Med Beds introduce a universal generational health initiative unlike anything previously delivered.

The advancement is dynamic and comprehensive impacting all health issues and situations in health, disease and quality of life in one comprehensive technological system.

The Med Bed technology does verge on the borders of the invisible bodies that we each have. The assistance it provides in healing opens the pathways for each of us to address the underlying cause of our health issues in a profoundly positive way that is permanently beneficial. By embracing our own Feeling Healing we are assisting longevity of the aid and treatment that a Med Bed experience may provide us with.

Consider the outline of a Med Bed provided now as an overview introduction. We look forward to authoritative reports and explanations of what is yet to be published about these medical initiatives that have been unfolding in research institutions since the 1960s.

May we discuss this a little please?

Imagine a future where healing is faster, more efficient, and almost magical. This is advanced medical technology that promises to transform Health Care as we know it. Explore how these futuristic devices could redefine our approach to health and wellness.

Whether you are curious about the science, the spirituality, or the profound implications of this breakthrough, because this is a journey, you won't want to miss.

The concept of advanced medical beds represents a fascinating intersection of Science Fiction, advanced technology, and spiritual lore. Far beyond current medical technology, offering a glimpse into a possible future where health and wellness are significantly enhanced through sophisticated machinery, where healing is faster, more efficient, and almost magical world of Med beds. The advanced medical technology that promises to transform Health Care as we know it. Approach to health and wellness

What are Medical beds?

These beds are often described in various science fiction and spiritual sources as having the ability to diagnose, treat and heal a multitude of ailments with unprecedented efficiency and effectiveness.

Technological Features:

One: Advanced diagnostic capabilities. Medical beds are equipped with state-of-the-art diagnostic tools. They can perform whole body scans to identify genetic anomalies, and other health issues. The technology behind this is often imagined to surpass current MRI, Connecticut scans, and other diagnostic tools. By integrating nanotechnology, Quantum Computing, and AI, the ability of these medical beds is to diagnose, treat, and heal a multitude of ailments with unprecedented efficiency and effectiveness.

Two: Regenerative Healing. One of the striking features of these medical bed sets is their ability to promote tissue regeneration. The bed promote tissue regeneration and repair, possibly engaging in a way similar to Stem cell technology, nanowatts, and possibly even advanced forms of energy healing. These

beds can reportedly heal wounds, regenerate organs, and repair damaged tissues, effectively reversing the effects of aging and injury.

Three: Non-invasive Surgery. Instead of traditional invasive surgical procedures, these beds employ non-invasive techniques with precision, minimizing recovery time, and reducing the risk of complications.

Four: Detoxification. The medical beds are also said to have the capability to detoxify the body, removing harmful substances, heavy metals, and other toxins. This could involve advanced filtration systems or the use of biocompatible frequencies to cleanse the body at a cellular level. There is no injection. No needles or anything. Through neural interface technology, they can supposedly balance brain chemistry, repair neural pathways, and even assist in reprogramming negative thought patterns promoting overall mental well-being.

Five: Mental Health treatment. Beyond physical health, these beds are imaginable to be used for mental health issues. Imagine to provide five treatments for mental health issues in chemistry repair, neural pathways, and even assist in reprogramming negative thought patterns promoting overall mental health well-being.

These beds employed non-invasive techniques, arms, liquid spray, anaesthetic, vital sign sensors, and all of these features are mounted on an adjustable titanium base. Range of surgical procedures with the ultra-fine laser incisions that are guided by 3D anatomical scanning.

By anatomical scanning lens, and Laser Technology allows for complete diagnoses of all body systems, including neurological factors, treatment of infections through concentrated antibiotic injections, detoxification of the body in order to cure diseases like cancer, basic or advanced, wound repair, limb regeneration through cellular DNA reconstruction, and scar removal, as well as other procedures, can be done, such as appendectomy, laparoscopic ablation, and caesarean section. This is the new way.

It is the same for your eyesight, your hearing, your taste, your smell. The issue is restored to a perfect younger state. Again, it is totally the opposite of what we have lived. These technologies are already here. It is a matter of getting them safely to the people that can use them. The holographic medical pods are automated medical stations where a medical expert selects the type of medical procedure to be done from the computer database, then the patient lies down in the Pod, and the machine performs the medical operation of procedure

Then the lasers will close up the points in this Med bed. You don't go through any pain you don't go through radiations. It's not like some evil event. You go into a deep sleep. There's no injection, no needles or anything.

Med bed technology has been suppressed and hidden from the public for a long, long time. Now it is time. The increasing demand for transparency by the human collective consciousness, an increasing number of courageous people are coming forward to disclose what they know has been hidden for decades, even centuries, and most likely for thousands of years.

There are three types of med beds:

1. Holographic med beds.
2. Regenerative med beds which regenerates tissue and body parts that is powered by a different source.
3. Re-atomisation med beds that in about two to three minutes will regenerate the whole human body.

What does this advanced technology mean for an 80 year old woman? She could be 30 years old again with 50 years peeled off her life. Now she can have children again. She can have a whole new family if she wants.

The Med Bed technology could be a perpetual fountain of youth.

The Med Bed looks at the body and corrects imperfections. It is technology that has been around for quite some time. It is not something out of the clear blue sky. It is something that has been kept hidden from the human race for a very long time.

The med bed is based on tachyon particle energy, asthma, plasmatic energy. Energy. It is just a different form through vibrational frequency. The med beds have artificial intelligence, AI that is controllable, so it cannot get out of control and run wild. The AI is the computer. It operates kind of like an MRI where you sit in a tube and it rolls over your body and doesn't magnetic oscillation and resonance scan of your body to diagnose disease. It shows everything all the way down to the micron level of the blood. It actually identifies your DNA, and it does a complete internal analysis of the body.

