## PASCAS INTRODUCTION

Documents assembled by Pascas are provided for your individual assessment and exploration. The contents are sourced from a variety of avenues and publications. Every endeavour is made to determine that the contents are of the highest level of truth and veracity. At all times we ask that you go within yourself, to ascertain for yourself, how the contents resonate with you.

Pascas provides these notes and observations to assist us all in the development and growth of our own pathways and consciousness. Pascas does not hold these contents as dogma. Pascas is about looking within oneself. Much of what we are observing is new to us readers and thus, we consider that you will take on board that which resonates with you, investigate further those items of interest, and discard that which does not feel appropriate to you.

Kinesiological muscle testing, as developed by Dr David R Hawkins and quantified by his Map of Consciousness (MOC) table, has been used to ascertain the possible level of truth of documents. Such tested calibration levels appear within the document. We ask that you consider testing same for yourself. The technique and process is outlined within Pascas documents, such as Pascas Care – Energy Level of Food. From each person’s perspective, results may vary somewhat. The calibration is offered as a guide only and just another tool to assist in considering the possibilities. As a contrast, consider using this technique to test the level of truth of your local daily newspaper.

Contents are not to be interpreted as an independent guide to self-healing. The information sourced herein is not from a doctor or doctors, and any information provided in this document should not be in lieu of consultation with your physician, doctor, or other health care professional. **The SPIRIT of LIFE:****Judas of Kerioth edited by Geoff Cutler**

August 27th, 2001 Received by H. R. Cuenca, Ecuador

<https://new-birth.net/contemporary-messages/messages-sorted-year/messages-2001/the-spirit-of-life-hr-27-aug-2001/>

The Spirit of God, the active energy of His soul, the spirit, therefore, is an emanation of God, and does not strictly form part of Him. I repeat this, so that it is clear that Divine Love is not a kind of spirit, but part of the Father's Own Substance, and that this special energy of the Father we call the Holy Spirit, performs the in-flowing of God's Love into the human souls.

Jesus already mentioned in several messages that the Holy Spirit is the Father's only active force, which deals with the human soul, transferring His Love. But the Soul of God irradiates other classes of energies, other classes of spirit, for example the creative spirit, the spirit of life, and many more, which we may discuss little by little in the future.

What does life mean? There is a definition of the World Health Organization, stating that life is characterized by attributes like growth, metabolism, reproduction and movement. With these characteristic, the WHO wants to clarify that certain forms of existence do not constitute life, although they may possess part of these attributes. To give you an example, a crystal has no life. A crystal grows, it even reproduces in some way, but it doesn't move and it doesn't have metabolism. In the same way, a virus, according to this definition, has no life, although it moves, it reproduces, in some way it grows, but it doesn't have metabolism.

As you understand very well, this definition facilitates a satisfactory orientation in the material world, but it is of a doubtful value when we speak of "life after death."

The spirit of life needs matter for its activity. If it finds adequate matter to confer life upon it, it enters and launches a process, which science doesn't understand so far, the miracle of life. On the other hand, if the matter, which we might call an organism in our discourse, no longer provides proper conditions for the activity of the spirit of life, it retires, and the organism dies. That is very important to know, because the spirit of life always depends on the operation of matter. Life, therefore, as we know it on the planet Earth, "material" life, is not an attribute of matter, but it is something external, an energy emanating from God's Soul, an energy which comes and which leaves.

If we take the example of the soul, things are different. The soul survives the physical death, that is to say, it continues living when the spirit of life abandons the material body. The soul contains an intrinsic vital force, and it doesn't depend on the aforementioned spirit. This intrinsic force is the object of studies in the spirit world; rather fruitless studies so far. And therefore the question, if man's soul will continue to live through all eternity, still lacks an answer. Nor can I answer this question.

Divinity, on the other hand, also entails a characteristic, which we call life, but it is of a completely different nature, because it belongs to the Divine Kingdom. It is life, as the Father owns it, which doesn't know a beginning nor an end, because it is eternal. When man's soul acquires the Substance of God little by little, it also acquires simultaneously the corresponding attributes, and among them is life "eternal." I put the word eternal between quotation marks, because in the case of God it is so, but we know that our life has a beginning, therefore it is not eternal. But incorporating Divine Love, the human soul acquires this endless life, the same as God is endless. In the moment of the total transformation of

the soul, there remains nothing more of the original substance, and there remains nothing of its original life, there is only eternal Divine life.

