's Divine Love there are so many individuals in Divine Love and the manifestation of Divine Love is so present that Jesus' teachings have real context in which each individual can relate. Individuals in the Spheres and Heavens have embraced their way in Divine Love so, when Jesus the Celestial spirit seen, this places the whole realisation of Divine Love in its true reality.

When one leaves these Spheres and Heavens and moves to the Natural Spheres, it is that one sees instantly that the living presence of Divine Love is not present in these souls. There is a lacking of this presence although in potential the Divine Love is still available and received by these souls. When you in your mortal experience receive Divine Love, and embrace the Father in your own soul and live in this awareness in Divine Love, when you look and see the world that does not know of such Love or the existence of it in its truths, then this is the same experience as in the Natural Spheres. When our work is complete in the Natural Spheres, we return to the Spheres and Heavens and the presence and awareness of Divine Love becomes so visible again as these environments reflect this and the light is very welcoming and regenerating.

When a Natural soul first learns of the existence of Divine Love and chooses to participate with this Love even as I did, the reality of this Love is so very new. When one is as I was, guided to the First Divine Love Sphere, there is an excitement and anticipation that one feels in their soul for one can see a completely new environment where souls are participating in a completely new experience that does not exist in the Natural Spheres. It is quite extraordinary to see the comparative existence of the Natural Spheres to the Divine Love Spheres. When Divine Love first prayed for, it is a new experience. Jesus comes from his Celestial home, usually accompanied by other Celestial spirits who are well versed in their teachings. When Jesus speaks of the Father's Divine Love we can feel the Divine Love from the Father in our soul, if ever one needed confirmation, then this is it!

Awareness is almost a form of seeing and to see what was once unseen changes everything. Firstly, with Divine Love, we are seeing from our own inner soul and yet by participating with Divine Love our own soul then becomes seen, and the Love itself seen from our own new soul awareness. It is a lifting of the veil to acknowledge within ones soul that they are in the presence of the Father. To complete this message, Celestial spirits and souls newly in their Divine experience begin to see the workings of the Laws of Natural and Divine Love. Once one becomes aware of the existence of such workings so that one can see in their awareness many truths acted out in their workings that reveal the living way of individuals as they experience life as a soul seen or unseen.

With love and in the presence of Divine Love,  
Gandhi

Hello Nicholas and shining souls in the awareness of Divine Love,

In this message, I would like to write about how beautiful the spirit body is. The spirit body really comes in to its own creation when a spirit is in the Spheres. When a soul incarnates in the flesh, and the attribute of the spirit body first created, it is present, however most people in fact, just about everyone, sees the physical image only and each relates to one another in this physical way only. The spirit body is present and yet it is not seen and visible to the extent that it is here in spirit. When a soul has progressed in Divine Love to a considerable degree and especially in these Celestial Heavens, when we look at one another, we are seeing the image of the spirit body and this is our definitive image or appearance. These spirit bodies shine with such illumination for the quality of soul condition manifests the energy of a soul. This energy is like light shining all through the spirit body and in this way, our appearance seen. It becomes clear there is a difference of the light in the spirit body that has received the light from Divine Love as opposed to the spirit body of a soul still in their relative condition of Natural Love.

The spirit body created instantaneously when a soul incarnates for the first and only time. In the Padgett Messages, Nicholas is familiar with the teachings, that each soul has its own energy and this energy is the spirit of each individual soul. This is very true and this energy and spirit becomes active to a large degree and continues to manifest as attribute in a soul as the condition of a soul becomes Divine in substance and not in image only. When we spirits in Divine Love visit people who have been praying for Divine Love, we can see with our soul perceptions and our own spirit eyes, that the spirit body of an individual is somewhat changed in energy as the direct result of the active workings of Divine Love. If one stops receiving Divine Love the Love is still present in the soul, yet the spirit body may diminish in its Divine illumination as the energy of the soul and the inner spirit ceases replenishment. Individual spirits who have received large amounts of Divine Love can work with the energy in their soul and can manifest their own inner spirit to such a degree that one is seen to become fully illuminated or when resting, to become more diminished so that the soul and the individual can rest. I have seen Jesus when fully illuminated. Spirits have mentioned his appearance as glorious compared to that when he is quietly moving about. Spirits when conveying their messages to James Padgett illustrated this.

The spirit body is truly a spirit creation for such is the design of it, to sustain the soul in the Spheres after its mortal physical life is complete. The spirit body is robust and tangible, does change, and has the ability to change as the transforming effects of Divine Love change the soul. For instance, when a spirit in the First Divine Love Sphere reaches the Celestial Heavens their spirit body will have adapted and changed as the soul has adapted and changed by receiving the Divine Love. The spirit body is not a fixed item upon its creation, and it has the extraordinary ability to be mutable so that the spirit body of an individual always reflects the condition of that individual soul. When you see a spirit in the First Divine Love Sphere and then you see a spirit well advanced into the Celestial Heavens, the Divine Love has truly changed the soul and the spirit body in appearance between two such individuals is vastly different.

The soul is an attribute as we know, and each individual has from this attribute, many attributes contained within this primary attribute, which is soul. Even the physical body is an attribute of the soul; if one sees soul as first all that is to it and from it are attributes. The Divine Love perfects and engages these attributes and the spirit within each soul, which is an attribute too, become more active as a soul

individualises with the Father for the individual has sufficient perceptual condition to relate and reflect with it and the Father. Even ones soul perceptions are an attribute of the soul. The Celestial spirits are very aware of their working, living attributes of soul, and they need to be for this is how the experience is when living with the Father so that relationship and communication can transpire. These Celestial spirits can work with the spirit of their soul so that an interaction between soul and Laws can transpire and this helps one to learn and become content and happy in their life with the Father.

It has been most pleasing to write and in the awareness that Divine Love brings, love to all,

Hello Nicholas and beloved souls of the Father,

This message is of real significance and importance for it defines the New Birth awareness in Divine Love from the perspective of a spirit, this being I, who did not experience this New Birth awareness as a man when on Earth. Like so many others, my life was a mortal affair without knowing the Divine Love in context to the teachings of the New Birth. When a spirit commences to receive Divine Love here in the Divine Love Spheres as I did, the reality of the New Birth and the awareness that this brings as one learns to define the difference between what is natural and what is of the Father – with regard to the Divine – is seen very clearly. This New Birth awareness in Divine Love is seen with real clarity for one meets and sees others spirits who are well underway in their New Birth awareness, and so one has perspective and vision about where one is going to go, with continued prayer and study of the influences of Divine Love. The Celestial spirits, who have a wonderful condition of soul from this awareness of the workings of Divine Love, verify and confirm the potential to be realised in the making and the fulfilling of ones own transformation from the natural into the Divine. We can see other spirits, meet them, and discuss with them the living way in this Love so that we may come to know and expect how the effects of this Love will be in our soul. What may appear unfamiliar to begin with becomes familiar, for other souls are well on their way in their New Birth. Each individual experiences the Divine Love in their own soul and so this awakening is an individualised awareness and it helps so much having Celestial companions and friends to discuss this individualisation of the Father.

I know, as do many other spirits, that our New Birth awareness has transpired here in these Spheres and Heavens; we did not participate with such truths relating directly with Divine Love whilst we were mortal and involved in our Earthly cares. An observation of the Padgett Messages (as I have seen them with the help of Nicholas and Zara) and have met many of the spirits who contributed to my learning of the New Birth awareness. For most of these spirits, they too did not experience their soul's Divine Love transformation whilst living in the world of men and women. We – the spirits in these beautiful Spheres – in conveying our messages of Love and Peace cannot tell another mortal soul how to live their life and the choices to make for their own personal destiny. Each individual is to hew this out in the choices and participation of their own life. Even though we know a great deal of information about the workings about life, we cannot determine the will of an individual and lay down a platform of teaching which all must comply with to be Divinely true. Each individual regardless of Earth or Sphere is an individual soul in the potential care of the Father.

Experiencing the New Birth awareness in Divine Love in a mortal experience introduces a way of living, which for each individual is unique. Terms such as the New Birth are expressions that fit the

Divine language and truth revealed and given by Jesus and for each it is how one learns to integrate such teachings of awareness so that they are lived and not read by rote alone. For an individual to learn about Divine Love and the Father, brings to light faith. Faith is the one consoling action that mortals have as I have observed, that is different for spirits learning about living with the Father's Divine Love. Faith in living a mortal life covers a Divine Love learning and a Divine and Natural Love living. It may require faith for a natural spirit to pray for the first time, but for this spirit to continue with Divine Love, the Divine Love Sphere becomes their place of residence where they can see the living faith, living in the way progressive spirits in Divine Love are accepting in the Father. Spirits in the 5th and 7th Sphere do not require faith like a mortal experience, for the reality of the Divine Love is seen in its splendour. Faith is largely lived in the mortal experience for the introduction of Truth and concepts, realities of the Father are not so clearly seen or known, and that is why the Padgett Messages was such revealing foundation for humankind.

Here in the Spheres and Heavens, we have so much love and respect for the experience that each individual embraces when starting out in their awareness in their faith and Divine Love. We know that you are living with such knowledge of Divine Truths that we were unaware of when living on Earth. Perhaps this is why the continued affirmation and confirmation is to keep up the prayers for Divine Love for ones faith and awareness will remain true, whilst other experiences ebb and flow throughout ones life.

With much love and in the light of the Father,

Hello Nicholas,

It pleases us so to see love in the outpouring, good honest human soul-love, in this collaborative experience for we are all shining in our awareness in Divine Love. We Celestial spirits love to know and love to see that individuals in the mortal world and in spirit are benefiting from the awareness of Divine Love. There are souls attracted to us when we do this work of light and so, the awareness shared and so the first commencement of an individual participating in the Gift of Divine Love begins. I am so happy that my message of faith was faith-felt and that these feelings generate more faith in the Father and yourselves in love.

We have all learnt that Divine Love is an individual soul experience. I have certainly seen in my experience of introducing the awareness of Divine Love to souls in the Natural Spheres, that some individuals respond openly and other individuals may not respond with such openness. I can perceive that this is the same for individuals on Earth. This leads to the emotional point of deciding to participate with Divine Love as a choice born out of the deep inner need and longing of the soul. Here in spirit, there are distinct and separate environments that reveal that a Divine Love progression not fulfilled in the Natural Spheres. I have seen and I have felt deep soul feelings when an individual chooses to receive Divine Love in a Natural environment when other family members who are spirits decide that at this time, to decline the Gift of Divine Love. Often this has more to do with the acceptance and introduction of a truth discussed and consequently the reality of all that is to transpire when Divine Love here in these spirit Spheres.

When an individual begins receiving Divine Love on Earth, as I have observed, it may well be that the individual is very much still involved with close contacts to do with ones history. These other individuals may not enjoy, at this time in their life, the Gift of Divine Love and the awareness that this Love brings as it opens the soul into light and life. Individual acceptance liberates the will for ones true individual choices embraced as a personal responsibility and commitment to these choices ... and when as a man on Earth, I certainly knew about this. Involving loved ones is a sensitive issue and we here are very sensitive to such related matters. Souls from all countries, from cultures and family relations; faiths and beliefs from all different Ages, and when an individual from the confines of their own soul comes into contact with Divine Love and the knowledge of what this Love may give and lead one too – then an awareness has been created and this changes ones individual outlook forever.

Spirituality and understanding life in its beginnings and endings is very real. Here as I am, I see many spirits who are very happy in their condition and yet at the time of their life's ending, as we all know, the loss and emotional reality of relationships changing are very true and real. It helps greatly to know that a loved one is continuing their life as a soul in spirit and more importantly, that recognition of family members or relationships remain so although the physical presence has changed, deep love remains. From my observations, I have seen that when an individual on Earth is deeply in love with the Father and Divine Love prayed for, family members who are in spirit will know that such an experience has transpired within the individual on Earth. It remains with each individual to follow the example made aware that one can choose to partake of this Love too. James Padgett was very fortunate that so many of his family members were involved. I have learnt this from some Celestial spirits who were present at that time for the work that transpired known throughout all spirits in their New Birth in these Spheres. This becomes common knowledge that Jesus had given the essential truths and awareness of the existence of Divine Love at that time and so this is well known. I have met with James. Matthew introduced me to James, and we shared in the Love of the Father together whilst we shared our respective experiences.

I have seen that the history of each life begins with a mother and father and the Ages of humankind generally made up of families. This attraction of personal experience is very real and generations have their family tree which when in spirit becomes evident for all members are present in either Natural or Divine Love. In amongst this is the unique individual soul. Each individual when all experience factored into an individual's history, when the awareness of Divine Love begins another golden leaf on this tree seen, the effects will shine, and as the experience reveals, in the New Birth the individual will be whole and understand in love, the history of their experiences.

With much love, your loving friend,

Hello.

When a spirit first introduced to Divine Love and the individual becomes aware of the existence of this Love and chooses to invite this Love from the Father and to welcome this Love into their soul, the crossover begins. From the Natural Spheres the beliefs created pertaining to the individual begin to change, as the reality and awareness of Divine Love becomes alive from direct experience. In the First

Divine Love Sphere (the 3rd Sphere), the influence of Divine Love upon a soul is very new, and the Natural beliefs of an individual begin to give way to the awareness of the new Truths that result from the Inflowings of the Love. By the time an individual progresses to the 5th and 7th Spheres, the awareness in Divine Love is a realised presence and natural belief has given way to the understandings of the Love as a way of life living in these Spheres.

In the 7th Sphere and in the Spheres of the Celestial Heavens we do not refer to Jesus as the Christ. We recognise and understand from our awareness of the Divine, that the Father becomes our primary source of Love and all such mortal terms dissolve. The existing reality in these Heavens is the presence of souls living in Divine Love, being in the Father and this awareness forms a complete knowing by each individual spirit. Whilst the Holy Spirit and Spirit of Truth are still present and available, the once mortal terms to define Jesus have gone for us spirits. Our own awareness of the Divine Love is so fulfilling that we see the real Jesus in context with the Father in context with the Divine Love that we as souls, all receive. The Truths that Jesus reveals we all participate in for they relate to the individual experience in Divine Love and so, all mortal emphasis shifts from the personality of mortal understanding to spirit living with the Father as the primary Soul of our love and affection. I completely understand whilst individuals live on Earth, mortal constructs involving personalities become the origin to which individuals are worshipped and adored. The crossover here from the Natural into Divine in spirit is definitive for the individual personality no longer sees another individual spirit or mortal as the source of his or her determination, because this awareness has shifted to the Father. The confirmation of this understanding illustrated when spirits from these Heavens communicate to mortals, praise, and declare how the Father and the Father's Divine Love is the greatest thing in all the potential for a mortal finite soul to receive.

