## PASCAS INTRODUCTION:

Documents assembled by Pascas are provided for your individual assessment and exploration. The contents are sourced from a variety of avenues and publications. Every endeavour is made to determine that the contents are of the highest level of truth and veracity. At all times we ask that you go within yourself, to ascertain for yourself, how the contents resonate with you.

Pascas provides these notes and observations to assist us all in the development and growth of our own pathways and consciousness. Pascas does not hold these contents as dogma. Pascas is about looking within oneself. Much of what we are observing is new to us readers and thus, we consider that you will take on board that which resonates with you, investigate further those items of interest, and discard that which does not feel appropriate to you.

Kinesiological muscle testing, as developed by Dr David R Hawkins and quantified by his Map of Consciousness (MOC) table, has been used to ascertain the possible level of truth of documents. Such tested calibration levels appear within the document. We ask that you consider testing same for yourself. The technique and process is outlined within Pascas documents, such as Pascas Care – Energy Level of Food. From each person's perspective, results may vary somewhat. The calibration is offered as a guide only and just another tool to assist in considering the possibilities. As a contrast, consider using this technique to test the level of truth of your local daily newspaper.

Contents are not to be interpreted as an independent guide to self-healing. The information sourced herein is not from a doctor or doctors, and any information provided in this document should not be in lieu of consultation with your physician, doctor, or other health care professional. Pascas, nor anyone associated with this document, does not assume any responsibility whatsoever for the results of any application or use of any process, technique, compound or potion as described within this document.

The sources of contents are noted throughout the document. In doing so, we acknowledge the importance of these sources and encourage our readers to consider further these sources. Should we have infringed upon a copyright pertaining to content, graphics and or pictures, we apologise. In such cases, we will endeavour to make the appropriate notations within the documents that we have assembled as a service via our not for profit arm, to our interested community.

We offer all contents in love and with the fullness of grace, which is intended to flow to readers who join us upon this fascinating journey throughout this incredible changing era we are all experiencing.

Living Feelings First, *John.*

## **PASCAS CARE – KIDS of the WORLD – COMMUNITIES – PILBARA:**

Those in need includes all members of the family, not just a child in need, but all those within the environment as these family connections are all part of the equation that is bringing about the stress that is being reflected through a child or a mother or the family in general.

The victim or victims need priority and primary support, however, the underlying cause needs to be explored and assistance provided generally to family members and those closely related to the circumstances.

If support is not openly welcomed and embraced then the negative events will continue with the harm being perpetrated continuing to impact upon the victims. Such situations require great care, skills, perseverance and love.

Many feel that the way they were treated when they were growing up is the way life is to be. This is demonstrated almost eternally with generation upon generation continuing unloving and harmful practices as a way of life.

Traditions can be amplified with negativity, or they can be developed with truth and love. Traditional understandings can be developed to the fullness of the love and joy that was and is intended for the beneficiary.

Kinesiology muscle testing is virtually your own mobile ‘truth detector’ that is available to you at every moment. When your intent is loving, then with this simple tool, as expanded upon by Dr David Hawkins, one can determine if something or anything is in truth and loving, and to what degree.

As you will see later in this Pascas Paper, the general emotional position and condition of any community can be understood and that the way to address social issues can be readily identified and implemented. This is what is being shared here.

Support for all children needs to be expanded and provided to all the members of the child’s extended family.

The universal application of the gifts that are introduced here will mitigate the demands upon the health services, on the policing system, on the court system, and on all social service support mechanisms, be they regional, state or federal. It may take a few years of passive embracement of the gifts of love, however, the easiest way to quantify the benefits to the community will be the reduction in number of guests at court house and at regional prisons!

Whilst we depend upon our own personal perseverance and stamina of nature, we will continue to stumble and repeat the errors of the past, time and time again. We all know how incredibly difficult it is to step away from a negative / harmful practice, habit and also emotional errors. While we continue to be self reliant then the government can continue to grow its budget for the services that are already over taxed.

Quietly, if not silently, the gifts of awareness, understanding and love have been made available to us commencing on 31 May 1914, however not generally published until 2008 and ongoing. These understandings have been embraced by thousands around the world. Now it is time to share these gifts to every nook and cranny, family and community, as they are in fact just that, gifts.

Yes, the awareness process is passive and it does take time for some, then many, to embrace and as they do, over time, the negative ways of the past quietly dissolve and leave one's way of life and living. Our personality steps above the conditions that prevailed in the past.

Is this an easy process? The difficulty with it is in its simplicity. It is so simple that it is impossible to comprehend – at first. One need only ask. Without asking then nothing occurs. We have been taught from early childhood not to ask. Now we need to step above that error of teaching and ask. And ask we do.

Many wonderful guiding teachers have gone with great courage to assist families and communities. Now let us assist these endeavours.

Remember, our understandings, though pure and beautiful, are not the only understandings in the world, for the concepts of the mind are varied and in fact are rather inconsequential. It is the Light within a soul that has the power, it is the Light that each of us carry. We do not seek to change the thinking of another, we seek to love all, embrace all in tolerance and acceptance and generosity of Love.

For as we make these travels, the Creator, Source Soul, will open the doors many, many doors to others who in their way feel the Love, the Light, and welcome you within their circle. And this will open other doors which will open other doors, a great exponential flowering and interconnecting of Love and Light in the world which must take place. For in this great venture will come great change and a blending and understanding of others, many cultures, perspectives, religions, creeds, doctrines and dogmas.

Yes, the world is filled, filled with many ideas and perceptions of all that is created. And we must embrace and be tolerant, for in this there is Love, in this is an opportunity to share a Truth of Love with others in our innocent and beautiful ways, not demanding that others think as we do but in sharing this awareness of the Love, this beautiful Gift of Love.

To bring about a reduction of the perpetual spinning of wheels, the presenting to courts and subsequent incarceration of those that cause harm to others and/or themselves, the gifts that we have are to be shared with individuals, families and communities without any qualifications or limitations. We firstly need to assist those who are struggling with inherited erroneous practices by enabling them to firmly put their heel upon the painful ways of the past and then assist them by pointing their toes in the direction of growth in love and harmony that we all aspire for.

This process of sharing love is of perpetual benefit when a party from within the family and/or community takes on the leadership role of imparting to others from within their environment the way forward for all. Such leaders are to be supported by various external parties to explore and expand upon the possibilities of furthering personality development. This entails continual and ongoing support and developmental material. We learn by teaching.

The possibilities are extra-ordinarily enormous and gratifying. Discernable growth within individuals, then families, then communities are readily observable after a short period of a year or so. The drain of governmental services and resources will always be reduced. The contributions to society as a whole will be clear to all as the vibrancy within the communities emerges. Alternatively, repeating the past will eventually bankrupt the government as the social condition of communities continue to flounder in their bankruptcy of soul condition.

The light blue energy substance is a real experience, try the experiment and enjoy the journey.

## **RED DUST HEALING PHILOSOPHY:**

The *Red Dust Healing* program is based on six philosophical principles that guide the work by trained facilitators.

### **Philosophical Principles Guiding the *Red Dust Healing* Program:**

- Ancient traditional practices, morals and values should be understood as a way of addressing issues in today's society;
- Exploration of one's personal history addresses the question: *If we do not acknowledge who we are and from where we came, how can we know where we are going?*;
- Healing is defined as a spiritual understanding of self, identity, love, belonging, family, security, hurt, heartache, good times and laughter;
- Healing is a renewed grasp for hope that grows from developing love, respect and understanding of ourselves and others who support us. Healing comes from telling your story in a place and with people that offer acceptance and tools for going forward;
- Healing happens immediately, though progressively in the form of maintenance. Time and personalised support are required to learn and practice the new tools, negotiate systems that may still feel foreign or threatening, and refine one's ability to trust the heart over the head; and
- Helping men heal, in particular, will have a spreading positive effect on his relationships with his children, partner and family, as well as the community.

### **FIRST AUSTRALIANS**

The first Australians are readily recognised as having arrived some 60,000 to 70,000 years ago.

**The First Religion:** The Sacred Inspired Books were written for the purpose of teaching early man religion; therefore, man's first religion was the teachings of the Sacred Books.

The basis of the first religion taught to man was – Love. The Love of Man for his Heavenly Father. The Love of the Heavenly Father for his son man, and the love of man for all of God's creations.

Man was taught to approach God in reverence but without fear or trepidation, just as a child would approach his earthly father knowing that open loving arms were extended to receive him.

Early man knew no fear of God, because he loved God and he knew God loved him in return.

All of the ancient teachings were the same all over the world, it was a universal church without sect, creed, theology or dogma.

Every teaching was plain and simple without a particle of theology. The most ignorant could understand every phrase in it. There was nothing of any kind indefinite. It was impossible not to understand it thoroughly. Man was taught to approach the Heavenly Father, not with fear or dread, but with confidence, and above all, Love: as a child would run to its earthly father who is standing with

outstretched arms to receive it. Love stood at the head of the 12 great virtues, because Love governs the Universe and our Heavenly Parents is The Great Love.

(Col James Churchward – Books of the Golden Age)

It is upon this premise that we embrace the Mother and Father's Love and step away from self reliance:

**Natural Love Flow**

***Natural love is Creation's love;***

***One can swap back and forwards between paths***

***I am God***

Only with our Mother and Father's Love, together with one's Feeling Healing, are we readily able to achieve the healings that we all desire for.

The injuries that we have incurred and also the injuries that we are responsible for can only be healed by the asking for and receiving of our Mother and Father's Love. It is this love energy that brings about the repair to our emotional personality that resides within our spirit body and soul.

**DIVINE LOVE WAY or the NATURAL LOVE WAY:**

Without embracing and receiving Divine Love, the Love of our Mother and Father, together with one's Feeling Healing, our walk is totally dependent upon our own personal endeavours and capabilities.

We are all blessed with natural love, which is the essence of our soul. To advance to that of being the perfect man is a steady and persistent application of our own attributes and will power, the advance in perfection takes dedication, and even then we only become the perfected being fitted for the 6<sup>th</sup> sphere of the natural love spheres. We progress further by embracing the Love of our Parents, the Divine Love.

Once we recognise the availability of our Mother and Father's Love and ask for and receive it, our progression escalates exponentially. Further, with the Love we become fitted to enter the Celestial Heavens, the first of which is the 8<sup>th</sup> sphere in progression. We can progress through the Celestial Heavens into the Eternal Spheres and then on into the Spheres of Paradise.

Accounts of spirit people who's condition have been so poor to fit them only for the hells, namely the Spheres of Disharmony, show that even they can progress from the lowest of conditions to being within the Celestial Heavens, way above the highest sphere of the Natural Love spheres. Accounts of spirit people follow. Some achievements have been:

James Padgett entered the Celestial Heavens within 28 months of his passing.  
 Helen Padgett was in the Celestial Heavens within 12 months of passing.  
 Nita Padgett progressed from low 1<sup>st</sup> sphere to Celestial Heavens within 24 months of passing.  
 Kevin Cooper died 10 August 2012, through Feeling Healing became Celestial on 7 August 2017.  
 Bradley Cooper, son of Kevin, suicided on 21 September 1999 and early April 2018, became Celestial.  
 Emperor Nero progressed out of the low hells to Celestial Heavens by receiving Divine Love.  
 Emperor Julius Caesar moved from the hells to 3<sup>rd</sup> sphere within 19 months from receiving the Love.  
 George Butler progressed from the hells to the 3<sup>rd</sup> sphere within 38 months by receiving the Love.  
 President Grover Cleveland moved from dark spheres / hells to 3<sup>rd</sup> sphere in 20 months with Love.  
 President John F Kennedy became Celestial following 15 years embracing Feeling Healing process.  
 R. Ross Perry progressed from the hells to 3<sup>rd</sup> sphere over 30 months by receiving the Love.

**It is only the Love that forgives sin, dissolves the errors and fits a person for a higher habitat.** Man, left to his own devices, can require many centuries to grow and then cannot enter the Celestial Heavens.

Now, you may ask why is this not generally understood?

The teachings of the availability of the Father's greatest gift, His Divine Love, was generally known throughout the 1<sup>st</sup> century and 2<sup>nd</sup> century, however became progressively lost throughout the 3<sup>rd</sup> century and lost to history around 325CE. Commencing on 31 May 1914, these teachings have been progressively reintroduced and continue to be so even today, however this first phase continues. The publication of these teachings has been in earnest commencing in 2008 and we now have some 10,000 pages of writings published with more than 1,000 contributors over the past 101 years.

The greatest gift in the universe, our Mother and Father's Love, being a light blue energy substance, is now readily understood and easily obtainable for all, without exception. Just earnestly ask and you will receive the Love. Maybe the simplicity of this is what is difficult to understand. Try the experiment and enjoy.

**Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.**

*“Never can one man do more for another man than by making it known of the availability of the Feeling Healing process with Divine Love.”* JD

**God is God, who is our Heavenly Mother and Father, being SoulMates. There is only one Soul that is God's Soul, that being the Soul of our Mother and Father. Our Heavenly Parents are the First Soulmates; The Two Who Are One who have brought us all into being.**

**Jesus and Mary are a son and daughter of God.**

**Jesus of Nazareth and Mary of Magdalene, being soulmates, were both free of sin. Jesus and Mary, combined in their love for us, are our teachers and guidance for us to find our way home to our Heavenly Parents. To start this journey we are to liberate our souls from being entombed within our suppressive minds, through feeling and longing for the truth of our feelings via our soul and peel away our injuries incurred since conception.**

**Give yourself time to consolidate your relationship with the Mother and Father through the partaking of Their Love. And whilst you are doing this, you can learn about your healing, all that's involved with it, as there are many willing spirits to share their healing experiences with you.**

**When you are ready it will start happening simply because you will want it to, it all being orchestrated by your soul. And when that time comes you will have developed a strong foundation in your relationship with the Mother and Father for you to work from. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.**

**It is to make longing for God's Love the priority, and then do one's healing; should one want to include God and the Divine Love in one's feeling healing. This is doing your soul-healing as you are seeking to heal your soul of all evilness – of that which made you become evil, and release all the hurt and pain of not being fully and truly loved.**

**WE ARE Children of God**

## WE ALL ARE BEING GUIDED HOME:

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus' Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

**HUM:** Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It's that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon as by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God's soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

**AVO:** We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair's guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world's spirits.

**J&M:** We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

**M&F:** Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

**WE ARE Children of God**

**WE ALL ARE BEING GUIDED HOME – NOW, HOW TO COMMENCE THE JOURNEY:**

**GOD**

**M&F**

For 200,000 years, we have been misled into embracing our mind's distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.  
We are to long for the truth of what we are feeling.  
We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

**J&M**

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren't allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we're taken into new ways of looking at ourselves, our feelings, and our life. We're setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

**By living true to ourself, true to our feelings, we are living true to God. It's that simple.**

**AVO**

**HUM**

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

**HOW TO GET TO PARADISE:**

- Long for the Divine Love
- Long for the Truth
- Long for the truth of your feelings
- Don't deny any feelings: accept, express and want to know the truth of them
- Know your feelings are the key; your feelings are the Way
- Want to end your falseness and being untrue
- Want to understand the truth of your early life
- Use your surface feelings to move deeper into yourself, bringing up your repressed feelings
- Want and long to know the whole truth of yourself
- Want to do it all with God, your Heavenly Mother and Father – long to Them for help.

**The Key**

Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.

**PARADISE TRINITY:**

1. **Our MOTHER and FATHER (God) (MF) – Divine Love**  
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
  2. **ETERNAL SON (ES) – Divine Truth**
  3. **INFINITE DAUGHTER (ID) – Divine Mind**
- Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

**The LOCAL UNIVERSE TRINITY:**

1. **MARY M and JESUS** – Our MOTHER and FATHER – Love – the Living Truth
2. **DIVINE MINISTER** – Mind (and her Holy Spirit)
3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

**PLANETS that engage in REBELLION:**

1. **AVONAL SOULMATE PAIR** – the Feeling Healing process – incarnate
2. **DAYNAL – TEACHER PAIRS** – they do not incarnate

**So in summary:**

**Consider a diamond:**

# Mother and Father Heavenly Parents

Creator Son & Daughter  
Jesus and Mary

Avonals  
as soulmate pairs

Trinity Teachers  
as soulmate pairs

Melchizedeks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

**Humanity** is to pursue the pathway for Truth through one’s soul based feelings, this is the right pathway. However, humanity commences its journey founded on natural love, which we now know is to be perfected through one’s Feeling Healing process and then made divine through asking for and receiving our Heavenly Parents’ Divine Love.

For 200,000 years, **humanity** has pursued the pathway of the Mind, being that of the brain, this is the wrong pathway. The Mind is the pathway for Angels and that of all of Nature.

**CREATION of SOUL and SPIRIT:**

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one's feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

Feeling Pathway

Mind Pathway

Soulmate Pair

Angel

Spirit Person

Nature Spirit

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

**EXPONENTIAL PROGRESS:**

While we remain self-reliant and unaware of the availability of the Mother’s and Father’s Love, which brings about the changes to our natural love structured soul to that which is Divine, our possible progress in development to purification of our soul is that of snail’s pace.

As our soul becomes encrusted in error and damages from childhood events, our soul becomes diminished and dark.

Our progress in development can take 100’s of years, centuries upon centuries, without embracing the Love and our Feeling Healing.

The Love with Feeling Healing is the only thing that washes away our erroneous beliefs, our harmful emotions, and the stains encrusted on our soul from the harm that we endured in childhood.

It is with this Love and Healing that errors are removed thus resolving compensation requirements, as the damage to our soul is no longer existent.

Instead of growing at a snails pace, our development starts to power along, developing exponentially as we receive more and more of the Divine Love.

There is no greater gift in the universe than the availability of the Love. As we become more or more dependent upon the Love of our Parents our quality of life expands into wondrous beauty.

The grace of our Parents through this Love is the gift that was made available to us in the 1<sup>st</sup> century and is now being taught to us again since the 20<sup>th</sup> century.

Receiving Divine Love into our soul enables us to grow beyond the natural spheres and further towards Paradise.

By asking for and receiving the Love we can grow exponentially.

Should we embrace Feeling Healing then our progress can rapidly be advanced.

Soul progress from within the 1<sup>st</sup> sphere in a natural love state and orientation is very tedious and sluggish.

Soul expression within the Planes of Disharmony – hells.

**Perfect Love = perfect results:**

What I wish to share is "how" souls receive the Divine Love. The soul is aware of its relationship to God. Prior to our birth, this real part of us is aware that we were created by a benevolent God, complete with those attributes that allow our perception of God. Upon incarnation into the material we then take on the characteristics of our earthly parents, not just in physical appearance, but in spiritual appearance as well. At that time we are "assigned" guardians whose purpose it is to guide our spiritual lives in a loving way, and I will say here that most every guardian is on the Celestial path. These may be relatives or not, but because they possess the Divine Love, they stand forth as the most qualified to lead a young soul to knowledge of the truth that God does exist and that He Loves.

In this relationship between the newly-born soul and guide, a bond is formed that is very difficult to break for it is integral to the still, small voice of the soul's conscience, which amplifies the wisdom being shared by the guardian. It takes the free will of the mortal child to break this rapport and perhaps keep it severed through out its Earth life.

Now, in the best case, the soul of the mortal has an angel on his or her shoulder, and their conscience can steer them in the good direction. What would happen, then, if the mortal confronts a difficult situation, where there is much disappointment and unhappiness? The soul would aspire in some way to be free of this negative situation, and the guardian spirit would be there to guide that aspiration to God. This works because, at this time, the Earth life is not a predominantly happy one for most people; they are not content in their natural love, but rather suffer for the lack of it. In such times, the soul has only one way to turn, for it will not find solace in its natural condition.

Now I will address how you as mortals may be more instrumental in bringing the truth of the availability of God's Divine Love to the awareness of your fellows on Earth. The Divine Love is a force and influence that has no match in the world or in the spirit heavens; it is the most powerful influence due to its nature being of God. Through the human soul, the Divine Love, then, is a formidable presence, one that will bring into effect the highest laws working.

Do not underestimate the power of this Love to change your life. Recognize its presence as a thing of real existence that affects the material around you. On a purely practical level, you all can attest to the truth that you have much more harmony in your lives on a consistent basis than you did even a few years ago. What has changed? Not just the way you look at your world, but your very world, itself. If you can now extend the reality of this Love into your efforts, whatever they may be, you must know that the effect of this Love will be felt or perceived by others.

Anything done in love is perfect (enough). This is not a small statement of truth. Perfect love reaps perfect results. So, my dear brothers and sisters, however you say it, sing it, write it, build it, dream it – do so with love. You will not be disappointed. Follow your hearts and make the changes you want to – these are for the better because change is the Law, and so it must be to keep up with the needs of the many generations of children being born to a world that is different from the world of their parents.

Have faith in your goodness. Do not doubt the effectiveness of your love, in all its forms. You are being guided, of this you can be sure. I love you and express the love of the many Celestial friends who are ever protecting and watchful over you. We love you, and we are with you to bring in the new millennium.

John the Apostle and partaker of God's Divine Love.