The old philosophical question about the continuity of life after death, therefore, is not a valid query, considering that material life is of a completely different quality from the soul's life. It is external and not intrinsic in matter. Only beings who have a soul, that is, the human beings, can "survive" the body's physical death, in other words, the life of the soul is some sort of separate life, apart from "organic" life of matter. And following this line of thought, life of the Divine soul is of still another category than life of the purely human soul. It is not so, therefore, that the transformed soul simply acquires true immortality like a continuation of the human soul's life, but rather it is a completely new quality, only possible through the transformation into the Divine.

You were also wondering about the creation of animals in the spirit world on the part of spirits, who love animals and want them or need them to complete their happiness. They create animals, their bodies, of the matter of the spiritual universe, like they can create the most diverse things, provided that they have obtained a certain degree of development and progress, of course, and as I have explained, the spirit of life, that spirit of God, penetrates this creation and gives it life. It is the same phenomenon of material life, as you may observe it on Earth. This phenomenon does not explain the character and other characteristics of the animal so created, but today we shall not talk about this topic, but shall do this some other day.

The spirit body does not require the spirit of life, because it is like a "material extension" of the soul. It is always under construction, if this expression is admitted, and for that reason reflects the condition of soul. The mind and the senses, which have their seat in the spiritual body, are also subject to this continuous change. In the non-Divine soul, these functions continue strong, because the soul continues using and trusting these functions of the spiritual body, while in the case of the Divine soul, the ascendance of this soul is so strong that the mind and the senses of the spiritual body wither, since the soul no longer uses them nor needs them. The spiritual body, in the Celestial world, eventually "degenerates" to a simple appendix of the soul, which practically no longer exercises any other function than that of maintaining individuality. That is one of the reasons, why I have told you that we cannot present ourselves as we really are, because you could not perceive us so, but rather we create the form in which we want you to see us. <http://new-birth.net/>

## **On DIVINE LOVE and JUDAS' BACKGROUND**

August 26th, 2001 Received by H. R. Cuenca, Ecuador

<https://new-birth.net/contemporary-messages/messages-sorted-year/messages-2001/on-divine-love-and-judas-background-hr-26-aug-2001/>

Our souls are like a stream of water, searching its way to the Great Ocean of God. It is a natural law that the water eventually finds the shortest way to its destiny, but often in its course, obstacles block the way, and the water's course deviates and seemingly loses direction. Nevertheless, it will reach the ocean, and it will be one with it.

The water will gnaw on those obstacles and erode them, and little by little, will shorten its path. But it will also create new obstacles, by the rubble it draws with it.

You can liken this image to the soul, which is hampered and fettered by beliefs, by the material mind, which always tries to dominate it, but little by little, the soul will erode and remove those obstacles, and although new ones will appear, there will come the day when it asserts itself and finally find God and its at-onement with Him. Our soul has the innate desire to find God, and man cannot suppress this desire forever. In the seemingly eternal battle between soul and material mind, the soul will prove stronger.

You have heard that the soul's development increases its awareness, and with its awareness, the soul's perceptions gain a wider space of activity. In time, they become keener, and when the soul's awareness through its selective perceptions has taken advantage of what its environment may offer, it experiences a sudden expansion, and a new world of wonders and opportunities opens up.

This is the normal way of development, stimulated by the spirit's or the mortal's interest and inclination, and guided by other spirits, who in their more advanced state lead their charge along the chosen path.

But there is another possibility, and this is that the Father Himself enlarges the soul's awareness, as if He uncovered a hidden door, a pathway to a new universe. He did this once, when He blessed us with the awareness of His Love, a Love which always existed, which always bathed us, but which mankind could not perceive. This is the so-called privilege of receiving His Soul's Substance, because in order to receive It, you must be aware of Its existence.