When it does that, it picks up any disease and any genetic imperfection. For example, you could have stage four leukaemia and on a med bed in about 2.5 minutes – you are cured. Move from the body, the med beds, re-atomisation process, regenerates that organ as if it was never removed because your body leaves a resonance, a vibration frequency. The body always remembers when an organ has been removed or stopped operating and the Med bed's artificial intelligence links into the body's vibrational frequency and DNA to regenerate the organ. For people on chemotherapy, that becomes obsolete. With the Med

beds all day long, very easily and very cheaply, a specialist says, because he has done it for people. For people with numerous kinds of illness, muscular dystrophy, etc. all disease is gone. Eliminated.

Med beds is speculated as being just science fiction. That it can't be true. Somebody just made it up. Because of that general public awareness, it has been easier to get them ready for distribution. The beds:

1. Rebuild limbs
2. Improves intellect
3. Treats all Diseases

Dear Community!

28 September 2025

As always, Sundays are for educational purposes, status updates, and other details about our ongoing processes and the road we're on.

I would like to start with the MedBeds, because we've seen a lot of interest in them lately, and they're included in all of our newest ICOs. When we talk about the MedBeds in the ICOs, we are referring to the Compact MedBeds, which use the same technologies and have the same power as the classic MedBeds.

Those with multiple MedBeds can choose between the compact version and the classic one. The main difference is space: The compact version measures about 2 x 2 metres (6.6 x 6.6 feet), while the classic one is 5 x 3 metres (16.4 x 9.8 feet). Both require a standard 120V/240V power connection, available in any household or property. You can install as many MedBeds in a property as you like.

No internet connection is required, since each MedBed comes with a satellite SIM that provides direct connectivity. Both the compact and classic versions can be installed indoors or outdoors (in a yard or garden). They are waterproof, secure, and simple to manage.

The compact version was designed to be easy to use without assistance. If you need help, there is a "Call" button on the device that connects you directly to our MedBed support teams. They will configure the software remotely and set up the MedBed so it's ready to use. If you'd like in-person assistance, you can book a team 2–3 hours in advance of your session.

For the classic version, you can also book a team 2–3 hours before your session, or you can use our virtual team available 24/7. Each MedBed is equipped with speakers, a microphone, and nonstop internet, making communication seamless.

#### Size of the MedBeds \*

We designed the MedBeds with simplicity in mind, so even the elder generation can use them independently. Features include auto-detection of health issues, pre-made session plans, and more. Delivery takes place within 3–7 days after the submission form is completed. The form will be posted within the next 10 days (actually early November), as we're preparing distribution to every country where our investors live to ensure fast delivery.

Compact (1.5 x 2 meters/4.9 x 6.6 feet)

Classic (5 x 3 meters/16.4 x 9.8 feet)

Extra-Large (8 x 8 meters/26.2 x 26.2 feet)

The compact MedBed weighs about 70 kg (154 lbs), while the classic weighs around 150 kg (331 lbs). If you need help moving or relocating a MedBed, you can always call the Google Team for assistance. Investors with multiple MedBeds—and accordingly multiple properties, yachts, or businesses—can allocate them wherever they wish. Those with humanitarian projects can also assign MedBeds to clinics or community projects.

So, we've covered connectivity, size, weight, responsible teams, types of MedBeds, and everything else you need to know about these revolutionary devices.

## OUR ENERGY STRUCTURE – We are much more than the physical body!

I was talking to James and he outlined his trip from Phillip Island to Melbourne with five lady passengers in a standard European car. I asked him how they all fitted in. He promptly replied that Isabella sat inside him! His five ladies were all visiting from the seventh spirit Mansion Worlds. Their substance is much finer than we of the physical world on Earth.

## HIERARCHY of HEALING SYSTEMS

**ALLOPATHIC** – Western Medicine treats the symptoms, is highly regulated and costly as it is cost driven. Symptoms are suppressed – no healing!

**ENERGY HEALING** – Eastern Therapies also treat the symptoms with the assistance from natural love spirits from the realms up to the 6<sup>th</sup> spirit Mansion World.

Therapy applied to the spirit body is through an energy therapist who may work on the chakras, whereas a chiropractor works on the physical body. Such types of therapy deal with the effects and ignore the soul and the causes – temporary healing.

**FEELING HEALING – EMOTIONAL EXPRESSION** addresses the cause. Soul level clearing and growth provides permanent solutions whereas the other two systems provide temporary relief.

If we focus on our childhood suppression, that is the commencement on our pathway home to our Heavenly Parents. Improving our soul condition is the ultimate goal.

**Our feelings are our truth.  
By living outside of our feelings  
we bring about our difficulties!**

Feelings First with Mind to follow in support.

## Health of all of Our Bodies

**SOUL LIGHT emitted is to be BALANCED by the LIGHT RETURNED!**

**Two separate personalities on parallel 'circuits' having the same soul.  
What impacts one personality does not impact the other personality.**

**SOUL**

The elephant in the room is our Childhood Suppression, from conception through to age six years. This impedes the circulating flow of soul light thus bringing about imbalances throughout our spirit and physical bodies. This manifests as discomfort, pain, illness and disease throughout our lives. All 10,000 identified diseases are of the consequence of Childhood Suppression in its numerous formats.

We are to express our feelings, both good and bad, to a companion who is open to hear what is coming to surface for us. We are to long to know the truth behind those feelings. What enters us emotionally is to be expressed emotionally. This is our Feeling Healing. This is the one and only pathway to bring about healing and harmony throughout all of our bodies, including physical.

**ONE SOUL – TWO PERSONALITIES**  
**Our soul is a duplex!**

**SOUL**

Soul light passed to either personality is returned completely **if** the personality is in a perfect state. Imbalances occur in the spirit body and consequently the physical until Feeling Healing is complete.

### STAGES of MATTER:

Matter becomes finer and finer and more incredible within each phase:

## INTERCONNECTION of BODIES:

1. We have our will first,
2. then our spirit body together with our upper (higher spiritual) and lower (more physically orientated) feeling (including our emotions) and mental system,
3. and the subtle etheric systems that link them all.
4. Then last our physical body manifests.

The spirit body is the template of the physical body. Once the spirit body is created at conception, one's pre-existing soul becomes connected to the spirit body through cords of light, within the heart region. Energy flows into the chakras, main chakras are depicted here, such energy then flows through the meridians that run the full length of one's body in various channels. It is due to emotional injuries and errors of belief that flows of energy may become blocked.

