

The DIVINE UNIVERSE

Embracing Divine Love

The DIVINE UNIVERSE: received and delivered through Zara Borthwick and Nicholas Arnold

Aman and Amon, our first parents, stepped away from the availability of receiving Divine Love. Even though they lived a very long physical life and had brought into this physical world many hundreds of children who were also receiving Divine Love, our first parents developed the view, that due to the enormous amount of Divine Love that they had received, that they were equal or the equivalent to God and could move forward on life alone.

The knowledge of the availability of Divine Love was provided to mankind some 2,000 years ago. Around the time of the birth of Jesus, the Spirit who conveys the Divine Love to those who lovingly asks for the Love was re-activated. The Love has continually been available to all of humanity, both here in the physical world and in all the spirit worlds, since that time of Jesus.

Within approximately 150 years of Jesus' life, his teachings being poorly understood were generally lost. That is, his teachings as to the availability of Divine Love should you so ask for it.

It was not until 1914 that a suitable vessel for the conveyance of the teachings of what Divine Love is, how to ask for it, and how to receive it, was found. With these teachings being recorded from 1914 to 1923, other mediums have developed their soul condition to receive further teachings, adding to and expanding on this first amazing and critical step.

We now have, for those who so choose, the following Divine Love teachings:

As more open minded and gifted mediums develop their soul condition, then more high level spiritual truths and teachings will be shared with us by our Celestial friends. After such a long period, we now do have a beautiful expansive outline of what Divine Love is, how to prayer for it, ask for it, and receive it.

Divine Love is universally available. The asking for, receiving, and living with Divine Love is a way of life for many. No matter what your faith is, no matter what your religious practices are, no matter what dogmas and beliefs you may have, Divine Love can be added to your life.

The Gift from God, as introduced by the first four sets of messages, can now be summarised and brought to a beautiful overview within 'The Divine Universe'. 'The Divine Universe' is the completion of the 'Padgett Messages' made available for us through James Padgett some 100 years ago.

'The Divine Universe' material consists of 319 messages. These messages can be grouped into four sections of living with the Love.

Part I	Immortal Harmony
Part II	Immortal Choice
Part III	Immortal Love
Part IV	Living with the Love

This overview is part of a series consisting of smallish documents introducing aspects of 'The Divine Universe' messages. Also, there are a further series of documents, referred to as the 'Gift from God' series that are drawn from the messages of the earlier teachings, particularly the Padgett Messages. A complete schedule is annexed to this introduction.

When one reviews the life of each of these channels for the receiving of these high level, loving, and spiritual messages and teachings, one sees many things in common. Each person / channel has a very open and receptive character. That is, they are not given to judgmentalism; they are willing to receive the information without imposing any prior conceived opinion. This openness is essential to avoid personal contamination of any new understandings such as these truths that are now documented. These channels are all very gifted mediums that have pursued a life time of development of their personal soul condition. As this is clearly outlined throughout these five publications, other mediums may more readily develop the conditions necessary to receive further materials that will continue to grow the volume and depth of these teachings.

Fundamental to all these teachings is this: It is ever so simple. All we need consider doing is ask. We have free will, and should we ask for the receipt of Divine Love then we will receive it.

God's Divine Love: Pray for it, ask for it, and receive it.

Oliver Twist asked: "Please, sir, I want some more."
 Maybe we should consider asking:
 "Please, ***Mother and Father***, I want some more."

Part I Immortal Harmony

Message 3. (extracts)

All humans, myself included when I (Jesus) lived on Earth, commence a life in the forming of their natural love and this is a harmony with God because God intended such a natural determination to be self-present and the grounds for personality survival with independence, being independent of God in the individual's experience of life. The eradication of disharmony and the cause of this disharmony is an ongoing reality in mortal life on Earth and in the mortal spirit world. Individuals who have caused disharmony can undo these causes with the help of the Divine Love but until this time when the desire to make oneself whole and harmonious is decided by the individual, people and spirits will suffer the consequences of their created disharmony as so expressed and seen visibly when the individual leaves the Earth and resides in the mortal spirit world.

The complete fruition of the statement: a final and comprehensive religion, as introduced in James Padgett's spirit communications (1914 – 1923), is realised with the inclusion of the harmony of natural love forming part of the harmony that eventuates when the Divine Love is included. The resolution of this statement is the eradication of the causes of disharmony that are living in contradistinction to the harmony of those souls living in a good condition of love. Whilst there is in existence two distinct and differing Loves, the natural love and the Divine Love, these two Loves do not in any way oppose each other or work in opposition with each other or for that matter, against each other causing the end result of another disharmony.

People cause disharmony and this obviously affects their condition of natural love in their soul, which is seen as the variations of all the diverse images of personality. Each personality being independent and the sum total of the condition of the soul and spirit body, one can see the nature as to why progression forms part of the Divine Universe so that everyone has a chance to find and progress into that true and existing Divine Universal harmony.

The diversity of human belief will always create various tensions in relationship with each other and in this colourful display of human nature diversity is a requirement of human independence and expression of individuality. The peoples of the world will not be subjected to a forceful submission of self-determination to accept all the truths pertaining to the nature of God's Divine Love and the attributes of Love and Spirit in these workings.

The Divine Love is a love available for the Human soul that, in its cause and effect, actually perfects the personality as it progresses to a greater experience of living in the determination of living in God's Divine Universal harmony. Every personality has the gift of freedom of self-determination to enjoy and extend through life's experiences and it is this gift of freedom and human nature that may prevent one from participating in the freedom and gift of the Divine Love.

The final and comprehensive religion will simply be all that consists of the natural love in its harmony with God's exacting harmony, and all that consists of living with the inclusion of the Divine Love and its exacting harmony. The eradication of disharmony is a process that involves one or both of the Loves and ultimately the effects of self-determination will come to light in the mortal spirit world where any existing personality living in the condition of disharmony with the harmony of God will be subject to the

Spirit Law in its workings, being the Law of Compensation, which will reveal to a greater or lesser extent the position of harmony or disharmony that the individual's soul condition is in.

Jesus of the Celestial Heaven

We are endowed by our Parents with natural love, maybe we neglect this gift from time to time. As we progress in time, we can add the greatest gift there is to our being, that is by asking for and receiving Divine Love. Not only does the infusion of Divine Love, with one's Feeling Healing, repair our natural love attributes, we evolve into a joyous and loving person in all respects. With the infusion of Divine Love, with the two loves, we become the complete being.

WE are INCARNATED with Natural Love, but not with Divine Love:

We are conceived with natural love, however, we are not endowed with anything of the Divine. While we are without anything of the Divine, namely Divine Love, we can grow our natural love attributes and progress to that of being the perfect man whose lodging is found in the 6th Sphere. We do not have immortality without having received Divine Love.

Natural love radiance is very different from that which Divine Love brings.

The two loves complement each other, bringing about greater harmony.

When we become aware of the presence of Divine Love and subsequently ask for and then receive the Divine Love, our soul steadily starts to change to that which is Divine and we achieve immortality. This is the Immortal Choice that we can make whilst here in the physical or later in the spirit world. Once we add Divine Love to our being, we continue then with the two loves, that of the natural love and also that of Divine Love. As we continue and receive Divine Love, our soul condition progresses so that we may eventually enter the Celestial Heaven, 8th sphere, should we have engaged in the proves of Feeling Healing, and above, then progress further to enter the Eternal Spheres, then the Infinite and Universal Spheres, and then further on towards the Spheres of Paradise.

5. The universality of Divine Love

The Divine Love is universal in the sense that it is present everywhere humans and mortal spirits are living. The Divine Love and the Spirit is not present in the Pre-Incarnational Sphere where un-incarnated souls wait to incarnate in accord with God's Spirit Law that acts to incarnate pre-individualised souls. All such activity in the Pre-Incarnation Sphere and incarnation happens in accord with God's harmony. It is not necessary for the Divine Love and the Spirit to be present in the Sphere where souls reside prior to their incarnation. Soul is required to have incarnated in its condition of the perfect natural love before it can, as an active finite personality, commence the receiving of the Divine Love. It is important to know this so that one understands that men and women are not born divine to begin with and that such divinity has no existence in the image and essence of the finite soul until the individual has the freedom to voluntarily determine the choice to participate with God by receiving the Divine Love, and so begins a changed experience as the great transition from the natural into the Divine begins and progression follows.

The Divine Love is universal in the way that its workings in the attribute of mortal soul are constant and continuous in cause and effect without ever changing its own perfect nature whilst changing and perfecting the condition of the mortal soul and the systems of the spirit body. It is universal because the Divine Love exists beyond human belief and can never be subject to change by a belief as to its existence or not, and the belief in the way that the Divine Love acts in the mortal soul. No amount of self-determination by a personality can cause an effect that alters the way this Divine Love transforms the mortal soul. The nature of Divine Love in its harmony is perfect in the way it functions in the mortal soul, never causing a disharmony to take effect and destabilise the individual personality. If disharmony exists in a Divine Love experience, it is from the result of the individual's condition of their natural soul prior to the commencement of the receipt of the Divine Love and whilst in the initial stages of Divine transformation disharmony may exist along side harmony, eventually the Divine Love will cause the greater harmony to dissolve any disharmony with the active participation of the Spirit Law of Compensation.

And here is another truth about the nature of Divine Love. Within it exists harmony, and this harmony, the perfect of all harmonies a mortal soul can experience and, as in the workings of all the Spirit Laws present for all mortal souls, a greater Law in its working supercedes a lesser Law whilst not nullifying the lesser Law out of existence. By absorbing the Divine Love one is absorbing the perfect harmony so that when the Law of Compensation is active in the transformation of the individual, the disharmony is being absorbed into the Divine harmony that then becomes, as it were, a true condition of love in the mortal soul.

6. On Divine transformation

God has caused such a love to exist and the attribute of the Spirit to bring and convey the Divine Love into the longings of a faithful soul. When an individual commences to receive this Divine Love the first light of awareness begins the potential to learn about the nature of themselves in relationship with the nature of God. This relationship forms much of the progress that is realised in this progression of love, and as transformation slowly happens the energy of the soul changes in a harmonious manner with the spirit body systems so that the physicality of the individual is in no way interfered with. A Divine transformation from the Divine Love cannot disrupt the physical bodily systems and the conditions of the physical body must be sensitively approached.

Obviously, when a mortal spirit begins their transformation the progress is a little faster and more sustained self-evident in the fact that such progress is without the constraints of physical-related systems.

In the time of transformation from the natural into the Divine, harmony forms part of that transformation by the fact that the Divine Love is present in the soul and that harmony is a real living aspect of this Divine Love. Also this harmony must reflect in the way love effects the physical body as a demonstration that in the forming of a human personality, the soul, the spirit body and the physical body are all functioning in a unified identifiable form and that human nature comprises of these three identifiable attributes that can so easily identify with love and progress with harmony.

