**The Padgett Messages and The Divine Universe**

**Leading ahead...**

Next year, 2014, marks the Centenary (hundred year) celebration of the Master's work with James Padgett introducing the teachings of natural love and Divine Love into our modern world. These spirit communications are widely accepted and known as the Padgett Messages. (Subsequent to the Padgett Messages received between 1914 and 1923 came the Revelations through Dr Daniel Samuels 1954 to 1963, and then followed the Judas of Kerioth Messages during 2001 to 2003. The Richard Messages commenced during 2012 and are continuing to be received.) I am glad to announce that the next instalment of the Master's spirit communications has been received to expand the awareness and universality of the natural and Divine Love in the form of 319 spirit messages, received between 15 March 2012 and 24th February 2013. The following spirit communications are selected messages from this body of spirit work titled, **The Divine Universe**.

The receiver of these messages also received The Awareness of Divine Love Messages (hosted here on the New-Birth.net site) and selected published messages throughout the last 20 years of living with and teaching about the natural and Divine Love and currently has co-authored many books on the subject of universal related themes of Love and Spirit.

Many have wondered what would follow the Padgett Messages. The experience of Divine Love and the existence of Truth is now living in the souls of many men and women. Communication from spirits assists and benefits us greatly as we seek to understand more about the Divine Love that we experience. The spirit communications that form The Divine Universe lead on the revealing of the Master's teachings about the Immortality of Divine Love that was first introduced in the Padgett Messages.

**Prelude**

15 March 2012

It is your true Celestial friend and guide writing to you. I am Jesus of the Celestial Heaven and Teacher of God's Divine Love. I have made my presence known to you at this time, for we are going to do a work together on the Immortal nature of the Divine Love. This work will be a work of vision, harmony, experience and an expansive insight into the nature and working of Love and Spirit. You have both worked with the skills needed and required for communication with Celestial spirits prior to the commencement of our collaboration now. This will be an experience where the awareness of Love and Spirit and the Divine Love is placed well and truly with universal vision in a universal language.

It has been my desire for a long time now to place a potential vision of this Divine Love with universal awareness, and to reveal to men and women the individual nature of man and the universality of God. I will orchestrate this experience along with the beautiful participation of the individual you know as Saleeba, who will introduce herself to this work shortly. Saleeba will help orchestrate a uniform order

of communication with those who will contribute to this work. This will not be a complicated experience or a contrived experience for only love in its essence and substance will be the way this work will progress and appear before you. (Saleeba also communicated messages through James Padgett.)

These Immortal works in their delivery for those who will deliver their messages on the nature of Love and Spirit, will be Immortal themselves, for each will be living in their experience of the Divine Love. This Immortal work will continue from the writings I did with James Padgett though my voice will sound different, as your independent souls already know the Divine Love and many of the workings of the nature of Love and Spirit are visible to you both. You have worked tirelessly in your experience learning about the Divine Love and the greater awareness of the workings of Love and Spirit. Also, it is a different day than when I commenced writing with James Padgett. The world has a sense of community and an approach to the greater reality that is human life. The most significant thing is that I do not have to reintroduce the reality of the Divine Love or affirm to you why you need to pray for this Love. You already know that in order to receive communications from Celestial spirits that provide vision, your soul needs to be in that condition caused by the Divine Love. Your soul's are in this necessary condition, and you are aware that the respective Spirit Law of Rapport and Communication that is necessary to bring about such communications involving the workings of Divine Love, is active with you now. The fact that you are aware of the Divine Love and that you have studied the workings of this Love is the all-determining fact of difference between the work James Padgett did and this Immortal work that you are about to commence.

A progression from the spirit writings commonly known as The Padgett Messages, was needed with the introduction of the Divine Love in a context with the natural love there are those – and there will be those – who desire universal illumination into how the nature of these distinctly different Loves work and function in the mortal soul. This culminates with the potential of the individual learning how to be aware of their soul and its potential to live a life in faith and love with the universal Soul, God.

Our time together will be expansive and this collaborative effort will be universal and timeless in its approach and appearance. You are prepared to undertake this work by the long and recent road you have walked in the years of experiencing a love seen and unseen. You can see the need and reason why such a work needed and required for your personal experience of the Divine Love is personal and universal and that in the activity of a social life, you have never been separated from your faith experience in the Love.

Continue with your Thursday evening discourses to the natural spirits who visit you with our guidance as you introduce the awareness of the Divine Love, and also with your writing adventure with the books you are publishing. Maintain your physical exercises for a great strength will be needed when our work is underway. I will return and we will begin with the first message. Until then continue as you are doing, introducing the awareness of the Divine Love as all true works of Celestial service do.

Jesus of the Celestial Heaven

15 March 2012

(What follows are 20 of the 319 messages received between 15 March 2012 to 24 February 2013)

### **Is it JESUS or MARY TALKING THROUGH a MEDIUM?**

And the chatting / talking with Jesus is the same as we've told you, it's really 'on behalf of Jesus', it is one of the medium's band pretending to be Jesus, which really means the Celestial accessing Jesus' Spirit of Truth within himself (and only we Celestials can do this and are allowed to), and so then speaking 'as if he is Jesus'. It's the same thing as James feeling how close I am to Mary Magdalene in my 'feeling' when we are writing together, because as I said I work with her Spirit of Truth as I feel very close to it – very close to her. And she's said I can use it that way. So effectively, should it be necessary for me to do so, I could 'pretend' to be Mary speaking to people on Earth.

As you have possibly gathered, it's all highly organised as to what and when we can reveal to you. It's all set out in keeping with the Rebellion and Default limitations and then in keeping with the Mansion World levels and all the levels within them. It's all angelically controlled, so we slot in using our minds and be who we need to be to you and how we need to be and what we can say. So as you grow in truth through your Healing, moving progressively up through the levels, so we can come forward and progressively reveal more to you. So what is revealed and how it's presented to someone who's in their wrongness and not wanting to do their Healing, compared to someone wanting to do it and just starting out, compared to someone nearly finishing it, compared to someone who had finished it, might all be so different that you would think it was different spirits relating at each step, when it might be the same spirits. And really we don't change, it's you who changes, or refuses to change.

And added to that, we know how far someone will go in their spiritual progress throughout their Earth life, so part of our interaction with that person is in keeping with that level of progress. So we might say and do and be differently to different people, even though we're the same spirits, because each of those people have very different spiritual paths and levels they will reach.

So it's not as straightforward as one might think, which I know causes many misunderstandings, much confusion, even putting a lot of people off, however really until people are well into their Healing, it will all appear like everyone is working at it from opposite ends with no real synthesis or commonality involved. So you can look at it like say a Maypole, with everyone starting out on their separate ends, but the more you do your Healing, the closer you all come to the truth, which will allow the Spirits of Truth to then synthesis you all into what is needed for you to become Celestials. For by the time you are Celestial, then we're all on the same page so far as the Truth is concerned. But even though we Celestials are all living that same truth, how we might relate and start with people on Earth or the lower Mansion Worlds might make us sound and appear like we're all very different.

Nanna Beth, 19 February 2018

**Note:** Jesus has only talked DIRECTLY to James Padgett and James Moncrief. Further, Mary Magdalene has only talked DIRECTLY with James Moncrief. Mary and Jesus are regents of 3.8 million physical worlds and their related spirit worlds. They are also finite – can only be in one place at any one time. Once that is understood, then it is only possible to have 'communications' via their Spirits of Truth in the manner outlined by Nanna Beth.

## The Padgett Messages and The Divine Universe

**The DIVINE UNIVERSE** consists of 319 messages in four parts:

**Part I** Immortal Harmony

**Part II** Immortal Choice

**Part III** Immortal Love

**Part IV** Living with the Love

### **The first message**

25 September.2012

Firstly, let me tell you that I am pleased to continue with the work that James Padgett commenced insofar as bringing to light the truths that relate with the workings of the natural condition of mortal souls and the Divine Love of God. This teaching platform is illustrative of the vast and many workings that form in principle, God's Love and Spirit workings that are inclusive in human nature and mortals in the spirit world.

It was said that not all the truths be revealed to James at that one expansive time, and I say expansive, for the work that I and the spirits did with James, laid the foundation for one to learn about the existence of the Divine Love and to further the awareness of who and what God is to mankind. It was our desire to communicate this knowledge, as you know, so that one may have the information to progress in soul condition whilst living of the Earth, and to clarify distinctions between truth and error relating to the true vision of human nature, the mortal spirit world, and the true nature of a loving God.

We have been able to see that our work with James was successful. As people worldwide are becoming aware about the availability of God's Divine Love and subsequent causes and effects of this Love when entering the human individual soul. It was my desire to elaborate on the teachings of Love and Spirit at the time when the work that we spirits did with James was solid enough in the world and that time has come. I can now continue with the Universal Gospel of Love and Spirit so that the necessary progression revealing more about the nature of love and spirit brings a fuller vision that enlightens one to a soulful relationship with God and may contribute to the ever-progressive nature of love and the harmony that is present and that one may aspire toward.

Your true guide and teacher at this time,

### **2. On the withdrawal of the Divine Love**

25 September 2012

It is paramount, that individuals realise that the Divine Love of God will not be withdrawn from mankind and the natural spirit Spheres for a long time. No person can lay claim or be the judge in this matter as to when God will cause the presence of the Divine Love and the activity of the Spirit that conveys this Divine Love into the mortal soul to cease in the natural Sphere environments. What is important is that this Love and Spirit be universally present for all mortal souls and the potential for the individual to be the recipient of it. This truth is of the utmost importance, as to when and for how long

the Divine Love will be available for all mortals to receive, because it will help people and spirits realise that a person or spirit cannot determine the operations of God's Divine Love and the Spirit in such universal outcomes.

What I do know is that humanity and mortal spirits in the spirit world continue to progress toward harmony in their natural soul condition in a greater or lesser degree of harmony, and that the assistance of being able to include the Divine Love in this progression is well underway and the Divine Love will be around for many years to come.

I cannot give you an exact time in human history or date as to when the Divine Love is withdrawn as a potential for the mortal soul. But still as yet this future date is un-revealed to me from my Father. I know people like exact dates for this places experience into context that better assists in one being able to discern past, present and future matters however, with regard to the future with the Divine Love it is best that people respect the fact that what I do know is that there will be no withdrawing of the Divine Love and the Spirit from humankind and the natural Spheres in mortal future history. There is no need to be concerned about the withdrawal of the Divine Love and anyone person or spirit who proclaims or teaches otherwise is proclaiming untruth and misleading people as to the truth relating to the continued presence of the Divine Love and its availability of progression, harmony and its positive influences felt in the hearts and minds of those who embrace this Love. The current date is the 25th of September 2012 and whilst I said I do not know the exact date in the future as to when the Divine Love will be withdrawn, I do know that the Divine Love will be available until at least the year 3000 and substantially beyond, and I say beyond for in the event that if humans were no longer present on the face of the Earth, and only life in the mortal spirit world was the place for continued human personality survival, God can exact such workings of the Divine Love that the Divine Love will continue to be abundantly present in the mortal Spheres whilst no longer functioning to humans in the Earth's environment. By no means am I saying or suggesting that humankind will be extinct in the year 3000 for God knows and only knows the timing of such things as to the beginning and ending of the human experience. People who are busy forecasting the end of the world need to spend more time developing the beginning of their progression for all reside in the universal harmony of God whether they are aware of this or not.

Celestial spirits speculate on such matters as to the extent of the Divine Love experience because the Divine Love represents the activity of God in mortal experience. The Divine Love stimulates vision. It is more present than all of us, and the Spirit that conveys the Divine Love into the soul is the key that reveals much of this activity of God. In order for God to withdraw the Divine Love, requires the Spirit to cease its activity and this is done so by the Spirit Law on which the Spirit operates in harmony with the Divine Love. If and when the Divine Love is withdrawn the Father has only to cease the Spirit Law that the Spirit acts upon and the Spirit ceases to function in its specific purpose and that being to convey the Divine Love into only the soul of a mortal. When the Spirit ceases its activity then the Divine Love by its own cause cannot enter the soul of a human or mortal spirit.