The main meridian interconnects with the main chakras. When one is sensitive to the inflowing of Divine Love, one may enjoy a warmth around the heart region and /or the third eye which then may reach around the cranium encapsulating the pituitary gland / crown chakra.

*Chakra and Nerve Plexuses Locations. Each of the major chakras is associated with a major nerve plexus within the body.*

**The Real You**  
**is your Soul!**

The spirit body is composed of a different kind of matter, "finer" or more "ethereal". The fact that its aspect reflects the condition of soul is a clear indication that the soul influences largely its formation, and even more, the soul is indeed the creator of this body, which covers it and provides it with the characteristic of individuality. The formation of the spirit body begins at the moment of incarnation of the soul in the foetus, incarnation which only takes place should there exist a high probability that the spirit of life has found in the new organism a stable biological structure, allowing it to carry out its life-giving function.

P529 Judas of Kerioth 8<sup>th</sup> May 2002

**At the moment of conception, we achieve individualisation and become self aware and we are then able to exercise our free will. Incarnation is when the embryo first pumps blood – day 16. At the moment of conception, our soul, being our real self, is creating the newly forming embryo and everything else every step of the way as Judas says above. And our soul utilises our physical parents' life forces to achieve incarnation.**

**At the moment of conception, there is nothing of the Divine within us. Only as we proceed with our Feeling Healing and to ask for and receive Divine Love does our soul slowly and progressively change into the nature of that which is Divine. As we embrace Feeling Healing and our soul receives Divine Love, our soul will grow, and grow, and grow in brilliance and into that which is Divine – this is reflected through our spirit body.**

# Soul Partners

## SOUL – Soul Partners:

The Real You is your soul, you are one 'half' of that soul.

Each half of the original soul incarnates a spirit and physical body simultaneously, they being connected. The soul expresses each of its two personalities as a woman and man. True soulmates are always of the opposite sex.

Sexuality is an attribute of the two personalities the soul expresses; the soul itself does not know sexuality.

The soul connects to the two spirit bodies it has created by 'golden cords' of light; and the spirit body is in turn connected to the physical body by 'silver cords' of light.

The spirit body is your astral body. The etheric is really the body that is the template for the physical and one that doesn't hold consciousness.

The soul remains invisible to the spirit and physical bodies, only being discernible by its luminosity through the spirit body.

95%+ of humanity currently are within the 1<sup>st</sup> sphere of development (499 MoC Ceiling).

## PERSONALITY

## PERSONALITY

Physical Body

Spirit Body

Soul

## DIMENSIONS of ONE'S EXISTENCE:

Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

SOUL exists existentially

Our Physical Body and our Spirit Body are of Creation, being linked together by cords of light as are the two spirit bodies, male and female, to the one Soul.

One's unique personality is soul based. Our unique soul expresses its unique personality through the two spirit bodies and physical bodies expressing both the male and female aspects.

## PERSONALITY

Our soul is the centre of our personality.  
We are children of our Heavenly Parents.  
Our soul manifests a male and female personality - it is a duplex!

## LOVE ASSOCIATED WITH ONE'S PROJECTED THOUGHTS:

- A. Our soul is connected to our spirit body which is the template for the physical body.
- B. Every time when one prays to God from within the intellect, their prayer rises no higher than one's head. It does not go any higher because one's heart is not involved. Mindlessly repeating prayers learnt by rote is almost pointless.
- C. Projecting your rage impacts on those around you and into the spheres of disharmony, however now your heart is involved! Causing harm to others brings about consequences.
- D. Focused intention and desire for earthly creations is generally assisted by intellectually and loving spirit personalities from within the lower Spirit World Spheres, 1 and 2.
- E. An earnest longing and desire to receive our Heavenly Parents' Divine Love projects into the Celestial Heavens and brings about an immediate infusion of the Mother and Father's Love into one's soul, delivered through the instrument, the Holy Spirit, of our Creator.
- Thus, one's level of feeling, earnestness, longing and love associated with prayers, meditation and desires is relative to the success of one's communications. Our thoughts project at a speed in excess of that of light and they are received into the spirit world or worlds at a level relative to the subject matter being focused upon. At all times, love focused communications will rise to the higher spheres.

MoC 1,480

# **“All dis-ease is mind generated, and all healing is generated by the love energy of one’s soul.”**

The Ego (mind based) manifests illness; the lower one’s level of consciousness (soul condition) then the more prevalent will be illness. Below the levels of 200, the ego and fear of the mind dominate; however, as you raise your level of consciousness by growing in love and achieve a level of 500 or higher, you begin to transcend ego dominance. At the level of 600, all healing is possible.

To liberate one’s real self, one’s will, driven by one’s soul, moves one to embrace Feeling Healing so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we’re feeling them, express them fully, all whilst longing for the truth they are to show us. It is Feeling Healing with Divine Love that one progresses through the spirit healing Mansion Worlds 3, 5 and 7 and enters the first of the Celestial Heavens.

## EMOTIONAL ERRORS are of the MIND

| 400 +                                | 8%                       |
| 200 +                                | 22%                      |
| 200 -                                | 78%                      |
| World wide average                   | 220                      |

Chronic illness indicates a huge denial of the soul.

Illness = out of harmony with truth and love.

It is the release of emotions that are out of harmony with Truth and Love, the longing for truth and expressing our feelings, talking them out, both good and bad, that brings about health and harmony to our bodies.

**Fields above 500** - Love based  
Awareness  
Beingness  
More feeling based activity, rather than intellectual – in the mind based activity.  
Energy field of Love is the one that heals through Feeling Healing with Divine Love.

**Fields 200 – 500** - Doingness  
Intellectual  
Life is seen by mind as an opportunity.  
We are getting closer and closer to truth.

**Fields below 200** - Wanting & Craving  
Desiringness  
Fear Driven  
Self hatred  
Grudges  
Values are based on what one has.  
The energy fields below 200 are opposed to life, do not support life.