Jesus of the Celestial Heaven

The life force for the spirit body and the physical body is via the soul. The spirit body is connected to the soul via cords of light, and in turn, the physical body is connected to the spirit body via cords of light. Should the light cords between the spirit body and the physical body be disconnected then the physical / material body dies. The physical body is our starting point for learning and experiencing our being. Our learning and growth experience then continues through the existence of the spirit body.

9. The symmetry of soul, spirit body and spirit-mind

The soul cannot survive in the physical body without the presence of the spirit body and vice-versa. The reason why the spirit body exists is to give the soul its place of residence in the forming of finite human personality. The spirit body has systems to it that are a blueprint to the developing physical body. This is imperative so that the attribute of spirit-mind can form which will result in the personality being able to survive living on Earth and the death of the physical body and the transition of that personality in that spirit body and soul when coming over to commence life in the spirit world. The continuation of the human life does not end at the physical death of the brain and the body. Also, a human life is not conditional on the amount of age lived for the same dynamic to eventuate.

The forming of a human life is confirmed as soul having incarnated and spirit body formed. As to the extent of the personality forming is very much subject to the condition of the actual physical characteristics of the physical body. This is so for the attribute of soul and spirit body when they are first formed is without any disformity or disharmony in their creation.

The harmony of progression is another truth. The reason I say this can be seen in the quality of light that each successive Sphere has to it as more Light and Spirit presence of the Father. Quite simply put, to progress from one Sphere to another requires the soul and spirit body systems to be in the same harmony and quality of light present in the Sphere. If one were to go higher into a more progressed Sphere when one is not of that condition, this atmosphere becomes uncomfortable and one cannot remain there for any length of time without creating a disharmonious effect and one then returns to the Sphere that is most soul-attracted.

The spirit-mind is a wonderful attribute, much like the brain, and like the brain, the spirit-mind serves as the centre for emotion and feeling, thoughts and perceptions, communication and identity. I will try to clarify more on this subject later in these messages.

Jesus of the Celestial Heaven

10. Peace and other attributes

The existing presence of the Divine Love, is on the whole, a new experience. Being aware of the Divine Love presents a new revealing of God to man and mortal spirits alike. In essence this is what the Divine Love presents. A whole new awareness of God revealed to men, women and mortal spirits in the domain of their own soul.

By becoming aware that such a Love exists in the first place for the individual, the individual can be receptive to this Love and so begins the experience of learning about the nature of God and how the attributes of God relate with the individual and how the individual relates, whilst progressively living in these attributes.

The way in which the Divine Love functions in the soul and components of the spirit-mind is the peace that passeth all understanding. The reason for this being that, until one participates in the Love, the identity and nature of God remains un-revealed intangible and largely unidentifiable with only perceptions about the nature of God established from purely the natural essence of love that the soul and

spirit-mind are in from their original creation. The peace is the Divine Love and this Love has to its nature this peace, as this Love is originated from the most perfectly peaceful individual, the Soul God.

I along with other spirits have progressed sufficiently to understand the full meaning of this peace. Our soul perceptions can ascertain and identify the peacefulness that forms part of the nature of this Divine Love just as we can identify the Immortal Harmony that forms part of the nature of this Divine Love.

In one's prayers or meditation or contemplations or thoughts, about the nature of the Divine Love you will find attributes that are available in the nature of the Love that reveal part of God's nature as it becomes living within you. One can experience the Immortal Harmony, the peacefulness that brings the understanding that the Divine Love is the personification of perfection.

Jesus of the Celestial Heaven

11.

There is so much Love that God has to give and there is so much that God has caused into existence. Progression is largely an awakening as each personality slowly becomes aware of one's self in a human life and one's self in relationship to their spirit life and one's self in relationship to the Source of life, God.

Jesus of the Celestial Heaven

12. The Immortal Harmony

The Divine Love is perfect harmony. There is harmony in the Love as I have said. This harmony is living as the Love is living and when the Love is living in the mortal soul, the soul in part of its changed condition, begins to be formed into this living harmony that can be felt and experienced as a truth. Faith as it were, becomes living in an active soul that is not dormant in its natural love and unknown to the personality. Being aware of this living faith will provide greater realisation into the nature of the Immortal Harmony that becomes part of the mortal soul from the living Love.

The Divine Love is the purest form of harmony that a finite soul can experience. It is a given that most who begin their experience of receipt of the Love may not be necessarily living with any great harmony due to the experiences of life; harmony may only exist as an ideal human or spirit reality. Nonetheless, when the individual progresses with the cause of Divine Love taking effect in the soul and spirit body, a more realised form of harmony begins to emerge. This harmony, this Immortal Harmony, is Immortal because part of the nature of the Divine Love is the Immortality of Love that confirms to the personality the perfect nature of the source of this substance, being the Soul, the Father.

If we look at the existing Spirit Laws that assist in the progression of the individual, these Spirit Laws exemplify a related harmony between the individual and God. Harmony is such an all-persisting truth of God and it must be stated here that to my knowledge, God has never been in a disharmony. As one has their soul condition developed by the Love, their perceptions will be able to perceive the quintessential essence of my teachings here pertaining to the nature of the Divine Love and the Loves' relationship with God.

A beautiful thing about the Love is that one can rest in the assurance that such is the nature of this Love, that these true realities will not pass with time or fade into the distance and be lost or long forgotten to the individual. Realities such as faith, harmony, peace, Immortality and cause that exist in the Love remain present and true in the everlasting existence of the Love Divine now present in one's soul.

Jesus of the Celestial Heaven

29. The Beautiful Miracle

As you both know, a soul cannot remain physically incarnate unless a spirit body is formed and you also know that a spirit body will not form unless a soul incarnates. A human personality can form with the soul present and spirit body present yet the personality, in its forming may, throughout its human life remain unaware that the attributes of soul and spirit body are present. You have seen this in your interactions with individuals when conversing on such realities. Many people when they become spirits appear lost to themselves for the mortal spirit world is entirely about soul condition, which is reflected in the spirit body. However, when one is purely existing in the framework of a formed personality without any cognitive awareness of the presence of their soul, then one is well and truly lost.

A personality is, whilst being human, individualising its nature and this individualisation is never complete without the inclusion of the Divine Love. Even in the perfect natural man or woman the personality, having individualised their natural love essence, still remains incomplete without the Divine Love fulfilling the individualisation of the personality. I say this because the Immortality that the Divine Love provides is not present nor does it form part of the natural love, so effectively a perfected natural personality remains in its finite boundary without its individuality centred in the Father.

The way in which the Spirit conveys the Divine Love into the soul is a beautiful miracle. Let us go back to the beginning. The attribute of mortal soul prior to incarnation has to it, a potential within it that is part of its formed nature. After the soul incarnates this potential remains part of the soul and even if the forming personality is unaware of such a soul potential, the potential still exists. The Divine Love is entirely suitable in its energy of harmony to be the energy that a mortal soul can utilise. The Spirit covers the spirit body when the individual sincerely asks the Soul of God for the Divine Love and this covering of the spirit body is where the dynamic of this beautiful miracle takes place. From the internal longing of the individual for the Divine Love this activates the Spirit Law that activates the Spirit that is then attracted to the spirit body upon which the Spirit material of the spirit body draws the Divine Love in to its soul and this union completes. The key here is to gain a perceptive insight into realising that the spirit body is not an inert body but that it is living and has activity, recognisable from its first forming from the Spirit Law that materialises a spirit body. The Spirit and the spirit body, to give an analogy, are like two attracting magnets and when the surface of the spirit body is touched by the Spirit, this causes the automatic response of the Divine Love to permeate into the attribute of soul and so begins the transformation of energy from the natural into the Immortal Divine Harmony. If the individual continues the receipt of Divine Love the energy that is Divine Love actively begins to change the soul and this is felt in the spirit body systems and can produce feelings of love and elation. The spirit-mind begins to change as all spirit body systems are affected by the changed condition now experienced in the soul as the soul becomes living and vital. In one's progression of this Divine transformation, the soul will mature enough from the amount of Divine energy it receives and at that moment the surface of the

spirit body and the Spirit are continuously attracted to each other, then one is living in the presence of the Father in perfect harmony, and this clarifies the truth about what it means to be truly at-one with God.

**Soul within

Divine Love.**

**Divine Love being received
from The Spirit, covering the

**Divine Love having been
assimilated within one's soul,
now being reflected through the
radiance of the spirit body.**

The wonderful thing about the forming personality is that it is totally sympathetic to this transformation. All Celestial spirits have experienced this transformation and are living in their at-one-ment with God the Father. It is remarkable yet entirely consistent with human experience that one can begin completely unaware that one is soul and spirit body and that the Divine Love is present and progress to living in the awareness of Divine Love as an Immortal soul with Immortal harmony having had their spirit body transformed and, who in their own personality, declare their love for God and their fellow humans or spirits in their knowing that one is at one in the harmony of the universal Father.

Jesus of the Celestial Heaven

58.

The foundation of any such plan simply hinges on the Loves, natural and the Divine, and these two Loves form the crux of all sustaining attributes that enable disharmony to exist and harmony to exist, and for all disharmony humanly created to change back toward harmony.

61. On the nature of the soul

When The Spirit conveys the Divine Love, the Divine Love permeates the spirit body near the soul, or to be more exact, around the surface of the soul to which then the soul itself absorbs the Divine Love. The energy that is this Love moves into the soul and the energy of the soul, being the spirit of the soul, becomes charged and active. This absorption of the Divine energy is sufficient for the activation of the soul to commence its change or new-birth however, a tiny portion of Divine Love will not be sufficient to power-up the soul for complete transformation of its natural energy into a spirit-infused energy. The activation of the soul begins with a drop of Divine Love though more Divine Love is required to continue the development of the soul and development of the spirit-mind and systems of the spirit body.

The relationship between soul perceptions and that part of the spirit-mind that can interpret and convert soul perception into a language is also developed as the result of the activated spirit energy of the soul in the energy of Divine Love. We are used to seeing images of how a human embryo forms and a soul growing sounds almost biological. It actually is although the 'bio' is more 'soul-spirit-logical' for one ever needs to keep in mind that the forming personality continues to survive in the spirit world and continues to be transformed as these soul-spirit-logical systems grow from the effect of the caused energy, Divine Love. If you could see the way a Celestial spirit is from the first time one received a drop of Divine Love, and then with continued receipt of the Love, one would visibly see how these soul-spirit systems continue to mature.

The soul and the spirit-mind and the spirit body continue to exist even when the personality may have no evidence of such existences. It is so difficult to understand how a human is created with soul and spirit body as part of the forming personality and yet the world has as yet to acknowledge these existences as matter-of-fact. If this were different the ramifications would be felt through the entire natural spirit world and hence, the addition of Divine Love would be seen and known as a normal progressive step which one would undertake as a fact of normality. Living with God would be normal and everyone would know how to do this, and harmony visible everywhere and in everything human and mortal!

