PAKISTAN HOUSING

Around 20 million homeless people

It's estimated that there are **around 20 million homeless people** in Pakistan. That's around 9% of the total population. Most of them are living in temporary accommodation, refuges, slums, or on the street. In fact, over 40% of the population of Karachi, Pakistan's capital city, are living in slums. That's approximately 5.9 million people.

Pakistan Homeless Statistics

Pakistan is not one of the largest countries in the world – it doesn't rank in the top 10 by landmass – and yet it has the fifth largest population in the world. There are more than 245,000,000 people living in Pakistan, although due to the high refugee rate from surrounding countries such as Afghanistan, the actual number of people living in Pakistan could be much higher.

Despite its large population and reputation as one of the fastest urbanising countries in South Asia, it is not a rich country. With a GDP per capita of US\$1,193.73 in 2020, it's clear to see how around 35% of the entire population (77,000,000 people) are living below the poverty line, with many of them unable to support their own basic needs.

Support for homeless people in some of the richest countries, including the UK, is subpar at best, so imagine what it's like to live in a developing country where there simply isn't the infrastructure or

welfare support to help those who have lost it all. At Muslim Aid, we undertake a range of emergency appeals in Asia, and that includes supporting homeless people in Pakistan through our **Pakistan winter appeal**.

Unfortunately, the pandemic has taken its toll which means economic growth has slowed and millions more have found themselves with nowhere to call home. We need your help urgently. To highlight the scale of the problem, here are some key facts on homeless in Pakistan.

There are over 20 million homeless people in Pakistan

It's estimated that there are around 20 million homeless people in Pakistan. That's around 9% of the total population. Most of them are living in temporary accommodation, refuges, slums, or on the street. In fact, over 40% of the population of Karachi, Pakistan's capital city, are living in slums. That's approximately 5.9 million people. In addition to that, around 200,000 people are thought to sleep on the streets. This presents its own problems.

Women and children are most affected by homelessness in Pakistan

Evidence shows that women and children are more likely to be affected by homelessness than grown males. This can be attributed to a number of factors, including the fact that girls are often denied the opportunity to study at the same level as their male counterparts. It's thought that over 20% of girls are married before they turn 18. As soon as they are married, their access to education stops. In addition, militant groups have closed over 900 girls schools in Pakistan, meaning more than 120,000 girls couldn't go to school.

With limited access to education, the chances of finding a skilled, well-paying job are low. This further perpetuates the risk of living in poverty, especially if the male breadwinner dies and leaves his family destitute as is so often the case.

Climate change is forcing homelessness on millions

Pakistan is a country that is particularly prone to natural disasters and the effects of climate change. In 2005, three million people were made homeless due to a devastating earthquake in the north. In 2010, over 10 million people were displaced by a flood. With ongoing droughts, cyclones, floods, and rising temperatures, millions more could lose their homes; especially those who live in slums and unstable housing.

For those who are living on the streets, their chances of survival in intense summer heat and sweeping autumn cyclones is low, making it all the more important we get vulnerable people into suitable housing where they can protect themselves from the increasingly more volatile elements.

Violent abuse and drug addiction are some of the dangers facing homeless people in Pakistan

Living on the streets means homeless people have no protection or defence against violence. In 2005, 14 homeless people were violently killed by a serial killer targeting the homeless population. Whilst

the threat of being killed is relatively low, most Pakistan homeless people have experienced being victims of physical assault and petty theft like crime.

On top of this, drugs run rampant across the community, with many people taking them to help them get to sleep and to numb the anguish of living in poverty with no help available.

Multidimensional poverty is a leading cause for homeless in Pakistan

Approximately 39% of people in Pakistan are experiencing multidimensional poverty. This means they not only lack money, but many lack adequate housing, resources such as electricity and water, access to nutritional food, education, and healthcare. In essence, they are poor in more than one way – they are experiencing deprivation across several aspects of their lives.

Multidimensional poverty puts people at a greater risk of being homeless, and with just under 40% of the population suffering from it, it's clear to see why Pakistan has the highest risk of homelessness in all of South Asia.

How you can help the homeless in Pakistan

The government in Pakistan has launched a shelter initiative to build homes for those without one, but due to the pandemic, the project has yet to come into fruition. It could be years before the target is reached, by which time millions more will find themselves without a home.

The backlog in housing: housing shortage is estimated at 4 million units, more likely more, translating to a national backlog of twenty million citizens, or over 9% of the total population (245 million in 2024).

simple is what LIFE is meant to be!

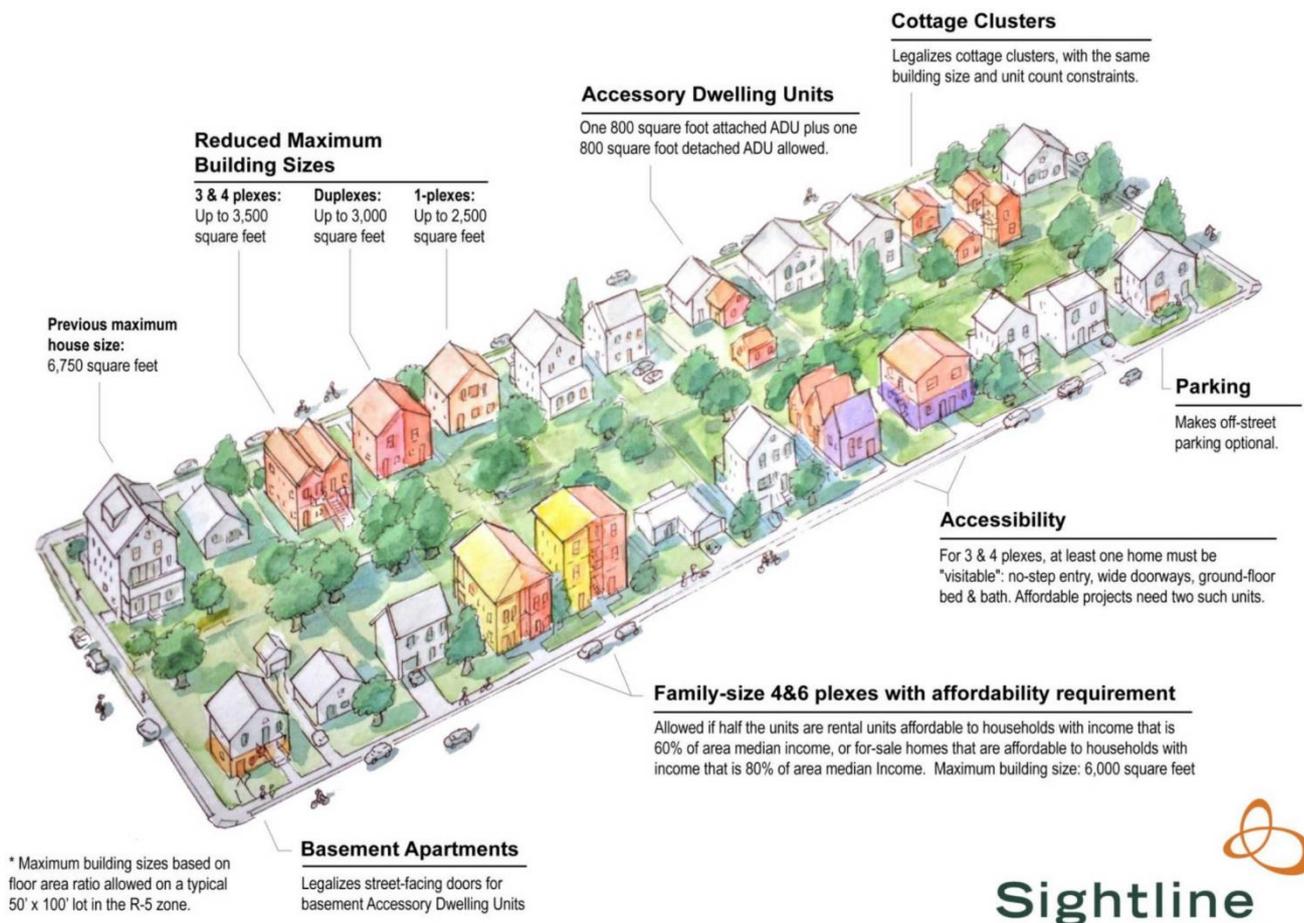

Sameness impedes individuality and growth of spirit! This is subversive control and suppression.

Plexes: A building, such as a duplex or triplex, with a number of apartments (typically two to four) that all open directly to the outside.

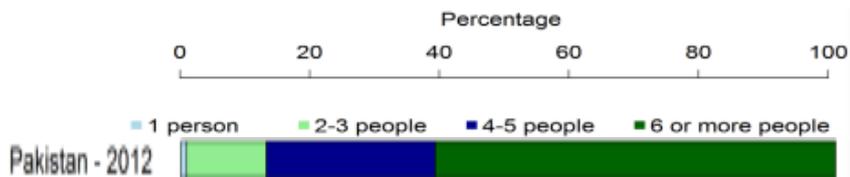

The average household size in Pakistan has varied over the years. Consider an average of 5 persons per household.

Consider household number of people in Pakistan as being:

25%	4 ~ 5 people		3 bedrooms plus a study	2 bathroom
12%	2 ~ 3 people		2 bedrooms plus a study	2 bathroom
3%	1 person		1 bedroom plus a study	1 bathroom

Nigeria and India are the two countries with most homeless population. Nigeria ranked 1st with 25 million homeless people and India take 2nd place with 18 million homeless people as of 2024.

To consider address the need to fill an annual shortfall of homes throughout Pakistan of 250,000 units of social housing each year AND then to begin to address the 4,000,000 existing shortfall of housing units then a national strategy for Pakistan is required.

Consider a multiple approach:

Rental is consistently set at 25% of the assisted tenants ‘assessed’ income as long as the family occupying the home participate in education programs relative to their age which is also assisted with relating to costs. Thus children attend primary as well as secondary schooling. Mature age learning is provided through Technical and Further Education (TAFE) for training in vocational career opportunities, and home craft training is provided through Craft Creations – a Pascas network. “I Love Reading” addresses reading proficiency issues at all levels and ages.

WALKABLE NEIGHBOURHOODS:

The Prince of Wales, in his book, *Harmony – a new way of look at our world*, outlines the concepts of **Fibonacci layouts** for living communities, villages and towns.

He has demonstrated the principles of ‘sustainable’ urbanism which can add social and environmental value to towns and cityscapes through mixed-use development, by placing the pedestrian at the centre of the design process, by emphasizing local identity and character and by use of ecological building techniques.

