## LIGHT

**KEVIN and JOHN chatting by the BBQ again – symbolically!**

Saturday, 16 February 2019

John: Hi Kevin

I put you forward as the absolute perfect demonstration as to what comes about through engaging in one's Healing while also embracing our Heavenly Mother and Father's Love. In six and a half years you have freed your soul from all of the repression and suppression that we all endure during our childhood and with the love and light that comes with enabling our true personality to be expressed with the infusion of Divine Love we become whom our Heavenly Parents created us to be.

Kevin, 1<sup>st</sup> Celestial Heaven: It's true as you say John, and it's pretty remarkable if I say so myself. However it's not just me, there are many of us Celestials who like myself have come out of nowhere now to be full residents of the Celestial spheres. Which, as you are writing, shows just how incredible our soul is, and what potential we all have, all of which can relatively easily be brought to light as one does one's Healing with the Divine Love.

I'm pleased that through myself you can see what can be achieved, if nothing else John, my coming to you like this is good for that. And it was because of my 'nothing' status on Earth that I didn't have such inner complications that so-called 'power-people' might have, that enabled me to let go of all that was stopping me express my pain, when I came to understand that it was a good thing to do.

I found I could relatively easily do my Healing, other spirits were labouring through it, and I felt sorry for them, but for me, and many like myself, we moved through the levels with the minimal amount of resistance. There were others who did their Healing quicker than I, and as has been told to you, it's not about the actual time taken, but really what one needs to gain from one's Wrongness, the Healing of it, and then how your life unfolds in the Celestials. As I am coming to understand, being of a more 'simple' kind of person, without so many of the deeper interwoven psychological difficulties to deal with, is allowing Kathaleen (as she's the same) and myself to come and support you like this. There's a lot more to it all, most of which we are yet to understand ourselves, but even though it's been explained to you that it's about soulmate pairs uniting in soulgroups (12 soulmate pairs) who all play certain roles,

the actual 'Light Dynamics' involved, which is the way our specific and unique personality is to be expressed by our soul in Creation, is far more involved than I could hope to convey to you. But in a very simplistic sense and in so far as our relationship is, because of the light of my soul expressing the personality that I am in Creation, so part of that interaction in life that is to help me grow in truth and express more of myself, is to come from my personal involvement with you John.

Light

And why I'm saying this John is to try and give you and the reader the feeling that there is so much more to us, that really we are all about the relationships we have and how they affect us and help us grow in truth. And that what we do, whether we are so-called leaders or not, is irrelevant, only being labels that you all need on Earth because you fail to appreciate the depths of personality interaction that really life is meant to be about. We are meant to live putting our relationships first, and what we 'do' is only done to help that, so life will help you do what you need to do so as to get all you need out of being together. Which so many people understand, and which I did in my rudimentary way when I was on Earth, yet couldn't express it as I can now. I loved the personal experience with all my chooks, they were my 'dear little friends', birds being of the personality interaction level I could deal with, and which helped to prepare me for my move into my Healing, the doing of it, and now subsequently in my soulmate relationship with Kathaleen; who by the way, is going to be the one to inform you about SI (Solid Investment) by answering the questions you're asking below. She is far more business minded than I am, I want to support you like this, more on the personality level, whereas she is able to help you more with that side of things

## CONCEPTION / INCARNATION into a REBELLION

18 April 2019

**Any one moment is not the worst. They are all part of the whole package. All the moments are equally important and none being worse than another.** (It could be felt that) the worst moment for us (is) at conception, because at that moment we engage in it all. We engage incarnation in our case into an unloving, self-rejecting, horrible state, whereas were we incarnated into a true and loving state, it would be technically the most wonderful moment, our first and fullest moment of true love – the beginning of our incarnation into Creation.

And it's not that at conception all the aspects of the Wrongness enter our pristine soul, it's that our soul is 'programmed' already for our parents to be as they are, including all they've inherited, all they've worked out and become through their lives to that point of our conception, and including all the other environmental stuff, and so at conception, it's as if the switch is turned on and we begin to express that program in Creation. So our soul is perfect, true and pristine, and always stays that way, and then at the same time, I think it's also true or fair enough to say, it becomes corrupt and polluted by the Rebellion and Default and all the yuk that we become. However really that 'corruption' is merely more of the program or pattern that in a way is already within it and which it is merely outworking according to plan. And so again for us, being the personality expression of our soul (one of the personalities of our soulmate pair), it comes back to how we feel about it, how it's making us feel, all the feelings coming up between us and our parents and the surrounding family and bigger environment. So on the experiential level of our personality expression, yes, it is as you say, and that's what we have to accept and embrace, the full 'corruption' and defilement of our soul, because that's how we feel it. Yet on the existential soul level, it's all still true and perfect, our soul can't actually become corrupt or defiled because our soul is of God, so it would be the same as saying that God's Soul can become corrupt and defiled, when God can only be loving, as is our soul. But on the personality level that our soul is expressing, currently what we are to experience in life, that self-expression, is from an unloving state.

yuk

So each "successive bad moment" doesn't actually enter our soul as such, however the experiential-light from it does so as to trigger the next batch of existential soul-light that is the next part our pattern unfolding, which then affects our experience through our will causing us the next experiential bad or good moment. So with each bad moment, if we are not allowed to fully express all it makes us feel to our parents or whomever is causing those bad feelings, they immediately taking notice of us and changing their behaviour so as to no longer make us have the bad moment; if our parents shut down our self-expression, which is all part of our soul bringing us, one of it's two personalities, out into Creation, then having not been allowed to express all that bad feeling (or good one, as they often shut down the good stuff too), the fullness of that experience is denied, the experience is not fully completed, we haven't fully expressed it, which is expressing ourselves, as we needed to; and then that unexpressed experience waits forever to be expressed, as it has to one day be expressed so we can complete that part of our self-expression and move on. So our denial is having all these unexpressed parts of ourselves, as reflected in our unexpressed experience within us, crammed into us if you like, and kept forcibly down within us, first by our parents will, as they say shut up, no more, that's the end of that, we won't hear anymore of it, and all that sort of stuff, and as they are our parents and we have to do what they say, so we then engage our own will to keep that part of us suppressed, we effectively taking over the control they have over us, ourselves. So as we mature through our childhood, we're taking over from them, which all amounts to us keeping the lid on all those still-waiting-to-be-finally-and-fully-expressed experiences that are locked away inside us from conception. And our Healing, by focusing on our feelings and wanting our repressed ones to come up, is hard because we're having to fight against our own will that's keeping the lid on them all, and also against our parents will for doing it to us in the first

place. But it all 'has to come out' as I keep writing, because that's the only way we can open those closed doors within us so as to allow the completion of all those uncompleted experiences. And by longing for the truth of them, of it all, we're wanting to also then see what it was all about, all so we can deal with and confront that self-control we took on from our parents and our initial parental control. And all of that is encoded within our soul as part of the pattern we're to live, all put into us by our Mother and Father at the creation of our Soul, or perhaps, at the conception of our soul.

And the part about perhaps some people being 'lucky' as you say to have 'better parents' as in perhaps their being less controlling and freer, allowing you to express more of yourself and so not shutting you down as often leaving you with all these unfulfilled and waiting-to-be-fulfilled experiences, I wrestled with for years: Are we all on the same level, all incarnated into that same level and we're just different extremes of that level? So within that level some might seem better off and less controlled, whereas others are more obviously controlled and so worse off?

But now I've moved to looking at it from the level of truth. So simply to see that all of us are on different levels of truth, which result initially from the level of our parents. However parents can grow in truth through the pregnancy and through the childhood of their children, with it being even different for the different children in the same family, just as people can grow in truth anytime. And even though relatively speaking, the levels of truth most people can or have grown to are still very limited and of not of a very high amount, most of the first or second, possibly even third Mansion World level, with few in the fourth and sixth that might have children, so as a child you are subjected to the level of your parents' truth, and consequently, also, the level of their untruth. And I think this is a better way of defining the differences. I grew up with very little truth, Natural love truth, whereas other people had much more. And within that low level I was heavily controlled, whereas other people on that same level might not have been so harshly controlled; and then for those people of a slightly higher truth, there too are some more and some less controlled.

Anyway, the thing is, we're all conceived into the Rebellion and Default at the level it's at now during Mary's and Jesus' age. And within that age, perhaps there is a range, however I've always thought that it's unfair if that's so, because why should some people suffer more than others? Which has led me to thinking that perhaps we're all fucked to the same degree, just different expressions of it, and when we die we all wake up on the same level in the First Mansion World, then moving to reflect any level of truth or greater evil we might be. So I contradict myself a bit, so I'll have to think more about it.

## SOUL

Friday, 19 April 2019

**So our soul shines its existential soul-light into Creation, into us, one of its two personalities, affecting us on our deepest level, the will level, thereby** activating our will to literally will-us-into-being. So our will is sensitive to soul-light, with our soul driving all we do through our will. Our soul through our will triggers – activates – and keeps maintaining actively the relevant parts of our DNA and other things in the physical, as well as triggering our will on the spirit level, keeping our spirit equivalent DNA in our spirit bodies activated thereby sustaining our spirit self. So our soul creates our ‘aura’, our mind systems, feeling systems, physical and spiritual systems (physical and spirit bodies), within our psyche, and all the interconnecting systems within our aura and physical and spiritual bodies, the whole condition or ‘environment’ we need so as to bring about and maximise all of our experiences. Our soul organises and orchestrates our interactions with each other, nature, God and everything else that goes on within us. And whilst we’re to exist in our Wrongness, so our soul through our will orchestrates it all, keeping our will fully active and yet working against us, making things go wrong and hurting us, all in keeping with the needs encoded within it that determine how we’re to experience our rebellious condition. And when we start our Healing, that too is programmed in our soul and it activates our will to drive up our repressed feelings, all of which then help us see where we’re working against and being untrue to ourselves, how and why we’re hurting ourselves and being so unloving, and at the same time seeking to rectify all that so-called ‘will damage’.

So without our soul driving it all, we wouldn’t have a clue what to do, and we wouldn’t exist as the personality we are, anyway.

As we live life, our soul is always expressing its pattern or code or whatever you want to call it. I’ve called it: **Soul Light Print** in the book I’ve written about it but haven’t published, mainly because it contains some of the Avonal stuff I’ve been hesitant about revealing. And briefly how it works is: The soul shines its soul-light into Creation affecting the will of its personalities, thereby willing its two personalities to experience what they need so as to grow in the truth they require to live as deemed by the Mother and Father. And experiential-light from those experiences then goes back through our will into our soul, thereby triggering, and even in a way, willing, the next lot of soul-light to come out into our will making us live the next experience.

So for example, imagine one tiny cell and the soul-light stimulating the will to trigger that cell's DNA keeping it ‘alive’ and doing what it’s meant to do. And all the time that ‘life sustaining’ soul-light comes from the soul into the physical, just as experiential light (the light of its existence – that ‘cell’s experience’) from that cell, radiates its experiential light back to the soul. So our soul is always shining light into Creation sustaining us and bringing us continually into being, just as all our cells are and our whole being on all levels, shining back to the soul all the light of our experience. There’s a tremendous amount of light continually coming and going. All of which is always increasing the more one is expressed into Creation growing in truth, which is why it’s said the higher spirits are literally brighter than those of less truth.

And when that cell is to ‘die’ – end its ‘experience’, the soul-light is stopped and the cell ceases to be. And there is likely more soul-light also affecting our cells on more minute levels than the DNA, as it also affects the equivalent of that cell’s ‘spirit DNA’ whilst maintaining all the interconnecting levels within the aura between the spirit and physical cell. And that’s all only with one cell! And that’s happening with every cell, and then with how every cell makes up the larger organs and so on, willing into being the whole complex of our spirit and physical bodies. And then the same is going on with our soul willing into being all that’s happening on our mind and feeling levels, on the psychic levels containing the interplay between both and so on. So our soul is a massively ‘bright star’. And then we

have the sun, our local physical sun shining all its myriad of light upon us and how that affects us, and then what about the equivalent spirit sun shining all its light on our spirit body, it all being in the ‘image’ of our own soul ‘sun’ or ‘star’.