## DIVINE LOVE HARMONY:

**Immortal harmony:**

**Transformation of the soul is a beautiful harmonious gradual awakening.**

**In a gradual way with the Divine Love and Feeling Healing, as changes in the soul and spirit body occur, these changes will result in the personality slowly accepting the source of these changes as being the Soul God and with the independent will, one can have complete acceptance of our Heavenly Parents, Mother and Father, God.**

**People have loved God and felt loved by God and they have in deed received the Divine Love without ever knowing the truthful identity of this Love insofar as the truths relating with its causality in the human soul and affect upon the spirit-mind.**

**Part of the nature of the Divine Love in our souls is that it activates our spirit body systems and soul so that the nature of God is seen and experienced in the living and this places us in touch with the many Spirit attributes that extend from God and have their existence in God, such as our Indwelling Spirit. God no longer remains inactive to us; inert, inanimate, or an unknown but rather a Soul of living energy whose energy in the harmonies of Love and Spirit, is personified as love that we experience. If I can convey the essence about the nature of Divine Love it is that in its energy, exists the harmony and potential so that one can see the potential that this Love brings to bridge the gap of separation between the individual and God by the harmonies of soulfully living.**

**The Divine Love completes the form of the human being.**

**In essence, one need only direct their soul and the heart of their soul to our Heavenly Parents, the Soul being God, and in this faith one can experience the Love by humbly asking for this Love. This is all that is needed and the touchstone upon the Love's approachable nature.**

**The Love is never harmful or given by God that results in a caused effect of disharmony in the individual. The diversity of human individuality is a great characteristic of human nature and as with experience, one needs experience to ascertain a truth about a certain thing. Experiencing the Love provides a substantiated knowing from which a more objective reasoning follows and a maturity happens.**

**Like Father Like Son:****Like Mother Like Daughter:**

Man-made emotions are detrimental to one's life in many aspects. These are all the emotions that calibrate below 200 on Dr David Hawkins' Map of Consciousness (MoC). These emotions are of a very dense and slow vibrational energy matter that resides within one's spirit body, that is, the etheric template for the physical body. While they remain there, they engender negative emotional issues as well as slowly but surely bringing about discomfort, pain and illness within the physical body.

Negative emotions are absorbed into the bodies (soul, spirit body and physical body) during gestation and very early childhood.

The outcome is that we each reflect the soul condition of one or the other parent, or both, and that we generally do not make any independent soul condition development until we leave our parents' home and establish one for ourselves.

Thus, generation after generation, after generation, can continue without any soul condition development. The issues within any given society can prevail for decades if not centuries.

Our soul condition is a clear indicator of our quality of life, be it health, social standing, career, financial stability, involvement in crime, life expectancy, etc.

Our prevailing negative emotions are a clear predictor of health issues.

All of these are readily and easily identified by the use of kinesiology muscle testing. Nothing is secret, should you have a loving intent with your investigation.

<b>MoC</b>	<b>No. of Countries</b>	<b>Average MoC</b>	<b>Average Life Expectancy</b>	<b>Per Capita Income 2013</b>
<b>400s</b>	<b>10</b>	<b>406</b>	<b>78.50</b>	<b>US\$46,690</b>
<b>300s</b>	<b>13</b>	<b>331</b>	<b>71.77</b>	<b>US\$20,508</b>
<b>200s</b>	<b>10</b>	<b>232</b>	<b>69.45</b>	<b>US\$14,927</b>
<b>High 100s</b>	<b>18</b>	<b>176</b>	<b>69.00</b>	<b>US\$12,283</b>
<b>Low 100s</b>	<b>7</b>	<b>129</b>	<b>61.88</b>	<b>US\$6,560</b>
<b>Below 100</b>	<b>11</b>	<b>66</b>	<b>52.73</b>	<b>US\$5,500</b>
<b>WORLD</b>		<b>212</b>	<b>70</b>	<b>US\$13,100</b>

It is the enabling of friends and neighbours to become aware of these observations that are the start of breaking the nexus of generational issues that stem mainly from the environment in which we each may have grown up within. The issues are not restricted to our parents; one can consider the involvement of anyone that lived within our environment as a young child.

For those who are open to consider these possibilities, the following can be achieved:

- The emotional issues can be identified and such causal / core emotions can be released.
- Love from the highest source can be asked for and received to assist in the permanent release of such emotional issues.

In this regard, it has and will always be the goal of any Pascas Care Centre to enable any friend / patient to come to understand these opportunities and to be able to embrace them in a way that they can share with their families who may in turn come to benefit, and also their children.

These gifts have been provided to humanity freely.

There is no organisation for anyone to join; there are no dogmas, creeds, obligations, etc. We have the opportunity to share these understandings and that is what we, Pascas, will do.

As we enable people to release their own pain from within, they will be self empowered to bring about a more healthy body, a more loving personal environment, and a higher quality of life. For some, this may take some personal time and effort, for others, not so much time and effort may be required. It is a personal experience unique to each person. At no time can harm be caused by what is being shared.

For thousands of years, humanity has struggled to uplift itself. The progress has been frustratingly, if not painfully, slow. Dr Hawkins' observations are that humanity has progressed from 90 on the Map of Consciousness (MoC) scale to around 212 in 2,000 years.

However, never in history have we had the understandings and teachings that we have been gifted with over the past 100 years (from 1914 to 2014) to share with all. These are non-secular and without the need for expensive technologies and programs. This we can share, as we do, without financial cost.

Further, never in history have we had the need to share these gifts as widely as we will note throughout this paper.

All we can do is share these gifts and demonstrate their application. Those who consider the application of same may commence to achieve a significant advancement in their condition which will benefit not only themselves but those who are within their environment. We cannot ask nor expect anything more.

**To liberate one's real self, one's will, being one's soul, is begun by embracing Feeling Healing, so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.**

**Our Heavenly Mother and Father simply desire for us to ask for Their Love.**

**"Every day is a day of devotion."**

**Please Mother and Father, may I receive Your LOVE.**

**God's Divine Love: Pray for it, ask for it, and receive it.**

**Our salvation IS the embracing of the Feeling Healing process and Divine Love.**

**Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God's soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.**

- Less than two dozen people on planet Earth.
- Would not pick up a weapon let alone use it. These people gravitate to the health industry and humanitarian programs.
- Debate and implement resolutions without argument and delay.
- Debate and implement resolutions in due course.
- Debate and implement resolutions with some degree of follow up generally needed.
- Management supervision is generally necessary.
- Politics become the hope for man's salvation.
- Cause no harm to others starts to emerge. Power overrides force.
- Illness is developed by those man erroneous emotions that calibrate 200 and lower.
- Armies around the world function on pride. Force is now dominant, not power.
- Harm of others prevails, self interest prevails.
- Totally self reliant, not God reliant.
- Fear dominates all motivation.
- Suicide is possible and probable.
- At these levels, seriously harming others for even trivial events appears to be justifiable.
- Poverty, unemployment, illness, etc., this is living hell on Earth.

WILL or FREE WILL:

### NATURAL LOVE or HUMANITY's ERRONEOUS EMOTIONS:

Your soul, being your real you, is an emotional being. Your soul, though a thought of God, does not possess anything of the divine within it. It existed in a state of bliss, in a natural love state, pending individualisation which is achieved at conception which is the time of incarnation. Your soul is endowed with natural love emotions noted within the top section of the Map of Consciousness scale, being those emotions calibrating above 200.

Humanity's erroneous emotions are those calibrating below 200 on the Map of Consciousness. The environment around a newly conceived child progressively degrades the condition of that child's soul. When the child reaches about the age of 7, the child's soul condition will reflect the parent's condition. These negative emotions are like a crust around the pure soul it has within.

## **LIFTING ONE'S COMMUNITY SOUL CONDITION and QUALITY OF LIFE:**

Can man lift himself by his bootstraps? Why not? All he has to do is increase his buoyancy and he will effortlessly rise to a higher state. Force cannot accomplish that feat; power not only, but constantly does. Ask for and receive Divine Love, the LOVE, which is power personified!

The main obstacle to man's development is his lack of knowledge about the nature of consciousness itself. Society constantly expends its efforts to correct effects instead of causes. Example; modern health system endeavours to mask the symptoms rather than treating the cause of illness.

All human endeavours have the common goal of understanding or influencing human experience.

Levels of consciousness are always mixed; a person may operate on one level in a given area of life and on quite another level in another area. An individual's overall level of consciousness is the sum total effect of these various levels.

Although the levels of consciousness span great variation, it is not common for individuals to move from one level to another during their lifetimes. The energy field which is calibrated for an individual at birth (or certainly by their seventh year) only increases, on average, by five (5) points, on the Map of Consciousness, over a lifetime. That an individual's level of consciousness is already in effect at birth is a sobering idea with profound implications. Consciousness itself, in its expression as human civilization, evolves slowly indeed, through innumerable generations.

As a child, we typically will calibrate at the same level as our parents, should they be in harmony with each other. If they are out of harmony then a child may reflect the calibration of one or the other parent. Thus our life experience is heavily influenced by the parents of the family that we are born into.

It has taken humanity 2,000 years to grow from an average calibration of 90 to around 212 currently.

Some family groups have overall calibrations in the high 400's. Other family groups have overall calibrations around 100. The life expectancy differential for them is around 20 years! These comparisons can be considered between villages, suburbs, cities, states, countries, etc. Our parents determine the probability of our life experience should we not lift ourselves up by our bootstraps and investigate, and seek to improve our emotional condition, being our soul condition.

A one point growth in our calibration is a 10 fold jump in our condition. The calibrations are based on the common log of 10. Thus, any improvement is massive in progressing the potential for our life experience.

We are a personality having a physical experience in a physical body that has heritage linkages, such as Indigenous or European or Australian, etc. It is our soul condition and personality that we need to focus upon, not our heritage.

**Like Father – Like Son**

## BIOLOGICAL RACE and HUMAN DIVERSITY:

Heritable race seems as obvious as the colour of one's skin and the texture of their hair. A troublesome inheritance is often considered to be related to genes, race and human history.

Individuals commonly look upon themselves as being the physical body. Thus they polarise their existence upon their family culture and history. At the same time they tend to look at outsiders who may be distinctly different in colour, appearance, religious embracement and culture as being unacceptable.

We are not our physical body. And we are not of the nature and personality that our biological parents are. We each are a unique and beautiful soul connected by cords of light to a spirit body that is the template of the physical body that comes about by the commingling of the life forces of the body's physical parents. We are attracted to the newly forming embryo. Each and every one of us could have been drawn to be individualised into any family on the planet. We are individuals who commence our self awareness at the time of conception of the physical body of a baby as it commences its short life.

By being attracted to a specific race, culture and that family's religion does not make us any different to anyone else, other than the view we take on board for our physical life's journey. Think of how you would like to be treated. Then treat all other people the same way. Progress in love by developing loving kindness toward one's self, then to a good friend, then to a neutral person, then to a difficult person, and finally toward the entire universe of life!

From the moment of conception / incarnation we absorb the emotions of those within our environment, mostly those of our parents. By the time we are around seven years of age we will most likely reflect the emotional structure / soul condition of one or the other parent. Thus, generation after generation remain within the same soul condition envelope. Our gene structure reflects one's emotional and soul condition. Should we grow in love then genes will adjust to reflect this evolutionary development.

When the environment is one of anger, fear, apathy or such like, then the blaming on of outside circumstances is resorted to. Thus, generation after generation may blame outside circumstances and others for their unsatisfactory life predicaments, when it is of their own making.

**Like Father – Like Son**

**Like Mother – Like Daughter**

As individuals within family environments step away from the norms of the family and develop their love of self and the love for others then a shift away from generational patterns is achievable. This can be on significant scales, such as when whole communities embrace love and move into higher levels of soul condition. This can see positive major shifts in the social environment within communities. Educational systems may find students performing better, health systems may have less taxing demands on services, and policing services may have less call on their workforce. All in all, the prosperity of the community grows.

The greatest joy within observing such a development is that old grievances that have been handed down from generation to generation can and are put aside and more constructive agendas then dominate discussion.

The GOLDEN AGE!

**Strive to love others as I am to love myself**

At any time, any where, and in any way you so please:

Approach our Heavenly Parents, in reverence, without fear or trepidation, just as we, as a child, approach our earthly parents knowing that open loving arms are extended to receive us at all times. As one's love grows for our Mother and Father in the Heavens, we come to know with absolute clarity and certainty that our Heavenly Parents, loves you and me and everyone in return, at all times, and that fear is an illusion created by man's mind.

God, who is our Heavenly Mother and Father, is almighty, all powerful, infinite, and all loving. The love of the Heavenly Parents for Their children, man, has been and is always infinite and ever present. As one's faith evolves, one's love for our Heavenly Parents will have no limit. As we grow in Their love, so will we grow in love for all of God's creations and our fellow man.

The Source Soul, our Heavenly Parents, simply desires for us to ask for Their Love.

God's Divine Love: Pray for it, ask for it, and receive it.

"I love you Father." "Let the Divine Love flow its energy into my soul."

"Mother, Father, I desire your Love and I am loving you."

"Soul God, I love you and I love receiving and experiencing your Divine Love."

"True Soul God, I am here, I am aware of your Love. Please hear my aspiration for your Love and as I approach you from my soul, I can feel your Love in the way that you are loving my soul."

"Please Father and Mother, may I receive Your LOVE."

Maybe we could simply long for and ask:

*Please, Mother and Father, I want some more of your Love!*

## **MOVING FORWARD:**

There is no condition in which one can find one's self that one cannot recover and grow from.

No matter what one's soul condition is in, one can grow from that position.

Providing support through every possible network, be they traditional religious organisations, social and humanitarian networks, publications, media, etc., enlightened education material can be made available in numerous formats to enable people within all the regions of the planet to be given the opportunity to consider ways and means to improve their quality of life.

One such avenue is to expand the ambit of the standard health care clinic to embrace a more comprehensive approach to life style support for friends and patients. This can encapsulate nutrition, employment opportunity development with education, and spiritual development. All of this is now possible with the availability of internet and global communications.

At all times, the greatest teacher is that of experiencing. Giving the opportunity for one to experience what is being offered is fundamental to one actually learning and embracing what is being made available.

Before such experiential teaching opportunities can be offered, those who are conveying such educational material need to be living what they offer and also be demonstrating what is being offered.

All of this needs to be considered with love and care. This is the goal of **Pascas Care Centres**.

## **OUR CHILDHOOD EMOTIONAL INJURIES ARE OUR CORE ISSUES TO EXPRESS:**

**Should we consider all the emotional injuries infused into each and every child en masse – all together, then each child would look battered and bruised. These absorbed abuses become Childhood Repressed emotional building blocks upon which are built related further errors, all must be recalled and expressed. Start from the bottom and express the core emotional error.**

LUMINOSITY of the SOUL grows with LOVE:

**DIVINE LOVE is a SUBSTANCE**

Angels actually do not have wings.

One's soul can grow from the condition of a dark dried up pea to that of a Celestial Angel by asking for and receiving Divine Love. Divine Love changes the essence of the soul to that of the Divine. Nothing else can do this.

**CREATOR,  
MOTHER,  
FATHER,  
GOD.**

**Father**  
**Mother**

Divine Love is delivered through the Holy Spirit, should you ask for Their Love.

Your soul can be likened to a plasma ball.

Soul releases errors and negative emotions via one's Feeling Healing with Divine Love.

MoC

## **HOW ILLNESS MANIFESTS:**

The life forces of a man and a woman co-join to create a viable embryo. The embryo is perfect in all respects.

A waiting soul is attracted to the embryo. The soul, having been created by the Source Soul, is perfect in all respects. The soul in being attracted to the new forming body achieves individualisation and commences its journey towards the Father, the Source Soul, and its Creator. A soul, the real you, is never damaged in all the time of its existence, both prior to individualisation and after.

So how does illness arise within babies during the gestation period, in childhood, and then in adulthood?

Why does the physical body, from time to time, succumb to discomfort, then pain, and then disease?

If the embryo that is created by the man and woman is perfect and the incoming soul is also perfect then what is the part of the life cycle process that brings about so much pain and misery?

## **CONCEPTION PROCESS:**

The creation of a viable embryo by the physical parents attracts a soul to individualise and continue the development of the embryo which has previously depended upon the life forces of the parents to commence its existence.

The incoming soul does not nest within the embryo. The incoming soul nests within a spirit body that becomes the permanent home of the soul for eternity. The soul will never be torn apart from, let alone be separated from the spirit body, for all eternity. The spirit body becomes the template for the forming embryo which is the physical body that animates our functionality here on Earth. The spirit body looks just like our physical body to those who can see spirit beings with their expanded vision capabilities.

Our soul, amongst other capabilities, is our personality, is our intelligence, holds our memories which are complete in all respects at all times, and is made of the energy substance referred to as natural love. There is nothing of the divine within our soul at the time of its creation nor at the time of conception and incarnation. The incarnation process is the moment of individualisation of the soul, the moment that it becomes self aware and commences its journey.

The soul is never damaged by the emotional errors and injuries that we incur or experience from the moment of conception and throughout our physical life here on Earth.

The soul creates the spirit body in conjunction with the life forces infused through the embryo by the mother and father of the embryo / child. Within the spirit body, which is the template for the growing body, is the mind. It is within the mind that we exercise the gift of free will. It is by this gift of free will that we can embrace or not embrace the Love of the Source Soul, our Father and Creator, and grow in love and progress through the spirit worlds and then into the Celestial Heavens and onwards towards the Father. This is the great gift we have been given. We have this choice. We are not zombies or robots. We are the Father's children with free will. We can engage His will or we can freely choose otherwise.

It is the misuse of this free will that we draw upon ourselves repercussions, so to say.

We absorb the issues that exist within our environment. First of all is the environment around the baby throughout gestation period, then the environment subsequent to childbirth, and then the environment during early childhood up until around the age of seven or so. In our formative years, commencing at conception / incarnation, we are sponges taking in all the influences around us. We absorb the personality traits and issues, both loving and not so loving of all those that we come in contact with during those intensive learning years being the formative years from which we structure our life long patterns of living and experiencing our physical journey no matter how short or long it is.

This early life environmental absorption of the emotional cocktails of those who are influential in our early life development sets the stages as for do we have a healthy body and little to no medical issues; or do we have a continual drama of medical complaints and a never ending involvement with the health care industry. This is why some sail through life never becoming familiar with a family doctor and the health care industry whilst others have such deep issues that they have a life in medical care and treatment.

Thus, the life experience on Earth varies from a life of Heaven on Earth to that of a living hell essentially as of a result of the emotional issues of the family that one is attracted into at conception.

As the interaction between mother and baby is the most frequent, it is the mother's emotional makeup that is the dominant infusion into the baby's own emotional makeup.

Between the father and the mother, the infusion of emotional makeup into that of the baby commences at the moment of conception and is generally complete by the time the child reaches around the age of seven or so.

The cocktail of emotions within a child is further complicated and developed by the influence of its grandparents as well as those of its siblings.

Now we have the complete environmental picture, the personality and emotional make up of a child is not only influenced by its parents, grandparents, siblings, close relatives,

friends, but also by its teachers and all those who come in contact with the child in a meaningful way.

Closest to the children are the parents, followed by immediate family, extended family, traditional house, elders in the community, community members, and the whole nation.

**Our Heavenly Mother and Father simply desire for us to ask for Their Love.**

**EMOTIONS affect SPECIFIC ORGANS:**

Emotional injuries and held errors have specific energy signatures and vibrations. So does each part of our physical body. Errors held within one’s mind affect the flow of energies through one’s spirit body, the spirit body is the template of the physical body. The resulting energy flow constrictions then initiate issues, and then pain, and then illnesses within the physical body.

Strive to love others as I am to love myself

#### UNLOVING PERSONALITY

Soul encrusted with negative and damaging emotions and beliefs held by the mind in the spirit body. Soul is choked of love and the darkness impedes the flow of love which darkens the spirit body and damages the physical body for all to see.

#### LOVING PERSONALITY

Spirit body mind is clear of man-made negative emotions and beliefs. The flow of love from the soul illuminates the spirit body and brings beautiful harmony and health to the physical body for all to see.

## “All dis-ease is mind generated, and all healing is generated by the love energy of one’s soul.”

The Ego (mind based) manifests illness; the lower one’s level of consciousness (soul condition) then the more prevalent will be illness. Below the levels of 200, the ego and fear of the mind dominate; however, as you raise your level of consciousness by growing in love and achieve a level of 500 or higher, you begin to transcend ego dominance. At the level of 600, all healing is possible.

“Mother and Father, open my soul to this Gift, Your Love. Open my soul and may Your Holy Spirit touch my soul and pour within it your essence, your Love that I may be transformed, that I might be your true child, embraced and carried, lit along my life’s path in the glory of your Light and care and protection.”

**HEALTH with or without the LOVE:**

**Divine Love, with Feeling Healing, has a powerful positive effect on the physical body, balancing the hormones and generally promoting physical health, which is really the same thing as saying that the state of a mortal's soul impacts directly on that mortal's physical health.**

The Master, because he experienced the New Birth soul condition as a mortal, his physical nature was directly affected, so it would be accurate to say that because of this, his nutritional needs were somewhat different from other mortals.

Throughout his ministry (when the New Birth soul condition was his), he was actually in perfect physical health, and this was apparent through a sense of well-being that actually manifested on a physical level as well as a spiritual one. Aman 24 January 2007

The influence of sinful emotions and thoughts and actions upon the soul is such that the spiritual emotions and aspirations of man becomes dormant, and as though not existing, and the soul itself is encrusted with evil.

Through prayer, thoughts and soul longings, the spiritual nature in man can be developed so as to dominate the personality, and he will act in accord with the feelings and emotions of his soul. The evolution of man from the natural being to the purified soul and, if he so desires it, to the state of the divine angel is possible with the Love and Feeling Healing. Jesus 8 September 1955

**A soul encrusted with error results in illness and unhappiness.**

**Soul without the love.**

**Asking for and receiving Divine Love with Feeling Healing removes errors and brings harmony and health to the bodies.**

**Soul with the love.**

**LACK of SELF- LOVE:**

- A composite of:
- a. lack of self-worth
  - b. lack of self-acceptance
  - c. arrogance and pride
  - d. self-loath and hatred
  - e. lack of self-awareness.