‘Poundbury is an attempt to create a fully liveable settlement based on traditional approaches, and to do this in a way that truly meets modern challenges, for example reducing reliance on dwindling supplies of oil and building the social capital that is so important for our collective well-being.’ P.240 *Harmony*

Kindly consider www.pascashealth.com, then Library Download page, scroll a long way down to Corporate Foundation Documents and click on to open:

 [Pascas WorldCare Earth Changes Environmental Changes.pdf](#)

Poundbury comprises high-density, mixed-use buildings; workshops, offices, local services, private housing and social housing – even factories – are all placed next to each other. There are no zones. This master plan was one that the community itself had helped to create and it set out a town plan that was inspired by approaches to urban layout that pre-dated cheap oil and cars. One of the main principles was that Poundbury should be a ‘walkable town’. That is to say, most daily needs should be within a ten-minute walk.

This is the way nearly all villages and market towns are found to have developed. They would often begin by being a settlement on a crossroads. Over time the settlement would expand, but it is fascinating that, in so many cases – often until the advent of the motor car – the expansion of many settlements was always limited by the distance people were naturally prepared to walk. The walkable distance is the one that dictated the spiral-like basis of Poundbury’s layout.

The determination not to put the car at the centre of things also influenced the design of the street plan, to the extent that in many places there is not so much a road as a space. It is the buildings that define these spaces rather than a road layout that dictates where the buildings appear. So there are moments in the design process when what seems like a road suddenly opens out into a square, sometimes wide, sometimes narrow. This is exactly the opposite of what happens in every other conventional, Modernist development.

Also, a rule closely observed is to make sure that there is always some sort of structural ‘event’ at regular intervals. It could be a fountain, a tree or a bench, but the combination of this varying shape to the roadways and surprise events results in drivers naturally going slowly. There are no traffic signs nor any white lines painted on the ground – such natural traffic-calming measures built into the design help to prevent accidents involving a pedestrian and a vehicle.

Most house fronts connect directly with the thoroughfares and public spaces which are laid out so as to maximise the flow of pedestrians. High-quality materials, locally familiar designs and the use of craftspeople rather than prefabricated units confer on Poundbury qualities of authenticity and local character. The localist philosophy has also helped to retain and expand the local skills base in traditional building methods.

TRUTH is FREEDOM

Pope Francis echoes the concern about technocratic paradigms:

<https://www.ncronline.org/opinion/ncr-voices/pope-francis-pinpoints-moral-dangers-amazing-and-powerful-ai>

“Freedom and peaceful coexistence are threatened whenever human beings yield to the temptation to selfishness, self-interest, the desire for profit and the thirst for power.”

Nobel Laureate economist Angus Deaton has delivered a ferocious rebuke to his own profession, saying economists have failed to understand that **capitalism is about power**. 12 March 2024

Proceeds of growth had been too heavily concentrated among particular groups and in rich countries. Lower income inequality can be associated with higher and more durable growth. The diminishment of union capabilities to improve wages in line with productivity gains has resulted in the widening of the sharing of profits. The world may need to pursue a “different kind of growth” in future as compared to the past 100 years.

Productivity has grown much faster than real wages

June 2002 = 100

Productivity = GVA per hour work, market sector. Wages = private sector wage price index declined using trimmed mean

Is it now time to remap all institutionalised structures? Is it now that we should clear the table of all our pre-conditioned concepts and just tip everything out and redraw our pathway forward?

What is our purpose in life? Amazingly few even consider this question.

What are our priorities in needs to survive? Food insecurity is only a breath of fresh air from confronting each of us.

Violence is never justified but how do we mitigate its occurrence? World War II commenced with the aggression emanating out of Germany, Italy and Japan, with ignition occurring out of Austria. The drums are beating now (2024) in Russia, Iran, North Korea and China, with Israel and other hidden controllers igniting the inevitable.

How do we address disease and illness? No one in the health industry understands the cause of disease and illness. Note that ‘cause’ is not causes!

WE ARE ALL BEING PLAYED

PSYCHIC BARRIERS to CHANGE!

To put it succinctly:

We have been driven, generation after generation, to embrace our minds to the point that we blindly worship our minds, due to the fact that high level spirit controllers considered we would fall to their coercion.

Our minds are addicted to:

Control over others;

Control over our environment.

That males are now addicted to having females subservient to their control.

That our minds cannot differentiate Truth from Falsehood.

That our minds are addicted to untruth and that 'fake news' and propaganda will be believed by a gullible, subservient audience.

That consequently, the sheeple will march to war without questioning.

So, financial gain for the few hidden controllers is the trigger for never ending wars, if they cannot enslave nations through debt or by other means!

We, here on Earth, live in a physical HELL!

Purpose of Life

Purpose of our life is to:

Achieve individualisation. This is truly the moment of our sentient experience beginning. This occurs at the moment of incarnation which is when our newly forming foetus begins to pump blood, usually day 16 after conception. From that moment we are beginning to experience life.

We have a life purpose. We are each a unique personality with individual propensities to experience. Should our physical life be cut short then we will go on and have the experiences that we need in the 1st spirit Mansion World. If we miscarry or are aborted then we will become spirit born, be adopted to spirit parents and have a similar life to that should we have gone on and lived on Earth.

Presently we are each subjected to Childhood Suppression which we continue on throughout our lives suppressing our feelings and our true personality. This is providing us with unique life experiences as this does not typically occur with any other humanities throughout the universes. Our physical life on Earth is mostly very difficult, however this will provide each of us with unique capabilities to aid newly emerging humanities on worlds further out into space. Yes, we have an enormous journey to enjoy.

Our time of death is predetermined. We often do crazy things – but our life span is predetermined.

What we experience is also predetermined. A few are to be wealthy and become burdened with responsibility. Many are to be poor and enjoy the freedom without trappings of assets and obligations.

Most will have families while on Earth. No matter who we are, we will each parent at least three children before we can enter the first of the Celestial Heavens. We are to experience parenting, even though that may be when we are in the spirit Mansion Worlds.

We are to live FEELINGS FIRST! We are to express our feelings, both good and bad, to a companion. We are to long / ask for the truth of what our feelings are drawing to our attention. What enters emotionally needs to be expressed emotionally. Should we long for our Heavenly Mother and Father's Love, then we are also SOUL HEALING. Our mind is to follow supporting what our feelings are leading us to embrace – this is the opposite as to how we have been brought up to live.

It's all about
Experiences
 &
FEELINGS

As we complete our FEELING HEALING, then and only then can we connect with our Soul Partner who is always of the opposite sex. Our soul is a duplex that manifests two personalities. And we can grow to interact with our Nature Spirits and Spirit Guides!

**BE FEELINGS
 EXPRESSIVE!**

EARTH'S HUMANITY 2024

Our children are expressions of love ... until we suppress their true personality and with it their expression of love ... we degrade our children's level of consciousness to that of our own, they become little ME's, they absorb our emotional injuries and errors of belief and we lock them into a life that is a full reflection of our unconsciousness

How could this be so?

Every year there are around 130 million live births. Every year there are around 45 million miscarriages, it takes two to bring about a conception and on the 16th day thereafter the heart starts pumping then we have a child that is fully incarnated. The embryo is always perfect. It is our emotional injuries flooding upon the newly forming child that overwhelms its ability to survive through to childbirth – it miscarries never to experience a physical existence.

Further, there are around 45 million abortions each year. As two people are involved, that represents two out of three people born that then go on to abort a child. That is a further demonstration of love – the lack of it.

There are 60 million girl babies missing in China. In birthing suites there have been buckets of water to address the arrival of a girl child. In India there are also 60 million girl babies missing – demonstrations of lack of love.

About 7,000,000 children are sexually abused every year in the Philippines (population 113 million). Frequently it is the Filipino children being raped by their fathers or uncles. These men usually are 30 to 40 year old, and do not have a stable job. The scenarios in Indonesia (population 280 million) and India (population 1.4 billion) are similar – as it is in a lot of countries.

This is as difficult to write as it is to read – there is no need to add to this.

NOW, we have the way to heal ourselves of this generational malaise and begin to bring our children into a world of love, support and freedom.

Please join with us and let us all hold hands and begin as small communities to embrace the grace and wisdom that has now been shared with us all so that the end of the hidden control and Rebellion and Default is removed from our lives and an era of peace and joy can begin to surface for future generations that all are to benefit from our humble beginnings.

Violence is never Justified

Never is hatred, nor discord, nor war among men justified – no matter what the cause – and if men will only learn the Truth there will never exist such feelings or acts. Militarism is all wrong. Jesus 25 December 1915

EDUCATION is the pinnacle of all professions. Without education we do not have any other profession. All professions emanate from education being the driver leading to a ‘specialisation’ creating the pathway to each profession.

EDUCATION is whole of life. We learn by doing! Yes, we can grasp the theory but once we apply the theory, then we know it, not before. Awareness comes first and then the application.

**ONCE YOU KNOW -
YOU CANNOT UNKNOW!**
Mary Magdalene

So, we are to put children first! Not suppress the child. Not remodel the personality of the child into something that we think they should be. Allow the child to freely and fully express themselves. By doing so we are mitigating the ‘cause of illness’!

Put Children First

The CHILD is to FREELY EXPRESS ITSELF: Messages from Mary and Jesus 13 May 2003
Mary Magdalene:

The greatest gift you can give your child, is allowing it to be freely able to express itself, helping it to feel good about being able to say and express and communicate all it feels. THERE IS NOTHING BETTER FOR A CHILD TO FEEL THAN KNOWING ITS PARENTS COMPLETELY WANT IT TO BE EXACTLY HOW IT FEELS IT WANTS TO BE. To be completely unconditionally accepted for all that it is. Then it feels loved.

TRUTH IS FREEDOM AND LOVE

Truth is always the same! It cannot be any other way. Interestingly there are some 3,400 significant religions worldwide. With their minor denominations we have more than 50,000 options of the one truth.

It is even further complicated as there are nearly 500 differing interpretations as to what a religion might be.

The level of truth can be measured in relation to Dr David R Hawkins’ Map of Consciousness by using kinesiology muscle testing in the manner he has demonstrated. The more we grow in truth then the more social issues and ills are mitigated. Open and free education that is focused upon truth is essential for any society to blossom.