And as we’re experiencing masses of experiences simultaneously on all levels, so our soul-light like a star is always shining forth into Creation, just as our personality experiential light from all those many experiences we’re having in each moment is shining back into the soul. So every thought, action, word we say and do is driven by our soul – NOTHING is random and made up by ourselves, and yet it’s wonderfully designed to give us the feeling we are doing it all ourselves and we have complete free will, when we don’t, as everything is fated owing to the already encoded pattern in our soul. But the trick is, we live both the existential and experiential realities simultaneously, understanding they are both highly interrelated and completely dependent on each other, and through our soul-perceptions we can move between the two, moving in our free will and our soul will. So can you sense that you believe you have complete free will, and yet when you look at how amazing things happen by ‘coincidence’, your whole life perfectly leading you to that exact moment, which is in fact every moment in your life, it all perfectly planned and preordained? It’s good fun GG working the two realities in your mind, playing them off against each other, standing with one foot in each camp; free will, yes, you say GG, I can decide to do that now and not that, yet how was it that I happened to come to be reading all of this? Did I miraculously just happen to make all the right free will decisions since my conception to arrive at that point? Gee, I must be god!

**Consider this: the small black dot is a typical soul, the incredibly bright sphere is the soul of a celestial spirit, that is, a spirit who is now residing within the Celestial Heavens at the 8<sup>th</sup> level or higher.**

**SOUL continued and an ANGEL**

Saturday, 20 April 2019

I was intending to make my answer brief, once I'd worked out the problem, however, as usual, one thing led to another...

Graeme: Hi James, thank you for this detailed and comprehensive explanation to my question. And I won't call it a "gift"...and as John explained to me yesterday, a gift is something you keep for yourself...where as everything you James, write is for ALL of humanity. So, similar to you I dislike many of the "Americanisms" that enter our Australian way of speaking and unfortunately I worked for over 45 years in advertising and marketing that are heavily influenced by American advertising agencies. However I can say "Thanks heaps mate!" I love all the stuff you write.

I've re-read the soul explanation and have one specific query (I'm still digesting lots of other revelations in the doc) and it's this paragraph towards the end:

“Because we can't live how an angel does, we're experiential truth-evolving and truth-loving souls, not experiential mind-evolving and mind-loving souls like the angels are. So there are experiential souls and there are experiential souls, with the two 'types' of souls being very different...”

To clarify are you saying there are "experiential mind evolving souls (like angels) and experiential truth evolving souls (the way humans are/should be)?

James: I screwed it up, so no wonder it's misleading. It is complicated anyway, and for me to muck it up makes it even worse. In the paragraph you have singled out it should read ...So there are existential souls and there are experiential souls, with the two 'types' of souls being very different. So that then would change the question you asked, which you'd possibly not have asked had I not written it incorrectly: “To clarify are you saying there are "experiential mind evolving souls (like angels) and existential truth evolving souls (the way humans are)”?” To which I would have said: Yes, that's right. And concerning your should be, we are always that, only in our negative truth-denying states so much of it we're putting on hold until we start our Healing. (And you know Graeme, I re-read that paragraph you sent me three times before sending it to you, and then again in your email when I got it, each time making the error. And it wasn't until I sat down to answer it having moved it from my iMac to my Macbook that I saw it. My mind so easily sees what is in it and not what I've written. So how's that – bumbling blind Avonal I'll be if anything. And I dread re-reading over all my stuff because for sure there has to be major errors like this all the way through, and so when am I going to get the time, let alone have the inclination to do so, I've written too much! And John and now you guys keep making me write more!!!)

I want to point out that our souls are existential and so exist 'outside' of Creation as in they themselves are building Creation by expressing their personalities, whereas angels and mind created beings are 'inside' Creation, and so as they evolve their mind, their soul, if it can be called that, grows or evolves within as a part of Creation. The angelic soul starts from nothing when they are created and then evolves as they have their experiences, whereas our soul is fully complete right from the start, and as we, its personalities, are expressed and live in Creation, we start from nothing concerning the truth of who we are, the truth of our soul, but through life, through our feelings, come to know eventually the whole truth of our soul, the whole truth that's already within it and waiting for us to literally bring it out by living.

So I see it like we're complete on the soul side of things with our waking up to that completion through our personality experience, whereas the angels start as a fully formed being that's complete of itself, they are not born as an infant angel and grow up, and with no soul of their own already in existence like we have one, driving their life. The Divine Minister or Infinite Daughter drives the mind creations, and then as the angels experience, they are bringing their soul into being. Yes, that's I guess what I'm trying to get to, that our souls already exist and we as their personalities are waking up to that existence, whereas the angels literally start from scratch bringing their soul into being. So for us, we already exist as potential, which we fulfil as we bring out the truth of ourselves. And the angels are complete, expanding themselves with light as they advance their soul.

I'm now going to ask one of my angels if 'soul' is in fact the right word to use; are they creating their own soul, and can a created being actually create a soul, as my understanding about a soul is that only God creates it.

My Angel: Soul is the correct word James, so long as you understand that our angelic soul and your truth soul are very different. Our angelic souls become the repository of all our experience, and as so much of our experience is mind derived, so it becomes really the repository of our mind. We are evolving experiential minds through the full mind circuits of Creation. You are using the experiential mind circuits to grow in truth, which means, to bring to light the Truth that is already contained within your soul, we are using them to grow in Mind. You are becoming always more aware of and understanding of yourself, of who you are, you being a soul created by God, when we on a level of mind already know who we are, what order of being we are, how we function and why, and what our life purpose is, yet all the while accumulating all the light from our experience of all of that – of our existence.

Our angelic soul, which you could call a Mind-Soul, as opposed to your Truth-Soul, grows within what you'd call our heart, which is really our Primary Light Centre, it continually growing in the light from the mind experience of our life, all the way to Paradise. Then upon Paradise Attainment, when we meet with the Mother and Father of All, we change our way of being into that of being a different order of mind-being, which becomes what you might call a Superangel, and that which is expressing all the mind-light it has gained. So it sort of becomes the whole soul of light that it's been accumulating, expressed as one Superangel-mind-soul. And then there are many orders of these Superangels needed to maintain the function of the Super-universes and the new ones currently forming.

And you as truth-souls, when you attain Paradise and meet your Heavenly Mother and Father, then becoming Finaliters, will still work closely with us Super-angels. Man and angels are always to work hand-in-hand, each expressing their different souls.

# Finaliters

So I would advise not to compare the soul of man with the soul of an angel, there are some similarities, however for the needs of your revelation James, you won't need to go too far into it. Such information and perceptual-awareness awaits you all in the Celestial spheres in spirit where your minds and life-experiencing system is more highly attuned to the different light in the Universe. So such things as what we're talking about will become easier to understand then.

James: I had been thinking that as our soul is already existentially all in existence, then you angels are effectively bringing a soul like ours into being yet experientially. So God creates our soul in one go, it's complete and all done, and God is also creating souls slowly through evolution with you angels.

My Angel: Which on the surface of it is right, however our and your souls are still very different. Your soul being truth-loving is very different to our mind-loving soul, that difference being seen by how we are such different beings. You men and women spirits are very different to us positive and negative angels (the positive and negative not seen how you view them psychologically as good and bad, but more like how you'd see them in the study of electronics, both needed to work together, yet being opposite in charge). So as men and women complement each other in truth, so we positive and negative angels compliment each other in mind.

Spirits and angels are two very different lineages of being, both involving souls yet with those souls originating differently. All of which represents the expression of the Eternal Son of Truth (spirit expression, men and women), and the Infinite Daughter of Mind (mind expression, positive and negative angels). And then we all have our Mother and Father of Light. Light of the Mind – through our mind, for us; Love of the Heart – through your feelings, for you.

James: So for us spirits, once the spirit we've been created as, always we'll be that spirit, as we grow and become more aware of ourselves – our soul. Whereas for you angels, you change into different angels at times?

My Angel: Yes. Your soul being existential is all there, all who you are, and you are always waking up to the truth of that. We angels can start off as plant and animals on the experiential worlds, move into becoming nature spirits of those individual worlds, then move into becoming lower, middle and higher angels, then Superangels – lower, middle and higher, and possibly even changing again. And then there are also some of our orders that start at various levels and then evolve. Some angels start their existence as nature spirits and not as plants and animals, some as lower angels and not nature spirits or plants and animals, some as middle or higher angels. However all Superangels originate from the lower evolution of angels. And I say 'originate' rather than using the term evolve, because evolve infers a bias toward the evolution being one long consistent evolving change, however when our time comes for us to change order of being, it's a big jump, and for all intents and purposes we become a completely new being. So as we've told you for example, each plant and animal once it dies its physical death doesn't then become a nature spirit, the mind-essence of the plant and animal goes into what's like a pool of mind-light from which nature spirits are 'brought into being' at certain creational times. Which by the way you might like to know coincide with the Pole Shifts so far as your nature spirits coming from the pool of mind-light from your plants and animals are concerned, those intense and extreme times enabling and even requiring such 'creation-events' of such mind beings. And then with the nature spirits associated with the physical Earth and their equivalent in the Mansion Worlds, it's different, in that some of the more mind-evolved ones do become 'instantly' a new lower angel during such creation-events, whereas others lesser mind-evolved again go into a 'pool' of light from which to be 'originated' as an angel. And other lesser angels can also instantly come into being during these times, not being 'drawn from the nature spirit mind-light-pool' or instantly from a specific nature spirit. And likewise, nature spirits can instantly come into being without them having to be drawn from the plant and animal pool of light.

I can also tell you James, a nature spirit like Verna, because of her personal involvement with you, upon 'her time' she will become 're-personalised' as a middle-angel, a seraphim, rather than a lower cherubim. And this will in future be what will happen to many other nature spirits who will have close personal associations with humans. So as you can see, nature spirits themselves have quite a range within their order of mind-light-evolution capacity.

And also as you can see, the relationship between humans / spirits and angels is vast, there is a whole universe of information and understanding for us to tell you, all of which is now to start because of the end of the Rebellion and Default. Largely our relationship with you spirits in the Mansion Worlds and you spirit humans on Earth has been non-existent because of the Fall. We've not been able to come forward and engage personally with you. But that too is all changing now, and once the New Age begins, will have completely changed and there will be nothing limiting our personal relationships with you (other than people and mind spirits still rejecting us because of their rebellious mind). So as people on Earth and spirits in the Divine Love Healing Mansion Worlds do their Healing, we angels will be able to personalise ourselves to you. That being, to those people who it's part of their life, as not everyone will need or want such a direct and personal mind-to-mind relationship with us. However, overall there will become a greater acceptance and willing openness by people toward us and the nature spirits, a greater love for us and knowing we are in your lives even if we remain unseen, along with also a greater love and respect for nature and all plants and animals.

James: Thank you.

**With Verna – A Nature Spirit**

by James Moncrief

2013

Verna, a Nature Spirit: We all want to understand our heritage.

James: And would you mind sharing it with me?

Verna: I wouldn't mind, but it's difficult. It's not so much saying I was, or rather my spirit was, once this or that creature, as so many of you mortals and mind spirits say your past lives were, for it comes to us as light, and in that light as a knowing, an awareness, just as part of us. And to further complicate things in regards to myself, I was drawn from the creature spirit from other universal worlds, not of Earth, for as I told you, I was created on Earth before life began. And so there are as you now surmise, those of us who were the original nature spirits, but were not 'of' this world so to speak, that being in a spirit sense. And then since life has been on Earth, there are those nature spirits 'drawn up out of' the indigenous creature spirit. We refer to them as the 'locals'. And as I now so few of us original 'out of towners', the locals predominate.

So as you'd not be able to relate to the creatures my spirit comes from, all I can tell you is there's a good mix of aquatic and terrestrial in me. I'm a good balance.

And yes to read your mind, there are nature spirits with varying mixes of creature spirit. Some feeling more of an affinity for the plant kingdom, others for the oceans or rivers, and others for land, and of course, mixtures of all. And so yes, to read your thoughts again, as you would expect, those of more plant spirit feel drawn more to the plant side of things, and so that's how it is, those nature spirits tending to the plant kingdom.

James: So your spirit is very complex?

Verna: Yes, it's not as straightforward as is yours, yours coming solely from your soul. Your spirit is your own unique spirit expressing the light of your soul; our spirits, also uniquely our own, however come from a composite of many other spirits. And in my case for example, and I'm about average, or 'usual' – as much as I hate to admit it, I'm composed, for want of a better word, of about five hundred billion creature spirits, so yes, you could say we're complex on that level. And yet on other levels, we're considered rather basic, we are after all *only* nature spirits, not great angels.

James: I suppose the spirit of a bacteria is not that big.