Jesus already informed that God's Love always flooded the universe of His creation, but it was not accessible for mankind, after the first parents had slammed shut this door, and the knowledge of the door's existence disappeared.

Now, after the Father's renewed bestowal of this privilege, all men, deep inside their souls, know that this door exists, and it would be the task of the different churches to guide their members' attention to this door, but instead, they have opened up other doors, leading to the world of the perfect man, distracting people's attention from the Divine Pathway, which starts exactly at the mentioned door.

The first one was, why do the messages state that God has a place of living, when His Love, which is His Soul's Substance floods all the universe? You could not and you still cannot understand this. Ann Rollins wrote that man does not live and move and have his being in God, but merely in the attributes of God. But His Divine Love is not strictly God's attribute, It is His Own Substance. And It is all around us.

The second question, which disturbed you, was the statement that spirits in the sixth sphere could not precede further in their soul development. And that his stationary state was the cause for their eventual or possible discontent. Their souls, in their structure, have reached whatever they are able to reach, and all they can do is to accumulate more knowledge, that is, to obtain an increase in quantity, but not in quality.

But you thought that, in some way or the other, something similar was happening in the Celestial Spheres. All souls, which enter there, have been completely and perfectly transformed previously in God's Own Substance of Love. So what those souls can achieve is to accumulate ever more of this Substance, but this means, as in the first case, an increase in quantity, but not in quality.

Now, just to answer the last part of the second question, one cannot compare Divine Love with knowledge. But let us proceed in order.

It is true, God's Substance floods the universe, but man does not live and move and have his being in God, because while it is true that God is Love, He is not only Love, He is much more. His Substance of Love is only that part of His Divinity, which He has offered us. But nobody said that He has offered us all.

God's Spirit floods the universe, like the spirit of life, about which we will speak more in detail in the future. And part of His Substance is all-present, too. But not all of God is all-present in the universe.

Now, as to the second question, it is true that the inhabitants of the sixth sphere are restricted to accumulating knowledge and enjoying their happiness. This is great, but, indeed, their true progress has ended.

In the Celestial Heavens things are a bit different. You are unable in your present condition to understand Divine Love and all the blessings this Substance gives us. But besides mentioning that Divine Love and discontent are totally opposed, and a soul filled with the Father's Love will never suffer unhappiness but increases its happiness with each particle of Love it receives (an effect you cannot claim for knowledge), I will only tell you that God's Being implies much more, so immensely more than you, I, and even the most advanced spirits of the Celestial Heavens are incapable of sounding It. I will tell you, though, that, as God has opened up a door to perceive and acquire part of His Divinity of Love, He can open up other doors to perceive and acquire other parts of His Divinity, which you cannot imagine in your wildest fantasies. These are things non-existent to your awareness, but still, they do exist. It is utterly impossible to explain more, but I will state that we will never be as God is, but progressively we will take on more of His Divinity in more facets than this one you know: His Marvellous Love. So remember, progress in the Celestial Heavens is eternal, in quantity and in quality. But God's Divine Love is so fulfilling and complete that you should not worry about other things to come. Just strive and enjoy, there is no limit to the Father's blessings. <http://new-birth.net/>

### DIMENSIONS of ONE'S EXISTENCE:

Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

SOUL exists existentially

Our Physical Body and our Spirit Body are of Creation, being linked together by cords of light as are the two spirit bodies, male and female, to the one Soul.

One's unique personality is soul based. Our unique soul expresses its unique personality through the two spirit bodies and physical bodies expressing both the male and female aspects.

## PERSONALITY

**Our soul is the centre of our personality.  
We are children of our Heavenly Parents.  
Our soul manifests a male and female personality - it is a duplex!**

**The SOUL: P. 4 Judas of Kerioth edited by Geoff Cutler**

<https://new-birth.net/contemporary-messages/messages-sorted-year/messages-2001/the-soul-hr-19-aug-2001/>

August 19<sup>th</sup>, 2001

The opening of the soul is not a passive attitude; it is something active, where you have to put your will and your efforts. You like comparisons so much, as many people do, because they facilitate an easy way to explain things that otherwise would be very difficult to render in words.