One’s soul condition has a direct relationship with all facets of living. To grow and improve one’s soul condition is the greatest gift one can give him or herself as it has universal benefits that last for eternity. This is achieved by embracing Feeling Healing through which we commence to repair the damage incurred by the Rebellion and Default that is passed down to us by our parents. Further, by embracing Divine Love with Feeling Healing we are doing our Soul Healing and progressing towards Celestial status.

Dr David R Hawkins’ development of the Map of Consciousness (MoC) and research with kinesiology muscle testing observed the overall calibration of consciousness level of many countries. Developed economies are within the highest brackets. Civil unrest and wars are most frequent amongst those within the lowest brackets. Consider the average life expectancy and per capita income relative to the MoC calibration. Consider education as the crux of progress and development. Then review the above table for the rate of unemployment, rate of poverty, happiness rate ‘life is okay’ and rate of criminality.

MoC	No. of Countries	Average MoC	Average Life Expectancy	Human Development Index	Happiness Index	Education Index	Per Capita Income 2020

Below 100	11	66	52.73	0.564	4.2	.488	US\$2,658
WORLD		220	70				US\$10,900

Note:

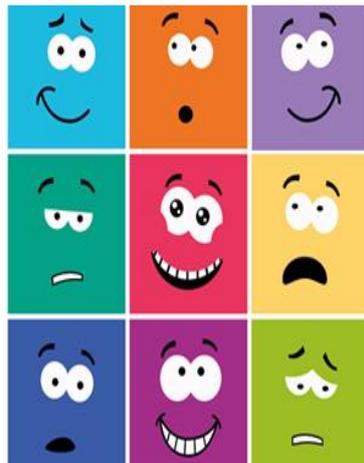

The Map of Consciousness (MoC) table is based on the common log of 10. It is not a numeric table.

A calibration increase of 1 point is in fact a 10 fold increase in energy.

A calibration increase of 10 points is in fact a 10,000,000,000 fold increase in energy.

Thus the energy differentials are in fact enormous!

EMOTIONS affect SPECIFIC ORGANS:

Emotional injuries and held errors have specific energy signatures and vibrations. So does each part of our physical body. Errors held within one's mind affect the flow of energies through one's spirit body, the spirit body is the template of the physical body. The resulting energy flow constrictions then initiate issues, and then pain, and then illnesses within the physical body.

Childhood Suppression

The soul does it all. The soul is a duplex, two personalities being manifested into the physical by our soul.

Soul light continually flows from the soul through our spirit body levels and into our physical.

Return light being the experiences of our physical existence.

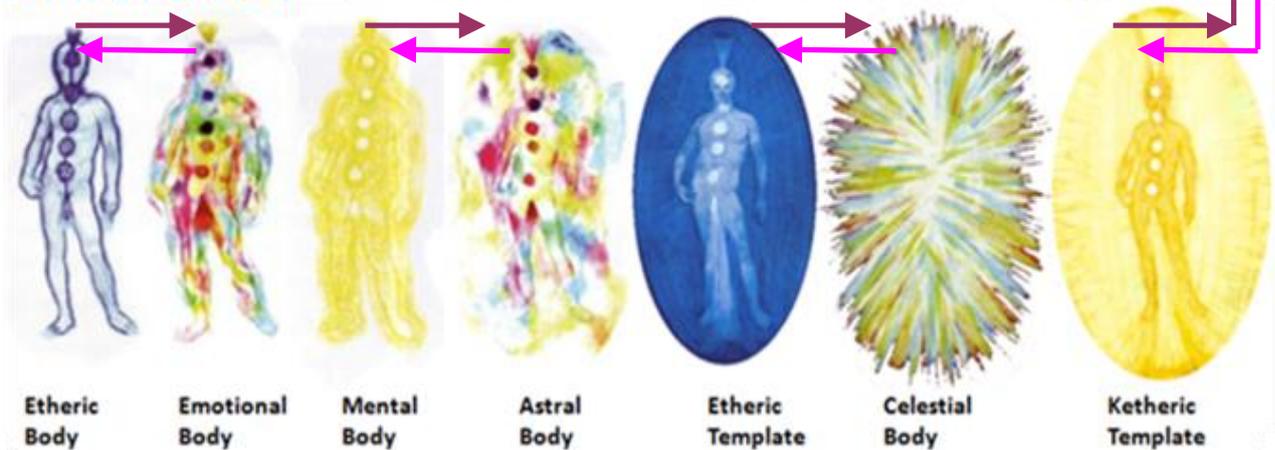

SOUL

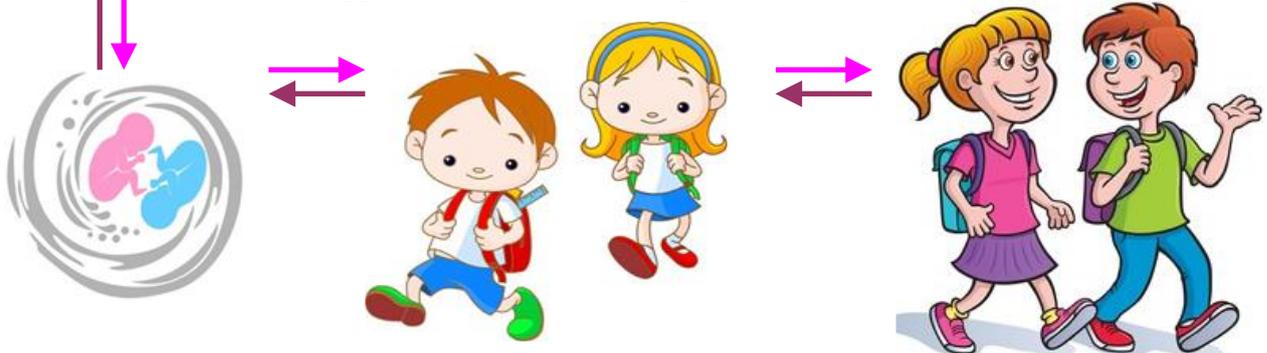

Childhood suppression imposed upon us by our parents and carers causes retarded light to return to our soul bringing about imbalance, reflecting emotional injuries and errors of belief. This imbalance is the cause of all our difficulties throughout our adult life and also all of our health issues.

SPRIT BODY

Brennan Model of the 7 Levels of the Human Energy Field

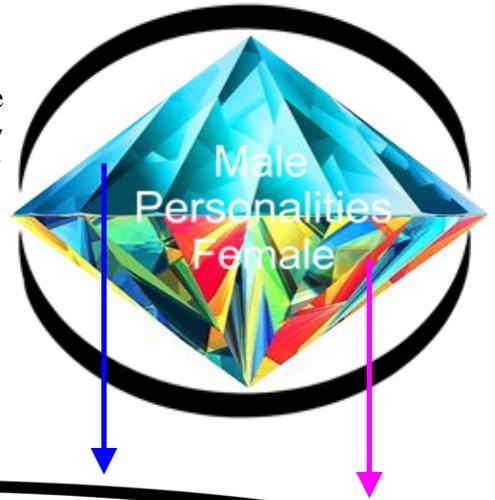

Every experience is recorded through the light returning through our spirit body and back to our soul. What emotional injuries we experience, commencing from conception, has to be expressed emotionally to heal the imbalance in soul light so that harmony and health can be achieved in our spirit and physical bodies. Childhood Suppression is the underlying cause of disease, illness, etc.

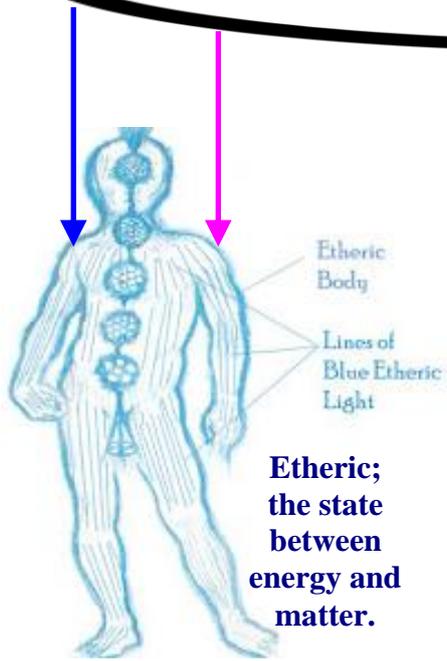

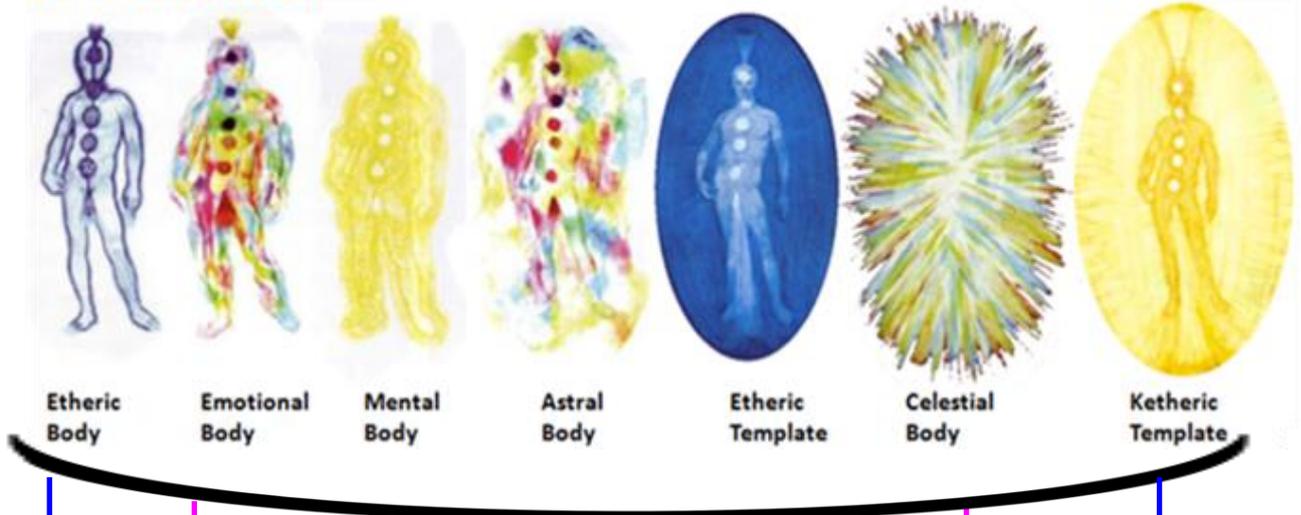

Childhood Suppression

Childhood Suppression – from conception to age six years – harmfully encrusts the soul, thus impeding light flow throughout all seven layers of the spirit body, damaging the genes within the spirit body which in turn damages the genes in the physical body, as well as setting the pattern for all of our physical health issues throughout our lives.