Rest assured in the knowledge that there will be no withdrawal of this Love in the foreseeable future. I know this, because it is important to reveal this and so God has revealed this to me that the Divine Love will be present and available for a long time to come and this will settle the hearts and put people's minds at ease about the ending of such things.

And it need be said that only I can actually announce or declare when the Divine Love exactly would no longer present for the potential of humans and mortal spirits to receive, as my coming into this world coincided with God's Divine Love beginning again after it was withdrawn from the First Parents.

The uniform harmony that exists between God's Divine Love and the Spirit that conveys the Divine Love into the soul of a man, woman or spirit commenced at the beginning of my life on Earth and did not end as a potential for the mortal soul with the end of my human life. This uniform harmony having once begun with the First Parents, then withdrawn, and then recommenced with my human life continues today and will into the future even as I, with other Celestial spirits, reside in the spirit world.

God alone has caused such harmony of the Divine Love and the Spirit to exist. I did not create this harmony. I merely progressed in my soul condition that caused me to develop the awareness into the nature of God's workings of Love and Spirit that involve the progress of human and mortal spirit-kind. I will never live on Earth in the flesh on Earth again. Many of you who are familiar with the function of the spirit body know that it is impossible for the mortal personality, once a finite soul individualised, to reincarnate in the physical body for a second life. (Revelation 20: Reincarnation is an oriental doctrine via Dr Daniel Samuels 10 March 1955 – <http://new-birth.net/ntr/revelation20.htm> )

Let the heart rest in the assurance that I will not be declaring that the availability of the Divine Love for the human soul will be over or withdrawn anytime soon or in the foreseeable future.

Thank you for receiving my message on this most important matter.  
Your guide and teacher,

*Jesus of the Celestial Heaven*

## **Revelation 20: Reincarnation is an oriental doctrine**

<http://new-birth.net/samuels-messages/53-revelations/revelation-20-reincarnation-is-an-oriental-doctrine-ntr75/>

(This message is referred to as Revelation 28 on page 75 in New Testament Revelations of Jesus of Nazareth)

**March 10th, 1955.** Washington D.C.

Received by Dr Samuels

I am here, Jesus:

I am here again to write you about a subject that has created interest among you, the Doctor and others, and that is the article on reincarnation. In the Padgett messages, various communications dealt with the falsity and absurdity of this Oriental doctrine, which holds that the human soul can reincarnate from one fleshly body to others in succession over periods of time and that as a result the soul has an opportunity to lessen its desire to sin and thus finally achieve purification while in the flesh.

If you will examine the question a little more closely, you will see the impossibility of the soul in the spirit world to be reincarnated in the flesh for the reason that the soul, for this supposed phenomenon, would have to shed the spirit body in order to enter into a mortal body, since the soul is encased in a spirit body which is physical in nature but not of a gross material of what mortals call the material world, and that spirit body, which is the envelope and protector of the soul, is that which gives the soul its individuality as a conscious entity and remains with the soul so long as the soul lives. In the spirit world no spirit body has ever been deprived of its soul, and no spirit body thus hypothetically divested of its soul has ever died or been disintegrated, or has disappeared from its habitat, except as it advances from one sphere to another while making progress either to the sixth sphere or spiritual paradise or to the Celestial Heavens and Immortality (spheres 8 and upwards).

As far as is known today by us in the spirit world, the spirit, that is to say, the soul and its spirit body, may live for all Eternity, if God so requires it, even if it does not possess the consciousness of immortality through possession of Divine Love, and it will certainly continue to live throughout all Eternity – the soul and its indissoluble spirit body – if it does possess the Divine Love, Immortality and At-onement with the Father.

**As soul cannot be taken from, or torn from – or in any other way deprived of – its spirit body, once it has come to the spirit world, it would be equally impossible for the spirit body to enter the human body of another human being, for only a soul without a spirit body can enter a human body, and on the death of this body, the soul manifests its spirit body. The doctrine of reincarnation is, therefore utterly without foundation, for it is impossible, let me repeat, for a soul with its spirit body to enter a human body to be born again in the flesh.**

When a human being dies in the flesh, his soul has already achieved under ordinary circumstances the purpose of his creation, that is, individualization and the creation of receptacles for soul's, and in his spirit body, in size, shape, appearance and nature, is the complete creation without the envelope of flesh.

### 4. On faith and love

I would like to reaffirm the active living of faith in God's Divine Love. Faith really is the experience of soul when that soul is active and living in love and not a dormant unknown thing in a person's life. A pure expression of love living is faith and in time, one will learn that even faith is part of love. Faith is love.

When a person or a spirit first becomes aware about the existence of God's Divine Love, a love in one's heart, will certainly help the individual to be responsive to actualising and feeling an experience of faith and consequently, the feeling of the Divine Love. I teach and guide individuals to learn about their faith and to let the full experience of faith to be the quintessential love that begins the learning about the nature of love, and consequently substantiated when the living with Divine Love gains a foothold, so to speak, in the heart and soul.

Faith means many things to many people and mortal spirits alike, yet faith is not faith when fear is caused in one's self or another or when a belief is imposed upon another that perpetuates fear and disharmony. Faith, genuine real living soulful faith, is love and love has boundary to it just like the Divine Love has boundary to it. These boundaries are necessary to maintain harmony and such harmony sustained in the various Spirit Laws that qualify the workings of love and help the individual to identify the nature of love.

The Divine Love is a gift and never to be taken for granted.

Insofar as learning how to live love and to explore the diverse nature of universal attributes and these workings of Love and Spirit, faith is a good true honest and responsible and a respectful place to begin. Essentially, every mortal spirit that progresses to reside in the Celestial Heaven knows exactly their faith and what it means to them and how it has sustained them in their first experiences of God's Divine Love. The countenance of Celestial spirits as they move through the natural spirit world demonstrates this wholeness of faith and harmony. People can experience this same faith and harmony and can learn what faith means to them. Faith also eases the transitional period of change that results from the effects of the Divine Love. Faith helps when the individual is learning the difference between a purely self-determined natural life where the personality is at the centre of their universe, and the soulful life lived in the harmony of God's workings that require little self-determination other than a desire to progress in Divine Love and God is seen and known as the true principle of personality at the centre of the Universe.

Let faith teach you about the nature of love and the form of harmony and let this faith be living as you cultivate it so that a reliable truth grows within your soul that prepares to withstand the changes that are necessarily involved in the progression toward living the Divine harmony.

*Jesus of the Celestial Heaven*

### 5. The universality of Divine Love

26 September 2012

I would like to affirm the universality of God and the universality of God's Divine Love and the Spirit. It is paramount that people understand this universal nature of Divine Love and how this constant Love, present to the diverse peoples of the world just like it is present to the diverse mortal spirits in the various Spheres of existence comprising the mortal spirit world.

As I, with various spirits revealed in James Padgett's communications, the Divine Love present only for the potential that exists as part of the nature in each finite mortal soul, and that this potential as a formed part of the individual soul nature is the recipient of this Divine Love. And this is a unique truth about the relationship of the Divine Love with the potential that exists as part of the nature of mortal soul. God, in the creation and forming of the attribute of mortal soul, has given as part of this forming and creation, the ability to individualise, with part of this individualising the attribute of potential. So that the desire, or a soulfully expressed longing to God for this Divine Love can eventuate, in the interest of progression and harmony, once the individualisation of the soul commences its incarnation in the physical body.

This Divine Love is working the same causes and effects in the souls of those who include this Divine Love in their lives. It is easy to forget that the Divine Love has been created purely soul-specific and in the dimensions of popular belief and experience, one can easily contrive the Divine Love and God as all things created to everyone and every living thing organic or inorganic.

The Divine Love is universal in the sense that it is present everywhere humans and mortal spirits are living. The Divine Love and the Spirit is not present in the Pre-Incarnational Sphere where unincarnated souls wait to incarnate in accord with God's Spirit Law that acts to incarnate pre-individualised souls. All such activity in the Pre-Incarnation Sphere and incarnation happens in accord with God's harmony. It is not necessary for the Divine Love and the Spirit to be present in the Sphere where souls reside prior to their incarnation. Soul is required to have incarnated in its condition of the perfect natural love before it can, as an active finite personality, commence the receiving of the Divine Love. It is important to know this so that one understands that men and women are not born divine to begin with and that such divinity has no existence in the image and essence of the finite soul until the individual has the freedom to voluntarily determine the choice to participate with God by receiving the Divine Love and so begins a changed experience as the great transition from the natural into the Divine begins and progression follows.

The Divine Love is universal in the way that its workings in the attribute of mortal soul are constant and continuous in cause and effect without ever changing its own perfect nature whilst changing and perfecting the condition of the mortal soul and the systems of the spirit body. It is universal because the Divine Love exists beyond human belief and can never be subject to change by a belief as to its existence or not, and the belief in the way that the Divine Love acts in the mortal soul. No amount of self-determination by a personality can cause an effect that alters the way this Divine Love transforms the mortal soul. The nature of Divine Love in its harmony is perfect in the way it functions in the mortal soul, never causing a disharmony to take effect and destabilise the individual personality. If disharmony exists in a Divine Love experience, it is from the result of the individual's condition of their natural soul

prior to the commencement of the receipt of the Divine Love and whilst in the initial stages of Divine transformation disharmony may exist along side harmony, eventually the Divine Love will cause the greater harmony to dissolve any disharmony with the active participation of the Spirit Law of Compensation.

And here is another truth about the nature of Divine Love. Within it exists harmony and this harmony the prefect of all harmonies a mortal soul can experience and, as in the workings of all the Spirit Laws present for all mortal souls. A greater Law in its working super-exceeds a lesser Law whilst not nullifying the lesser Law out of existence. By absorbing the Divine Love one is absorbing the perfect harmony so that when the Law of Compensation is active in the transformation of the individual, the disharmony is being absorbed into the Divine harmony that then becomes, as it where, a true condition of love in the mortal soul.

### **67. The Spark**

13 October 2012

It is I, Luke. I am here again this evening and I have been listening to your conversation about the energies of the spirit body, interacting with the physical body. Your writing on the nature of truth with the Master today was an inspiration to see, I have actually been present through much of today and I am able to write at this time and enjoy doing so. The Master is close by and he's actually speaking to some individuals about their beliefs.

Let me begin by saying that the real significant difference between the human life and a spirit life is that a spirit life is without a physical body. The spirit body is 'the' body of life in the spirit world. This is an obvious fact but nonetheless when one really considers this, much about the mortal spirit world comes into focus because for the first time, there is a real context that defines the personality and the soul as being with physical body, then without, then with only spirit body.

When a person tries to imagine what life is like in the spirit world, a person does so utilising their organic brain therefore to identify life in the mortal spirit world is viewed from an organic position. Here in the spirit world, we do not have the organic biological body functioning. The spirit body and its systems are our spirit-logical systems. Try to imagine a functioning reasoning identified human personality acting normally in a spirit body without the organic brain being present. The spirit-mind has taken the place of the brain and has solid property to it in which the personality is situated. Zara mentioned chakras and these centres of light form part of the matrix of energy that exists when the spirit body is with the physical body. The physical body is never separate from the spirit body, the spirit body has energy that relates to all parts of the physical body and the chakra centres or primary energetic centres form part of the structures that are the systems originating and forming the spirit body. Obviously when the spirit body is functioning in the spirit world, these primary energy centres continue to function as the internal spirit systems though without the evidence of the physical body. It must be said here that the spirit body in the spirit world operates with voluntary and involuntary systems just like the physical body has systems to it that operate in this way.