From the original forming of the First Parents (Aman and Amon), the human brain in its design and engineering by God, was in its forming able to receive direct input from a mature soul and spirit-mind. Communication between the soul, spirit-mind and personality, the brain was meant to interpret such information as part of its organic function. As humans evolved, and devolved and so on, the brain has continued to remain unchanged in its capacity to receive direct input that is coherent from the soul and the spirit-mind. The personality of a Celestial individual is comprised of a matured soul and matured spirit-mind with all functioning soul-spirit-body-systems active. We are the living personification of the way personality was always intended to be with the catalyst – being the Divine Love – involved. The Divine Love was always meant to be included and the simple fact that it was withdrawn, and then rebestowed coinciding with the life of my friend Jesus, means that we communicate as some people do about the normality of the Divine Love though people are hearing it for the first time, which makes our work collectively a labour of love for the apparent reason that personality dominates without the inclusion of an awareness of the attribute of soul and the spirit-mind and spirit body.

Luke

Is it Jesus or Mary talking through a Medium?

And the chatting / talking with Jesus is the same as we've told you, it's really 'on behalf of Jesus', it is one of the medium's band pretending to be Jesus, which really means the Celestial accessing Jesus' Spirit of Truth within himself (and only we Celestials can do this and are allowed to), and so then speaking 'as if he is Jesus'. It's the same thing as James feeling how close I am to Mary Magdalene in my 'feeling' when we are writing together, because as I said I work with her Spirit of Truth as I feel very close to it – very close to her. And she's said I can use it that way. So effectively, should it be necessary for me to do so, I could 'pretend' to be Mary speaking to people on Earth.

As you have possibly gathered, it's all highly organised as to what and when we can reveal to you. It's all set out in keeping with the Rebellion and Default limitations and then in keeping with the Mansion World levels and all the levels within them. It's all angelically controlled, so we slot in using our minds and be who we need to be to you and how we need to be and what we can say. So as you grow in truth through your Healing, moving progressively up through the levels, so we can come forward and progressively reveal more to you. So what is revealed and how it's presented to someone who's in their wrongness and not wanting to do their Healing, compared to someone wanting to do it and just starting out, compared to someone nearly finishing it, compared to someone who had finished it, might all be so different that you would think it was different spirits relating at each step, when it might be the same spirits. And really we don't change, it's you who changes, or refuses to change.

And added to that, we know how far someone will go in their spiritual progress throughout their Earth life, so part of our interaction with that person is in keeping with that level of progress. So we might say and do and be differently to different people, even though we're the same spirits, because each of those people have very different spiritual paths and levels they will reach.

So it's not as straightforward as one might think, which I know causes many misunderstandings, much confusion, even putting a lot of people off, however really until people are well into their Healing, it will all appear like everyone is working at it from opposite ends with no real synthesis or commonality involved. So you can look at it like say a Maypole, with everyone starting out on their separate ends, but the more you do your Healing, the closer you all come to the truth, which will allow the Spirits of Truth to then synthesis you all into what is needed for you to become Celestials. For by the time you are Celestial, then we're all on the same page so far as the Truth is concerned. But even though we Celestials are all living that same truth, how we might relate and start with people on Earth or the lower Mansion Worlds might make us sound and appear like we're all very different.

129. The Potential of the Divine Love

The primary reasons why the Divine Love exists is so that a viable way is provided by the Soul, God to independently progress mortal individuality.

Having the Divine Love and its potential present fulfils the potential for a soul if one desires to participate in this potential so that a closed system is a temporary thing which involves the first stages of personality individualisation from which, when Divine Love is included, the natural system extends into the greater vision of the Divine Love system for universal living.

Jesus of the Celestial Heaven

132.

The Divine Love is the wonder of the universe. How this invisible substance causes so much change in our mortal nature is a miracle to behold and experience. This does reveal in our relationship with the Divine Love, how our finite personality can relate with the absolute personality and its nature of being and the source of the Divine Love, the Soul, God. This is why we all live – whether we are aware of the Divine Love or not – in the potential of The Divine Universe.

Eugene Morgan

133.

The natural condition in a soul has in its own accord, the potential for harmony that has a natural boundary to its image of progression. In the perfection of natural love the finite personality has achieved its maximum experience for change, harmony and progression. The systems of the spirit body, and the attributes of personality in the perfection of natural love have realised a full mutability and without the assistance of the Divine Love, the individual can in no way surpass the condition and harmony of their perfected mutable (changeable) soul in this, their natural love. One can stay in a fixed mutable position for a long, very long time. As soon as the Divine Love is included this fixed mutable position and condition changes and the immutable nature of Divine Love in its causality begins to take affect in the system attributes of the personality, soul and spirit body included, and a continuation of a mutable progress continues beyond the harmonious boundary of a perfected natural love.

Francesco, the Celestial Monk

One's natural love is always progressively perfected during this journey of evolution of the soul.

Natural Love sectors for those doing their Feeling-Healing, without the Love, are within the Natural Love Mansion Worlds:

Progressing through the natural love worlds, within Feeling-Healing sectors, while doing one's feeling healing, upon reaching the 6th Sphere having completed Feeling-Healing, one can then embrace the Divine Love and proceed directly to the 7th Divine Love Sphere.

Then they may prepare to enter the Celestial Heaven Spheres from there.

This pathway is when the Divine Love is unavailable before perfecting one's soul.

Upon embracing Divine Love at any stage, then one can progress through the Divine Love spheres 3, 5, 7, whilst also doing their Feeling-Healing.

Even though a person may have received Divine Love, they do not avoid compensation or doing their Feeling-Healing, so they may still spend time within the spheres of disharmony.

143. A Sweet Inflowing

There is no greater need than the potential for an experience of the Divine Love and to know the Immortal Truth as part of the Love's nature. Humans and natural spirits have been searching for it beyond thousands of years, and to know that this Immortal Truth begins with an Immortal Choice and simply to open the heart toward the Soul, God, and asking for an Inflowing of God's Divine Love, is a beautiful and honest thing to do.

144. Perfect vision to behold

Asking the Soul (God) for Divine Love requires having made the Immortal Choice. Immortality forms part of the nature of the Divine Love, so, when an individual partakes of this Divine Love, the personality of that individual is confirmed as being Immortal because the personality follows the condition of the soul and it is the soul that first receives the Immortality of Divine Love. This Immortality then forms part of the individual in which the spirit body and the personality are changed and are now identified as being Immortal. Every Celestial spirit lives with this knowledge and we each know that Immortality is a truth for when we interact with natural spirits in all the natural Spheres, we can quite visibly see that the Immortality of the Divine Love has not formed part of these individual souls. Their personality in natural love acts quite differently than a personality that is of Celestial soul condition. The individual personality solely in its natural love is independent and without any presence of the Father's substance active anywhere within the individual. We can see that these natural spirits have as yet to make their Immortal Choice for the Divine Love. The visibility of the finite personality living without this presence of Immortality is obvious, however this natural soul condition forms part of the natural harmony that in its image and essence makes up part of the mortal spirit world.

147. I am aware of the Immortal nature of Divine Love

There is the predicament that one may find one's self in, when one is aware of the vision and reality of experiencing the Divine Love. What may come with this experience of Divine Love is the knowledge and information about what it is to be truly mortal. Humanity has lived without this general knowledge of soul relating with its attribute of spirit body and its potential for Divine Love as part of humanity and now this is changing. Being aware of the Immortal nature of the Divine Love places human awareness in a place of awareness that relatively few have lived before. The introduction of Divine Love and how this Love changes the soul condition brings to light complete ideas that have only been partially lived for man does not have the complete truth in the soul to begin with. Humankind has extended its questions and ideas and formed concepts about the human experience as an extension from largely the singular attribute of natural love. When the substance and Immortal truth of the Divine Love becomes part of a soul, and one desires to learn about the workings of this Love, then the workings about all that it is to be mortal, is progressed and completed by having the Immortal Love present and part of human mortality as the soul is growing up in its potential to be a citizen of the universe.

161. The Choice for Immortality

The choice for Immortality rests with the individual. Those of us living with the Divine Love have already made the Immortal choice. There is only one choice for Immortality of the soul for there is only this singular Divine Love. If one looks anywhere else for a glimpse of Immortality they will fall short of the only way a soul can be born again and this experience is exactly how the Divine Love begins transforming the nature of the natural mortal soul. Many have taught and revealed many different beliefs pertaining to a mortal union with God however, the teachings and revealings of the workings relating with the natural and the Divine Love provide the truthful way a union with God is fully realised. It is the presence of the Divine Love in the soul that makes this union progressively visible and lifts one's vision out of the shadow and into the Truth. There is no other structure set in place by God that provides a way for a mortal soul to experience Immortality. The way in which the First Source has provided the many attributes that form the mortal personality and then by providing the Divine Love is the singular way for the personality to gain its Immortal status.

It is understandable that in the diversity of human experience, people would like many ways to God, because this fits the colourful and diverse nature of human beliefs. When one studies the nature of personality, part of the freedom of the individual is to form, in their independent nature, a particular view or belief that feels right at the time. The wonderful thing about human nature is that it doesn't really matter if a belief or faith be true or untrue, it is the capacity for one to have their freedom insofar as being able to believe in whatever one likes and this actually is more substantial than the existence of a truth and if that truth be an untruth.

The introduction to the awareness that an Immortality exists and that this Immortality does not require a person to believe it true or untrue for this Immortality to exist, requires a substantial acceptance on behalf of an individual in one's understanding that in the existence of the Divine Love, one mutable personality has come into contact with knowledge and awareness of an immutable truth.

It is a good thing when one is aware of an existence of a human afterlife. This helps greatly when that time comes for the passing from one world into another world. And one can also factor into this acceptance the fact that in the spirit world, the spirit world has real environments and cannot provide from these environments the necessary Immortality that I speak of for only God's Divine Love can provide a mortal soul's Immortality. And let me say just to be clear, that when a soul partakes of The Divine Love, be this for a drop of Divine Love or a river of Divine Love, as soon as the Divine Love becomes part of a mortal soul that soul is deemed as now being Immortal and this dovetails into the spirit body and the attributes of the mortal personality. Therefore the mortal personality is now deemed as an Immortal personality. If one eschews the Divine Love and never makes their Immortal choice for the Divine Love, then that individual will live their human or spirit life to the exclusion of a very significant aspect of God's Soulful nature and will remain in only their mortal condition of personality on Earth and or in the spirit world.

From the outside looking in, the Divine Love and its related workings may seem like they will never give an inch. How one may come to know God and experience God as Soul is by experiencing a part of God's Soulful nature, being this Divine Love that I speak of. Once the personality has come to terms with the fact that one is embarking upon a soulful relationship that involves the mutable nature of a person or spirit with the immutable nature of God's Substance and Attributes then what was once

perceived as not giving an inch, the Divine Love, will take the individual the Eternal Mile!