Verna: It's not a matter of big or small in the sense that you know it. It's all a matter of life experience, of light. All creature spirits are composed of light, this light being seen, related to, understood, even broken down into its component parts by higher angels. As you've been told, as it's the same for you, each experience you live is composed of many 'light's', that being that much light in the spirit of that experience. So our spirit existence is literally a sum of all the light experiences of light those creatures lived. Your light experience, or the light from your experience, goes into your soul, and then re-emerges being expressed as your spirit, as all that you are, all that sustains you in Creation; your truth being one part of that spirit that becomes manifest, that you live. The light from all our experiences goes into our mind, that being, into expanding and evolving our mental awareness and capabilities, the higher angels having a greater mind than we do. And that angelic mind is not to be

confused with your mortal or spirit minds because the two are vastly different. The angelic mind you can't grasp with your limited mind, you can through your soul perceptions when you're healed and of Celestial truth, but until then, you'll have no idea about it. And it's not just a thinking mind as yours currently mostly is, it's a mind of action, or mind of pure and true thought, of insight, a mind of discovery and collection, the collection of all that it is – a mind of light. When an angel moves, it does so not because of it's feelings like you do, but because of it's mind, the spirit that its mind is, or, the mind of its spirit.”

Yes, Verna is a wonderful savvy lady who stands about three feet tall and is with James throughout his physical life. We each have a pair of nature spirits with us throughout our physical life.

What is to be recognised is that no animal, bird, fish, plant, bacteria or anything of living nature has more than one physical life. Not even a blade of grass reincarnates. We, us humans also do not reincarnate – we all only have one physical life. We are all part of nature. We are all on a journey of evolution and learning. We all will find our way to Paradise, the home of our Heavenly Parents.

Thus, how we treat nature is how we are treating ourselves. This is why environmental collaboration is to come about, understood and then become part of how we live. This is not about some government or governmental agency addressing the issues of the environment which they cannot even define let alone address because it is us, all of us, that will be the solution.

The life force that drives a bacteria through to the biggest creatures on the planet is the same life force that drives us humans! The difference is this. All of nature is mind orientated. We humans are feeling orientated. We have been screwed by Lucifer into believing that it is our minds that we are to worship, however we are to embrace our feelings and have our minds implement what our feelings lead us to engage in. Our soul is of a different orientation and pathway to that of the rest of nature.

We begin to embrace Environmental Collaboration by living Feelings First. This is the very first step in resolving Global Warming, Climate Change or whatever the Green Party of what ever country is misinterpreting the situation. Simply put, humanity is to progressively move away from Environmental Cannibalism, from abusing nature and polluting the environment to that of Environmental Collaboration.

This will come about through:

**WHAT is LIGHT?**

Monday, 23 April 2018

Graeme: James, the question that is foremost in my mind is, "What is light?"

The term is used in so many different contexts.

God's Divine Love comes to us through the Holy Spirit and enters our soul as light?

When Jesus appears at the big celebrations in the spirit world he enters in brilliant blue light.

When we ascend into the higher realms the light is more "intense" for spirits in the lower levels?

When Verna – a Nature Spirit – describes the music of the flowers she describes the symphony of light she sees, not the sounds.

When the Angels assist us and "repair" things in our bodies they use light.

When Nature Spirits and Angels ascend to Paradise they do so in Mind = Light?

Why is the book called "Paul – City of Light"?

Then this morning I read, 'This is the Trinity, which is at work within us. The universes, just as we are, are composed of many such trinities, the relationship between light (mind and spirit), truth and love.'

So would it be OK to ask Verna and/or Nanna Beth about light?

Thank you James, and I'm thoroughly enjoying Paul – City of Light.

Graeme

James: I'll have a go at answering your question Graeme, and then I'll ask them.

For me the Light is Creation – there, that's simply enough, is it not? It's all a part of what we were talking about regarding the flower essences.

We incarnate into a world of light. Our sun lights our world and it's the main source of life. And so Paradise is the 'Sun' of Creation, a massive Source of Light. So from that Light comes all Creation. And that Light itself comes from Soul, the Mother and Father's Soul, just as the light of our personality expression, all we create in Creation, comes from our soul.

So what really is this Light, Soul-Light and Creational-Light? And I think that's part of the sixty-million dollar question that the whole of Creation is trying to find the answer to, that one day, something like at the end of eternity – ha, ha, – we might get something of an glimpse into.

I mean, how mighty are our Heavenly Parents? And then to understand there are evolving God's coming into being, like the Supreme Being, as a result of all the light that is lived and expressed by all of current Creation.

So Light I guess is what it is – Light, which is for us all to define in our own ways. For me it's the substance that sustains us all. My soul is emitting light into Creation expressing me, one of its 'halves',

and all I do produces light, which goes into what makes Creation. And light is particles that can be measured, having frequency, sound, size, weight, wavelengths and so on, big and small. And there are a range of lights available to us on this physical world, like what you're interested in with the flower essences, and then each dimension, if I can call them that, of spirit, all the way to Paradise, has its frequencies and unique expressions of light. And there are the overall, all-pervading, greater lights coming from the Divine Minister in our local universe, up to the Infinite Daughter, the Eternal Son, the Mother and Father. And then all the lights of the angels and mind-created beings, and all the soul-lights from the personalities of truth, like ourselves.

So it's all a play of light. And certain of us are attuned into different aspects of it, so the nature spirits and angels seem more on the actual light itself, whereas some of us perhaps someone like yourself who might be able to hear light as music, would be more attuned to the sounds of light. I personally like the colour, the colours of nature being the best light, I get only a fraction out of music and most sound I find annoying, and I only like the colour put together in certain ways, so only certain art. But I know that music would affect me much more, only the sort of music I really like isn't available here on Earth.

So light is a word to denote energy I guess. That which makes us up, that which gives form to Creation. It's interesting reading Barbara Ann Brennan's work because she talks about being able to see into the various causal planes I think she calls them, in which it's all in the negative. So something happens in them which then get projected or turned into the positive which we see, not unlike how old picture processing works. And it's all done with light.

Light is an easy way out, just say light and it sounds like you know what you're talking about. Paul and the City of Light really just means, Paul and a City in spirit that is of a higher light than Earth, so if we could see it, it would look brighter and of more light. And so those people of a higher level of truth are emitting a higher light, the Celestials are that much brighter because they are of a higher vibration – more light. So put a Celestial next to someone of the lower Earth plane level of relative darkness, low light and low truth, and the Celestial is so bright it's like looking directly into the sun, they are so bright they are not even there, or so it would seem to the lower light spirit, yet to another Celestial it's just normal.

Jesus comes and gives periodic demonstrations of his light – and why not. He 'lights up' display the light of the truth he has within his soul. And wow, how impressive is he! And then as happens in Paul, he can lower his light so that Paul or another spirit doesn't feel impressed, doesn't see the truth that he really is, wouldn't know it was Jesus, Jesus being incognito. And if Jesus came to our world or the lower Earth planes and fully lit up, allowing himself to be in his full greatness, his full expression of all the truth that he is, the full expression of the majesty of his mighty Creator Son Soul, and if he were to come and do that with Mary being her full light, well it would be like bringing the blazing hot sun down to Earth and frying everything into nothingness.

So the light has a strength to it, a force, a power, it being the power of the truth that we are – the power of our feelings really; or the power of the mind that angels are. So our angels use their mind to manipulate what might be called thought, a series and sequence of energy, basic energy particles that they bring together as light, being able to do things with these light creations in our light bodies – our auras. So the angels can alter anything because everything is of light, whereas we can't, we don't work with the mind like that, we being only of truth.

And so there is a constant interplay of light between the Truth (feelings) and the Mind. We have it within ourselves, and then we have it in our relationship with the angels, and no doubt they have their

version of it within themselves. And that's the interplay between the ES and ID, all under or within the Divine Love, yet another expression of Light, which is our Mother and Father.

Nanna Beth – 3<sup>rd</sup> Celestial Heaven: Light for us Graeme is the Light of our Soul. It shines forth from us and makes us what we are. We have experiences that create light, with that light then affecting our soul, which sends forth more light, giving us new experiences and effectively changing us from one experience-moment to the next. And then as James has said, light is everything else.

Verna – Nature Spirit: Light for us beings of Mind is an extension, or as you would say, an expression of Mind. We being of Mind therefore we are Light. We are Light first and foremost. We can attune ourselves to the various attributes of light – sound, colour, vibration, pattern, sense and so on, and we delight in all the aspects of light we live and how they differ from you. You live – express, the light of your truth, the truth of your soul, differently to how we radiate the light of our minds. We understand you with our mind, but you are yet to understand us with your truth. Light is what it is all about. Light – nothing more needs be said.

**New Cosmic Light:**

27 September 2011

Extracts from ‘With Verna – a Nature Spirit’ by James Moncrief

There is new cosmic light coming to Urantia (Earth) from Paradise, being stepped down in universal harmony through Nebadon; and certainly there is new soul-light being emitted from every soul on the planet, but as to how people choose to react to all of that is a personal choice, and many will fight their natural desire to seek the truth and so heal themselves, choosing instead to keep going in their negative states. And for such people, some will be relatively successful at doing it and keeping abreast of the increasing ‘lights’, others won’t be so successful, failing and then succumbing to their bad feelings. And many will go to their graves feeling very bad about life; others will want to know why they feel so bad so often, and honour their bad feelings and start looking seriously for the truth. But overall, increasing inner and outer pressure will be brought to bare on humanity as it moves through the next age. A certain level of collective consciousness about its negative state, and a certain level of desire to heal humanity’s evilness needs, both personally and collectively, to be achieved by the end of the next age; and as all things are perfect, it will be.

Everyone at their conception gets their angelic pair as well, just as I did, and they will be with you right the way to Paradise and then possibly beyond too. So it’s a wonderful relationship, we have our soulmate and our angel pair each, our nature spirit pair, our spirit guide pair and if we embrace Divine Love then they are Celestials, and most importantly our Indwelling Spirit all the way with us. It is all amazing.

James – 27 August 2018: Jesus and Mary being a Paradise Creator pair don't fuse with their Indwelling Spirits – so neither do the Avonals. Paradise Pairs are already divine, unlike ascending mortals that are of Natural love and need to embrace the Divine Love and fuse with their Indwelling spirit to become Divine. So when they come of age they express their divine soul without needing such inner help anymore. They still partake of the Divine Love when on bestowal so as to transform their Natural Love, but really they are so different to other people because of their inherent soul difference.

When the Paradise Pairs 'become of age', meaning of the Celestial level of truth, then they no longer need the personal guidance from their Indwelling Spirit within them, so their Indwelling spirit leaves becoming fully individualised – personalised, never to indwell another spirit. And from that personalised state, the Indwelling Spirits can still advise the Creator or Avonal Pairs should they need such advice. But the whole thing about the Creator and Avonal Pair is that when they become Celestial, they are fully of their Paradise status, so they are literally in that light 'God on Earth', meaning, they no longer the inner god – the adjuster's guidance, they get all their guidance directly from their soul, so direct from the Mother and Father, Eternal Son and Infinite Daughter, they being essentially 'Paradise on Earth'. So when you see the Daughter and Son, you are seeing 'God on Earth' and when you hear the Daughter and Son, you are hearing 'God on Earth' which is why they are such a big deal and so different to ascending mortals.

And so for an ascending mortal to choose to follow the Daughter and Son, they are choosing, for all intents and purposes, to follow the God's that Daughter and Son represent. So by choosing to follow Mary and Jesus you are choosing to follow the Mother and Father and the Eternal Son, so the Divine Love and the Divine Truth; and with the Avonals – the Eternal Son and Infinite Daughter, so the Divine Truth and the Divine Mind. So you could say: Jesus came into his full Sonship in 26 AD...

**Mary Magdalene came into her full Daughtership / At-Onement being 7 Years after Jesus' full Sonship / At-Onement:** Saturday, 2 December 2017

John asking Nanna Beth: [When Jesus and Mary lived on Earth, what was their age difference please, and was Jesus older than Mary? We basically understand the circumstances when Jesus became At-One with our Heavenly Parents when he was of the age of 33, but we do not have any comprehension of Mary's circumstances when she became At-One with our Heavenly Parents when aged 35.](#)

Nanna Beth: Jesus was about four and three quarters years older than Mary – she was a Taurus (April 20-May 20), he a Leo (July 23-August 22). (so consider 7 years later)

History needs to be corrected. Both Jesus of Nazareth and Mary of Magdalene came into full sonship and daughtership, being At-One with our Heavenly Mother and Father during their physical lives here on Earth in the first century, Jesus in the year 26 CE and Mary in the year 33 CE, or thereabouts. Jesus died when aged 35 and Mary died when aged 48.