### Note:

The Map of Consciousness (MoC) table is based on the common log of 10. It is not a numeric table.  
A calibration increase of 1 point is in fact a 10 fold increase in energy.  
A calibration increase of 10 points is in fact a 10,000,000,000 fold increase in energy.  
Thus the energy differentials are in fact enormous!

**EMOTIONS affect SPECIFIC ORGANS:**

Emotional injuries and held errors have specific energy signatures and vibrations. So does each part of our physical body. Errors held within one's mind affect the flow of energies through one's spirit body, the spirit body is the template of the physical body. The resulting energy flow constrictions then initiate issues, and then pain, and then illnesses within the physical body.

One's soul condition has a direct relationship with all facets of living. To grow and improve one's soul condition is the greatest gift one can give him or her self as it has universal benefits that last for eternity. This is achieved by embracing Feeling Healing through which we commence to repair the damage incurred by the Rebellion and Default that is passed down to us by our parents. Further, by embracing Divine Love with Feeling Healing we are doing our Soul Healing and progressing towards Celestial status.

Dr David R Hawkins' development of the Map of Consciousness (MoC) and research with kinesiology muscle testing observed the overall calibration of consciousness level of many countries. Developed economies are within the highest brackets. Civil unrest and wars are most frequent amongst those within the lowest brackets. Consider the average life expectancy and per capita income relative to the MoC calibration. Consider education as the crux of progress and development. Then review the above table for the rate of unemployment, rate of poverty, happiness rate 'life is okay' and rate of criminality.

## PERSONALITY TRAITS:

Less than two dozen people on planet Earth.

Would not pick up a weapon let alone use it. These people gravitate to the health industry and humanitarian programs.

Debate and implement resolutions without argument and delay. 470

Debate and implement resolutions in due course. 440

Debate and implement resolutions with some degree of follow up generally needed. 410

Management supervision is generally necessary.

Politics become the hope for man's salvation.

Cause no harm to others starts to emerge. Power overrides force.

Illness is developed by those man erroneous emotions that calibrate 200 and lower.

Armies around the world function on pride. Force is now dominant, not power.

Harm of others prevails, self-interest prevails.

Totally self-reliant, not God reliant.

Fear dominates all motivation.

Suicide is possible and probable.

At these levels, seriously harming others for even trivial events appears to be justifiable.

Poverty, unemployment, illness, etc., this is living hell on Earth.

This outline of the Map of Consciousness spells out the fact that while we live Mind-Centric and ignore and suppress our Feelings we cannot pass 499 MoC. Our mind being in control, as we have all been indoctrinated to live, is a glass ceiling. Humanity cannot heal anything, cannot be spontaneous, has no intuitiveness, and is locked into living in the deep hell states. This is why people find themselves in abusive homes, domestic violence, housing stress, homelessness and gross difficulties of all kinds. This is why we are easily manipulated, embrace propaganda and are being controlled by a few.

Women are closer to their feelings and that is why the nursing profession hosts a lot of women who calibrate a little over 500. These women are the healers in hospitals.

By aspiring to live Feelings First we are each breaking the glass ceiling and opening our potentials to grow in truth and love not only to 1,000 MoC, but to infinity. This is our destiny.

As communities embrace living Feelings First and having their minds to follow in supporting what their feelings are guiding them with, then ALL of the social ills of society will begin to mitigate. Please, do you comprehend the importance of what is being shared throughout this document?

### The EXPERIENCE of LIFE by the BABY in the WOMB:

From the time of conception an infant is sensitive to the presence or absence of love as feelings of comfort or discomfort. One feels good and the other doesn't. This child has no idea how to seek love as it is completely subject to its environment and knows only how to respond to the way that it feels.

These early experiences of love have a great impact on a child as the child is self-focussed and has no concept of others outside itself. Its immediate environment is its world in which it has begun its process of individualisation and development of its personality qualities. The prime sense to which it responds is its sense of the presence or otherwise of love.

This is very basic but remains the most important sense for a human throughout its life. This may seem strange until you really think about it.

All of the most important responses a human makes are based on feelings and the most important feelings are those related to love because these are totally basic. Whatever supposedly sophisticated devices of discernment are overlaid on this, the basis remains the sensitivity to love.

We begin our life with natural love and it is in the context of this love that we live most of our life. In effect it is the main environment in which we live and function and our awareness of it depends on the love that we feel within us and which we express rather than the love expressed by others. We appreciate the love of others to the degree that we allow ourselves to receive it. If we are closed to the love of others we will not attract it. Giving and receiving are inextricably entwined and can never be separated.

**SOUL CONDITION of BABIES are SUPPRESSED to that of its PARENTS!**

A newly incarnated soul is immediately being infused with the emotional injuries of those in its environment, that is, the damaging emotions and erroneous beliefs of its mother, its father and of those within its family environment.

This process continues until the child reaches around the age of six, then it tends to develop its own way from then on, however, closely aligning itself with a parent or both parents. Kinesiology testing of Map of Consciousness confirms this suppression progress. Conception can be likened to facing a water cannon for the child!

Poor condition spirits may have previously connected with a young child should the environment be conducive for such a relationship. However, on 22 March 2017, all such spirit connections became blocked. A spirit cannot harm another personality.

We, as parents, can work on our own soul condition, through feeling healing, which in turn benefits the baby. We can also ask and prompt spirits to seek help from brighter spirits from within their own environment.

*Rejection – unwanted*

*Controlling – freewill denied*

*Untruth – erroneous beliefs*

*Suppression*

*Hopelessness – depression*

**THOUGHTS having the same RATE of ENERGY VIBRATION assemble as a CELL:**

*It is the accumulated pressure of feelings that causes thoughts.* One feeling, for instance, can create literally thousands of thoughts over a period of time. Think, for instance, of one painful memory from early life, one terrible regret that has been hidden. Look at all the years and years of thoughts associated with that single event. If we could surrender the underlying painful feeling, all of those thoughts would disappear instantly and we would forget the event.