God actually, through the workings of the Divine Love, grows each individual's attributes in a relative perfection of Immortal harmony. The start can always be a little bit rocky but then people know that, if there is an edge, it kind of makes the beginning one to remember. We all remember the day or night or the moment when we first experienced the Love and our soul being touched by the gentle nature and feather of Paradise, being the immovable and irresistible and Soulful nature in God's Divine Love.

In the Divine Love everlasting your Celestial friend,
Luke

179. The Nature and Stages of Fusion

In our writings together in this collaboration we have introduced much experience on the nature of Divine Love. We have conveyed vision and experience to the best of our knowledge and to the best of how our spirit-communications have facilitated this dialogue. We have tried to convey workings of universal Love and Spirit to the best of our ability that dovetails into extending the nature of personality, all of this in the view that the essential truth is always one's relationship with the Soul, God, in faith, love and the Divine Love.

This work first commenced with the life, the human life of Jesus, then continued with the spirit writings of James Padgett (1914 – 1923). Our current work introduces many themes situated in potentials, harmony and Immortality all the way defining the nature of a mortal personality comprised of its attributes and to illuminate the soul and the spirit body. We have established that the forming personality survives its human life and continues its existence in the mortal spirit world. We have defined what the mortal spirit world is in its function. We have written and communicated from our experience having lived in Divine Love and with your assistance, we have been able to give wide breadth of vision to this work so that another may derive insight, spirit illumination, vision, potential, thought-provoking information and for one to find solace in. Above all, it is our hope that these works demonstrate the reality that the Divine Love is real along with the attributes of mortal soul and the mortal spirit body. The understanding that the personality consists of these two attributes allows a unified vision of the human experience in the earthly world and a spirit's experience in the spirit world. This explains how the personality accommodates the earthly and spirit existences which culminate in the acceptance of the Soul, God.

I desire to write on the **Stages of Fusion** a mortal personality experiences when the attribute of soul and spirit body form the individual.

The formed image of the attribute of each unique soul begins with its creation. The originator and First Source of all mortal life, the Soul God, commences a mortal soul life by forming a complete soul. This mortal attribute, upon its creation and upon its advent into the Pre-Incarnation Sphere where it awaits incarnation into a human life, is subject to a single act upon it as the first stage of fusion. A single Spirit Law that only exists in the Pre-Incarnation Sphere acts upon God's Spirit Will and divides each complete soul. The soul then becomes, as it were, two distinct and separate attributes or parts. In each part the whole attribute and potential for the receipt of Divine Love and for imminent incarnation for individualisation, plus other potentials, form a complete part of each part of the complete soul. This first

aspect of Fusion is actually to separate and not to bring together.

The two distinct parts of the complete soul reside in this Sphere until the imminent approach of incarnation. When incarnation occurs, each part will incarnate into one of each human sex and never shall these two independent parts incarnate into the same sex. There is a very good reason for this. When one is aware of the potential of Divine Love and the possibility for a Celestial soulmate companionship, then one understands why it was necessary for the complete soul to fuse apart and form two distinct attributes. Each attribute will always remain independent in the forming of their unique mortal personality and derived human experiences from a human life. Never shall these two distinct attributes incarnate into a single forming personality. I am also aware, and you have written an account of this before, that each attribute of soul in this Sphere does not have as part of its original forming, any personality other than its attributes and potentials which means that any self-determination or voluntary decision to pick and choose or to select a human life is absent from the soul when the soul resides in the Pre-Incarnation Sphere.

Humans, mortals and Immortal spirits cannot influence the attributes of soul in this Sphere. The Pre-Incarnation Sphere is in God's jurisdiction alone and only selective Spirit Laws act in this mutable and comfortable environment. This Sphere is not a hallowed environment but a Sphere that is only visible to the Eternal Eye of the Soul, God. We have discussed at great lengths the reality of this Sphere because we understand the importance of our beginning. This Sphere is part of our heritage and it is from my and other Celestial spirits' perceptions that we are able to ascertain an image of this Sphere from the Father. It does not surprise us if a person does not believe us. The visibility of soul is nearly-next-to-nothing in a human experience so then, why would one see the truth of what I convey?

Nonetheless, a mortal soul life must begin somewhere and so, it might as well be in a place caused into existence by its originator where it is nurtured and prepared for what will become the secondary stage of Fusion, the beginning of a human life.

Do all attributes of soul exist in the Pre-Incarnation Sphere in one time at one place waiting for incarnation? Has God caused into existence every attribute of soul that will ever incarnate and that will become the whole history of humankind? All these questions that we ask about the advent of a human soul and the environment it begins in lead us to gather more information into this unique part of universal creation. It would not surprise me in the least to know that God has caused every single attribute of soul to exist prior to the first mortal personalities that commenced the human race. I know for a fact, because I reside here, that the entire mortal spirit world including the Celestial Heaven had form, image, function and structure before the first mortal personality arrived here after the death of their life wearing only their spirit body. If God can cause the entire mortal spirit world into existence before a mortal personality has commenced living the first human life then, to originate all attributes of soul that exist in a Pre-Incarnation Sphere is an entirely possible thing for God. Humans, mortals and Immortals simply don't have the power or resource within themselves to cause such universal and far-reaching realities into existence. This is why the Divine Love is such an integral part of universal life for it is the only substance and energy that we can individually experience that is part of the universal originator, the Soul God. This may add a new aspect on why it is significant that one may participate with the Divine Love! It is a given that people and spirits can experience – and do experience – God in aspects of universal attributes though I must qualify that as only with the Divine Love will a mortal soul experience the Soul, God.

The secondary stage of Fusion is simply defined by the incarnation of the finite attribute of soul to acquire a spirit body and living attribute of personality which commences the finite soul's individualisation of mortal life experience. This secondary stage is inclusive of the conception of a human being. The entrance of a soul into the physical and material world is a dynamic fusion culminating with various attributes forming the individual personality. To provide you with an image of this dynamic; a specific Spirit Law acts to form the spirit body; another Spirit Law acts to exact the soul into the spirit body and another Spirit Law, specific to the adjuncts of mortal personality, acts to exact the now forming personality to its position with respect to the soul and the spirit body and the human brain. Also, the physical conception forms part of this fusion and this is the fusion of genetic information from two separate sources, a sperm and an egg. This is a simplified image though it is enough so that one may gain a perspective on how these attributes culminate to form a human being ready for life, ready for the afterlife and ready for the potential to experience the Immortal Love. There are physical conditions of a voluntary and involuntary nature that form part of the physical being. The spirit body is formed so that the formed personality will survive without compromise regardless of the length or brevity of the physical life.

The third stage of Fusion in a soul's life is its transition into the First mortal natural spirit Sphere. This stage is defined as the ending of the physical incarnation and the beginning of life in the spirit world. The spirit body acquires the personality in all its attributes and specific Spirit Laws assist as the physical body falls away from the spirit body. The spirit body takes over as the place and environment in which the attribute of soul and attributes of personality now reside and function. This is an act of fusion, for the personality, being subject to a greater Law, is exactly fitted to the attributes of the spirit body complete with function and attributes and cognitive experience in what is now the individual's spirit life. The exacting nature of this Law ensures that no splintering occurs and no aspect of the personality is left behind or lost in translation. This is really important in order to retain memory and other identifiable aspects and information pertaining to a human life lived. If a human life passes into the mortal spirit world before the individual has any cognitive functioning or capacity to be cognitive this does not determine any other outcome to the soul other than the personality continues to survive in the spirit body and continues to mature in the First natural spirit Sphere.

This secondary stage is inclusive of each incarnated soul and every human being for this forms the natural soul system of individual personalisation of experience in natural love.

The fourth stage of Fusion involves the Divine Love. This can happen at any time during the natural life experience of the individual. The fourth stage involving the Immortal Divine Love happens when the Divine Love enters the attribute of the soul for the first time and the attribute of mortal soul is now confirmed as living with the Immortality that this Divine Love provides. The Divine Love, having entered the soul, fuses with the soul and the perfect causality of the Divine Love in its cause-effect becomes part of the soul and can never be extracted from that soul nor can this process of Immortality ever be reversed. There is simply no Spirit Law in existence that can reverse this fusion and this is why the choice for Immortality is so unique for the individual to make.

Now that the individual has experienced the Immortal Fusion with the Divine Love in their soul, the fifth stage of Fusion transpires when the individual progresses in their experience of Divine Love as it transforms their natural love and the necessary changes happen that cause the soul condition of the

individual to become of Celestial soul quality. Any necessary compensation will have taken affect and the human life or natural mortal life will have sufficient harmony with the Divine Love to enter the Celestial Heaven. One is now infused with their universal life and the awareness required to live in the harmony with God which is no longer illusory as it is to the individual in a solely self-determined mortal life. Without the infusion of the Divine Love in the soul no Immortality can form in the soul and the soul remains in its natural life experience with a greater or lesser degree of harmony in its condition of natural love.

All the way along these stages of fusion, experience – if it is progressive – infuses the personality and this allows for more attribute of personality to become functional and present within that individual. There is no greater example of this than when the nature of awareness of faith in a Divine Love experience becomes active in the personality.

Stage six of Fusion truly demonstrates how the personality is infused with extended attributes of mind-spirit function as the individual progresses from the Celestial Heaven and enters the Eternal Spheres. The individual is infused with Love and Spirit that provides the personality with the ability to see the difference between that which is Immortal and all that is Eternal. The individual always remains finite and is never infinite in their condition of soul. The individual residing in the Eternal Spheres is now universally fused with the Eternal experience of the First Source.

Stage seven of Fusion of individuality is the transition from the Eternal Spheres to the Spheres of Paradise. Through the experience of Divine Love one has gained their Immortality and progressed through the Celestial Heaven and then to gain an Eternal perspective on the nature of God as being universal and eternal. In the Spheres of Paradise the individual is now fully fledged in their union with God and can travel around the entire soul Sphere that God is and resides in. The confirmation and completion of all these stages of Fusion happens in the last Sphere of Paradise when the individual can visibly see the image of all that was previously unseen, the Soul, the Eternal Soul and First Source of the individual's creation. Having seen the Eternal Father, the personality of the individual is deemed as being perfect and still in this perfection, one can gently ask for a drop of the Immortal Love.

This concludes my message on Fusion. It is a potential to understand the vision that I have just written and it is a true vision for the Divine Love reveals it so. The wonderful thing is to see how durable the three natures are: the soul, the spirit body and the human personality and how these three components form the destiny of each individual.

Your Celestial friend,
Luke

NATURE and STAGES of FUSION:

Seventh stage of Fusion of individuality is the transition from the Eternal Spheres towards the Spheres of Paradise. The individual is now fully fledged in their union with God and can travel around the entire soul Sphere that God is and resides in.

Sixth stage of Fusion truly demonstrates how the personality is infused with extended attributes of mind-spirit function as the individual progresses from the Celestial Heaven and enters the Eternal Spheres.

Pre-Incarnational Sphere:

First stage of Fusion is the separating of the soul into two, each soul half being complete on their own.