Mary not being able to have her public ministry, that her subjugation was her 'assassination', the equivalent to that of Jesus being nailed to the cross. Hers was just a longer more drawn out affair, but

basically achieved the same end, that she couldn't express her truth as neither could Jesus, his truth expression being cut short.

The Divine Love does transform our soul from Natural love into Divine Love. It's our Feeling Healing that 'transforms' or heals our erroneous expression of Natural love. We have to 'heal' and so perfect our Natural love, so it can then be transformed by the Divine Love.

Once someone is of a Celestial truth, if they are 'allowed to' or commanded by a higher Paradise Pair or the Melchizedeks, or feel to from their soul and God, then they can heal anyone, even if the recipient doesn't have faith, as it's really the angels who are engaged to do the actual healing. Such 'faith' healing stuff I think is really the connection needed between the mind side of things, such as a mind spirit wanting to help heal someone on Earth, the recipient needing a certain faith or mental alignment – belief – to be able to receive that healing.

Nanna Beth – 3<sup>rd</sup> Celestial Heaven – 17 August 2018:  
Yes. It's the relationship between the mortal and the immortal. The mortal ascending soul and the immortal Descending

Soul; the ascending mortal man and the Descending immortal Son; it's the Divine Man reaching out seeking help from the mortal man, as the mortal man reaches out seeking truth from the Divine Man. It's an incredible relationship, an incredibly wonderful interplay, if you wanted to write a passionate Urantia Paper about it, you might be able to express something of it in those terms. However it's unique, nothing like it before has ever happened, and so we don't want to and can't interfere with it. It will run its course. We have subtly guided it of course by being who we are between and in relation to you both, but it's also time that you move into working it out more for yourselves. Where mortal man helps divine man concerning the ways of the world; and divine man helps mortal man understand the higher ways of truth.

**NANNA BETH and BRADLEY – HIS SPEED OF ‘RECOVERY’**

Monday, 23 April 2018

John was wondering, Nanna Beth, if you could please say more about how he’s (and Kevin) changed so much.

Nanna Beth – 3<sup>rd</sup> Celestial Heaven: It’s the light in their soul James, it’s the light that comes from the truth they are living that’s changed them – that changes us all, light from our soul. It’s the same for you on Earth as it is for us over here, if one applies themselves to their Healing, thereby ending their unconscious self-denial, they will as they Heal, change and start expressing all the buried attributes, characteristics and talents, any natural part of themselves that’s been denied because of their unloving parenting. Seeing such spirits changing so much, seeing it in myself – feeling it, feeling myself as I grew and changed in the truth, shows us all just how severely denied we are. We’re nothing like how we should be in our self denial. So many people are living completely false lives, so when they become true, they’ll almost be the complete opposite to how they’ve been, which is what John you are finding so amazing with Brad and Kevin.

And it’s true, as you’d see for yourself, they are nothing like they were on Earth. They are alive and vital, real expressions of their soul, and now living fully Healed lives as Celestials and still coming to terms with all they’ve been through, we all take a long time to integrate and understand it all, but they are virtually – New People, albeit spirits.

You on Earth are used to your anti-self conditions, you’ve not got a group of Celestials, people who’ve fully Healed themselves, to show you how much they are changed. But in time you will. And those people, for the people who knew them before, will seem like completely different people, although with the same basic personality traits and characteristics. However all the self-hating, denying patterns and consequential behaviour is gone, with all their loving self being expressed. You are all but the living dead, we are the living living. And there’s a huge difference.

And you John are forgetting, because you’re getting more used to it, used to it through myself and the others in our family who are impressing themselves on you, that we Celestials are vastly different to spirits in the Mansion Worlds. We are like chalk and cheese, we can’t relate to them anymore, and they certainly can’t relate to us. You speaking with me through James is very artificial because ordinarily you’d not have access to me or any Celestial, so you’d not know of the changes of us spirits. It’s all very easy for James to ‘speak us through to you’ however it’s a very rare occurrence, something that is only able to be done because of the Healing he has done. It’s all part of the specialness of what’s happening, and really it’s for you on Earth to discover how you will change yourselves when you do your Healing. It’s not for us to say.

But as I said, the changes are vast, you have no idea how substantial they are, you are taking someone who was all but crippled right the way through their childhood and undoing all that retardation within them. And it’s not a matter of the angels just waving their magic wand like with Sage and the crippled person is healed, that is all only on the physical with a few other auric adjustments to the mind; but doing your Healing, changing the whole programming of every structure within you, all in keeping with getting older and naturally ageing with your mind and feeling systems ageing as well, working right down on the deepest will levels, it all changing, all to rid you of your wrongness and make you become right. It’s a huge undertaking.

So you’re right to be amazed because it is amazing all that happens. As you will see for yourself, once you’ve finished your own Healing John, you’ll be like a new person. And yet it all follows on, it’s not like you’ll be so different from the old you that may as well not have existed, it’s all there, all the new

you to become, with only snippets currently being exercised and expressed, with the rest of you in a kind of dormancy, or even more like a stupor.

I'll speak to you soon, love Nanna Beth.

## LEGACY from our FORMING YEARS

John: Hi Nanna Beth

Friday, 4 May 2018

The phenomenon of the overweight pandemic, if you could call it that, is intriguing. It is difficult to understand that within some families, some of the members have excess weight and great difficulty in managing their individual weight – whereas in some families all members reflect a similar weight pattern. One can frequently observe married couples with mirroring weight patterns, whereas other couples are individual in their weight.

Society is pointing the finger at processed foods and their high sugar content. Also, society is blaming fast food outlets – particularly those with high sugar content. None of this makes for a solution – if it was then management of one's weight would be obvious.

Would you mind explaining why individuals are displaying obesity and what may be the real underlying foundations for such developments please?

Nanna Beth – 3<sup>rd</sup> Celestial Heaven: All such problems John are to do with your Childhood Repression – nothing more. EVERYTHING wrong in the world and in people's personal lives is to do with their Childhood Repression – how they were unlovingly parented. So how unloved you feel.

The fact that people want to eat such rubbishy food means they are in need, and in that desperate search for comfort, something to numb the pain of feeling unloved, so they look to such foods, along with everything else one might look to for some sort of good feeling. Were you parented truly lovingly, so you'd reject such food – why would you need it, and it would make you feel bad as it was not true, and therefore there'd be no market or need for it, so it wouldn't exist.

All these sorts of things, which amounts to your whole society, is self-abusive, truth-denying, all taking you further into the control and trappings of your mind. It's been the minds of people trying to capitalise on people's deep need to erase and nullify their pain from feeling so unwanted, that have come up with such craving based things. So in the case of obesity, it's not just diet, it's all those unwanted feelings that are not being attended to.

And for people who's negative patterns lead them toward fatness, the truth of which they'd find should they do their Healing, so they can't help themselves, trying to turn their obesity into an acceptable thing, or trying to rid themselves of it, just as people do who are not excessively fat doing their comforting things in their ways that is just as needy.

If you feel loved, relative to love within an unloving environment, then on the surface it might appear that you don't have such compulsions and the effects of your neediness might not be so obvious, however that doesn't mean you're in a better state than someone who's obviously showing how unloved they feel. It's just expressions of the same thing.

John: Marriage or partner break-ups are also another phenomenon that is seemingly more the norm than the exception. These are traumatic events that have years in their making and then years in recovery. Why do they occur?

**MIND INDUCED SOULMATE RELATIONSHIPS – FALSE SOULMATE:**

**Eternal soulmate marriage between a man and a woman only takes place for those that fully heal themselves of the imposts of the Rebellion and Default. Through longing for the truth behind all our feelings (both good and bad), we can begin to live true to our feelings. And once healed, and reaching a Celestial Soul Condition, through our true feelings we find our soulmate, our true companion for all eternity.**

Nanna Beth: People being more relaxed these days than they were in my day (first half of the 1900s), believing they are freer to do as they please – to have what they want, get in to relationships for all the usual feelings, but once things start going wrong don't feel they have to stay, so get out. In our day the rules were a lot tougher, the beliefs more heavily controlling, so you stayed in the relationship putting yourself aside, doing it 'for the good of the children' or whatever, but now it's acceptable to divorce and support is there for single parent families, and with children growing up freer in such situations, so the expectations of a relationship commitment are far less than it was for us. Still nothing has changed, whether people get married or not, stay together their whole life or only for a moment, no one is truly happy, it's all fantasy love, and so there are no truth foundations to any of the relationships. Relationships built on truth can withstand far more difficulty and hardship, even being not entirely loving, but ones built on mental beliefs and so of the mind – fantasy, can easily fail.

John: The impact upon children is enormous. Why are children subjected to these events?

Nanna Beth: Why are any of us subjected to anything, negative or positive – because it's what God wants us to experience. Children are no exception. They need to be exposed to all that will cause them all their problems, just like it's been for us once we're adults, all so we can experience feeling unloved and then one day do our Healing to find the truth of such unlovingness, and then once found, live exploring love.

John: The public is only now becoming aware of domestic violence and the extent that it impacts on so many families. They are yet to become aware of 'mental abuse' which is very subtle but equally terrifying in how it is all related to one partner exerting control over the other. Both parties need support, should they be open to it. What are the generators to the creation of these events? Why do some people find themselves in these situations while others remain clear of such harsh living environments?

Nanna Beth: It's all the patterns of your childhood outworking in your adult lives. With each of us to uncover the truth of such patterns through our Healing. Whether you have a stable life and relationships or unstable ones, they are just the two different ends of the same line. And both have pros and cons, so one is not better off than the other, all of which will come out through one's Healing.

John: What I am trying to comprehend is how best to deal with these extreme situations. Domestic Violence and Kids on the Street are very much related, in my view. Though each individual situation is totally unique, yet there will be commonality in all such events. Should we be able to drill right down to the core of the creation of these events, then we may enable those involved to recognise why they are having these experiences and then open a pathway to recover from them and also to progress onto a more vibrant way of life through NATURAL self EXPRESSION.

Nanna Beth: All you can do is offer people the Truth, and then it's up to them to want to find out more – to apply it to their lives. Some will, many – most – won't. And in the meantime you can, should you want to, make life as comfortable for those suffering as you can.

However John, do you want, and is it necessary, to take on all the woes of the world, trying to mitigate them in one way or another? How far do you want to go? **Offer the truth, then deal with those people who accept and embrace it.** That should be your core area of involvement, then as side issues, should you still feel the need, you can think about the rest.

**Humanity is to be offered the truth of how it can help itself.** However it's still up to each individual to decide to do that for themselves, and how much they want to do it. You are introducing the Divine Love Healing Mansion Worlds to the physical plane, and then once people are Healed, they will, as they express their Celestial truth, bring the Celestial spheres to Earth. You are going to create a Divine Love 'world' within the existing rebellious Natural love world. The Divine Love world even consisting of people who don't want to embrace the Divine Love as such, yet are still wanting to do their Feeling-Healing. Then you can leave the mind worlds alone, they are to work through to their natural conclusion.

So in theory John, you could set up Divine Love structures that mirror every facet of the world, and by Divine Love structures I mean, systems and businesses and ways of living that are driven by or underpinned by, supported by, people living with the Divine Love and who are 'Healing aware'. They don't have to be doing it, but are aware of it.

John: The task is to make available the opportunity for awareness of what is possible, however, to do so in the most simple and loving way. Firstly, I am looking to understand the issues and the core of what confronts these people and children, and this I sure welcome any and all guidance please.

Nanna Beth: You can't work such things out John, people have been trying to do that for aeons, you can't do it with and through your mind.

And now that the truth is available how to do it with and through your feelings, you can only understand what is really needed and what it's all about personally through your own Healing. You can't take the problem of abused children and work to put systems in place to lessen it. I mean you can, however it's all been done – everything has been done, and done over and over and still humanity is in an increasingly bad state.

The only new approaches are going to come from people who are doing or have done their Healing, because they will be looking at the problems from the inside out, not the outside in. And of course help can be given and problems eased using existing systems, which like all things work seemingly well for some people and yet not so well for others, but that's still all band aid stuff, still all within the existing mind systems.

Humanity lacks the truth to deal with its problems, that being what it should have worked out for itself by now, but of course can't because of the very nature of the truth-denial it's in.

But now, the Truth has been plonked down amongst you, and it's real and can be lived. So there is nothing more that you can do but wait for people to live it.