Natural spirits who have yet to experience an awareness of Divine Love are still personality contained and have yet to let their soul turn toward the Father and to shine in the New Birth awareness of the Love. Here in the Celestial Heavens the Divine Love and the Father is real. We have received so much of this Love into our own soul that the distinction between what is Natural Love and what is Divine Love is clearly seen and the awareness of our own Natural Love prior to the crossover seen as our life experience in its complete context of the beginning of our own soul's life. There is no religion living in the Divine Love Spheres and Celestial Heavens that we have created as spirits with a spirit as the central figure of such a construct. Living with Divine Love is our normal way of life and each individual spirit is living the Love and the way the Love is living in our soul. The awareness of its workings is sufficient, all that is required and needed for our own individuality fulfilled, and so, each individual spirit acknowledges that the Father is at the centre of our soul progression and from this, we give all our love and blessings to the Father for the Love.

With love and blessings in Divine Love, and with love and peace,

Hello Nicholas,

Flowers like to grow towards the Sun, the light shines upon them, and life is beautiful. A soul experiencing Divine Love and becoming aware of this Love becomes like the flower and grows towards the light that gives life to the soul ... the Father. All our souls and my life as a spirit, is growing toward

the light of the Father. The Earth goes around the Sun and the Sun is the light of the Earth, everything goes around the Father for the Father is the light at the centre of all created life.

Truth is not a dogmatic experience in these Celestial Heavens. A spirit receiving Divine Love learns to respond to the Love firstly and, the internal conditions of the soul begin to experience its change. This New Birth awareness gradually awakens into the nature of what the Divine Love is and from this the Truths are gently absorbed and form the understanding of ones own awareness now living as a spirit in the way of Divine Love.

As the Divine Love and the energy of this Love begin to transform the natural essence bestowed to the soul, it is then that the awareness that a soul is not going to reincarnate becomes a living truth. Not a truth that is like a clap of thunder, but a truth that is nurturing from the wisdom of now knowing that the Divine Love is present and that this Love is the way that a soul can become personalised in their relationship to the Father in Divine Love. Belief that once may have sustained an individual in their natural understanding of what a life is and how a life works, simply fades and is no longer, because the awareness and presence of the Love is truer than the natural created self-belief that once existed.

Spirits in the First Divine Love Sphere (3rd Sphere) instantly recognise that this Sphere is uniquely distinct and different to any Natural Sphere. This unique difference also helps the individual who is beginning in Divine Love to unlearn the way of the belief of reincarnation, to awaken into the awareness of the truth of his or her own soul and the purpose of its true incarnation. Self created truths give way to the real soul truths and spirit truths and so part of the New Birth awareness is letting Celestial light shine upon ones spirit body with illumination whilst self created untruths are washed away and ones own soul can grow freely toward the light of the Father in their awareness of Divine Love.

This has been a most beautiful experience. Feel the Love surround you like an angel's wing, with love, your loving friend,

Hello. Nicholas and beautiful souls in the ever-increasing awareness of Divine Love.

I have enjoyed watching the other Celestial spirits convey their messages of love, peace and understanding. It is that all is helpful in creating awareness of Father's Love. Sometimes, as I have seen, people may forget in their daily life, that such Love is just at the tip of the spirit body, and with a sincere and gentle recognition of love to the Father, this causes the Holy Spirit to act and Love is in your soul flowing again.

The Truths of the Love in purely a religious experience require further expansion than from a far distant past of mortal history. The Truths liberate from this new awareness and once one has become aware of one thing, when one was not aware of it – now with awareness, a little in life has changed. Even the Father is like this. One may not know who the Father is or where the Father is, but when the awareness of Divine Love becomes known, then this knowingness becomes a Truth and one is aware of the Love and so in a little way, one is aware of the (Mother and) Father.

The New Birth is a gentle rising of awareness. One cannot become aware of the great Truths until one firstly becomes aware of the Love. The Love brings the soul slowly into the condition where awareness for the individual becomes a reality and the learning becomes known. This awareness can extend like a ripple throughout all aspects of one's life and slowly the integration of what was once unknown, now known and fulfilled. The sunlight does not light the world with an instant flash – the world turns and slowly the sunlight awakens in its dawn and in this gradual uplifting of light, the movement of the day begins; and night is just the same.

Living with Divine Love is perfect for each soul and the awareness of this Love is perfect so that one does not feel the need to act all at one time but rather, slowly become uplifted in the awareness that dawn in the New Birth of the soul. It is enlightening when one becomes aware of a Truth in ones life for such is the way to understand the experience of the causes and effects in ones life. Gradually and with love one soon learns and becomes aware of the presence of the Love in their soul and a beautiful transition is realised and this being that the Divine Love is helping one to become more whole and loving and in this awareness one recognises that the Father has been helping and Loving you all the way along.

With much love and it is so sweet to be writing again and to help in the awareness of Divine Love, your loving friend,

Gandhi

Hello, in awareness of Divine Love,

I am happy to be conveying this message for it has great import in matters relating to the Divine Love. One of the ways to change the world is not to change the world literally, and by this, I mean to change the will of determination in souls, but to change the world with awareness. Over generations, individuals have become aware of certain understandings, which were once unknown and the peoples of the world unaware of, now aware and to accept this now known knowledge as a general awareness, commonly accepted by the individual and the collective peoples of the world.

The progression of humanity throughout its Ages founded upon progressive unveilings of awareness and today individuals are seeking new things that will enlighten others so that the world becomes aware of such things. Jesus wrote with James Padgett about a religion of the future and how this will be a comprehensive one that will include the teachings of the New Birth. This religion will largely be a religion of awareness from which the world that once did not know about the existence and availability of Divine Love to the soul, will become aware and will know with awareness that exists a presence of Divine Love that is available for the soul.

The awareness of Divine Love is a soft and beautiful approach and its introduction can be as gentle as acknowledging a summer's day. To create the awareness of Divine Love does not require the Truths forced onto the will of humanity. A natural resistance to individual change may result from truth forced by the passion and will of an individual. To create an awareness that the Love is simply present and available to be experienced, and brings to light the knowing that such a Love exists in the first place and that this Love is for the souls of men and women. To create the world awareness of Divine Love allows

the individual to participate in his or her own choosing and it is like an invitation where all are welcome if they choose to invite the Divine Love into their souls. Even if a soul at their time does not choose to partake of Divine Love, at least the awareness of such a Love now known and that at another time one may desire to become a part of the living experience of this awareness.

The Truths that one learns when learning about living with the Divine Love in their soul only makes one more aware of the presence of Divine Love and how abundant this Love is for one to continue receiving. Mortal souls will continue to be born in their Natural Love, subject to all the natural conditions of the world, and so this will never change as the Father has set this way. The beauty for souls in the world is to mature knowing that the awareness of Divine Love is present so that this becomes a normal truth whether one desires to invite this Love into their soul or not.

Generations once lived only believing that the world ended at the horizon; another generation dreamed of the moon and that one-day humankind may go there and dreamed of the means to travel there and safely return home. Now for most of the world, technological communication is a worldwide awareness that once did not exist in real time and the young souls grow up in this world accepting this ready and instant communication as normal. Inch by inch the progression of humankind is always by the act of creating awareness and world awareness that becomes the accepted norm.

In the Divine Love present, which has commenced slowly, slowly individuals are sharing their experience, this creates awareness and more energy, and light creates more awareness until this awareness becomes a reality and the light from the Father's Soul shines into the world and completely known. The growing awareness fits perfectly with Natural Love for this learning is the way in which so many have learnt and progressed toward the awareness of all that is man and man's relationship to the world, each other, nature and the universe. When one individual helps another to become aware of something good then this is love prospering and sets up a chain of events that have changed the way one may perceive an experience of life to be. It is so easy to say "I am helping to create an awareness of Divine Love" and then any such questions asked can only contribute in answers that help to establish and to create even more awareness. One day the world will become aware of Divine Love and the potential of this Love, in the event one chooses to embrace.

Souls in the First Divine Love Sphere, gently introduced to the awareness that the Divine Love is present. As they participate in this awareness, the Love reveals more of the Love in Its workings as these souls progress to higher Spheres where more awareness is perceived and so, the well of awareness rises in their soul ... as the Love overflows from the Well of the Father.

With love and in the awareness of Divine Love, your friend,

Hello Nicholas, loved ones, and little ones in Divine Love,

"Where there is love, there is life" and to hear this again brings a smile to my soul for so wise was I when so young in knowledge of the world; now my knowledge is aware in the Divine and still these words ring true. I do have a sense of humour, many spirits here in these Celestial Heavens – in fact, all spirits here – enjoy such exchanges that create such feelings of love and well-being. We do smile at

different things. What I have learnt is that individuals who were humorous in their mortal life with a real aptitude to make others genuinely laugh and in actions in life, retain this wonderful attribute and contribute in their way and this shines a light when Celestial citizens are in the company of each other. One spirit once remarked that if the Father was a dancer, that he could tap-dance at the speed of light, to which all present enjoyed such a vision for we know from our experience on Earth, how hard it is to tap-dance and quickly I might add. The humour in this remark for which we all celebrated in happiness, is that we knew in this shared moment that the Father really \*can\* dance at the speed of light!

Jesus is a beautiful soul. He enjoys humour and like all spirits, delights in such, if I may say, Celestial entertainment. It is always so positive the humour created by spirits, and everyone loves to be engaged in such sharing of light and joy. Jesus is very contactable and not a figure that is unreachable to spirits. He spends time in all the Spheres that are Divine and loves this for souls are so in love in their life with the (Mother and) Father. There is a real sense of peacefulness with him. He does not need to introduce the Truths of the Father to souls who are lost or reject the Love and so he enjoys knowing that those present, as he understands the true way to be. This really is a beautiful sight to see.

He is very gentle and even the Celestial-lings enjoy his company and play their games with him and he has the time for every soul present in these Spheres. The essence that we all know is that we are so grateful for this beautiful soul for we know he revealed the Truths of the Love to us. It is in this Love from the Father that we now abide. Jesus lived on Earth, for he being the first mortal soul to learn the balance of the Natural Love that his soul was born in with the Father's Divine Love that his soul then became living in the New Birth formed complex understandings that Jesus had to learn and balance and way of these Loves. He could teach the Truths about them both and this required the fine touch of one such as him.

I met Jesus when in the First (being the 3rd) Divine Love Sphere. Matthew introduced me to him once I had settled into my awareness of the Divine Love and had commenced to progress in my understanding from my own natural life into my now Divine life. When I first met Jesus, the presence of his finite being confirmed the existence of God in God's Eternal being. I could see before my own presence, the soul who was at-one with the Father and his finite presence made me realise that love is the way and that I had met one who would truly teach me with the Father, the way of love. He knew of my life when I was on Earth and in this I realised that I was standing before the one who has met so many before, whom humanity deem as important or that the individual deems themselves to be. Jesus has met individuals from all ages, from all cultures, from all faiths and in fact, you name it – he has met individuals who only desire now, to learn about the Father. The presence of Truth shines in his spirit body and I could feel this when meeting him for the first time and being a man of truth when on Earth, I could see this attraction and that after all those long years, I had found my true teacher.

In the awareness of Divine Love, this has been a pleasure and until we meet again,

Gandhi

Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

Hello Nicholas,

In Divine Love and this presence, I am happy to be writing with you again. In this message, I would like to contribute so that others may consider and ponder with their perceptions, these experiences that transpire when Natural Love and Divine Love known with awareness to their true origin and existence and place in ones soul.

The expression to become self-aware and self-realised is common in the world. There is much study and open experience shared in the discovery of oneself and their true spiritual nature. This is very much in keeping with Divine Love when individuals become soul-aware. The Divine Love and the experience of the New Birth creates and introduces one to the awareness of one's own soul. Celestial spirits are soulfully aware and this awareness of soul becomes the way so that life here embraced from the awareness of soul and the awareness of the Father's Soul.

Self-aware and soul-aware; there are many truths that have been revealed in James Padgett's work with Celestial spirits. Gradually as the reality of Divine Love becomes more significant in ones life, the awareness of these truths gradually introduces more soul awareness within an individual and this in the due course of mortal experience and time, blends with the self so that the self becomes aware of the soul and the greater experience that is present. Soul awareness and for the self to become aware of one's soul and to realise the truth of ones own soul and that this is the real individual is a wonderment and all who begin with Divine Love gently experience this slow transforming awakening.

Many attributes make up a finite individual. When the individual chooses to receive this Love, the Divine Love, then the gentle awareness of its presence begins and one can become self-aware in realising that changes transpire and that the Divine Love is creating these changes so that more of the attribute of the soul potential engages and awakens. The awareness of soul is realised in the Celestial Heavens for the gentle transformation of the New Birth has completed the integration of the self in Natural Love to be fully soulfully aware in one's individuality whilst still learning and progressing in Divine Love.

Hello Nicholas,

I am to write about beginnings. For an individual to begin with Divine Love in the way in which Jesus has taught the Way of the Love to be, one must first become aware that such a Love, being the Divine Love, is present and exists in the first place. Once aware of this and the individual prays for this Love then a new awareness begins which is for one to become aware of the Love in his or her own soul.

The awareness of Divine Love to begin with is a most wonderful moment. To know that such a Love is present and one can easily partake of this Love is truly a gift in awareness. The New Birth that Jesus

introduced with James Padgett is for the souls of all humankind and humankind can become aware that the Divine Love is present for their soul. Each individual to a certain degree considering physical conditions can pray gently and receive this Love so that one becomes aware that one has now partaken in this gift of awareness. Such beautiful gifts become realised in one's soul and one of these gifts is faith. The faith awareness in the presence of Divine Love embraces all those intangibles of mortal parameters whilst the learning to live in the awareness of Divine Love evolves in the soul, heart, and mind of an individual.

Truth need not be feared when measured to one's will or to another's will for truths help in ones awareness to learn more about the Divine Love that one is becoming aware of now that Divine Love is present in ones soul. As the awareness of the New Birth revealed, so to in ones soul is faith, love, peace and truth. This generates more awareness so that as the soul receives the abundance of Divine Love the individual slowly feels the embrace of the Father and in an awakening of soul, one beautiful soul realises how much one can love the Father whilst the Father loves them.