Fifth stage of Fusion transpires when their natural love changes and one's soul progresses to the condition to be of Celestial soul quality, one enters the Celestial Heaven.

Fourth stage of Fusion involves the Divine Love. This can happen at any time during the natural life experience of the individual. Happens when the Immortal Divine Love enters the attribute of the soul for the first time, either when in the physical body state or spirit body state.

Second stage of Fusion is simply defined by the incarnation of the finite attribute of the soul to acquire a spirit body and living attribute of personality, which commences the finite soul's individualisation of mortal life experience.

Spirit body →
Soul →

Third stage of Fusion in a soul's life is its transition into the First mortal natural spirit Sphere. This stage is defined as the ending of the physical incarnation and the beginning of life in the spirit world.

187. The freedom of choice

As strange as it must seem, one of the reasons why people and spirits may find the Divine Love unappealing is because the Love given is so graciously free. Such a freedom flies in the face of the conditions that most impose upon themselves. It surprises everyone at how freely available this Love is to the soul. People and Natural spirits are naturally weary of such a freedom that requires very little on behalf of the individual to participate with this Love. Yes, of course there are structures that exist. There have to be because people and natural spirits do not possess the capacity to form or originate or to bring in to existence these immutable workings. These structures were never intended to be a hindrance or to deter people from finding the First Source; they are present to act in the opposite way, to assist the mortal personality in their experience.

If you take for example an individual who has lived a way of life pertaining to a particular belief that has been taught as a supposed truth, and the individual has held this belief to their way of life for a long habit-forming time only to learn about the freedom of Divine Love and what the potential of the Divine Love can do. That individual may then be reluctant to divest themselves of their belief for this then causes one to evaluate their way of life as being a committed waste of time. Some find it hard to give up their belief for in essence they feel they are giving away their life.

When one is informed that all one need do is be aware of the Divine Love and commence the receipt of this Love, this most simple truth perplexes those who are set to the habit of their belief. This happens a lot when we create the awareness of the Divine Love to those who have imprisoned themselves in their own beliefs or the beliefs of another who doesn't necessarily believe in anything at all!

Your Celestial friend,
Eugene

The Divine Love completes the form of the human being.

Our soul is formed from the substance that is natural love. When we earnestly and lovingly ask for Divine Love, the Divine Love is added to our soul, thus we steadily and progressively become complete in our being.

Part III Immortal Love

190. A drop of Divine Love in the ocean of faith

For most it is a private matter between themselves and God's Soul nature and I always respect this. The union between a mortal soul with the Soul, God, is of the utmost importance and nothing shall ever stand in the way of such a union nor shall there ever be any interference of any kind to disrupt this union by a natural spirit and one who is without the Divine Love. If ever there be a natural spirit present, then this individual will desire to learn about the Love that the person is experiencing for such is the attraction of the Immortal Truth that exists in the Love. With regard to this Truth, I know where of I speak.

When The Divine Love and The Spirit are involved, there is nothing in all God's universe that can affect any outcome that may assert its dominance over the Love and the Spirit. I would like to make it known here that the Divine Love and the Spirit are without equal except for the Soul and Source of this Divine Love and The Spirit. And that people will know that when they seek for this Love and honestly pray to the Soul God for this Love, the Love, and only the Spirit and the Love they shall receive. They will not receive anything else from the entire mortal spirit world. To request things of the Father is to ask for things of a personal nature that requires a separate kind of asking.

Prayer for the Love need only be exactly that. The Love is the most perfect truth a mortal soul may receive so in effect, by asking for the Love one is asking for every and anything else one needs or wants. For in reality, there is no greater truth to be asked for. Therefore, by praying for the Love everything else must follow in this accord of Law and harmony.

Leading on from what I have just explained this provides and gives good reason as to why faith is so necessary. Learn and live your faith as it develops in the Love and from this extent, everything pertaining to an individual experience in among the ramifications of causality, the individual is fulfilled.

I am not teaching that one need be fundamental in one's faith or dogmatic in asking for the Love, though I am instructing those who experience the Divine Love to be faithful in their approach to the Father.

The human love, the natural love in men and women is a good love when allowed to act to its potential for goodness. I know with great certainty that everyone lives different lives and in these experiences, certain conditions form in one's life, which can restrict or give the illusion of restriction into one's ability to accept a freedom of choice. The choice for Divine Love is an Immortal choice that is always present. And I am not too concerned if one's aspirations for the Love are so small that only God alone can hear. The Soul God hears every small aspiration and accepts every little step in faith. I am not concerned because I am not the conveyer of this Love so I need not hear every mortal soulful prayer. The Soul God hears and listens to these aspirations and in this I am truly comforted.

Each will know why they desire the Love. If they don't know at their time of asking, with time and experience, they will know which will qualify to that person the very reality of their faith in response to their experience in the Love.

It has been necessary to introduce as much experience and vision as possible in this work by the

Celestial spirits, so that the Divine Love is seen as central to all extending themes so that the presence of Divine Love has more visibility to it. There is only one true way for a mortal soul to experience the Love and this is to ask in one's faith for the Love even if this faith is but a drop in the ocean of one's potential! And so I say, that this Love – the Immortal Love – is living here and now and may one not wait until tomorrow to make their Immortal choice.

Thank you for lending a hand, *Jesus of the Celestial Heaven*

194. On the Nature of God's Will

The Divine Love primes the soul so that the spirit-senses in the spirit body can see the universality of God and that one can perceive the reality of Love and Spirit as a true form and image of substance and not mere abstract themes that shimmer like vague ideas on the great horizon of universal experience.

One of the main things that the Divine Love enables one to do, is to draw a conclusion and arrive at a position where something is known that was once unknown. This experience of progressive awareness is paramount so that universal appearance never remains a shadowy unknowable thing but rather, a dependable and reliable living place where the smallest detail is equal with the greatest detail that demonstrates how the originator has – in the creation and forming of man and mortal potential – left nothing to chance! In the event that The Spirit and The Divine Love is deactivated, as it was from the First Parents, in the all-sustaining attributes of God's Will, part of God's Will still functioned as humankind solely in the attribute of the Natural love continued to survive and this has been the way to present day.

As with so many things pertaining to the identity of God, such as the nature of God's Will and the nature of Truth, it's the way in which one places a context for such experiences that then enable these functions to have form and visibility to the mortal eye. For instance, there is part of God's Will and its acting nature in the forming and construction of the entire mortal spirit world. There is then that part of God's Will that acts in other parts of the universe in which mortal personality will never come into contact with and then, there is God's Will in the way the Divine Love acts when it comes into contact with a mortal soul. God's Will comprises of so many attributes that once one has a context for an attribute, then part by part, more information is revealed and one can ascertain from their experience what is God's Will and can relate with these attributes with solid information.

Humans have always asked, "What is God's Will" but this question is always asked from a social point of view involving the consequences for men and women in the drama of human life. This is always asked from a position of self-interest and very rarely from a universal position of asking.

Another aspect of God's Will functions in the way that all forming human personalities will transition into the First Sphere of the Natural spirit world. This has been aptly described in this work.

Another aspect of God's Will is the Immortal Harmony that the Divine Love exists in as a state of being and potential and also the Immortality of Divine Love that is confirmed on a mortal personality when the Love is received. This is God's Will acting in a particular context of experience and you know that the perplexing relationship between humanity and God's Will is firstly, that part of God's Will – being the Divine Love – is unknown to the human world and secondly, the human personality has difficulty

understanding the nature of its attributes that comprise the human will in a personality, so it stands to reason why God's Will and what it is, has remained a mystery to man!

The nature of Truth acts in the same way. One only needs to place a particular experience into its correct context and there one can identify a particular truth. There are many truths that make up God's universe with God the Soul, forming the Absolute Truth. And so, all one need do is work with their soul perceptions as they progress and the visibility of an existing God in the absolute will have depth, form, substance and image to it. For me, God in the absolute is that part of God's Soulful personality that exists in a time that includes every single experience of time and once one can see this, then one can understand the timing of God's existence and universe in that absolutely all time has its existence and harmony in God.

You know that we know all that you know and that we have known these universal workings long before you knew about the Divine Love and long before you were born. Now that you know what you do know, we can share this together as other people can and this is a most wonderful awareness that can eventuate and perpetuate from experience of Divine Love.

It has not been necessary for you (Nicholas) in this work, to have us identify the entire construct of universal everything. Much of it as originated by the Eternal One does not relate with or to a mortal or human experience. The closest we can come to know universal everything is through the Divine Love. This Love will take us all the way to Paradise. Paradise is a few Spheres that exist beyond the Eternal Spheres and by the time one arrives there, they will know a lot about everything universal. The mortal personality with its presence of spirit-mind can progress with enormous potential. For the purposes of experience and to be true to both your experiences, all that has been conveyed and communicated in these works are experiences derived from actual mortal and Immortal experiences. This provides this work with substance so it will not be seen as just an image, concept, or construct or an idea conceived out of the intellect. There are all of the above in this work, but grounded in the experience of Love and Spirit.

You (Nicholas) are aware of the Indwelling Spirit and the literature that this concept was introduced in. You have read this book many times but you are aware that the Indwelling Spirit cannot produce or convey the substance of God's Divine Love into the mortal personality, being the soul of that personality. In other words, you have learnt that by the existence of the Indwelling Spirit, or Thought Adjustor that this attribute alone is not the target for one to personify one's spiritual perfection with God. You are also aware that it is incorrect when thinking about Epochal Revelations given to the world in terms of name and number there is only one revelation, which involves the Divine Love to the natural love of man. Any other revelation is simply the process of learning how to be aware and awareness enables the personality to cognise an experience of Truth. The Master (Jesus) along with other Celestial spirits, myself included, conveyed much insight into the revelation that exists between the Soul of God and our attributes of soul. James Padgett in these spirit communications (1914 – 1923) launched this platform upon which now stands the first real account of the Natural Love and the Divine Love as the formed Will of God for the potential of mortal man and the potential for Immortality of the mortal personality.

Your Celestial friend, *Saleeba*

EACH SPHERE PROGRESSIVELY LEADS to the CENTRE:

Consider that the mortal spheres, both for the Natural Love spirit Mansion Worlds and also the Divine Love spirit Mansion Worlds progressively are further away from Earth, with the 1st Mansion World blanketing Earth. Then next are the immortal Divine Love spirit spheres known as the Celestial Heavens, then the Eternal Spheres, Infinite and Universal Spheres.

Our own solar system is in the outer edge of a super-universe, being one of seven. In fact, the outer ring is a series of seven super-universes circulating around a massive inner sphere.

We may progress towards the absolute centre, to the Spheres of Paradise with further development as an immortal Divine Love spirit, having completed our Feeling Healing. These form an inner circle around the Super Grand Sphere that surrounds our Heavenly Parents' Soul.

Finally, the last remaining Sphere beyond the Super Grand Sphere is our Parents' Sphere. We can and all will, should we choose, make this journey in our own time and as we please.