Why one has imperfection in their natural love is due to an extension of one of these traits, and all these traits relate back to one single finite Truth, which in its cause is a lack of self-love. The lack of self-love to one's self is the cause, the root cause, on why there is so much fear within individuals, the human world and the lowest spheres in the spirit world. The individual will have a memory that describes how this lack of self-love appears and many people deny this existence of the lack of self-love within themselves because it hurts too much to see it.

**Golden Rule: that one must always honour another's will as one honours one's own.**

**By living true to ourselves, true to our feelings, we are living true to God. It's that simple.**

Our perfect soul is founded on natural love. Our soul may become encased / encrusted in error bringing about lack of self love. To dissolve the errors encrusting our perfect soul is by growing in truth through the ongoing healing of one's negative state, by doing our Feeling-Healing of our toxic emotions. By ending our feeling denial and healing any personality expression denial we have.

The Mother and Father's Divine Love will slowly strengthen our resolve to perfect one's own natural love, should we address such errors. Slowly but surely, with the Divine Love, our soul's condition will grow and grow. With the Love this will fit one to enter the Celestial Heavens, and beyond, being in the love of all that surpasses man's imagination. Try the experiment.

**WE TUMBLE INTO THE ABYSS BY SUBMITTING OUR WILL TO THAT OF OUR PARENTS:**

At the moment of conception your soul activated your will to become of your Earth parents, you in effect, agreed to accept all that they were; to partake of their negative states, which they subjected and impressed on you through your formative years. By the time you became an adult you were a product of them, wholly a part of the negative mind state of this world. Currently you are imperfect and will only regain perfection of soul once you have completed your soul-healing.

Jesus  
Message 33 (part) 9 January 2003

**NOW WE CAN CLIMB OUT OF THE ABYSS BY EMBRACING OUR FEELINGS:**

Life IS ALL ABOUT FEELINGS. YOUR FEELINGS ARE YOU – ACCEPT THEM, AND YOU'RE ACCEPTING YOURSELF.

Only by following what Mary says regarding the doing of your soul-healing, the honouring and living true to your bad feelings and exposing all your childhood repression will you be able to heal all such pain and problems.

The Truth of your world is all about you. Many generations have believed in and tried to live how the Bible says, but has it healed all ills? Have wars and hatred stopped? And why have Christians done so many bad things? Why does all the self-criticism and self-denial still exist? Why are people mostly only interested in gaining power; and why do the rich still dominate the poor?

The religions and spiritual systems of humanity have failed to deliver life in the promised land, living free from all pain and suffering. And they will continue to fail because they themselves are founded on the negative. They are not true; do not teach the Truths of Divine Love; do not encourage people to live true to their feelings.

You are hopelessly bound up in your parent's lives. They have made it that way. The freedom and self-control you may feel you have is only relative to them. They – your very own mind – is the evil one, you are the evil one living with your mind overpowering you in every moment. The Golden rule is: never interfere with another's will.

I, Mary, was able to feel my feelings, as I was not trained too heavily to deny them, and then with and through them, find out the truth my soul wanted me to see. The truth of your negative state is what's missing from your world. It's the only thing that will open the way to show the right and true and correct way to live. **The Rejected Ones – Living True to One’s Feelings**

**by James Moncrief**

**Like Father – Like Son**

**Like Mother – Like Daughter**

<p><b>Our mind strives to control and is always subject to error. The mind’s controlling natures based on error are the foundation of all the misery, illness and drama on Earth for all of humanity. Put them aside by expressing them.</b></p>	<p><b>Our soul based feelings, given to us by our Heavenly Parents, are always in truth. Allowing our feelings to lead our way of living that is living true to God. Express all your feelings and long for the truth of them.</b></p>
--	--

The whole human race is suffering from repressed childhood and mind control.

Be controlled by your oppressive mechanical mind, or set yourself free through your feelings and allow your soul based truths to surface. Allow your feelings to be felt, and seek the truth of them. This is how we can all evolve in love.

Our minds are infused with childhood injuries and errors. Only by expressing them as they surface, and finding the truth of them that we set ourselves free and grown in love.

**ERROR INFLICTED MIND** V **TRUTH LOVING SOUL**

## **WE ARE TO BE OUR TRUE SELF – OUR SOUL BASED FEELINGS!**

**We are to use our feelings to uncover the truth of ourselves. Just how important are each of our feelings? Well really, they are ALL as important; as in, nothing else in life even matters other than what we are feeling.**

**We are all so conditioned and used to living with our mind in control of ourselves, that many of our feelings, and mostly so many of our bad feelings, we dismiss or shut out and refuse to deal with. We should go the other way in life, so instead of denying so many of our feelings, trying to acknowledge them all, to bring them all out, every last bad one, even if means stopping everything else and attending to them; and by attending to them is to make sure we express them, speak about them, the whole idea being not to keep suppressing them, to make sure they come up and out of us as we feel them.**

**Along with this: we are to long for the truth of our feelings; as in, the truth they are wanting us to see about ourselves, because apparently hidden or behind or within each feeling, is something it's trying to tell us about ourselves. And that is how God wants us to live – it is to live a true spiritual life.**

**We are not meant to be alone, we are to have someone with whom we can share our whole self with, telling them all we think and feel. If you do not have a companion, talk it out loud to your Heavenly Parents.**

**If you feel a bad feeling, you don't let it pass, you stop with it, focus on it fully accepting it; and with the emotions of it, express it the best you can; and then at the same time, long for the truth of it – want to see what it's all about – why you're feeling it.**

**There are hidden deeper underlying causes in us that will come to light as to why we're really feeling bad. So we might, for example, be angry with something that's happening in our life now, but as we express that anger, longing for the truth of it, it will lead us back into our earlier life connecting with the same anger we felt about other things; and then back even deeper into connecting, or it should be reconnecting, with anger we felt with our parents when our parents treated us badly.**

**That means there will be a lot for us to deal with if the bad feelings we're feeling now are also going to lead us back into buried bad feelings from our past.**

**Sage and the Healing Angels of Light by James Moncrief**

## Our FEELINGS are our SUPREME GUIDES:

# Feelings!

**Feelings are what guide us through our ascension of truth. So they are really our Supreme Guides.** Many people look for a person, spirit, angel, even God, for supreme guidance, however it's all right there already built in – in our feelings. **We just have to submit to them, allowing them to take us where they will, expressing all the parts we want to express, letting the emotion drive that expression if it's there to be expressed, or just talking about all we feel and how feeling that feeling is making us feel – or, how we feel about having that feeling, all whilst longing for the truth of our feelings. Longing for the truth of our feelings is really: Longing for the truth of our self, because: we are our feelings. So life stirs up our feelings, we feel being alive; or, being alive means we are feeling, always feeling; and when we work out what and why we are feeling what we are, so then we know the truth of how we are. And over time the truth accumulates, and our mind expands our understanding of ourselves, all being driven from our feelings.**

Kevin 26 Sep 2017

## **Using our feelings to uncover the whole truth of our negative or anti truth and anti love state.**

Kevin: **So whilst we're of an untrue state, then all we have got to help us understand why we feel bad, why we are wrong, why we are negative and anti love and truth, is our feelings. So if we focus on our bad feelings, they will lead us to the truth of why we're feeling bad. Which will be the truth of what happened to us to make us be this wrong way, and how we took on the wrong way and keep it going making us feel bad.**

## FEELING HEALING

**Note:** The vital difference between emotion and feeling is that emotions have their roots in the past, and feelings relate to the present moment. Emotions represent our feelings which were not previously expressed, and these accumulate with time.

**Note:** **Our feelings are soul-based. Our soul is always in truth. It is our soul based feelings, that when allowed to be freely recognised, we will begin to express and be who we are. This takes time and perseverance as we have encrusted our souls with layers upon layers of errors and false beliefs, it is these layers that will confuse the truth that our soul is conveying to us. Only by our progression with our Feeling Healing will our soul's expression of truth become clear and free of all cloudiness and contamination.**

“What our soul needs in accordance with our own, individual, **Soul-Light-Plan-Of-Destiny** (your life's true destiny plan), They, being our Mother and Father, will give you as required. The only way we can know truly what we need is to honour and follow our true feelings. They, springing from our soul, literally telling us what we need, and so when we genuinely feel we need something, we apply our will to get it. The hard part is knowing if our feelings are true, and until we have done our whole soul-healing, they won't be clear and total true.” James – Introduction Course to Divine Love Spirituality

## WE ENDURE FOUR LAYERS of PERSONALITY SUPPRESSION!

Unknowingly, our parents pass onto their children (us) their beliefs and way of living that has evolved since the Rebellion, some 200,000 years ago, and then the Default, some 38,000 years ago. In this way, humanity is suppressing the female, rejecting our Spiritual Parents, namely Jesus and Mary, and denying our Heavenly Parents being our true Mother and Father, of Their truth, standing and existence.

**The Rebellion is against love, the Default is all the difficulties we have in our relationships because of our rebellion. Healing the Default is becoming true, to ourselves and in our relationships, and ending our unlovingness – our rejection of love, so ending the Rebellion.** Nanna Beth 29 June 2017

We are souls, our personality is an expression of our soul. It is our free expression of our soul through our feelings that we are to embrace and follow. This expression may appear to be wilful in nature, from time to time, and consequently our parents' attempt to suppress this expression. They proceed to remodel us when as young children, in the manner their parents treated them and so on for many generations going back.

During our forming years, as a child, we are unable to recognise the suppression of our personality as being extra-ordinarily harmful to our soul based personality and, accordingly, we don't know that things can be any other way. Presently, neither do our parents.

This childhood suppression way of living continues throughout our schooling years, thus we learn this is a way of life that is normal.

Our religions all have been formed based on the tenets of the Rebellion and Default. The teachers and leaders throughout all denominations take us further away from our suppressed feelings that have been hammered into us during our forming years, thus entrenching us further into rejecting our true selves.

The controlling and suppression mechanisms of our parents, educators and spiritual teachers all manifest throughout all of commerce. This control comes heavily and brutally down upon all levels of employment. The capability to express one's soul based attributes and gifts is sealed throughout all of one's working life.

A new way of living is to enable the liberation of one's true personality through the Feeling Healing process AND the transfer of authority to the individual via embracing freedom of expression.

# DEVOLUTION

**Our childhood suppression of our true and loving soul based feelings is creating global pain and personal isolation amongst all of humanity. We are very sick!**

**In our struggle to find solace and purpose, we further withdraw into ourselves, becoming ever more self dependent, believing our control addicted mind that it can solve everything. We just drown further.**

**We embrace an ever expanding and diverse range of pathways to escape from our personal pain, fear and desperation. Alcohol has now been complimented with narcotics, hallucinogens, including caffeine (coffee). Gambling has been complemented with computer games which are generally entraining the mind further into error and pain. Technology is making us sicker!**

**We bury ourselves in front of the television to further avoid contact with anyone, especially family.**

**Children endeavour to exert their independent authority from domineering controlling parents (which we all are eventually) by disfiguring their bodies with tattoos and piercings, etc.**

**We shut out the noise with headphones, thus preventing contact with others. We use electronic devices to 'text' others even at intimate engagements.**

**Technology will take us further into the depths of our madness. You now can buy headsets that prevent any contact with the outside world while playing mind suppressing and entraining entertainment – games!**

**No one loves their children, they are ignored, and the controls hammered into them turn them into clones of ourselves. Look at ourselves and we can all see that we have been all messed up by our own parents, as they have for generations over the past 200,000 years.**

**No more of this! We can escape this man made hell!**

# EVOLUTION

**STEP 1: Longing for and receiving Divine Love:**

**A. Soul within spirit body prior to receiving Divine Love.**

**B. Divine Love being received from the Holy Spirit, covering the spirit body of requesting personality.**

**C. Divine Love having been assimilated within one's soul, now being reflected through the radiance of the spirit body.**

## STEP 2: FEELING HEALING + SOUL HEALING

It is the Divine Love that strengthens one's resolve to persevere in embracing one's suppressed emotional injuries, that occurred from conception through to around the age of six, and longing to know the good and the bad of those feelings, together with talking about them to a friend, partner, one's self and our Heavenly Parents. It is only with the receipt of the Mother and Father's Divine Love and the expressing of suppressed emotional injuries that one can release the emotional injuries and errors to achieve Celestial soul condition and enter the Celestial Heavens.

Further, should one complete their Feeling Healing on Earth, then they will be able to recognise their soul partner, their other soul half, and should their soulmate have also embraced Feeling Healing with Divine Love, then their children will be born free from error, free from fear, and free from any deformity and illness. This is the destiny of humanity.

Further, being in this condition of free from error and being in constant communication with our Heavenly Parents, then one can also recognise and form their Soul Group. This will ultimately consist of twelve soulmate pairs, a total of twenty four personalities / individuals.

It is the bringing up of children by the support of soul groups that is to be the ultimate way forward. The group experience and wisdom, as a functioning family, will ultimately be of profound benefit for the blossoming child.

But what we cannot do is contrive the groups ourselves, or even pick who our soulmate is. This will only, and can only happen, as an outworking of the truth we are to live – as we progress in the healing of our soul.

And this is how all of life should be lived: according to the truth we are living. It is how we live, as there is no other way, but currently we live it in the negative, of that being directed by no truth, and so having to make it all up ourselves.

# FEELING HEALING + SOUL HEALING

To heal one's self is to simply look to see what feelings we are refusing to let ourself feel, and accept them instead of denying them. And to fully accept them, one needs to express them, speak about them, let them have their say, rather than pushing them aside, refusing to let them make you feel bad.

Doing this all with the intention of seeking the truth of why you are feeling them, of speaking about and expressing all such feelings; all feelings you have, but ALL WITH the INTENTION of UNCOVERING the TRUTH THEY WANT YOU TO SEE ABOUT YOURSELF. And it's the wanting to see the truth of them that is very important, because if you just look to accept them and speak and express them, but not seek their truth, then that's all you'll be doing, speaking and expressing them, but not healing their causes, so not fixing the things within you that are making you feel bad. And it's the truth part of it, seeking the truth of your feelings, and so, seeking the truth through your feelings, that's vitally important. It's the truth of yourself, life, nature and God, that is the spiritual aspect to it all.

You CAN'T find the truth of yourself, or anything else, through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

So to do our Soul-Healing consists of these steps, all of which are ongoing until it's done:

- **Admit you are feeling bad.**
- **Accept your bad feelings, identify what they are.**
- **Honour fully your bad feelings by expressing them, speaking about them to someone who is willing to hear you talk about them, or tell them out loud to our Heavenly Parents. Long for the truth of them. Long for the truth of why you feel bad – what deep within you is causing your bad feelings?**
- **And remember, bad feelings are Good! Not bad. They are not to be despised. And as hard as it is to accept them, they are still you, and a very real part of you. And if you persist in denying them and not allowing yourself to fully live them, then you are only going to keep yourself in your errors making things harder for yourself.**
- **All sickness and suffering, all bad things that happen to you, all your problems, all your addictions – your whole feeling-denying and untrue life, is all caused by your denial of bad feelings.**
- **Every problem in the world is brought about because everyone has been brought up to deny feelings, and in particular, most of their bad ones.**

If one is intent on spiritually evolving and growing in truth, then it's vital, and this is the key, that one looks to use one's feelings as the means to gain and have access to the truth of oneself. You CAN'T find the truth of yourself or anything else through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

Doing your Soul-Healing with the Divine Love, is really doing your 'Feeling-Healing'. We are designed — created — to be self-revealing of truth, and so we are all to uncover the truth within ourselves and for ourselves, and all being done by living true to our feelings. **If you accept, express and seek the truth of your feelings, then truth will come to you, and you'll grow spiritually. It's as easy as that. Also it is as easy as it is to long for, ask for and receive Divine Love.**

THE HEALING OF YOUR BAD FEELINGS THROUGH THEIR ACCEPTANCE  
AND FINDING THE TRUTH OF THEM, IS THE ACCEPTANCE OF YOUR  
NEGATIVE, REBELLIOUS, EVIL, IMPERFECT MIND AND WILL CONDITION.

To do our feeling-healing we need to become:

Aware of – Acknowledge – and Admit, our bad feelings.

So we can:

Accept – them and allow ourselves to Be them.

And then if we feel to, take:

Action – Express, speak and emote them.

Talk about them.

All being done whilst longing to, really wanting to, see the TRUTH of our feelings.

So it sounds simple.

So I repeat:

We accept our bad feelings by expressing – speaking about them to someone willing to listen to us and take us seriously. And as we speak we long for the truth of them – why we are feeling them – to be made known to us. And when we uncover and see the truth we are FREE! – healed of the causes that have made us feel bad.

Accept, Express – see the Truth, and you're Free!

ACCEPTANCE OF ALL YOU FEEL, THINK AND ARE, IS THE KEY TO DOING  
YOUR HEALING; THAT, AND WANTING TO SEE THE TRUTH OF ALL YOU  
FEEL, THINK AND ARE.

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

# Feelings First Spirituality

## The New Way

**Feelings First**  
**FF**  
**Feeling Free**

The New Way, Feelings First Spirituality  
 Learn to live with God through your Feelings

Accept, express and long for the truth of your feelings

Be free in your feelings  
 Free your feelings from your mind's control  
 Live true to your feelings; your feelings are your true self  
 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.  
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,  
 BAD feelings.  
 Want to understand why you're feeling them.  
 Use your surface feelings to take you deeper into your repressed and  
 hidden feelings.

The Feeling Way is the True Way.  
Your feelings are your spiritual guide.  
Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

Feelings First Spirituality is the True path for humanity.

It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The New Way, Feelings First Spirituality is what is to replace all man-made, mind-contrived religions that so many people have enslaved themselves to. The New Way, Feelings First Spirituality will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled platforms. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one’s feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Feelings First Spirituality is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God’s Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we’ve all been wrongly led to believe.

# REVELATIONS

**Revelation 1:** Our soul becomes encrusted with harmful ways of life, plus negative and erroneous beliefs, these mainly stem from our childhood upbringing and environment. Thus we live untrue to ourselves, we become 'evil'. Whilst we hold to these injuries we limit the amount of Love that we can receive into our soul. To open our soul to the Love we must firstly and progressively feel into our emotional injuries and allow them to be released. Until we emotionally experience past errors and injuries we hold onto them.

To free our soul of damage and toxic emotions we must open ourselves to experiencing them. This is a progressive, slow and uncomfortable cleansing process that we must all experience. Only by addressing the generational injuries will we, as humanity, evolve in love.

To fully divest one's self of our badness, we have to 'go into' our feelings. Call this process of clearing toxic emotions as 'Letting Go', 'Emotional Processing', 'Journey Process' or 'Feeling Healing'. Embracing Divine Love then Feeling Healing becomes Soul Healing.

As part of our Feeling-Healing we will have to work our way into all our feelings to see if indeed they are coming truly from our heart and soul, or if they are being heavily influenced by our mind. And this will then lead us into questioning and uncovering the truth, if there is any, to our beliefs and why we behave the way we do; and is such behaviour based on truth, or is it based once again on untruth, belief, and rules of our mind.

**Revelation 2:** We can long for, ask for and receive the Mother and Father's Divine Love. The greater our soul is free of error and injury, the more of the Divine Love can be received and assimilated into our natural love formed soul. The Love does not free us of injury, however, it strengthens our resolve to continue on our journey to be free of error and injury, to step away from evil aspects that have been encapsulated within our humanness and soul. It is this Love, the Divine Love, that brings about immortality of our soul and it is this Love that will eventually fit us to enter the Celestial Heavens and progress for ever more onwards to Paradise. These two revelations free us from error and enable us to grow in love ever more.

**Immortality with the Love.**

# Steps UP!

## Quantum Jump 1

**REVELATION 1**  
James Padgett 1914 – 1923

James Padgett bravely introduced the availability of the Mother and Father’s Divine Love and a great deal of additional guidance and information, all of which has been supplemented by Samuels, Judas, Reid and Arnold. All writers were under restrictions of personality and circumstances. Revelation 1 opened the door for humanity.

## Quantum Jump 2

**REVELATION 2**  
Marion and James Moncrief 2002 – ongoing

Marion and James Moncrief have recognised the need for one to engage in Feeling Healing and, by their actions, removed restrictions that James Padgett and others above endured, thus JM is able to critique the writings of the past 100 years resolving points of confusion as well as expand on what has been written. Revelation 2 is humanity’s turning point.

Due to the extra-ordinary nature of Revelations 1 and 2, humanity with the first Revelation would have continued on into its negative pathway of living, however, combining the first Revelation with Revelation two, now humanity can embrace this turning point and commence its evolutionary growth that has required two thousand years to put in place. This is the greatest event in the history of humanity and very few are aware of such, until we enable others to become aware.

Rebellion and Default officially ended  
31 January 2018

**END to the REBELLION and DEFAULT – 31 January 2018:**

31 January 2018: Nanna Beth, 3<sup>rd</sup> Celestial Heaven: Yes John, very good news we want to pass onto you for your records. Earth and the seven associated Mansion Worlds (including the two Earth planes) are **officially** now fully under the control of Celestial spirits. And this means John, that Earth is now ‘Ours’. It’s been a long time coming, but it’s a huge milestone and marks a tangible and real end to the Rebellion and Default. It’s one of a number of ‘End’s’ that are to occur.

With the departure of the Caligastias and Daligastias some years ago, humanity has been in a state a limbo so far as who is doing what with it, it not being allowed to be left alone so it could do whatever it liked, it always needing to have a spirit connection. With the mind spirits, as we’ve told you, basically calling the shots still happy to ignorantly carry out C&D’s plans. But now with our systematic and progressive take over, we’re now in complete control.

And what that means is we have our fingers in every pie and we’re on the case so far as what everyone is doing. However it doesn’t mean we’re taking over and telling humanity what to do and how to be, although we are able to work more with certain individuals directly and indirectly helping to move or point or orientate (depending on how you want to look at it) individuals, groups of people, whole societies, the whole world, according to the plans given to us by the Melchizedek Receivers.