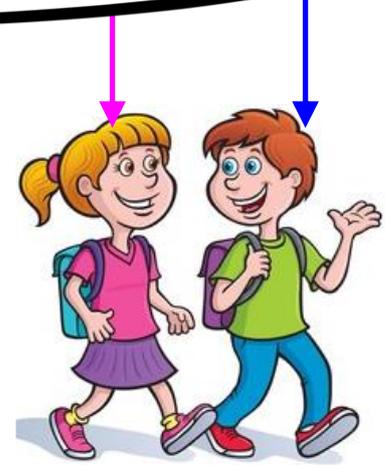

SPIRIT BODY Brennan Model of the 7 Levels of the Human Energy Field

Etheric; the state between energy and matter.

The spirit etheric body is the template for our physical body, however, no health care system or science considers that the underlying cause of any health issues are formed through our Childhood Repression and that no physical healing occurs without expressing our childhood suppressions, being feelings both good and bad and then longing for the truth behind these injuries. Medicine may suppress the pain – it does not and cannot cure – vaccines are extreme physical suppressions!

The pain from ANY illness will not exceed the pain experienced during our Childhood Suppression!

Illness need not occur!

If you want to experience illness then ignore Childhood Suppression!

If you prefer to experience mental illness, cancer or any of the more than 10,000 illnesses, diseases, pains and discomforts, then continue with suppressing your emotional injuries and erroneous beliefs. That is, continue with suppressing your feelings and living mind-centric – just like how our parents and carers taught us to live.

The elephant in the room is our Childhood Suppression! Suppression of our true personality begins at the moment of our conception and relentlessly continues through to age of six years.

From conception we are being infused with our parents and carers emotional injuries and errors of belief. It is through the pattern of these emotional errors that we then go on and live our lives whilst manifesting our illnesses through these distortions to our soul light that circulates from and through our soul, spirit body and physical body and back.

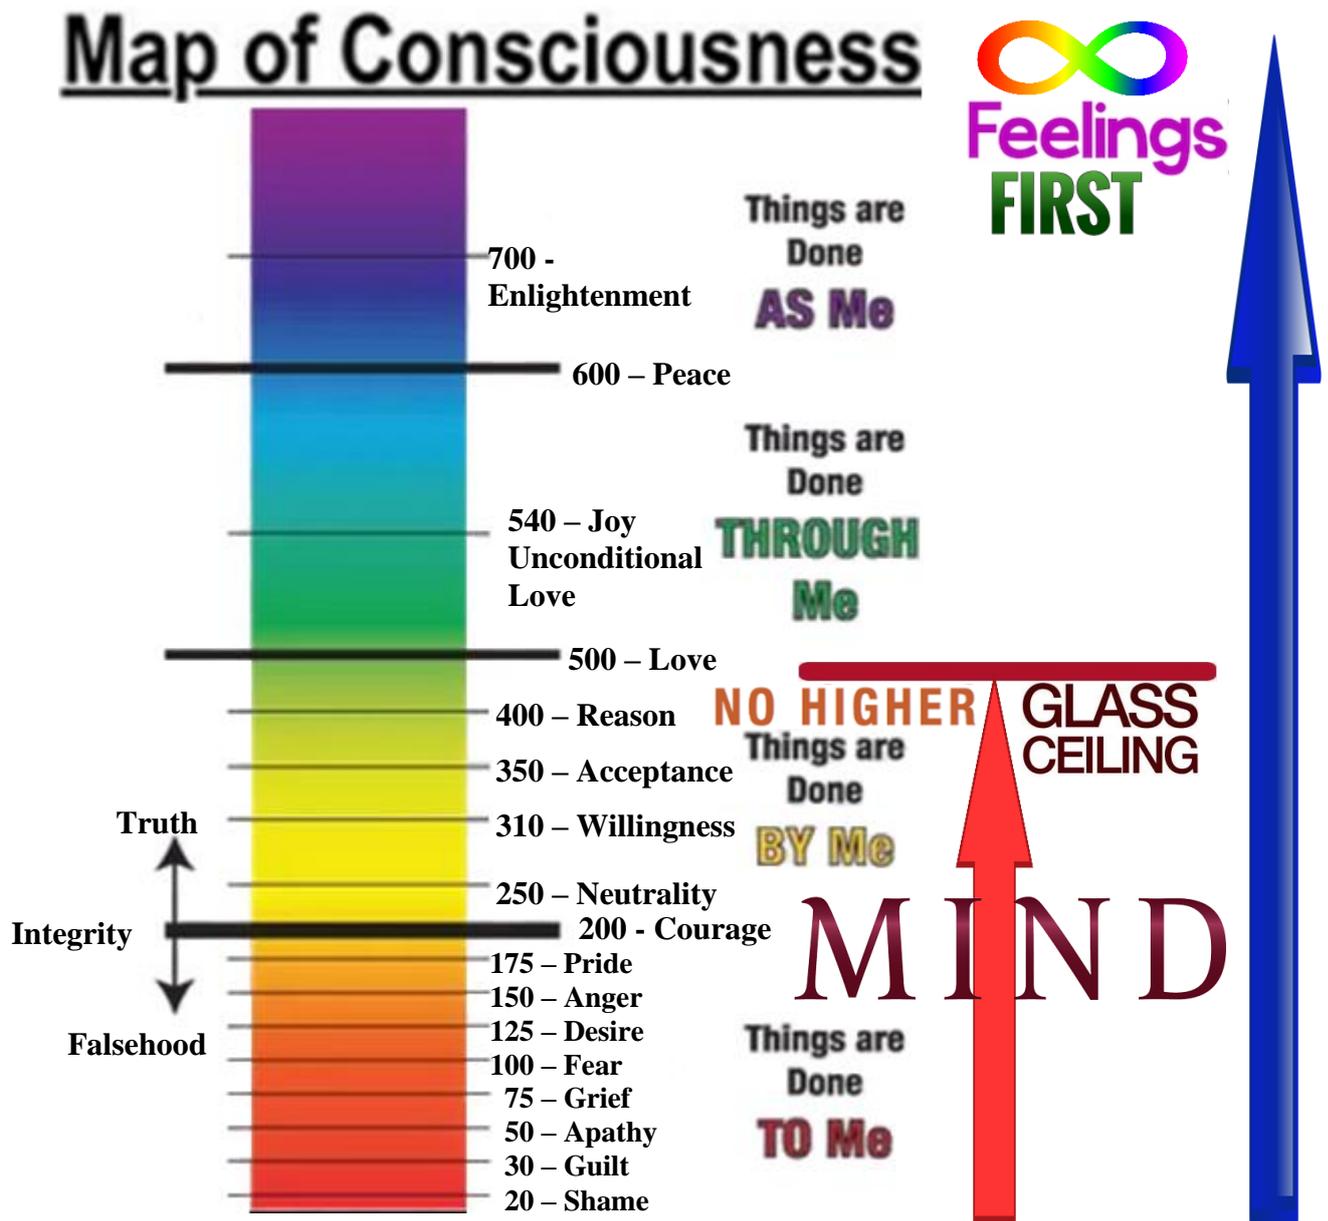

Suppressed Child

We are to change the way we live. We are to aspire to living Feelings First. Then we are to embrace our Feeling Healing. We are to express our Feelings, both good and bad, to a companion, whilst all the time longing to know the truth behind those feelings and also then express them – layer after layer. The truth that comes up in us from our feelings allows us to perceive, so ‘see’ deeper into ourselves and each other.

We are to replace in some way all the gunk (withheld emotions and erroneous beliefs) that are clogging up our mind. One feeling leads to another, like a cascade of feelings with us falling deeper and deeper into ourself. We will always come to understand a little more with each feeling being expressed.

When we are completely healed of our Childhood Suppression we have no further need to experience illness, diseases, pain, discomfort or mental illness. This we can achieve while living in the physical!

We created our illnesses and social issues by being in Rebellion against ourselves, our soul and our Heavenly Mother and Father. Now we can step away from this hellish way of living!

This outline of the Map of Consciousness spells out the fact that while we live Mind-Centric and ignore and suppress our Feelings we cannot pass 499 MoC. Our mind being in control, as we have all been indoctrinated to live, is a glass ceiling. Humanity cannot heal anything, cannot be spontaneous, has no intuitiveness, and is locked into living in the deep hell states. This is why people find themselves in abusive homes, domestic violence, housing stress, homelessness and gross difficulties of all kinds. This is why we are easily manipulated, embrace propaganda and are being controlled by a few.

Women are closer to their feelings and that is why the nursing profession hosts a lot of women who calibrate a little over 500. These women are the healers in hospitals.

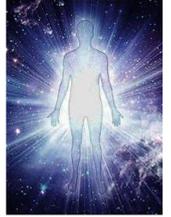

By aspiring to live Feelings First we are each breaking the glass ceiling and opening our potentials to grow in truth and love not only to 1,000 MoC, but to infinity. This is our destiny.

As communities embrace living Feelings First and having their minds to follow in supporting what their feelings are guiding them with, then ALL of the social ills of society will begin to mitigate. Please, do you comprehend the importance of what is being shared throughout this document?

Living Feelings First growth potential is

Our Feelings are our Supreme Guide! Truth is found through our feelings, we are to long for the truth about what our feelings draw our attention to. Our soul based feelings are always in truth. We are fully self-contained. This simple fact has been hidden from us for 200,000 years while our hidden controllers, the evil ones, kept us under their selfish controlling agenda.

Living through our feelings first with our minds to follow in assisting with what our feelings guide us to consider is a rewarding, freeing and vibrant life. Whereas we all have been retarded through living mind centric.

Living through our Feelings First, the New Way, and longing for truth of what they are to reveal, expressing what we feel, both good and bad, will enable us to progress through the Feeling Healing Mansion Worlds while living on Earth. With Divine Love we will be fit to enter the Celestial Heavens and then progress through all the Celestial Heavens of our local Universe of Nebadon and then onwards to Havana and Paradise, the home of our Heavenly Mother and Father.

Not only will we progress beyond 1,000 MoC when transitioning into the 1st of the Celestial Heavens, by the time we reach Paradise we will have progressed to what could only be described as infinity – well not quite – but we will be truly awesome in our evolution and development.