## FEELING HEALING

To help those people find it that might be looking for it, and then to wait and see what they want to do with it. And you won't have to wait long. You can keep going making your plans forever John, but I assure you, if people take on the truths you'll be presenting to them, then all those plans you may as well throw in the bin, as it will all be different.

# Feelings!

What you are going through currently is like how it was with James, you saw the house and was thinking of it for him, it wasn't, so onto plan B, which leads you to meet other people, and so on it will go. But it's all helping you become more familiar with things to do with it all, like asking these questions, but it's not to say that any of what you plan will actually eventuate. It's all happening on other levels using the physical reality, but that's very difficult to see, so all you can do is keep going as you feel to.

**John:** What questions should I be asking please?

**Nanna Beth:** Whatever comes to mind. You can't work it out with your mind, it's going to be a Feelings Thing. Feeling-led people will drive it, you with your mind can help facilitate that. You're trying to drive it with your mind before anything has actually happened. And you have to do some of this, but still it's to understand that once it actually begins, it's 'game on' and that it's going to be a vastly different one to any you're used to playing.

# Light of Truth of PASCAS

Throughout the evolution of Pascas, Pascas has been gently guided and supported by its Council of Elders from within the Celestial Heavens. All documentation, all concepts, all who have interacted with the forming of Pascas WorldCare and the various arms, have been in response to the guidance from our Celestial Council of Elders – from within the 3<sup>rd</sup> Celestial Heaven. Throughout the coming millennium, our Celestial friends will be guiding and assisting Pascas WorldCare.

## COUNCIL of ELDERS

**Council of Elders now around 20 soul-groups from the 3<sup>rd</sup> Celestial Heaven**

Communications between the Celestial Council of Elders and those within the physical administration of Pascas World-Care will be via those who complete their Feeling Healing on Earth, as years go by.

## Avonal PAIR Oversight

The administration of Pascas may be also supported in their interconnectivity with our Celestial guidance through those within Pascas and its administration who are sensitive in their nature and are able to perceive guidance from our Celestial companions on this journey of delivering the Great U-Turn. It is through the nature of sensitivity that Celestial Spirits have interacted with Pascas during decades of formative years and the establishment of the foundations for Pascas for the next 1,000 years.

## LIGHT OF TRUTH

Pascas as an entity, due to the contributions from our Celestial friends, is functioning within the 5<sup>th</sup> Divine Love Spirit Mansion Worlds level. Further, the Pascas Papers that are designated as references for Feeling Healing and Divine Love are within the level of Truth of the highest of the Celestial Heavens. Pascas will be supported in this manner for the coming millennium.

-  Celestial Heavens 8, 9, 10 also referred to as 1, 2, 3 being at-one with Mother and Father.
-  Divine Love spirit Mansion Worlds, healing / crying worlds 3, 5, 7.
-  We all transition to Natural Love spirit Mansion World 1, and typically go in the wrong direction to Natural Love spirit Mansion Worlds 2, 4, 6 and cannot go further!

**GROWING in LIGHT and TRUTH is not through MIND CONTROL**      Wednesday, 9 May 2018

Note from Graham G: [Hi James](#)

I have been thinking of the Mansion Worlds lately and some of the different things that have been said from time to time are blowing my tiny mind.

So you have the Divine Love Mansion Worlds and Mind Mansion Worlds. As you progress in either pathway you go to a higher number Mansion World.

Divine Love spirits ascend the Mansion Worlds as they uncover the truth and heal themselves of error. Spiritually they are ascending.

James: The Divine Love spirits ascend by growing in truth, which as you say, is doing their Healing. They are bringing all their repressed feelings out and looking for the truth of them.

Graham: Mind Mansion World spirits progress up the Mansion Worlds, but apparently they are moving further from the truth. It seems they are transcending spiritually.

James: The mind spirits are moving up by denying their feelings more, using their mind to have increasing control over themselves. In theory they are seeking to perfect their Natural love, however because they are in rebellion, rebelling against themselves – the truth of their own feelings, so they are doing all they can to *perfect* their *imperfect* Natural love. So they transcend by using their mind to bury their truth, preventing themselves from ascending.

Graham: What are they learning which has them progressing? It seems they are not doing any feeling healing. Are they learning anything that contributes to their ascension? If they suddenly learn of the healing and Divine Love path, would they switch to a high Divine Love Mansion World? So would a spirit in 6 just jump to 7?

James: From what I understand, a 6 would go back to the first or possibly third world to begin their Healing. Then work their way back up the Healing Divine Love worlds. However because of some of what they've done by getting to 6 might help them with their Healing... or it might make it even harder ... I don't know.

I understand it's difficult to understand, however we have to all live all 7 Mansion Worlds. And they are basically Natural love worlds. When the Divine Love is available, then that comes in at some point and changes us into being divine. As to when that happens depends on the age or phase humanity is in. It's even more confusing Graham, I'd have to sit down and work it all through with you or write a thesis as such.

Anyway, how I look at it is, through all the 7 Mansion Worlds we are growing in self-awareness about our Natural love. So from the most gross selfish on the lower levels to the most unselfish on the higher levels. So how to live respecting yourself. And as you respect yourself then how you respect another person. So learning all the moral stuff, and more. So how you express yourself in every second and feeling and thinking moment of your relationships, with yourself and other people. So by the high 7 you are fully aware of all the minute intricacies of how you treat yourself and the other person or creature lovingly. And all through your feelings with your mind as backup and understanding.

It's all about personality interactions. So when I go to the sink and use the knife Marion has been using without asking her if she has finished with it, my just taking over from her and not considering her,

thereby making her feel bad – what is wrong in that interaction, in that expression of myself with her – in our relationship? She will feel bad – why: what am I doing to her by not considering her, not fully respecting her; where is the love; is my intention unloving, and if so, why – how do we both feel about it? And it's all got to be sorted out. All through feelings and not only the mind, and all giving rise to truth. Then once the truth is revealed, then you live it. So then with that truth I will live fully respecting Marion and not taking her for granted, not being disrespectful and so on, all because I fully respect myself having healed myself of being that way because my parents disrespected me. It all boils down to not being a self-centred selfish prick.

And this really is our spiritual growth – uncovering the truth of love. And living that truth.

So our Healing is about showing us how unloving we are, so all the millions of ways we're being selfish pricks. All breaking down the mind control and living with real humility.

The mind worlds currently are all about PRETENDING to be loving, pretending not to be a selfish prick, putting on a good false show of it, even though you might be very aware, up to the 6<sup>th</sup> level and believing you are fully humble and respecting yourself and the other person; but you're not, because you're heavily deluding yourself.

So if you went into the Healing worlds, you'd then have to face the truth that you are seeing it all the wrong way round, and some people will be able to accept that faster than others. So they will just need to turn around all their six worlds, whilst at the same time, bringing to light and expressing all their repressed childhood stuff, so the truths can come to light of how they've got it, but got it all round the wrong way.

So the mind worlds are what we've all been parented in, the authorities saying we have to learn using our mind how to love one another and ourselves. We are taught good manners, what we can and can't say, how to behave civilly and loving and all the rest. And so the mind worlds are just more of that, all the way up to guru status where you believe you've got a handle on it all, with your mind in complete control of your feelings. So your mind would never allow you to swear, oh no, god forbid, you have to BE ALL-LOVING, by putting on the learnt loving act. And you've convinced yourself that you're feeling oh so loving, so full of love for your brothers and sisters and all that stuff, when you really let it all go and get stuck into your repressed childhood feelings, possibly the first round of feelings you'd feel are FUCK YOU, I hate you, it's all about me, me, me, me, all what you wanted to say to your controlling parents.

**Graham:** [Is there any logic we can understand from an Earth perspective or is it too complex?](#)

**James:** So we can see it in our own lives because we're all living our Mansion World experience as we're on Earth. So all the mind ways of 'bettering' yourself are working your way up the mind worlds. And every step you do in looking to your feelings, expressing them and bringing to light more truth about why you're feeling them, is moving up the Healing worlds. And then as you do your Healing, so you can include the Divine Love or not.

And the beauty is, we are NOT to do it with our minds. So you just commit yourself to following your feelings when you are ready, and they will take you through all the levels step by step. And in your relationships, with yourself, your parents, God, nature, your family and friends, as you bring out all your pain and unexpressed yuk, so how you relate and interact changes, with you slowly understanding where you are going wrong – where, how and why you weren't loving. And then we're not to make ourselves become more loving, for that is falling back

yuk

into the mind side, but we're to just stay true to our feelings and the truth will change us. We naturally grow and evolve, we perfect our Natural love and divine our soul, if we're also longing for the Divine Love. And gradually by the time we become Celestial we know how to live lovingly, which means, we'll just naturally be truly all-loving. So how we treat ourselves, everyone else, God, will be truly loving, and from the heart and soul, and not a contrived false love of the mind.

So when we're true and perfect of Natural love, and then have also fully embraced the Divine Love that has transformed our Natural love, then we fuse with our divine and perfect Indwelling Spirit, thereby forevermore being loving and true. We can't then rebel, we're too strongly perfect. And then we're allowed out of the Mansion Worlds, which are really probationary worlds, because we're divinely loving and of a level of truth that means we'll respect loving ourselves and everyone else in Creation at that level, so all the other spirits and angels, without ever being the unloving horrors that currently we are.

And that's for ourselves individually, and then the whole of humanity is to evolve up the seven worlds too. So John is going to set up the whole system for humanity to begin its true ascension of truth, using the truths now contained within his Pascas Papers. All money permitting – all of which is, or will be, the will of our Mother and Father. If They want it that way, then the dough will flow. But when They want it to, will be when the time is right.

**PASCAS  
PAPERS**

And using that information, people will be able to start to look to themselves, through their very own feelings, for the truth of how God and their own soul wants them to live. And we've all got to find out that truth for ourselves. I'm only outlining it based on Marion's and my Healing. All so people can gain something of an idea what is different to all the untruth. And so everyone can decide if they want to really help themselves. And if they do, and if John becomes money-empowered, then he will set up different ways for people to be able to have access to that truth and places and systems that will help them do their Healing.

And if no money ever comes, then the Mother and Father, should They want the truth put out there, will reveal a different way. However for the time being, it's all focused on you guys up North (Queensland).

And it won't even matter if you fully understand it all or not, so you don't have to sweat it out about any of that, you only have to want to be involved for yourself, all to help your own understanding for when you want to do your Healing. So all you have to do is keep doing what you want to do in it.

There is a massive spiritual light growing about it all, all thanks to you know who upstairs who just happens to be John's Nanna. So people who come into that light are going to be ready for some aspect of it, and those who aren't will be repulsed by it – they will reject it and so reject you and I. You guys, and because of that – Pascas, because it's your creation and you're choosing to 'house the truth of the Healing' within it, will carry that light. So it's the Healing Way, and because you've also included the Divine Love, so Pascas is the Divine Love Mansion Worlds – that is, it will 'Earth' them, or they will be 'earthed' within it. And all the rest will remain as it is, of the mind Mansion Worlds, even including all the Divine Love people who refuse to do or acknowledge their Healing. And if the light gets fully turned on, there's going to be a division of humanity: you are either with it or you're not; which will equate to: you want to remain in your mind delusion furthering your truth and feeling denial; or you're going to want to start doing something about ending that and crossing the line into the Feeling Way.

# Humanity's UPSIDE OF DOWN

Humanity has devolved to a stupor incapable of recovering through the Mansion Worlds without help.

Celestial Soul Condition

Humanity is now to embrace the Great U-Turn and retrace through all the seven sets of sub-planes that contain the seven sub-sub-planes and so on, to progress up through each to the seven Mansion Worlds through Feeling Healing, and then with Divine Love, fuse their soul with their indwelling spirit, and in so doing, as one soul manifests two personalities, we arrive into the first Celestial Heaven condition to join our soulmate and then soulgroup.

**FEELING HEALING PROGRESS DOES NOT CHANGE OUR PERSONALITY:**

As we work our way up to Celestial Soul Condition, we retain all our erroneous patterns even though we express out all the repressed emotions and lots of blocked feelings, we do change a little and feel so much better, become more self-aware and self-accepting, to where we get toward the end of our Healing yet still with all our, or most of our, unloving patterns in place.

So it's not a journey working our way up the pyramid, it's more like move up a series of elevators seven worlds of them, so by the time we get to the top we are basically the same as we were so far as being composed of

my screwed up patterns, only we are fully aware of them and how they came to be, and how being them has made us feel every step of the way, from our early childhood when they started, to now.

