LIFE in the NEW AGE – PASCAS - Our Contribution:

Introduction:

PASCAS (Peace And Spirit Creating Alternative Solutions)

What is PASCAS?

We would liken PASCAS to the Tree of Life.

“From the smallest seed shall grow the largest tree and the birds will build their nests in its branches.”
The story of manifestation and abundance.

It is a SEED thought that has been nourished for a very long time, not just this lifetime but past lifetimes as well.

To establish Pascas WorldCare to grow employment and raise quality of life ... as well as Pascas Care with a global network of clinics ... with diversity of new and cutting edge medical innovations, procedures and techniques to alleviate health issues we as humanity face daily.

Allopathic and Complementary Medicine will work hand in hand as staff become at one with increased conscious awareness and are able to share love and compassion for all and show people their ability to become their own healers.

Education through Chaldi Colleges, an ancient system of mystery schools which were free and open to all, to raise the consciousness of all who embrace. Education is the foundation of all progress and possibilities.

The Planting of the Seed occurs because we are helping ourselves and others to know ourselves and to facilitate our divine birthright for full and vibrant health and abundance in all areas of our lives.

The Growth and Germination of Pascas will come about with the support of the global family of Pascas and with the financial support generating through Friends of Pascas.

Continuing and consistent Skill Support Programs will continue to uphold our mission statement of integrity, loving and sharing which will enable us to move forward into the new millennium.

We all reap the Harvest with a Full Global Operation that is self funding and self generating of all that is required for it to move consistently forward ... to alleviate fear and reduce boundaries as we address the needs of many in regards to availability of potable water, nutritious food, safe lodging and health care, which then enables all to seek and receive the knowledge they so desire and search for.

History:

The evolution of Pascas essentially started in 1983 with the potential sourcing of funds for hospitals. In 1986, the first full conceptual documentation was assembled for what we now call Pascas Health Sanctuary, a hospital complex melding western / allopathy medicine with complementary / ancient

medicine. In 1996, this documentation was greatly advanced and we tried again. In 2005, we have assembled it again with an enormous global platform for clinics to be established in suppressed economies. An absolutely impossible dream!

In 1998, the first of the hundreds of new technologies walked into our office, some 1,000 followed with around 400 having promise. These are essential to grow the economies within remote and emerging communities based on the principal of sharing.

All of these concepts hang together, but we had no way of funding this impossible dream.

November 2005, Walter Raleigh introduced us to Solid Investment and in December 2005 we joined. The numbers suggested that after three years or so we would have a fund base upon which we could proceed with this impossible dream in its entirety. Here we are and yes we now can do it all.

A few weeks ago, I read a book which recounted a paper written by Benjamin Crème in 1982! The book is called Maitreya's Mission and was published in 1986 by Benjamin Crème. This publication, being a section of his book, outlines in detail all aspects of the Pascas agenda and every aspect as we envisage it.

Please understand that Maitreya is a natural love spirit presenting himself as Jesus. Maitreya is not Jesus.

Here is the content with absolutely the minimum of change:

The word 'spiritual' does not refer to religious matters so-called. All activity which drives the human being forward towards some form of development – physical, emotional, mental, intuitional, social – if it is an advance for his present state, it is essentially spiritual in nature. These are the aims of Pascas.

In this coming time we shall have to make a shift in soul condition / consciousness to include every aspect of our being in our definition of "spiritual". All our structures must be based on the inner Oneness of humanity and reflect that reality. We have to create political, economic and social systems which allow that divinity to express itself.

Only by a re-education of humanity about the true nature of man as a threefold reality – soul, spirit body, and physical body – and of the Law of Cause and Effect in its relation to the Law of Rebirth (becoming at one with God), can a true expression of man as a soul take place. Chaldi Colleges, being supported by Pascas Foundation, have these goals.

This will condition our new systems. Until we grasp that all people can become divine, we shall not be able to create institutions sufficiently responsive.