Your soul:

Well then, imagine the soul like a ball of glass, completely transparent, “open” to the passing of light. Its transparent surface allows the “Light” of Divine Love to enter, even more, it allows a total communication with wonderful world of Divinity. It also allows the light glowing inside, this flame stimulated by Divine Love, to shine forth, visible for everybody, manifesting its presence.

Clear to being muddied

This is the pristine state of the soul, this total transparency, its entire surface like an interface to Divinity. Upon the soul’s incarnation, it receives the great gift of not only perceiving the Divinity that surrounds it, but of incorporating it, owning it, and then emitting the light that forms through the reaction of “fermentation”, caused by the incorporation of Divinity.

Unfortunately, with incarnation also come encrustments that cover the smooth surface, making it opaque, not transparent, that does not allow the entrance of light. But always, even in the worst of cases, there is a small crack through which the soul may know that something more exists out there, something irradiating warmth, light, happiness, something that is worth yearning for, worth trying to obtain.

Incarnation and the formation of the spiritual body and its abilities, however, also implies the formation of the material mind which, fostered by the kind of education we receive, finally asserts itself, squashing and suffocating the soul and its innate longings.

The opening up of the soul is something active – once it is open, and once a small portion of Divine Love has entered, it is not enough to rest satisfied with the achievement. No, it is the permanent work of keeping open this divine interface, of entering in a continuous communication with Divinity, communication that is necessarily reflected in the person’s attitude and daily living. If we allow this portion of Divine Love that has entered us to become inactive, that is to say, if we don’t contribute in any way to stimulate the “fermentation of the batch of dough”, the surface of the soul will turn opaque, and the Divine Light cannot penetrate, as well, the feeble light inside us cannot shine forth, it will be invisible to the world, as if it did not exist.

We call this part of Divinity, which is intended for the human souls, the Divine Love. We also say that it is not an abstract feeling, but rather that it is God’s Own Substance. And so it is. This Substance has many characteristics, and the most prominent is that of unconditional Love, the Love the Heavenly Father has for us. But there are other characteristics in It, which Its name doesn’t reveal immediately, because it is a name that we have chosen from the human vocabulary, an insufficient vocabulary born of

the mind that doesn't know how to describe with accuracy the world of our soul, even worse, it does not know how to describe the Great Soul of God.

Divine Love evokes attributes to health, that is to say, perfect balance, harmony, wisdom, knowledge, and much more. It is not human wisdom, but God's true wisdom. The inflowing of Divine Love, therefore, increases these attributes in us.

**The opening up of the soul permits a permanent exchange with Divinity, a permanent recharge of this healing energy that allows not only the re-establishment of lost health, but the continuity of health, providing such a perfect balance, even in the physical body, that noxious agents like bacteria and virus cannot find any opportunity to unchain pathological reactions, which we commonly call illness.**

You know that the presence of bacteria or virus does not mean necessarily that the body falls ill. And knowing this, why did you state the contrary?

But, yes, it is correct to observe that a person perfected in their natural love, not having obtained any portion of Divinity, will always be subject to the natural laws with all their consequences. But imagine a perfect world, perfect in the natural love... Yes, you can visualize that humanity's combined efforts to combat illness will achieve wonderful goals. You can understand that no longer would there be hunger or poverty, nor would there be corruption due to the aspiration for profit at another's expense, and that this perfection, outside the scope of the Divine, can also leave very little space for disease. **But it is true that people without the benefit of Divine Love would lack the protective shield, which the intrinsic healing energies of Divine Love provide for those who pray for our Heavenly Father's Grace.**

**The opening up of the soul bears other benefits. It allows communication from soul to soul, the only communication form that we use in the Celestial Heavens, the only valid communication of which the human soul may make good use to be in contact with God, and finally, it is the form that we use to communicate with mortals.**

This explains why mediums who don't strive to develop their souls in the Divine Love will never enter into contact with us, because we speak on a different "wavelength". The medium without soul development forcibly tunes in to inferior frequencies and he or she will only receive information from spirits who communicate along the same frequency. It is not a communication from soul to soul, it is a communication from mind to mind, and here I refer to the material mind.