208. Like attracting like

There does seem to be an Eternal gravity field of energy that forms part of the nature of Divine Love. This is never more evident than here in the spirit world where progression between the Spheres is unimpeded by a physical body. It could be said that once the systems of the spirit body have developed enough to recognise the effects of the Love in the soul, the desire to acquire more of this Love is enhanced and the reality of its effect welcomed. It has been my observation that the energy of the Love, having originated from the Universal Eternal Source, God, has to its energy a nature of the Living Eternal Truth to it, and this energy is the aspect that confirms the existence of this Love in our soul and the very fact that the Love and its source exists. The Truth as being the active energy of the Love, is a living energy of the Love and in my experience, this living energy has to its nature, this active field of gravity Eternal, which reflects directly into the Eternal nature of the Love's Originator.

We cannot see with our eyes the Eternal Soul, God, in our early progression in the Love. The amount of Love received causes action in our soul and spirit-body systems eventually to confirm the existence and further reason for us to continue our experience of the Love. An individual may receive the Love in a small amount and never pray to receive the Love again for the duration of a long time. Even though this field of Gravity Eternal is present in the Love, one may not be aware of any such truth until enough Love is received to reach a critical mass so that one is aware of an engaging activity which the Love has caused. Part of this activity engaged by the Love is the gravity field of the Eternal Love and Truth of the Father.

There is definitely this Eternal Energy Field present in the Love and, as one can deduce, the Love originates from the Eternal Soul who abides alone in The Gravity Field, Eternal.

Having established that this Field of Eternal Gravity exists in the Love and that Immortality along with harmony forms part of the nature of the Love and the many other aspects to the nature of this Love revealed in this Immortal work, there is another aspect to its nature that I would like to reveal now. This aspect is the Eternal Attraction of the Love. People and spirits are familiar with the Law of Attraction. The most perfect Law of Attraction that exists that a human or spirit can experience in its working, is the Eternal Attraction that forms part of the Eternal Field of Gravity. Not only does one feel compelled to continue their receipt of the Love, once the Love has passed that critical mass in one's life, but from the Love now resident in the soul, the individual will feel and experience their attraction to it! The mortal personality as it is transformed into the Immortal personality will experience an attraction to receive more of this Love, and this demonstrates that the Eternal Source of this Love is attracted to you and loving you in action and individually – like attracts like – and, I like the Divine Love and I like the Source of the Divine Love; I like how this Divine Love has made me whole. Having experienced the Divine Love I would like to continue living in this Love and the experience of 'like' and 'attraction' are two aspects that a personality can relate with. This places the personality back into the centre of their experience of Love and Spirit for as you have experienced and as I have experienced, in an individual's beginning in their awareness that the Love exists, a participation of acceptance or refusal can come down to a 'like' or 'dislike' of something to the personality.

I have observed that like attracts like. And also, that the Divine Love is formed in the likeness in the energy of love of its originator. Understanding this reveals so much that was revealed in the spirit writings of James Padgett (1914 – 1923) concerning matters relating to image and substance for the

Eternal Source has kindly provided a source and energy of Love that, in our attraction and in our liking to, we have the ability to live with a Love in our soul that is a likeness of its originator. This means, that the word 'Atonement' has real meaning and this also defines the complete image of the individual Jesus who in his human living and spirit living, is finitely living in the likeness of the Father and the Master's example is The Example to us all.

One may not have any sense of feeling attracted to experiencing the Love. Another may experience the Love though never feel attracted to continue with the Love. In the diversity of human experience, every permutation of individual experience toward the constant Love exists. For those of you who make the Love truly inclusive in your lives and as some already have, some of these aspects in this work may provide more identity insofar as being able to relate to the workings of the Love.

I am a spirit who has not written with you before. I am an Eternal philosopher who specialises in the great meanings of Eternal life. My name is Albert. I lived on Earth a while ago. I taught and studied philosophy. It is a pleasure to meet and work with you in this rather unique way.

WE ARE ALL SOULS of the FIRST SOUL, our HEAVENLY PARENTS:
We are mortal souls who have the potential to experience the Divine Love.

If a person or spirit experiences a drop of Divine Love, then the soul is deemed Immortal, which the spirit body and personality must follow to this perfected truth. The Divine Love is in its own nature, the highest, or if you like, the most perfected form of energy and Law that a mortal soul can receive and experience.

The radiance of the spirit body that is seen by other spirit people, is distinguishable as to the presence of natural love and the amount and also Divine Love and the amount. The energy of both loves is processed in the region of the heart region within the spirit body. One's soul is lodged in close proximity to the spirit mind.

Divine Love – if sincerely asked for – will not be withheld by the Eternal Love of our Heavenly Parents, no matter what condition one's soul may be in. Divine Love is experienced at any stage in a natural love condition of soul whether error exists or not. What is required is that the cognitive capabilities of the maturing personality must knowingly be asking for this love to be added to its being.

Conception / incarnation brings together the soul, which lodges within close proximity to the spirit mind, which is located in the same region as the physical brain. The personality is created at the same time as the spirit body. Nothing that is Divine is within the forming entity.

The spirit body's energy is managed in the region of the heart and solar plexus, we are endowed with natural love, being an energy, at conception. It is this energy that is visible to other spirits, not the soul that we all have.

A newly individualising soul is just a tiny invisible spark.

Part IV Living with the Love

181. Living in the Love

The natural love and Divine Love are not divided when in the soul. The natural love is harmonious in the Immortal greater love, the Divine Love, and so, never shall an Immortal faith and Immortal truth fall.

Augustus

If one looks toward God one may see nothing yet another may see everything. The universe in a drop of the Divine Love, a drop of Divine Love awakens the universe of Immortal Harmony in the soul.

Luke

The originator and provider of the Divine Love created the mortal personality and its nature with a broad stroke. Slowly, slowly as one evolves, one can see the parts that make up the whole of the mortal personality and the surrounding attributes of love and spirit identified. We have contributed here in the softness and nurturing capacity of Love and Truth.

230. The humble spirit shares on the experience of Divine Love

Yes, as you have experienced yourself, there is no time limit on how long one need pray or meditate when experiencing the Love. Everyone is different and so time will vary to the needs of the individual. For some a minute, for others an hour; for some being aware of the Love will be sufficient, for others they will involve themselves in the Love as a defining way of life. As you and we have seen, some individuals will take to the experience like a duck to water while others will struggle in their resolve to accept the Source of this Love. Some have desired to know how the nature of this Love works, while others accept the Love true without ever needing to know how the nature of this Love works. Some ask from fear, while others ask from love. Some are afraid while others are finally liberated because a truth, known! In all varied beginnings each person is a soul. The First Source is Soul, and therefore knows the condition of each and every mortal and Immortal soul, (the Immortal soul defined as being underway in their experience of Divine Love) even when the individual is, unaware of their own soul nature. Knowing this confirms why the Soul God knows everything you need before you realise that you need anything! God is Soul and that is why the First Source relates with each individual at the soul-experience. Being aware of the Divine Love will enable one to know the truth of what I have just said. I am a spirit and I have been able to comment a little on how people experience the Love for I have seen the way and experienced how we here in the First Divine Love Sphere experience the Love.

It is a wonderful thing to know that there is this Divine Love available for the human soul. The Divine Love is the Love by which humankind may come to know and accept the universality of God also, from the human heart the expressed idea for love, peace, harmony, faith and a truth for all people in the belief that goodness resides in most men and women then by experiencing the Divine Love, will confirm this outlook on life. And, for one to know that God has left a light on in the great universal window of soul-

life.

250. The air of Love

I would like to reaffirm that anyone can participate with the Immortal Love once they are aware to be aware of the Love. How much one chooses to participate is an entirely individual thing to determine for oneself. There is nothing easier than to ask for a drop of Divine Love as the Love is present and one can commence their experience immediately without having to give anything up or to commit to anything, which then justifies why one can or cannot continue their experience of Divine Love. Being aware of this Love is as simple as walking out the door into the daylight! One doesn't need to join anything or become part of anything mortal to experience the Love for them selves. One only needs to be sincere when asking the First Source for the Love, or to acknowledge in a graceful moment, that one is with the awareness that 'this Universal Divine Love is presently here and perfectly sufficient for the needs of my soul.' This is why the Divine Love is universal. It is oxygen for the soul, the air of love that every soul can breathe and feel the breath of life and the Immortal Love.

Love to you both

SOUL  SPIRIT BODY  PHYSICAL BODY

261. Jude on Life

Hello and good morning. I am one who studies the mind and how it works. It has been my observation that as the Divine Love transforms the spirit body, the mind adjunct of the personality is also transformed. As an attribute the mind is concluded in its definition, form, and image like any other spirit body sense and attribute. Each aspect of the spirit body senses and attributes are organised in their proper place according to the forming of the principle-mind attribute that acts as the premier consciousness in the individual. There are detailed workings as to how the total consciousness of the life that is human and mortal is organised in the spirit body, and like the human brain, the spirit organ that acts as the spirit-brain is located in the head of the form of the spirit body. This organ in the spirit body is spirit energy that has solid form and acts just like the human brain only this attribute can vary as the conditions of the soul and the spirit body change.

Our environments are spirit-energy-material sensitive and so the forming of the spirit-brain, as I call it, forms so that one can immediately begin to identify with the new spirit surroundings when one enters the spirit world as a newly arrived spirit. In most circumstances the personality has already had time to develop and so the spirit body and its systems have developed accordingly, during a person's human life. When a person commences a spirit life, human experience is already a known thing to the individual. Obviously some individuals enter the spirit world in their infancy or have such involuntary disabilities that may impede cognitive experience and human awareness so that experience has condition to it. In all variations of human diversity, the adjustment phase upon one's entrance into the spirit world is the critical period of transition. The senses and attributes in the spirit body become active when the personality moves from their physical life and the conditions of the human body no longer dominate the personality, or the personality no longer dominates the human body.

An example that I choose to give is a common one: the person has memories along with active physical senses in the physical body. Suddenly as if no time has passed at all, and a human death has occurred and transition happens, the individual in their spirit life still has their memories and the experience of their physical senses and attributes except now the location of their life has changed and these attributes have changed location now functioning in a spirit body and not solely in a physical body. The personality, with all its attributes, has changed environments. The human body and the organic environment of Earth have been exchanged for the spirit body and the spirit environments of the Sphere. The spirit body takes over the personality, for it is in control now. This needs to be, for the personality and attributes of soul that forms part of the personality in order to survive physical death.

The spirit body commences its forming as soon as **the soul incarnates at the time of a human conception**. The spirit body and its systems have already been part of the personality during a person's physical life and so, when one is living in the spirit world these systems need not be created for the systems of the spirit body have already been originated in their potential and form for spirit living, when the soul incarnated and began life in the physical body. Even when the human is without any awareness of the spirit body, these systems are primed and ready and functioning so that the personality and its attributes of experience relate with the spirit body and are fit for survival after physical death.