This observation is in accord with scientific research. The Gray-LaViolette scientific theory integrates psychology and neurophysiology. Their research demonstrated that feeling tones organise thought and memory (Gray-LaViolette, 1981). Thoughts are filed in the memory bank according to the various shades of feelings associated with those thoughts. Therefore, when we relinquish or let go of a feeling, we are freeing ourselves from all of the associated thoughts. (Our memories are held within our soul / spirit body, they are not held within one's physical body, however, the damage will manifest in the physical body.)

The great value of knowing how to surrender is that any and all feelings can be let go, through the expression of them to a companion (Feeling Healing), of at any time and any place in an instant, and it can be done continuously though it can be rather difficult.

***Childhood Suppression is the underlying cause of all physical illness and social issues seen throughout society.***

# Root Cause

Highly esteemed Lanonandek spirits from within our local universe of Nebadon were assigned as System Sovereigns of our local system to oversee Earth's humanity and their spiritual development. 200,000 years ago they, the Lucifers, became infatuated with their authority and turned against the regents of Nebadon, Mary and Jesus, as well as rejecting God. Through their Planetary Princes, also Lanonandek spirits, they had taken the humanities of 37 worlds within their local system into their Rebellion.

By living through our minds, suppressing our feelings, we on Earth will continue to be at war with each other, illnesses of all descriptions will continue from our feelings suppression, famine and inequalities prevail, control of others is the core of all systems, we cannot determine truth from falsehood and life on Earth is a living hell. We have been continually seduced by mind Mansion World spirits and we live life in a stupor – nothing more than zombies doing the begging of the evil ones, the rebellious Lanonandek spirits.

By living through our minds, suppressing our soul based feelings, we have been progressively going further and further away from our Heavenly Parents, now to the point that we cannot go any further. Through working cracks in the Universal Contract governing the Rebellion and Default, this control has been ended formally as of 31 January 2018.

# Pathway Forward

To liberate one's real self, one's will, driven by one's soul, moves one to embrace Feeling Healing, so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

**God's Divine Love: Pray for it, ask for it, and receive it.**

**The Golden rule is: Never interfere with another's will.**

**Golden Rule: that one must always honour another's will as one honours one's own.**

**New Feelings Way: learning how to live true to ourselves by living true to our feelings.**

**We are to express our feelings, both good and bad, at all times, and to long for the truth of them.**

**By living true to ourselves true to our feelings, we are living true to God. It's that simple.**

**LONG to KNOW ABOUT what you are FEELING!**  
**Long to understand the truth behind**  
**what your feelings are pressing upon you.**

**Ask to know the truth about that which you feel.**  
**It is knowing the truth of that**  
**which you feel that sets you free!**

**Always be true to your feelings**  
**because they are your truth**  
**and truth is love and our way home!**

**Express your feelings to those who matter to you.**  
**Suppressed feelings bring about pain and illness.**  
**Talk it out to a friend!**

From our head to our toes,  
what our feelings say goes!

Feelings, good and bad, are to be expressed.

Talk it Out!

Heartfelt feelings are our truth.

Then we are to continue by longing for  
the truth that our feelings are to reveal to us!

# TALK IT OUT

We are to express our feelings, both good and bad, and nothing is sacrosanct or to be withheld.

All that's wrong and untrue within us has to be expressed out of us, each of us, it all has to come to light for us to see the truth of. We have to know the truth of ourselves and the truth of our family relationships.

Everything needs to be expressed, to come out into the open.

What enters emotionally has to be expressed emotionally – it has to come out emotionally – leave us emotionally!

However, we are not to act upon what we are feeling emotionally! We are not to act it out! But, we are to go on and long to know the truth of what is behind our feelings, why we are having these feelings and experiences.

Long to the Mother and Father for Their Divine Love, and ask Them to help you see the truth through your feelings – that which They want you to know. Long and ask; long and pray. Pray to see, know and BE the truth, the truth of you – of all of it!

# *My individual "Rebellion and Default" is my overarching virus!*

The Rebellion and Default are the true viruses that we are all 'infected' with. Viruses are more of the spirit really, which is why they are so elusive. If our soul needs to give us the experiences of the virus we will 'catch' it.

Other disease, like cancer, and the breakdown of the physical structure is again wholly physical however they are the physical manifestations from the breakdown of our spiritual light in our spirit systems.

All illness results from our inner levels of discontentment – **BECAUSE WE DON'T FEEL LOVED.**

Should every soul, all at the same time, need the experiences from a virus to feel all the feelings we need, then it will be **different feelings for every person.**

Humanity is to uncover the truth of evilness, its wrongness, of its rebellion and default. Illness is to show us that we are wrong. We wouldn't get sick if we were right. ILLNESS IS OUR FRIEND. It's all about what went into us through our forming and early childhood. All the secrets are contained back there within ourselves. When we 'go in' we're to go into our early life through our adult 'now' feelings.

EVERYTHING that happens to us does so to help us live one of two ways. **So we will 'get a virus' to help us go further into our truth-denial; or we will get one to help us come out of it.**

Our bodies are designed to live anywhere, even in the most infested disease ridden place on the planet, and **we will get sick if we need that sickness to further our truth-denial, or we will get sick if we need it to help us heal our truth-denial, or we simply won't get sick. There is NO OTHER REASON why we get sick!**

If we are going to get sick, that will happen either way because we are already sick within ourselves and from how we were treated through our childhood – there are no other reasons. We are sick because we are denying the truth of ourselves and God. We are all very ill being in the Rebellion and Default. **The Rebellion and Default are the true viruses that we are all 'infected' with.**

## Living Feelings First growth potential is

Our Feelings are our Supreme Guide! Truth is found through our feelings, we are to long for the truth about what our feelings draw our attention to. Our soul based feelings are always in truth. We are fully self-contained. This simple fact has been hidden from us for 200,000 years while our hidden controllers, the evil ones, kept us under their selfish controlling agenda.

Living through our feelings first with our minds to follow in assisting with what our feelings guide us to consider is a rewarding, freeing and vibrant life. Whereas we all have been retarded through living mind centric.