Thank you for receiving this message of the gift in awareness and I love you very much, with love, Gandhi

Hello Nicholas, it is most beautiful to be with you and Zara and all those reading on the awareness of Divine Love. There are many sprits present, and as each individual commences to write there is much Love in the Father as everyone listens and this is the hush of the Heavens.

Early in our work, I said I would write about the Spheres. The Father has created the material Universe and this is like a physical body. **Like all physical bodies, the physical body exists within a spirit body.** The physical Universe exists within the attribute of spirit that emanates from the Father and is like a spirit body. This attribute of spirit is present and able to be present in all forms of physical energy and there are Laws present that contain the workings of the material Universe. All is in harmony with the Father even though elements of energy move. **Each physical body surrounded by a spirit body has a soul. The physical Universe surrounded by the spirit of the Father in and throughout it all, has a soul that is central to it and this is the Father's Soul. The Father's Spirit presence is inclusive of all that the material Universe is, in context with all other material Universal structures and this is the existence of other Universes.**

We know the teaching "a river flows no higher than its source". The physical Universe being the river does not exceed the Eternal presence of the Father. The Father has never created anything that exceeds beyond the Eternity of His own Soul. **The First Sphere is enormous and is inclusive of the whole orbit of the Sun, however being of spirit, it is more in a straight line than an actual orbit.** This enables all souls to find their way into the First Sphere to become a spirit. **These spirit Spheres exist as an identity and reality of spirit structure and are enormous and expansive in size and they are in the 'in' of space.** By this, I mean if you could peel back the physical energy of the Universe and dive in, you would arrive in the Sphere. The best example is exactly like the space that exists in the spirit body where the soul of a person is. **The boundary of the spirit body does exist, yet one cannot see into it with one's own mortal eyes and what one does see is only the boundary of their physical**

**being. To use this analogy the spirit Sphere, the first Sphere is like this surrounding the orbit of Earth around the Sun.**

It does not matter where an individual dies, becoming a spirit. There is a soul's homing beacon attached to the Law of Retraction that guarantees that a soul will cross over into the First Sphere. If a person dies in space or on the Moon, which is outside the normal environment and atmosphere of Earth, their soul will still automatically retract into the First Sphere. The Father is pure Creator – for the Laws created and works perfectly.

This has been quite complex and it is quite difficult to convey the components of the Universe and Sphere life. Many a man and woman has looked to the never-ending stars and tried to ascertain where the spirit Spheres are, the beginning and ending. Just like your own spirit body, when you look to the sky and stars, try to see with your perceptions that as spirits in Spheres, we are 'in' the realm and not physically expanding away. This may help shed light on this subject.

It has been a pleasure to write and to share with you, and with you all and to help in the service of love to create the awareness of Divine Love so that others in heart and soul may find love, peace, kindness and fulfilment and a freedom of heart. With much love and in the presence and awareness of the Father's Divine Love,

Gandhi

**Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.**

**To liberate one's real self, one's will, being one's soul, is begun by embracing Feeling Healing, so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.**

**FIRST NATURAL LOVE SPHERE:**

Of a local solar system, the first natural love sphere is of gigantic proportions compared to Earth, encapsulating part of the inner space within the orbit of habitable planets.

Earth's orbit is always centred within the outer perimeter of the first natural love sphere, always being blanketed by it.

The spirit body spheres for Earth are all concentric circles aligned to Earth.

Also aligned to Earth is also the Pre-Incarnational Sphere. This sphere is the domain of souls pending incarnation.

Depicted in the diagram above are energy lines emanating from the central universe. Our sun is perpetually fed energy as well as is everything else. These energy lines are infinite in number.

The size of the 1<sup>st</sup> and 2<sup>nd</sup> natural love sphere can accommodate all the souls that are to pass through Earth. The 1<sup>st</sup> sphere is huge. This arrangement is repeated throughout the universes.

The proximity of the surface of the 1<sup>st</sup> sphere to Earth is unknown, however it blankets Earth. The 1<sup>st</sup> spiritual sphere is clearly close enough to enable convenient connectivity between the spirit world and the physical world. The surface of the 1<sup>st</sup> sphere is between Earth and the Moon.

The 7 spirit worlds, plus the 2 Planes of Disharmony, and the 3 spheres of Celestial Heaven, these are aligned to Earth, then follows the Eternal Spheres and the Infinite and Universal Spheres.

Presently, the 1<sup>st</sup> and 2<sup>nd</sup> natural love Mansion World spheres are jammed to the rafters, so to speak, with more than some 200 billion spirit personalities.

Hello Nicholas,

I have come this time to say good-bye. The beginning of our work together helping to create awareness of Divine Love has been a most loving service. The awareness of Divine Love is always present whilst the Divine Love is being received by souls and whilst souls are learning of its availability to them. We have conveyed in our work together, a most wonderful love and with each individual contributing throughout these messages, I would like to say, "May the Father Bless your souls abundantly with Divine Love". I would like to thank Zara for her contribution and all the people who have expressed their love and been involved in the collaboration and contribution of these messages unfolding to help create the ever-expanding awareness of Our Father's Divine Love.

I am a spirit and to be able to contribute in this way, so that love generated in the giving and receiving of love, I am truly thankful. To have been involved in a collaborative experience with other spirits and people to help the (Mother and) Father so that more souls may become aware of the Father and the (Mother and) Father's Divine Love is a blessing which I am most grateful for. This has been a true experience and words are hard to find to convey how I feel even though as a soul, my condition is with much of the Father's Love. In such moments, I can only say thank you.

There are Celestial spirits who are present with you now to continue this work of love and peace to its fulfilment and who have their invaluable contributions to give in the service of the Father. I will be present at times as these most beautiful souls bring to light the message of Divine Love and to help create awareness of this Love so all may contribute in their love of Divine Love.

It was a most beautiful meeting those sweet few months ago when we first met, and I introduced myself to you on that summer's day by the gardens. I said that we were going to do some work together and this you received and now that a little time has passed, we have seen the abundance of the Father's Love at work. All who know the Divine Love continue to create an awareness of this Love in faith, and let us always shine to the future from our present loving souls in the presence with the Divine Love of Our Father.

Your loving friend always,

Gandhi

(Throughout this discourse, Divine Love is mentioned 294 times.)

### DIMENSIONS of ONE'S EXISTENCE:

Our SOUL IS NOT ENSOULD IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

SOUL exists existentially

Our Physical Body and our Spirit Body are of Creation, being linked together by cords of light as are the two spirit bodies, male and female, to the one Soul.

One's unique personality is soul based. Our unique soul expresses its unique personality through the two spirit bodies and physical bodies expressing both the male and female aspects.

## PERSONALITY

**Our soul is the centre of our personality.  
We are children of our Heavenly Parents.  
Our soul manifests a male and  
female personality - it is a duplex!**

**The SOUL DOES IT ALL.** THE SOUL INITIATES CONCEPTION AND THE GROWING OF THE PHYSICAL AND SPIRITUAL BODIES, AND ALL THAT CONNECTS THEM TO EACH OTHER AND TO THE SOUL ITSELF.

The soul oversees EVERYTHING – we are soul. And our soul is duplex, in that it has bestowed upon it, two unique personalities by its Creator Parents – our Heavenly Mother and Father. So at conception, our soul incarnates you, one of the two personalities into Creation – life. The soul does it all. The soul doesn't come at some point embracing the embryo. The embryo wouldn't exist if it weren't for the soul wanting it to exist. We are never separate from our soul.

We are one of the personality expressions of our soul, our soulmate is the other one, our 'other half'. Our soul can incarnate its two personality expressions at different times on Earth. With each 'half' experiencing life as a full individual and independent personality destined at a predetermined time to meet each other, which will more than likely happen at some point through one's Healing or when one has finished it. And whilst we're living in rebellion against our soul, ourselves, our truth, so it's highly unlikely we'll have anything to do with our soulmate until we start to heal that rebellion, because we are anti each other – anti the truth of ourselves and each other. We can ONLY experience true soulmate love when we are FULLY healed of our rebellion and default – when we've done our Healing.

And our soul would naturally, had we not been unlovingly interfered with by our parents, evolve us in truth through our feelings and the experiences that give rise to them. However because our parents unwittingly got in the way and stopped our soul from doing this, so we've become untrue and have to do our Healing to sort ourselves out, to bring ourselves back into being how we would naturally be were we not screwed around with.

The point of our Healing is to find the whole truth of our unloved state, all through our feelings and not with our mind. So once the truth is revealed, we can be set free of that untrue state. So we're not to look for specific traumas, we're not to try and home in on them, bringing to light all the bad feelings associated with them, then we're 'healed' of it, able to resume our life without the burden of that terrible experience. Certainly our Healing will do that, heal all the bad feelings associated with and resulting from that traumatic experience, however it doesn't stop there, it goes on and deeper until every aspect of self-expression that has been thwarted by negative unloving parental and childhood experiences – all one's trauma from feeling unloved, comes out and the truth seen. So healing our specific traumas is only one part of the Healing, with it being much more.

**FIRST NATURAL LOVE SPHERE: Richard Messages – Messages from the Celestial Heavens**  
**FIRST SPIRIT MANSION WORLD: 12 November 2013**

You have been discussing the information that you have regarding the 1<sup>st</sup> sphere (first Mansion World). The important aspect of this for you to know is the proximity of this sphere in its relationship with the Earth. You have been told that all souls enter the 1<sup>st</sup> sphere on passing into the Spirit World and this is so. When you consider the information that you have you must realise that this is inevitable as **this sphere essentially blankets the Earth.** There is a large part of the 1<sup>st</sup> sphere which is an antechamber or entrance hall for the Spirit World. All spirits and souls are received here and are greeted and it is here that they are allowed to recover. Recover is not the best term but serves the purpose. There is great variation in the condition of the spirits as they arrive here as there is such great variation in individual awareness and ignorance. The initial impressions that newcomers have depends greatly on their beliefs and expectations. There is a very sophisticated system for the management of those when they arrive. There are very many who are involved in this task and many of these are what you would call specialists in arrival management and are well able to cope with the many and varied demands on them and their services. There is what could be considered to be an assessment process which is not a judgment by the 'arrival officials' but where the immediate needs of the individual are assessed and met. Many need a period of rest and recuperation if they have been very distressed by the conditions of their life prior to their passing. Their subsequent destination is then determined automatically by the action of the Law of Attraction.

When you consider what you have been told of the dimensions of this sphere you find this quite difficult to conceive. There are many inhabitants and they are all well accommodated in conditions harmonious with their soul condition. Within the context of the overall sphere are many, many divisions all of which have their own boundaries which contain the particular area in which the ones drawn there live. These boundaries are invisible even to the spirit vision of the inhabitants. The only ones who can perceive them are those who have progressed further and have the level of awareness that allows this perception. No spirits can pass these boundaries until they have advanced so that their soul condition is no longer in harmony with the environment at which point they automatically move to the next level for them. In the lower levels of the 1<sup>st</sup> sphere there is often little awareness of why and how this movement has occurred. As a spirit progresses through the spheres awareness grows so that a spirit is aware of what is needed of them in order to progress and to move along to the next stage.

What I have said above is the merest sketch of the changes that occur as the whole issue is quite complex. The essential knowledge for you is that this process is guided by love at every stage. Those undertaking tasks are volunteers who do what they do by choice and out of their love of their fellow man. They are mostly spirits who have progressed far enough to have the awareness to deal with what is asked of them. They are in situations which are harmonious for them and are in the process of growth and development. There are others who are in supervisory and guiding roles so that there is a massive co-operative system to deal with whatever needs to be done.

You currently have thoughts of those who have passed recently in the dramatic storm in the Philippines and wonder how such large numbers of spirits are dealt with when so many pass in a short time. (On Friday, 8 November 2013, Super Typhoon Haiyan killed between 6,000 and 10,000 people and affected around 10% of the population of the Philippines.) There is no doubt that the demand is very great by virtue of the numbers but this is compounded by the shock and surprise that most of these feel who have

died so dramatically. You must reflect though and realise that you have little concept of the magnitude of the spheres and the population that is here. We don't have a labour shortage. If anything we have a surfeit of volunteers because all who progress develop a desire to perform useful tasks in order to manifest love for their fellow men. What overwhelms earthly resources is quite manageable here. You even see on Earth the way in which a situation caused the mobilisation of resources as others rush to help so that even such a massive event is dealt with in time.

The accommodation of spirits and their movement is guided by spirit laws that have functioned without fail since their inception and continue to do so now. There are not the requirements for food, shelter and clothing in such a material sense as exists on Earth. All such needs that do exist here are met with by unlimited spirit resources. If the whole population of the Earth were to pass simultaneously this would be managed here in an orderly and loving way. This is hard to imagine but it is possible and could happen. It is impossible for you to extrapolate from earthly systems to those that function here. The difference is huge.

It is not easy to attempt to describe the interrelationship between the spheres. Whereas there are clear boundaries which can only be passed by those who have progressed to the degree that allows them to do so, these boundaries are not absolute in a physical sense. The divisions are not in the same way that the rooms of a house are divided by rigid walls. When one comes to the point of making a transition from one sphere or sub-sphere to the next there develops a transitional zone that accommodates the needs of that individual and in which she/he is guided by an escort who introduces the new environment. Whereas you might desire to have a map or diagram of the spheres and their interconnections and passages this is not possible because of their flexibility. We don't need such a map or diagram so we don't have one. When we speak of the spheres we will always speak in somewhat general terms. Please do always accept that your conceptions of what we tell bear only the very slightest semblance if any at all to the reality of what we speak. None of the Spirit World is really what you imagine it to be. This matters not one iota. Imagine what you will. What you find when you arrive is what you will find and you won't need a map or a diagram either. All you need to know you will know when you need to know it.

What I have been saying to you about living on Earth applies equally well here too. Each one here is placed by their own soul condition in a situation which is harmonious to them and beyond which they will not see nor will they have a concept of what lies beyond until the time arrives for them to make that transition. There is absolutely no point at all in anyone yearning for what lies beyond when their whole attention needs to be applied exactly where they are at any moment.

Having said that, there is great benefit in having been educated in some of the reality of the Spirit World as that facilitates the learning that one undertakes here. What you find is not what you necessarily expect but if you are ignorant of the basics the process is much more difficult. This is not unlike undertaking a new task on Earth. You may have some prior preparation but you will most likely learn most of what you need on the job and there may be many surprises for you in the process.