We can wonder what happens when we reach the top and my Healing ends. Does our soul suddenly transform all our Wrongness, or do we then start to gradually change and work through something like a capping pyramid, gradually with all the negative patterns changing into positive ones? And right up until the last one?

Transition from the final healing world to Celestial Soul Condition may be rapid or progressive.

**FEELING HEALING:**

Childhood repression and suppression, from conception through to around the age of 6 years, is the underlying cause of all ailments that arise throughout one's life.

Our parents pass onto us, their children, all that is erroneously infused into them by their parents, as generations before did.

It is only through longing for the truth of one's feelings, both good and bad, and expressing what comes up that we can work through the many layers of infused mind addictions and heal our erroneous beliefs and harm that we have endured.

Should our parents engage in their Feeling Healing then their children will mirror much of the healing that their parents achieve, thus physically and emotionally benefit in a similar way.

Healing can bring us into Celestial Soul Condition while living on Earth.

**WE EACH HAVE UNIQUE ISSUES TO HEAL THROUGH OUR ASCENSION, THROUGH EACH OF THE SEVEN MANSION WORLDS!**

Happy Parents and Unhappy Parents are all born into the Rebellion and Default. The children all absorb the errors and emotional issues of their parents tailored to suit their personality which is unique to their soul. Our issues are unique and no healing is the same as for any other person.

**Feelings First**

Each of the seven Mansion Worlds have all of these planes.

PLANES for each MANSION WORLD, we have seven Mansion Worlds to work progressively up through to heal ourselves of the Rebellion and Default.

# Boundaries of HELL!

Humanity on physical Earth is in Rebellion and Default, thus hell! Upon death we all arrive in the 1<sup>st</sup> spirit Mind Mansion World where we typically suppress our poor state and remain in the Mind Mansion Worlds indefinitely. Some have a period in the ‘hells’ compensating for the pain they have caused others. Many continue their ‘mind worshipping’. However the way out is by embracing Feeling Healing, and with Divine Love, Soul Healing to progress up through the Crying Healing Worlds and transition out to the first of the Celestial Heavens.

## GATEWAY

Transitioning into the Celestial Heavens is also out of:

# OUT

# ISOLATION

If you go against yourself, if you’re untrue to yourself, then you are going against God and all God’s laws, and compensation is required to bring you back into the fold, which is what happens through our Spiritual Healing. It’s the Law of Forgiveness, forgiving yourself through self-acceptance, which is dominant in this part of your life. If you cross the line and abuse your children, that being up until they are 21 years old, then you have both levels and amounts of Compensation and Forgiveness to deal with, that which happens as part of your Healing. And as everyone abuses their children, we being conceived into our parents’ rebellion against the truth of our soul, so all who have children have to come to terms with all they’ve done through their Healing. Kevin 18 Feb 2019

## Law of Forgiveness

I'D TURN BACK IF I WERE YOU!

## Law of Compensation

If you go against someone else, as in cross the line and grossly interfere with their will, and there are degrees of this, then you will have to suffer the pain you have caused the other person, spirit or creature, which as you know is the Law of Compensation; and as to the extent of crossing that line and hurting another determines whether you have to spend time in the hells or not. Kevin 18 Feb 2019

The minor ‘hells’ are the lower levels of the 1<sup>st</sup> Mind Mansion World whereas the more severe are the Planes of Isolation being the 2<sup>nd</sup> Earth plane with the severest being the 1<sup>st</sup> Earth plane. Pain caused to another is the pain that will be endured before returning to the 1<sup>st</sup> Mind Mansion World, all then to consider your Feeling Healing.

# OUT GATEWAY ISOLATION

## RELATIONSHIP ISSUES – HOW TO BRING UP A CHILD

James: Naturally most parents want to bring up their child the right way, loving it and trying to do the best for it. However whilst we're of an untrue and unloving state, it doesn't matter what one's intentions are, one can't do it. You can't love your child whilst you're unloving. You can't love another if you can't first love yourself. And you can't love yourself because you weren't loved by your parents. And doing your Healing is truly setting out to love yourself, with you becoming completely self-loving by the time it's completed.

Everything else we do before we finish our Healing, irrespective of how loving it might be and how good it might make you and others feel, including your child, it's still not being fully loving. The fact that we have to do our Healing means we're not right, we have to heal something, and so that means we're not truly loving. If we were, we'd be true and perfect and all-loving and so wouldn't need to do any healing as there would not be anything wrong with us.

So people who refuse to accept they are not loving are deluding themselves. And this is one of the most difficult aspects of our wrongness to understand and accept. And then to understand, that because you are wrong and so not fully loving, it doesn't matter what you do with your child, you're not ever going to be the perfect parent. It will still feel unloved to some degree, and it will turn on you when it comes to do its Healing, if not before, that being if you refuse to accept and acknowledge its bad feelings about you when it has them.

And the only way to become a better parent is to do your Healing. As you grow in truth, so you'll stop negatively affecting your child as much as you were. You can learn all sorts of 'better parenting' techniques, going this way and that in your mind, some of which on the surface might seem like you are more loving with your child feeling more loved by you, however deeper will still be all the unexpressed hidden bad feelings that will one day need to be brought out and their truth revealed.

And some people should they understand and accept they are not truly loving, might no longer want to have children, not wanting to subject them to such unlovingness; whereas other people might understand and accept their limitations as being a parent, still having children, knowing their children will have to one day do their Healing just as they will.

Is it wrong to have children when you know you are unloving? That's something that everyone has to come to within themselves and for themselves and through their feelings. It's not something you can say one way or other. That is trying to work it out using the mind, which is what is wrong about how we do everything. So all we can do, is keep wanting to be true, wanting to express our feelings, and wanting the truth of them. And to live that way even if you are not actively doing your Healing.

And it's one thing for parents to think and believe what they will about being parents and how good a job they have done with their child, and that is fine, that's for them, however it might be an entirely different what those parents' child feels being on the receiving end. We can't fathom what another person is experiencing. We can't know what effect we're having on another person. The parent, unless they are of a Celestial truth, won't have the foggiest as to what really they are doing to their child. And neither will the child until as an adult it does its Healing.

## PERSONAL EXPERIENCE DURING JAMES' HEALING

8 May 2018

These are some of the most important things I uncovered through my Feeling Healing about trauma.

The main point is: My whole childhood was one LONG trauma. I was traumatised by it all. All the good and bad parts, every moment with my parents and family was traumatic. So it wasn't about looking for specific really bad traumatic experiences I might have forgotten or even remembered, but coming to accept that all of it was horrendous. And more horrendous than I could have possibly believed. Growing up feeling completely unloved is the MOST traumatic experience you can have. You are formed in trauma, and then led to believe that your traumatic state is normal, it's good, it's even loving. And boy oh boy, what a shock it is doing your Healing as your feelings lead you to the truth of how wrong you've got it. With that truth being so shocking it's almost as traumatic as well as it comes to light. However because it is the truth, so within it comes relief, comfort, and the true healing of your traumatic state.

None of us realise just how severe and traumatic our whole childhood is. Through your Healing you will find out the whole truth of it.

We are an emerging will. Our will needs to grow, evolve and develop so as to bring our personality into its full expression. And this needs to happen every day during our childhood WITHOUT interference. So from conception until we're about twenty-one, and most importantly through our formative years, we need to be able to freely express ALL of ourselves with our emerging and developing will. And at any time, even the smallest infringement against our will, is traumatic and causes us great damage to our personality expression. Think of how many times during the course of a normal day (and what parents mostly consider good and loving parenting) parents stop their children from expressing all they feel, all of which is traumatic. How many times did it happen to you throughout your childhood – countless, and every one of those now repressed 'episodes' needs to be Healed. When the parent says no, stop that, don't do that, and then stops the child from expressing its protest, something like – if you don't do as you're told, I'll take you straight home – that is major trauma. And such horribly unloving experiences compound, so one ends up packed full of repressed bad feelings they are doing all they can to keep suppressed, all because their parent forced them to stop expressing themselves as their will desired to be expressed. We are forced to hide our bad feelings because we're not allowed to freely express our pain and bad feelings. Our parents don't want to know these parts of us so make us hide them – from them and from ourselves. Which is why it's so hard to uncover our trauma, because we're not allowed to have it – express it. No one wanted to know, and so neither do we. And all those barriers and resistance has to be worked through by submitting to your bad feelings through your Healing.

Your specific trauma IS your parents on the feeling and emotional level. I was hit in the face by half a brick smashing my nose when I was about three years old. Another little boy threw it at me. I'd just been thoroughly enjoying myself and then suddenly SMASH. And my Healing has repeatedly cycled around this traumatic experience, showing me that really it had nothing to do with the other little boy, the brick, the experience itself. It happened as a manifestation or result of how my parents treated me – they repeatedly smashing me and stopping me from enjoying myself. The brick in my face is the outworking on a feeling level of how they didn't care about me, didn't truly love me, didn't protect me; and really, the whole damning and devastating truth: How they hated me and wished I would go away; and so severe was that, that they emotionally, mentally and spiritually threw a brick in my face. And they threw it endless times. That is how wanted my Healing has shown me that I felt by them. It all being represented and experienced physically during this one traumatic event. But really,

every time they checked my will, stopping me from freely expressing myself, they smashed me in the face with the brick. And it's taken me a long time, all the twenty years of my Healing, to understand, and then accept, the severity of this. And that I'm not making it up or making it more than it was, with my feelings showing and leading me each step of the way over the years to see and comprehend the full magnitude of this truth.

And so, if say you are abused as a child, hit, raped, or even as a young adult before your childhood has ended, then through your Feeling Healing you will see eventually that that abuse on the physical level is actually your parents abusing you on the emotional, feeling, mental and spiritual levels. Your parents raped you, they raped your self-expression, they took it away from you, they stopped you being free and loving as you wanted to be. And as hard as it might be to accept that **IT WAS ALL YOUR PARENTS FAULT**, that too is part of the denial that so many of us live under. It was all their fault and they need to be blamed accordingly until you have brought to light and expressed all that pain and blame out of you; and when you have, and seen all the truth about your unloving relationship with them – when it's all over, then you'll let them go. Then you'll no longer blame them, then you'll be able to understand why they treated you unlovingly and traumatised you, all with such truth and understanding coming through your feelings. And **NOT** trying to bring it about falsely and prematurely by using your mind to excuse them.

### DIMENSIONS of ONE'S EXISTENCE:

Our **SOUL IS NOT ENSOUL**ED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

**SOUL** exists existentially

Our Physical Body and our Spirit Body are of Creation, being linked together by cords of light as are the two spirit bodies, male and female, to the one Soul.

One's unique personality is soul based. Our unique soul expresses its unique personality through the two spirit bodies and physical bodies expressing both the male and female aspects.

## SOUL DOES IT ALL

8 May 2018

The SOUL DOES IT ALL. THE SOUL INITIATES CONCEPTION AND THE GROWING OF THE PHYSICAL AND SPIRITUAL BODIES, AND ALL THAT CONNECTS THEM TO EACH OTHER AND TO THE SOUL ITSELF.

The soul oversees EVERYTHING – we are soul. And our soul is duplex, in that it has bestowed upon it, two unique personalities by its Creator Parents – our Heavenly Mother and Father. So at conception, our soul incarnates you, one of the two personalities into Creation – life. The soul does it all. The soul doesn't come at some point embracing the embryo. The embryo wouldn't exist if it weren't for the soul wanting it to exist. We are never separate from our soul.

We are one of the personality expressions of our soul, our soulmate is the other one, our 'other half'. Our soul can incarnate its two personality expressions at different times on Earth. With each 'half' experiencing life as a full individual and independent personality destined at a predetermined time to meet each other, which will more than likely happen at some point through one's Healing or when one has finished it. And whilst we're living in rebellion against our soul, ourselves, our truth, so it's highly unlikely we'll have anything to do with our soulmate until we start to heal that rebellion, because we are anti each other – anti the truth of ourselves and each other. We can ONLY experience true soulmate love when we are FULLY healed of our rebellion and default – when we've done our Healing.

And our soul would naturally, had we not been unlovingly interfered with by our parents, evolve us in truth through our feelings and the experiences that give rise to them. However because our parents unwittingly got in the way and stopped our soul from doing this, so we've become untrue and have to do our Healing to sort ourselves out, to bring ourselves back into being how we would naturally be were we not screwed around with.