Living mind-centric limits growth to 499 MoC

We all live through our minds! We all suppress and ignore our feelings. This has been how we have been led to live by high level spirits who had ambitions of self-glorification to our detriment. These wayward spirits had allusions of expansionary empowerment and they needed Earth's humanity as their foot soldiers! Through their deceit, we would continue to live in spirit as we do on Earth without any prospect of progressing out of the spirit mind Mansion Worlds.

Should we continue with aspirations in the perfecting of our mind then we can progress from the 1st spirit Mansion World to the 2nd mind spirit Mansion World, then 4th and finally 6th mind spirit Mansion World to a dead end. In these higher worlds we may appear to be guru type personalities but we have gone further away from God – we have then perfected our evilness!

The mind can even stave off the time when the Law of Compensation is addressed.

A U-Turn is required and then one would commence embracing their feelings and progress through the Feeling Healing Mansion Worlds 3, 5 and 7. With Divine Love then on completion of the 7th spirit healing Mansion World process we transition to the 1st of the Celestial Heavens.

While we suppress and ignore our feelings we are living in hell and putting ourselves through untold misery, pain and suffering when we can achieve healing to the level that we are living as Celestials while in the physical on Earth!!!

At these levels, seriously harming others for even trivial events appears to be justifiable.

VILLAGE RAISING of a CHILD vs Corporate CHILD CARE

Governments may perceive that income generated (and their taxes) by parents while having their children ensconced in a corporate child care centre is beneficial for the nation. Please consider this:

- The child and children, when at child care centres, are being deprived of their direct interaction with a parent or both parents in the time of its life it needs them the most.
- Ask yourself, who hurt me the most when I was a child? Being abandoned is lifelong harm.
- Being abandoned is a crisis for a child that NEVER heals! Five minutes lost in a supermarket barely matches the trauma of being left all day amongst strangers at a child care centre.
- We say, the child will get over it – we even tell the child to get over it! It does not and WE do not.
- By suppressing the child's personality we are entombing it into a lifetime of trauma. We brush all this off because that is what our own parents did. Our life long dramas are consequently repeated by the child in its adult life. We are fixing our children to never ending treadmills of our making.
- Until we personally begin to heal ourselves of our own childhood suppression then we are ensuring our errors and injuries are absorbed and repeated by our own children.
- We are to express our feelings – both good and bad. Yet we ignore our children when they wish to talk and express their feelings. Many of us were told to be seen and not heard.
- We are to listen to our children – not hide them in child care centres.
- We are to listen to our neighbours, to our community – and they to us. We are to express our feelings to each other – that is how we begin to heal our childhood suppression.
- Consider the vast array of distractions we each have accumulated – TVs, laptops, mobile phones, movies – look at how most of these do not involve interaction and communication with people.
- We pass these all onto our children – so they do not even communicate with each other.
- Suddenly, all of humanity is awash with mental illness.
- What is mental illness? It is the imbalance of light returning from our physical being back to our soul thus bringing about distortion in our overall light energy. Should we begin to express our feelings, both good and bad, and long for the truth behind our feelings, then we will begin to bring that light back into balance and heal ourselves – and our children at the same time!
- The Village Community way of bringing a child up is also a healing way of living. We are to collaborate as a community and in collaboration we are to dialogue, discuss and express our feelings between each other. We are to be true to ourselves. In this way we are healing ourselves and bringing up our children appropriately in a village format – a small community.
- Should a Child Care setting be part of a small community / village arrangement then every child in the care of the centre should personally know, each day, at least one of the adult supervisors due to the child's extended family interactions prior to attending child care.
- An appropriate Child Care setting may be seen as having one parent of say five children in attendance each day. That is, during a five day week, even though the attending parents are rotating, the child may have a close relationship with one of the supervising adults each day.
- In this way, the governments will find their long term national medical costs being reduced as healing of the community unfolds and mental health issues abate. This will extend into the policing, courts and prison systems as well as all aspects of social service.

Corporate child care systems have become totally long term problematic for all of humanity.

FEELING HEALING directly benefits the PARENTS' CHILDREN:

Parents' baby from conception through to age 6, 100% benefit, age 14 – 75%, 21 – 50%, 28 – 25%. Prior to conception we are in a perfect Natural love state. By the time we are age 6, we are then reflecting the consciousness level of one or the other of our parents. As they heal their Childhood Suppression through Feeling Healing, that are directly healing us, their children, subject to our age – maturity.

Consciousness Calibrations Worldwide	
Level of Consciousness	Percentage of population
600 +	1 in millions
540 +	0.4%
500 +	4%
400 +	8%
200 +	22%
200 -	78%
World wide average	220

Only through Feeling Healing which can be readily introduced through all education and health systems and services, will we cure our Childhood Suppression.

All the social ills of society are frozen into generational transfer. This can only be mitigated through Feeling Healing, and even then it will require generation after generation to advance the progress and lift the overall consciousness levels of humanity, from 220 to the 440s at least!

Correlation of Levels of Consciousness – Soul Condition – and Society Problems				
Level of Consciousness	Rate of Unemployment	Rate of Poverty	Happiness Rate "Life is OK"	Rate of Criminality
100 - 200	50%	22.0%	15%	50.0%
50 - 100	75%	40.0%	2%	91.0%
< 50	95%	65.0%	0%	98.0%

POTENTIAL to BENEFIT your CHILD through our own FEELING HEALING:

This steps down each seven years as the child matures

From conception to age 6 or 7

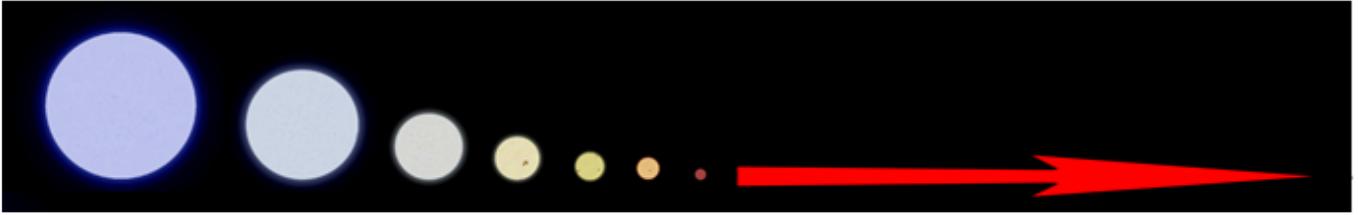

From 8 to age 14

From 15 to age 21

From 22 to age 28

As we heal, we directly heal our children similarly.

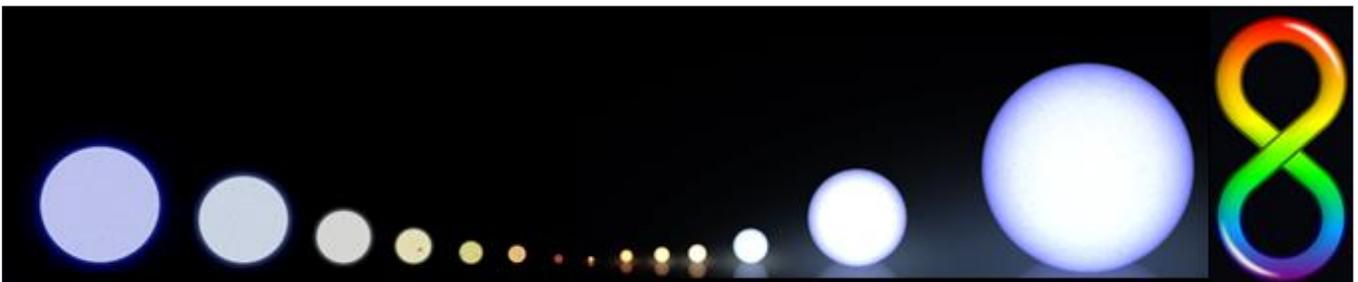

The Indwelling Spirit arrival for the child around age 6 or 7 starts their independence.

OUR CHOICE!

The moment prior to our conception, we are in pristine, perfect soul condition of Natural love. Consider that to be 1,000 on Dr David R Hawkins' Map of Consciousness scale – the largest sphere above. From that moment on we are being 'fire hosed' the errors and damage that our parents hold and carry. Somehow, we make birth – the middle sphere above. By the time we are six years of age, our childhood suppression of our true personality by our parents ends upon the arrival of our Indwelling Spirit. Now, our soul condition is the smallest sphere. We will now calibrate on the Map of Consciousness scale at the level of one or the other of our parents – we are now literally a clone of their messed up personality. We continue on at that level for the rest of our lives. We also go on and do the same to our own children, thus this stagnation goes on for generation after generation – for aeons.

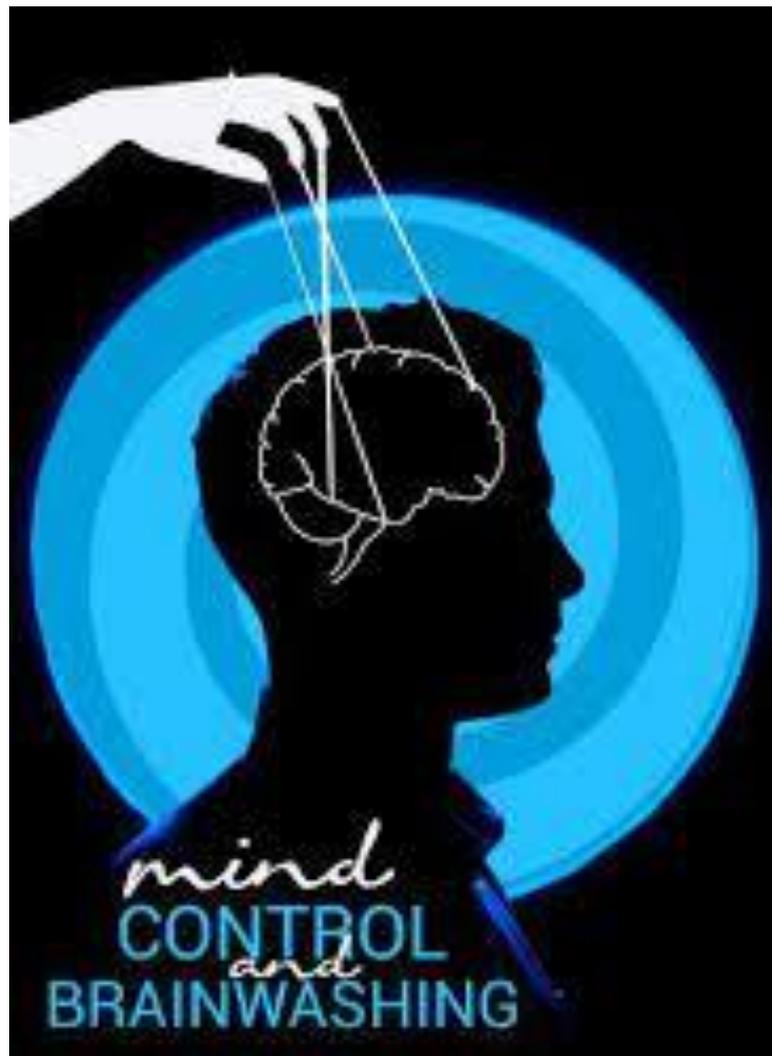

We can perfect our mind's control and achieve a state of bliss which is all false and eventually ends with us crashing back to reality. Or, we can embrace our Feeling Healing and heal all our damage, that which we took on as we got older as well as the damage imposed upon us by our parents and carers. Thus, we can grow in truth and love beyond 499 on the Map of Consciousness and perfect our Natural love, returning to the condition before conception. This could take a very long time – and then we are stuck in the 7th spirit Mansion World condition.