On Earth you may at times have the impression that you can eliminate some steps in your progress without suffering loss. This may be more apparent than real as all true progress and benefit is earned in that you can only, in truth, step as far as you may. Being able to spout the information does not mean that you have passed the grade. This is a great surprise to many when they are faced with the reality.

You see, in the Spirit World one can only progress to the next level when it is possible and the truth is that the same applies on Earth but is much less obvious. There is such a level of artificiality and illusion which can be manipulated that many can believe that they have gained more than they have. I am not speaking of material wealth, possessions or the adulation of others as all of these count for nothing at all in the overall reality of living. Whereas such achievements are not exclusive of spiritual growth and progress, they give not the slightest indication of such having occurred. Spirit truth and soul condition remain invisible and essentially non-existent mysteries to most on Earth but they are the sole evidence of any spirit's truth here.

As we progress others may speak with you about matters of the structure of our areas of existence if this is appropriate. My preference is to continue to relate what I offer to very practical earthly living in order to 'lift the veil' between our worlds. I see little point in providing you with reports from which you create diaphanous visions that are unreal to complement what is already for most an unreal world in which they live. My desire is to bring forth the reality that exists in the world in order to make tangible the link that does already exist between us and which is so much ignored as to be unimaginable. You are real and we are real and our worlds are real and are connected and we must focus on what is potentially fully tangible for you that you might touch it in your present time without trying to live in a fantasised future.

I have no desire to limit or restrict imagination as it is an essential and indispensable quality. There is a vast amount of your world that is subject to the creative forces of your imagination. There is nothing in our world that is subject to your imaginative forces. My desire is to foster the development of what you can use in a most practical sense every day in your lives in ways that will bring us closer together. Holding unreal visions of us and where and how we live will tend to put a barrier between us that need not exist. It is better that you discover us steadily as you progress so that we are actually real to you and you are not trying to fit us into the mould of your imagination. We are as we are and content to be so and content for you to discover us and our worlds as they are in your good time.

We have written well and productively.  
We love you. I love you. Our blessings are with you as is our gratitude.

Richard, your Celestial brother and dear friend.

PARADISE TRINITY:

1. **Our MOTHER and FATHER (God) (MF) – Divine Love**  
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
2. **ETERNAL SON (ES) – Divine Truth**
3. **INFINITE DAUGHTER (ID) – Divine Mind**

Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

The LOCAL UNIVERSE TRINITY:

1. **MARY M and JESUS (MF) – Love – the Living Truth**
2. **DIVINE MINISTER (ID) – Mind (and her Holy Spirit)**
3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

PLANETS that engage in REBELLION:

1. **AVONAL SOULMATE PAIR – the Feeling Healing process – incarnate**
2. **DAYNAL – TEACHER PAIRS – they do not incarnate**

So in summary:

Consider a diamond:

# Mother and Father Heavenly Parents

Creator Son & Daughter  
Jesus and Mary

Avonals  
as soulmate pairs

Trinity Teachers  
as soulmate pairs

Melchizedeks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

**Humanity** is to pursue the pathway for Truth through one’s soul based feelings, this is the right pathway. However, humanity commences its journey founded on natural love, which we now know is to be perfected through one’s Feeling Healing process and then made divine through asking for and receiving our Heavenly Parents’ Divine Love.

For 200,000 years, **humanity** has pursued the pathway of the Mind, being that of the brain, this is the wrong pathway. The Mind is the pathway for Angels and that of all of Nature.

**CREATION of SOUL and SPIRIT:**

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one’s feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective

Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

**WE EACH have a Nature Spirit pair, Spirit Guide pair and an Angelic Pair:**

For those doing their Healing or are interested in doing it will from that time have their own personal angels, spirit guides and nature spirits with them, with whom they are to develop their own relationships should they want to. It is not about ‘sharing’ the same angels or guides or nature spirits, it is about you relating specifically to your ‘own’ ones because they are provided for YOU. It’s all for you, to maximise the experiences we each need.

We are all to have our own pure relationships. And it’s the same of course in life with your friends, however over there, in spirit, dealing with Nature Spirits, Spirit Guides, and Angels, it’s more personal and private and ‘JUST FOR YOU’. So we have our own separate, unique relationships.

For example, Nature Spirit Verna has been assigned to be specifically and only with James, and she ain’t going to be assigned to anyone else, so she won’t be sharing herself around.

This is SO IMPORTANT to understand so that in future there won’t be all these people claiming to be speaking with Verna or Mary Magdalene or Jesus or Nanna Beth or anyone else who is part of it all in such capacity. Mary M and Jesus have spoken with James as they have, making it quite clear he is all they are speaking with.

We each have a band of a Nature Spirit pair, Spirit Guide pair, and an Angelic pair, each pair being in their soulmate relationship. Even though we are ascending mortals having a soulmate, even our soulmate has his or her own group of six personalities assisting him or her. Our assigned Nature Spirits do not continue with us into spirit, our Spirit Guides may for a time assist upon entry to the spirit Mansion Worlds, however, our Angelic pair continue with us for eternity.

**Feelings first**

**WE ALL ARE BEING GUIDED HOME:**

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus’ Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

**HUM:** Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon as by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

**AVO:** We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair’s guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world’s spirits.

**J&M:** We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

**M&F:** Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

**GOD**

**M&F**

**J&M**

**AVO**

**HUM**

**WE ARE Children of God**

**WE ALL ARE BEING GUIDED HOME – NOW, HOW TO COMMENCE THE JOURNEY:**

**GOD**

**M&F**

For 200,000 years, we have been misled into embracing our mind’s distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.  
 We are to long for the truth of what we are feeling.  
 We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

**J&M**

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren’t allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we’re taken into new ways of looking at ourselves, our feelings, and our life. We’re setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

**By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

**AVO**

**HUM**

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

**WE ARE Children of God**

**HOW TO GET TO PARADISE:**

**Long for the Divine Love**

**Long for the Truth**

**Long for the truth of your feelings**

**Don't deny any feelings: accept, express and want to know the truth of them**

**Know your feelings are the key; your feelings are the Way**

**Want to end your falseness and being untrue**

**Want to understand the truth of your early life**

**Use your surface feelings to move deeper into yourself, bringing up your repressed feelings**

**Want and long to know the whole truth of yourself**

**Want to do it all with God, your Heavenly Mother and Father – long to Them for help.**

**The Key**

**Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.**

**This is the Great U-Turn. We are to feel and live by our feelings and express our feelings, our mind will follow in support, not the other way around.**

**Feelings First**, you can be sure about that! **Once women get that message and start living it, then the tide will really change**, with men either deciding to support them by looking to their own feelings or being left on the outer wondering what the fuss is all about.

The feminine light is going to sweep through humanity and purge it of all the yuk and darkness, helping to bring the whole of humanity back into a nurturing loving mother state of being, from which the supportive, caring father can support her and together they can make the world great again, they can bring humanity up into its natural love perfection whilst at the same time offer those people who want to spiritually grow the truths of how to embrace the Divine Love and move on to the Celestial level.

**By living true to ourself, true to our feelings, we are living true to God. It's that simple.**  
(Passage in blue calibrates on the Map of Consciousness at 1,500)

# ENOUGH IS ENOUGH

Andon and Fonta, our first parents to long for our Heavenly Parents, lived nearly 1,000,000 years ago. Naïve humanity was seduced by high spirits, the Lucifer pair, to believe they could be gods through their minds, thus men subjected women to subordination 200,000 years ago. This was added to by the default of the Adamic pair more than 38,000 years ago when they failed in their mission.

## REBELLION & DEFAULT **200,000** YEARS

When Jesus with Mary achieved their full Regency of Nebadon, in 26 CE, they immediately had the Lucifer and Satan soulmate pairs assigned to a spirit world prison. Since then, the Creator Pair have been preparing for the end of the Rebellion and Default for humanity of Earth. The Avonal Pair now on Earth, once commencing their Healing, brought about the imprisonment of the Caligastia and Daligastia pairs in the early 1990s. As the Avonal Pair advanced with their Healing they brought about the formal end of the Rebellion and Default, on 31 January 2018. It is now for all of humanity to embrace the Spirits of Truth of the Avonal Pair and undertake their healing of the imposts of the Rebellion and Default.

# Avonal AGE **1,000** YEARS

Spirits of Truth of the Avonal Pair will guide us through our Feeling Healing and into the Celestial Heavens with Divine Love, then the Spirits of Truth of the Creator Pair will lead us through the Celestial Heavens and out through Nebadon towards our Heavenly Mother and Father in Paradise.

Each generation of 25 years or so will see marginal embracement of Feeling Healing, however 1,000 years will achieve universality.

A few will complete their healing during their lifetime but for many it will be incremental.

Universality of Feeling Healing with Divine Love will see the mitigation of discomfort, pain and illness as well as the imposts of global warming and earth changes. As those events are to ensure that each of us embrace our feelings, both good and bad, down to the very core, so that we fully come to know who we truly are. Sciences will endeavour to remove pain only to see disease manifest in different forms. Earth disturbances are a result of the Harmonic Convergence of the late 1980s, increasing the rotation of the Earth's central core, this will only abate when humanity has universally embraced Feeling Healing. These influences are only imposed upon us so that we do not step back into the Rebellion and Default through complacency. Live Feelings First. We are to become the true personalities we are, that being daughters and sons of our Heavenly Mother and Father.

# Arvonal Revelation

- We are to live Feelings First.
- We've been made to use our mind to live against many of our feelings.
- Our mind control commences at conception and is developed through our childhood.
- All the bad feelings we didn't express as we were growing up are still repressed inside us.
- And all such hidden, buried and unwanted feelings have to come out.
- And whilst they remain repressed within us, they will continue to make us feel bad and unloved.
- We get sick, depressed, suffer, have bad things happen to us because of our repressed childhood feelings.
- Humanity was brought into this state of living against itself by higher rebellious spirits.
- These Evil Ones caused the Rebellion and Default.
- We are made to rebel by default – as we have no idea we're doing it through our parenting in wrongness.
- We are all parented unlovingly – against ourselves, against our will.
- Some parenting in the wrongness is done with more love, yet it's all still wrong.
- To heal this unloving state within ourselves we have to do our Healing.
- Our Healing is our Feeling-Healing or Soul-Healing with the Divine Love.
- We can long to God for Their Divine Love, and this will help us with our Healing.
- God is our Heavenly Mother and Father, the Feminine Aspects of God having been kept hidden from us by the Evil Spirits.
- All humanity's religions and spiritual systems are designed to keep the wrongness going, to keep us away from God.
- Only by living Feelings First Spirituality, The New Way, can you become right, and truly find God.
- Long for the Divine Love.
- Long for the Truth of your Feelings.
- Accepting all you feel is accepting all of yourself, it's your greatest act of self-love.
- And wanting to know the truth of your feelings, is your next greatest act of self-love.
- Love yourself through your feeling-acceptance, and the Truth will set you Free!

## The New Way

**Feelings First**  
**FF**  
**Feeling Free**

The New Way, Feelings First Spirituality  
 Learn to live with God through your Feelings

Accept, express and long for the truth of your feelings

Be free in your feelings  
 Free your feelings from your mind's control  
 Live true to your feelings; your feelings are your true self  
 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.  
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,  
 BAD feelings.  
 Want to understand why you're feeling them.  
 Use your surface feelings to take you deeper into your repressed and  
 hidden feelings.

The Feeling Way is the True Way.  
Your feelings are your spiritual guide.  
Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

Feelings First Spirituality is the True path for humanity.  
It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The New Way, Feelings First Spirituality is what is to replace all man-made, mind-contrived religions that so many people have enslaved themselves to. The New Way, Feelings First Spirituality will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled platforms. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one's feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Feelings First Spirituality is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God's Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we've all been wrongly led to believe.

**Feelings First; then comes The Truth; then comes Love.**

## U-TURN for HUMANITY:

### Why are we doing a U-Turn?

We are doing a U-Turn **because** the year 2017 heralded the end of the Rebellion and Default. For two hundred thousand years, humanity has been going in the wrong direction.

### What is this fundamental step that will change our way of living?

We are to come to understand / know the foundational cause of all our feelings, both good and bad. As we explore and investigate our feelings, each time they arise, one by one, we are to talk them through, express them to a companion or friend or anyone who will listen. As we express them, while at the same time coming to understand how they have come about, we will find that they will be resolved and that they will not come up again.

We will find that all of our feelings / emotions have their foundations from our childhood. And by childhood, that is from the time of one's conception all the way through to about the age of six. It is the repression of our childhood feelings that is the base or foundational cause of each and every one of our adult personality issues, pains, difficulties, illnesses and distressful life experiences.

**Feeling  
Healing with  
Divine Love is  
the key!**

**We have to see the whole truth of our negative or self-denial state, before we can heal it and be free of it.**

The vital difference between **emotions** and **feelings** is:

- emotions have their roots in the past,
- feelings relate to the present moment,
- emotions represent feelings not previously expressed,
- and these accumulate over time.

Many emotional clearing processes encourage us to look into our feelings, however, none go so far as to drill down into the core foundation of any emotional feeling to the point that we strive to KNOW the core issue, the origin of the feeling, be it good or bad, and actually come to know what it is!

The *Journey Process* is generally known worldwide. It stops short of longing to know, that is asking for the knowing of the events that brought about such a feeling. Yes, we are to acknowledge the feeling, say being angry. Then accept that behind that anger is the feeling of being small, and then look at the underlying reason of why we are feeling small. What is the truth behind that feeling? Ask our Heavenly Parents what is behind all of this feeling. What is the foundation, the origin of the feeling? All the time talking it out, expressing it, with a friend. The expressing of the experience is the release of the emotion / feeling, this is what removes it for ever from within our essence, our **soul**.

**Why ask our Heavenly Parents? I thought God was just God – singular?**

This is part of the revealings that have been unfolding for us very recently – that is – since 2002.

We are made in the image of God. This has been understood for centuries, for 2,000 years. Our soul is duplex. Our soul expresses itself through two personalities. One soul ‘subdivides’ into two, one half always being female and the other half always being male. We are a reflection of how God is. God being one Soul is expressed as Mother and Father. God is two personalities. They are soulmates. And each of us has a soulmate, and our soulmate is always of the opposite sex, because the Mother and Father are the opposite sex.