Living through our Feelings First, the New Way, and longing for truth of what they are to reveal, expressing what we feel, both good and bad, will enable us to progress through the Feeling Healing Mansion Worlds while living on Earth. With Divine Love we will be fit to enter the Celestial Heavens and then progress through all the Celestial Heavens of our local Universe of Nebadon and then onwards to Havana and Paradise, the home of our Heavenly Mother and Father.

Not only will we progress beyond 1,000 MoC when transitioning into the 1<sup>st</sup> of the Celestial Heavens, by the time we reach Paradise we will have progressed to what could only be described as infinity – well not quite – but we will be truly awesome in our evolution and development.

## Living mind-centric limits growth to 499 MoC

We all live through our minds! We all suppress and ignore our feelings. This has been how we have been led to live by high level spirits who had ambitions of self-glorification to our detriment. These wayward spirits had illusions of expansionary empowerment and they needed Earth's humanity as their foot soldiers! Through their deceit, we would continue to live in spirit as we do on Earth without any prospect of progressing out of the spirit mind Mansion Worlds.

Should we continue with aspirations in the perfecting of our mind then we can progress from the 1<sup>st</sup> spirit Mansion World to the 2<sup>nd</sup> mind spirit Mansion World, then 4<sup>th</sup> and finally 6<sup>th</sup> mind spirit Mansion World to a dead end. In these higher worlds we may appear to be guru type personalities but we have gone further away from God – we have then perfected our evilness!

The mind can even stave off the time when the Law of Compensation is addressed.

A U-Turn is required and then one would commence embracing their feelings and progress through the Feeling Healing Mansion Worlds 3, 5 and 7. With Divine Love then on completion of the 7<sup>th</sup> spirit healing Mansion World process we transition to the 1<sup>st</sup> of the Celestial Heavens.

While we suppress and ignore our feelings we are living in hell and putting ourselves through untold misery, pain and suffering when we can achieve healing to the level that we are living as Celestials while in the physical on Earth!!!

The one and only truly effective vaccine is the healing of our Childhood Suppression and ongoing Repression through FEELING HEALING!

# Childhood Suppression is the elephant in the room!

**The CHILD is to FREELY EXPRESS ITSELF:** Messages from Mary and Jesus 13 May 2003

Mary Magdalene:

**The greatest gift you can give your child, is allowing it to be freely able to express itself, helping it to feel good about being able to say and express and communicate all it feels. THERE IS NOTHING BETTER FOR A CHILD TO FEEL THAN KNOWING ITS PARENTS COMPLETELY WANT IT TO BE EXACTLY HOW IT FEELS IT WANTS TO BE. To be completely unconditionally accepted for all that it is. Then it feels loved.**

**GOLDEN RULE PERTAINING to CHILDREN:** Messages from Mary and Jesus – Jesus 6 April 2003

We cannot under any circumstances break the Golden Rule: **we cannot impose our will on another forcefully subjecting others to do what we want, even if it is our own little child.** We can, by all means, make respectful offerings of our ways, beliefs and opinions, leaving the onus on the other person to make up their own mind, but once we start intruding we are stepping over the line and that incurs a penalty.

This is the problem we are all saturated with: being coerced and threatened to do everything we do. It is how most parent's parent, coercing and threatening their children so as to get them to do what they want, all so they can maintain their power and control over them. The parent is completely interfering with its child's freedom to express itself.

**As a parent we cannot know one moment to the next how our child should be. It will show you how it will be, not you showing it how it will be. And we need to allow it to show us with as little interference as possible. And this will be a great challenge for parents to face.** The Church and all such systems – our whole world – is for adults, not for children; our world is anti-children, most of what we do is anti-children, even when we believe we are doing it for their good and doing it lovingly. It is not a loving system and it can't be. It can only do what was done to us, and as we weren't loved truly by our parents, then that is the world we know and the world we will create and the world we will choose to live in. The delusion is that we have been led to believe that the world is good and right and true, at least the world we are participating in, but it's not, and this is what our healing will make us see.

The underlying generator of all discomfort, pain, disease and illness is Childhood Suppression and ongoing Repression.

Feeling Healing is our only recovery and soul growth pathway.

It is that simple!

# Childhood Suppression

The soul does it all.  
The soul is a duplex,  
two personalities being  
manifested into the  
physical by our soul.

Soul light continually  
flows from the soul  
through our spirit body  
levels and into our  
physical.

Return light being the  
experiences of our  
physical existence.

## Soul

Childhood suppression  
imposed upon us by our  
parents and carers  
causes retarded light to  
return to our soul  
bringing about  
imbalance, reflecting  
emotional injuries and  
errors of belief. This  
imbalance is the cause  
of all our difficulties  
throughout our adult life  
and also all of our health  
issues.

## SPIRIT BODY

Brennan Model of the 7 Levels of the Human Energy Field

Every experience is recorded through the light returning through our spirit body and back to our soul. What emotional injuries we experience, commencing from conception, has to be expressed emotionally to heal the imbalance in soul light so that harmony and health can be achieved in our spirit and physical bodies. Childhood Suppression is the underlying cause of disease, illness, etc.

# Childhood Suppression

Childhood Suppression – from conception to age six years – harmfully encrusts the soul, thus impeding light flow throughout all seven layers of the spirit body, damaging the genes within the spirit body which in turn damages the genes in the physical body, as well as setting the pattern for all of our physical health issues throughout our lives.

## SPRIT BODY

Brennan Model of the 7 Levels of the Human Energy Field

The spirit etheric body is the template for our physical body, however, no health care system or science considers that the underlying cause of any health issues are formed through our Childhood Repression and that no physical healing occurs without expressing our childhood suppressions, being feelings both good and bad and then longing for the truth behind these injuries. Medicine may suppress the pain – it does not and cannot cure – vaccines are extreme physical suppressions!

**The pain from ANY illness will not exceed the pain experienced during our Childhood Suppression!**

# *Suppression of Truth Generally*

*Heritage:* Inherited family norms  
Indigenous customs - mixed race  
Colonialism - slavery - socialism, etc.