So humanity will still carry on outworking it’s unloving, untrue and rebellious state, that has to be worked through to its natural conclusion, however we want you to understand and just know that it’s another end of things and beginning of the new. And it’s basically what we’ve been working with you in connection with James this past year to achieve. There is a lot more to it and how and why it’s been done, and done as it has been done, however you can find out about all of that when you come over.

So we Celestials will guide humanity now according to what our Mother and Father want, so humanity’s got a real tangible safety-net under it now, so no more ‘downside risk’, it all being to move it toward doing its Healing.

I’ll speak again soon – love Nanna Beth.

## **PILBARA – Northern regions of Western Australia:**

Pilbara area, at 502,000 km<sup>2</sup>, is half the area of South Australia, or twice the area of Victoria, 50% larger than Germany, but equivalent in land area to that of Spain, however with a population of around 66,000 people complemented with a large fly-in fly-out work force of around a further 50,000 people.

The **Pilbara** is a large, dry, thinly populated [region](#) in the north of [Western Australia](#). It is known for its Aboriginal peoples, its ancient landscapes, the red earth, its vast mineral deposits, in particular iron ore and as a global biodiversity hotspot for [subterranean fauna](#). It is one of nine regions of the [Regional Development Commissions Act 1993](#), and is also a [bioregion](#) under the [Interim Biogeographic Regionalisation for Australia](#) (IBRA). The Pilbara includes some of Earth's oldest rock formations. It includes landscapes of coastal plains and mountain ranges with cliffs and gorges. The major settlements of the region are [Port Hedland](#), [Karratha](#) and [Newman](#).

The area is known for its petroleum, natural gas and iron ore deposits, which contribute significantly to [Western Australia](#)'s economy. Other than mining, pastoral activities as well as fishing and tourism are the main industries.

#### Burrup rock art

The Aboriginal population of the Pilbara considerably predates, by 30-40,000 years, the European colonisation of the region. The early history of the first peoples is held within an oral tradition, archeological evidence and petroglyphs. Near the town of Dampier is a peninsula known as [Murujuga](#), which contains a large collection of world heritage listed [petroglyphs](#), dating back thousands

of years. Rock art in the Pilbara appears to have been primarily etched into the hard rock surfaces, compared to predominantly paintings on the softer sandstone in the Kimberley. This does not preclude that painting was and is not performed in the Pilbara. In 2006, it was estimated that 15% of the population of the Pilbara was of Indigenous background, approximately 6,000 people.

Working conditions in the pearling and pastoral industries for Aboriginals in the Pilbara region around 1900 have been described as slavery with no wages paid, kidnapping as well as severe and cruel punishments for misbehaviour and absconding all common practices. The first strike by Indigenous people in Australia took place in [1946](#) in the Pilbara, when Aboriginal pastoral workers walked off the stations in protest at low pay and bad working conditions, a strike that lasted for over three years.

Family clans in the Pilbara who were supported by mining prospector, Don McLeod, developed skills for mining and the concentration of [rare metals](#). For a short period money accumulated, which according to Aboriginal law was to be used for traditional ways. Eventually the funds were used to establish an independent Aboriginal-controlled school. The concept has expanded into a movement with around twenty similar schools established in northern Western Australia by the mid 1990s.

Many Pilbara communities struggle with the basics of a healthy life, such as housing, health, education and the many complex effects of colonisation. A 1971 survey conducted by Pat McPherson found that most of 1,000 Aboriginals contacted has one or more serious diseases. At the [McClelland Royal Commission](#) into British nuclear testing, Aboriginals from the Pilbara provided evidence regarding the explosion on the Montebello Islands.

Aboriginal communities are sited over a number of different places. Many have poor infrastructure.

Relations between police and aboriginals are very often tense.

One's soul condition has direct relationships with all facets of living. To grow and improve one's soul condition is the greatest gift one can give him or her self as it has universal benefits that last for eternity.

Dr David R Hawkins' development of the Map of Consciousness (MoC) and research with kinesiology muscle testing observed the overall calibration of consciousness level of many countries. Developed economies are within the highest brackets. Civil unrest and wars are within the lowest two brackets.

Consider the average life expectancy and per capita income relative to the MoC calibration. Then review the table for rate of unemployment, rate of poverty, rate of criminality, and happiness rate 'life is okay':

## **INDIGENOUS HISTORY and CULTURE:**

[http://www.australiasnorthwest.com/About\\_the\\_North\\_West/History\\_and\\_culture\\_-\\_Australias\\_North\\_West/Indigenous\\_history\\_and\\_culture](http://www.australiasnorthwest.com/About_the_North_West/History_and_culture_-_Australias_North_West/Indigenous_history_and_culture)

Indigenous Australians have occupied the [Kimberley](#) and [Pilbara](#) regions of Australia's North West for at least 30,000 years. Unlike other early peoples around the world, Indigenous Australians did not build permanent structures or clear the earth to cultivate crops. Their spiritual beliefs and way of life were closely bound to the land, sea and sky. Their monuments and places of worship were the hills, rivers and plains surrounding them.

### **The Dreaming**

The Dreaming is the foundation of Indigenous culture and spiritual beliefs. The ancestral Dreaming spirits, who could change their form into animals, people or any physical feature, travelled across the country shaping the natural environment and establishing the religious and moral systems for Indigenous Australians. They also created the natural environment, and the humans and animal species that populated the land.

When their work was complete, the spirits transformed themselves into hills and other physical features, leaving evidence of their presence in the natural environment, where they still remain a powerful spiritual force for Indigenous Australians.

The Dreaming is also an important source of information for day-to-day survival. Dreaming stories map out the location of water, places to gather food, campsites and significant landscape features, as well as linking distant tribes to other Indigenous communities.

### **Indigenous Family Language Groups**

There is a diverse variety of Indigenous languages and cultures in the Kimberley and Pilbara regions. There are over 30 different language groups that can be found here.

### **Spiritual Sites and Indigenous Art**

The Kimberley and Pilbara regions are covered in a network of Dreaming tracks, as well as historical Indigenous sites including ancient stone structures, ceremonial sites, burial sites and rock engravings. These engravings (known as petroglyphs) depict a wide variety of marine and land animals, and many good examples of them can be found along the Burrup Peninsula, near [Dampier](#) and in [Newman](#).

### **Indigenous Art Today**

Indigenous art is alive and well. The Pilbara and Kimberley are home to many nationally and internationally acclaimed artists, and there are plenty of Indigenous art galleries and Indigenous art centres throughout the region showcasing their work. In some places, you can even watch the artists at work. [Search for Indigenous art galleries.](#)

### **Authentic Indigenous Tours**

You can explore Indigenous history and culture by joining one of the many authentic Indigenous tours operating in the Kimberley and Pilbara regions. [Search for Indigenous tours.](#)

## Conservation

Historic Indigenous sites are valuable resources. Please help preserve these places for future generations. Avoid touching or stepping on the area, leave no rubbish behind and do not mark the site in any way. See [Conservation](#) for more details about caring for the North West's environment.

## What is the ‘Dreamtime’ or the ‘Dreaming’ – an Australian Indigenous custom?

<http://www.creativespirits.info/aboriginalculture/spirituality/what-is-the-dreamtime-or-the-dreaming#axzz3uB8PG51C>

English can never capture what ‘Dreaming’ or ‘Dreamtime’ is all about. The Dreaming and its stories are linked to the creation process and spiritual ancestors, and still around today.

Source: <http://www.creativespirits.info/aboriginalculture/spirituality/what-is-the-dreamtime-or-the-dreaming#ixzz3uB8YknA0>

### ENGLISH CANNOT EXPRESS THE ‘DREAMING’

‘Dreamtime’ or ‘Dreaming’ has never been a direct translation of an Aboriginal word. The English language does not know an equivalent to express the complex Aboriginal spiritual concepts to white people.

Aboriginal languages contain a lot of words for spirituality and beliefs, such as

- tjurkurpa, jukurpa, tjurgurba (Pitjantjatjara people, north-western South Australia),
- altjeringa, alcheringa, alchera, aldjerinya (Arernte people, central Australia),
- palaneri,
- bugaregara,
- ngarangani,
- ungud (Ngarinyin people, north-Western Australia),
- wongar (north eastern Arnhem Land),
- bugari (Broome, north-Western Australia).

There is no spelling orthodoxy because native speakers did not write down Aboriginal languages.

‘The Dreaming’ or ‘the Dreamtime’ indicates a psychic state in which or during which contact is made with the ancestral spirits, or the Law, or that special period of the beginning.—Mudrooroo, Aboriginal writer.

### DREAMING IS TIMELESS

Aboriginal spirituality does not consider the ‘Dreamtime’ as a time past, in fact not as a time at all. Time refers to past, present and future but the ‘Dreamtime’ is none of these. The ‘Dreamtime’ “is there with them, it is not a long way away. **The Dreamtime is the environment that the Aboriginal lived in**, and it still exists today, all around us”. It is important to note that the Dreaming always also comprises the **significance of place**.

Hence, if we try to use an English word, we should avoid the term ‘Dreamtime’ and **use the word ‘Dreaming’ instead**. It expresses better the timeless concept of moving from ‘dream’ to reality which in itself is an act of creation and the basis of many Aboriginal creation myths. None of the hundreds of Aboriginal languages contain a word for time.

“We are the oldest and the strongest people, we're here all of the time, we're constant through the Dreaming which is happening now, there's no such thing as the Dreamtime.”—Karl Telfer, senior culture-bearer for Kurna people, Adelaide.

Note that the Dreaming is not the product of human dreams. The use of the English word ‘dreaming’ is more of a matter of analogy than translation.

## THE CREATION PROCESS

The Dreaming also explains the creation process. Ancestor beings rose and roamed the initially barren land, fought and loved, and created the land’s features as we see them today. After creating the ‘sacred world’ the spiritual beings “turned into rocks or trees or a part of the landscape. These became sacred places, to be seen only by initiated men.”

The spirits of the ancestor beings are passed on to their descendants, e.g. shark, kangaroo, honey ant, snake and so on and hundreds of others which have become totems within the diverse Indigenous groups across the continent.

Spirits don’t belong to anyone and can be accessed by everyone. “No-one owns a spirit,” says Quandamooka woman Evelyn Parkin. “You can have what I have got if you’re in touch with the spirit.”

It is interesting to note that many Aboriginal people also use the term ‘Dreaming’ to refer to their concepts about spirituality. This might be because some of them find ceremonies or songs in a state of dreaming, a state between sleeping and waking. Strictly speaking, dreaming and mythology can be considered as the same thing: the deep mental archetypes and images of wisdom which we take on to be guided by them when the conscious mind is in a state of quietness.

The fact that the **Dreaming is still around Aboriginal people** is a fundamental difference to other spiritual beliefs. In Christianity, for example, the spiritual world is ‘heaven’, and many Christians believe it is reachable only after death and never while the person is still alive. (Those who find heaven inside might disagree, but such a discussion is beyond this article.)

“What we draw on from our memories, and think, imagine and create in our daily lives is our dreaming.”—Djon Mundine, Bundjalung man and Aboriginal Curator, Campbelltown Arts Centre.

## DREAMING GIVES IDENTITY

Each Aboriginal person identifies with a **specific Dreaming**. It gives them [identity](#), dictates how they express their spirituality (see below) and tells them which other Aboriginal people are related to them in a close family, because those share the same Dreaming. One person can have multiple Dreamings.

Each form shares the spirituality from the ‘Dreaming’. It is during ceremonies that the trance-like dreaming state seizes the Aboriginal people and they connect with the ancestral beings.

## Poem: Dreaming stories

My culture is my identity.  
 Dreamtime stories tell the life of my people.  
 Growing older.  
 Hearing stories of my ancestors living off the land  
 Becoming one with the creatures  
 Even though I haven't met them  
 I feel this unbreakable connection  
 Through the stories I have heard.  
 The stories that have been passed down through generations.  
 These stories are living through us.  
 Without our culture we have no identity  
 And without our identity  
 We have nothing.

### **WHY IS THIS SO?**

Those who have a soul condition that calibrates under 200 on Dr Hawkins' Map of Consciousness have a life expectancy 10 years shorter than for those who calibrate over 400 on the same scale.

## **ABORIGINAL AUSTRALIA ART & CULTURE CENTRE – ALICE SPRINGS:**

<http://aboriginalart.com.au/culture/dreamtime2.html>

### **THE DREAMTIME or DREAMING:**

According to Aboriginal belief, all life as it is today – Human, Animal, Bird and Fish is part of one vast unchanging network of relationships which can be traced to the great spirit ancestors of the Dreamtime.

The Dreamtime continues as the "Dreaming" in the spiritual lives of aboriginal people today. The events of the ancient era of creation are enacted in ceremonies and danced in mime form. Song chant incessantly to the accompaniment of the didgeridoo or clap sticks relates the story of events of those early times and brings to the power of the dreaming to bear of life today.

### **THE SACRED WORLD**

The Dreamtime is the Aboriginal understanding of the world, of its creation, and its great stories. The Dreamtime is the beginning of knowledge, from which came the laws of existence. For survival these laws must be observed.

The Dreaming world was the old time of the Ancestor Beings. They emerged from the Earth at the time of the creation. Time began in the world the moment these supernatural beings were "born out of their own Eternity".

The Earth was a flat surface, in darkness. A dead, silent world. Unknown forms of life were asleep, below the surface of the land. Then the supernatural Ancestor Beings broke through the crust of the Earth from below, with tumultuous force.

The sun rose out of the ground. The land received light for the first time.

The supernatural Beings, or Totemic Ancestors, resembled creatures or plants, and were half human. They moved across the barren surface of the world. They travelled hunted and fought, and changed the form of the land. In their journeys, they created the landscape, the mountains, the rivers, the trees, waterholes, plains and sand hills. They made the people themselves, who are descendants of the

Dreamtime ancestors. They made the Ant, Grasshopper, Emu, Eagle, Crow, Parrot, Wallaby, Kangaroo, Lizard, Snake, and all food plants. They made the natural elements: Water, Air, Fire. They made all the celestial bodies : the Sun, the Moon and the Stars. Then, wearied from all their activity, the mythical creatures sank back into the Earth and returned to their state of sleep.

Sometimes their spirits turned into rocks or trees or a part of the landscape. These became sacred places, to be seen only by initiated men. These sites had special qualities.

### **PHYSICAL WORLD: "OUR LAND OUR LIFE"**

**'We don't own the land, the land owns us'**

**'The Land is my mother, my mother is the land'**

**'Land is the starting point to where it all began. It is like picking up a piece of dirt and saying this is where I started and this is where I will go'**

**'The land is our food, our culture, our spirit and identity'**

**'We don't have boundaries like fences, as farmers do. We have spiritual connections'**

Land means many things to many people. To a farmer, land is a means of production and the source of a way of life. It is economic sustainability. To a property developer, it is a bargaining chip and the means of financial progress and success. To many Australians, land is something they can own if they work hard enough and save enough money to buy it. To Indigenous people land is not just something that they can own or trade. Land has a spiritual value.

### **THE HUMAN WORLD**

We are the Indigenous people of Australia. Aboriginal people are those traditional cultures and lands lie on the mainland and most of the islands, including Tasmania, Fraser Island, Palm Island, Mornington Island, Groote Eylandt, Bathurst and Melville Islands. The term "Aboriginal" has become one of the most disputed in the Australian language.

The Commonwealth definition is social more than racial, in keeping with the change in Australian attitudes away from racialistic thinking about other people. An Aboriginal person is defined as a person who is a descendant of an Indigenous inhabitant of Australia, identifies as an Aboriginal, and is recognised as Aboriginal by members of the community in which she or he lives.

This definition is preferred by the vast majority of our people over the racial definitions of the assimilation era. Administration of the definition, at least by the Commonwealth for the purposes of providing grants or loans, requires that an applicant present a certificate of Aboriginality issued by an incorporated Aboriginal body under its common seal.

Sometimes non-Aboriginal people get confused by the great range and variety of Aboriginal and Torres Strait people, from the traditional hunter to the Doctor of Philosophy; from the dark-skinned to the very fair; from the speaker of traditional languages to the radio announcer who speaks the Queen's English. The lesson to be learned from this is that we should not stereotype people; that people are different, regardless of race.

Our people, of course, did not use the word "Aborigine" (from the latin ab, origin meaning "from the beginning" to refer to ourselves before the coming of non-Aborigenes. Everyone was simply a person.

### **THE DREAMTIME**

They say we have been here for 40,000 years, but it is much longer –

We have been here since time began. We have come directly out of the Dreamtime of our creative ancestors –

We have kept the Earth as it was on the first day.

Our culture is focused on recording the origins of life.

We refer to forces and powers that created the world as creative ancestors.

Our beautiful world has been created only in accordance with the power, wisdom and intentions of our ancestral beings.

### **THE DREAMTIME**

During the creation of our world, the ancestors moved across a barren land, hunting, camping, fighting and loving and in doing so shaped a featureless landscape.

Moving from Dreams to actions, the ancestors made the ants, the emus, the crows, the possums, the wallabies, the kangaroos, the lizard, the goanna, the snakes and all the food and plants.

They made the sun, the moon and the planets. They made the humans, tribes and clans.

Each could transform into the other. A plant could become an animal, an animal a landform, a landform a man or a woman.

Everything was created from the same source.

Everything was created in our Dreamtime.

As the world took shape and was filled with species and varieties of the ancestral transformations, the ancestors tired and retired into

**John chatting with Nanna Beth through James:**

Wednesday, 28 February 2018

John: My feelings have been that the Australian Indigenous peoples are also subject to the Default. The Urantia Book suggests that the Default by Adam and Eve was about 38,000 years ago, whereas the Australian Aborigines appear to have become isolated here some 60,000 years or more ago. That suggests that the Default may have been a lot longer ago than what The Urantia Book suggests. What timings should we consider for these events and how were the Aborigines impacted by the Default? Similar scenarios may apply with other isolated older cultures also.

Nanna Beth, 3<sup>rd</sup> Celestial Heaven: Everyone on the world since Jesus and Mary's time have been completely bound – conceived into – the full Default and Rebellion. Pre Mary and Jesus, there was isolated pockets of less impact from time to time, not a thorough mixing, but since their time, everyone has been of it.

The Australian Aborigine was isolated from time to time, however enough outside contact was maintained to ensure the genetic transference of the Default affected all communities, and then you must remember there have always been fallen angels and mind spirits working on people from spirit (the angels up until Mary and Jesus). So psychologically and genetically, the effects of the Rebellion and Default have been well dispersed and thoroughly integrated.

And in fact it's been the unseen work of the mind spirits that have done the most damage, as people in spirit have naturally wanted to 'bring their people up to speed on Earth', so even though considered 'primitive', no indigenous peoples were left out of it, particularly as the Caligastias and Daligastias saw to it that everyone was under their control.

Note: The soulmate pairs, Caligastia and Daligastia were assigned to a spirit prison world in the early 1990s, and following on with the Avonal pair's progress in healing themselves of their childhood repression and suppression, all negative spirit influence upon humanity has been blocked since 22 March 2017.

Australian Aboriginal history is the only history that grows both ways—forward into the present and backwards into the past as new scientific methods indicate that archaeological sites are much older than originally thought.

400,000 (Human form without souls)

Mitochondrial DNA puts the origin of Homo Sapiens much further back and indicates that the Australian Aborigines arose 400,000 years ago from two distinct lineages, far earlier than any other racial group.

120,000

Analysis of pollen and charcoal giving a date of 120,000 BP suggests that people were using fire to clear land in the Lake George basin in the Southern Tablelands of NSW, about 30 kms north-east of Canberra. [6] Experts also found signs of human disturbance in rainforest pollen patterns in a drill core from the edge of the continental shelf, 80 kilometres east of Cairns.

**68,000 (Possible era when man became ensouled.)**

**Current estimates for the arrival of Aboriginal people in Australia.**

60,000

Age of Lake Mungo 3 human remains (age range between 56,000 and 68,000 years), south-western NSW, 987 km west of Sydney. Footprints discovered at Lake Mungo are believed to be 23,000 years old.

**Lake Mungo, New South Wales.** Ancient camp sites have been found in this area.

56,000

Suggested age of two north Australian sites (Nauwalabila and Malakunanja, about 300 kms east of Darwin).

Archaeological evidence suggests that a rock shelter was used by people at a site in Arnhem Land (400 kms east of Darwin) in the Northern Territory. They used stone tools and red ochre probably to prepare pigments for rock painting or body decoration.

45,000

Rock engravings made in South Australia – the earliest dated [petroglyphs](#).

40,000

Clear archaeological evidence that **Aboriginal people have been living in south-eastern Australia** e.g. Lake Mungo National Park, NSW.

The **oldest dated art in Europe** is 40,800 years old and was found in the El Castillo cave in Spain. It contains many red hand stencils, similar to stencils found in Australia.

35,000

Age of a **oldest known camping site** found in the Pilbara region, Western Australia, near the Jugaling Rock Shelter. The site belongs to a mining lease jointly owned by Rio Tinto and Hancock Prospecting. Both companies refuse to permanently exclude the site from mining.

30,700

Age of fireplaces (such as underground oven) at Lake Mungo National Park, NSW.

Aboriginal people living at the Keilor site (20 kms north-west of Melbourne) in Victoria.

30,000

Oldest evidence of bread making in the world at Cuddy Springs (ancient lake located between Marra Creek and Macquarie River, near Carinda, western NSW).

A man from the Lake Mungo area (south-west NSW) is buried in a shallow grave. His forearm bones are stained pink from ochre. This is one of the earliest known burials of a distinctly modern people.