The point of our Healing is to find the whole truth of our unloved state, all through our feelings and not with our mind. So once the truth is revealed, we can be set free of that untrue state. So we're not to look for specific traumas, we're not to try and home in on them, bringing to light all the bad feelings associated with them, then we're 'healed' of it, able to resume our life without the burden of that terrible experience. Certainly our Healing will do that, heal all the bad feelings associated with and resulting from that traumatic experience, however it doesn't stop there, it goes on and deeper until every aspect of self-expression that has been thwarted by negative unloving parental and childhood experiences – all one's trauma from feeling unloved, comes out and the truth seen. So healing our specific traumas is only one part of the Healing, with it being much more.

### POTENTIAL to BENEFIT your CHILD through your own FEELING HEALING:

This steps down each seven years as the child matures

**PARENTING:**

Tuesday, 16 October 2018

I, James, want to write a few points about parenting having read a few pages of *Parenting is Forever* by an Australian paediatrician – Elizabeth Green, a book I saw at the library.

**The hard truth is: if you parent whilst being of the Rebellion and Default, then you will be severely damaging your children. It's what we fail to understand; and we've been doing it for a very long time.**

The whole notion of one can be a 'good' parent or a 'bad' parent needs to be thrown out the window. When you understand we're all living in a state of truth-denial; that we are denying the truth of ourselves, nature and God; that we are living against ourselves, nature and God; that everything we do is wrong and within the Rebellion and Default, then everything one might do as parent will be wrong too.

Until you begin your Healing, everything you do with your children will be stuffing them up. It can't be helped. And you won't know how you are stuffing them up until you do your Healing. You can't see the full extent of what you are doing to them either positively or negatively as you are parenting them – unless you are doing your Healing. And you can't work out how to stuff them up less, as it doesn't work that way. They will come to know how stuffed up they are – what a 'good job' their parents did on them – when they do their Healing.

We have to do our Healing so as to see the truth of our relationship with our parents. And until we see it, we'll remain forever more bound up in our Wrongness. And the idea that we can learn how to parent, learn how to be better parents, use our mind to parent children, is wrong, too. We can use our mind to learn whatever we want, but as that too is being done in rebellion against the truth of our true self, so it's only going to negatively effect your child.

A parent might be able to parent its child to fit better into life, living a more morally acceptable, respectful and loving life, however it's all still learnt, so it's a contrivance based on current acceptable pretence and falseness – it's all untrue and a fantasy.

Parenting happens on multiple levels most of which the parents are unaware, and all starting at conception. At conception, it's all already done, it's a done deal – pregnancy, childhood, adulthood is just the outworking of it. So all our negative patterns are conceived at conception (incarnation), with the only way to change those denial, rebellious, anti truth and anti love patterns being to do your Healing by seeking the truth of your feelings. And once your Healing is complete, then you will be living wholly positive, true and loving parents.

The truth you are living is 'organically' imparted 'absorbed' by your child all the way along, and right up until you have completed your Healing when technically you are no longer the parent of your child, having given it up completely to God, it being wholly God's child. By the time we're all of a Celestial truth we are then truly children of our Heavenly Mother and Heavenly Father without any further parent / child connection on any level other than in our memories. When you have completed your Healing, then you will be totally free of your parents. Until then, even through they might not be personally

present and active in your life, still you are living out the patterns that resulted from being with them, even if that was only for a moment. With those patterns all being 'broken' and transformed into leaving your physical parents for your true Soul Parents as you progress through your Healing.

Your child becomes the truth that you are. If you are living against truth, so untrue, so it will follow suit becoming untrue. The intrinsic child being an expression of its soul, is true and perfect, however we become untrue and imperfect being incarnated onto a Rebellious world. Your child can't be anything other than how you are – it is 'your' child. All the factors such as DNA and inheritance contribute to how your child is, and on all levels, not just the physical, it all being long lines of generational denial being passed onto your child. And this then works with the whole environment the child is subjected to, which includes all of nature, all what happens in one's life, and all that's happening on unseen levels from spirit, all what's going on emotionally, mentally and psychically – the relationship between them both, it all going into and working to reflect the desired outcome the child is to be in every moment of its life, all of which is ultimately underpinned and fully orchestrated by the soul.

You soul is expressing you in Creation. It has encoded within it, all that you are to ever be. God has put it already all within your soul, and your soul is 'unfolding' through light, expressing that pattern which governs every aspect of your being. So why that genetic trait is activated by those environmental conditions is all overseen and orchestrated by the soul. Nothing is random, there is no bad luck that your child suffered this problem, and it is more than because you smoked and drank during pregnancy you somehow damaged your child. All of you is damaging your child all the time, even if you feel a great love for it and it for you.

Until you've fully Healed yourself, it is all damaging, fantasy, untrue and unloving. Every second your child is with you, you are negatively affecting it (unless you are doing or have done your Healing). And even when it's not with you, you are still connected by unseen psychic cords on all levels of the mind, emotions and spiritually, so are still affecting each other. And those effects compound and become very intricate, complex and intensely psychologically involved.

And if your child is retarded, a genius, or just 'normal' and 'ordinary', that's exactly what God wants, it's how God made its soul to express itself, so it's perfect. **Perfectly Imperfect** You are the child of God that you are, even in all your wrongness. And even though you might hate how you are, you don't have to stay in that state, being able to heal yourself as you do your Healing. And when your Healing is finished, you'll truly love the whole unloving state that you were, seeing that it was all absolutely perfect how evil, uncaring and unloving you were, it all being what you needed to bring you to this point of perfection you are now living in your Celestial level of truth.

If you parent your child without doing your Healing (irrespective of being a good or bad parent and whatever you do and learn to try and help your child), then you are simply passing on the next level of wrongness in your long family line of being untrue. If you parent your child whilst you are doing your Healing, then every part you heal within yourself you'll no longer be passing onto your child, with your child potentially adjusting to the 'new you' which can happen up until the child reaches its first Saturn Return (astrologically speaking) around 28-30 years old.

Once that age is reached, technically it's the end of childhood, so even if the parent/s keep Healing themselves, those positive effects won't be passed on to the child. And once a child is sexually mature, the child itself has to be open to and receptive of its parent/s to be able to keep changing, reflecting the parent/s changing as it does its Healing. Once sexually mature, the child is free to reject any such positive changes brought about by its parent/s Healing, so it might reject its changing parent who is

doing his or her Healing. The Healing parent can't force any positive changes on the child once the child is sexually mature, whereas before sexual maturity the child is still becoming its parent, so any positive (or negative changes) the parent makes will be taken on in some way and on some level by the child.

Learning to be a better parent whilst still parenting without doing your Healing only means you're going to add yet more layers to your child screwing it up even more. We are constantly adding more mental layers of self-denial to the way we live as adults, and so too our children. The Internet being the latest outside influence that can help parents to add yet more mind layers to themselves and their children. This book I am reading suggests that all parents woes and all the child's problems in the world now stem from the advent of the Internet, even as if pre-Internet, there weren't any problems with how parents parent and their resulting problematic children.

And yet the Internet age is just another age along the two hundred thousand years of System Rebellion and Planetary Default, of parents unlovingly parenting their children who grow up to parent their children unlovingly. And if it we were parenting our children perfectly, if we were all Healed and living true to our feelings, there would be no Internet like we have it, and possibly no internet or anything of what we currently have. There would be other things in life reflecting our true state, things that express our love, instead of things that are expressions of our unlovingness. The Internet, like everything we create, is an expression of how screwed up we are inside, which means, how our parents screwed us up. We can only create something like the Internet – and the whole world we live in, because of our unloving parent / child relationships. So if you think the Internet and the world we've created are good and loving, then you might want to consider looking into the truth of your relationship with your parents and doing your Healing.

### **POTENTIAL to BENEFIT your CHILD through your own FEELING HEALING:**

**This steps down each seven years as the child matures**

**From conception to  
age 6 or 7**

**From 8 to age 14**

**From 15 to age 21**

**From 22 to age 28**

**As we heal, we directly heal our children similarly.**

**The Indwelling Spirit arrival for the child around age 6 or 7 starts their independence.**

Any love you feel is love within the unloving state that you are and that you and everyone is expressing in the world. Nature is of perfect Natural love; we and all we create whilst we're in our imperfection, is unloving. All our relationships are unloving. Within our unloving states we can, relatively speaking, feel love and be more loving, just as we can be more evil, wrong and unloving, yet still it's all within an anti truth system, and without truth there can't be true love, for love to flow there needs to be truth: no truth, no love. Love exists outside of truth, but without truth we can't truly relate to it, so it may as well not exist. Our souls are truly of love, and we are to become truly expressing our truth as love, and loving expressing our truth with all the good feelings love gives us, when we've completed our Healing, when we've ended our rebellion against truth and love.

We are living in an 'experiment' of how unloving you can be and what the effects of feeling unloved have on ourselves, each other and the world. Everything we are doing is wrong, so everything we are doing is making it harder for ourselves. There are no effective solutions to all our problems until we end our unloving anti-truth state by doing our Healing. We can keep using our minds to make it appear like

we're being more loving and caring, just as we can use our minds to make it even harder for ourselves, but our mind is not The Way, whereas our feelings are.

A parent or parents doing their Healing will naturally effect their child as they progress, and in a positive way. However it's not for the parent to demand, make or force the child to do its Healing. Once the child is sexually mature, then it is free to make its own choice about doing it. And some older children might reject their parents who are doing their Healing, putting off doing their Healing until they are older still, which could even be during their spirit life. When someone begins their Healing in earnest, it is when God through their soul says it's time.

If you are wanting to Heal yourself and become true, then part of that Healing will be about your relationship with your children – uncovering how unlovingly you've treated them whilst possibly believing you were loving and doing the right thing for them. And if you are yet to have children and do want them, then there will be lots of opportunities for you to find out more truth of your unloving state as you look to expressing and longing for the truth of all you feel – which is doing your Healing.

It's not that because you understand you are imperfect you should therefore not be having children until you are perfect having completed your Healing, but going with your feelings of wanting a child and expressing every feeling that comes up along the way as you long for the truth of those feelings. If you have any fear, anxiety, worries, guilt, sadness, anger, misery and any other bad feeling, then these are what you work on. So you can have a child as you do your Healing, with the child helping to bring up the bad feelings in you that you are to express out of yourself and see the truth of. Or, you not have a child and do your Healing. If you don't have children on Earth then you can adopt children in spirit, either doing your Healing or not. Currently spirits doing their Healing can't also adopt children, however once the New Revelation is 'activated' – revealed, then spirits doing their Healing will also be able to do it whilst having children.

A fully Healed parent will pass on such truth to its child thereby no longer subjecting its child to any untruth. And two Healed parents will give rise to a completely true child, it being totally free of the Rebellion and Default, this being the perfect humanity that humanity is to become. Slowly humanity is to Heal itself of the Rebellion and Default.

Elizabeth Green in her book, *Parenting is Forever*, says that young people and children are looking more to social media and their machines to conduct their relationships through, and oh my god how are parents now to deal with, compete with, simply cope with, that??!! We fail to see that the machines and the Internet is allowing us to be truer to our unloving states, we can be more impersonal by pretending we are personal through a machine and the unreal, which is the truth of the relationship we are living with each other, so the truth of the relationship between parent and child.

A parent who complains that their child wants the Internet and all it offers above them, should perhaps question why does the child want to reject its parents, and in finding the answer to that question, the parent will uncover the truth of its unloving relationship with its child. We can escape into the Internet away from the relationships we hate, those with our parents. We all hate each other, not love each other, which is possibly the most difficult truth to accept. We make up fantasy relationships we project onto each other that gives us the mental ability and resulting contrived feelings to make us feel and believe we love each other. But if we take the fantasy away there is only a dark hole of nothing, a hole full of pain, the full horror, trauma, terror of agonisingly feeling you are not loved by the people who should love you.

And so because none of us can bear face the terrible truth of our unloving state, we continue to do our best to live seemingly loving with each other, doing the best we can, using our mind to alter our fantasy-unreal existences, doing all we can do to avoid having to face, accept and fully embrace the truth our bad feelings will show us when we come to do our Healing and want to give up the facade.

We currently parent negatively influencing our children on seven whole worlds' worth of truth. Which means your child, as do you, has seven whole worlds' of truth it's denying in life, all of which cause untold numbers of problems. And consequently, should you wish to do your Healing, so it will take you the Healing of all seven worlds, as represented by the seven Mansion Worlds, to complete it. The Rebellion and Default has evolved to include all seven Mansion Worlds in rebellion by default. We have taken the Rebellion on by Default through all these levels and have to heal them all through our Healing. And once Healed, we are free of our parental influences, free of our parents, free of our wrongness, free of the Rebellion and Default, true and perfect to the Celestial level of truth.