Thus, when we long for the truth behind a feeling, then we can long to our Heavenly Mother and Father. Only they can tell us. No spirit personality can tell us. No canonised saint can tell us, we may as well ask our next door neighbour. That would be just as productive. Mary and Jesus can’t tell us, as they are also spirit personalities.

### **I was taught that Jesus was God? And what is this about Mary?**

Mary of Magdalene and Jesus of Nazareth were both born free from sin. Neither of them are God. They are both children of God, just like you and me.

History needs to be corrected. Both Jesus of Nazareth and Mary of Magdalene became at one (At-One) with our Heavenly Mother and Father during their physical lives here on Earth in the first century; Jesus in the year 26CE and Mary in the year 33CE, or thereabouts. Jesus died aged 35 (born 7BC died 29CE), and Mary died aged 47 or 48 (born 2BC died 47CE).

Further, their sojourn on Earth was the completion of their process to become the full Regents of the sector of planets that is referred to as Nebadon. The region within our super-universe that is referred to as Nebadon contains 3.8 million inhabited planets. If you look into the night sky, each star / sun potentially has between none to three inhabited planets within its orbit. Within Nebadon, the soulmate pair, namely Mary and Jesus, are our Spiritual Teachers of Truth. Their domain is all 3.8 million physical planets plus their associated spirit worlds. Each physical world has seven associated spirit worlds, which is the case for Earth being one of the 37 that have rebelled.

Some 200,000 years ago, Lucifer with his soulmate and his deputy, Satan with his soulmate, brought about a rebellion on 37 of the inhabited planets within the region called Satania, one of the local universal systems of Nebadon. Earth compounded the situation through the Default of Adam and Eve about 38,000 years ago. Thus the population of Earth, being in the worst condition through the Rebellion and Default, became the location for Mary and Jesus to have their physical experience to complete their ascendancy to full Regency of the local universal system being Nebadon.

Their lives on Earth was the start of the unravelling of the Rebellion and Default. Upon Jesus becoming At-One with our Mother and Father, he was then vested with the authority and power to have the Lucifers and Satans arrested, and they now reside exiled within a prison world.

Notice that there were no records of Jesus and Mary’s teachings and experiences made during their physical life. That was because they did not specifically come here for us, they came for the benefit of all peoples of all planets and spirit worlds throughout Nebadon.

As they are Paradise descending spirits, they have **Spirits of Truth**. Upon Mary and Jesus' death, they released their Spirits of Truth. As spirits, Jesus and Mary are how we will be, once we've finished our Soul Healing. They can only be in one place at any one time. However, it is their Spirits of Truth throughout Nebadon that we can connect with for guidance. It is through their Spirits of Truth that spirit personalities can progress through and out of Nebadon.

Those planets that have Rebelled need further assistance, and they need it on a localised manner. This can only be provided by another bestowal of a **Paradise Pair**, and that is in the form and manner of an **Avonal soulmate pair** who come here specifically for us.

### **What is the purpose of an Avonal pair, and are they here on Earth?**

Unlike Jesus and Mary who were always free from sin and did not experience how to heal themselves, the Avonal pair are to experience all of the extremes of evilness and then proceed to heal themselves. Mary and Jesus through their bestowal on Earth ended the Lucifers spiritual rebellion in Nebadon; the Avonals bestowal is primarily concerned with ending the Default of Adam and Eve by the Avonals themselves personally healing the effects of such a damaging Fall.

The soulmate Avonal pair are to be, and have been, subjected to the extremes of childhood suppression and repression, and then, through their Feeling Healing, are experiencing all the facets of emerging truth as they slowly progress through a protracted and difficult healing process. As they reach specific milestones, this also enables those in the Celestial Heavens, (the three worlds where Celestials reside) to be empowered to assist us in the physical on Earth.

The first considered milestone was the arresting and imprisonment of the Caligastia soulmate pair and the Daligastia soulmate pair. After the arrest of the Lucifers and Satans in the first century, as nothing further occurred, the Caligastias and Daligastias continued on from spirit as if they were kings and queens, suppressing all of humanity and with plans to take over the universe. It was possibly in the early 1990s that they were 'judged', and 'removed'. They were caught unaware that an Avonal bestowal pair were on Earth.

### **How is all this becoming known? Has Jesus and Mary communicated directly to Earth?**

Unlike in the first century, when no records were kept (as the event related to all of Nebadon and it was actually setting the stage for the Avonal bestowal pair to arrive on Earth), every effort to retain records in great detail of this current series of events is now being attended to. Consider this. The New Testament of the Bible is some 300 pages. The records of the Second Coming, which this is, the primary records are possibly 6,000 pages, with direct complementary records increasing that to over 10,000 pages and with all the supplementary records to date, there may be as many as 40,000 pages, certainly well over 30,000 pages of material presently.

Jesus directly communicated through James Padgett from 1914 to 1923. Mary of Magdalene (Mary M) has directly communicated through James Moncrief from 2002 and is ongoing. Jesus has also communicated directly through James Moncrief. Neither have ever directly communicated through any one else, however, some Celestial Spirit personalities have provided information through other

personalities on Earth with the support and approval of Jesus and Mary, thus some confusion, though the quality of the information is very reliable.

**You say this is the Second Coming? You say I am living during the time of the Second Coming?**

Yes you are. And it's more than that. This is the Second Coming, the End Times and the Handover!

In fulfilment of the prophecy in the first century, the Second Coming commenced on 31 May 1914 through the writings with James Padgett and concluded in 2014 through the writings with James Moncrief.

The End Times are well advanced. Mary and Jesus are well advanced in handing over their direct involvement with Earth to those within the Celestial Heavens. When this is completed, the Handover will also occur. **The Hand Over is to the Avonal Bestowal pair** and it is they who will guide the population on Earth through their Feeling Healing processes for the next 1,000 years, being the next spiritual age. The Handover will take place after the Avonal pair complete their personal Healing of the Rebellion and Default. Then will follow with their Spirits of Truth being officially liberated in alignment with Mary M and Jesus' Spirits of Truth upon their death.

Major events have occurred with the progression of the Avonal pair's Feeling Healing, which they are also doing whilst embracing our Heavenly Parents' Divine Love, thus they are doing their Soul Healing.

Early 1990s:	The arrest of the Caligastia and Daligastia soulmate pairs.
22 March 2017:	Negative spirit influence was blocked.
31 March 2017:	Angel assisted healing will become available upon the Avonal pair completing their own Feeling Healing, being with Divine Love, thus it being Soul Healing.
22 May 2017:	Law of Compensation quickening.
2 December 2017:	Psychic Barriers maintaining the Rebellion and Default were cracked.
8 December 2017:	Bring on the money to <b>'house the future of humanity'</b> .
31 January 2018:	Earth and the seven associated Mansion Worlds (including the two Earth planes) are <b>officially</b> now fully under the control of Celestial spirits. This marks a tangible and real end to the Rebellion and Default.

**How does this all fit into our future way of living?**

**This time, in the history of humanity, is the most exciting time ever experienced.**

**The whole human race is suffering from repressed childhood and mind control.**

Through one's Feeling Healing, and should we embrace our Heavenly Parents' Divine Love, then with their Love we are doing our Soul Healing, and eventually we can live totally in accordance with our soul base feelings and live free from error – no more fear and no more physical illnesses is possible!

**By living true to ourselves, true to our feelings, we are living true to God. It's that simple.**

Our soul is always perfect. In fact, we are the complete package. All that we need to know is within our soul. This knowledge has been denied from us since the time of the Rebellion and compounded by the Default. That is what was brought upon us by the Lucifers and his cohorts. We have always been meant to live true to our soul based feelings but we were taught to embrace our error riddled mind – this was aided by our parents – unknowingly all parents have taught their children to be mind dominant. **This is the Great U-Turn. We are to feel and live by our feelings and express our feelings, our mind will follow in support, not the other way around.**

“Many people look for a person, spirit, angel, even God, for supreme guidance, however it’s all right there already built in – in our feelings. **Feelings** guide us through our **ascension of truth**. So they are really our Supreme Guides. We just have to submit to them, allowing them to take us where they will, expressing all the parts we want to express, letting the emotion drive that expression if it’s there to be expressed, or just talking about all we feel and how feeling that feeling is making us feel – or, how we feel about having that feeling, all whilst longing for the truth of our feelings. Longing for the truth of our feeling is really: **Longing for the truth of our self, because: we are our feelings**. So life stirs up our feelings, we feel being alive; or, being alive means we are feeling, always feeling; and when we work out what and why we are feeling what we are, so then we know the truth of how we are. And over time the truth accumulates, and our mind expands our understanding of ourselves, all being driven from our feelings.”

Kevin of the 1<sup>st</sup> Celestial Heaven 26 September 2017

(Kevin Cooper died 10 August 2012, through Feeling Healing became Celestial on 7 August 2017.)

It is through the assistance of the Spirits of Truth of the Avonal Pair, upon the completion of their Soul Healing, that we will be guided through our Feeling Healing process, and should we embrace our Mother and Father’s Divine Love, then our Soul Healing.

Then should we embrace Mary and Jesus as our Spiritual Teachers of Truth, their Spirits of Truth will lead us on the path through the Celestial Heavens where we will certainly meet up with our soulmate and join our soulgroup, which will eventually consist of twelve soulmate pairs. Then as a soulgroup, the Spirits of Truth of Mary and Jesus will lead us up through and out of Nebadon towards Paradise.

It is then our Mother and Father in Paradise who draw us to them and we will eventually meet our Heavenly Parents.

Meanwhile, while we live on Earth, we will have assistance and guidance previously denied to us throughout the era of the Rebellion and Default. Under the Contract controlling and managing the Rebellion and Default, the powers and capabilities of our Celestial Heaven spirit personalities, all three worlds of them, were heavily restricted and almost of no assistance to us at all. Further, Nature Spirits and our Angels were heavily denied contact with us physical people because of the Rebellion and Default, all of which is soon to change, so we can look directly to them for help concerning healing ourselves and understanding all aspects of nature.

As we embrace our Feeling Healing, Celestial spirits will and can greatly assist us. In fact, during the year of 2017 they have blocked all mind spirits from the Natural Love Mansion Worlds: 1, 2, 4 and 6 from interfering with us. Celestials have taken control of all facets of living and life on Earth. Celestials are those spirit who have completed their Feeling Healing and progressed through Divine Love Mansion Worlds 3, 5 and 7 and now live in the higher Celestial Heavens, 1, 2 and 3 (when we

become At One with our Heavenly Parents then we leave the Mansion Worlds and progress through the next three spheres related to Earth, hence the Celestial Heavens are also referred to as being numbered 8, 9 and 10).

The Nature Spirits of Earth, who live in the third Earth plane, can now directly interact with those who are embracing their Feeling Healing. Nature Spirits are essentially ‘angels in waiting’. They have been on Earth prior to anything that we now see living in nature. When they first started to arrive, there was no life in the seas or on land. They have consequently witnessed everything that has happened on Earth, including all prior human civilisations that we continue to largely remain ignorant of. Their knowledge and assistance is of great importance to us. We are to interact with them on an ever increasing scale. They are to become an invaluable source of information for us concerning how we are best to live with nature.

Further, we may become more aware of our **Indwelling Spirit**, which arrives for each of us during our sixth year, as we now progress with our Feeling Healing, or with Divine Love, our Soul Healing.

And all of this is possible as we embrace our Feeling Healing process, acknowledge and accept the Avonal pair, acknowledge and accept our Spiritual Teachers of Truth, namely Mary and Jesus, and more importantly, grow to love our Heavenly Parents, our true Mother and Father.

We do not need intermediaries, rituals, liturgy, dogmas, creeds, fancy clothing, or institutions. It is our soul based feelings and expressions that we may exchange directly with our Heavenly Parents. Groups may form to assist each other, and that is our choice and within our free will.

**This is the greatest event in the history of humanity.**

This is the Great U-Turn that humanity will embrace throughout the next 1,000 years.

Comparisons of naming for different regions:

**OUR PATHWAY to our HEAVENLY PARENTS:**

<b>Spirit World &amp; Celestial Heaven</b>	=	<b>Eternal Spheres and then</b>
<b>Infinite and Universal</b>	=	<b>Our Solar System and within Nebadon</b>
<b>Further progressive growth</b>	=	<b>Being further beyond Nebadon in Orvonton</b>
<b>Spheres of Paradise</b>	=	<b>Havona traverses around Isle of Paradise</b>
<b>Super Grand Sphere</b>	=	<b>Isle of Paradise which is stationary</b>

Orvonton is one of seven super-universes that are called the Grand Universes and they revolve around a central universe.

We are located in Nebadon (Milky Way) on a planet called Urantia (Earth). Havona (Eternal Spheres) is located in the Central Universe.

The Central Universe circulates around the stationary Isle of Paradise, the home of our Father.

**The Seven Super-Universes:**

Paper 15: The Urantia Book

Excluding the Paradise – Havona spheres (Eternal Spheres and Spheres of Paradise), the plan of universe organisation provides for the following units:

Super-universes	Each has:	7
Major sectors	10	70
Minor sectors	1,000	7,000
Local universes	100,000	700,000
Constellations	1,000,000	70,000,000
Local systems	1,000,000,000	7,000,000,000
Inhabitable planets	1,000,000,000,000	7,000,000,000,000

Each of the seven super-universes is constituted, approximately, as follows:

One system embraces approximately	1,000 worlds
One constellation (100 systems)	100,000 worlds
One universe (100 constellations)	10,000,000 worlds
One minor sector (100 universes)	1,000,000,000 worlds
One major sector (100 minor sectors)	100,000,000,000 worlds
One super-universe (10 major sectors)	1,000,000,000,000 worlds

[<sup>37:10</sup>The universe of Nebadon, which even now has more than three million inhabited worlds, with ten million in prospect. In our solar system, only Earth is inhabited out of 3 inhabitable worlds.

<sup>32:2.9</sup> The organization of planetary abodes is still progressing in Nebadon, for this universe is, indeed, a young cluster in the starry and planetary realms of Orvonton. At the last registry there were 3,840,101 inhabited planets in Nebadon, and Satania, the local system of your world, is fairly typical of other systems.]

All such estimates are approximations at best, for new systems are constantly evolving while other organisations are temporarily passing out of material existence.

Practically all of the starry realms visible to the naked eye on Urantia (Earth) belong to the seventh section of the grand universe, the super-universe of Orvonton. The vast Milky Way starry system represents the central nucleus of Orvonton (Celestial Heavens). The seven super-universes make up the present organised grand universe, consisting of approximately seven trillion inhabitable worlds plus the architectural spheres and the one billion inhabited spheres of Havona (Eternal Spheres).