And here is the most wonderful pathway open for us all. By embracing our Feeling Healing with the Divine Love, through longing for the truth behind what our feelings are drawing to our attention and asking our Heavenly Mother and Father for Their Love, Divine Love, we can heal our childhood suppression and ongoing repression, with the Divine Love, then we can progress into the first of the Celestial Heavens and continue onwards with our evolving growth in truth and love all the way to Paradise, the home of our Heavenly Mother and Father. The pathway is now defined and open to all.

This time, in the history of humanity, is the most exciting time ever experienced.

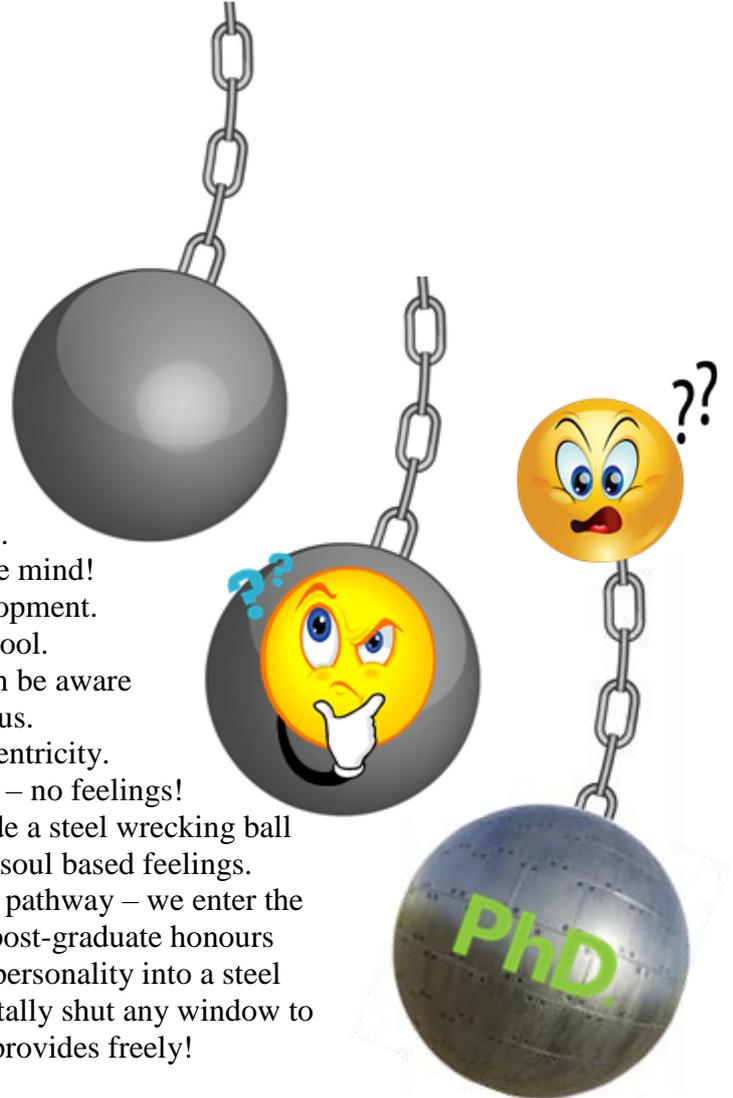

We all are all addicted to our mind's control!

Spirit damage to humanity has been imposed on the psychic or spirit/mortal levels. Presently, rectification is under way to the damaged spirit circuits of light caused by the interference from the Evil Spirits. Simply, it's like every time the Evil Spirits had anything to do with any one on Earth or in the Mansion Worlds, they caused corruption in the spirit to mortal mind circuits, or light circuits, and so through appropriate spirit communication and interaction, righting of those wrongs is in progress.

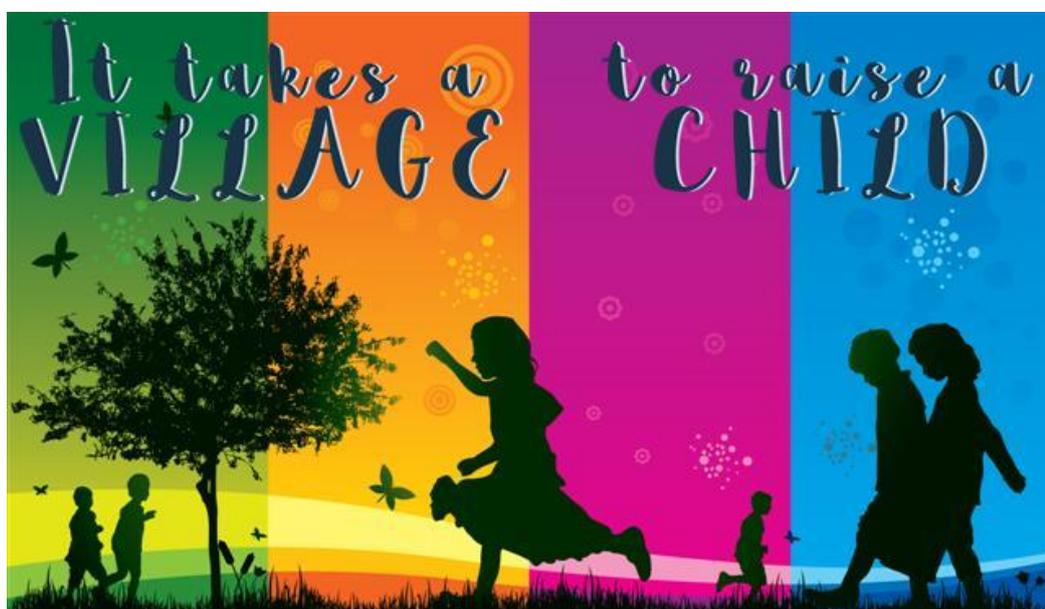

Since the blocking of mind spirit inappropriate interaction with people on Earth commencing on 22 March 2017, the capabilities of leaders in all walks of life, all around the world, have been shown for what they are, people being covertly controlled by mind spirits for selfish agendas. Those who continue with their addiction to their mind control will find their lives more and more difficult. We are to engage with our feelings having our minds to assist while yearning to know the truth behind what our feelings are drawing our attention to.

WE ERRONEOUSLY EMBRACE OUR MIND TO LEAD US THROUGH LIFE!

Our parents teach us to live through our minds.
 We are taught to be mind-centric – worship the mind!
 We go to school and it is all about mind development.
 There is no consideration about feelings at school.
 Our religious institutions do not appear to even be aware
 of our feelings, nor how they are important to us.
 If we go into employment then it is all mind-centricity.
 Higher education is further mind development – no feelings!
 We have now totally immersed ourselves inside a steel wrecking ball
 with no comprehension or appreciation of our soul based feelings.
 Then we take the ultimate mind imprisonment pathway – we enter the
 pinnacle of the education system – we gain a post-graduate honours
 degree – PhD – we have now imprisoned our personality into a steel
 wrecking ball with an outer layer of steel to totally shut any window to
 our soul based feelings and the truth our soul provides freely!

Living mind-centric locks us into a stagnate state that has a ceiling of 499 on Dr David R Hawkins' Map of Consciousness. While we ignore and suppress our feelings, we cannot evolve past this glass ceiling of MoC 499, being 'Reason'. Fixed in a stupor, a life of zombiism that we see all around us!

PARADISE VILLAGE KEY ELEMENTS:

Kindly consider these elements:

1. The village may be planned for a population of 1,000 women, men and children, or 5,000 or 20,000, or as considered appropriate.
2. The village should be an expansion of a pre-existing community and take into consideration their needs.
3. Employment creation and opportunities should be a prime objective.
4. To create a workforce then adult education needs to be comprehensive and supported.
5. It is to be recognised that no one has been adequately introduced and guided in how to parent.
6. It is to be understood that parents infuse their children with all their errors of belief and emotional injuries, thus lowering the children to their own level of consciousness as pre Dr Hawkins' Map of Consciousness (MoC).
7. The level of consciousness of the parents is a predictor of their children's life, issues and health.
8. The village may become an employment hub to:
 - a. Manufacture homes
 - b. Road building for the district and region (sealed all weather service roads)
 - c. Intensive crop farming to ensure local adequacy of food and then exports
 - d. Value adding of local resources
 - e. Engaging in cooperatives for profit sharing with local participation.
9. Food productivity throughout the nation needs to double and then some.
10. The village community proposed should ensure self-sufficiency in:
 - a. Sewerage treatment and connection to all homes, schools, etc.
 - b. Drainage
 - c. Beautiful clean potable water with delivery to all homes, schools, etc.
 - d. Power supply, be it solar and wind complemented with batteries
 - e. Communication, broadband and mobile connectivity
 - f. Essential services within satisfactory walking distance
 - g. Sealed all weather services roads is essential for produce to markets
 - h. Education and medical services to be proud of.
11. All of this to take into account extremes of climate and larger population needs.
12. Standards today will not be the standards tomorrow, plan and build for tomorrow.

OUR FORMING YEARS are MOST DYNAMIC and TRAUMATIC:

Age-group	Age
Gestation	conception to birth
Newborn	0 days to 1 month
Infant	1 month to 1 year
Toddler	1 to 3 years
Preschool	3 to 6 years
School age child	6 to 12 years
Adolescent	12 to 18 years

Our childhood formative years are from conception through to age of 6 years. Commencing at conception, we begin to take on all of the injuries and errors of belief of our parents and carers. We capitulate to adopting the 'personality' that our physical parents impose upon us, to the detriment of our true personality.