Aboriginal people were living around the now extinct lakes of the Willandra Lakes system. Evidence shows signs of spiritual and creative life and technology linked to much later Aboriginal culture.

Devils' Lair in southernmost Western Australia is home to Aboriginal people who leave bone tool artefacts, including unique bone-beads of split-pointed macropod shin bones. The cave is occupied from this time to 6,000 BP.

28,000

Age of a charcoal drawing found at Narwala Gabarnmung, in the Northern Territory, assumed to be **Australia's oldest known rock art specimen** and one of the earliest examples of human art on the planet.

26,000

Age of bones found in sediment at the Willandra Lakes Region of far western NSW.

The body of a woman from Lake Mungo provides the earliest evidence in the world of ritual cremation. The body is prepared with ochre before cremation.

22,000

Age of a rock-shelter on the Kings Tableland near Wentworth Falls, NSW.

Aboriginal people living at Malangangarr in Arnhem Land, Northern Territory, use ground-edge grooved axes. Australian technology leads the world.

In deep caves under the Nullarbor Plains at Koonalda (at the western edge of South Australia, about 50 kms from the ocean), Aboriginal people mine flint and leave grooved designs on the cave walls. This is early evidence of the close relationship of art and work in Aboriginal life.

**Wentworth Falls, New South Wales.** An occupation site has been found in this area dated 22,000 years old.

20,000

Aboriginal people were dispersed across the entire continent, occupying places as remote as rock shelters on the Franklin River in south-west Tasmania and at Birrigai in the ranges of the Australian Capital Territory, which surrounds Canberra, the national capital.

Some 10% of Tasmania is covered by glacial ice. Kutikina Cave on the Franklin River is occupied by Tasmanian Aboriginal people at the height of the last ice age.

**LEMURIA SHARED its PEOPLE and WISDOM:**

The Naacals tell us: “The ten tribes were developed since man came on Earth. The people becoming crowded began to spread out. Some families went to far distant settlements; here they were virtually isolated from the rest of mankind. They were so few that sometimes brothers and sisters even had to marry to carry on. These close marriages gave them all a family likeness, so they became a type: time, climate, temperature and food completed the type and they became known as a tribe.” “A 100,000 years and more had gone on developing and perfecting these types called tribes in Mu before her destruction came, so that, when she went down, many of these types and colours had become very distinct.” P50 The Children of Mu

## **PILBARA POPULATION CENTRES:**

The estimated resident population of the Pilbara region was 66,400 permanent residents in 2013, accounting for nearly three per cent of Western Australia's population. Due to the number of fly-in fly-out employees it is also estimated that the working visitors to the region boost the population by a further 50,000 people.

All local government areas have experienced strong permanent resident population increases driven by growth in construction and mining employment. The City of Karratha is the most populated local government area, accounting for nearly 40 per cent of the region's population.

### ***Aboriginal prison statistics: "Every year it gets worse"***

Since 2004, the number of Aboriginal Australians in custody has increased by 88% compared to a 28% increase for non-Aboriginal Australians. Australia is heading towards one in two of the prison population comprised by Aboriginal prisoners – by 2020. In 1992, the ratio was one in seven.

Australia is now facing an Indigenous incarceration epidemic.—Former Prime Minister Kevin Rudd, in 2015.

We are at a state of emergency, we can't afford any more experiment.—Shane Phillips, Tribal Warrior Association, about Aboriginal prison rates.

The Alice Springs Prison is so far beyond capacity that it's refusing to take prisoners.—Mark O'Reilly, principal legal officer, Central Australian Aboriginal Legal Aid Service, in 2011.

**Aboriginal prisoners.** The bar graphs show the percentage of Aboriginal and non-Aboriginal prisoners (left vertical axis). The yellow line indicates the percentage of Aboriginal people in the state's population (right axis).

As the chart above shows Aboriginal people represent on average 17% of the prison population except in Western Australia and the Northern Territory where they account for 43% and 84%.

Yet, as the yellow line shows, Aboriginal people make up less than 5% of each state's population except for the Northern Territory where they account for 31.6%.

Since 1989, the imprisonment rate of Aboriginal and Torres Strait Islander people has increased 12 times faster than the rate for non-Aboriginal people. In June 2015 the rate was 2,047 prisoners per 100,000 adult Aboriginal population. Only 2 years later the rate had increased by more than 10% to 2,257.

**How likely are you to go to jail?** As an Aboriginal adult you are 16 times more likely to be incarcerated. Juveniles in Western Australia are 52 times more likely to be imprisoned than their white peers.

Half of the 10- to 17-year-olds in jails are Aboriginal. More than 30% of all Australian Aboriginal males come before Corrective Services. No wonder that 90% of all Aboriginal prisoners are male.

In June 2015, 73% of Aboriginal prisoners were sentenced, and 27% were unsentenced, an increase of 6% from the June quarter 2014.

In 1992 there were 15,000 Aboriginal prisoners, by 2012 that figure had doubled to 30,000. The imprisonment of Aboriginal peoples skyrocketed from 1 in 7 of all prisoners in 1992 to 1 in 4 in 2012, and to nearly 1 in 3 in 2014.

\* Per 100,000 of national population;

According to the Australian Bureau of Statistics (ABS), between 2002 and 2012, imprisonment rates for Aboriginal Australians increased from 1,262 to 1,914 Aboriginal prisoners per 100,000 adult Aboriginal population. In comparison, the rate for non-Aboriginal prisoners increased from 123 to 129 per 100,000 adult non-Aboriginal population.

And **numbers are almost certain to be higher** than reported. Australian Bureau of Statistics figures are a ‘moment in time’ measurement, yet many prisoners are in and out of prison more than once per year, making the numbers published by the ABS almost certainly wrong. Dr Fadwa Al-Yaman of the Australian Institute of Health and Welfare says simply “we are underestimating indigenous imprisonment”.

Jailing Aboriginal people in such large numbers has numerous effects on their communities. For example, it prevents elders passing down traditional knowledge to the next generation.

The fact is, every year it gets worse.—Gino Vumbaca, Executive Director, Australian National Council on Drugs, about Aboriginal prison rates.

The term 'mass-incarceration' is used to characterise the imprisonment of African American people in the United States, but incarceration of [Australian] Aboriginal women and children, in particular, are 20 times that.—Charandev Singh, who assists families whose relatives have died in custody.

## ***Prison rates highest in Western Australia***

Western Australia always had a higher incarceration rate of Aboriginal people compared to the rest of Australia, and rates have nearly doubled between 1990 and 2010.

A parliamentary report in 2010 found the rate of Aboriginal people jailed per 100,000 people in Western Australia was 2,483, while the figure for African Americans in the United States is 2,290. In March 2009 Western Australia's rate was 3,741.

Western Australia incarcerates the Aboriginal peoples of its State at 9 times the rate of Apartheid South Africa.—Gerry Georgatos, Human Rights Alliance, Perth.

What you cannot get away from is that the rate of Indigenous imprisonment in Western Australia is far greater than anywhere else in the country and indeed it compares with the worst rates of imprisonment, of African Americans in the United States.—Bob Debus, chair of the federal inquiry into the over-representation of Indigenous young people in the criminal justice system.

Perth based academic, prison reform advocate and restorative justice specialist Dr Brian Steels suggests that Western Australia's high prison rates could be related to the “frontier mentality” of police or [racism](#).

## ***Re-offending rates are high***

With high levels of alcohol and substance abuse, lack of services of any kind, high unemployment rates, low levels of education and child abuse it is no surprise that there is a high rate of re-offending. In fact, repeat offending and re-incarceration is a large contributor to this high rate of imprisonment.

The re-conviction rate within two years in NSW is 74% of non-Aboriginal people, and 86% for Aboriginal people. In Western Australia, 80% of jailed Aboriginal male juveniles, 64% of Aboriginal female juveniles and 70% of adult Aboriginal males re-offend.

“Research indicates that time in a juvenile justice centre is the most significant factor in increasing the odds of recidivism [re-offending],” says Father Chris Riley, founder of Youth off the Streets.

Australia-wide, about one in four prisoners will be convicted again within 3 months of their release from prison, between 35% and 41% within 2 years.

ABS figures show that nearly three-quarters (74%) of Aboriginal prisoners had a prior adult imprisonment under sentence, compared with just under half (48%) of non-Aboriginal prisoners.

A study of incarcerated women revealed that 67% of all Aboriginal women in prison had been incarcerated previously, while almost half this number of non-Aboriginal women had a history of incarceration.

The lack of housing and support women receive upon release contributes to the high levels of re-offending.

Looking after [prisoner's mental health](#) is key to cutting recidivism. In 2012, up to 80% of all inmates in Australia suffered some form of mental illness, compared to just 50% in 2003.

## The Summertime Bathurst Blues

In the morning breeze, I hear the sounds,  
of early spirit bird tunes  
As the sun shines in, the walls cave in,  
and light out glows the moon.

Guards stroll up, the wing gates bang,  
the day has now begun  
Half restless dreams, that should have been.  
I live 'em - I believe I can

I miss the waves, down near caves  
And watch the news,  
But I'm in here, all alone  
With the summertime Bathurst Blues.

Poem by Reuben Scott, Bathurst. Aboriginal singer [Vic Simms](#) sung his way out of Bathurst Jail. Read more [Aboriginal poetry](#).

### ***Why are prison rates so high?***

To understand these high rates, one must know [Aboriginal history](#). Many factors work together and some of them include the following:

- **[Stolen Generations](#)**. Those taken away from their families as a child are twice as likely to be arrested than their peers. Some courts at sentencing don't consider when offenders are traumatised, for example being a victim of domestic abuse.
- **Disconnection from land**. When Aboriginal people are not able to live on their traditional lands they are more likely to come into conflict with the law.

We cannot flee persecution to another country because we are spiritually connected to our own ancestral lands. So jails and mental institutions are full of our people.—Wadjularbinna Nullyarimma, Gungalidda Elder and member of Aboriginal Tent Embassy.

- **Police behaviour**. Police might act [racist](#), violently or inappropriately (see below for more on this).
- **Offence criminalisation**. Aboriginal people are 15 times more likely to be charged for swearing or offensive behaviour than the rest of the community.
- **Social and economic situation**. Poverty and unemployment, particularly for young Aboriginal people or in rural and remote areas ('crimes of need').
- **Inadequate legal representation**. Legal representatives have little time with their clients and Aboriginal defendants are sometimes unsure whether their lawyer is friend or foe.
- **People's attitude**. Some police and community members have a "law and order" attitude.

We need to be clear, when they talk about 'tough on crime' they mean 'tough on Aboriginal people'.—Vickie Roach, Yuin Nation, Women's prison rights advocate.

- **Lack of language skills**. Some Aboriginal people are sentenced to jail without them fully understanding the court process because English is not their first language.
- **Foetal alcohol syndrome**. Many children enter the justice system because their mother drank too much alcohol during her pregnancy. Her children are often unable to appreciate the consequences of their actions.

- **Health problems.** Life expectancy and overall health are linked to prison and incarceration. Particular health issues drive imprisonment rates, notably mental health conditions, alcohol and other drug use, substance abuse disorders and cognitive disabilities.
- **Family breakdown** due to various social factors.
- **Disintegration** seems to manifest in deliberate attempts to strip away Aboriginal culture in some communities.
- **Lack of accommodation.** The Children’s Court is often being told imprisonment was the only option.
- **Inflexible funding.** Bureaucracy prohibits progress when programs cannot go ahead due to red tape.
- **Re-offending.** Across Australia about 70% of prisoners (Aboriginal or non-Aboriginal) reoffend. 38% are back in prison 2 years after their release.
- **Inflexible sentencing Acts.** Sentencing options in most, if not all, sentencing Acts are limited and lack flexibility, leading to a high rate of recidivism.
- **Lack of community services.** According to The Medical Journal of Australia, “there is increasing evidence that many people in prison are there as a direct consequence of the shortfall in appropriate community-based health and social services, most notably in the areas of housing, mental health and well-being, substance use, disability and family violence.”

There's no doubt that prison has a ripple effect on every family, especially if the member in prison was supporting the family.—Justice Valerie French, chairman Prisoners Review Board.

### “He has never had an adult birthday”

William Bugmy, an Aboriginal man from Wilcannia NSW, first entered juvenile detention when he was 12 years old.

He has a history of domestic violence and separation from family and placements in foster care. He also has mental health and health issues and started using drugs and alcohol from age 12, self medicating for years to “block the voices out”.

Mr Bugmy never has been to residential rehabilitation, despite requesting it. He self-harms. He does not read or write. He has had little education.

He spent most of his teenage years ‘inside’ before transitioning into the adult system often because of altercations with the police.

He has never had an adult birthday in the community. He is 31 years old and from a community where the average life expectancy for a man is 37. Many of his family members are already deceased.

“First jailed at 12 years of age for a six week stint, Mr Bugmy’s life thereafter **shows the destructive effect of prison on people**, families and communities,” says Solicitor Stephen Lawrence.

### Non-Aboriginal indifference

The other side of why Aboriginal prison rates are high appears to be through the indifference of non-Aboriginal people.

Australian governments rely blindly on their departments to find a solution without guiding them. In the past, however, many departments have learnt to exploit this freedom to protect their own interests, rather than those of incarcerated Aboriginal people. They become self-protective and self-preserving.

Police remain hard-hearted and indifferent to prison rates and, in some cases, Aboriginal prisoners themselves. Recommendations of the Royal Commission Into Aboriginal Deaths in Custody were cherry-picked for those that could be accepted without too much change occurring.

Aboriginal educator Chris Sarra believes Australians should stop seeing Aboriginal people as a separate group. He writes in *The Guardian*:

“There are mainstream Australians, and then there are the ‘other’ Australians. Casting Indigenous Australians as a negative and despised form of ‘other’ explains how we can tolerate or completely ignore such dreadful incarceration rates. Against this background it is very simple to make such pious and ill-considered statements as, ‘If they don’t want to go to jail, they shouldn’t break the law!’”

You have government departments who say, ‘just lock them up, that will solve the problem’.—Joan Baptie, Magistrate and convenor of the Youth Drug and Alcohol Court of New South Wales.

### “Incredibly trivial offences”

There is a persistent feeling among Aboriginal communities and legal experts that police treat Aboriginal people differently for trivial offences.

- **Did not receive court mail.** Some Aboriginal people end up in jail because they did not get the postal notifications of court dates after which bench warrants are issued and bail is unlikely.
- **Can’t make it to court.** Others simply cannot make it to a court date due to funerals or health problems and courts are too inflexible to change the date.
- **Unpaid fines.** A young Aboriginal woman was held for four days because [she hadn’t paid her parking fines](#). Tragically, in this case, the woman died a short time after.
- **Driving unlicensed.** Youth who might never have seen a traffic light or a freeway have difficulties getting a license because remote communities lack trainers and facilities, and the language used for driving tests is inappropriate. When they then get caught repeatedly driving unlicensed, uninsured and unregistered—a common “trifecta” on court lists—they end up in jail. In many Aboriginal communities only one person holds a drivers license.

In New South Wales, the Local Court is required to add a further 5-year disqualification period under the Roads and Traffic Authority Traffic Act’s Habitual Offender Scheme introduced for people who commit 3 serious traffic offences in 5 years. This means some people who collected too many offences in their youth might get disqualified from driving until they are for example 50 years old. This has dire consequences for the standard of living, finding work and managing children.

- **Disorderly conduct.** “Every day of the week we act for Aboriginal people who’ve been charged with disorderly conduct,” says Peter Collins, Legal Director of Aboriginal Legal Services in Western Australia (ALSWA).

“Their crime: To swear at the police. They use the F word, they use the C word. Often they’re drunk or affected by drugs or both, or they’ve got a mental illness or they’re homeless or whatever.” “But it seems to me the only people in this day and age who are offended by the use of the F word and the C word are police. And so these [Aboriginal] people are hauled before the courts for these incredibly trivial offences.” In Wickham, Western Australia, Aboriginal people have been arrested for ‘shouting’. Many times, police challenge Aboriginal people into such behaviour.

In all my years of research in criminal justice, I can tell you it would be very difficult to find a white person charged with shouting or swearing.—Dr Brian Steels, restorative justice researcher, Murdoch University.

- **Being “selected” by police.** Police locking up Aboriginal people for swearing is widespread and known as *selective policing*. Training about Aboriginal culture and awareness could assist police to find better responses.
- According to Western Australia Police Commissioner Karl O’Callaghan police are not prejudiced against Aboriginal people or any other racial group. This, however, is a statement which meets little love among Aboriginal communities, and little validation by statistics.

Criminologist Chris Cunneen knows that Aboriginal people are more heavily policed and let off less under discretionary powers. Higher imprisonment rates are not reflective of higher crime rates but harsher sentencing, bail laws, and a move away from alternative sentencing measures.

## TWO-SIDED JUSTICE

**Number of persons who received a penalty of imprisonment or control order for their principal offence**

Source: NSW Bureau of Crime Statistics and Research

**Justice is no longer blind.** Dozens of Aboriginal teenagers in north-western NSW were put in jail, compared to just a few non-Aboriginal teenagers.

- **Provocation by police.** “There have been a number of instances where our men and women have been flogged or abused by police... When they’re going off because of the abuse that’s happened to them, they’re being put down the back and they’ve got no support,” says Marianne McKay, Co-deputy Chair of the Deaths in Custody Watch Committee of Western Australia.

## ***How can we reduce Aboriginal incarceration rates?***

**Of Aboriginal people aged 19 to 20 years who have been to prison, more than 60% re-offend. To reduce soaring Aboriginal prison rates it is essential to invest in psycho-social healing, counselling, empowerment, education and rehabilitation.**

As with many programs designed to ‘cure’ Aboriginal issues, there is no one-size-fits-all solution. A program that works in Menindee might not work in Wilcannia at all. Or vice versa.

### ***Community empowerment***

One of the most powerful ways to reduce Aboriginal prison rates is by empowering communities to help themselves.

If blanket government policies stand in the way of their empowerment, leadership and healing then the rates will escalate.

### ***Adequate legal representation***

Many towns and communities need adequate legal representation to avoid Aboriginal people being remanded for extended periods of time without contact from a lawyer.

The Aboriginal Legal Service needs to be notified in all cases to provide support. Generally, lawyers and advocates need more time and resources when working with government agencies.

A widespread [lack of understanding criminal justice processes](#) causes Aboriginal people to not attend court or fail to comply with court orders.

Aboriginal Community Liaison Officers can help improve the [relationship between Aboriginal people and police](#).

### ***Employment and leadership***

**Employment and Aboriginal leadership seem to be two crucial ingredients for a successful recipe.**

In Menindee, a strong group of Aboriginal women held positions on committees and worked as liaison officers with police. When there was no police around it were the women who dealt with the offenders.

Jobs in tourism and horticulture as well as traineeships for high school students gave the youth of Menindee something to aim for.

Both programs helped to reduce the rates of domestic violence to one fourth of those in Wilcannia. The women in the committee felt that they could control decisions that affected them.

Be careful though when you compare Aboriginal communities. Wilcannia is bigger, more remote and has more Aboriginal inhabitants than Menindee.

## ***Recreation programmes***

For young offenders sport, music and IT have been suggested as the three main passages into their imaginations, or a mentoring program.

“That costs a lot of money,” admits Sam Jeffries, former co-chair of the Congress of Australia’s First Peoples, “but we are quite comfortable and relaxed about accepting the cost to society when they are institutionalised.” In Western Australia, it costs around AU\$170,000 to AU\$180,000 a year to lockup a prisoner.

## ***Circle sentencing***

A promising approach to reduce recidivism (when offenders re-offend) is [circle sentencing](#) where Aboriginal people judge their peers along with jurisdictional experts. Canadian Aboriginal people were successful in reducing recidivism rates through development of discrete and culturally designed programs, including the world’s first Aboriginal-run prison.

High recidivism rates for Aboriginal juveniles tell us that a punitive response is simply not working.—Wayne Martin, Western Australian Chief Justice.

The **Youth Drug and Alcohol Court (YDAC)** was a pilot program introduced in 2000 in NSW and operated in Sydney. It aimed to reduce offending by reducing drug and alcohol use amongst young people, and offered them a range of therapeutic interventions.

YDAC was very similar to circle sentencing in that it was targeted toward serious offenders and could spare them from a custodial sentence. YDAC was one of the few “good news stories” for young Aboriginal offenders.

However, in July 2012 the Australian government closed YDAC after 12 years of operation, citing the low number of graduates, on average 17 a year, from the \$4 million-a-year program. However, this number did not include “self-discharged” youngsters who left early, usually after five months, on the advice of the court’s solicitors.

I knew that if I did the [YDAC] program I'd stay out of custody. So I knuckled down. I got my driver's licence and a job. If I was behind bars I would've been thinking 'just get me out of here'.—17-year-old YDAC graduate.

## ***Community Corrections orders***

Community Corrections orders allow offenders to be supervised in their community while doing programs that address their crimes.

Unfortunately not many Aboriginal people are put on this program, especially in regional or remote communities, due to a lack of resources.

## ***Healing programmes***

Instead of expanding work camps Australian states could copy the Canadian model of **healing lodges**. Healing lodges are based on Aboriginal culture and have a majority of Aboriginal staff. There is also a lot of therapeutic treatment for residents to overcome the causes that have led to them offending.

**Spiritual healing programs** have been introduced in regional South Australia along with Aboriginal liaison officers. Spiritual healing draws on the strength, wisdom and spirit of Aboriginal ancestors, Elders and the land to heal the spirit of Aboriginal people by strengthening the connections to family, community, land and culture.

One such spiritual healing programs written from an Aboriginal perspective for Aboriginal men and their families is [Red Dust Healing](#), operating in Queensland, New South Wales and Western Australia.