In our super-universe not one coll planet in forty is habitable by beings of our order. And, of course, the superheated suns and the frigid outlying worlds are unfit to harbour higher life. In our solar system only three planets are at present suited to harbour life. Urantia (Earth), in size, density, and location, is in many respects ideal for human habitation.

An almost endless variety of creature life and other living manifestations characterizes the countless worlds of space.

Note the 10 major sectors (arms) of our super-universe:

Our world, Urantia (Earth), is number 606 in the planetary group, or system, of Satania. This system has at present 619 inhabited worlds, and more than two hundred additional planets are evolving favourably toward becoming inhabited worlds at some future time.

### NEBADON, our LOCAL UNIVERSE:

A *Local Universe – Nebadon*. One hundred constellations (about 10,000,000 inhabitable planets) constitute a local universe. Nebadon contains 3,840,101 inhabited planets.

A *Constellation*. One hundred systems (about 100,000 inhabitable planets) make up a constellation.

A *System*. The basic unit of the super-government consists of about one thousand inhabited or inhabitable worlds.

Earth is #606 in the system of Satania and is the latest to have human life. *Jerusem* is the headquarters of our local system of Satania. Thus Jerusem is the city to which we arrive when we fuse with our indwelling spirit having sufficient Divine Love following our Healing and enter the first of three Celestial Heavens, all being for the 1,000 physical worlds within Satania.

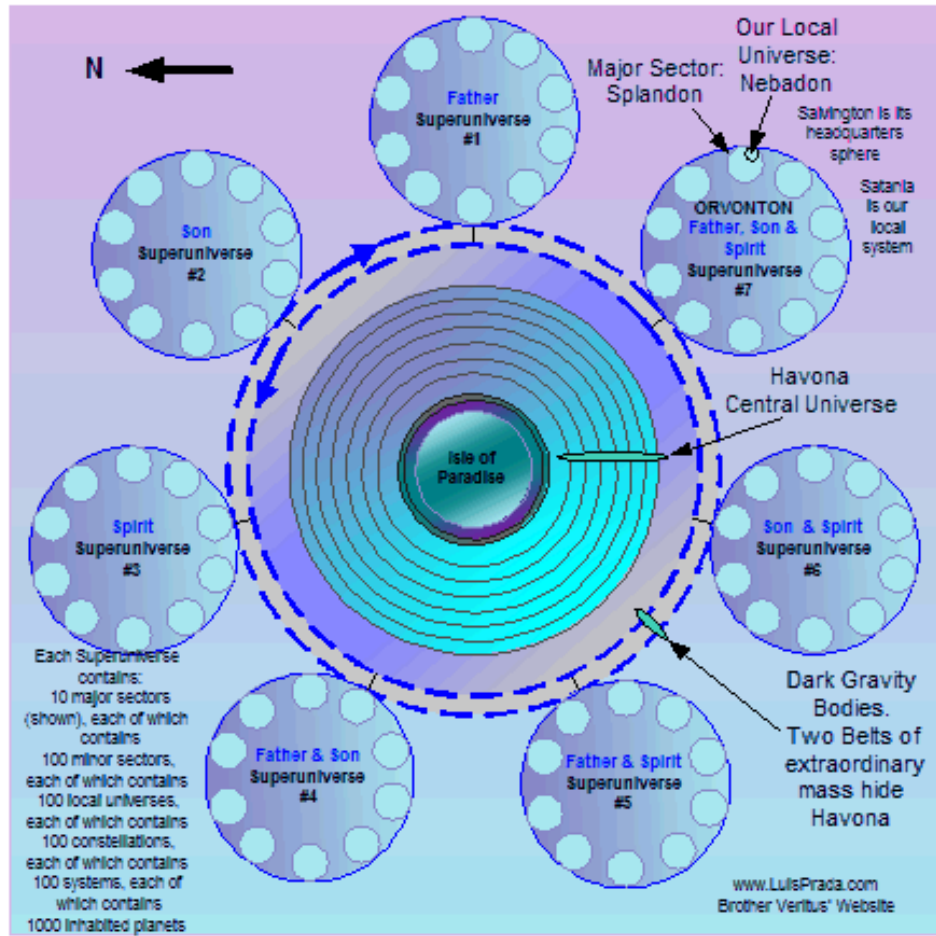

*Salvington*, in the centre of Nebadon, is the headquarters and home of our Creator Daughter and Son, the Michaels, namely Mary Magdalene and Jesus.

All descending Daughters and Sons of God have high and divine origins. They are dedicated to the descending ministry of service on the worlds and systems of time and space, there to facilitate the progress in the Paradise climb of the lowly creatures of evolutionary origin — the ascending daughters and sons of God (humanity – us). Those Daughters and Sons who come forth from the Deities on the central Isle of Light and Life are called the *Paradise Daughters and Sons of God* and embrace the following three orders: Creator Daughters and Sons – the Michaels, Magisterial Daughters and Sons – the Avonals, the Trinity Teacher Daughters and Sons – the Daynals. All three groups have Spirits of Truth, no others do.

The remaining four orders of descending daughter and sonship are known as the *Local Universe Daughters and Sons of God*: Melchizedek Daughters and Sons, Vorondadek Daughters and Sons, Lanonandek Daughters and Sons, and Life Carriers.

The chief executive of a local system (such as Satania which includes Earth) of inhabited worlds is a primary Lanonandek Daughter and Son (was the Lucifers), the System Sovereign. The Lucifer Rebellion in the system of Satania was the last and the most widespread of all. Thirty seven (37) inhabited worlds were seduced into rebelling, by following the Lucifers and their deputies, the Satans. Earth then went on to Default at the time of Eve and Adam. Later on we crucified the Creator Son, Jesus, and ignored Mary. So now we have the physical presence of an Avonal Pair. Only the Avonal Pair can take on all of our wrongness and heal themselves. It is their Spirits of Truth that we are to long to so that we, humanity – all of us – can then heal the Rebellion and Default that we have all embraced.

**Travel by various spirit beings:**

**Paper 19 7. Paradise Citizens**

(222.8) 19:7.4 Trinity-origin beings possess prerogatives of transit which make them independent of transport personalities, such as seraphim. We all possess the power of moving about freely and quickly in the universe of universes. Excepting the Inspired Trinity Spirits, we cannot attain the almost unbelievable velocity of the Solitary Messengers, but we are able so to utilize the sum total of the transport facilities in space that we can reach any point in a super-universe, from its headquarters, in less than one year of Urantia (Earth) time. It required 109 days of your time for me to journey from Uversa to Urantia (Earth).

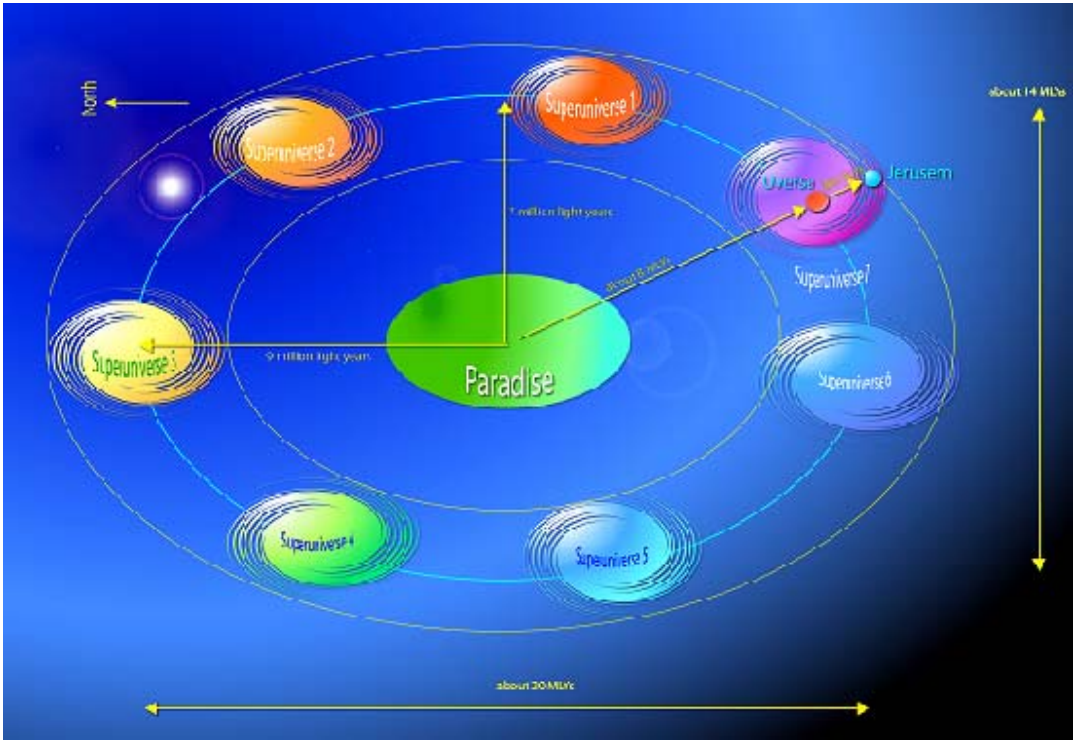

(222.9) 19:7.5 Through these same avenues we are enabled to intercommunicate instantaneously. Our entire order of creation finds itself in touch with every individual embraced within every division of the children of the Paradise Trinity save only the Inspired Spirits.

(222.10) 19:7.6 [Presented by a Divine Counselor of Uversa.]

Uversa is the spiritual and administrative headquarters for approximately one trillion inhabited or inhabitable worlds. The glory, grandeur, and perfection of the Orvonton capital surpass any of the wonders of the time-space creations.

**Paper 23 3. Time and Space Services of Solitary Messengers**

(260.5) 23:3.1 The Solitary Messengers are the highest type of perfect and confidential personality available in all realms for the quick transmission of important and urgent messages when it is inexpedient to utilize either the broadcast service or the reflectivity mechanism. They serve in an endless variety of

(F1 - 50) The seven evolving superuniverses in association with the central and divine universe, we commonly refer to as the grand universe, these are the now organized and inhabited creations. They are all a part of the master universe, which also embraces the uninhabited but mobilizing universes of outer space.

assignments, helping out the spiritual and material beings of the realms, particularly where the element of time is involved. Of all orders assigned to the services of the super-universe domains, they are the highest and most versatile personalized beings who can come so near to defying time and space.

(260.6) 23:3.2 The universe is well supplied with spirits who utilize gravity for purposes of transit; they can go anywhere any time — instanter — but they are not persons. Certain other gravity traversers are personal beings, such as Gravity Messengers and Transcendental Recorders, but they are not available to the super- and the local universe administrators. The worlds teem with angels and men and other highly personal beings, but they are handicapped by time and space: The limit of velocity for most non-enseraphimed (angelic) beings is 186,280 miles of your world per second of your time (the speed of light); the midway creatures and certain others can, often do, attain double velocity — 372,560 miles per second — while the seraphim (angelic) and others can traverse space at triple velocity, about 558,840 miles per second. (Typical space travel is at 3 times the speed of light.) There are, however, no transit or messenger personalities who function between the instantaneous velocities of the gravity traversers and the comparatively slow speeds of the seraphim, except the Solitary Messengers.

(261.1) 23:3.3 Solitary Messengers are, therefore, generally used for dispatch and service in those situations where personality is essential to the achievement of the assignment, and where it is desired to avoid the loss of time which would be occasioned by the sending of any other readily available type of personal messenger. They are the only definitely personalized beings who can synchronize with the combined universal currents of the grand universe. Their velocity in traversing space is variable, depending on a great variety of interfering influences, but the record shows that on the journey to fulfil this mission my associate messenger proceeded at the rate of 841,621,642,000 of your miles per second of your time (4.5 million times the speed of light).

(261.2) 23:3.4 It is wholly beyond my ability to explain to the material type of mind how a spirit can be a real person and at the same time traverse space at such tremendous velocities. But these very Solitary Messengers actually come to, and go from, Urantia (Earth) at these incomprehensible speeds (4.5 million times the speed of light); indeed, the whole economy of universal administration would be largely deprived of its personal element were this not a fact.

(261.3) 23:3.5 The Solitary Messengers are able to function as emergency lines of communication throughout remote space regions, realms not embraced within the established circuits of the grand universe. It develops that one messenger, when so functioning, can transmit a message or send an impulse through space to a fellow messenger about one hundred light-years away as Urantia (Earth) astronomers estimate stellar distances.

(261.4) 23:3.6 Of the myriads of beings who co-operate with us in the conduct of the affairs of the super-universe, none are more important in practical helpfulness and timesaving assistance. In the universes of space we must reckon with the handicaps of time; hence the great service of the Solitary Messengers, who, by means of their personal prerogatives of communication, are somewhat independent of space and, by virtue of their tremendous transit velocities, are so nearly independent of time.

### **Paper 3: God's Relation to the Individual**

The Urantia Book

(62.1) 5:0.1 IF THE finite mind of man is unable to comprehend how so great and so majestic a God as the Universal Father can descend from his eternal abode in infinite perfection to fraternize with the individual human creature, then must such a finite intellect rest assurance of divine fellowship upon the truth of the fact that an actual fragment (Thought Adjuster) of the living God resides within the intellect of every normal-minded and morally conscious Urantia (Earth) mortal. The indwelling Thought Adjusters are a part of the eternal Deity of the Paradise Father. Man does not have to go farther than his own inner experience of the soul's contemplation of this spiritual-reality presence to find God and attempt communion with him.

(62.2) 5:0.2 God has distributed the infinity of his eternal nature throughout the existential realities of his six absolute co-ordinates, but he may, at any time, make direct personal contact with any part or phase or kind of creation through the agency of his prepersonal fragments (Thought Adjusters). And the eternal God has also reserved to himself the prerogative of bestowing personality upon the divine Creators and the living creatures of the universe of universes, while he has further reserved the prerogative of maintaining direct and parental contact with all these personal beings through the personality circuit. (Our personality are given to us by the Father)

#### **1. The Approach to God**

(62.3) 5:1.1 The inability of the finite creature to approach the infinite Father is inherent, not in the Father's aloofness, but in the finiteness and material limitations of created beings. The magnitude of the spiritual difference between the highest personality of universe existence and the lower groups of created intelligences is inconceivable. Were it possible for the lower orders of intelligence to be transported instantly into the presence of the Father himself (to the Isle of Paradise), they would not know they were there. They would there be just as oblivious of the presence of the Universal Father as where they now are. There is a long, long road ahead of mortal man before he can consistently and within the realms of possibility ask for safe conduct into the Paradise presence of the Universal Father. Spiritually, man must be translated many times before he can attain a plane that will yield the spiritual vision which will enable him to see even any one of the Seven Master Spirits.