Somehow,
we go on
smiling and
laughing...

Root Cause

Highly esteemed Lanonandek spirits from within our local universe of Nebadon were assigned as System Sovereigns of our local system to oversee Earth's humanity and their spiritual development. 200,000 years ago they, the Lucifers, became infatuated with their authority and turned against the regents of Nebadon, Mary and Jesus, as well as rejecting God. Through their Planetary Princes, also Lanonandek spirits, they had taken the humanities of 37 worlds within their local system into their Rebellion.

Through living through our minds, suppressing our feelings, we on Earth will continue to be at war with each other, illnesses of all descriptions will continue from our feelings suppression, famine and inequalities prevail, control of others is the core of all systems, we cannot determine truth from falsehood and life on Earth is a living hell. We have been continually seduced by mind Mansion World spirits and we live life in a stupor – nothing more than zombies doing the begging of the evil ones, the rebellious Lanonandek spirits.

Through living through our minds, suppressing our soul based feelings, we have been progressively going further and further away from our Heavenly Parents, now to the point that we cannot go any further. Through working cracks in the Universal Contract governing the Rebellion and Default, this control has been ended formally as of 31 January 2018.

Pathway Forward

To liberate one's real self, one's will, driven by one's soul, moves one to embrace Feeling Healing, so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

God's Divine Love: Pray for it, ask for it, and receive it.

The Golden rule is: Never interfere with another's will.

Golden Rule: that one must always honour another's will as one honours one's own.

New Feelings Way: learning how to live true to ourselves by living true to our feelings.

We are to express our feelings, both good and bad, at all times, and to long for the truth of them.

By living true to ourselves true to our feelings, we are living true to God. It's that simple.

WE EACH have a Nature Spirit pair, Spirit Guide pair and an Angelic Pair:

For those doing their Healing or are interested in doing it, will from that time have their own personal angels, spirit guides and nature spirits with them, with whom they are to develop their own relationships should they want to. It is not about ‘sharing’ the same angels or guides or nature spirits, it is about you relating specifically to your ‘own’ ones because they are provided for YOU. It’s all for you, to maximise the experiences we each need.

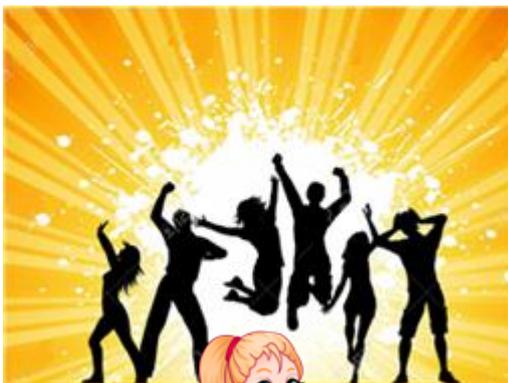

We are all to have our own pure relationships. And it’s the same, of course, in life with your friends. However over there, in spirit, dealing with Nature Spirits, Spirit Guides and Angels, it’s more personal and private and ‘JUST FOR YOU’. So, we have our own separate, unique relationships.

For example, Nature Spirit Verna has been assigned to be specifically and only with James, and she ain’t going to be assigned to anyone else, so she won’t be sharing herself around.

This is SO IMPORTANT to understand; so that in future there won’t be all these people claiming to be speaking with Verna or Mary Magdalene or Jesus or Nanna Beth or anyone else who is part of it all in such capacity. Mary M and Jesus have spoken with James as they have, making it quite clear he is the only one they are speaking with.

We each have a band of a Nature Spirit pair, Spirit Guide pair, and an Angelic pair, each pair being in their ‘soulmate’ relationship. Even though we are ascending mortals having a soulmate, even our soulmate has his or her own group of six personalities assisting him or her. Our assigned Nature Spirits do not continue with us into spirit, our Spirit Guides may for a time assist upon entry to the spirit Mansion Worlds. However, our personal Angelic pair continues with us to Paradise, and then even possibly being with us throughout eternity.

Feelings! first

In a way, each person's Indwelling Spirit, which is really God, is contracting out the work needed to be done with you to other agencies. So to us spirits, the angels, the nature spirits, other elements under the Divine Minister's control, and even other non-humanity spirits, all of which end up doing increasingly more amounts of what your Indwelling Spirit does. And this 'outsourcing' is to affect greater personality interaction, increasing your experiences so they are maximised through interaction with different personalities rather than just relying solely on God. Overall, we are to become increasingly at-one with God, but we are to do that by becoming increasingly immersed in the experience of being with others.

Nanna Beth – 3rd Celestial Heaven: 25 December 2018

We each have a band of a Nature Spirit pair, Spirit Guide pair, and an Angelic pair, each pair being in their 'soulmate / soul partner' relationship. In addition we have our personal Indwelling Spirit.

NATURE SPIRITS

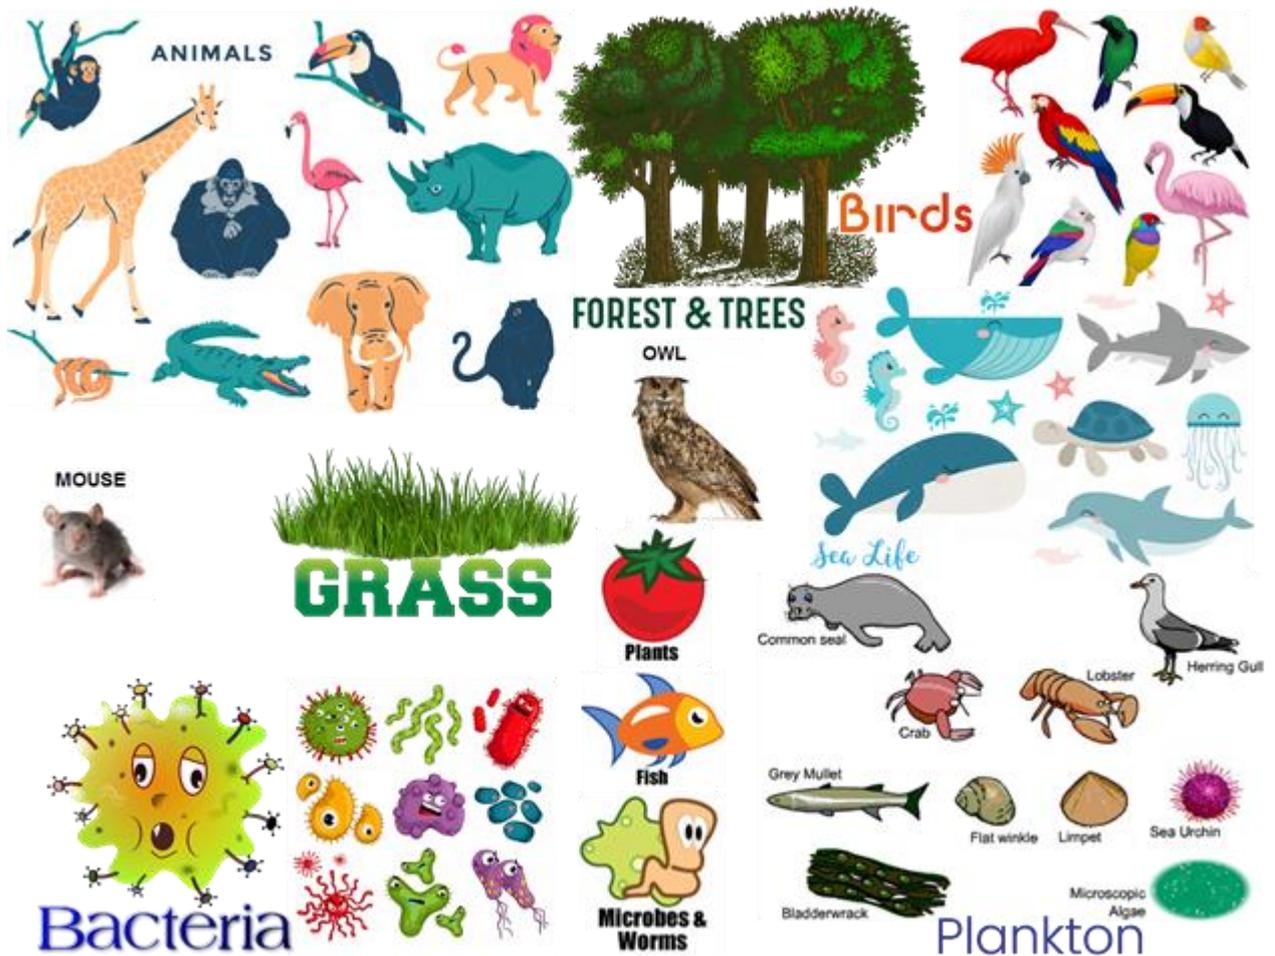

Nothing of nature reincarnates! And neither do we! Reincarnation is a false belief. Zero, zilch! Not even a blade of grass, a leaf from a tree, bacteria or plankton, or ourselves, has a subsequent physical life experience. However, except for humanity, the life force of all of what forms nature, after its sole physical experience, returns to a pool from which Nature Spirits emerge. All of nature is mind orientated. Nothing of nature has a soul, except for humanity which is truth and feelings orientated.

Meet Verna, a Nature Spirit, also known as ‘Lady of the Lake’: “Your spirit is your own unique spirit expressing the light of your soul; our spirits, also uniquely our own, however come from a composite of many other spirits. And in my case for example, and I’m about average, or ‘usual’ – as much as I hate to admit it – I’m composed, for want of a better word, of about five hundred billion creature spirits. So yes, you could say we’re complex on that level. And yet on other levels, we’re considered rather basic, we are after all *only* nature spirits, not great angels.”

“With Verna – a nature spirit” by James Moncrief

As the Rebellion and Default is now technically ending, those who embrace Feeling Healing and Divine Love will open themselves to communication with their Nature Spirit pair. For 200,000 years of the Rebellion, humanity of Earth has been closed to interaction with Nature Spirits. Humanity is truth seeking personalities who are to live through their feelings whereas nature is mind orientated and are to evolve their minds. A Nature Spirit’s next phase of evolution is that of being an angel which then will have many further evolutionary progressions upwards. Angels also step down from Paradise.

FOOD SOURCES:

Sunday, 2 April 2017

John: With endeavours to provide reliable continuous food supplies within difficult environments, the supply of fish, chicken and pigs appear to be essential. Fish farming is a way of providing protein all year round almost anywhere.