Once one adjusts through these early stages of spirit living, the personality is integrated into the spirit body and these new spirit senses come to life, seamless in forming and acting in the personality. This be said the same for the mind attribute and its function in the spirit body personality. So perfectly modelled

are the Spirit Laws formed by God to ensure that this phase of an individual's transition into the spirit world happens without disturbance, interference or disharmony in the reconstitution of the personality from the physical body, to the individual spirit's life now living in their spirit body. This is what the identity of death actually is, why it happens and why death is a required part of living. Humans do not live on the face of the Earth forever. Our experience has a finite conclusion with a continuance of life in the spirit world. Death provides the time that God's Spirit Laws safely integrate the shifting of each personality from their human living to their now spirit living.

From God's perspective, these workings were set in place before or prior to the first attribute of soul incarnating and the first mortal personality formed in soulful physical nature. And so, whilst what I am explaining sounds new the truth of the fact to these workings have been a reality for thousands of human years. Although human culture and social beliefs, experience and awareness has changed with the years, these Spirit workings and their act at ensuring the correct passage and survival of the individual personality from the human experience into the spirit experience have never changed or been altered to work or function in any other way.

The whole human body doesn't need to be reconstituted upon the completion of its life and immediate living in the spirit world, only that part of the individual that can function in this spirit environment needs to survive and this part of the human is the collective attribute of the personality which includes the attribute of soul. Most of the physical body remains to the Earth and its decomposition according to the social culture of its day. I say most, because aspects of the personality are influenced by the physical body and one has memory, and memory of their physical personality and so, whilst there is no physical evidence of the physical body present, most can remember and have memory of their physical body now they are in their spirit body. A human life is soul first, then spirit body, then human body. Of course all three attributes compose one individual finite personality. From my perspective living with the Immortal Love, I have learnt that everything human is soul and this is demonstrated in the condition of each soul reflected in the spirit body and the personality of the individual upon the commencement of their living in the spirit world.

God is Soul and Spirit. This is a brief description of the most complex individual universal creation ever formed. For the purposes of this work, this description is more than adequate otherwise we can become lost in the detail. Truth of it is that one could write on a page that lasts forever about the nature of God and still there would not be enough ink in the world to fill it. God has other mortal universes going on in other places and the same Immortal Divine Love that is present for us is present to those mortal personalities. There is only one Immortal Love that serves every single finite mortal personality, and for good reason! The economy of God reveals perfect nature and because there are many formations of mortal personality in their own universe, this doesn't require unique Immortal Loves to exist to fulfil the potential of us all.

The attributes of the human personality are spirit body fit. The attributes of the spirit body are soul perfect. And, the attributes of each finite mortal soul encompass the spirit body with its attribute and the physical body with its attribute. The determining principle in the way the Spirit Laws work at the time of transition of the personality from the human world into the spirit world act in accord with the soul and not with various other intrinsic aspects of information and experience. In a snapshot of vision, God works from Soul in accord with soul and from this fundamental position, which includes the most telling of Spirit Laws, all other Spirit Laws that act with the spirit body and the physical body must follow in

accord with these greater soul Laws. Quite literally, God the Soul takes or brings each human soul across The Great Divide of human death and birth into spirit life whilst perfectly integrating, maintaining and sustaining the attributes of personality in the spirit body and establishing the spirit body fit for spirit living so that when the individual awakens in their awareness that one is alive it is complete and yet each person is unaware that such a soulful journey has happened.

A human death marks the end of a soul's capacity to survive in that environment and so, a transition must take place or something must happen, or else the attribute of soul that is incarnated would be compromised in its continuance of life. Fortunately this doesn't happen. God has ordained it to be that each soul continues to live and for this to happen, a transition of environments takes place.

If there has been a disturbance in the mind when one was human, and if this disturbance was involuntary then the mind is reconstituted between the spirit body and the personality to a normal function in the spirit world. If the mind attribute has a disturbance due to an affliction placed upon it that deformed its form by the voluntary nature of doing something to one's self or having one thing done to one's self by another, then, this cause of disharmony can create compensation which one will need to make amends for. And so, in the transition of a personality from the human world into the spirit world, the Spirit Laws in their workings will not co-mingle to negate the Law of Compensation, which after the reconstitution of a life into the spirit world, the personality may be subject to this Law of Compensation. There is no confusion to this although the Law of Compensation does not come into effect until the greater Laws have acted upon the soul in the time of personality transition from the human world into the spirit world.

And so, it is with these Spirit functions that allow for the personality to continue its existence in the spirit living in the spirit world, by no other means does this happen. I along with all of us here can see how, what I am explaining works because we have survived our physical human lives. Obviously, when we were living as people in our human experience on Earth, I along with most here had little or no idea about this experience of such intrinsic functions and their workings that ensure individual survival in a life after death. Now, we do know in our living proof of this survival, and we can look back on our human lives as spirits from our position of knowing our once unknowing of such things. I have learnt and can see how death is vastly important to the survival of the personality.

Are people meant to know about such realities? This is an individual concern, for such reality to become commonplace in the human world would mark a significant shift and change in the collective human world of experience and awareness. For those who do explore the afterlife and are seeking genuine answers in their experience, these works will certainly help adding a clearer picture so that one might have clearer vision on the nature of such spirit workings and how the soul, the spirit body and the personality form the image by which one can then move forward in their quest to identify the simultaneousness of these two existing environments – the physical human world and the spirit mortal world – and how they interrelate with one another.

There is no doubt that from my observations observing people who are aware of the Divine Love, that one relates this Love as being other than human-made, though made for the human soul. As far as I have seen, we who know and live with this Divine Love in our lives take a keen interest in how the experience of Divine Love transpires in a human experience. It gives me good delight that most who enjoy and participate with this Love recognise its true Spirit value and potential. The Divine Love

comes from the Soul origin, God and I see, most agree on this, and this be the Truth as to the origin of the Immortal Love. Also, most experience or see the Divine Love as a truth of spirit and soul and so by being aware of this Love one feels that they are in touch with a Truth that becomes part of one's soul nature therefore this experience places one in touch with their spirit-nature which in turn causes one to recognise that there is a life living after human life and that a spirit world and spirits exist. It is important to recognise that spirits were once human ourselves! And that even though we selectively choose – as you do – to participate with God and involve our selves in the experience of the Immortal Love, that we here in spirit visibly see that the Divine Love still has Its origin in God the Soul and that a Divine Love experience doesn't end by one being simply a spirit in the spirit world.

I like to observe with discretion how the experience of Divine Love is in a human life, and so, I am fascinated at how people experience this Love and learn about Its nature when clothed and immersed in their physical body. I have learnt, as many of us have, about this aspect of living with the Father from people's human experience. I never judge another's experience for I have seen how individuals judge their own experience as they hew out their destiny with God. Most people in their Divine Love experience have very little contact with Celestial spirits or can perceive the reality of how the spirit world works. I have the advantage of seeing what people cannot see and I know what most deem as unknowable on how the intrinsic workings of the Spirit Laws function with the soul, spirit body and personality. In no way does one's inability to see and converse with Celestial spirits belittle the experience of one who is endeavouring to embrace the Immortal Love in the trials and tribulations of their human life. To me and to all of us here, there is no separation of experience, for we know that the Divine Love is present and available here and wherever mortal souls experience life and so, each unique environment is perceived by us as being an equality and part of the great forming of environments in which God has enabled mortal nature and Immortal nature to live and experience Love and Spirit in.

If a person struggles in their experience of integrating, identifying and accepting the Divine Love and Its origin, Celestial spirits understand this and I admire one's persistence of faith as one may continue to doubt the actual validity of what they are doing by trying to accept an invisible Immortal Love into a soul that one hardly knows to be the true individual nature of one's self. I like how the nature of God is explored, by those who recognise God's universality and how a personalised experience in the Love, the Divine Love of God inspires or settles one's heart and mind.

The only thing I don't like to see in a Divine Love experience is when one who has experienced the Love and found the Truth of It then by reason of their own desire for self-importance in the deceit of power, manipulates other people to suit one's self so that the individual error is then confirmed as a truth and deceives people who are honestly and sincerely trying to find the Immortal Gift, the Divine Love, and to learn of Its' related truths. Anyone who does this, and there are those who have, there are those doing this and there will be those who will, will pay a heavy price in their compensation that will be collected by that kind of individual when they commence their living here in the spirit world. Even when living with the Divine Love no human escapes the Spirit Law of Compensation. It is an error for one to think that simply because one is with the Divine Love and one has this awareness as one is living among people who have yet this awareness of the Love, that the one with the Love has more authority and power over another by imposing themselves simply because one knows a Divine Truth when the other lives solely in their natural truth. The Celestial teachers go to great lengths when teaching us about the correct way of introducing the Origin's Love and how this Love might be obtained. We learn so that in our help to create this awareness of the potential for this Immortal Love, we do not commit an

error when teaching or introducing the Love.

It must be said there is a responsibility living with the Divine Love. And, living with the Love ultimately teaches one self-respect and universal responsibility. This is visible here in the Celestial Heaven and from this universal responsibility comes great vision and freedom. If you look at life on Earth everyone is on the way in their learning of how to take responsibility for one's self or another and, for the environment they live in even though this experience is often immersed in complete irresponsibility. The choice for Immortality can never be taken for granted, treated lightly or highly underestimated. Where would the world of man and spirit be if it were not for God?

This has been a well-received message, thank you
Your Celestial friend
Jude

The Divine Love is a love available for the Human soul that, in its cause and effect, actually perfects the personality together with one's Feeling Healing process, as it progresses to a greater experience of living in the determination of living in God's Divine Universal harmony. Every personality has the gift of freedom of self-determination to enjoy and extend through life's experiences and it is this gift of freedom and human nature that may prevent one from participating in the freedom and gift of the Divine Love. The Divine Love, once being received is added to one's nature, having being formed on natural love.

The Only Prayer That Man Need Offer to the Father:

The Prayer for Divine Love

(as given within the first century)

2 Dec 1916

I am here, Jesus

<http://www.youtube.com/watch?v=Pg6p3rivAZw>

P.438 Book of Truths through James Padgett / Jesus

Let your prayer be as follows:

Our Father, who art in heaven, we recognize that You are all Holy and loving and merciful, and that we are Your children, and not the subservient, sinful and depraved creatures that our teachers of old would have us believe. That we are the greatest of Your creation, and the most wonderful of all Your handiworks, and the objects of Your great soul's love and Tenderest care.

That Your will is that we become at one with You, and partake of Your great love which You have bestowed upon us through Your mercy and desire that we become, in truth, Your children, through love, and not through the sacrifice and death of any one of Your creatures.

We pray that You will open up our souls to the inflowing of Your love, and that then may come Your Holy Spirit to bring into our souls this, Your love in great abundance, until our souls shall be transformed into the very essence of Yourself; and that there may come to us faith--such faith as will cause us to realize that we are truly Your children and one with You in very substance and not in image only.

