**PARTNER WITH US TO HELP END CHILD SEXUAL SLAVERY**

## DEAR FRIEND,

I want to invite you to partner with Destiny Rescue as we fight to end child sexual slavery. We are engaged in a battle to bring this evil to an end, and we need your help.

We are attacking this issue from many angles; identifying high-risk children and protecting them, bringing abusers to justice, working with police to ensure laws are enforced, and going into the dark places where these children are being sexually abused night after night, rescuing them and empowering them into their God-given destinies.

Not only are we rescuing them from a literal hell on earth, but we are introducing them to a very real Jesus, giving them every opportunity to live the life God intends for them.

We have a bold, God-inspired vision to double our rescues each year. And we will give our all to make this happen.

The next few pages will give you a flavour of who we are, what we are doing, and how we could work together in a variety of ways. May God richly bless you as you prayerfully consider how your church can be involved. Let's be the reason this evil is eradicated in our generation!

Fighting for Freedom,

Tony Kirwan  
Founder and President of Destiny Rescue

## Rescue

Destiny Rescue's team of specialist rescue workers go undercover to identify and rescue children from the sex trade. Our undercover teams also partner with anti-trafficking police; we've initiated successful raids resulting in the rescue of many children, the closure of brothels, and the arrest of child traffickers.

### *The Story of Tuk*

Imagine poverty so severe that a mother considers sacrificing one child to save the others. This is what happened in Tuk's family. The difficult decision was made, Tuk was sent to the city to work.

She went happily, willing to do whatever it took to help her family survive. With love in her heart and change on her mind, this innocent village girl went to work in what she believed to be a respectable restaurant. With the nervous excitement that accompanies any new adventure, Tuk reported to work for her first day. She was taken to work in a brothel.

After being rescued by Destiny Rescue, her world is now vastly different. She is now learning English and working in one of our Destiny businesses. She remains inspired to help her family and sends most of her wages home. A young village girl with no future has been given the ultimate gift: a brand new destiny.

Disclaimer: This is the true story of a rescued child. To protect her identity, names and images have been changed.

# Restoration

Destiny Rescue's team of highly trained aftercare specialists provide immediate medical and psychological support to newly rescued children, followed by a gentle induction into the Aftercare Program.

The Aftercare Program includes intensive counselling, life-skills training, language lessons, recreational activities and the opportunity to heal. The Program empowers young people, creating confidence and the ability to take the next step towards successful reintegration.

“I love watching the transformation from scared young girl to smiling and happy after a few short weeks.”

Karla May, Aftercare Coordinator

Destiny Business Training & Employment

# Reintegration

When assessed as ready, the exciting (and sometimes daunting) process of reintegrating into normal society begins. Our Case Managers assist in deciding on a reintegration pathway best suited to each individual's needs.

## **Employment**

Some young people are ready to find a job. Job Placement Officers assist them in finding safe, sustainable employment.

## **Vocational Training & Job Placement**

Some young people need skills and training to find employment. They are enrolled in a course at a Vocational Training Centre where job placement is guaranteed upon completion of study.

## **Destiny Business Training & Employment**

Job Placement Officers arrange training positions within Destiny Rescue owned and operated businesses. Young people undergo a traineeship and gain valuable employment experience.

Once employed, the transition to independent living begins. Destiny Rescue continues to offer follow-up services for two years.

The ultimate success of our program is realised when a rescued young person is happily and safely reintegrated - an inspiring achievement.

## Getting There First

What few possessions Jackrit's family had were rapidly being sold off by his father to fund his gambling addiction. His mother worked tirelessly to provide for Jackrit and his sister by making charcoal bags and selling junk collected near the marketplace. Life at home was rife with quarrels and uncertainty about their future.

When Jackrit had completed sixth grade, he was readied to travel to Bangkok for work as there were no more funds for his education. As a young boy, the risk of becoming prey to child trafficking was high. Destiny Rescue intervened, needing to get to Jackrit before he became another child victim of the sex trade.

Jackrit was enrolled into an education program and he was happy to continue his studies. Jackrit is currently in a higher-level vocational program, completing this third year in auto mechanic coursework. His reputation for intelligence, skill and a strong work ethic secured him a month-long internship with Isuzu. Jackrit's training evaluation scores were 98%, which resulted in him being offered a management position and scholarship to continue his education further. What a success.

## Prevention

Many children are forced or tricked into sexual slavery out of desperation to earn money to help their poverty stricken families. A lack of education gives them very few options for employment and so they become vulnerable to the approaches of child traffickers.

Destiny Rescue is addressing the root causes of child trafficking. Our Prevention Program works to identify at risk families. Financial assistance is offered to pay for the education of children in these circumstances. If a family's situation is desperate enough, Destiny Rescue will offer further assistance and will sometimes relocate children to one of our prevention homes, where they will be given an education, a safe place to live, food and medical care. Destiny Rescue believes prevention is always better than cure.

# PARTNER WITH US

## R·R·R Rescue, Restore, Reintegrate

Your church can reach out and save precious children from the sex trade. To rescue each child from sexual slavery, fund their time in our intensive healing and restoration program, and sponsor their reintegration into safe and sustainable employment costs money. Your church might choose a single option to focus on, or may wish to fund the entire process. Cost breakdown per child: rescue \$1,500, restoration \$3,000, reintegration \$1,500

Simply put, partnering with us will help more children find freedom.

We invite your church to partner with Destiny Rescue in the war against child sex slavery. We are committed to work side-by-side, providing you with everything needed to engage and equip your congregation in the fight against this global evil.

We have a team of inspiring speakers who can visit your church and share about our work first-hand. We also have created resources to help promote each of our programs and these are available upon request.

## Fund a Project

A range of much needed projects are available for funding on our website. Choose one that your church is passionate about and work towards funding it. Your church can continue to support the project on an ongoing basis and can even sponsor children assisted by that project where applicable. In this way your church can make a vital contribution to the advancement of our work, whilst uniting your church around a cause.

## Sponsorship Sundays

Sponsorship is a great way for individuals in your church to engage personally with the work of Destiny Rescue. By setting aside one Sunday each year to focus on sponsoring children rescued, or in our prevention programs, you will be changing their lives forever. Through sponsorship, children who have been broken by the sex trade are made whole and taught their true value as children of God

## Team Trips