The spirit body also has, and this is a new revealing about the spirit body, an energetic system that continues to form primarily when the physical body is no longer present as the central spirit nervous system of the individual. We have no need for an immune system or for a genetic system. There is a Spirit Law that acts in the spirit body that manifests this central spirit nervous system and this is paramount so that the individual can respond internally to external environments and this central system animates the personality so that feelings and experience in general, has the principle energy that is ... the spark of spirit life.

We cannot grow our own spirit bodies and this should provide you with some ideas as to how the nature of the spirit body forms as it follows the internal systems that form from this spark's blueprint. This happens or begins to happen the moment the soul incarnates and spirit body first formed however, the full dynamic of the energetic systems of the spirit body are truly composed when it is time for the spirit body to take over housing of the personality as being now the principle body for the personality to survive in, as the physical body has served its purpose in the phase of helping make a soul incarnate to begin its individualisation of the personality.

I would like to clarify that the spark belongs to the Spirit Laws of God and that this ingenious spirit genetic coding that is of Spirit Material, is so unidentifiable that it remains one of the most invisible attributes in the experiential creation of human life. It is almost as invisible as the Divine Love is.

The spirit body from when it is first formed is indestructible. This be said the same for the attribute of soul. No mortal can de-materialise a formed soul or spirit body. This power rests solely with God. Just as there are Spirit Laws to commence the forming of such attributes, so too are there Spirit Laws that can de-materialise the attribute of soul and the material that forms the spirit body. The vision of this causes one to realise that a formed personality can exist and also can no longer exist. Only such power is with God for when one sets in place the principle Laws that govern the forming of such attributes that are finite, the same in principle can be reversed. This was demonstrated when the Divine Love and the Spirit was available and then was withdrawn.

When we study the nature of universal workings, it requires responsibility from our own discerning perceptions to understand that the First Source, God, truly loves us and is a loving God. As we explore the dynamics that form the constructs in which mutable personality forms we must always keep in perspective the fact that progression rests in our hands is our choice and that universal realities are substantial as we awaken to their existences.

*Luke*

A newly individualising soul is just a tiny invisible spark.

The soul nests inside of the spirit body, never to be separated.

The life force for the spirit body and the physical body is via the soul. The spirit body is connected to the soul via cords of light, and in turn, the physical body is connected to the spirit body via cords of light. Should the light cords between the spirit body and the physical body be disconnected then the physical / material body dies. The physical body is our starting point for learning and experiencing our being. Our learning and growth experience then continues through the existence of the spirit body.

### 137. Exits and entrances to the Spheres

28 November 2012

I, Augustus, am the spirit who visited you the other day to learn about this form of communication. Francesco wrote with you and now I am to write with you. Saleeba has orchestrated my writing, I am to write on how one moves between the Spheres.

As you know each Sphere in the mortal spirit world has form and boundary to it. This is known in the simple way that as one travels or moves through a Sphere one will reach a point of destination where one cannot move beyond an invisible boundary. These boundaries exist to maintain the harmony of the Spheres. When a soul in the natural love or Divine Love is progressed in their condition to move and progress to another Sphere, one is required to go to a meeting place that is the exit and entrance of a Sphere. These meeting places are quite big and substantial for the flow of spirits moving between the Spheres is a constant activity. We can move freely between these Spheres, but only in the way that we can move through the Spheres that we have already progressed through. Individuals are restricted in their movement only insofar as one is unable to travel freely through the Spheres that exist beyond their soul condition. Soul progression in its advancement is one Sphere at a time.

There are spirits whose service it is to assist in the movement of spirits between the Spheres. All the Spheres that make up the mortal spirit world have exit and entry points that are located in the same place. Spirits who serve at these places assist individuals who are entering a new environment of Sphere for the first time. In any new environment, we need guidance so that we know where we are going and so that one does not become lost. There is so much movement between the Spheres that it is quite exciting! And, the flow of individuals from all walks of life is a remarkable sight to see. These are truly social places.

The exit and entrance of a Sphere is the only place where the progressive or succeeding Sphere is visible to the Sphere it has exceeded. This also is a remarkable sight to see. Spirits who have perfected their natural love and have progressed to the Sixth Sphere cannot see the existence of the Spheres that make up the form of the Celestial Heaven. If they could see the Celestial Heaven, then more of them may inquire as to the nature of these environments and may realise that their Sphere isn't the top of the human world.

The entrance to the First Divine Love Sphere is a dynamic place. It is as dynamic as the First mortal Sphere that interfaces as an entrance point for human beings upon their exit of their human life. There is much movement between the First natural Sphere and the First Divine Love Sphere. Individuals who have commenced learning about the Divine Love pass through this entrance into the First Divine Love Sphere at the same time as individuals who have been experiencing the Divine Love for thousands of years exit at the same place as they are on their way into the natural spirit Spheres to teach about the Divine Love or to socialise with loved ones or a soulmate who has as yet, to embrace the Divine Love.

The Spirit Laws are immutable and substantial and every Spirit Law has its unique function that never confuses its function with the functioning of another Spirit Law. An individual is invisibly held like an invisible gravity field, which retains that individual in the accord of their soul condition with their environment of Sphere. As I have said we can move through the Spheres that we have already ascended

through and the Spirit Law that retains us in our soul condition to our particular Sphere of environment does not impede us as we travel through these Spheres. As soon as we arrive back to the Sphere that is the harmonious environment for our soul condition, the particular Spirit Law as to its function, comes into immediate effect and we cannot progress or travel through the entrance into another Sphere that is beyond our present soul condition.

The entrance to the Celestial Heaven is an entrance sublime at the last Divine Love Sphere. Everyone who passes through this entrance begins a new chapter in their life. The dominant workings of mortal personality in self-determination is no longer the only way of spirit living, for the mortal personality has accepted the changed soul conditions brought about by the Divine Love, and the personality accepts a universal relationship with God and that the harmonious presence of Love and Spirit defines one's way of Celestial life. This is quite a moment in the individual's life.

All of us who are in the mortal spirit world have made the transition in our spirit body from our human life. The experience of death is never experienced again and so when spirits move between the Spheres, one does not lay down their spirit body only to reawaken in a brighter spirit world. We are aware of our travels and our soul condition. We are taught by more progressed spirits when we are introduced to the Divine Love that there are many Spheres that we can progress through and so we are aware that our experience in Divine Love will never remain a stagnate or stifled experience.

I have enjoyed our experience writing together and I hope that I have extended your vision of life in the mortal spirit world. I hope to write with you again.

A Celestial spirit,  
*Augustus*

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

### 80. In this we share my shoulder

16 October 2012

I derive great happiness from seeing many people, men and women, living in their faith in the Father's Divine Love. I see this awakening and awareness realised in those souls who sincerely believe the Truth of this Love.

I know that much of this experience is lived out of adversity, for such are the ever-present challenges that face the human condition. I quite accept that for some they need to believe in me, and I am happy with this, as my truth is supportive and nurturing. If one need use me as a guiding hand, I am true to this insofar as being helpful as one begins their faith experience in the Father's Divine Love. I too pray for this Divine Love and in this, we share in the same living Spirit of Truth, and though I cannot be beside you as a person, I am here in the Immortal Truth of the Divine Love in the spirit world.

And so, let your heart know that in Truth, I have never left you and though I am here in the mortal spirit world my life is the living confirmation of the First Source, Our Heavenly Father and that the heart can draw strength from this. The Divine Love of God will never be withheld from the good sincere heart, so let your prayers be full and your faith be generous in the asking and receiving the acceptance of this Love. May one's heart give all the love the finite love of gratitude that one and all of us experience this most wonderful and true Love from the Soul, God.

*Jesus of the Celestial Heaven*

### 133. A teaching from a Celestial Monk

24 November 2012

The Divine Love is Immortal in its nature. This Immortality is defined by the fact that the Divine Love cannot be changed into anything else by a mortal personality. Hello, I am Francesco and I am glad to meet you both. Saleeba has instructed me that I may write, and what a truthful messages Eugene conveyed to you. I have been observing and learning this art of communication and you are the first mortal on Earth that I have communicated with. Saleeba is present along with many spirits and I am humble in my service.

Whilst the Divine Love is Immutable, part of this immutable nature is its function to cause a direct change in the mortal soul. Now, this is a very important truth that I can reveal that has never been taught before. The reason why the Divine Love is immutable yet it has to its immutable nature a causality of energy (as in perfect cause and effect such cause that brings about changed soul condition) is so that the Divine Love in the soul and the spirit body and in the system attributes of mortal personality can enable these attributes to interrelate and interact with cognitive function with the immutable Spirit Laws that assist in a soul's transformation from its natural love into its Celestial citizenship.

If one were never to partake of something that was not of this immutable substance, then, as one progresses one would not in their natural love – as the only form of soul condition – be able to receive and be cognitive of any experience with an immutable Spirit Law. Without the Divine Love present in

the soul one would not be able to have sensory vision of an immutable Spirit Law as the personality interacts with any such working of an immutable Spirit Law. Spirit Laws have form and exist and though there are numerous Spirit Laws relating to the environments of Spheres, there are various Spirit Laws that interface with a mortal personality as the Divine Love takes effect in the soul and progression commences. The Divine Love enables the individual to be able to experience part of the immutable nature of the absolute nature that exists as the Eternal state of being that the Father is in universal existence. The Divine Love in its immutable nature allows for the mutable finite human personality to identify and function with the independent identities of these Spirit attributes of the Father.

If a mortal attribute such as the finite soul and spirit body were to become immutable and changeless like the Divine Love, then any subsequent change and progression in a mortal personality would cease and upon the ceasing of any mutable nature, there would be no further requirement for the individual to continue the receipt of the Divine Love. For this reason alone defines the unique difference between all that is immutable in the nature of the Divine Love with all that is Immortal in the nature of the Divine Love. This explains why Jesus taught and continues to teach that a mortal soul, when partaking of the Divine Love, becomes as it were, Immortal and not immutable. The Immortality is confirmed in the personality, as being independent yet no longer separated from the Soul of the Father as in a complete independence and separation when the personality is functioning in only the attribute of its natural love.

We have three things happening here. We have the immutable nature of Divine Love, the Immortal nature of the Divine Love and thirdly the causality nature of the Divine Love. These three aspects all relate with the mutable nature that forms the potential for progression in a finite personality. The extraordinary thing is, when the immutable nature of Divine Love interacts with the mutable nature of a finite soul, part of the progression experienced is realised in the way a finite personality moves into an experience of being more mutable.

The natural condition in a soul has in its own accord, the potential for harmony that has to its image of progression, a natural boundary. In the perfection of natural love the finite personality has achieved its maximum experience for change, harmony and progression. The systems of the spirit body, and the attributes of personality in the perfection of natural love have realised a full mutability and without the assistance of the Divine Love, the individual can in no way surpass the condition and harmony of their perfected mutable soul in this, their natural love. One can stay in a fixed mutable position for a long, very long time. As soon as the Divine Love is included, this fixed mutable position and condition changes and, the immutable nature of Divine Love in its causality begins to take affect in the system attributes of the personality, soul and spirit body included, and a continuation of a mutable progress continues beyond the harmonious boundary of a perfected natural love.

The more I received Divine Love, the more living of my life I realised, and as I progressed my awareness of my natural condition changed so that I could see that as an individual, much more of my innate potential surfaced as I became more mutable insofar as being able to experience the nature of spirit-universal realities beyond myself and yet, I could identify with these immutable natures and their workings.