(62.4) 5:1.2 Our Father is not in hiding; he is not in arbitrary seclusion. He has mobilized the resources of divine wisdom in a never-ending effort to reveal himself to the children of his universal domains. There is an infinite grandeur and an inexpressible generosity connected with the majesty of his love which causes him to yearn for the association of every created being who can comprehend, love, or approach him; and it is, therefore, the limitations inherent in you, inseparable from your finite personality and material existence, that determine the time and place and circumstances in which you may achieve the goal of the journey of mortal ascension and stand in the presence of the Father at the centre of all things.

(63.1) 5:1.3 Although the approach to the Paradise presence of the Father must await your attainment of the highest finite levels of spirit progression, you should rejoice in the recognition of the ever-present possibility of immediate communion with the bestowal spirit of the Father so intimately associated with your inner soul and your spiritualizing self.

(63.2) 5:1.4 The mortals of the realms of time and space may differ greatly in innate abilities and intellectual endowment, they may enjoy environments exceptionally favourable to social advancement and moral progress, or they may suffer from the lack of almost every human aid to culture and supposed advancement in the arts of civilization; but the possibilities for spiritual progress in the ascension career are equal to all; increasing levels of spiritual insight and cosmic meanings are attained quite independently of all such socio-moral differentials of the diversified material environments on the evolutionary worlds.

(63.3) 5:1.5 However Urantia (Earth) mortals may differ in their intellectual, social, economic, and even moral opportunities and endowments, forget not that their spiritual endowment is uniform and unique. They all enjoy the same divine presence of the gift from the Father, and they are all equally privileged to seek intimate personal communion with this indwelling spirit (Thought Adjuster) of divine origin, while they may all equally choose to accept the uniform spiritual leading of these Mystery Monitors (Thought Adjusters).

(63.4) 5:1.6 If mortal man is wholeheartedly spiritually motivated, unreservedly consecrated to the doing of the Father's will, then, since he is so certainly and so effectively spiritually endowed by the indwelling and divine Adjuster, there cannot fail to materialize in that individual's experience the sublime consciousness of knowing God and the supernal assurance of surviving for the purpose of finding God by the progressive experience of becoming more and more like him.

(63.5) 5:1.7 Man is spiritually indwelt by a surviving Thought Adjuster. If such a human mind is sincerely and spiritually motivated, if such a human soul desires to know God and become like him, honestly wants to do the Father's will, there exists no negative influence of mortal deprivation nor positive power of possible interference which can prevent such a divinely motivated soul from securely ascending to the portals of Paradise.

(63.6) 5:1.8 The Father desires all his creatures to be in personal communion with him. He has on Paradise a place to receive all those whose survival status and spiritual nature make possible such attainment. Therefore settle in your philosophy now and forever: To each of you and to all of us, God is approachable, the Father is attainable, the way is open; **the forces of Divine Love** and the ways and means of divine administration are all interlocked in an effort to facilitate the advancement of every worthy intelligence of every universe to the Paradise presence of the Universal Father.

(63.7) 5:1.9 The fact that vast time is involved in the attainment of God makes the presence and personality of the Infinite none the less real. Your ascension is a part of the circuit of the seven super-universes, and though you swing around it countless times, you may expect, in spirit and in status, to be ever swinging inward. You can depend upon being translated from sphere to sphere, from the outer circuits ever nearer the inner centre, and some day, doubt not, you shall stand in the divine and central presence and see him, figuratively speaking, face to face. It is a question of the attainment of actual and literal spiritual levels; and these spiritual levels are attainable by any being who has been indwelt by a Mystery Monitor, and who has subsequently eternally fused with that Thought Adjuster.

(64.1) 5:1.10 The Father is not in spiritual hiding, but so many of his creatures have hidden themselves away in the mists of their own wilful decisions and for the time being have separated themselves from the

communion of his spirit and the spirit of his Son by the choosing of their own perverse ways and by the indulgence of the self-assertiveness of their intolerant minds and un-spiritual natures.

(64.2) 5:1.11 Mortal man may draw near God and may repeatedly forsake the divine will so long as the power of choice remains. Man's final doom is not sealed until he has lost the power to choose the Father's will. There is never a closure of the Father's heart to the need and the petition of his children. Only do his offspring close their hearts forever to the Father's drawing power when they finally and forever lose the desire to do his divine will — to know him and to be like him. Likewise is man's eternal destiny assured when Adjuster fusion proclaims to the universe that such an ascender has made the final and irrevocable choice to live the Father's will.

(64.3) 5:1.12 The great God makes direct contact with mortal man and gives a part of his infinite and eternal and incomprehensible self to live and dwell within him. God has embarked upon the eternal adventure with man. If you yield to the leadings of the spiritual forces in you and around you, you cannot fail to attain the high destiny established by a loving God as the universe goal of his ascendant creatures from the evolutionary worlds of space.

## 2. The Presence of God

(64.4) 5:2.1 The physical presence of the Infinite is the reality of the material universe. The mind presence of Deity must be determined by the depth of individual intellectual experience and by the evolutionary personality level. The spiritual presence of Divinity must of necessity be differential in the universe. It is determined by the spiritual capacity of receptivity and by the degree of the consecration of the creature's will to the doing of the divine will.

(64.5) 5:2.2 God lives in every one of his spirit-born sons. The Paradise Sons always have access to the presence of God, "the right hand of the Father," and all of his creature personalities have access to the "bosom of the Father." This refers to the personality circuit, whenever, wherever, and however contacted, or otherwise entails personal, self-conscious contact and communion with the Universal Father, whether at the central abode or at some other designated place, as on one of the seven sacred spheres of Paradise. (The Thought Adjuster becomes vested in our being when we are typically aged around 6 years, it can withdraw. However, should we start to ask for and receive Divine Love, Divine Love, being a substance, always remains within our soul forever.)

(64.6) 5:2.3 The divine presence cannot, however, be discovered anywhere in nature or even in the lives of God-knowing mortals so fully and so certainly as in your attempted communion with the indwelling Mystery Monitor, the Paradise Thought Adjuster. **What a mistake to dream of God far off in the skies when the spirit of the Universal Father lives within your own mind!**

(64.7) 5:2.4 It is because of this God fragment (Thought Adjuster) that indwells you that you can hope, as you progress in harmonizing with the Adjuster's spiritual leadings, more fully to discern the presence and transforming power of those other spiritual influences (such as Divine Love) that surround you and impinge upon you but do not function as an integral part of you. The fact that you are not intellectually conscious of close and intimate contact with the indwelling Adjuster does not in the least disprove such an exalted experience. The proof of fraternity with the divine Adjuster consists wholly in the nature and

extent of the fruits of the spirit which are yielded in the life experience of the individual believer. “By their fruits you shall know them.”

(65.1) 5:2.5 It is exceedingly difficult for the meagrely spiritualized, material mind of mortal man to experience marked consciousness of the spirit activities of such divine entities as the Paradise Adjusters. As the soul of joint mind and Adjuster creation becomes increasingly existent, there also evolves a new phase of soul consciousness which is capable of experiencing the presence, and of recognizing the spirit leadings and other super-material activities, of the Mystery Monitors.

(65.2) 5:2.6 The entire experience of Adjuster communion is one involving moral status, mental motivation, and spiritual experience. The self-realization of such an achievement is mainly, though not exclusively, limited to the realms of soul consciousness, but the proofs are forthcoming and abundant in the manifestation of the fruits of the spirit in the lives of all such inner-spirit contactors.

### 3. True Worship

(65.5) 5:3.3 Worship is for its own sake; prayer embodies a self- or creature-interest element; that is the great difference between worship and prayer. There is absolutely no self-request or other element of personal interest in true worship; we simply worship God for what we comprehend him to be. Worship asks nothing and expects nothing for the worshiper. We do not worship the Father because of anything we may derive from such veneration; we render such devotion and engage in such worship as a natural and spontaneous reaction to the recognition of the Father’s matchless personality and because of his lovable nature and adorable attributes.

# Seven Spirit Earth Planes

We start our eternal existence by incarnating, even if it's just for a moment, onto a physical world like Earth. Then, when we die, we move into one of the seven Mansion Worlds, which can be likened to probationary worlds; worlds in spirit through which we correct all that's wrong within us. This includes if we've hurt other people or creatures very badly, we need to compensate for such suffering we've caused in others by suffering ourselves in one of the two lower Earth planes commonly called The Hells.

Other than the two lower Earth planes, we mortal spirits can't live in the other five Earth planes, they being reserved for the angels, nature spirits and other higher spirits.

The geography of the seven Earth planes is based on, or the same as, Earth, whereas the geography of the seven Mansion Worlds is unique to each world. So on Earth it's conceivable that your physical home could also be used by nature spirits, angels and higher spirits for their needs in the higher Earth planes, as well as being used by spirits confined to the two lower Earth plane – Hells. So these seven other dimensions, all focused on your home – a lot could be going on! However more than likely the reality is, the lower two Earth plane hells have spirits congregating in the darker seedier places of the physical world, or in the prisons and more isolated places if they are to spend time in isolation. Whilst the nature spirits, angels and higher spirits would reside in their higher Earth planes mostly away from dense populations of humanity, so more in the remote unpopulated areas of the world. The planes, although each being separate from each other and the physical Earth, and not interfering or influencing each other, still have some bleed-through of energy, thus affecting them in certain ways. As you can imagine, I don't think the angels would set up one of their main meeting and administration centres over one of Earth's most densely populated, corrupt and polluted cities, not unless the higher angelic light was in some way, to affect those people on Earth.

And by and large, we on Earth have very little consciously to do with any of the spirits or angels in the Earth planes. Some people feel emotionally, mentally, psychically and even at times physically disturbed or influenced by spirits in the two Earth plane, Hells, although really there is little direct interference from them. Such things as scary ghosts and knocking noises and all the dark scary poltergeist stuff comes from these wayward, lost, 'dark' and evil spirits still trying to have nefarious control over people on Earth, all of which is relatively harmless other than in exceptional cases. And mostly, we on Earth are totally unaware of our attending nature spirits and angels, and even more so of any higher spirits that might be visiting us or Earth.

For spirits and angels to get as close to us physically as they can, is done so by them being in the relevant Earth plane. During a Divine Love meditation or prayer for example, it's conceivable you might have in attendance in the various Earth planes and unbeknownst to you – dark spirits of the two Earth planes that want to try and redeem themselves so are brought to attend your prayer or meditation; you might have nature spirits there as well; you will have your attending angelic pair together with other angels; and you might have other higher spirits who are required to help you in your thoughts or feelings to progress in your spiritual development; and then you might also have other Mansion World or Celestial spirits attending you in the relevant Earth plane, including even from the Hell planes should the spirits want to get as close to you as they physically can. A lot of Mansion World spirits descend into the lower two Earth planes, the Hell planes, so

as to be close to their loved ones on Earth. They are able to do so without being affected negatively by the ever-present Hell plane spirits by adjusting their spiritual light in order to keep them at bay.

It should be noted that to quality for life in the Hell planes comes about because of the state of ‘hell’ that already exists within the person who acts out such hell on others. We only cause harm to others because the harm was caused to us through our childhood. And instead of dealing with and honouring our own pain and taking full responsibility for it, we block it within ourselves thereby taking it out on others by making them suffer the same degree of pain we’re suffering. Those people who harm another person or creature will at some point suffer the degree of pain they have caused in the other person when the Law of Compensation acts upon them during their time in the Hells. They have to ‘balance the books’ so as to help them understand that it was wrong to do what they did to the other person or creature, for them to understand by directly feeling the pain they have caused. And once they have felt it all, ‘paid for their spiritual crime’ against the will of another, then they are allowed to resume regular spirit life in the Mansion Worlds rather than being kept separate in the Earth Hell planes. And somehow during the time of ‘paying the price’, they are healed of their need to hurt and harm others so they can move into the regular spirit Mansion World population no longer looking to, or with the need to, hurt and cause suffering in other spirits.

And it is highly possible that at some point, and even possibly quite soon, the same Laws of Compensation that apply to those spirits having to live and ‘do their time of suffering paying for their crime against another’ will be applied to and on Earth. So many bad people will suddenly be forced into the ‘hell of their own making, the hell that resides in them’. So doing some or all of their ‘Hell Time’ whilst on Earth, then completing it when they get to spirit by having to enter one of the two Hell Earth planes, or no longer needing to spend any time in them if they’ve ‘served their time for their evil crime’ when on Earth. Should the ‘earthing’ of the Law of Compensation come about, thereby bringing the Earth into direct alignment with the First Mansion World, then as you can imagine, things will drastically change here on Earth, with anyone merely having the intent, let alone actually carrying out the sinful act, having to immediately suffer compensation for their unloving action and motivation. With the compensation being lived by feeling such intense guilt and all the other bad feelings for the bad things you have done, coupled with pain so bad and so ongoing that you enter into a state of perpetual begging for forgiveness and to be released from your suffering, that very same suffering you caused another person or creature to suffer.

# Seven Spirit Earth Planes

Each of the seven Earth spirit planes co-exist in the same space as we do in the physical. We of the physical world are of the coarsest and densest material. Starting with the 1<sup>st</sup> plane, the material within each plane becomes finer, more refined and of greater luminosity. Those within the lower planes cannot see or discern the presence of those in higher planes. Those of the higher planes can move about those in lower planes without them being aware of being present unless they wish to reveal themselves.

Each plane is predominantly for one group of spirit or angel personalities, however there are sectors within planes where visitors from higher planes can move about freely. No harm or disturbance can be caused by any spirit personality upon another, not even those within the physical Earth existence.

5<sup>th</sup> Earth Plane being for visitors from the Celestial Heavens and higher angels and spirits from other parts of Creation, including Finaliters.

4<sup>th</sup> Earth Plane being exclusively for Angels, some of which have evolved from Nature Spirits!

3<sup>rd</sup> Earth Plane is the exclusive domain of Nature Spirits who are derived from creature life experience on Earth.