Likewise in the economic sphere, we must institute the principle whereby all peoples everywhere can share together the goods of the Earth. The greatest division in the world today is the economic disparity between North and South, the Industrialised Nations and the Third World. One third of the world usurps and wastes three quarters of the world's food and at least 80% of the world's resources and energy, while the Third World makes do with the rest. The tensions inherent in this imbalance are driving us inexorably to chaos. Until all people everywhere can eat and live freely as fully accepted members of the human

family, there will be no justice in the world. While there is no justice there will be no true peace; if there is no true peace in the world today, there is no future for the world.

We are now facing a crisis which is essentially spiritual, but which is working out in the political and economic fields. An emphasis on the principle of sharing, is the key to all future progress for man: “When you share you recognise God in your brother.” (natural love spirit presenting as Maitreya quote) Sharing is a divine principle, and until we recognise that all structures must reflect that inner divinity we shall not make one further step in our evolutionary journey. As soon as we do realise it, as we in this community have, we open the door into an entirely new situation.

“The day that hunger is eradicated from the Earth there will be the greatest spiritual explosion the world has ever known. Humanity cannot imagine the joy that will burst into the world in the day of that great revolution.” (Maitreya quote)

The path of the spiritual life is broad and varied enough to accommodate all people. In every endeavour, in every department of human life, the awareness and knowledge of God can be sensed and expressed. All can contribute their awareness of this moment-to-moment experience to the many-coloured pattern which will grow as a result of that shared experience.

Aims and Possibilities:

The goal for humanity in this coming age is the creation of environments to enable the growth of one’s soul condition.

We are about to witness profound changes in all our institutions and structures – political and economic, religious and social, scientific, educational and cultural. These changes will take place as humanity grasps, stage by stage, it’s essential journey to God, and adopts the measures necessary to implement that journey. This is all conditional upon man’s free will.

The first human priority is the saving the millions now starving to death in the Third World. Then, only then, will they have the energy and freedom of time to search for answers and learning.

This is a call for the acceptance of the principle of sharing through the redistribution of the world’s resources – the food, raw materials, energy and technological expertise, largely usurped (and wasted) today by the developed nations. Equinox Equities, being an arm of Pascas WorldCare, is a commercialisation process supporting the introduction into depressed economic zones new innovative technologies.

It is with the application of these innovations that we can deliver:

- Clean air via the introduction of renewable energy technologies.
- Potable water.
- Nutritious food.
- Safe lodging.

And then continue with the introduction of education programs and health services.

The key to a more harmonious political climate is the acceptance of the principle of sharing.

Profound changes are already taking place in the industrialised world with the advent of micro-technology. Machines, ever more sophisticated, will increasingly take over the means of production. Today's problems of unemployment will become the problems of leisure. Education for the right and fullest use of leisure will be of paramount importance. So let us bring these technologies to emerging markets at their start of commercialisation.

“Let me take you into a world where no man lacks; where no two days are alike; where the joy of Brotherhood manifests through all men.” (Maitreya's Message No. 3)

In time, products and even machines to make products, will be made by the act of man's creative will; we have, as yet, scarcely touched the surface of the potential of the human mind (which dwells in the spirit body).

Much of the physical disease in the world today has a psychic cause (soul condition errors): the strains, the tensions and fears inherent in our divided society and world. Given true hope for the future, the general health of humanity will improve. As errors are removed from our soul, our soul condition grows and, accordingly, our physical health improves.

New approaches to discovering the causes of disease will become generally understood. The existence of the etheric planes of matter, that is, matter finer in substance than gas and normally invisible, has long been postulated, and accepted by esotericists (initiates in doctrine) as axiomatic (self-evident). This is the next area of matter due for investigation by our exoteric scientists. Harry Oldfield has advanced Kirlian photography and pointed the way with his visual live imaging of the etheric body. His technologies are considered for use within Pascas Care Centres. It will be realised that the health of the physical body depends entirely on one's soul condition, being the various errors within our soul. These errors block energy flow. The force centres (or 'chakras', as they are called in the East), which focus the etheric flow, have their counterparts on the dense physical plane in the major and minor glands of the endocrine system. We are just beginning to understand how important to our well-being is the correct, interrelated function of the endocrine system. This in turn is dependent on the proper functioning of the vital etheric body which sustains it. Our soul condition is the source of all pain coming from within our body.