I am now completely exposed to the living potentials of God's Love and Spirit. And having said this, I would not change a thing from my past. Thank goodness I listened to the advice of a Celestial teacher a long time ago referring me to the awareness and presence of the Divine Love. Without such shared

information, I of myself would and could never have had such awareness that this potential for my mortal soul, existed. I am still learning as much as I can. My name is Francesco and I lived in what is now known as northern Italy 12 AD. I studied God and lived my life to the best that my small truth could serve God at a time when life was much different than it is now. I am one of the spirits who visited the other day to learn about this form of communication. I am aware that this type of communication happens and now I have had the pleasure of being part of it. I have learnt to speak English. I lived by the sea but that is all past me now. I first learnt about the Divine Love shortly after the Master arrived in the mortal spirit world after the sad ending to his life. He has taught me most of what I know and I live in the Celestial Heaven in a beautiful place where I continue to study the nature of our universal Father. I never married when I lived on Earth nor did I have children. It may surprise you to know that having been in these Heavens for so long, that I am not with my soulmate, though I am aware to her and she is still in the Fourth Natural Sphere. We share a great love together and I visit her from time to time though she is yet to embrace the Love that I know. I am told that in the harmony of timing that my love, my soulmate, will embrace the Love and I trust in this as I have never forced her to accept that which she is not ready to. This happens to a lot of individuals where the social dynamic of being among personalities where life is perceived as being free has a terrific hold on individuals in the natural Spheres, for the perception is that one will need to give up so much in order to be dedicated to God. The truth of it is, as I found out, one only need to give up the perception for the reality is that living with the Divine Love is a universal social experience and the most inclusive of individuality and, all mortal relationships. I cannot thank you both enough and Saleeba is known as the 'bright and beautiful' here. I will speak to her after I leave you and after your next message, which will be written by Saleeba, the Bright and Beautiful.

Your new friend,  
*Francesco, the Celestial Monk*

**To liberate one's real self, one's will, being one's soul, is begun by embracing Feeling Healing, so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.**

**Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God's soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.**

## The Padgett Messages and The Divine Universe

### 228. A Padgett message

9 January 2013

Good morning. It is I, James Padgett, the man you know as the man who received many spirit communications nearly a hundred years ago. I have written to you before and I am writing to you now to express my delight along with Helen's delight, in the way that you are with various spirits, writing about the vision and experience of the Divine Love. I have followed your progress from the earliest of days when you first read some of the messages that I had received. You both worked out that the construct of the natural love and the Divine Love encompassed all that could be the true nature of the human and spirit experience and so, upon further study of the material I received, with your progressive experiences a realised vision of the Loves has now been able to be communicated. I am aware that you have worked alongside others with the material that I received and have published a book containing this material. I am happy in whatever way those spirit communications are published and made available to the general public, so long as the good and true message of the Divine Love is not misconstrued and that any publication that provides a greater appeal to the varied interests of the reader is a progressive step in the right direction.

I know that the message of the Divine Love is a message universal and that the Divine Love is an experience that exceeds any written word by man or spirit. I have been able to see how this Immortal work has progressed, as I have been present along with many other spirits when much of this Immortal work has been conveyed to you. When the Master is at work, we like to be present working alongside him, for there is always much to do when the experience of the Divine Love is being introduced and taught by the Master.

I am also aware that no one from the human world or anyone who has read the spirit communications that I received has asked you both to write this Immortal work. There is not a group of you trying to bring this work into human life. There is just yourself and Zara with those present in the spirit world working alongside you to bring about the realisation of this work and this work, is simply about the Divine Love and the natural love. You are not part of any group, organisation, religion, spirituality, or unique belief. You are both simply in your experience of progressing in the harmony of the Divine Love. There is just the two of you and your desire to work alongside us for you felt – as we did – that a universal experience of the Divine Love needed airing.

The spirit communications I received introduced a little on the nature of natural and Divine Love. The language I worked in isn't universal. I am well aware that my spirit communications will not be read worldly simply because of the selective language that introduces some of the teachings. It would have been a shame for a universal message of Love and Spirit to be solely confined to a different day and an old voice in the world. I can see quite clearly the need and reason for a progression of the message of the Divine Love from the work that I did and the way in which I did it those years ago.

The wonderful thing is that you have been able to take this introduction to the natural and the Divine Love, and individually understand their universality. You have had to find the language to do so, which you now have, and that fits with more accord with the way we Celestial spirits converse on the nature of such experiences of Love and Spirit. I like the way that much of the history in the life of Jesus does not form part of this work and that the whole driving force of this work is the collective will of individuals

who live with the understanding of the universality of God’s Divine Love and out of our love for the Love, this work can be conveyed in the present experience of us all living with the Love. I could not provide this in my work with the spirits. Every little bit helps. Thank you for receiving a Padgett message.

Your friend and Celestial supporter,

### 247. The real industry of the Universe

13 January 2012

I am an individual who knows a lot about a lot of things. I have a super mind and a great sense of the general knowledge. I was when I lived, an antique collector and so history was a subject that I was passionate about. I had travelled extensively around the world and I had a gift for picking up languages. I like the land and I liked the sea. Upon my arrival in the spirit world I began an immediate investigation as I had that kind of mind that liked to pull things apart only to put them back again, more improved if I could. I loved clocks and watches and appreciated how the many moving parts of a small watch were designed so that one could simply read the time. Much like how small and smart technology is now. I arrived in spirit prior to the Age of Technology but I am aware of how the world has moved into this Age of linked communication. I travelled throughout the First Natural Love Sphere, which can only be described as massive with populations that exceed the normal human concept of population. I was amazed at how social and organised everyone was and how aware everyone is to the events that happen and pass by back on Earth. I had no language as a construct to identify what Natural love is though in good condition, I was told by another person who I met that they had come from another Sphere much like this one and so I travelled with this individual to the entrance of this Sphere. This was the Second Natural Sphere. I travelled completely through this Sphere only needing to pause for rests, and it is massive too, though only slightly smaller in population.

The same thing happened. I met someone who was from another Sphere. I travelled with them to an entrance that opened into the Fourth Natural Sphere. This Sphere is connected directly with the Second Sphere and the Second Sphere is connected directly to the First Sphere even though the numbers seem to jump. I travelled through this Fourth Sphere investigating all aspects of it and people were still social though a sense of peace was an ambience present unlike the social humdrum of activity in the previous Spheres.

I then met another person who said they were from another sphere and so I thought, 'how many Spheres are there?' I travelled to the entrance of the Sixth Sphere and there I explored this entire place. The people here were far more impersonal and far less social, being far more self-centred. There was a hush around the place and every individual I spoke with was very polite though there was always present a sense of achievement. I never met anyone who could take me to the entrance beyond this one and, I concluded that I would go back to the First Natural Sphere. I did know that there were three Spheres beyond this First Natural Sphere where the depraved and deprived of love lived. I went with a person who I met who knew where the entrance was and investigated for myself and it is as exactly as I described. I travelled through these Spheres and I felt a great sadness but I knew that I could not remain here and so I returned to the First Natural Sphere.

I never really settled and I did not reside in a house or a home opting to rest in what can only be described as spirit-nature that has form and are like gardens, though they do not require sunlight to survive. It is all kind of unreal because the thing that is so real is the noise of social interactions between personalities. There is a going language that the planet Earth is called Earth, and the Spheres I visited are called Earth One, Earth Two, Earth Four and Earth Six. Everyone in these Spheres has very little to do with the Earth, though everyone is aware that they are from the Earth and that personality is still the

centre of social attention. I thought about how I was and where I was, knowing that I just didn't fit in. I had accepted that my human life was over and that I was in the so-called afterlife and that a certain few people had helped me to adjust when I initially arrived after my human death. It is unique to say the least, to view the real Earth and the way people live from my perspective now. If everyone knew what I could see, then, the world would change for the better. Humanity would see part of its universal nature.

And so there I was resting in one of these spirit gardens, when out of the corner of my spirit-vision I saw two individuals approach that in their appearance seemed rather different than anyone else I had previously met. They stopped and spoke with various individuals and I could see how interesting they looked and so I went over to them and introduced myself. They told me that they were from another Sphere and I asked if I could travel with them only this time the answer was no. I asked why it was so when once I could travel between the Earth Spheres so easily? The wiser looking one gently said with a smile on his face, "You need the Divine Love to pass through go". I knew what he was talking about and so I asked about this Divine Love. It was my interest in travel that made me ask for the Love because I realised there was nothing that I had seen in the Earth Spheres that was going to hold my interest. On Earth, antiques have real value and you can touch history. Here, you can see it living all around you and so history is of little value at all. I immediately asked for the Divine Love and went with these two individuals to a place called the First Divine Love Sphere. I travelled all around this Sphere and it was massive. Its entrance connected to the First Natural Sphere, and not before long I could see the architecture in terms of the placement of this Divine Love Sphere in context with the other Natural Earth Spheres. I decided that I liked the Love because it was my ticket to travel and so upon the advice of the wiser individual, I asked God for more Divine Love and travelled to the entrance of the Third Divine Love Sphere. I had no compensation and God was my travel agent. I did the same thing travelling through this Sphere then the Fifth Sphere and the Seventh Sphere until I stood at the entrance to the Celestial Heaven. I realised in language that the Natural Earth Spheres are identified as mortal Spheres and the Divine Love Spheres are identified as the Immortal Spheres. I have learnt quickly about the workings of Divine Love as part of my requirement for progression, but it is the travel that really interests me, and the way that these environments are put together in their design. Language cannot convey how these environments are at their fundamental existence.

As I stand here at the entrance of the Celestial Heaven, I can see that the real engine room of spirit existence is here in these Immortal Spheres. This is where the Immortal personality meets with the universal reality of construct and form and one has the spirit-senses and spirit-vision to see it and comprehend it and more importantly live and interrelate with it. The Mortal Spheres simply cater for personality and its need to be the centre of attention. The Immortal Spheres place love, this Immortal Love as the centre of attention and from this, we go forth into learning about the dynamic and function of everything universal, including God.

And so, as I come to the end of this travelled experience in writing with you and as I am waving good bye to you, I have heard from a spirit who you know called Gustav, that if I continue with Divine Love then just beyond the vast Celestial Heaven there are the Eternal Spheres and then beyond that, an entrance into the Spheres of Paradise! And the Divine Love is my boarding pass!

Yours kindly and most lovingly,

### 294. The Innocent One

29 January 2013

I am one who watched as Jesus walked by with the weight of the wood on his back. It was a terrible moment and there was nothing I, or anyone could do. It was a shameful sight in the heart of humanity to see the Master pass by for I had seen him when in his full radiant self. How could such a life have come to this? The brutality of those who condemned his life to this end were terrible people who then had to spend much time in the spirit world making amends for the act that they had committed against the living Immortal Truth of the Father's Divine Love in the soul of Jesus.

Even those who jeered at the sport and suffering as that man crumbled by on his walk to certain human death, paid the price that day and that day was the day that sorted-out many a future of lives of people with the Law of Compensation.

I did go to the cross in my small self and prayed to God from a quivering lip that this should not have happened, I couldn't believe though I never stopped in my love for the man dying there and for the unseen Father, who was at hand to help love and bring this man through his life and death, and then across into the Spirit of the Living in the mortal spirit world where death breathes no more. I had tears in my heart and eyes as I was ushered away by the soldiers and in my life I never stopped loving Jesus and God.

I was so pleased to see Jesus when I arrived in the spirit world living in the radiance as I once saw him live, when as a man on Earth. All I could do was cry and to say I was sorry and sorry on behalf of humanity on that day. I was a hopeless sobbing mess as I fell into his arms, in the First Natural Sphere of the spirit world as he raised me to my feet and hugged me with his words of love, spirit and truth, that in my faith in the Father, I was never forsaken. I have continued to serve the Father by serving Jesus working alongside him here to bring into fulfilment the awareness of the Immortal Love in the Natural social Spheres. My memories of that bloody day are far behind me now, though it is still difficult to write about it. I would like to say that in the whole of the Celestial Heaven, there is not one symbol of that time on Earth seen, nor a single symbol or image of the cross seen or the weight of human denial to bear. The Immortal Truth reigns supremely here and this is no place for the ignorant or the arrogant in the human spirit here. Only Love and Spirit are on display here and harmony seen for all and this is why this place is called The Immortal Celestial Heavens of the Universal Father's Divine Love and the Spirit.