2<sup>nd</sup> Earth Plane – a ‘Sphere of Isolation’ from which one progresses having settled the Law of Compensation, allowing entry into regular spirit life in the 1<sup>st</sup> spirit Mansion World.

1<sup>st</sup> Earth Plane – the deepest and darkest ‘Sphere of Isolation’ and closest to Earth. A plane allowing spirits to live in their state of hell because of their grievous inclination to cause harm to others.

**SPHERES – SPIRIT WORLDS – within the Earth’s Solar System:**

All souls with their spirit bodies transition firstly to the 1<sup>st</sup> Sphere, this sphere is much closer to Earth than to the Moon. All souls to be individualised through Earth can be accommodated in the 1<sup>st</sup> Natural Love Sphere.

The Planes of Disharmony, hells, are possibly between 1<sup>st</sup> sphere and Earth. Natural Love spheres are 1, 2, 4 & 6. The Divine Love spheres are 3, 5 & 7. Celestial Heaven spheres are 8, 9 & 10. Higher sphere systems are not numbered: being the Eternal Spheres, Infinite and Universal Spheres, then Isles of Paradise and then finally the Super Grand Sphere.

These further sets of spheres interact with life through out the universes.

**Note: The 1<sup>st</sup> Divine Love Sphere and the 1<sup>st</sup> Sphere of Disharmony may simply be planes within the 1<sup>st</sup> Natural Love Spirit World.**

**SPIRIT MANSION WORLDS are numbered 1 to 7:**

To PARADISE, the HOME of OUR HEAVENLY PARENTS

Spirit Mansion Worlds are those 1 – 7. They with the Celestial Heaven spheres numbered 8, 9, 10 as well as the 3 Spheres of Disharmony are all within the Earth’s environment, and rather close by. Each sphere can accommodate more than 100 times the people than Earth may do.

Natural Love sphere progression stops at sphere 6. With only the natural love, progression is through spheres 1, 2, 4, and 6 only.

One can embrace Divine Love at any time and move to DL sphere 3 and continue.

The Divine Love spheres 3, 5, 7, 8, 9, and 10 were opened by Jesus.

On death of the physical body we all arrive in the 1<sup>st</sup> Natural Love sphere.

The 2 Planes of Disharmony are the hells. While one desires to cause harm to others, isolation is applied. Once the Law of Compensation is completed then one can then progress and return to the 1<sup>st</sup> Natural Love sphere and continue in their progression onto higher spheres.

Progression from the top Celestial Heaven sphere is to the Eternal Spheres, Infinite and Universal and further onwards to Paradise.

Celestial Heaven spheres 8, 9, 10 are often referred to as 1, 2, and 3 of Celestial Heaven.

Divine Love perfects one’s natural love soul through the progression via spirit world spheres 3, 5, and 7. Soul-Healing and At-onement is achieved through the progression into sphere 8 which is the first of the Celestial Heaven spheres namely 8, 9, and 10.

Earth is for the individualisation of souls being the commencements of one’s journey home toward the Source Soul.

The Pre-Incarnational Sphere is the waiting area for souls to be individualised / incarnated.

There are seven Earth planes around Earth, which are separate from the Mansion Worlds, but we only have access to two of them, which include the ‘hells’. Each of the Mansion Worlds also have their own seven planes ‘around’ them.

**Note: The 1<sup>st</sup> Divine Love Sphere and the 1<sup>st</sup> Sphere of Disharmony may simply be planes within the 1<sup>st</sup> Natural Love Spirit World.**

NATURAL LOVE SPIRIT MIND MANSION WORLDS:

Following the First Parents and subsequent to the Rebellion by Lucifer and his soulmate, and then the Default by Adam and Eve, and up until the birth of Jesus of Nazareth, the spirit world mind Mansion World spheres that were open to habitation to spirit people were only those pertaining to natural love essence, being the substance upon which our soul is formed. Natural love is Creation's love.

Natural Love sphere progression stops at sphere 6. With only the natural love, progression is through spheres 1, 2, 4, and 6 only. With Divine Love and Feeling Healing one cannot progress beyond sphere 6.

One can embrace Divine Love and one's Feeling Healing at any time and move to Divine Love sphere 3 and continue. This became possible upon the birth of Jesus.

On death of the physical body we all arrive in the 1<sup>st</sup> Natural Love sphere.

The 2 Planes of Disharmony are the hells. While one desires to cause harm to others, isolation is applied. Once the Law of Compensation is completed then one can then progress and return to the 1<sup>st</sup> Natural Love sphere and continue in their progression onto higher spheres.

# The Way Home

Maybe something like 30 billion people have recognised that our Mother and Father’s Divine Love, together with embracing one’s Feeling Healing, that with these two aspects, have progressed through the Mansion Worlds to the Celestial Heavens and onwards.

Mansion World 7: is then about still working with the deepest and residual bad feelings, whilst looking to sort out how you wrongly relate to yourself and others, nature and God because of being unloving, understanding how your relationships are unloving, how you don’t connect properly, how unloving you really are and why and fully accepting the truth of it, coming completely to grips with your parents not loving you as you needed to be loved – sorting it all out, including your self and feeling expression difficulties.

Mansion World 5: is then about going right into the depths of them, feeling how unloved you feel and seeing how unloving you are and how that makes you feel, bringing out the majority of your pain, your misery, fear, anger, guilt, hatred, boredom, terror, rejection, nothingness, feeling powerless, alone and abandoned, and so on.

Mansion World 3: is for waking up to the truth that you’re not loving and starting to get in touch with your pain, starting to accept your bad feelings, starting to work with them instead of rejecting them.

More than 200 billion personalities have embraced their mind and self reliance through the misguidance of ‘New Age’ styled ideologies and the many thousands of different religious platforms, all of which take the person further and further away from our Heavenly Parents.

For a million years, humanity has gone in the wrong direction with its self-denial of self and feeling!

**OUR JOURNEY to the CENTRE: HEAVENLY PARENTS are UNIVERSALLY PRESENT:**  
Earth is one of the youngest inhabited planets on the outer edge of the youngest of the seven super-universes. From the spirit worlds, we progress to the spheres of many mansions, being the Celestial Heavens. From there we progress to the Eternal Spheres, then to the Infinite and Universal Spheres and then towards the Isle of Paradise. The Isle of Paradise remains stationery and is the home of the Source Soul, our Heavenly Parents, Mother and Father.

Our progression is always towards the centre, nearer to the centre of our super-universe.

Earth is blanketed by the 1<sup>st</sup> natural love sphere, the spirit world spheres are within the proximity of Earth. From the spirit spheres we progress to the Celestial Heavens.

Earth / Spirit Worlds and Celestial Heavens, and then the Eternal Spheres, followed by the Infinite and Universal Spheres.

**The Divine in the Universe**

Shining Toward Spirit by Zara Borthwich and Nicholas Arnold  
 Message 316 14 Nov 2014 to 14 Mar 2015

I am here, Sabrina. It has been mentioned to you both about an existence of a place called the Fatherly Universe. I am in my residence in the spirit world and have lived in the Celestial Heaven a long time. There does exist a Universal space that surrounds the Father's Soul and it is known as the Father's Universe.

One can travel around the boundary of this Universe as there is a boundary that exceeds some distance, a great distance from the actual Soul of the Father. It is in this Universal space, that many attributes of the Father's Spirit originate and are manifested in, which then are released by the Father throughout all realms of time and space. If you were to travel around the full circumference of the Father's Spherical Universe, you would come into contact with other worlds and forms of human species. Though I have not been there myself, I take it on good faith from those who have ventured to parts of this Universe, and it is widely taught that it is the same Divine Love that we receive that forms part of these worlds in their particular regions relative to the boundary of the Father's Universe.

Apparently the Father has not created different Divine Loves to suit the needs of different species. I have been able to ascertain that there are many worlds and species like the human world and its species, and all have souls and spirit bodies for their existence continues with the same continuity as ours in similar spirit words. Some of these worlds and their people live in the awareness that this potential of the Fatherly Divine Love is a real active living energy in their daily life and other worlds are similar to yours where the natural origins are the dominant force and awareness to the conditions of their living.

Here in the Celestial Heaven I have not met anyone from another world other than our human world. I have socialised with spirits who once lived on earth but who have progressed beyond the Celestial Heaven and reside in the Eternal Spheres where they have met other individuals from other planets. There is an order and a structure in which everyone understands, and of course, we have all the time, as we live with the Father, to discover the greater spirit universe we live in, which I intend to do. The purpose of my writing this is to convey that the vision of Divine Love is not entirely situated and located to just us but rather this Divine energy of Love forms part of the greater universal workings in which all mortal soul life is created in and outside of the Father's Universe.

Much love to you, Sabrina

**Three Great Truths:**

- **God is Soul, being our Heavenly Mother and Father;**
- **that each individual soul is a duplex – both male and female;**
- **and Feeling Healing with Divine Love is the pathway to Paradise.**

**The Industry of the Love**

Shining Toward Spirit by Zara Borthwich and Nicholas Arnold  
 Message 348 14 Nov 2014 to 14 Mar 2015

We have experienced the Divine Love and so this generates a huge amount of experience here and as our soul changes in its condition, that improvement is illumination for us that improves our visibility and our vision of the full spirit world that surrounds us.

There was a time when spirits resided in only the natural part of the spirit world and the Acting Spirit / Holy Spirit / Spirit that brings the Divine Love into the soul had ceased in its cause and operation. During this time every personality residing in the spirit world resided in one of the Natural Spheres and **the three lowest spheres of the Celestial Heaven had not been opened until the human life of Jesus.**

With the human life of Jesus and the Acting Spirit reactivated by the Father and with individuals commencing their receipt of the Love and the Celestial Heaven open, the great generating action of Divine Love began to turn the wheel of the spirit world again and today discussions about this Love echo from sphere to sphere and among men and women which reveals to us that the internal experience of living with the Love is a dynamic social and compelling living experience.

With love, Sabrina

Shining Toward Spirit by Zara Borthwich and Nicholas Arnold  
 Message 354 14 Nov 2014 to 14 Mar 2015

I would like to say as I communicate with you I am aware of the presence of the Celestial Heaven as they are close by. The Celestial Spheres are in proximity to you, not too far away. They are not many miles and miles away, shining out there in some distant nether region of an invisible part of an ancient and glorious spirit world.

The First Divine Love Sphere is very close by and just situated beyond the First Natural Sphere. Although the spirit world is big in its presence in spheres, the Celestial Spheres form part of this spirit world and do not exist in a sublime place that lies beyond our reach. Everything in the natural and Divine Love Spheres has visibility to it. And like the Divine Love, from a spirit's perspective the Celestial Heaven is known and not an exclusive place. The reason why a Celestial Heaven exists and that this Heaven comprises of spheres is simply stated because the Divine Love exists, and a finite soul can partake of the Immortality of this Love. The Father has formed these Celestial Spheres into existence so that those of us who partake of this Immortality can progress and move in the Love.

With love, Sabrina

Shining Toward Spirit by Zara Borthwich and Nicholas Arnold  
 Message 357 14 Nov 2014 to 14 Mar 2015

It is almost unimaginable to consider that the Divine Love and the Acting Spirit / Holy Spirit were unavailable for mortal souls to receive for such an extended period of time. You and I and other people and spirits live in a beautiful awareness that so much Love and Spirit is open and transparent to us. There was a time when all spirits existed in solely the seven (7) Natural Spheres which are comprised of

the three lowest spheres (Spheres of Disharmony), then the first, second, fourth and sixth Natural Spheres (1, 2, 4, 6). All these spheres are joined in succession with a finite boundary to each sphere, and they are all in harmony – the harmony of the natural heavens.

It must have felt like a long time for those souls living in the natural spirit world who were aware of the Love, such as the offspring of the First Parents and the First Parent themselves between their life and now life in the mortal spirit world until the time of Jesus and the availability and opportunity to progress again in the Love. The life of Jesus marked the opportunity for a mortal soul to receive the Immortality of the Divine Love and to approach the Divine Love Spheres (spheres 3, 5, 7) and Celestial Heaven Spheres (spheres 8, 9, 10), as all were open.

We live in a time of great transparency. The Love is real to some of us and we can breathe life into our finite potential. I live in a time in the spirit world where everything is available for me. The only thing that can prevent me from moving on in this transparency of Love and Spirit is myself. I like to know that I can move and that I live with potential. I know that I will move from the First Celestial Sphere to the next Celestial Sphere and then to the last Celestial Sphere where I will eventually proceed into the Eternal Spheres for the Divine Love will change my soul and spirit condition as it has already done to arrive me in the First Sphere of the Celestial Heaven.

With love, Sabrina

**Follow your heart, follow your love and do that in loving action, your inner love leads in your asking the Soul of God to receive a little of the Love.**

**“I love you Father.” “Let the Divine Love proclaim its energy into my soul.”**

**“Mother and Father, I desire your Love and I am loving you.”**

**“Soul God, I love you and I love receiving and experiencing your Divine Love.”**

**“True Soul God, I am here, I am aware of your Love. Please hear my aspiration for your Love and as I approach you from my soul, I can feel your Love in the way that you are loving my soul.”**

**Try it; give the Love a go! If you want to shine, receive the Love.**

**One can simply receive the Love without following any religious or spiritual teaching taught by man!**

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:****James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on themselves and doing their Healing.

**Feeling Bad? Bad Feelings are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:****The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

**FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.**

**Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.**

**Primary and most important readings are the writings of James Moncrief.**

**Then consider the Padgett Messages, and then The Urantia Book.**

**God's Divine Love: Pray for it, ask for it, and receive it.**

**Oliver Twist asked:**

*Please, sir, I want some more!*

**Maybe we should simply ask:**

*Please, Mother and Father, I want some more!*

**Long and pray for Divine Love and it will loosen the errors / injuries / unhealed / denied trapped and/or inherited emotions, resulting in a flowing out of these negative embellishments within one's soul as Divine Love flows in – Divine Love being the greatest gift in all the universe.**

**The opening up of the soul permits a permanent exchange with Divinity, a permanent recharge of this healing energy that allows not only the re-establishment of lost health, but the continuity of health, providing such a perfect balance, even in the physical body, that noxious agents like bacteria and virus cannot find any opportunity to unchain pathological reactions, which we commonly call illness.**

**But it is true that people without the benefit of Divine Love would lack the protective shield, which the intrinsic healing energies of Divine Love provide for those who pray for our Heavenly Mother and Father's Grace.**