The alternative, so-called 'fringe' or complementary medicines of today (they are really very old indeed – homeopathy dates back more than 12,000 years) will take their place beside the more orthodox methods. Teams of doctors and healers of various disciplines will work together, each bringing their particular insights and gifts for the greater benefit of the patient. The Masters are, without exception, adept in the esoteric healing arts, exemplified so dramatically by the Christ in Palestine. Their inspiration and guidance will quicken the pace of experiment and discovery and lead to results undreamt of today. Pascas Care embraces all of these concepts.

Certain diseases such as syphilis, tuberculosis and cancer are endemic in humanity are unbelievably old. It will take a long time to rid the world entirely of these scourges, but eventually it will be done. And in the meantime, enormous strides will be made in their control and in the amelioration of their effects, as is already the case with tuberculosis, however, the cause of these diseases can now be understood and

addressed. It is the accessing of emotional errors within our soul, and releasing them, that brings about the healing of the body.

The coming age will see certain profound changes in human perception which will give to humanity an altogether deeper and richer experience of the Reality in which we live: telepathy and etheric vision will become part of normal human equipment rather than being, as now, relatively rare. We are all telepathic (we share this faculty with the animal kingdom), but with most of us it occurs unconsciously, spasmodically, without any control or intention. Gradually, in this new era now dawning, telepathy will become the normal mode of communication between people at the same stage of evolution. Lying will automatically become impossible and speech will gradually die out.

We know, today, three states of physical matter: solid, liquid and gaseous. Esotericism postulates the existence of four further states of matter above gas, the etheric planes. We live in an etheric ocean, our etheric bodies being more complex concentrations of that ocean. A change in the physical eye will occur to confer the “double focus”, etheric, vision that allows the perception of these subtle planes. A whole new world will open for humanity; the beauties of the subtler planes will be revealed.

In fact, there are twenty two spheres or dimensions of existence that man has entered. The earth plane is only the first of these twenty two spheres.

One of the most profound changes which will take place will be in our approach to death. Man will lose his fear of death. Humanity will come to accept and understand the Law of Rebirth (becoming at one with God). Death of the body is but the transition to a new and freer state. Death will lose its terror. When the body is old and depleted in strength, death will be cheerfully sought as the doorway to renewal and further experience.

We will come to understand that our thoughts and actions from moment to moment set in motion causes whose effects make our lives what they are, for good or ill. So we will see the need for harmlessness in relation to others, a harmlessness based on the ‘will to good’, expressing itself as goodwill.

The Ancient Mysteries will be restored, and man will know himself as having the potential to becoming a divine being whilst in the physical state. Pascas Parks are modern day mystery schools. Chaldis Colleges will teach the Ancient Mysteries.

All people, eventually, even those not engaged in the religious field, will share the sense of a spiritual basis to life. All will endeavour, in whatever field of human activity they may be engaged, whether political, scientific, educational or artistic, to give expression to this sensed inner truth and will build a culture and a civilisation directly reflecting their experience that God, Nature and Man participate in. Then revelation will follow revelation, until we will find ourselves in possession of that knowledge which will open for us the secrets of life itself and will allow us to become conscious creators and co-workers with God. This will be possible when humanity’s will and God’s will are one and the same. A creative interplay between God and man can then take place, and the true nature and purpose behind the human evolution will become apparent.

This will lead to the creation of the Divine Science known only to those in higher spheres within the spirit world. One day, through man himself, this science will become the instrument whereby the forces of the

universe can be harnessed and utilised in the service of the Divine Plan to further the evolution of all kingdoms in nature. Under the guidance of many evolved spirits, man will find himself able to control forces and energies of which he is today totally unaware, and of which today he is totally at the mercy. He will be able to transcend time and distance by the power of his thought and to create modes of travel so silent and apparently motionless that fatigue will disappear. Through the power of sound he will build his artefacts (things) and control his environment.