*Family:* Mother, Father, siblings  
carers in general

*Living:* Teachers, educators  
Clergy, religion  
Employers and employment  
Governments and Hidden Controllers.

*Mind:* Living mind-centric is claustrophobic,  
suppressive zombiism.

*now with* Mind cannot discern truth from falsehood.

## *Feelings Freedom:*

Our feelings are our soul-based TRUTH!  
With our feelings, infinite progression unfolds!

**TALK IT OUT WITH A FRIEND!**

**Two separate personalities on parallel 'circuits' having the same soul.**  
**What impacts one personality does not impact the other personality.**

### **ONE SOUL – TWO PERSONALITIES**

**Our soul is a duplex!**

# Purpose of Life

Purpose of our life is to:

Achieve individualisation. This is truly the moment of our sentient experience beginning. This occurs at the moment of incarnation which is when our newly forming foetus begins to pump blood, usually day 16 after conception. From that moment we are beginning to experience life.

We have a life purpose. We are each a unique personality with individual propensities to experience. Should our physical life be cut short then we will go on and have the experiences that we need in the 1<sup>st</sup> spirit Mansion World. If we miscarry or are aborted then we will become spirit born, be adopted to spirit parents and have a similar life to that should we have gone on and lived on Earth.

Presently we are each subjected to Childhood Suppression which we continue on throughout our lives suppressing our feelings and our true personality. This is providing us with unique life experiences as this does not typically occur with any other humanities throughout the universes. Our physical life on Earth is mostly very difficult, however this will provide each of us with unique capabilities to aid newly emerging humanities on worlds further out into space. Yes, we have an enormous journey to enjoy.

Our time of death is predetermined. We often do crazy things – but our life span is predetermined.

What we experience is also predetermined. A few are to be wealthy and become burdened with responsibility. Many are to be poor and enjoy the freedom without trappings of assets and obligations.

Most will have families while on Earth. No matter who we are, we will each parent at least three children before we can enter the first of the Celestial Heavens. We are to experience parenting, even though that may be when we are in the spirit Mansion Worlds.

We are to live FEELINGS FIRST! We are to express our feelings, both good and bad, to a companion. We are to long / ask for the truth of what our feelings are drawing to our attention. What enters emotionally needs to be expressed emotionally. Should we long for our Heavenly Mother and Father's Love, then we are also SOUL HEALING. Our mind is to follow supporting what our feelings are leading us to embrace – this is the opposite as to how we have been brought up to live.

*It's all about*  
**Experiences**  
&  
**FEELINGS**

As we complete our FEELING HEALING, then and only then can we connect with our Soul Partner who is always of the opposite sex. Our soul is a duplex that manifests two personalities. And we can grow to interact with our Nature Spirits and Spirit Guides!

**BE FEELINGS**  
**EXPRESSIVE!**

## **We are spirit personalities having a physical experience.**

Following conception, should we not be miscarried or aborted, then we go on to have a physical experience within an ethnic community that we have had no knowledge about and following our return to spirit life we will have little to do with and for a short time only. Our spirit life then progresses for us to heal ourselves of what we each had taken on of Earth's Rebellion and Default. As we heal we disconnect from our Earth family and eventually find our soul partner and then our soul group, our true family. After a period we even disconnect from Earth totally.

Mother Mary, of the Catholic Church and its Rosary, she has even left our local universe of Nebadon. Those who petition Mother Mary through the Rosary cannot be heard by her and as in the past, she can do nothing for those who still do!

All institutionalised systems on Earth are manmade and are all corrupted for the benefit of hidden controllers – there are no exceptions.

Ten to 12 pivotal companies, assisted by another 3 dozen, run the world's food supply. They are the key components of the Anglo-Dutch-Swiss-American cartel, which is grouped around the 2 families (R and R). They control processed food chains that deliver nutritious neutral food that is laced with sugar, salt and fats, creating global obesity and health issues worldwide. Through their octopus of secret societies they manipulate governments and positions of power worldwide with impunity.

Modern western medicine suppresses the symptoms of illness and disease, however there is no curing by doctors who apply 'procedures' learnt by rote in a robotic zombiism that kowtows to the pharmaceutical industry and their profit driven agendas. 10,000 illnesses identified with some 500 that can be 'cured'! Education systems that apply the least productive learning processes using curriculums that generate growth in compliance to those of hidden control. Religions will be seen for what they are – power concentrations made by man! Endeavours to make countries 'great again' is going to see powerful countries break into much smaller parts and borders of control become the hindrances of the past.

## **All suppressions are now to be ended by exposing what the Rebellion and Default is!**

# **We have been given a bum steer!**

Every aspect of how we live, our life is one of suppression and misinformation. We all aspire for human perfection yet generation after generation we repeat the errors and failing endeavours of our parents and their parents before them. We are not progressing, irrespective of technology!

Nothing is advancing. No one is evolving into the state that we existed before we were conceived into our physical life. We each are living in a physical hell. We do not even know what hell is – because we are in it! Well, we don't seem to know what anything is.

Global warming! It is a cyclical event. If you want to consider what is a normal temperature on Earth then it is when there is no ice on either of our poles. We are presently moving out of an 'ice age'. Recently, cyclical energy flows into our Sun have now been absorbed into the core of our Earth and it is now slightly warming from within. This has nothing to do with human activities.

Fossil fuels! Yes, coal is a fossil fuel, the result of organic material being pushed together during a pole shift event when the Earth stops spinning, the oceans keep moving and push surface material up against mountain ranges, backwash covers them, but just before that the novering Sun raises the temperature and the extra heat starts the charcoal effect and the rest is the delivery of coal deposits.

Natural gas and oil: Both are the result of chemical reactions deep in Earth. Neither are fossil fuels. Even hydrogen deposits are now found, also being the result of chemical reactions within Earth.

Interesting, there is considered to be six times the volume of oil on the Saturn moon called Titan than all the known reserves on Earth. How is this so when Titan has no organic life? There are large amounts of natural gas and oil on at least six of our neighbours within our solar system.