Thank you for receiving my word

### **The first child of the first parents speaks.**

#### **282. These days of Light and Life**

26 January 2013

This is my first experience of writing in this way. I am delighted to communicate with you. My name is Ar, the first offspring of my parent, the First Parents. Obviously, we didn't speak English, having our own language or dialect taught to us by our parents. I have learnt several dialects now, English being one of them. As you can see, I am quite tall almost like a super-being and I am filled with the Love of Our Universal Father, who I love very much and who gave life to my parents for the Universal Father is my, and all of ours, true soul parent. I know a lot more than you can conceptualise or receive, and so, I will keep my introduction as necessary. I have given my name as Ar, and I am happy with this. I am male, as you have perceived; I have brothers and sisters, many in fact, as my parents lived way beyond the years of age that you are familiar with today. They received the Divine Love a long time before their fall. I converse with my brothers and sisters and my parents for we all live in the Eternal Spheres. A few of them have progressed to the Spheres of Paradise. I very rarely visit the human natural Spheres, for you can well imagine how those who reside there do not know about such origins, so how would they respond to me if I were to introduce myself as the First Offspring of the First Parents of mortal humankind!

My life, my mortal life on Earth was charming, as my parents loved me. I grew to be strong and perfect in my human life. I was the perfect natural man and the perfect Immortal man. I was super-human and was well aware of the spirit world that I would proceed to at the conclusion of my human life and translation into the spirit world. I shone with light and life in Divine Love, the Love that I continuously received. For us back then, having the Divine Love present was as normal and a part of our lives as the air we breathed.

I went through the whole experience with my parents, as I was old enough and aware enough to know what was going on. I actually was not like my parents and never assumed the same equality with God as they did and so, in the old language, I was never part of, nor participated in, the Original Sin. I never sinned or committed error in my life. I watched as my parents assumed a god-like standing as they walked the Earth where we lived. There was never any external planetary influence in their misjudgement. They simply made a transgression that was in violation to the condition in which they were entrusted to live their lives, and by their actions excluded themselves from being able to partake of the Divine Love that was essential to the energetic output of their soul's for the purposes of their formed human lives.

I never lost sight of the fact, that whilst my parents were my parents my true soul parent, was the Universal Father. My parents taught me this and so it was outstanding to think that they then denied this within themselves. There was never a great drama that presented itself, just the evidence of the Love that they needed for their lives, was no longer present and no longer present for me, my brothers and sisters. Most of my brothers and sisters were the same as I. A few of them out of their love for our parents, took the same position as our parents but this was only because they loved them so much. The love of another can do this.

I loved my parents and worshipped the ground they walked on because I knew their role and responsibility, but I never allowed my love of them to take the place of the One who was providing me with the Love I needed to remain super-human. When I could no longer receive the Divine Love I accepted my fate because I knew that the Source was acting in accord with the harmony of the Heavens and the Earth.

We all continued to live in the ever-diminishing circumstances of our natural love taking its condition and hold of our lives. I never stopped loving The Father because you can do this in your natural love. You can love the Source of Eternal Universal life from natural love and even when the Divine Love is unavailable, the Source, still knows that you are loving, true of heart. We all lived a long life and as a unique part of our parents physiological being, with the assistance of the Divine Love, each created offspring was unique with our own physical genetic information. This meant that we could mate to produce offspring that would commence the first attributes of mortal soul incarnating from the Pre-Incarnation Sphere that commenced the beginning of humankind. This is hard to believe yet it is true and it need be said that whilst the First Parents are deemed as the first humans and the beginning of humankind, whose origin is from the First Source and whose lives were not solely derived from an evolutionary species-my parents were unique in every way true to the word.

As time passed human life flourished and the condition of natural love went through its various stages of human evolution to the moment when our lives passed from human memory. This happened by the assertion of the ego for it did not suit man to know that such a life once lived and hence, our story left unsaid and untold. Now, humanity has no idea of its origin and that is why it is so important that the truth of the human soul be seen and known as to its true origin, and that humankind lives in a day when the Immortal Love is freely available once again. There is a lot more in detail to my human life but the truth and only the truth has been necessary to share. I know that you have done much work on the First Parents and they do provide the perfect example of many components all transpiring in one place at one time. Their life demonstrated the natural and the Divine, the mortal and the Immortal, the human and the super-human but ultimately in the great unseen, there is this individual at the centre of everything who sees and knows everything and should never be discounted in the pursuit of love spirit and happiness.

I sincerely thank you for this time to convey a small amount on my life and to have contributed to this vast vision of work, an example of what living with the Divine Love can do and at how by accepting the Source of this Love, so much of the attributes of spirit is open and visible to your perceptions.

The First Son of the First Parents,  
*Ar* (Pronounced: Are)

### 300. Prayer of Love and Strength

2 February 2013

I am going to write the Prayer of Love and Strength that may help those with their endeavour of heart in the receipt of the Divine Love:

I pray that I may find the love and strength in my heart to love you more wholeheartedly

I pray that I may feel this strength as a living truth in my heart and soul as my weakness, due to my condition in my physical and material struggle, may not become a hardship that casts a long shadow over my day-to-day living in my faith in Divine Love.

I pray that I will not give in to any negativity that surrounds me, or to the way that at times I cannot seem to be able to help or forgive myself for loosing faith in The One I love.

I pray that I am receiving Love, your Divine Love that is in great abundance and that my heart partakes of a small portion of this abundant Love.

I ask that your Spirit, The Spirit, convey the Love into my soul as I have already been receiving into my soul your Divine Love.

I pray that your Divine Love gives greater love and strength to my heart that I may continue in my prayer to receive this Immortal Love.

God, I love you with all my heart even if there be a shadow across my heart, and a lack of humility in my faith and on my behalf for I recognise that you can love me more perfectly and wholeheartedly than I can accept for myself.

God, I recognise that you are Soul and that I am a finite soul and that your Love and Spirit are true gifts for my heart and soul, and that I need this Love that you have provided.

I pray that from your Love, more finite love and strength in my faith and heart will enable me to love you even more.

I recognise that I am doing my best in all that life has given and taken away from me and that in my resolve, my heart knows that your true Divine Love always remains with me and my faith in you.

At times I have left you, left your side and wandered all over the place, lost in the shadows of life and in the near-sightedness of my eye and then I pray for your Love, and your Love fills my heart and my love and strength return. I accept that you loving me at all times when I am lost and found.

I give you all my gratitude, love and strength that my heart can give and I desire not to change the world or the spirit world, accepting that your Divine Love will change my soul and in harmony together, I will try for a peaceful world.

I have provided you with the inspiration to give these words of love and strength that such words may help one in their experience of God's Love and Spirit.

*Jesus of the Celestial Heaven*

### **183. I introduce the Eternal Spheres**

20 December 2012

Hello, my name is Gustav. We have not written together before. My home when I lived on Earth, would be seen as middle Europe, I lived many years ago. I have been asked to write on the Eternal Spheres, where I now reside and I was only too glad to contribute to this work. Luke has sought me out in the Eternal Spheres explaining this work and it is a pleasure to be asked. I very rarely visit the human world, if at all any more, and so yes, your environment is new to me as I am new to you. Saleeba and Luke detailed the progress of this work, the Father's and the Master's work, you are both doing and involved with at this time. As you can see, I am good at communicating in this way with you even though it is a new experience for me.

I first found the experience of the Divine Love, listening to the Master share the information that such an Immortality present and a potential for the soul. I was in the Sixth Natural Sphere and upon seeing how true he was I proceeded to follow on his good advice. I did as he did and we prayed to the First Source and I felt the Love. This was a long time ago now, about the year 1500 AD. My experience in the Love was rapid. This new awareness came to me with ease and I moved through the Divine Love Spheres quickly. I then resided in the Celestial Heaven and I progressed through those Spheres quickly. I continued in my receipt of the Love and progressed through the Spheres where I reached a boundary, which signified the end of the Celestial Heaven. It is in this last Sphere that the Master resides, and whilst I have not visited his residence, I am here to confirm that this is where he resides. I am also to confirm that the reason why he has not left the Celestial Heaven to live in the Eternal Spheres although he freely visits these Spheres, is due to his service to humankind and mortal souls who are living their experience in Divine Love and who are yet to live in their experience of Divine Love. His service is to make known the great gift for Immortality. If Jesus were to leave the Celestial Heaven, and never to return to the mortal natural Spheres, this would present an immense loss for he alone personifies the Immortal nature of the Divine Love, unlike any other, as he is so close with the Eternal Father.

The Eternal Spheres are vast in number but not so vast that they are endless for there is structure at all universal experience and, moving through these Eternal Spheres one proceeds inwards toward the Eternal Gravity Source of Love and Spirit, being the central Soul to us all, the Eternal One.

My time of living in the mortal spirit world came to an end when in my soul condition, I became of that condition that enabled me to progress beyond the mortal spirit world, which comprises of the Celestial Heaven. At present I have very little to do with humanity as a whole, though I did spend time when progressing through the Celestial Heaven sharing and providing accounts of my Divine Love experience with other individuals in the Natural Spheres. I have done this service to the fullest of my need for this

need was born out of a recognition that I am grateful to the Father for the Love, and as an act of love and to show the Father my gratitude, I gave back so that others may become aware of the potential of Immortality as I have done.

I am currently experiencing life as a universal citizen. In the Eternal Spheres we do actually meet with other angelic personalities who of themselves, will never incarnate in a human life to acquire a soul, spirit body and mortal personality. They are complete with personality upon the commencement of their creation from the First Source and in a relative way, this act of personality creation symbolises how the First Parents were made manifest when they first appeared in their respective perfect natural form and image upon the face of the Earth. I have met them and held discourses with them about their life. And every individual who resides in the Eternal Spheres will meet with the First Parents as this provides the fulfilment insofar as knowing and being able to identify, mortal origins.

One cannot enter the Eternal Spheres without a complete knowledge of mortality and Immortality. By the time I moved into the First Eternal Sphere, my knowledge was as such, that I had accepted and embraced what is known as, ‘the full mortal story involving mortal life with and without the Divine Love’. As some of you are experiencing, this natural and Divine story has a long and involved narrative and in part, this narrative from, its mortal and eternal beginnings, is still being written. The construct of a visible and invisible natural and Divine Love, I don’t have to explain these workings. This you already know as God’s Will being clearly identified in terms of a mortal and Immortal reality. God’s Will is simply the culmination of all the attributes, many of which have been identified in this work, which in their universal experience of function and identity, form the universal harmony and this harmony best presents what God’s Will looks like and how it acts. Celestial spirits have previously explained the workings of love and Divine Love to you both and you have both explained these workings to other people throughout the years.

My senses in my spirit body are of such condition I can perceive and relate with the reality of an Eternal existence from my finite standing. I have received so much of the Divine Love that my finite personality is not overwhelmed by the existence of a universal Eternity and the way such experience surrounds my finite being.

I must state that I am finite in the condition of my personality though I am Immortal in my condition. However, I am not infinite nor will I ever be even though the Divine Love, as part of its nature, is perceived as being a potential for Immortality, Eternal and infinite.

Real and true spirit structures exist in these Eternal Spheres. I am to convey to you – not in image only – for the real substance of these Spheres is the increased visibility of the universal Father’s workings of Love and Spirit. The visibility of the First Source is completely tangible and this infuses us with vitality and energy.