Naturally, all of this depends on our ability to pray for God's Divine Love to enter our souls. Many have as their task to lead and guide that we willingly, gladly, adopt this desire for ourselves, in the light of our own soul's vision.

Ladies and gentlemen, it is because of your willingness to support this plan is why you have been attracted here today.

A new era of peace and goodwill is dawning the world. Nothing can now prevent the inauguration of this era of tranquillity and equilibrium. The desires released into the world by the Christ are definitely making themselves manifest on the physical plane and will continue to do so in ever-mounting strength. These desires will lead to results which at the moment seem to be impossible of achievement. More and more, these desires will condition the ways of our thinking and feeling, and will lead eventually to that desired state of fusion and synthesis which will be the keynote of the Aquarian Age (2,350 year cycle). Then we will recognise the facts for so long hidden and unmanifested.

Thus to sum up, Pascas encapsulates all the elements outlined within Benjamin Crème's book of 1986, titled "Maitreya's Mission". Though based on natural love principles, we have moved and embraced Feeling Healing with Divine Love throughout Pascas.

The foundation funding resources that evolved through Solid Investment will now continue to grow through the 'Friends Of Pascas' initiative will endeavour to grow the equity capital required for the passive commercialisation of the many technologies to be supported by Pascas WorldCare as well as the development of Pascas Care Centres throughout the emerging global communities. The creation of Pascas Parks with Chaldi Colleges will re-introduce mystery schools of old embracing Divine Love principles. Education and humanitarian programs will be funded through the surplus profits emerging also through 'Friends Of Pascas'.

FEELING HEALING WITH DIVINE LOVE WAY or the NATURAL LOVE WAY:

Without embracing one's Feeling Healing process and receiving Divine Love, the Love of our Mother and Father, our progression is totally dependent upon our own personal endeavours and capabilities, that is, our perseverance and willpower.

We are all blessed with natural love, which is the essence of our soul. To develop ourselves to that of being the perfect man is a slow and persistent application of our own attributes and will power, the time required to achieve such perfection may take many centuries of dedication, and even then we only become the perfected being fitted for the 6th sphere of the natural love spheres. We cannot progress any further without embracing the Love of our Mother and Father, the Divine Love.

Once we recognise the availability of our Parents' Love and begin to ask for and receive it, our progression begins to escalate exponentially. Further, with the Love we can become fitted to enter the Celestial Heavens, the first of which is the 8th sphere in progression. We can progress through the Celestial Heavens into the Eternal Spheres and then on into the Spheres of Paradise.

Accounts of spirit people who's condition have been so poor to fit them only for the hells, namely the Spheres of Disharmony, show that even they can progress from the lowest of conditions to being within the Celestial Heavens, way above the highest sphere of the Natural Love spheres, within or around three or so years. Some achievements have been:

James Padgett entered the Celestial Heavens within 28 months of his passing.

Helen Padgett was in the Celestial Heavens within 12 months of passing.

Nita Padgett progressed from low 1st sphere to Celestial Heavens within 24 months of passing.

Kevin Cooper died 10 August 2012, through Feeling Healing became Celestial on 7 August 2017.

Emperor Nero progressed out of the low hells to Celestial Heavens by receiving Divine Love.

Emperor Julius Caesar moved from the hells to 3rd sphere within 19 months from receiving the Love.

George Butler progressed from the hells to the 3rd sphere within 38 months by receiving the Love.

President Grover Cleveland moved from dark spheres / hells to 3rd sphere in 20 months with Love.

President John F Kennedy became Celestial following 15 years embracing Feeling Healing process.

R. Ross Perry progressed from the hells to 3rd sphere over 30 months by receiving the Love.

It is only one's Feeling Healing with the Love that forgives sin, dissolves the errors and fits a person for a higher habitat. Man, left to his own devices, can require many centuries to grow and then cannot enter the Celestial Heavens.