## ***Justice Reinvestment (JR)***

Justice reinvestment is a criminal justice approach that diverts a portion of funds spent on imprisonment to local communities where there is a high concentration of offenders. Money that would have been spent on imprisonment is reinvested in programs and services that address the underlying causes of crime in these communities.

The justice reinvestment model is based on evidence that a large number of young offenders often come from a relatively small number of disadvantaged communities.

It aims to reduce offending and imprisonment and increase community safety.

“Under a justice reinvestment approach, if there is a connection in a community between crime and drug and alcohol problems, then services are established to address these problems. If the drug and alcohol problems are symptoms of other issues like poor parenting, or family violence, then services are established to address these problems,” explains Aboriginal and Torres Strait Islander Social Justice Commissioner Mick Gooda.

Other areas of reinvestment include redevelopment of abandoned housing, better coordination of services such as substance abuse and mental health treatment and support, social and emotional well-being promotion activities, supported housing, transition to employment, and continuing education. Priorities and needs should be identified in consultation with the community.

Justice reinvestment has been proven in some USA states and the UK to be cheaper than building prisons and to have a bigger impact on creating safe communities. Texas recorded the lowest violent crime rate in 30 years and could close a large prison.

An advisory group provides input to the government on justice reinvestment policies, monitors the proportion of funds redirected from corrections and detention and monitors the levels of Aboriginal young people in detention.

Asked about what is necessary to make justice reinvestment successful in Australia, American experts recommended:

- **Have very clear aims.** This includes what counts as success: Is it about particular outcomes (and which ones?), the integrity of the process, the scope of reforms achieved? Or all of the above?

- **Balance involvement of all groups.** Balance the involvement of government, experts and community. For example, get locals involved with data mapping: that way, they can give guidance about what data would be most useful, and the knowledge gained won't just be 'owned' by the experts.
- **Have broad stakeholder representation.** Don't just include justice and corrections people, and not just policy makers. Add local community representatives, for example.
- **Plan for the long term.** The timeframe for justice reinvestment programs should be long enough to ensure true community buy-in, allow proper assessment of the impact of policy changes, and to have technical and other support embedded in a location long enough to guide during execution, not just set-up.
- **Evaluate independently.** Build in independent evaluation of justice reinvestment programs to collect lessons learned and guide future directions.

Critics warn that custodial projects are already struggling financially and that allocations should not be reduced further. There would be no control if all monies taken from custodial projects were diverted to justice reinvestment schemes. Also, police "work to their own rules" and might not collaborate with justice reinvestment staff.

Others believe that communities would be better off investing more money in education and employment before the offending starts. Rather than "tinkering with the justice system" programs should address the key causes why people offend, such as unemployment and substance abuse.

In May 2012 the Aboriginal Legal service of NSW/ACT started a [Justice Reinvestment Campaign](#). The campaign aimed to lobby the government to fund alternative pathways for Aboriginal young people who may otherwise be destined to re-offending, drug and alcohol abuse and suicide.

If we are actually serious about closing the massive gap in life outcomes for Aboriginal and Torres Strait Islander people, then we have to get serious about tried and tested alternatives like justice reinvestment.—Mick Gooda, Aboriginal and Torres Strait Islander Social Justice Commissioner.

Fact In Oregon, USA, juvenile incarceration dropped 72% after money was reinvested in well-resourced justice and community programs for juvenile offenders.

### ***Stop being tough on crime***

Territories and states need to stop the 'tough on crime' approach which **politicians love to promote during election time**.

Gino Vumbaca, Executive Director of the Australian National Council on Drugs, says that it was time "that we stopped talking about being soft or tough on crime and instead talked more about being smart or dumb on crime, then we might start making the changes that are needed to make a difference in the community."

Aboriginal people who are already disadvantaged are **more vulnerable to being fined** and are less likely to be able to pay. As a result they accrue debt and their licenses or registrations might be cancelled without their knowledge.

## Western Australia is toughest

Far too many minor offenders and fine defaulters are in prison. Unlike New South Wales, **Western Australia jails fine defaulters** in order to wipe their debt. The number of people jailed for unpaid fines soared 600% in the five years from 2009 to 2014 – in NSW the practice of jailing fine defaulters was outlawed in 1988. It is understood that some debts are wiped away at \$250 a day in prison.

Nearly all the fine defaults are poverty-related. One quarter of the Western Australian prison population is comprised of fine defaulters, almost half of whom are Aboriginal. These people had committed no other crime. No wonder that all 14 of Western Australia’s prisons are overcrowded.

In 2014, a young Aboriginal woman died while in police custody for unpaid fines of less than \$1,000, adding to the toll of [Aboriginal deaths in custody](#).

## *Make prisons culturally appropriate*

In Port Augusta an Aboriginal unit provides ‘culturally appropriate detention’ and programs. Facing the Flinders Ranges it is hoped that the unit is more comforting to those held off-country.

The only effective rehabilitation system we have for Aboriginal men is prison, because that is where they get fed, are given some education and forced to give up alcohol.—Dr Alex Brown, Baker Institute, Alice Springs.

## *Shifting blame*

Shifting the blame is another approach to help turn around Aboriginal prison rates. It is easy “hiding behind the excuse of racism” and pretend it’s the government’s responsibility to prevent Aboriginal people going to prison.

Once Aboriginal people stop “claiming that the past is to blame for the wrong decisions” that land them in jail they might realise that they have a hand in changing their current situation.

You can put an individual offender through the best-resourced, most effective rehabilitation program, but if they are returning to a community with few opportunities, their chances of staying out of prison are limited.—Tom Calma, former Aboriginal and Torres Strait Islander Social Justice Commissioner.

## **ROEBOURNE REGIONAL PRISON:**

Roebourne Regional Prison manages prisoners from the Pilbara and Kimberley regions. Originally a minimum-security facility, it was upgraded in 1995 to a medium-security rating. The prison manages a high percentage of Aboriginal prisoners.

Prisoners at Roebourne are required to work or study. Trade and workshop skills are an important part of vocational training available. The education curriculum aims to provide prisoners with skills which will help them get a job when released.

### **Roebourne Regional Prison conditions described as 'intolerable, inhumane'**

<http://www.abc.net.au/news/2014-04-11/roebourne-prison-inspector-report/5384502>

Living conditions at Roebourne Regional Prison in Western Australia have been described as "intolerable and inhumane" in a report by the Inspector of Custodial Services.

Neil Morgan tabled the report in Parliament on Friday after his deputy inspected the Pilbara prison in September last year.

The report said most of the prisoners lived without air conditioning in a region known for consecutive days of temperatures above 40 degrees during the summer months.

Deputy inspector Andrew Harvey said the issue was brought to the attention of the Department of Corrective Services after an inspection in 2010 but no action had been taken.

"You have six people in some of the cells that have been designed for four people. There's not much airflow. It is a very difficult and stifling situation for them," he said.

The Department of Corrective Services declined an interview request from the ABC.

A statement from the department said it had committed to reviewing climate control strategies across the prison estate, including air conditioning.

"However, due to funding limitations, it is not a priority," the statement said.

"Furthermore, retrofitting air conditioning on an old facility has its challenges, as well as the consideration that if the cell windows are kept open, the air conditioning has no effect on the climate control of the cell."

The statement said Roebourne prison had installed air conditioning in the maximum and women's wings as well as the dining room and library areas.

In January last year, the women's unit was closed and most of the female prisoners were transferred to Greenough Prison, more than 1,100km away.

Mr Harvey said the remaining women were being treated unfairly.

"We were extremely disappointed," he said.

"The numbers of women prisoners there now can vary between something like zero and seven.

"There was one female prisoner by herself at the time we were doing the inspection. She was under supervision but she was basically by herself as there was no linkage to the rest of the prison.

"We saw her lying down talking under the fence to male prisoners as a way to have some company."

### **Programs on repeat-offending and substance abuse dropped**

The report found the re-offending rate for Roebourne prisoners was 44.1%, one of the worst recidivism rates in WA and significantly higher than the state wide average of 35.6%.

As a consequence of staff changeover and a loss of staff in the education sector, those programs weren't available last year.

Mr Andrew Harvey said the provision of programs to address recidivism had collapsed.

He said although most prisoners at Roebourne had serious substance abuse problems, little had been done to address the issue.

Mr Harvey said education and training initiatives to prepare inmates for future employment had also dropped.

"Those mitigation strategies have fallen away over the past year," he said.

"A lot of the prisoners across the state, and particularly at Roebourne, have low-level literacy skills, so education is an important tool in which they can gain jobs and so forth.

"As a consequence of staff changeover and a loss of staff in the education sector, those programs weren't available last year."

The Department of Corrective Services statement said the Education and Training Centre at Roebourne prison continues to provide an adult basic education program adapted to suit Aboriginal prisoner needs.

**Feeling  
Healing with  
Divine Love is  
the key!**

**PASCAS  
PAPERS**

**WE are INCARNATED with Natural Love, but not with Divine Love:**

We are conceived with natural love, however, we are not endowed with anything of the Divine. While we are without anything of the Divine, namely Divine Love, we can grow our natural love attributes and progress to that of being the perfect man whose lodging is found in the 6<sup>th</sup> Sphere. We do not have immortality without having received Divine Love.

Natural love radiance is very different from that which Divine Love brings.

The two loves complement each other, bringing about greater harmony.

When we become aware of the presence of Divine Love and subsequently ask for and then receive the Divine Love, our soul changes to that which is Divine and we achieve immortality. This is the Immortal Choice that we can make whilst here in the physical or later in the spirit world. Once we add Divine Love to our being, we continue then with the two loves, that of the natural love and also that of Divine Love. As we experience Divine Love, our soul condition progresses so that we may eventually enter the Celestial Heaven, 8<sup>th</sup> sphere and above, then progress further to enter the Eternal Spheres and then the Spheres of Paradise.

**DIVINE LOVE being AVAILABLE is our SALVATION:**

**The Divine Love is far more powerful than the natural love. If I would have to put a number on how much stronger, just so you can understand what I'm trying to say, I would say 10 or maybe even 100 times. Of course this is purely hypothetical because natural love is only a derivative of Divine Love so it is almost impossible to compare them this way. If you ask for the Divine Love to enter your soul it will be 10 or 100 times more efficient, 10 or 100 times stronger than if you would let the natural love flow through your soul. So it will break down "the wall" you've created around your soul 10 or 100 times faster than the natural love would do.**

**John (Apostle) 19 January 2015**

## EMBRACING the LOVES:

Our soul is formed from the substance known as natural love. This natural love enables us to develop to that which is the perfect man, an excellent, capable and loving personality. However, there is a limit to our growth founded on natural love for there is nothing of the Divine within the substance of natural love.

Should we ask for, and then receive Divine Love, then the Divine substance of Divine Love can be added to our being, thus providing us with an infinite potential for growth and development in the Love that is Divine.

The natural love and Divine Love are not divided when in the soul.

The natural love is harmonious in the Immortal greater love, the Divine Love, and so, never shall an Immortal faith and Immortal truth fall.

Adding Divine Love to your being can be likened to developing a powerful engine based on natural love to that which is found within a most powerful muscle car. One's performance capabilities develop as the regular fuel of natural love is slowly, but steadily supplemented with the fuel of Divine Love, thus changing that which is founded on natural love to that of the Divine, namely Divine Love.

Your fuel steadily is converted to that which is of the highest octane level ever envisaged.

The Divine Love is the wonder of the universe. How this invisible substance causes so much change in our mortal nature is a miracle to behold and experience.

Living with the Divine Love brings about harmony throughout all of one's bodies, systems and personality. One's capabilities and love continue to greatly expand.

Divine Love always has its effects in harmony with the expression and development of natural love. Therefore your awareness and expression of natural love in your life is a vital element in accepting Divine Love into your life and fostering its development of your soul. Divine Love is the great harmoniser and is therefore not isolated but its effects are universal.

Divine Love is the 'ultimate' high octane fuel.

## **WE ARRIVE DETUNED!**

Our souls are a divine creation of our Heavenly Mother and Father. They could not be any other way! And are designed (such as how it has been for us) to begin incarnation in a Natural love condition reflecting the Natural love state of our world.

And we have also been provided with the opportunity to experience what is being ‘evil’, to live denying our Natural love, as seen through the denial of many of our feelings. So we here on planet Earth live on a world that has Rebelled (and then also Defaulted), of which there are only 37 within the local universe of Nebadon, consisting of 3.8 million physical worlds under the regency of Mary Magdalene and Jesus – the spiritual parents of truth of all of Nebadon! And we assassinated Jesus, and completely denied Mary not allowing her to have her say about the truth.

As a consequence, we are ‘detuned’ from our Natural love state and divine origin. You could say we arrived with all parts functional, however, in our untrue, dysfunctional and distorted state, we’re badly in need of a severe service, tune up or a complete reconditioning. Our goal being to bring our true self to the fore by doing our Feeling Healing, and then to progress beyond our Natural love state by further advancing our soul condition through the process of Soul Healing and receiving our Parents’ Divine Love – becoming divine.

In our feeling- and truth-denying untrue Natural love state, we have been made to use our minds to dominate our feelings, becoming more like that of mind-based creatures of nature than of human souls of truth and feelings. And this is the wrong way for us to develop. So to step beyond this limitation, we are to live true to our feelings. Our heartfelt feelings being the guiding lights to our evolution and growth of truth.

Feelings are what guide us through our ascension of truth. So they are really our Supreme Guides. Many people look for a person, spirit, angel, even God, for supreme guidance, however it’s all right there already built in and can be found through our feelings – our soul based feelings.

By living true to our self, true to our feelings, we are living true to God. It’s that simple.

Thus we are detuned once our incarnation begins. However, the way is now open for us to bring about our full divinity. To completely Heal all that’s wrong within us on a Natural love level. To embrace and then transform that Natural love into a divine state through partaking of our Heavenly Parents’ Divine Love. All the while attuning ourselves to divine perfection and enjoying the fullness of our divinity and love, as we ascend in truth on our journey all the way to Paradise – the home of our Heavenly Parents.

**WE were DIVINE, and**  
**WE are to BECOME DIVINE AGAIN:**

Our personality, our soul, our real self, are all creations of our Heavenly Parents. We, our real selves, are not creations of our physical parents. Within our original status, we were of Divine nature.

Our physical parents, from our conception, endeavour to mould us into being ‘little me’s’, that is, replicas of themselves, imposing their beliefs and personality traits upon each of us. They crush our individuality and free will. They destroy our personality, our true self. They inflict upon each of us their ways, all of which are of a result of the Rebellion and Default of many, many generations ago. They drive us into believing and subsequently becoming dependant upon our minds. This is not the way for us to express our true selves and evolve along the path towards our true parents, our Heavenly Mother and Father. We are to embrace the Eternal Son of Truth, not the Infinite Daughter of Mind.

No, we are not in the image of our physical parents. Though we may look like them, and act like them because they have dramatically and successfully crushed our true personality, we are each very unique and independent of our parents and all other family members. When we begin to progress along the path of engaging with our soul based feelings and seek for the Truth of our feelings, we will become free of our parents’ impositions and suppression.

Upon starting our physical life experience on Earth, our divinely created soul begins to express us as one of our soul’s two personalities in Natural love. However because of Earth being in Rebellion, so we are parented into a rebellious and anti truth and anti love state of mind control over our feelings and true self.

Natural love is good, just ‘less’ or different to Divine Love. And it’s that in our rebellious state, we’re rebelling against Natural love, and Divine Love by not taking Jesus and Mary up on their offer and allowing the Divine Love to transform our soul, as we perfect our Natural love by doing our Healing.

By living true to our self, true to our feelings, we are living true to God. It’s that simple. The revealing of the Feeling Healing process is the commencement of our ability to begin the Great U-Turn and go the right way. Should we then also embrace our Heavenly Parents’ Divine Love, we can also commence our Soul Healing and a returning to that of being divine – this is our destiny.

**CREATED in THEIR IMAGE:****GOD**

James: Mary, what does ‘we being created in the image of God’ really mean?

Mary M: It means that our Mother and Father used Themselves as the model or template if you like, upon which to bring us into being, those of us who have existential souls with the potential of expressing their two personalities in Creation.

And although our souls are divine, as in being divinely created, still whilst we start our personality expression in Natural love, so we need the Divine Love to come into our soul and bring it into the levels of Celestial divinity.

Natural love, so basically the whole of Creation, is of the image of God, and we being divinely created souls can be part of God’s Divinity becoming divine ourselves. So through your Healing, James, you become progressively divine by partaking of the Divine Love and healing yourself into perfection – your true self. And by the time you’ve completed your Healing, your soul is of the Divine Love level of Celestial truth, and your personality is an expression of that level of truth, it all being ‘confirmed’ and cemented – fused – into place upon the direct soul-union with your Indwelling Spirit. Then you are of the essence of God, true and perfect to the level of the first Celestial sphere, the first sphere of true divinity.

Mary Magdalene communicating with James 20 November 2017

### **TIME to LOOK CLOSELY WITHIN:**

Few of us realise that at the time of conception our soul and personality is attracted to the very newly formed viable embryo, this brings about the creation of our spirit body in which our soul finds its home for eternity. It is the spirit body that is the template for our newly developing physical body.

We may look upon the preceding pages with all kinds of emotions. We do.

Education and love are the only options that we see to address this despair and misunderstandings.

For the first time in history we can now investigate what is truth and what is not. Kinesiology muscle testing can determine what are in truth and also the level of that truth as it relates to the Map of Consciousness (MoC) table which actually progresses beyond 1,000 to infinity.

For the first time in history we have a global communication network – the Internet – that all of humanity can access to discover truthful and loving information should we make it available, and we will.

For the first time in history we have renewable energy platforms that can provide the power sources required to deliver these communications of truthful and loving messages.

For the first time in history we now have the teachings that were made available to us in the first century. We not only have them in a complete and loving detail, we also have them in a much greatly expanded detail than what was introduced to us in the first century. Further, these teachings having started again from 31 May 1914 and continue to arrive and will continue to do so. The interactions between those in the spirit worlds and those of us in this physical world will continue to develop and become more and more fluid and constructive as we embrace these wonderful revelations of love and potential for us all.

The above pages of media reports in isolated communities reflect the issues within our own local communities. We are best to address what is lacking of Divine Love within ourselves, then by way of demonstration enable others to consider the possibilities that we have embraced to improve our soul condition and quality of life. This we can do, one step at a time. No one is required to do anything. All that is necessary is to draw our focus upon the Father's Love and ask for it with all of the yearning and sincerity of the soul. Nothing more.

As we ask for and receive our Mother and Father's Love, and embrace Feeling Healing, we will come to experience the receipt of Their Love washing over us. It becomes a physical experience. We will achieve the experience that Their Love is real and tangible and be in no doubt as to the Gift that was returned to us in the first century, and is available for all, is as real as any other tangible item that you may have.

As we grow with this Love, our soul perceptions develop. As our soul perceptions develop we steadily peel off erroneous understandings and unloving negative emotions. All steadily becomes revealed to us.

We can share these understandings to all who may come within our environments. It does not matter should they not embrace these understandings presently. We forget nothing, eventually the understandings that we have will also be understood by those that we share the possibilities with. Time is irrelevant.

## **SPIRITUAL REVELATIONS and the REINTRODUCTION of DIVINE LOVE:**

Six hundred years before the coming of Jesus of Nazareth, there were several world teachers introducing progressive spiritual and loving teachings. After the time of Jesus, we waited six hundred more years before another world teacher delivered upon Earth a spiritual platform.

This has occurred again during the 1900's with the delivery of spiritual teachings that continues today.

These gifts for humanity started with messages successfully conveyed through James Padgett commencing on 31 May 1914. Between 1914 and 1923 some two and half thousand messages were documented. A student of Padgett's messages, Dr Daniel Samuels, continued the work from 1954 to 1963. A student of both these works received the Judas Messages between 2001 and 2003. Students of all these works are now recording and publishing further expansive materials; both the Richard Messages and the Divine Universe were received during 2012 to 2013. Thus this program has been in progress for 101 years, that is, commencing 31 May 1914 and completed during 2014.

Currently, there are further supportive publications. As one investigates these revelations and develops their own soul condition then one can perceive further possibilities and the resulting questions lead to further development of the material. It is most apparent that these communications will continue to develop greater and more spiritual explanations.

By the middle of the second century, much of what Jesus of Nazareth taught was lost. Most importantly was the loss of his teachings regarding Divine Love, the Spirit Love, that **all** can receive should they so ask:

God's Divine Love, pray for it, ask for it, and receive it.

The experience of living with Divine Love is now the blessing of many. Those with this love have a burning desire to share their experience with others. This is what we will do.

## Red Dust Healing: Acknowledging the Past, Changing the Future

### RED DUST HEALING:

"Red Dust Healing for me begins with my earliest memory of my dad, Noel Powell Snr. I must have been about four and I remember him driving home on the grader to a caravan on the side of a road out near Ivanhoe and the red dust swirling behind him. He swallowed a lot of Red Dust in his time." – Tom Powell Founding Director.

Originally designed by Tom and further developed in partnership with Randal Ross with whom he first met in October 1996 while working for the Department of Juvenile Justice in Taree, NSW, Australia. Red Dust Healing is a specific cultural healing program that has been delivered to groups in both New South Wales and Queensland. To date over 9,500 people have been through the program plus many through information sessions and one day workshops. Numbers continue to rise rapidly as more and more people hear about the Red Dust Healing.

### TOM POWELL:

A proud Warramunga Man from within the Wiradjuri Nation. Tom was born and bred in a little town called Narromine in the Central West of NSW.