The Celestial Heaven is the place where one prepares themselves for such an entrance into environments that provide a more comprehensive vision of the First Source, revealed. I still receive Divine Love and The Spirit still conveys this Love into my soul, as it first did when I was back in the Sixth natural Sphere. This experience of the Love has never changed and never will, and does provide one with a sense of the abundance and universal presence of The Spirit and The Divine Love.

In the Eternal Sphere, we are not preoccupied with the subjective nature of our own Immortal transformation. This has been well and truly done. What we are occupied with is the visibility of The Eternal One and intricate workings of universal life at their fundamental and primary principles of visibility, experience and existence. We are much in the same way, to provide an example, like those people who spend their life fascinated in their study of the physical nature of the planet Earth and its visibility and as one learns more of this visibility, the more visible other aspects to this nature become and this is awareness.

By the time one advances into the Eternal Sphere, there is absolutely no doubt to the existence of the First Source and one's relationship of acceptance in the Divine Love from The Soul. My progression is identified as being conclusive. The only time I spend in the Celestial Heaven now is to provide the service of bringing another from the last Sphere of the Celestial Heaven through the entrance into the First Eternal Sphere. This is part of my service and will continue to be so. I have been able to discuss with Francesco that I will meet him and go with him when he advances into the Eternal Spheres. I have had the chance to meet the beautiful souls who are collaborating with you in this work. I would also like to say how much I have enjoyed meeting Saleeba, the Bright and Beautiful. I will stop writing now and see you again soon.

Your new Eternal friend,  
*Gustav*

One's natural love is always progressively perfected during this journey of evolution of the soul.

Upon embracing Divine Love at any stage, then one can progress through the Divine Love spheres 3, 5, 7, whilst also doing their Feeling-Healing.

Even though a person may have received Divine Love, they do not avoid compensation or doing their Feeling-Healing, so they may still spend time within the spheres of disharmony.

Natural Love sectors for those doing their Feeling-Healing, without the Love, are within the Natural Love Mansion Worlds:

Progressing through the natural love worlds, within Feeling-Healing sectors, while doing one's feeling healing, upon reaching the 6<sup>th</sup> Sphere having completed Feeling-Healing, one can then embrace the Divine Love and proceed directly to the 7<sup>th</sup> Divine Love Sphere.

Then they may prepare to enter the Celestial Heaven Spheres from there.

This pathway is when the Divine Love is unavailable before perfecting one's soul.

### 91. A message on the Master

18 October 2012

Hello, it is your friend Eugene Morgan. I am humbled to write at this time and to contribute to this work. I have such fond memories of our having written previously on the 'Nature of Personality'. I, along with many other spirits have listened quietly as the Master commenced this work with you and we are all enthusiastic to see love made manifest in the written word shared between the spirit and the physical world. The Master and Luke have conveyed these wonderful works and now Luke has asked that I convey a message on the Master. For me this is an honour.

If ever there was an individual that personified living harmony, it is Jesus the Master. If one can fathom the responsibilities that he has had to live with, one of these responsibilities is declaring to humankind inclusive of all mortal spirits that the Divine Love is present and available, then, one would see the way he lives his life in accord with the harmony of the Heavenly Father. One would never doubt his knowledge on human nature, or the nature of the First Source of Love and Spirit, and one would listen and soak up his teachings on the nature of the two Loves: natural and Divine. He lives with so much of God's Divine Love in his soul. The Master's soul condition stands alone in his understanding about this relationship between the Soul of God and the mortal soul, and the way he never judges another's experience be they purely of the natural love or learning to live in the Divine Love. This is a sight of love to behold in itself. Simply put, he knows so much. When you are in his presence, you feel the safety of the universe around you and the presence of the actual Eternal Father, though as he teaches, he is not The First Source. The Master alone, when one sees him, is confirmation enough to the existing nature and harmony of the Divine Love, and the depth of love one feels from his presence and love is quite overwhelming.

I have had the pleasure of working alongside him when he is teaching individuals in all Spheres, even those Spheres where the poorest of souls in their misguided fortunes reside and the empathy he shows is truly recognisable. With the Master, one always feels there is hope, hope to become someone better than one was before, and the way individuals respond when he is present is quite remarkable. His very presence brings change, and yet he requires no self-adulation or adoration that individuals try to give. Though he understands this, the Master never takes a position of a self-interested claim, always referring one to the greater truth – this being to guide the progress and advancement of the individual not toward himself but toward one's self in their own progression in Love and Harmony toward the First Source.

I have seen people here in the Spheres who have denied the existence of God for a long time, only to instantly change when the Master is present with them for the first time, though we know he is not God. There are many Celestial spirits who travel and work alongside the Master so that when he leaves to see other individuals we can then remain to help and guide the individual toward the light of all lights, the First Source and help them on their way. No mortal problem is too great for the listening of Jesus, and he always responds with kindness and empathy providing the right words to respond to the individual's needs. His words open the souls of others so they are more receptive toward the inflowing of Divine Love.

I can only say, that if the human world could see what I have seen, then, would Jesus the Master be known and loved throughout the world. Not as a person who was slightly adored or cleverly dismissed,

but as the true teacher of love and God's Divine Love and the universal Truths that are presently a potential for one and for all. Truly, the world that lives for peace, the just, and the love that mankind desires would be universally known and seen by all as we do so here in the mortal spirit world.

Thank you for receiving my perceptions on my experience with the Master and it is a pleasure to be writing with you again. I thank Luke for guiding me here to write with you this morning.

Sincerely,  
*Eugene Morgan*

#### 231. A testimony of love

10 January 2013

God is the most loving Soul in the universe. Even when we cannot find it within our self to love one's self, God is, loving us. I found this out when I eventually gave myself up and accepted the Divine Love. I lived a spirit life in the isolation of fear because I, through my own actions of my human life put myself here. I was a complete disaster. I couldn't help myself because I didn't want to know about myself because of my wasted human life. I didn't leave the human world in a better place for others than when I arrived to live my life. I was selfish and self-centred and couldn't give a rat's ass about anyone or anything. I had little respect for people or the natural world let alone myself, and basically I was a mean person. When I died and became a spirit, I lived in isolation in my smallness and how I lived is hardly describable because my condition was so small and poor. I, like so many before me, like so many as me, and like so many after me will end up like I was: an unlovable lost soul. But then after a long time, when I was in my inconsolable place a spirit came to me, and introduced a way for me to save myself which I rejected at first because I was so wretched with myself. Then the same spirit returned – in what you would understand as several days later – and even though I could hardly look at this wonderful image of love and image before me, this spirit told me how I could help myself. The thing that caught my eye and attention is that this time this spirit did not leave and stayed with me and guided me to ask for love and so began my journey on the long and difficult way to recovery. I had no idea about the Divine Love but I followed the advice of the spirit realising that in all my days in my small dark place, nothing brighter than myself had ever approached me. I was well and truly lost to the ends of the spirit world. The belief held on Earth is that hell is a fiery place. Believe me when I say, it is not. It is the darkest and loneliest place a personality can live. Though I have since learnt, that God the Great Lover has with universal wisdom, provided such Spheres to exist so that people like myself who are so out of harmony are not annihilated upon our entrance into the spirit world. Our personality survives and each is given every chance to return to love.

The spirit helped me turn my disbelief into faith and gradually my faith started to grow as the Divine Love entered my soul. The spirit guided me through those long days of my compensation. And then suddenly, I could see and do more! This spirit took me to the First Natural Sphere and then to the First Divine Love Sphere where I have stayed until my compensation fully fulfilled. My effort to change and to involve the Divine Love brought me to the living again, and now I am a champion of God! I went from one extreme to another. I now help those back in the dark Spheres the same way I was once helped by that most lovely spirit. The spirit who guided me was a humble person.

As my days continue, I find a certain irony in the fact that I was such a hopeless case, and yet I managed to accept the Divine Love and find my place with God in these Divine Love Spheres. And on my travels through the Natural spirit world, I see so many who in their social comfort think me stupid in the way that I share my experience about this most wonderful Love.

I am so happy to write my testimony to the Love here, and it is the most beautiful Love in all the worlds!

Respectfully,  
*Toby Johns*

#### **232. Margarita shares her experience**

11 January 2013

Hello, my name is Margarita. I lived in Spain when I was alive and I was a mother with beautiful children and a wonderful husband. I had many grandchildren and I lived a long and gorgeous life. I was wealthy and never struggled, with each day being as perfect as the sun shining over the sea, the sea view that I would look out upon each day of my life. I died from natural causes at a ripe old age, content. I had a great natural love and believed in God and Jesus though never in a religious manner; I simply knew that they were true. When I passed over into the spirit world this was just the next step in life. I accepted my time for my life fulfilled, in the physical living in every way. I am filled with such happy wonderful memories of my life. I was a passionate person, a beautiful woman and a day never went by without something wonderful happening, even if that wonderful is sitting quietly by the window late in the afternoon and falling to sleep with the sound of the sea ever-so-close. I was never sick and all in all, my life was a gracious gift.

After a short time in the First Sphere I found out about Jesus by seeing him speak about love and the Divine Love. I could feel such warmth and love in his presence that I opened my spirit-heart to God and followed in the words of Jesus to pray to God for the inflowing and my soulful blessing of this Love. I felt this Love immediately. For me, experiencing the Love was just about being open toward the Source of this Love. To me, life, human or spirit, is solely and purely about love. That's it – pure and simple. I had no compensation to speak of, because of the way I lived my natural life and my soul condition was perfect and required no further adjustment. I embraced God and the teachings of the living Jesus, for I felt the immediate effect of the Love embracing my soul without any trouble at all on my behalf. I ascended through the Divine Love Spheres as if my soul had formed angelic wings and now I live in the Celestial Heaven where I am happy, and happy I have always been. I am waiting for my husband who I know is my true soulmate for this has been revealed to me as part of the truth that the Divine Love has enabled me to see. Love is real and true to me and I live only for the experience of love and all harmony to its way.

A big kiss on your hearts from me,  
Your loving friend,  
*Margarita*

## The Padgett Messages and The Divine Universe

### 178. What is Immortality?

17 December 2012

The question, ‘what is Immortality’ is a question quintessential to this work. The reality of an existing Immortality was first conveyed and introduced in the spirit writings on the Divine Love that James Padgett received. Immortality is such an important part in the constructs of mortal potential and attributes that comprise a mortal personality that when one fully grasps what Immortality is, then, the reality of the mortal personality is seen as being situated well and truly in the attribute of soul and the spirit body in the experience of the Divine Love.

Without the Divine Love, Immortality exists as only a potential for the personality. With the Divine Love, this potential for Immortality is **confirmed** in the personality. The only way a mortal personality can obtain its Immortality is from the Divine Love. The Divine Love is the only thing formed in God’s universe of Love and Spirit that can provide a finite mortal personality with something Immortal.

We know that the human personality survives the death of the physical body and transitions into the spirit world to continue a mortal life in the spirit body and new environment. The reality that the human personality has survived physical death and continues to live in the mortal spirit world is a continuation of the personalities mortality and having survived death and now living in the spirit world, in no way ensures or determines that the personality is now deemed as being Immortal.

The function of Immutable Spirit Laws that assist in the stages of a soul’s life cannot provide Immortality to the soul. No other human mortal or Celestial spirit can ordain or anoint another mortal personality with Immortality. Not even The Spirit that brings and conveys the energy, Divine Love, into the attribute of mortal soul can provide Immortality to that soul, spirit body and mortal personality. Immortality does not have its existence as a potential or attribute in the soul upon the original forming, essence and image of each unique soul. This is why we have introduced the reality of the Immortal Choice, for each person and spirit will only ever partake of Immortality by his or her choice for the receipt of the Divine Love.

Immortality forms part of the nature of the Divine Love and as one may have read by now, the Divine Love has a lot of nature to it! Part of its nature as revealed in these works, is its Immortal Harmony that is demonstrated in the fact that every single functioning Spirit Law that relates with natural and Divine progression of a mortal personality, is a secondary Law in its function with and to the primary Law of Perfect Immortal Causality that exists as part of the function and energy that the Divine Love is.