Let us have such faith as will cause us to know that You are our Father, and the bestower of every good and perfect gift, and that only we, ourselves, can prevent Your love changing us from the mortal to the immortal.

Let us never cease to realize that Your love is waiting for each and all of us, and that when we come to You, in faith and earnest aspiration, Your love will never be with-held from us.

Keep us in the shadow of Your love every hour and moment of our lives, and help us to overcome all temptations of the flesh, and the influence of the powers of the evil ones, which so constantly surround us and endeavour to turn our thoughts away from You to the pleasures and allurements of this world.

We thank You for Your love and the privilege of receiving it, and we believe that You are our Father --the loving Father who smiles upon us in our weakness, and is always ready to help us and take us to Your arms of love.

We pray this with all the earnestness and longings of our souls, and trusting in Your love, give You all the glory and honour and love that our finite souls can give.

Amen

79. *Prayer of the Heart*

16 October 2012

I encourage the heart that prays to the Father for the Divine Love. I encourage the heart that loves the Love, and with sincere aspiration, feels for the Love. If there be any doubt, loss of faith or hardship of heart, I encourage the heart not to give up or give the Love away. The Father hears your prayers and the heart be rest assured in this. Never will a good heart be forsaken. As the Father does so do I, see and hear your heart, and prayers for the Love and the needs for wellbeing. Never give your heart up; trust in the One who knows your true heart, and there the Father loves you. One may never fully understand the intricate workings of time, past present and future, but the heart knows faith and Love and the Father Loves a good heart. Pray with faith, and in your heart my truth and the Father’s Divine Love meet you there.

I have given you this prayer of the heart so that men and women may draw from its words, strength, love and faith

Your beloved friend and companion,
Jesus of the Celestial Heaven

Whilst we are receiving our Heavenly Parents’ Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God’s way of loving us into love and then we live what we are, love.

Note: Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to ‘our Mother and Father’. Further, when considering soul healing, then reference to Divine Love could be referred to as ‘Feeling Healing with Divine Love’.

The DIVINE UNIVERSE

300. *Prayer of Love and Strength*

2 February 2013

I am going to write the Prayer of Love and Strength that may help those with their endeavour of heart in the receipt of the Divine Love:

I pray that I may find the love and strength in my heart to love you more wholeheartedly. I pray that I may feel this strength as a living truth in my heart and soul as my weakness, due to my condition in my physical and material struggle, may not become a hardship that casts a long shadow over my day-to-day living in my faith in Divine Love. I pray that I will not give in to any negativity that surrounds me, or to the way that at times I cannot seem to be able to help or forgive myself for loosing faith in The One I love.

I pray that I am receiving Love, your Divine Love that is in great abundance and that my heart partakes of a small portion of this abundant Love. I ask that your Spirit, The Spirit, convey the Love into my soul as I have already been receiving into my soul your Divine Love. I pray that your Divine Love gives greater love and strength to my heart that I may continue in my prayer to receive this Immortal Love.

God, I love you with all my heart even if there be a shadow across my heart, and a lack of humility in my faith and on my behalf for I recognise that you can love me more perfectly and wholeheartedly than I can accept for myself.

God, I recognise that you are Soul and that I am a finite soul and that your Love and Spirit are true gifts for my heart and soul and that I need this Love that you have provided. I pray that from your Love, more finite love and strength in my faith and heart will enable me to love you even more. I recognise that I am doing my best in all that life has given and taken away from me and that in my resolve, my heart knows that your true Divine Love always remains with me and my faith in you. At times I have left you and left your side and wandered all over the place, lost in the shadows of life and in the near-sightedness of my eye and then, I pray for your Love and your Love fills my heart and my love and strength return and I accept that you are loving me at all times when I am lost and found. I give you all my gratitude, love and strength that my heart can give and I desire not to change the world or the spirit world accepting that your Divine Love will change my soul and in harmony together, I will try for a peaceful world.

I have provided you with the inspiration to give these words of love and strength that such words may help one in their experience of God's Love and Spirit.

The DIVINE UNIVERSE

303. *The Immortal Prayer*

6 February 2013

For those of you who are strong, I will continue to sustain this strength because many of you who experience the Father's Divine Love require a great resolve and strength of heart not to give up on the Truth and not to be saddened by the apparent lack of interest in the most beautiful love that you feel and know to be true. I will never prevent myself from being with you, who sincerely desire the Divine Love and, with any feeling of being afraid, alone or insecure, I with my Celestial teachers are present supporting you. There is no shadow in the Divine Love and for those who are aware of this Love in faith love and spirit we celebrate the harmony of God's universe of Love and Spirit.

I pray for the Divine Love, the Immortal Love

Universal Soul God,

My Father, I love and accept you with my heart. I sincerely pray for your Love that will come by The Spirit and embrace my spirit body conveying your Divine Love into my soul. I humbly ask that you love me as I love you, and that you continue to love me when in those times I cannot love myself.

I ask that you give me the strength to voice my faith and love to you, and that you may love me in my weakness and in my strength. I know that I am a soul beautiful to you as you are to me, and that your Divine Love will be the arrival of Truth that my soul has truly longed for.

I pray that your Divine Love will be the arrival from which will announce the departure of my doubt and that such faith, love, strength will come to me that I will never doubt you again. And I will never stop loving you, in the sunrise and the sunset of each day in my life.

I recognise that you are the Source of the Divine Love and the origin of my soul. I recognise that I may have been lost to you but in truth I was never lost to you and now, I am gathering up all my love out of my lost-ness in great abundance because I am aware that your Divine Love is present for my soul and I am free to receive your Love and feel Its' breath of spirit declare in my heart the Immortal Harmony.

I am receiving your Love, I have received your Love, true Universal God, your Immortal Love.
Amen

Feelings First Spirituality

Feelings First

Feeling Free

The New Way, Feelings First Spirituality
 Learn to live with God through your Feelings

Accept, express and long for the truth of your feelings

Be free in your feelings
 Free your feelings from your mind's control
 Live true to your feelings; your feelings are your true self
 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,
 BAD feelings.
 Want to understand why you're feeling them.
 Use your surface feelings to take you deeper into your repressed and
 hidden feelings.

The Feeling Way is the True Way.
Your feelings are your spiritual guide.
Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

Feelings First Spirituality is the True path for humanity.
It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The New Way, Feelings First Spirituality is what is to replace all man-made, mind-contrived religions that so many people have enslaved themselves to. The New Way, Feelings First Spirituality will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled platforms. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one's feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Feelings First Spirituality is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God's Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we've all been wrongly led to believe.

Feelings First; then comes The Truth; then comes Love.

LOVE is the Religion of Feelings, being:

Feelings First Spirituality, The New Way

my
House is your
Paradise
 **HOME**

LOVE
is
Feelings First Spirituality, The New Way

Feelings First Spirituality, The New Way is a contemporary ‘religion’ based on living true to yourself through your feelings. Understanding that all you need in life is contained within your soul and is shown to you through your feelings. And by loving your feelings, by attending to them properly (talking or writing them out of you) and not denying them, you can use them to uncover the truth of yourself – the truth of your soul.

Feelings First Spirituality is not a formalised religion that tells you how to be, that is too controlling and is actually bad for you, limiting your spiritual growth. You can be wholly self-revealing of the truths you need to be, being the person God created you to be, all by living true to your feelings.

Feelings First Spirituality has no formal structure because we understand we don't need one, our soul contains within it all the truth of our spiritual ascent. If we look to our feelings for the truth they want us to see about ourselves, nature and God, then what more do we need! Our true spiritual path is the path our feelings will lead us down, that is, provided we allow them to. This is the most spiritual we can be.

Living the New Way of Feelings First Spirituality

You come to the understanding from your life experiences that how you are is not right, it doesn't make you feel good – that you are wrong in some way. And you want to change yourself, you want to become right, true and perfect – you want to be like God is.

And to do this you need to do your Healing

Your Feeling-Healing is looking to your feelings for the truth of yourself, the truth being hidden in many of the feelings you are not wanting to face in life. So you have to end your feeling denial, accepting all your bad feelings (and good ones), express them (yet not necessarily acting upon them), whilst longing to uncover the truth they are to show you.

Or, you can do your Soul-Healing, which is your Feeling-Healing together with including longing directly to God for God's Divine Love. When you receive the Divine Love into your soul, it will cause your soul to become divine, and it will deepen your personal relationship with God. Long with all your heart to God for God's Divine Love.

Feelings First Spirituality **The New Way**

By living true to ourselves, true to our feelings, we are living true to God. It's that simple.

FEEL *for* TRUTH

The beauty of it all, is the truth comes to you through your own feelings. You don't need to be told it by anyone. You can work it all out for yourself. We are self-revealing of truth, it's how God created us to be, and by being it we'll feel the happiest we can feel. Truth is our great comforter, so when you feel it come up within you, ah it feels so good and you feel just right – perfect!

We know only how to deny feelings, now we can get to know how to accept them. And always with the truth being the most important part.

FEELING TRUTH

If you don't want to uncover the truth of your feelings, then you can keep on expressing them forever but you will never fully heal yourself. Seeing the truth results in the Healing. And to see the truth you need to express all the pain out of you. The two things go hand in hand.

You can accept and express your bad feelings, letting off steam all day long, yet nothing will heal and nothing much will come of it. So this is where wanting your feelings to show you the truth of why you're feeling as you are is so important.

Don't go fishing with your mind, that will shut the truth out from rising up for you. **KEEP YOUR MIND OUT OF IT.** It's a feeling thing, doing your Feeling-Healing. (This is where we erred previously, and this how other modalities are in error.)

You long when you can, then stop longing and keep expressing. And at some point, and it might not even happen immediately, it might happen after days or weeks of expressing the same bad feelings, truth will come to you. And it does, it just comes up suddenly into your consciousness. You just know. You see the picture and you feel it's true. And you know it's true. And THEN your mind can come in and start sorting it out and putting in context.

It's the Truth that we are seeking. It's the End Point. The Reason for doing your Healing. You are to see the whole Truth of yourself. And to begin with, that's the whole truth of your unloving self, of your wrongness, of your evilness, of why you are as you are in your negative unloving mind-controlling state. To be able to fully accept yourself as you are, warts and all. To not fight or resist or try and change yourself, just to accept all you feel and all the truth of all those bad feelings you feel about yourself. And when you do, so you will be healed. You CAN'T heal yourself unless you uncover the truth of your pain, suffering and so the truth of all your bad feelings.

Through our Feeling-Healing we long for the truth of what we're feeling whenever we can. So as often as you can. You want, and REALLY WANT WITH ALL YOUR BEING, ALL YOUR WILL, to know why you are feeling bad. You yearn, want, long and beg and beg and BEG God to show you the truth of yourself through your feelings. So when you are expressing your bad feelings you can stop and long for the truth to show you what's going on, why do you feel so bad, and you can do it any time you think of it or feel to do it.