Tom finished school after year 10 and worked with his father in the family business of earthmoving and road construction. Tom's father established this business in 1973. A mean feat for an Aboriginal man given the times. Tom and his brothers worked with him until his death in 1985. After his father's passing Tom continued in the business purchasing his own grader in 1987. In 1994 Tom enrolled in a community welfare course at night at Dubbo TAFE. Tom feels he has had a fortunate upbringing and has always wanted to help his people especially the Aboriginal young people. Tom Spent 14years with the NSW Department of Juvenile Justice as a Aboriginal Programs Officer both in Taree and Coffs Harbour on the mid north coast of NSW. After leaving the Department Tom has been busy facilitating Red Dust Healing.

### RANDAL ROSS:

Has three traditional descendant backgrounds, his Aboriginality is the Townsville clan Bindol and Juru from the Burdekin region and Kunjun connection in Lockhart River, his Torres Strait Island family is from Erub (Darnley Island) and is a Kananka – Australian South Sea Islander with his connections in the communities from Ayr and Bowen. Randal has had a strong background working with government at

local, state and federal levels in both Queensland and New South Wales. Much of his work has been related working with Indigenous youth and families in both states. Randal's future aim is to develop programs about restoring indigenous families particularly around men. Many of our indigenous families are being headed by strong indigenous women and Randal's vision is to restore a vital cultural connection within the family by working with men. Randal Ross –

### **The RED DUST HEALING PROGRAM:**

#### **RED DUST HEALING – MOTO:**

When the dust is settled on our lives, all we get to keep and take with us is our dignity, our integrity and the love and respect we shared with all people.

Red Dust Healing is founded on a cultural belief that we are one people, one mob, irrespective of race, who do not own but belong to this land.

#### **RED DUST HEALING – PHILOSOPHY:**

If we do not know who we are and where we come from, then how do we know where we are going? Healing to us is a spiritual understanding of self, identity, love, belonging, family, security, hurt, heartache, good times and laughter.

But mostly Healing is a grasp for hope and acceptance based on Divine Love and respect, of understanding of ourselves, our supports and being able to tell “our” stories.

#### **RED DUST HEALING – BACKGROUND:**

Red Dust Healing is written from an indigenous perspective for indigenous men and their families. The program is targeted at the heart and not the head.

The program facilitates the understanding of “Rejection” and “Grief and Loss” being the foundation of all hurt. The Love is the way.

Participants are encouraged to examine their own personal hurt and allows them to heal from within addressing family and personal relationships and what may have been life long patterns of violence, abuse and neglect. Though written from indigenous perspectives Red Dust Healing also targets non indigenous people. We have run mixed groups. Rejection knows no boundaries it's the same for young and old, it's the same for male and female, its the same for black and white – IT JUST HURTS.

The program places the participant both in the position of being hurt (victim) and then as the one doing the hurting (perpetrator).

The program identifies the emotions felt as the victim and then the hurt caused as the perpetrator. Participants are asked to examine the similarities and effects this may have had on their lives while growing up and question whether they are repeating the same tactics that may have hurt them.

An example of this is the program outlines and examines the perspectives of two different laws: LORE is portrayed as our dignity, our integrity, our power and our freedom. Participants are shown that if you maintain the LORE then it makes the LAW redundant. (Lore: body of tradition and facts on a subject.)

LAW versus LORE		
Legalities	vs	Land
Attorney Generals	vs	Origin
Westminster	vs	Respect Elders

### **PROGRAM CONTENT:**

Red Dust Healing targets a multifaceted approach covering four main areas:

- Healing
- Pro-Social Modelling
- Professional Development
- Cultural Awareness

Red Dust Healing addresses significant key areas such as: Identity, family roles and structure, relationships, Elders, Men's business, Indigenous history and the impacts of colonialism, drug and alcohol issues, family violence, grievance and loss, stress and mental health issues, anger management, education and employment housing issues, meetings and community contribution and governance.

Red Dust Healing is a group program for indigenous men and women that examines the intergenerational effects of colonisation on the mental, physical and spiritual well being of Indigenous families and encourages individuals to consider and deal with the problems, hurt and anger in their lives.

### **PROJECT DELIVERY DESIGN:**

The program is delivered to groups, two times per group. The first time is for participants to heal and deal with their own issues first. The second time is to give them the skills to pass on the information and tools learnt to family members and community.

The program is typically delivered by 2 trainers to a group of 10–12 participants over a 3–4 day period. Daily time envisaged would be between 9.30am and 3.30 pm with lunch, morning tea is provided. The second training would be completed within a 4 to 6 week period after the initial training block. The Buddies / Mentors can support and encourage participants to complete case-plan goals (depending on program delivery model).

This gives participants the opportunity to follow through with case-plans and with family or other relevant service providers in between the two training blocks.

\*If arranged, an information session can be delivered on the first day prior to program commencement for community / government organizations and other relevant people.

## OUTCOMES AND PERFORMANCE MEASURES:

- Understanding of the impact of Rejection and Grief and Loss.
- Understanding the impacts of colonialism and oppression and then learning tools to overcome those impacts.
- Better understanding of self and allow participants to address the hurt within their lives.
- Improved self esteem and self love.
- Identifying the linking of emotions and feelings with behaviours and actions.
- Indigenous Men will come to have an understanding of identity and learn to self evaluate matters that impact on their own personal lives.
- Development of future role models and fathers.
- Restored broken relationships.
- Realization and knowledge that support is available through networks and services to assist participants and families.
- Families are linked to service providers.
- Strengthening current partnerships – both within and outside of the family and community.
- Increasing capacity of Indigenous men to contribute, plan, implement and evaluate a variety of strategies, projects and programs in their community and outside of the community.
- Improve relationships between fathers and sons.
- Develop and enhance support networks for Indigenous men.
- Assist to mend family relationships – especially with the oppressors.
- Feed back forms and interviews from participants.
- Completed case-plans and links to agencies and support networks.
- Participation levels throughout the program, maintained by attendance sheets.
- Feedback from local organizations and family members.
- Participants involved in co-facilitating future training.
- Formation of a partnership committee to implement and guide the project.
- Black tracking – retracing your steps, self evaluation process.

## RED DUST HEALING OUTCOMES ACHIEVED:

Many hundreds of people have now officially completed different stages of the program with some outstanding results. Some interviews conducted with participants have been conducted for visual feedback. The main reason why this program has had success is that it is targeted at the heart and not the head. The program allows for numeracy and literacy issues, it caters for all ATSI (Aboriginal and Torres Strait Islander) men and women, young and old, Cultural Awareness modules for non-ATSI people. The program has also been run with a mixed group of ATSI and non-ATSI people. The program creates an environment that allows for confidentiality to be kept and participants feel free to express their emotions.

Thanks for rolling with the Red Dust!

## What is the Divine Love?

*"The Divine Love is that Love which belongs to or is a part of God, possessing His nature and composed of His Substance, and which when possessed by man to a sufficient degree, makes him divine and of the nature of God." – Jesus, in a message received by James E. Padgett through spirit communications on May 15, 1917.*

**"The Divine Love of the Father is the greatest thing in all the world, and the only thing that can make man at-one with God, and change the soul of man as it has existed since his creation into a divine substance filled with the essence of the Father. There is nothing else in all the universe of God that can cause man to become a new creature and an inhabitant of the Father's Kingdom; and when men possess this Love then they possess everything that will make them not only the perfect man but the divine angel." – Apostle John, in a message received by James E. Padgett on August 5, 1916.**

**DIVINE LOVE:**

<http://www.fcdt.org/divinelove.htm>

The words "Divine Love" have been used in many contexts to convey different meanings. But in the context of our Heavenly Father, Divine Love is the greatest gift in all the universe. It transcends all else that can assist humankind fulfil their dreams of happiness and have them resolved within themselves. God's Divine Love is the one thing in all of God's infinite universe that can bring about eternal life and everlasting happiness in the Celestial Kingdom.

***What is Divine Love?***

The Divine Love differs from the natural love of man with which he was endowed when created, which belongs to all humans, and which they all possess in a more or less perfect condition in this: that the Divine Love is that Love which belongs to or is a part of God, possessing His Nature and composed of His Substance, and which, when possessed by a human soul to a sufficient degree, makes him divine and of the nature of God.

***What is the New Birth?***

The New Birth is simply the effect of the flowing of this Divine Love of the Father into the soul of a man and the disappearing of everything that tends to sin and error. As the Divine Love takes possession of the soul, sin and error disappear. It, the soul, becomes of a quality like the Great Soul of the Father. And with the Soul of the Father being Divine and immortal in Its quality of Love, so, when the soul of man becomes possessed of this quality of Love, the soul being the man, this soul becomes divine also. Then, the image becomes the substance; the mortal becomes the immortal; and the soul of man, as to love and hope, becomes a part of the Father's Divinity.

***How does one receive the Divine Love?***

The only way is simply this: that men shall believe with all the sincerity of their minds and souls that this great Love of the Father is waiting to be bestowed upon each and all of them; and that when they come to the Father in faith and earnest aspirations, this Love will not be withholden from them. And, in

addition to this belief, that they pray with all the earnestness and longings of their souls that the Father will open up their souls to the inflowing of this Love, and that then may come the Holy Spirit to them to bring this Love into their souls in such abundance that their souls may be transformed into the very Essence of the Father's Love. The soul who will thus believe and pray will never be disappointed, and the Way to the Kingdom will be his as certainly as that the sun shines by day upon the just and unjust alike.

***Take the test.***

Too often we are told to believe something based on what we are told. You don't have to "believe" anymore. Now you can have physical proof of the existence of God and His Love for you?

*"test my teachings that the Father's Love was now available, and pray for it to the Father in earnest prayer, and see whether, if this was done in sincerity, the Father's Love, conveyed through the Holy Spirit, would burn and glow in the soul, by which sign they would realize His Love was present therein." – Jesus*

Take it to heart – earnestly pray for God's Divine Love and feel the glowing of His Love in your soul. Jesus gave us the Prayer for Divine Love to help us in our prayers to the Father.

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

**UNIVERSALITY of the LOVE:**

**Should you be open to and communing with our Heavenly Parents, our Mother and Father, no matter who you are and where you are, your desire for Their love will be showered upon you. We do not need to be anywhere in particular or be receiving guidance from any particular person, our relationship with our Heavenly Parents is a very personal one to one communion that can bring about a flow of Their Divine Love into one's soul anytime we desire as often as we desire, anywhere we may be no matter what we may be doing. It is our choice and our free will that only needs to be applied. Embrace and enjoy the Love.**

## The Gift that keeps Giving

*A general universal truth on how to experience Divine Love*

As more people become aware of the *Divine Love*, how to experience the Divine Love required a need to provide a general universal platform that is simple yet an effective way for one to experience *Divine Love*. People may learn about the availability of *Divine Love* by word of mouth or from reading literature that introduces this gift for our soul, and also by participating with group dynamics where the *Divine Love* is introduced and discussed. The essence of this standard platform is its independence so that the individual may feel guided to include this simple platform in their daily life and experience of *Divine Love*.

This simple technique is constant and practical and has been utilised in the general public for many years with good consistent results, accommodating participants and their diversity of belief and cultural background. This platform is a reliable place to begin with the experience of *Divine Love*. It needs to be confirmed that accepting *Divine Love* rests with our soul and heart and that to experience this Love will comfort one in their individual faith experience as we all aspire toward the greater reality of Love, Truth and Spirit.

### A Universal Platform on How to Experience the Divine Love:

Firstly, you are aware now that you can experience the *Divine Love*.

Find a comfortable chair; sit down in a relaxed and normal position.

Close your eyes and take 3 deep single breaths in through your nose and out through your mouth to clear energy and to relax into this experience. Have a little faith and proceed without great expectations.

Gently turn your inner heart and voice to the Soul, God in faith when you feel ready, ask the Soul, God with your own loving voice for an inflowing of *Divine Love*. Having asked sincerely, there is no need to continuously ask. The Soul, God hears sincere love in the asking and so The Spirit that brings the Love acts, and *Divine Love* is now flowing.

Having asked once, you will be receiving the *Divine Love*.

Proceed without expectation on what will happen as you experience the Love.

Sometimes your mind may wander – or there are thoughts, feelings or physical sensations. Experiencing the *Divine Love* is never a forceful experience.

Continue for as long as you feel you would like to. This may be for 5 minutes or 20 minutes or an hour. Time will vary for the needs of the individual or group.

Take another few deep breaths to assist your focus. Give our love to the Soul, God and in our own voice inwardly say this Soul, God that you love this Soul and are grateful to receive this *Divine Love*.

Then when you feel ready, open your eyes and take another deep breath or two, and this closes the experience.

### Some helpful hints:

- This general universal platform on how to experience the *Divine Love* is uncomplicated. Some people have utilised this platform for many years, never needing to change.
- The essence of this standard platform is to experience the *Divine Love* in a comfortable way therefore this technique needs to be simple, effective and inclusive.
- Experiencing the *Divine Love* can be a long-term experience so to have a practical, simple, functional standard platform solves a lot of problems about *how* to experience the *Divine Love*.
- From this truth people who like prayer or meditation, reflection, spirit communication, or just being *in* and *with* the Love can extend their experience of truth.
- Lastly, enjoy! And know that when a person is experiencing the *Divine Love* that one is in the tender care of the Soul God, and that no spirit interference will happen, for no spirit can interfere with the Sovereignty of *Divine Love*, which is God's Alone!
- Enjoy, Celebrate and Shine!

A gift of experience from Zara and Nicholas endorsed by many, many others.

## **DIVINE LOVE – what does it do?**

The divine gift from asking for and receiving Divine Love will steadily, but with certainty, raise one's quality of life and also of all those around such a person who is seeking and receiving this Love.

The receiving of Divine Love, which is a substance, with certainty, progressively:

- Raises one's love for those around them, whilst embracing one's Feeling Healing.
- Raises one's perception of all things – naturally grows one's intelligence – soul intelligence.
- Enables one to feel and resolve negative emotional issues more readily during Feeling Healing.
- Humility becomes self evident. Humility enables one to feel their errors and emotions.
- Divine Love strengthens one's resolve to express errors, emotional injuries and untruths.
- Divine Love with Feeling Healing to remove emotional errors, enhances one's health.
- Divine Love enables one to become more childlike – not adult serious at all times.
- Divine Love raises one's capability of feeling – no longer needing to be mind controlling.
- By becoming feeling orientated, one no longer is mind / intellectually dominated.
- The strength to fight and overcome sin and error is strengthened through the Divine Love.
- The Law of Compensation process is more resolved by Feeling Healing with Divine Love.
- Receipt of Divine Love grows one's faith, beliefs become faith and then knowing.
- As our faith grows our intensity to ask and then receive Divine Love grows.
- We begin to follow our passions and desires, no longer fear and mind driven.
- Truth being told at all times then progressively becomes a way of life.
- Our quality of life blossoms, our finances and relationships prosper.
- Man creates his own environment, seeking Divine Love can vastly improve one's environment.
- Health carers receiving Divine Love enhance healing outcomes beyond comprehension.
- Receiving Divine Love may assist in bringing a struggling marriage back into harmony.
- You progressively become dependent upon our Heavenly Parents, not self dependent.
- Personal growth in love directly assists the soul condition growth of one's children.
- Divine Love assists one's rate of soul condition to progress whilst embracing Feeling Healing.
- Divine Love is a substance that changes the human soul to that of the Divine.
- Without Divine Love, one cannot progress into the Celestial Spheres (8<sup>th</sup> sphere and higher).
- Divine Love, with Feeling Healing, enables everlasting Love and Life in the Celestial Heavens.

“The Law of Compensation doesn't operate on isolated actions, but on the overall condition of people's souls, because the deeds are the consequence of this condition. Our behaviour is the reflection of our souls. Never see isolated deeds, always see souls whose condition leads to certain deeds. It is the soul condition which determines the motive and consequently the action. It is our lack of trust in God, this ultimate and definitive trust, which only soul development may give us. This lack is why we suffer.”

Judas of Kerioth 5<sup>th</sup> October 2001

As you grow in love, illness issues abate, financial security improves, and your treatment of your fellow man is the same as how you would like to be treated. You grow in natural intelligence, your perception on many subjects becomes profoundly more loving and supportive of and for your way of life and how you interact with your fellow man.

This quality of life and love permeates and extends into every facet of your physical life and continues to grow as you progress on your journey within the spirit world.

Your capabilities to ask for and receive Divine Love is a gift between you and your creator, God. You do not need an intermediary, nor do you need to join with any organisation. This is your own personal journey and experience. You can share this with others, but no one can take it away from you.

This Love will elevate the human soul to a condition that it may perceive the spiritual truths which God has waiting to be revealed to Their children who aspire to understand the nature of the divine and what their true relationship to Them and their family of souls is.

“Keep faith with God, and be open to Their Love, and you will overcome with confidence and, indeed, peace of mind, optimism and happiness, those circumstances that seem to mar the fulfilment of your years.” Mary (mother)

**‘The difference between what are regarded as two paths, the Natural Love Path and the Divine Love Path, is, essentially, the amount of Divine Love that beings have been able to acquire.’**

Quote from Celestial Spirit Richard 22 Dec 2012

**Feelings!**  
*first*

The way in which the Spirit conveys the Divine Love into the soul is a beautiful miracle. The attribute of mortal soul prior to incarnation has to it, a potential within it that is part of its formed nature. After the soul incarnates this potential remains part of the soul and even if the forming personality is unaware of such a soul potential, the potential still exists. The Divine Love is entirely suitable in its energy of harmony to be the energy that a mortal soul can utilise. The Spirit covers the spirit body when the individual sincerely asks the Soul of God for the Divine Love and this covering of the spirit body is where the dynamic of this beautiful miracle takes place. From the internal longing of the individual for the Divine Love this activates the Spirit Law that activates the Spirit that is then attracted to the spirit body upon which the Spirit material of the spirit body draws the Divine Love in to its soul and this union completes. The key here is to gain a perceptive insight into realising that the spirit body is not an inert body but that it is living and has activity, recognisable from its first forming from the Spirit Law that materialises a spirit body. The Spirit and the spirit body to give an analogy are like two attracting magnets and when the surface of the spirit body is touched by the Spirit, this causes the automatic response of the Divine Love to permeate into the attribute of soul and so begins the transformation of energy from the natural into the Immortal Divine Harmony. If the individual continues the receipt of Divine Love, the energy that is Divine Love actively begins to change the soul and this is felt in the spirit body systems and can produce feelings of love and elation. The spirit-mind begins to change as all spirit body systems are affected by the changed condition now experienced in the soul as the soul becomes living and vital. In one's progression of this Divine transformation, the soul will mature enough from the amount of Divine energy it receives and at that moment the surface of the spirit body and the Spirit are continuously attracted to each other, then one is living in the presence of our Mother and Father in perfect harmony, and this clarifies the truth about what it means to be truly at-one with God.

[www.lulu.com](http://www.lulu.com)

It is I Matthew, a teacher of the Divine Love. I have communicated with you recently, now I desire to provide you with a visual description of the Love.

Imagine a continuous Energy shining light blue that is unbroken with a seamless surface that surround every mortal and Immortal spirit. Imagine if you were to become aware that this energetic field of light-blue Energy existed in its shining radiance just near where you are. Now that you are aware that this unbroken Divine Love is unified energetic field of living Love, by opening toward the Soul of God and aspiring for the Divine Love, the Acting Spirit gently brings a small portion of this shining blue Energy into your soul

The Divine Love that you have received remains part of this great Energy that the Divine Love is and even though this small portion of Divine Love, now within your soul, in its shining radiance and energetic cause, it is never separated from the continuous energetic field of Energy that the Divine Love is. Having partaken of this Energy it is with perception that one is aware that the Divine Love within one's soul is the same Divine Love that every person and spirit who has partaken of this Love, participates with. Even though in our individuality we partake of this Divine Energy, this Love is never broken away from the Source and Origin from which this Divine Love emanates.

The Divine Love is bestowed into our finite soul by the Acting Spirit, but this Spirit remains in contact with our spirit body and does not enter the finite soul to become part of our finite soul essence that we are. No mortal or Immortal spirit can manifest in their soul the Acting Spirit so that this Spirit – this Holy Spirit – becomes part of our existing finite spirit body. Only the Divine Love and its Energy becomes part of our finite soul, which causes the change to our spirit body. The Acting Spirit always remains its own attribute and never does a Celestial spirit claim ownership or take possession of the Acting Spirit within their soul. (The Holy Spirit / Acting Spirit is an instrument of the Source Soul, our Father.)

This is one of the wonderful Truths by which we who have been transformed by the Divine Love understand our personal relationship with our Mother and Father's ever-present Acting Spirit. The shining Energy of Divine Love is all around us and when we have partaken of this Love, part of our finite nature becomes independently shining in this true perfect Love.

I provide these words that may appeal to those who are visual and to express the universal appearance of the Divine Love and the personal touch when in contact with the Acting Spirit.