Are we meant to farm fish and eat same? The same question relates to all other domesticated animals propagated for food.

Nanna Beth – 3rd Celestial Heaven: No, you are to love them, so farming them to make money, using them in anyway, is not loving. People are to live harmoniously on Earth with the creatures and plants, the plants being eaten for they give themselves to be consumed, but they are also to be grown well and treated with love and respect, and not factory farmed either. However, this is a long way off, so in the meantime, it will remain a personal choice. And the more people do their Healing the more they will naturally move away from wanting to harm the creatures and disrespect the plants – you feel sorry for them as you feel sorry for yourself. And gradually humanity will ‘increase its vibration’ – it’s truth. But as I said, it’s not something John needs to worry himself about because he’s not the one to solve all the world’s food problems. And you can only do what you can do, so if you don’t want to eat meat, don’t eat it, if you do eat it, all whilst you keep expressing your feelings and longing for their truth.

John: What happens to the spirit bodies of such animals, including fish?

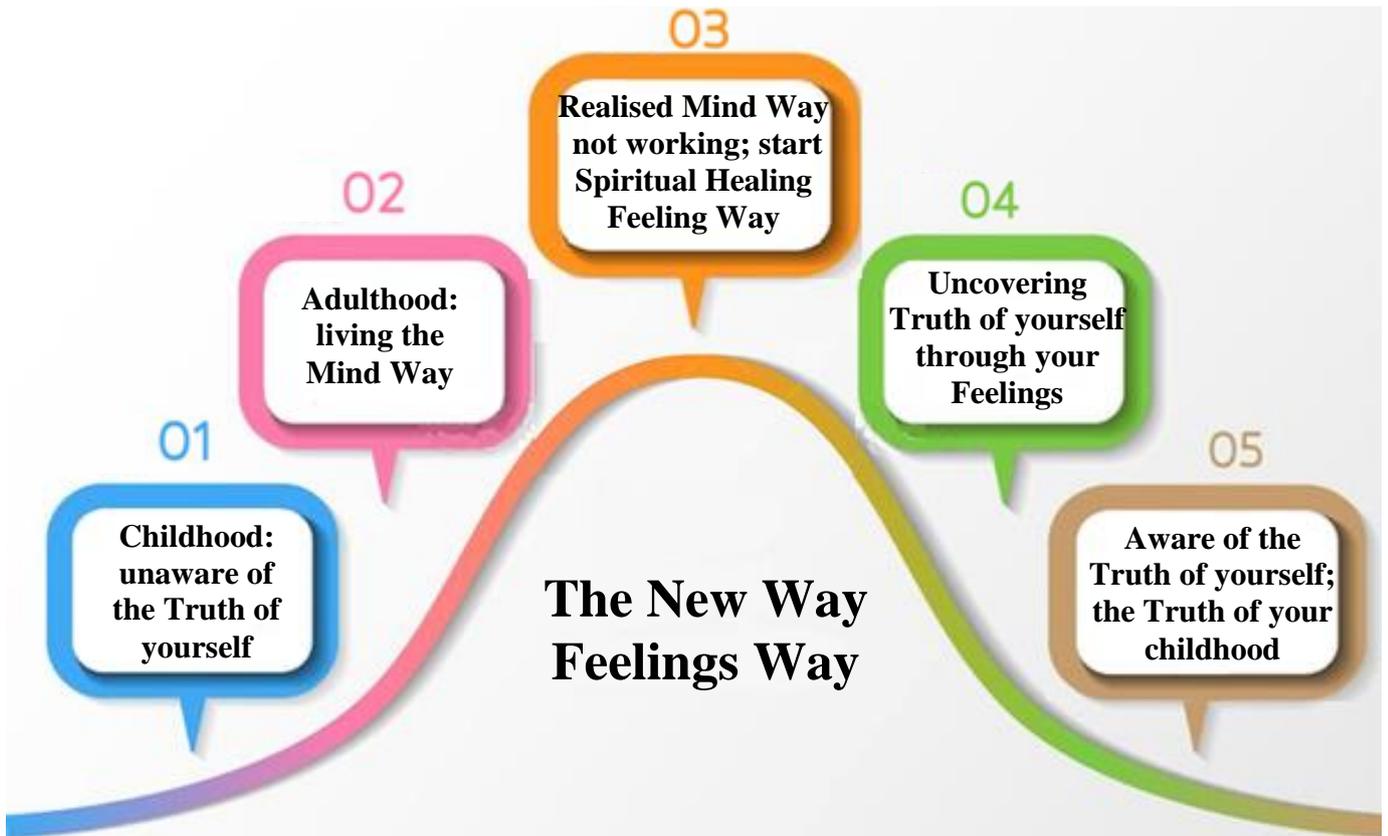

Nanna Beth: They ‘dissolve’ into their ‘light’, becoming part of the ‘bulk light’ from which nature spirits are drawn or created. The essence or spirit of the creature doesn’t remain individualised, it goes into a collective spirit whole, from which nature spirits are made. And the spirits of animals within the lower Mansion Worlds and Earth planes are not the actual animals themselves, they are not your actual beloved pet living as a spirit dog or cat in the afterlife, they are creatures native to the Mansion Worlds that can easily manifest themselves as being your pet in spirit or any animal, based on your memories, all whilst you still need that animal or pet to remain as you need it.

John: Is this a case of slow transition as humanity heals itself then it will progressively step away from consuming fish and meat? What alternatives should we consider and investigate?

Nanna Beth: The alternatives to consider will naturally come up, however it will all be along the lines of being more natural, anything manmade will fail and only cause you problems in the end, until such things are made by loving people who are well advanced in their Healing or high in natural love and understanding with a deep feeling and respect for nature.

AMAZING VALLEY – this 'GREEN THING'

Checking out at the store, the young cashier suggested to the much older lady that she should bring her own grocery bags, because plastic bags are not good for the environment,.

The woman apologised to the young girl and explained, "We didn't have this 'green thing' back in my earlier days."

The young clerk responded, "That's our problem today. Your generation did not care enough to save our environment for future generations."

The older lady said that she was right our generation didn't have the "green thing" in its day. The older lady went on to explain: Back then, we returned milk bottles, soda bottles and beer bottles to the store. The store sent them back to the plant to be washed and sterilized and refilled, so it could use the same bottles over and over. So they really were recycled.

But we didn't have the "green thing" back in our day. Grocery stores bagged our groceries in brown paper bags that we reused for numerous things. Most memorable besides household garbage bags was the use of brown paper bags as book covers for our school books. This was to ensure that public property

(the books provided for our use by the school) was not defaced by our scribblings. Then we were able to personalize our books on the brown paper bags.

But, too bad we didn't do the "green thing" back then. We walked up stairs because we didn't have an escalator in every store and office building. We walked to the grocery store and didn't climb into a 300-horsepower machine every time we had to go two blocks. But she was right. We didn't have the "green thing" in our day.

Back then we washed the baby's diapers because we didn't have the throw away kind. We dried clothes on a line, not in an energy-gobbling machine burning up 220 volts. Wind and solar power really did dry our clothes back in our early days.

Kids got hand-me-down clothes from their brothers or sisters, not always brand-new clothing. But that young lady is right; we didn't have the "green thing" back in our day.

Back then we had one TV, or radio, in the house -- not a TV in every room. And the TV had a small screen the size of a handkerchief (remember them?), not a screen the size of the state of Montana.

In the kitchen we blended and stirred by hand because we didn't have electric machines to do everything for us.

When we packaged a fragile item to send in the mail, we used wadded up old newspapers to cushion it, not Styrofoam or plastic bubble wrap.

Back then, we didn't fire up an engine and burn gasoline just to cut the lawn. We used a push mower that ran on human power.

We exercised by working so we didn't need to go to a health club to run on treadmills that operate on electricity. But she's right; we didn't have the "green thing" back then.

We drank from a fountain when we were thirsty instead of using a cup or a plastic bottle every time we had a drink of water. We refilled writing pens with ink instead of buying a new pen, and we replaced the razor blade in a razor instead of throwing away the whole razor just because the blade got dull. But we didn't have the "green thing" back then.

Back then, people took the streetcar or a bus and kids rode their bikes to school or walked instead of turning their moms into a 24-hour taxi service in the family's US\$45,000 SUV or van, which cost what a whole house did before the "green thing."

We had one electrical outlet in a room, not an entire bank of sockets to power a dozen appliances. And we didn't need a computerized gadget to receive a signal beamed from satellites 23,000 miles out in space in order to find the nearest burger joint.

But isn't it sad the current generation laments how wasteful we old folks were just because we didn't have the "green thing" back then?

Please forward this on to another selfish old person who needs a lesson in conservation from a smart ass young person. We don't like being old in the first place, so it doesn't take much to piss us off... Especially from a tattooed, multiple pierced smartass who can't make change without the cash register telling them how much.

Feelings First Spirituality, The New Way Feelings are your own truth and personality

Pascas University, Pascas TAFE, Pascas College, Craft Creations all through their many avenues, are to enable awareness, understandings and guidance of aspiring to live feelings first, Living Feelings First and longing to understand what our feelings are to reveal to us, being our Feeling Healing, throughout every community within every country in their diversity of languages, in as many differing formats, as appropriate to enable everyone to be able to consider Living Feelings First.

Through the psychology departments associated with **Pascas Care Centre** clinics and the education facilities, research programs are to expand the understanding and application of our Feeling Healing. This is to enable an evolving development of life through Living Feelings First and longing for the truth of our Feelings, Feeling Healing, and ultimately with Divine Love being then Soul Healing.

Governments are to be invited and encouraged to consider these evolutionary developments. Within the ambit of governmental authorities, universities, psychology research teams and schools from pre-school through to higher education are to be supported to embrace this way of living and the making available this guidance.

Governmental departments and agencies such as social services, children's services, police departments and all associated welfare departments are to be introduced to this guidance and research. Domestic violence and children's courts may realise the attributes of Feeling Healing when it begins to mitigate the numbers they have had to consider and assist. Progressively all aspects of social services and health services may find their work loads and demands that have been put upon them begin to subside. This is an evolutionary shift for humanity.

(a) A “*slum household*” is a household in which the inhabitants suffer one or more of the following “*household deprivations*”:

- 1) Lack of access to improved water services,
- 2) Lack of access to improved sanitation facilities,
- 3) Lack of sufficient living area,
- 4) Lack of housing durability and
- 5) Lack of security of tenure. For these calculations, only the first four deprivations were used.