Why do we have a nuclear energy industry and not thorium reactors? Science could not weaponise thorium so they were influenced to develop the more expensive and dangerous nuclear reactors. We are not meant to engage with nuclear fission! Thorium is safer, much more abundant and cheaper, and all waste can be disposed of safely.

## **Do you get the gist of this?**

Why did dinosaurs die out around 65 million years ago? For the opposite reason why we are presently not now dying out due to starvation!

Carbon dioxide is the 'gas of life'! When CO<sup>2</sup> levels fall below 0.025% of the atmosphere the plants begin to have difficulty going to seed. At around 0.020% plant life essentially ceases. 65 million years ago, the carbon dioxide (CO<sup>2</sup>) levels were around 0.018% – that is why dinosaurs died out in both the northern and southern hemispheres.

In the 1950s the CO<sup>2</sup> levels were around 0.032%. In the 2020s they now are around 0.042%. If the decline had of continued at the same rate as the increase then we would presently have world-wide famine. The Earth's population in 1950 was around 2.5 billion. Now in 2025 the world population is 8.2 billion. That is 3.3 times and yet we have ample food (in most locations)!

At least a third of the increase food production is attributed to increased CO<sup>2</sup> levels. Why? Because carbon dioxide is the 'gas of life'.

Carbon dioxide (CO<sup>2</sup>) is not a greenhouse gas. It is neutral in the atmosphere. Further, it predominantly emanates out of our oceans. Our neighbouring planets have such gases in their atmosphere without any impact on their surface temperatures!

## **We are being masterfully misled**

Truth is always the same! Then why do we have 3,400 significant religions? And then when you add up all the minor denominations associated with these religions we get more than 50,000 options of the one truth! At one a day, that will take us 150 years to figure it them each out!

Some very, very clever covert and hidden controllers have manipulated all to keep us submissive to their self-centred controlling suppression. The uniform link is this. Wait for it. It is simple.

NONE of these platforms as to how we are to live encourage us to embrace our feelings and live following our feelings promptings. Yes, we are to live feelings first.

ALL of these platforms lead us to be mind-centric. Yes, from our first moment our parents are teaching us to literally worship our mind. We are covertly believing that through our minds we can become mini-gods. The egos of some people clearly demonstrate their mind worshipping.

FURTHER, we are to express our feelings, we are to talk them out to a friend. We are to long for the truth behind what our feelings are drawing our attention to. We are to express our feelings, both good and bad and long to know more about what is coming to us. We will be told.

AND we are to ask for, long for, desire and accept / welcome receiving our Heavenly Mother and Father' Love, Their Divine Love. In the first century we were told of this, however by 325 CE, at time of the Nicean Council, that truth was lost to us. It is through the Padgett Messages (1914 – 1923) that this has become known to us again.

OUR FEELINGS are always in truth. It is through the distortions of truth and errors of belief that the flow of light energy through our bodies is impeded resulting in physical discomfort, pain, illness and disease. Through FEELING HEALING, we remove those distortions. When we have fully healed our emotional injuries and errors of belief we have no further need to experience discomfort, pain, illness or disease! You now know the underlying cause of all illness.

EVOLUTIONARY GROWTH follows progressive healing. Whatever little FEELING HEALING that we embrace and undertake directly benefits our children. Depending on their age, your growth passes through to your children. And this pattern then continues on through the generations. This is the greatest event in the history of humanity to have this awareness and opportunity to grow our soul condition, even to the Celestial level, while living here in the physical on Earth.

## **You see ...**

The covert hidden control over humanity has been lifted. In 26CE the System Sovereign and his deputy with their soul partners were arrested and imprisoned. Now in 1993CE the Earth's Planetary Prince and his deputy with their soul partners were also arrested and imprisoned – now all together.

We have now been provided with the awareness and pathway (there is only one pathway) to end the carnage, pain and suffering resulting from the erroneous way that we have been living, that has prevailed these past 200,000 years.

And this does not entail yet another religion. It is simply accepting, welcoming and embracing our feelings, our soul based feelings which are always in truth.

Our mind has an ongoing role, but it is not a leadership role, it is to follow our feelings and to assist in implementing what our feelings prompt us to consider and embrace.

You may come to see that our mind is addicted to control, control over others and our environment. Our mind cannot discern truth from falsehood – in fact it is addicted to untruth. 98% of our assumptions prove out to be wrong. Our thinkingness is equally flawed.

We will come to see that every institutionalised system, custom and norm that is present in our life is covertly manipulated to keep us suppressed, submissive and to live life like a zombie. We can now put that asides.

## **Education**

Education is the paramount profession. Without education we have nothing, nowhere to go and no possibility to evolve individually or collectively.

Education starts with pre-school, then primary school, middle school, high school, then technical and further education, university, post-graduate, and then senior education. However, it start with parents and their parenting. It is never ending. Our learning and ongoing education is that ‘we learn through doing!’

Now we are to begin, and that is what Pascas Foundation in every nation, every community, is to assist with and support. It is all outlined throughout the Pascas Papers.

# CHILD SUPPRESSION

Consider asking the child to talk it out. How does she or he feel about being treated this way? What else does he or she want to talk about this? Ask the child to talk about what they feel, both good and bad. Always ask and look to find the truth to understand more about what happens.

# OUR PURPOSE IN LIFE !!

We ponder what our life may be about? We of Earth are truly unique. There are zillions of humanities out there but we on Earth are the only ones experiencing a “Rebellion and Default”. Yes, we are living in a physical hell to which we will only become free of when we heal ourselves through Feeling Healing – expressing what we have taken on of the rebellion. Life is meant to be simple, we do not need to accumulate assets and fortresses to hide in, we are to learn by doing and that is also to live true to our feelings, not be constrained by what our parents imposed upon us, a de facto personality that they thought we should be. As we free ourselves with the truth of our feelings, which are always in truth, we find that we are self-contained. By living true to our feelings we are living true to our Heavenly Mother and Father. Enjoy life as it is a most incredible and wonderful experience and foundation for what is to follow.