Matthew (Apostle)

**Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.**

The **Prayer for Divine Love**

2 Dec 1916

<http://www.youtube.com/watch?v=Pg6p3rivAZw>

**P.438 Book of Truths through James Padgett / Jesus**

Let your prayer be as follows:

**Our Father, who art in heaven, we recognize that You are all Holy and loving and merciful, and that we are Your children, and not the subservient, sinful and depraved creatures that our teachers of old would have us believe. That we are the greatest of Your creation, and the most wonderful of all Your handiworks, and the objects of Your great soul's love and Tenderest care.**

**That Your will is that we become at one with You, and partake of Your great love which You have bestowed upon us through Your mercy and desire that we become, in truth, Your children, through love, and not through the sacrifice and death of any one of Your creatures.**

**We pray that You will open up our souls to the inflowing of Your love, and that then may come Your Holy Spirit to bring into our souls this, Your love in great abundance, until our souls shall be transformed into the very essence of Yourself; and that there may come to us faith--such faith as will cause us to realize that we are truly Your children and one with You in very substance and not in image only.**

**Let us have such faith as will cause us to know that You are our Father, and the bestower of every good and perfect gift, and that only we, ourselves, can prevent Your love changing us from the mortal to the immortal.**

**Let us never cease to realize that Your love is waiting for each and all of us, and that when we come to You, in faith and earnest aspiration, Your love will never be with-held from us.**

**Keep us in the shadow of Your love every hour and moment of our lives, and help us to overcome all temptations of the flesh, and the influence of the powers of the evil ones, which so constantly surround us and endeavour to turn our thoughts away from You to the pleasures and allurements of this world.**

**We thank You for Your love and the privilege of receiving it, and we believe that You are our Father --the loving Father who smiles upon us in our weakness, and is always ready to help us and take us to Your arms of love.**

**We pray this with all the earnestness and longings of our souls, and trusting in Your love, give You all the glory and honour and love that our finite souls can give.**

**Amen**

[www.lulu.com](http://www.lulu.com)**The Question of Natural Love and Transformation**

message: 51

18 September 2013

“What happens to the Natural love when a soul receives the Divine Love?” My (Ivanhoe) response to this question is as follows:

The condition of the soul in its natural essence will be determined by the sum total of the individual human life lived. You understand that there are different Spheres where individuals reside with varying soul conditions. This reveals to us that natural love varies relative to the human experiences lived and then the way the individual chooses to continue living here in the spirit world. When the Divine Love permeates the soul for the first time, there will not be the sufficient amount of this Love received to bring about any noticeable changes. If one continues to receive Divine Love over time then this Love, the Divine Love, will bring about the necessary changes in the soul so that the condition of the soul is noticeably seen in their personality and in their personality and individuality.

Acting in accord and rapport with the Spirit Law of Compensation, the life experiences of an individual that have formed any disharmony will form part of the natural essence, the natural love condition of the soul. There are all gradients of natural love in humans and mortal spirits and each individual is subject in this gradient to the same workings of accord and rapport with the Spirit Law of Compensation. A spirit in the 6<sup>th</sup> Sphere who is no longer subject to the Spirit Law of Compensation may well – without even knowing about the workings of this Law – experienced this Law to assist in their perfection of their natural love.

The Divine Love acts in the soul in a particular way. This has been introduced in the writings of The Divine Universe and the spirit writings of James Padgett.

The Divine Love never dissolves the natural essence so that the already existent natural love is changed out of existence. The Divine Love doesn't replace the natural love so that the individual is living without any natural essence. The reason for this is simply stated by the fact that the natural essence is energy of the soul and natural love is a good energy.

Because this energy has existence it cannot be reduced to nothing when it is in a soul. The only way natural love can be reduced to nothing is for the attribute of the soul itself to be disintegrated and reduced to nothing, and since the attribute of a soul's life begins with God, the only individual who can de-create a souls life rests with God.

The Divine Love perfects the natural love and the progress of this perfection is the term ‘transformation’. The Natural love is compliant with the Divine Love and as the Divine Love perfects the essence of the Natural love, the systems of the spirit body and personality and attributes of the soul, the spirit body and the personality begin to advance in their potential so that the individual is living a Celestial life well in the progress of Love and Spirit, which includes the perfection of their natural love.

If the individual has already perfected their natural love and then to receive the Divine Love, the Divine Love will not add, alter change or interfere with this perfection for such perfection in natural love is a living harmony, a living truth, subject to the Spirit Law of Rapport and Soul Condition set in place by the Father.

The truth of it is the transformation from the Natural to the Divine happens automatically, much like the way a person drinks water and the body takes this liquid energy and with this energy creates other forms

of energy. The soul takes in the Divine love, the Divine Love fuses with the Natural love energy and then the spirit body takes this unified energy and turns it into fuel to develop the systems and attributes of the spirit body and soul which then translated into the personality. The transformation that really happens when the Divine Love acts in the soul is a transformation of awareness! By this I mean the individual experiences over time a change in human awareness and this experience of the spirit-mind or the human mind is the real telling factor of information relating to the question you have asked.

Ivanhoe from the Celestial Heaven.

Received by James Padgett. Washington D.C.

March 31st, 1915

Page 117 of Vol I of True Gospel Revealed Anew by Jesus

I am here, your grandmother, Ann Rollins,

(Ann is from within the Celestial Heavens)

(also the grandmother of James Padgett.)

I came to write you about the forgiveness and pardon of the Father, and to enlighten you upon this subject which is so little understood, since men first commenced to distort the teachings of the Master.

Forgiveness is that operation of the Divine Mind which relieves man of the penalties of his sins that he has committed, and permits him to turn from his evil thoughts and deeds, and seek the Love of the Father; and if he earnestly seeks, find the happiness which is waiting for him to obtain. It does not violate any law that God has established to prevent man from avoiding the penalties of his violations of the law of God controlling his conduct.

The law of compensation, that what a man sows that shall he reap, is not set aside, but in the particular case where a man becomes penitent and in all earnestness prays the Father to forgive him of his sins and make a new man of him, the operation of another and greater law is called into activity, and the old law of compensation is nullified, and, as it were, swallowed up in the power of this law of forgiveness and love. So you see there is no setting aside of any of God's laws. As in the physical world certain lesser laws are overcome by greater laws, so in the spirit world or in the operation of spiritual things, the greater laws must prevail over the lesser.

**God's Divine Laws**

**override**

**Spirit World Laws**

**which in turn override**

**Natural World Laws**

God's laws never change but the application of these laws to particular facts and conditions do seem to change, when two laws come into apparent conflict, and the lesser must give away to the greater.

The spiritual laws are just as fixed as are the physical laws that control the material universe; and no law having application to the same condition of facts, ever is different in its operation or in its effects.

The sun and planets in their movements are governed by fixed laws, and they operate with such exactness that men who make a study of these laws and comprehend them can, with almost mathematical precision, foretell the movements of these heavenly bodies. This only means that as long as the sun and the planets remain as they are, and surrounded by the same influences, and meet no law operating in a manner contrary to the laws which usually control them, these planets and sun will repeat their movements year after year in the same way and with like precision. But suppose that a more powerful and contrary law should come into operation, and influence the movements of these bodies, do you suppose for a moment that they would pursue the same course as if such greater law had not intruded itself?

The effect of this is not to set aside the lesser law, or even to change it, but to subordinate it to the operations of the greater law; and if these operations were removed or ceased to act, the lesser law would resume its operations on these planets again, and they would move in accordance therewith, just as if its power had never been affected by the greater law.

So, in the spirit world, when a man has committed sins on Earth, the Law of Compensation demands that he must pay the penalty of these sins until there has been a full expiation, or until the law is satisfied. And this law does not change in its operations, and no man can avoid or run away from the inexorable demands of the law. He cannot of himself abate one jot or tittle (scarcely detectable amount) of the penalties, but must pay to the last farthing as the Master said, and hence, he cannot, of himself hope to change the operations of this law.

But, as the Creator of all law has provided another and higher law, which, under certain conditions may be brought into operation and causes the former law to cease to operate, and man may experience the benefit of the workings of this higher law. So when God forgives a man of his sins, and makes him a new creature in his nature and love, he does not, for the particular case annihilate the law of compensation, but removes that upon which this law may operate.

Sin is violation of God's law, and the effect of sin is the penalty which such violation imposes. A man's suffering for sins committed are not the results of God's special condemnation in each particular case, but are the results of the workings and scourgings of his conscience and recollections and as long as conscience works he will suffer, and the greater the sins committed, the greater will be the suffering. Now all this implies that a man's soul is filled to a greater or lesser extent with these memories, which for the time constitute his very existence. He lives with these memories, and the suffering and torment, which result from them can never leave him until the memories of these sins, or the result of them, cease to be a part of himself and his constant companions – this is the inexorable law of compensation, and man of himself has no way of escaping this law except by his long expiation, which removes these memories and satisfies the law.

Man cannot change this law, and God will not. So, as I say, the law never changes. But remember this fact, that in order for the law to operate, a man must have these memories, and they must be a part of his very existence.

Now, suppose that the creator of this law has created another law, but which under certain conditions, and upon a man doing certain things, these memories are taken from him, and no longer constitute a part or portion of his existence; then, I ask, what is there in or of that man upon this law of compensation that can act or operate? The law is not changed, it is not even set aside, but upon which it can operate no longer exists, and consequently there is no reason or existence of facts which call for its operation.

So, I say, as do your scientists and philosophers, that God's laws are fixed and never change, but I further say, which they fail to perceive, that certain conditions which may and do call for the operations of these laws today, tomorrow change or cease to exist, so that the laws are no longer effective.

And so when the truths of God's forgiveness of sin is declared, many wise men hold up their hands and shout, *"God's laws do not change, and even God Himself cannot change them. And to effect a forgiveness of sins, the great law of compensation must be violated. God works no such miracle, or gives special dispensation. No, man must pay the penalty of his evil deeds until the law is fulfilled."*

How limited is the knowledge of mortals, and of spirits as well, of the Power and Wisdom and Love of the Father. His Love is the greatest thing in all the universe and the Law of Love is the greatest law.

Every other law is subordinate to It, and must work in unison with it; and Love, Divine Love of the Father, when given to man and he possesses it, is the fulfilling of all law. This Love frees man from all law except the law of its Ownself – and when man possesses this Love he is slave to no law and is free indeed.

The law of compensation and all laws not in harmony with the Law of Love, have nothing upon which to operate in that man's case, and God's laws are not changed but merely, as to this man, have no existence.

Now, let all men, wise and unwise, know that God in His Love and Wisdom, has provided a means by which, man, if he so will, may escape the unchanging law of compensation, and become no longer subject to its demands and penalties; and these means are simple and easy, and within the comprehension and grasp of every living soul, be he saint or sinner, a wise man or an ignorant one.

Intellect in the sense of being learned is not involved, but the man who knows that God exists and provides him with food and raiment as the result of his daily toil, as well as the great intellectual scientist or philosopher, may learn the way to these redeeming truths. I do not mean that a man by mere exercise of mental powers may receive the benefit of this great provision for his redemption. The soul must seek and it will find, and the soul of the wise may not be as capable of receiving as the soul of the ignorant.

God is Love. Man has a natural love, but this natural love is not sufficient to enable him to find these great means that I speak of. Only the Divine Love of the Father is sufficient, and He is willing that all men should have this Love. It is free and waiting to be bestowed upon all men. But strange as it may seem, God will not, and I might say, cannot, bestow this Love unless man seeks for It, and asks for It in earnestness and faith.

The will of man is a wonderful thing, and stands between him and this love, if he fails to exercise this will in seeking for it. No man can secure it against his will. What a wonderful thing is man's will, and how he should study and learn what a great part of his being it is.

The Love of the Father comes only into a man's soul when he seeks It in prayer and faith, and of course this implies that he wills It to come to him. No man is ever refused this Love when he properly asks for It.

Now this Love is a part of the Divine Essence, and when a man possesses It in sufficient abundance he becomes a part of Divinity Itself; and in the Divine there is no sin or error, and, consequently, when he becomes a part of this Divinity no sin or error can form a part of his being.

Now, as I have said, man who is without this love has his memories of sin and evil deeds, and, under the law of compensation, must pay the penalties. Yet when this Divine Love comes into his soul, it leaves no room for these memories, and as he becomes more and more filled with this Love, these memories disappear and only the Love inhabits his soul, as it were. Hence, there remains nothing in him upon which this law can operate, and the man is no longer its slave or subject. **This Love is sufficient of itself to cleanse the soul from all sin and error, and make man one with our Mother and Father.**

This is forgiveness of sin, or rather the result of forgiveness. When a man prays to the Father for this forgiveness, He never turns a deaf ear, but says, in effect, *"I will remove your sins and give you my love, I will not set aside or change my laws of compensation, but I will remove from your soul everything upon which this law can operate, and as to you it becomes as if it had no existence."*

I know by your personal experience that this forgiveness is a real, actual, existing thing, and when the Father forgives, sin disappears, and Love only exists, and that Love in its fullness is the fulfilling of the law.

So let men know that God does forgive sin, and when He forgives the penalty disappears, and when they disappear as the result of such forgiveness, no law of God is changed or violated.

This was the great mission of Jesus when he came to Earth. Before he came and taught this great truth, the forgiveness of sin was not understood, even by the Hebrew teachers, but their doctrine was an eye for an eye and a tooth for a tooth. The Divine Love, as I have feebly described, was not known or sought for – only the care and protection and material benefits that God might give to the Hebrews.

The Divine Love entering into and taking possession of the souls of men constitute the New Birth, and without this no man can see the Kingdom of God.

My dear son, I have written you a long but imperfect communication, but there is sufficient in it for men to think of and meditate upon, and if they do so and open their souls to the Divine Influence, they will know God can forgive sin, and save men from its penalties, so that they will not have to undergo the long period of expiation, which in their natural state the law of compensation ever demands.

So without writing further, I will say that I love you with all my heart and soul, and pray the Father to give you this Great Love in all its abundance.

Your loving Grandmother,

Ann Rollins

Our Heavenly Parents send the Holy Spirit, the Spirit, to those who long for and ask for Their Love and assistance. All you need do is ASK!

“The New Birth is the flowing of the Spirit of God into your soul and the disappearing of all that tends to turn your heart from the truth and Love of God in conjunction to doing one’s Feeling Healing.”

“The Holy Spirit is God’s messenger or instrument that carries into the soul the Divine Love that is bestowed on the truly penitent man.”

“The Holy Spirit when the penitent prays for the Love the Holy Spirit will respond and fulfil the work that the Mother and Father has provided it to do.”

“The only thing that saves a man from their sins / errors and reconciles them to the Mother and Father is that they must become conscious of God’s Truths and receive the Holy Spirit into their souls.”

Continuing with one’s longing for Truth and asking for our Parents’ Love enables progressive removal of emotional errors and injuries that then lead to the removal of core emotional damage, and then, subsequently, the progressive filling and expansion of one’s own soul. Removal of these soul injuries through Feeling Healing also leads to the removal of damage to one’s spirit body and the restoration of one’s health.

It is only by the infusion of this Love while longing for Truth within one’s soul in sufficient quantities does one become fitted to enter the Celestial Heavens.

Soul development, with the Love, can take a soul from being a dried up garden pea to that of a simple candle, and then onto that of a blazing sun!

**The LOVE that brings about FORGIVENESS:**

This Divine Love, and by this I mean the only way through which salvation can be obtained, can enter and fill the soul through the sincere longing of the soul to assuage the thirst for at-onement with the Father through prayer. Revelation 17 – November 12th, 1960 – Jesus

**The only way for man to achieve forgiveness of sins is through the obtaining of the Divine Love or through purification of the natural love, a long and tedious process that fits the individual soul for a place in the Sixth Sphere.** Revelation 50 – October 18th, 1954 – Jesus

Divine Love fits a personality to enter the Celestial Heavens, way above the 6<sup>th</sup> Sphere. Without this Love, man cannot enter the Heavens. It is this Divine Love that brings about immortality for man.

This great Love of the Father was created or rather has always been, for the redemption of the vilest sinner who seeks and believes. March 24<sup>th</sup>, 1915 – Ann Rollins

Only the Divine Love can give man of a Divine Nature, and that no self development or cultivation of the Natural Love to the greatest and most sublime extent are sufficient to make man at one with the Father in the divine sense and which makes the spirit a partaker of this Divine Essence of the Father. One needs to come to understand the difference between the two loves and what the New Birth means. March 24<sup>th</sup>, 1915 – Jesus

### Manifesto of Divine Love:

1. We love one another as Mary and Jesus, our spiritual parents, love us. And so we seek their Spirits of Truth.
2. Our all loving Heavenly Parents, our Mother and Father, we love and honour at all times.
3. We worship only our Mother and Father, God, and Creator of all things.
4. We treat our Creator's name with respect and love, and earnestly seek Their Divine Love, and at all times pray for It, ask for It, and receive It.
5. We set aside a regular day each week for Sabbath rest and worship of our Heavenly Parents, God, and seek Their Love so that we may grow closer to Their fountain head of Truth and Love.
6. We are to be as we feel, even if it's sinful, but in doing something that is not in alignment with God's Love and Truth will make us feel bad, that is provided we allow ourself to feel our bad feelings, and so we can then use our bad feelings to find out the truth of why we feel bad and why that thing we have done is bad. We embrace our Feeling Healing.
7. We strive to cause no harm to another, nor cause any harm to one's self. We do not do to others what we would not have them to do to us. We treat our fellow human beings and all living things, and the world in general with love, honesty, faithfulness and respect. Violence, at any times, is never justified. Golden Rule: that one must always honour another's will as one honours one's own.
8. At all times in our intimate relationships we strive to express and live true to all our feelings, all so we can use our feelings to uncover the truth they are trying to show. The truth of ourselves, of our relationships, and the truth of everything else, including God.
9. We do not covet or steal anything that does not belong to us. Honesty in all communications, actions, undertakings and activities in all facets of life is our rule of life.
10. In all that we do, we are to be truthful. We are non-judgemental, for none of us have the capacity or authority to judge another. We are always ready to forgive all wrongdoing.
11. We do not desire anything or anyone that does not belong to us. Comparing oneself to others and longing to have what they have leads to errors. We are to be content by focusing on the blessings our Heavenly Parents, who made us in Their soul's image, provides for us.

## ***DIVINE LOVE – what does it do?***

**Divine Love, which is a substance, progressively:**

**Transforms one's soul from that which is of natural love to that which is Divine**

**As natural love is enhanced with the Parent's Love, we reject our tendency to error**

**Divine Love, our Parent's Love, restrains errors, untruths and emotional stress**

**As we reject the condition to error, we develop our love for our brothers and sisters**

**Divine Love helps one with the discovery of truth through one's soul-feeling healing**

**Our natural intelligence grows, perceptions rise with our soul intelligent feelings**

**As Law of Compensation is resolved, the Love reduces returning to being in error**

**Receipt of Divine Love, the Parent's Love, grows our faith, we become God reliant**

**As our faith grows our propensity to undertake one's Feeling Healing strengthens**

**With the Love, our Feeling Healing becomes Soul Healing, this we are to undertake**

**Without the Love we remain self reliant and dependent upon our own will power**

**Only with the Love will our soul condition grow rapidly, all around us also benefit**

**The Love is the only substance that changes the human soul to that which is Divine**

**Only by asking and receiving Love do we become fitted to enter Celestial Heavens**

**Only by asking for and receiving the Divine Love does our soul become immortal.**

**What is Divine Love?**

**It is the Divine Love of God, our Heavenly Parents, restored to all mankind by the births of Jesus and Mary.**

**How do we get this Love?**

**By sincerely asking God, our Mother and Father, and receiving the Love that passes all understanding.**

**What happens then?**

**We are born again in spirit and in truth, our soul opened to the Soul of God, our Heavenly Parents.**

**What then do we know?**

**We know we are all children of God and want to pray always to our Heavenly Parents, always longing for Truth.**

**What is the purpose of Feeling Healing?**

**We are to seek the truth of our feelings and unburden ourselves from our childhood repression and injuries.**

**What of the world?**

**We are at peace in the world and fearless. In Divine Love and in Truth there is no fear.**

**What else?**

**We are to strive to love everyone unconditionally as our Heavenly Parents and as Mary and Jesus love us.**

#### **The Voice of Divine Love**

~~~~~

As the receiving of the Love is always assured when longed for and asked for, the experience of receiving may become apparent by the occurrence of a warming embrace in the region of the third eye chakra, or with some, around the heart chakra region. This may be very subtle and gentle for some and may be for a few moments or extend for some time. Many do not physically feel the Love embracing them and this is totally fine, nevertheless the Love is being received.

On a few occasions, one may feel the love through the third eye region and then feel it expand as if it were to become a warming buzzing 'hat band' progressively expanding around one's head. This can intensify and feel as though one's cranium is about to pop off! Should this continue to intensify, then the sensation may flow down one's main meridian to the base of one's spine. Now that is something else! Relax and enjoy the great gift for this can be an experience that may continue for a short while or for quite some time.

Always, when one longs for the Love, it will shower over one's body and be absorbed in through the spirit body chakras into one's soul. Occasionally the Love will overflow from one's soul and some will reside within one's spirit body. At no time will you be discomforted. This light golden blue energy substance is the ultimate high octane super fuel gifted to us by our Mother and Father to us all.

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:****James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on themselves and doing their Healing.

**Feeling Bad? Bad Feelings are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:****The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

### **FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing. Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing. Primary and most important readings are the writings of James Moncrief. Then consider the Padgett Messages, and then The Urantia Book.**

**On the WINGS of a BUTTERFLY:** No 12, Traveller, an immortal journey, via Zara and Nicholas

Once upon a time there was a butterfly sitting with closed wings in a person's heart. This butterfly had been sitting with wings closed for a long time. The person couldn't figure out why they always felt a little sad. One day, this person asked another person why they feel sad. The response happened quickly and the person didn't like the response. It was said that perhaps your soul is sad. Several days passed and soon that person found themselves sitting by the sea. The sea has great longing to it. As the sun shone on a late spring day, the person thought about their soul and that perhaps, the person's remark was true, and that this person was a messenger of some sort. Suddenly a breeze swept through the beach and the person heard a distinct voice speak directly to him! The voice said, "Let your soul breathe in Divine Love." That was all the voice said.

The person didn't know what the Divine Love was or where it was, but now the sadness had greater longing so the person decided to breathe in the Divine Love and just like that – the closed wings of the butterfly opened and the person's sadness started to dissolve. Happiness will be mine the person thought upon feeling the Love and this will take time for me to learn how to live such happiness.

Never again, in the heart of that person, did the butterfly close its wings.