## How to Cure Cancer & Diseases: Alkalize Your Body (No Disease Can Exist in an Alkaline Environment!)

The answer to how the 'acidic regions' begin, which the article says still medicine doesn't understand, would be found in one's aura, the area of damage resulting from our childhood abuse causing the damaged or 'darkened' area in the aura which manifests 'into' the physical at some point causing the disturbance in the body and lowering of the pH.

So changing one's diet and 'state of mind' can help, however once again is not dealing with all the deeper underlying issues that our 'aura' is composed of.

# Mind Mansion Worlds of Natural Love

**Mansion World one:** We ALL arrive into mind spirit Mansion World one upon the death of our physical body. Just the general confusion of spirits living their wrongness the best they can, trying to not be bad, trying not to hurt others, thereby staying out of the hells and lower Earth planes. The Law of Compensation ‘persuades’ you not to even think about harming another person.

**Mansion World two:** Starting to work more with one’s controlling mind, with the focus being on Service, you are to use your mind to be more loving, to help selflessly others, to put others before yourself, to not want for yourself, only wanting the good and betterment of others. And to have loving thoughts, to not think badly of anyone, to keep ‘being good’ in your mind at all times. To think positively, to use your mind to control your feelings so as to make yourself be happy, to bring your full success out, to celebrate your god-given gifts, all for the good and benefit of all.

**Mansion World four:** This being where ‘self help’ approaches fit in. It being where you’ve had enough of being of Service, giving yourself to everyone else, and decide that you have to start looking more after yourself. So you look to working more closely on yourself, you still have bad feelings so you set about working to resolve the emotional issues through whatever means you can. And they involve emotional releasing / clearing through some level of feeling-acceptance, as you can’t get rid of them that easily, yet overall you’re working to bury them once and for all, so deal with all your memory processing, deal with your traumas, do all your massive forgiving, which sets you up in a power position because you are the great one forgiving everyone – those people who did wrong by you, so you feel more in control, freeing yourself from your controllers, telling them – you are forgiven, giving them your blessing, feeling you no longer need to be bound into those patterns, and feeling like you’ve found and are bringing out more your True Self, your true self which I reckon is more of the spirit you that’s deeper in your mind control.

**Mansion World six:** This is where you put it all together, you’ve achieved mind ‘ascendancy’, the perfection of your negative mind-controlling state, specialising in your area of interest, being in bliss and true love and happiness – all mind derived, all of which is resulting from your mind saying you are at-one with Source, God, Soul, whatever the term, which is just your own controlling mind. Your mind is god, and it’s calling the shots, keeping all your repressed feelings away, without you having to address any personality imperfection resulting from your bad parenting. Because you believe you’ve fixed all of that, you no longer have bad feelings within you, you’ve forgiven the evil ones in your life, you’re now wholly in control making your reality be as you want it to be through your mind.

## The ‘Nones’ (No Religion) are seeing the Light!

<https://www.zerohedge.com/news/2019-04-06/number-americans-no-religion-has-soared-266-over-last-3-decades>

by [Tyler Durden](#)

Saturday, 6 April 2019

### The Number Of Americans With "No Religion" Has Soared 266% Over The Last 3 Decades

**Over the last 30 years, there has been a mass exodus out of organized religion in the United States.** Each year the needle has only moved a little bit, but over the long-term what we have witnessed has been nothing short of a seismic shift. Never before in American history have we seen such dramatic movement away from the Christian faith, and this has enormous implications for the future of our nation. According to a survey [that was just released](#), **the percentage of Americans that claim to have “no religion” has increased by 266% since 1991...**

**The number of Americans who identify as having no religion has risen 266% since 1991**, to now tie statistically with the number of Catholics and Evangelicals, according to a new survey.

People with no religion – known as ‘nones’ among statisticians – **account for 23.1% of the U.S. population, while Catholics make up 23% and Evangelicals account for 22.5%**, according to the [General Social Survey](#).

In other words, the “nones” are now officially the largest religious group in the United States.

At one time it would have been extremely difficult to imagine that one day the “nones” would someday surpass evangelical Christians, but it has actually happened.

And the biggest movement that we have seen has been among our young people. According to a different survey, two-thirds of Christian young adults say that they stopped going to church [at some point between the ages of 18 and 22](#)...

Large numbers of young adults who frequently attended Protestant worship services in high school [are dropping out of church](#).

**Two-thirds of young people say they stopped regularly going to church for at least a year between the ages of 18 and 22**, a [new LifeWay Research survey](#) shows.

These are the exact same patterns that we saw happen in Europe, and now most of those countries are considered to be “post-Christian societies”.

The young adults of today are going to be the leaders of tomorrow, and they have a much higher percentage of “nones” than the population as a whole. According to a study that was conducted a while back by PRRI, [39 percent](#) of our young adults are “religiously unaffiliated” at this point...

**Today, nearly four in ten (39%) young adults (ages 18-29) are religiously unaffiliated**—three times the unaffiliated rate (13%) among seniors (ages 65 and older). While previous generations were also more likely to be religiously unaffiliated in their twenties, young adults today are nearly four times as likely as young adults a generation ago to identify as religiously unaffiliated. **In 1986, for example, only 10% of young adults claimed no religious affiliation.**

To go from 10% during Ronald Reagan's second term to 39% today is an absolutely colossal shift.

**Right now, only about [27%](#) of U.S. Millennials attend church on a regular basis. Most of them simply have no interest in being heavily involved in organized religion.**

And even the young people that are involved in church do not seem very keen on sharing their faith with others. According to one of the most shocking surveys that I have seen in a long time, 47% of Millennials that consider themselves to be “practicing Christians” believe that it is “wrong” [to share the gospel with others](#)...

A new study from the California-based firm Barna Group, which compiles data on Christian trends in American culture, has revealed a staggering number of American millennials think evangelism is wrong.

[The report](#), commissioned by the discipleship group Alpha USA, showed **a whopping 47% of millennials** — born between 1984 and 1998 — “agree at least somewhat that it is wrong to share one’s personal beliefs with someone of a different faith in hopes that they will one day share the same faith.”

These numbers are hard to believe, but they are from some of the most respected pollsters in the entire country.

Politically, these trends indicate that America is likely to continue to move to the left. Those that have no religious affiliation are much, much more likely to be Democrats, and so this exodus away from organized religion is tremendous news for the Democratic Party.

In [a previous article](#), I documented the fact that **somewhere between 6,000 and 10,000 churches in the United States are dying each year.**

That means that more than 100 will die this week.

And thousands more are teetering on the brink. In fact, most churches in America [have less than 100 people attending each Sunday](#)...

**A majority of churches have fewer than 100 people attending services each Sunday and have declined or nearly flatlined in membership growth**, according to a new study from [Exponential by LifeWay Research](#).

The study, which was conducted to help churches better understand growth in the pews, showed that most Protestant churches are not doing well attracting new Christian converts, reporting an average of less than one each month.

But even among all the bad news, there are some promising signs for the Christian faith. The **home church movement is flourishing all over the country**, and many of those home fellowships are focused [on getting back to the roots of the Christian faith](#). All throughout history there have been relentless attempts to destroy the Christian faith, and yet it is still the largest faith in the entire world.

**However, there is no doubt that Christianity is in decline throughout the western world, and churches are dying one after another.**

This is what one pastor had to say [about the slow death of his church](#)...

‘My church is on the decline,’ he said. ‘We had 50 (congregants) in 2005 and now we have 15. We’re probably going to have to close (in a few years).’

‘Mainline Christianity is dying,’ he added. ‘It’s at least going away. It makes me feel more comfortable that it’s not my fault or my church’s fault. It’s part of a bigger trend that’s happening.’

John Adams, the second president of the United States, once said the following about our form of government...

Our Constitution was made only for a *moral* and religious *People*. It is wholly inadequate to the government of any other.

As America has turned away from the Christian faith, we have become steadily less moral and steadily less religious.

*If we continue down this path, many believe that the future of our nation is going to be quite bleak indeed.*

## What did Jesus say on the cross?

Dr David Hawkins research: Of obvious practical value is the application of the calibration of the levels of consciousness as per Dr David R Hawkins' Map of Consciousness using kinesiology muscle testing, especially to the differences between the calibration levels of an avatar, a saint, or a sage and their alleged scriptures or canonised holy books. If there is a wide discrepancy between the teachers and the available teachings, this is indicative of error, meaning that much was lost in translation, in transmission, or in misinterpretation. This can be observed most strikingly in dissimilar quotations of Christ's words on the cross between the King James and the Lamsa versions of the Bible, i.e., it makes a world of difference whether Jesus said, "Father, why has thou forsaken me." (King James Version) versus "My father, thou has not forsaken me. From this I have been spared" (Lamsa Translation). Upon reflection, the incongruence of the first quotation is indicated by the fact that an incarnated, fully Enlightened Master who is united with the Oneness of Divinity would unlikely feel deserted by the very source of that Realisation within.

Highly interesting data and important information are provided in the brilliantly clear exposition in the first few pages of the Introduction in the Lamsa Bible, which is a translation from the original Aramaic Peshitta manuscripts that were taken to Constantinople and that constitute the foundation of the scripture of the Eastern Orthodox Church. In the Lamsa Bible's Introduction, comparison is made to the King James Version, which came from the Greek (and calibrates lower).

If all of the Books that calibrate below the credible level of truth at 200 are removed from either the King James or Lamsa versions of the Bible, the overall calibration level increases markedly. This is even more pronounced if the Old Testament, with the exception of Genesis, Psalms, and Proverbs, is removed, along with the Book of Revelation in the New Testament.

### **Revelation 50: The words supposedly uttered by Jesus on the cross.**

<https://new-birth.net/samuels-messages/53-revelations/revelation-50-the-words-supposedly-uttered-by-jesus-on-the-cross/>

Received by Dr Samuels Washington D.C. October 18th, 1954. February 3rd, 1955, March 7th, 1955

I am here, Jesus.

I am here tonight to explain some material in the New Testament dealing with a subject that is quite unpleasant to me, for it deals with my crucifixion and is one which I would fain forget, or at least not to recall it when there exists no reason for recalling it. But I would like to say a few words concerning the circumstances surrounding it, and first of all I would like to say that I did no talking while on the cross because of the pain and exhaustion of my body physically.

And while it is true that there were [two others who were crucified with me](#), one on each side, yet they did no talking to me, and neither did one mock me, nor did the other seek any pardon from me or seek the Kingdom of God from me, nor did I tell him that that night [he would be in Paradise with me](#). For it is obvious that I had no authority to forgive sin as it is stated in various passages of the New Testament, and the only way for man to achieve forgiveness of sins is through the obtaining of the Divine Love or through purification of the natural love, a long and tedious process that fits the individual soul for a place in the sixth sphere (Mansion World).

So you can readily see that the account of the sinner who supposedly went with me to Paradise is entirely false and merely the result of the active imagination of the writer who recopied the original account.

Another incident which I wish to clear up is the story of the words which I am supposed to have uttered while on the cross, and the first of these was, "[My God, my God, why have you forsaken me?](#)" This sentence is the first sentence, or opening lines, of a [Psalm, the Twenty-Second](#), which is indeed messianic in substance, for it deals with the sufferings of the afflicted. But I did not say these words in order to fulfil the prophecy embodied in that Psalm, nor did I say, "[thirst](#)," because that, too, is found [in the Psalm](#) and is also a fulfilment. Nor did I say what are supposed to be my last words on Earth: "[Into Thy Hands I commend my spirit](#)," found in the [Thirty-First Psalm](#), in order to fulfil the saying contained in it, for I never said any of these words or sentences, or sayings, at all.

The truth of the matter is that after my death the copyists searching the Scriptures found these passages within the Psalms and therefore decided that I must have said them so that these Psalms would be fulfilled. Thus they wrote the account of my crucifixion with these additions, in order to show that I had done or said things which would fulfil the Scriptures. But again, these accounts are false and entirely without foundation. They should be eliminated from the New Testament and the reason for their existence as I have explained.

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:****James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on themselves and doing their Healing.

**Feeling Bad? Bad Feelings are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:****The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

**FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of ‘papers’ that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one’s awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing. Secondly, consider longing for our Heavenly Parents’ Love as you progress with your healing. Primary and most important readings are the writings of James Moncrief. Then consider the Padgett Messages, and then The Urantia Book.**