If a person or spirit experiences a drop of Divine Love, then the soul is deemed Immortal, which the spirit body and personality must follow to this perfected truth. The Divine Love is in its own nature, the highest or if you like, **the most perfected form of energy and Law that a mortal soul can receive and experience.**

Due to human experiences that may require compensation, the potential for Immortality still exists even though error exists and forms part of the soul condition. This experience demonstrates quite clearly the mercy and wisdom of the Father and provider of the Divine Love, that when error forms part of a soul’s condition, the Divine Love – if still sincerely asked for – will not be withheld by the Eternal Love of the

Father. The reason for this is simply explained by the existence of the natural love as the initial soul system for personality to commence forming in, and, there is always the potential for the individual to commit and create error. If everyone were required to be in a condition of their perfect natural love prior to asking for their first drop of the Divine Love, then this would place a condition in the actual independent nature of personality in which the originator of human life established mortality to be.

The beautiful thing is that people and spirits residing in error in their natural soul condition, can commence the receipt of the Love and people and spirits who are in a perfect natural soul condition can begin their receipt of the Love. The Divine Love is a greater working than the natural love and it is not conditioned by the mortality of the natural love. The Divine Love is experienced at any stage in a natural love condition of soul whether error exists or not. The vision of Immortality is a choice that rests with the individual and continues as a progressive choice as one chooses to continue their progression in the Divine Love.

I do understand that in a human experience one may have received the Love or may have been introduced to the Love and thus their soul having received the Love, is now Immortal whilst the individual is completely unaware that Immortality even exists as part of the nature of the Love and the Truth it provides to the mortal personality. There have been many, and will continue to be many people who are introduced to the Love or experience the Love whilst remaining entirely unaware of any Immortality, progressive choices or any of the workings of the Love and related dynamics of Love and Spirit.

Lastly, I must say that reincarnation does not exist and it is an erroneous belief. A belief in reincarnation will never provide mortality with Divine Immortality. The only thing such a belief will provide is the luxury of the individual having the pleasure of that belief and the illusion that it provides as a reality of truth. As soon as the truth of Divine Love is known, and the way this Love provides the attribute of soul, spirit body, and personality all it needs for Immortality, then a belief that is false can be changed into a knowing of truth and also a mortal personality that has formed with spirit body and soul can never detach itself of its own accord to re-join the human race in a human life again. Further contemplation on the nature of Divine Love will provide more vision into such questions like what is Immortality?

Your friend,  
*Francesco the Celestial Monk*

### **311. Optical vision**

21 February 2013

I am here this morning to continue our study of the spirit body. You are in good rapport and Zara has asked a question about 'seeing and sight'.

The spirit body has within it, the attribute of optical vision. The capacity to 'see' is vital just as it is with most humans and their capacity of see with eyesight. In the spirit world everyone has spirit-optical sight and vision. A constant truth in the spirit world that involves us all is that there are no illusions of reality.

There has never been anything created or formed here in the entire mortal or Immortal Spheres, by God or any spirit, that may deceive another as to the reality of spirit living. The only thing that is an illusion are the various natural beliefs that spirits have in the natural social Spheres about the nature of God, their life and how these Spheres came into being. These beliefs are a legacy left over from a respective human life. The Spirit Laws that exist here prevent anything from being made or formed by mortals and Immortals that would be out of harmony with the harmony that exists throughout all the Spheres. On Earth people can make an energy source that pollutes people and their environment. In the spirit world this can never happen. No one here can make or create anything that is harmful to another or the environment one lives in. No one can cause injury to another and our environments are pristine as they have been since the dawning of man and the first personalities resided here after the completion of their human life.

The optical ability of each spirit body acts truly and is developed as a potential for optical spirit-vision in the spirit world and this is commenced when the spirit body first forms at the conception of a human life. Whilst a person cannot see with this spirit-optical vision of sight, it is nonetheless present and forms part of the systems of the spirit body. There are other senses such as audio for sound, which also develop along side the physical senses. Most people may never experience these senses of their spirit body during their human experience. Everyone will experience these senses after the completion their of physical human life. Some people have experiences of the spirit-senses from their spirit body and soul in their human experience. When the personality is situated in the spirit body in the First Natural Sphere, these attributes of vision and audio are immediately engaged so that the individual can see and hear and feel connected to their new environment. These senses of the spirit body are automatically engaged and they don't require the individual to activate or cause these senses into action. There are Spirit Laws that do this and for the obvious reason. Most people have little or no idea about their spirit body and so, there is great assistance from God who takes into consideration the workings of the spirit body to ensure mortal life can continue seamlessly without any condition. Individuals learn how to work their spirit-senses as one become familiar with their spirit body and environment that differs from the experience of their previous human life.

If the world knew about the existence of the Divine Love, and for generations this Love actively taught, experienced, socialised, and comprehensively studied, then humans would be well-aware of the relationship between the attribute of soul and spirit body, and how the energy of the Divine Love develops both these attributes. We can theorise that if humans lived a thousand years in the generations of living in the awareness of the Divine Love, then individuals would actively participate with the systems of their spirit body as an adjunct to their living their physical life. This is what the term: Light and Life means. The Spirit Laws that work with the spirit body in the Spheres in the mortal spirit world are not confined to the spirit world alone. These Spirit Laws have complete accessibility to human life because this follows the Truth that God's Divine Love can be experienced in the soul of people living on Earth.

The optical attribute developed in the spirit body is perfectly suited for spirit living. The light source in each spirit Sphere is generated by the existence of spirit energy that acts as the illuminator and this light is substantially present in each of the Spheres. Our light source is not powered by generators, but by a source of energy, spirit energy, generated by the convergence of various Spirit Laws that cause a spirit-fusion to happen. It is endless in supply and sympathetic to accommodate the soul condition and spirit living for each respective Sphere. We never have a darkness such as night is to Earth, for there is no

Sun. We have the ability to close out the light in the environments that we reside in, such as our homes, so that our spirit-senses can rest from the light and we can regenerate from our activities much in the way one needs sleep and rest for the physical body to regenerate.

When a person becomes a spirit it takes a little time to adjust to the spirit body. When the optical ability is familiar, along with the other senses, one can see distance and minute detail. The light that is present in each Sphere is in its energetic presence, perfectly made so that the senses of the spirit body can identify with it. The optical ability in the spirit body never malfunctions and everyone has perfect sight. This is the same with all the other senses of the spirit body.

The only condition that forms part of the functioning spirit body as to its ability to function in the spirit world is the condition of the soul. If the soul condition is poor, then one is limited in their capacity to work with their spirit-senses. Whilst these spirit-senses are perfectly formed, the individual in a weakened soul condition, the individual will have their spirit body functioning with a diminished capacity. As I stipulated before, there are no illusions in the spirit world. No one can make them selves out to be anything other than what they truly are, with regard to their true soul condition. Individuals in a poor soul condition living in their disharmony have optical vision and light fills the Spheres that they reside in. Their spirit-senses are diminished because the various Spirit Laws that assist with harmony, progression and experience, cannot fully operate with harmony upon one's soul condition until that condition of soul, is more sufficiently developed in the responsibility of its natural love.

The spirit body is truly a magnificent creation, a true work of wonder. The optical and other sensory attributes of the spirit body are perfectly suited to interact with the spirit-energy and spirit-material that form each of the distinct and diverse spirit Spheres. The expression: 'light sensitive' really comes to mind to describe the senses of the spirit body. If a spirit in the First Natural Sphere where to visit the Celestial Heaven the optical and sensory condition of that individual would not be developed to the sufficient quality to relate with that Celestial environment. The process of living with the Divine Love develops the soul condition, which in turn, develops the senses of the spirit body so that as one advances in one's condition, the senses of the spirit body are developed to accommodate the changing spirit environments. If you follow the course of this progression, then you will ascertain why it is necessary to receive the Divine Love. Because without it, one will never be able to sufficiently develop their soul condition and thus develop the senses of their spirit body. The spirit body will retain its condition with its' soul that exists in its natural love. Without the Divine Love the spirit body cannot progress beyond the natural condition that each soul resides in. The more the soul condition is in harmony with God, the more the senses of the spirit body mature so that the greater vision and reality of God and love emerges and any illusion that one may have had about such existences disappears from the social view of mortal belief.

Your Celestial friend,

### 85. On the nature of soul perceptions

17 October 2012

I, Luke have returned to convey and expand on the nature of soul perceptions.

The truth about the nature of soul perception, is that by having perceptions or the ability to be perceptive, allows one to perceive the existence of realities involving Love and Spirit. One such example is the ability to perceive the existence of harmony as a real universal principle that forms part of universal nature in all its workings of energy, Love and Spirit. Also, the ability to perceive changed conditions in the soul resulting from the causality of Divine Love and perceptions of the spirit body and the presence of the spirit-mind and some of its voluntary and involuntary systems.

The perceptual aspect to the soul is directly related with the forming spirit-mind. The nature of soul perceptions is a nature that is the relationship between soul and spirit-mind. The spirit-mind has to it as part of its forming, that part of the mind that communicates the language of perceptual reality and experience much like the human brain has parts to its nature that are attributed to speaking, imagination, memory and so forth.

We utilise our perceptual nature as Celestial spirits all the time. It is still difficult to *actualise* an image on the essence of the soul by our spirit-mind. We can perceive attributes that extend from the soul such as these soulful perceptions. Celestial spirits can perceive that another Celestial spirit is living with the Divine Love by the radiance of the spirit body appearance, but, we cannot actually see the substance of Divine Love in another soul.

We do work at trying to perceptually *see* the actual energy of the Divine Love, much as you do, for it is of everyone's interest to gain as much insight, knowledge and understanding of the true nature of this potential Love Divine, for it is this Love that has caused the change within us and it is the Love presented from the First Source, so, it only follows, that part of our time is to try and identify the energetic life of this Love so that a more substantial perception of the First Source ... revealed.

The existence of the mortal soul and spirit body is unequivocally true. These two attributes define all that it is to be human and a mortal spirit, even when the independent personality may not be able to perceive the existence of these two attributes in a human or natural spirit's life.

The existence of the spirit body enables the formed personality to survive physical death and for that personality to survive in the afterlife. Without the inclusion of the soul and spirit body, a personality would not be able to form and survive in the physical body or for that matter, the physical death of that body. The existence of the mortal spirit world is absolutely conclusive in the fact that the spirit body and soul form part of the existing nature of the independent personality. Without a spirit body the personality would not be able to survive and thrive in its continuance in a mortal spirit environment.

When the Divine Love is involved in human life the reality of soul and spirit body begin to have real identity and solid form as in the image that completes the nature of being human. When a person remains solely in their natural love, these two attributes – the soul and spirit body – remain relatively

hidden, unseen and unknown from the human or spirit's perception as to the reality of their existence as part of the forming personality and those attributes that help identify a more complete and substantial reality of man. This in part tells us why the mortal spirit world is so called 'hidden beyond the veil'. The veil is actually the invisibility caused by a person's inability to have any awareness or recognition of their own attributes – that when sufficiently developed – can perceive the reality to an extent of a mortal spirit world and its existence. Some people naturally have a condition of perception and so the spirit-mind can experience the spirit-reality and even to an extent interact and interrelate with it and, perceive with perception the existence of humans now spirits living in this world. It is not so much that the spirit world remains hidden rather than the global development and awareness of humanity is only sufficiently developed so that the invisibility of the soul and spirit body and universal reality of a continuance of life is but a small star shining on the horizon.