Focusing only upon personal development may remove, or most likely reduce in significance the influence upon one's personality man-made emotions that are obviously those emotions that bring about harm to others as well as to one's self. We are never able to fully remove man-made emotions from our personality. That is, only when we are fitted to enter the Celestial Heavens and being at one with our Parents are we free of the embellishments of man made emotions. Yes, as we progress in our development such man-made emotions are progressively diminished and subsequently put aside due to our personal willpower, however that typically requires eons of application to this cause.

By embracing the Mother and Father's Love then we bring about rapid growth and development of our soul condition as it is our Mother and Father's Love with Feeling Healing that progressively dissolves man erroneous emotions that we have taken on board, typically during our very early childhood due to our family environment.

SPIRITUAL REVELATIONS and the REINTRODUCTION of DIVINE LOVE:

Six hundred years before the coming of Jesus of Nazareth, there were several world teachers introducing progressive spiritual and loving teachings. After the time of Jesus, we waited six hundred more years before another world teacher delivered upon earth a spiritual platform.

This has occurred again during the 1900's with the delivery of spiritual teachings that continues today.

These gifts for humanity started with messages successfully conveyed through James Padgett on 31 May 1914. Between 1914 and 1923 some two and half thousand messages were documented. A student of Padgett's messages, Dr Daniel Samuels, continued the work from 1954 to 1963. A student of both these works received the Judas Messages between 2001 and 2003. Students of all these works are now recording and publishing further expansive materials; both the Richard Messages and the Divine Universe were received during 2012 to 2013. Thus this program has been in progress for 101 years, this phase commencing on 31 May 1914 and ongoing.

Currently, there are further supportive publications. As one investigates these revelations and develops their own soul condition then one can perceive further possibilities and the resulting questions lead to further development of the material. It is most apparent that these communications will continue to develop greater and more spiritual explanations.

By the middle of the second century, much of what Jesus of Nazareth taught was lost. Most importantly was the loss of his teachings regarding Divine Love, the Spirit Love, that **all** can receive should they so ask:

God's Divine Love, pray for it, ask for it, and receive it.

The experience of living with Divine Love is now the blessing of many. Those with this love have a burning desire to share their experience with others. This is what we will do.

“Never can one man do more for another man than by making it known of the availability of the Feeling Healing process and Divine Love.” JD

GEMS for ALL PEOPLE of all AGES to EMBRACE:

The GOLDEN AGE!

Cause No Harm < to OTHERS
to MYSELF

Strive to love others as I am to love myself

At any time, any where, and in any way you so please:

Approach our Heavenly Parents, in reverence, without fear or trepidation, just as we, as a child, approach our earthly parents knowing that open loving arms are extended to receive us at all times. As one’s love grows for our Mother and Father in the Heavens, we come to know with absolute clarity and certainty that our Heavenly Parents, loves you and me and everyone in return, at all times, and that fear is an illusion created by man’s mind.

God, who is our Heavenly Mother and Father, is almighty, all powerful, infinite, and all loving. The love of the Heavenly Parents for Their children, man, has been and is always infinite and ever present. As one’s faith evolves, one’s love for our Heavenly Parents will have no limit. As we grow in Their love, so will we grow in love for all of God’s creations and our fellow man.

The Source Soul, our Heavenly Parents, simply desires for us to ask for Their Love.

God's Divine Love: Pray for it, ask for it, and receive it.

“I love you Father.” “Let the Divine Love flow its energy into my soul.”

“Mother, Father, I desire your Love and I am loving you.”

“Soul God, I love you and I love receiving and experiencing your Divine Love.”

“True Soul God, I am here, I am aware of your Love.

Please hear my aspiration for your Love and as I approach you from my soul, I can feel your Love in the way that you are loving my soul.”

“Please Mother and Father, may I receive Your LOVE.”

Maybe we could simply long for and ask:

Please, Mother and Father, I want some more of your Love!

Strive to love others as I am to love myself

To liberate one's real self, one's will, being one's soul, is by embracing Feeling Healing so to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

Divine Love
is the key!