This be said the same for the experience of harmony as being part of the nature of God. People have loved God and felt loved by God and they have in deed received the Divine Love without ever knowing the truthful identity of this Love insofar as the truths relating with its causality in the human soul and affect upon the spirit-mind. If all the world of people understood that human nature is formed with soul and spirit body, then one would accept the addition of the Divine Love and that the unseen nature of God as being Soul, would be a truth by which all succeeding generations would evolve in as part of a normal and general human awareness. Then, humankind would understand the universal nature of God, harmony and the beauty that the independent mortal personality is in, in its construct and form, so it can experience a little portion of the harmony, the Divine Love, but, until this happens, until this knowledge is common, much of this story remains unknown and untold.

Along with perceptions, the spirit-mind has the ability for sensory experience. Developed spirits can sense, feel the presence of universal realities and we can and do touch spirit material as if it were solid objects. The various Spheres, both natural and Divine, have spirit material in the form of spirit objects although what you see is that the form of these objects are only as true to the condition of the souls presently living in these Spheres. This is another principle of a Spirit Law at work, simply being that individuals cannot create or form any object with the spirit material to form and shape such objects, that are more universal in appearance than the condition of the souls creating them. This explains why when one visits the very low Spheres the formed objects are small and isolated, for the souls creating them are in such poor soul condition in their natural love that their knowledge of creating anything greater than themselves is not present as knowledge in the condition of their spirit-mind. The difference between the progressive Spheres is very evident as one progresses through the Spheres where the soul condition is greatly improved. The objects formed reflect this in more open and universal form and shape. If one lets their soul perceptions flow to the First Source, then one can see that the perfect soul condition God resides in, demonstrates this Soul's capacity to originate Spirit material as being ... universal creation in form and nature.

Spirits have feelings and we can share these intimate feelings in a relationship. We have the capacity for intimate feelings of love and this takes place as a sensory experience and very fulfilling. We obviously are without a physical body but nonetheless the receptivity of feeling through the spirit body allows our spirit-mind to experience intimacy.

Perceptions, senses and our reflective ability are part of our communicative experience. To provide a more reasonable example our spirit-mind acts in the same way a well-formed brain does and all our

systems of experience are compiled and organised in the spirit-mind just as the brain has its particular parts that form particular functions so that personality is animated.

For some Celestial spirits, travel happens a lot. There are those of us who work at bringing to light the awareness of Divine Love throughout the natural heavens. We can move quite quickly when we need to, and we travel vast distances. We don't dematerialise our spirit body only to re-materialise it in another Sphere. There are Laws that can materialise forms of spirit material and other such Laws that can dematerialise these forms of spirit material. There is no such Spirit Law present that enables the individual to change their spirit body so that one can materialise or dematerialise their spirit body at will to travel throughout the Spheres. A spirit in the lowest Sphere cannot engage a Spirit Law so that they can dematerialise and then rematerialise in a more advance Sphere. There is a Spirit Law that enables Celestial spirits to materialise their spirit body so that it can appear with real form and visible to the human eye and perceptions. Only the First Source can dematerialise a spirit body so that a personality no longer exists and such creative power in the determination of life rests with the First Source.

We travel freely between the Spheres, our condition of soul allows for this to happen and we frequently do travel. Spirits who do not have the necessary soul condition are limited in their ability to move between the Spheres. A spirit in their natural love in the First mortal Sphere cannot travel to the Divine Love Sphere without the Divine Love forming part of that soul's condition. The movement of all spirits hinges on their soul condition. This forms another part of the harmony that exists between all mortal Spheres. This is the case of spirits in their perfected natural soul condition in what would be the Sixth Sphere of the natural heavens. Some of these individuals do not believe in the existence of a Celestial Heaven because they haven't seen one by the way of travelling there to confirm that such a place exists. As I recall, Socrates provides a good account in his message to James Padgett (8 July 1915). This is a very good example on how travel through and between the Spheres relates directly with soul condition and the condition of the spirit body so that we can, with these spirit senses and perceptions, perceive and sense the reality of the environment that they are travelling through.

It is important to know, that even as Celestial spirits who have progressed sufficiently in our transformation of soul from the Divine Love, we still retain our memories of our human experience. We can recall these memories as one does have memory and such memories are stored in that part of our spirit-mind that is for memory. When progressed in Divine Love, over time our memories of the past are not wiped off the record of our lives, so to speak, for only those memories relating to the causes of our disharmony have dissolved in their effects. We can still recall such causes of our own disharmony though due to our progression we are no longer subjected to these effects or their causes.

A Celestial spirit remains part of the overall extension of humanity only that we have completely accepted the Soul, God. And we no longer live in separation or competition with that Soul, for with the Divine Love ... we live *with* this Soul. This is the telling difference that is recognised when one is living in their natural love as being distinct to those living in *The Spirit of Divine Love*.

Part of the nature of the Divine Love in our souls is that it activates our spirit body systems and soul so that the nature of God is seen and experienced in the living and this places us in touch with the many Spirit attributes that extend from God and have their existence in God. God no longer remains inactive to us; inert, inanimate, or an unknown but rather a Soul of living energy whose energy in the harmonies of Love and Spirit, is personified as love that we experience. If I can convey the essence about the

nature of Divine Love it is that in its energy, exists the harmony and potential so that one can see the potential that this Love brings to bridge the gap of separation between the individual and God by the harmonies of soulfully living.

You have received this message well.  
With kind regard,  
*Luke*

**WE ALL ARE BEING GUIDED HOME:**

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus’ Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

**HUM:** Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon as by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

**AVO:** We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair’s guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world’s spirits.

**J&M:** We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

**M&F:** Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

**GOD**

**M&F**

**J&M**

**AVO**

**HUM**

**WE ARE Children of God**

**WE ALL ARE BEING GUIDED HOME – NOW, HOW TO COMMENCE THE JOURNEY:**

**GOD**

**M&F**

For 200,000 years, we have been misled into embracing our mind’s distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.  
We are to long for the truth of what we are feeling.  
We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

**J&M**

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren’t allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we’re taken into new ways of looking at ourselves, our feelings, and our life. We’re setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

**By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

**AVO**

**HUM**

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

**WE ARE Children of God**

## HOW TO GET TO PARADISE:

Long for the Divine Love  
 Long for the Truth  
 Long for the truth of your feelings  
 Don't deny any feelings: accept, express and want to know the truth of them  
 Know your feelings are the key; your feelings are the Way  
 Want to end your falseness and being untrue  
 Want to understand the truth of your early life  
 Use your surface feelings to move deeper into yourself, bringing up your repressed feelings  
 Want and long to know the whole truth of yourself  
 Want to do it all with God, your Heavenly Mother and Father – long to Them for help.

## The Key

Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.

PARADISE TRINITY:

1. **Our MOTHER and FATHER (God) (MF) – Divine Love**  
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
2. **ETERNAL SON (ES) – Divine Truth**
3. **INFINITE DAUGHTER (ID) – Divine Mind**

Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

The LOCAL UNIVERSE TRINITY:

1. **MARY M and JESUS (MF) – Divine Love**  
– the Living Truth
2. **DIVINE MINISTER (ID) – Divine Mind**  
– Mind (and her Holy Spirit)
3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

PLANETS that engage in REBELLION:

1. **AVONAL SOULMATE PAIR** – the Feeling Healing process – incarnate
2. **DAYNAL – TEACHER PAIRS** – they do not incarnate

So in summary:

Consider a diamond:

# Mother and Father Heavenly Parents

Creator Son & Daughter  
Jesus and Mary

Avonals  
as soulmate pairs

Trinity Teachers  
as soulmate pairs

Melchizedeks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

**CREATION of SOUL and SPIRIT:**

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one’s feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective

Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

**WE EACH have a Nature Spirit pair, Spirit Guide pair and an Angelic Pair:**

For those doing their Healing or are interested in doing it will from that time have their own personal angels, spirit guides and nature spirits with them, with whom they are to develop their own relationships should they want to. It is not about 'sharing' the same angels or guides or nature spirits, it is about you relating specifically to your 'own' ones because they are provided for YOU. It's all for you, to maximise the experiences we each need.

We are all to have our own pure relationships. And it's the same of course in life with your friends, however over there, in spirit, dealing with Nature Spirits, Spirit Guides, and Angels, it's more personal and private and 'JUST FOR YOU'. So we have our own separate, unique relationships.

For example, Nature Spirit Verna has been assigned to be specifically and only with James, and she ain't going to be assigned to anyone else, so she won't be sharing herself around.

This is SO IMPORTANT to understand so that in future there won't be all these people claiming to be speaking with Verna or Mary Magdalene or Jesus or Nanna Beth or anyone else who is part of it all in such capacity. Mary M and Jesus have spoken with James as they have, making it quite clear he is all they are speaking with.

We each have a band of a Nature Spirit pair, Spirit Guide pair, and an Angelic pair, each pair being in their 'soulmate' relationship. Even though we are ascending mortals having a soulmate, even our soulmate has his or her own group of six personalities assisting him or her. Our assigned Nature Spirits do not continue with us into spirit, our Spirit Guides may for a time assist upon entry to the spirit Mansion Worlds, however, our personal Angelic pair continues with us to Paradise, and then even possibly being with us throughout eternity.

**Feelings first**

**OUR GUIDANCE to PARADISE, the home of our HEAVENLY PARENTS:**

There are three distinct phases of our progression to the home of our Heavenly Parents which is Paradise that is within the circle of seven Super Universes, each containing many Local Universes.

Once we progress beyond our Local Universe of Nebadon, then we are assisted and guided by our Heavenly Parents, our true Mother and Father all the way home to Paradise.

Before then, once we have completed our soul healing, we are guided through the Celestial Heaven worlds which are those that interact with humanity on Earth, then further on into and then out through Nebadon, our Local Universe. The regents of Nebadon are Mary and Jesus.

However, before then, we are to embrace our healing. That is, we are to realise who we truly are. We are not the personalities that our parents imposed upon us. We are to put aside our childhood suppression and repression and free our true personality that our Heavenly Parents gave us, and to do this we are now able to embrace the guidance of the Avonal Pair who will lead us through our healing here on Earth and through the Spirit Mansion Worlds to be able to enter the Celestial Heavens.

# Feelings First Spirituality

## The New Way

**Feelings First**  
**FF**  
**Feeling Free**

The New Way, Feelings First Spirituality  
 Learn to live with God through your Feelings

Accept, express and long for the truth of your feelings

Be free in your feelings  
 Free your feelings from your mind's control  
 Live true to your feelings; your feelings are your true self  
 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.  
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,  
 BAD feelings.  
 Want to understand why you're feeling them.  
 Use your surface feelings to take you deeper into your repressed and  
 hidden feelings.

The Feeling Way is the True Way.  
 Your feelings are your spiritual guide.  
 Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

Feelings First Spirituality is the True path for humanity.  
 It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The New Way, Feelings First Spirituality is what is to replace all man-made, mind-contrived religions that so many people have enslaved themselves to. The New Way, Feelings First Spirituality will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled platforms. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one's feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Feelings First Spirituality is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God's Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we've all been wrongly led to believe.

**Feelings First; then comes The Truth; then comes Love.**

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:****James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on themselves and doing their Healing.

**Feeling Bad? Bad feelings are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:****The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

**FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.**

**Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.**

**Primary and most important readings are the writings of James Moncrief.**

**Then consider the Padgett Messages, and then The Urantia Book.**

**DIVINE LOVE and DIVINE TRUTH Revelations and Teachings escalating:**

**Cause No Harm** < to OTHERS  
to MYSELF

Strive to love others as I am to love myself

To liberate one's real self, one's will, driven by one's soul, moves one to embrace Feeling Healing so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

Divine Love  
is the key!

**God's Divine Love:**

**Pray for it, ask for it, and receive it.**

Feeling Healing with  
Divine Love is the key

to enter the  
Celestial Heavens:

**LOVE and LIGHT:** The luminosity of a loving soul shines through the spirit body.