In soul development we arrive at some point to when the soul definitely takes control, and the material mind, with its seat in the spiritual body, disappears. When this happens, the soul has obtained the capacity to enter the 7<sup>th</sup> Sphere, and as long as the material mind exists, the soul could not live in that sphere, since it would be completely wanting of communication.

The 7<sup>th</sup> Sphere, then is the place of the soul's total opening up, with all its consequences – for example, there is no need for languages because all our feelings, our thoughts, are transmitted in form of information packages, directly from soul to soul, and the contents of our soul lies open for all other souls to see. You could call it the absolute "information society", with free access to everything, where

nothing is hidden from anybody. This abundance of information, these galaxies of positive experiences and feelings, are only one of the factors for our happiness.

August 20th, 2001

But I tell you that our light is so great that we cannot even show ourselves to you as we really are. Your eyes would get blinded. But your light is weak, and we can distinguish each and every detail within you. You have to obtain more light, little by little, getting acquainted, only then you may see us as we are. This is a law. Whatever seems bright to you today, will seem weak and dim in the future, whatever seems like a flash of lightning, unbearable and inscrutable for you eyes, will seem to you pleasant and normal in the future.

August 20th, 2001

Babies who die before being born or a few days after their birth are received by special spirits, who take care of their formation. They are good spirits, and many times succeed to start those babies along the Divine Path.

He also asked if he could see her one day. This depends on the link of love between the parents and their baby. Many parents simply forget, others try to displace the recollection from their memory, because it is a sad recollection, and they don't want it to interfere with their lives. This is very understandable from a psychological point of view, but in all these cases, the love link does not exist any more, and the spirits in charge of the babies' education and care do not try to establish it. If it does not exist, no artificial link will be created. On the other hand, if there is a loving connection, those spirits stimulate the baby's participation, in some way, in their parent's life. This means the babies spend much time with their parents, they are well informed about their doings and their life, and one day when the parents themselves pass over, the "babies", who normally are not babies any more, receive them and prepare a wonderful welcome to the spirit world for them.

The rupture of family links is not tragic. You have heard that in the spirit world those links will be kept up during some period of time, but then, little by little, they disappear. They are replaced by another form of nexus, determined by the Law of Attraction. The biological family loses its significance. Lastly, we are all brothers and sisters, and material biology, as you know it on Earth, has no utility here.

Yes, he also said that the baby still had no name. But tell him that here even the names lose their importance. Names in this form do not exist any more.

The spirit body is the expression of the soul. In some way, it betrays the soul's condition.

<http://new-birth.net/>

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

**God is God, who is our Heavenly Mother and Father, being SoulMates. There is only one Soul that is God's Soul, that being the Soul of our Mother and Father. Our Heavenly Parents are the First Soulmates; The Two Who Are One who have brought us all into being.**

**Jesus and Mary are a son and daughter of God.**

**Jesus of Nazareth and Mary of Magdalene, being soulmates, were both free of sin. Jesus and Mary, combined in their love for us, are our teachers and guidance for us to find our way home to our Heavenly Parents. To start this journey we are to liberate our souls from being entombed within our suppressive minds, through feeling and longing for the truth of our feelings via our soul and peel away our injuries incurred since conception.**

**Give yourself time to consolidate your relationship with the Mother and Father through the partaking of Their Love. And whilst you are doing this, you can learn about your healing, all that's involved with it, as there are many willing spirits to share their healing experiences with you.**

**When you are ready it will start happening simply because you will want it to, it all being orchestrated by your soul. And when that time comes you will have developed a strong foundation in your relationship with the Mother and Father for you to work from. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.**

**It is to make longing for God's Love the priority, and then do one's healing; should one want to include God and the Divine Love in one's feeling healing. This is doing your soul-healing as you are seeking to heal your soul of all evilness – of that which made you become evil, and release all the hurt and pain of not being fully and truly loved.**

**WE ARE Children of God**

# REVELATIONS

**Revelation 1:** Our soul becomes encrusted with harmful ways of life, plus negative and erroneous beliefs, these mainly stem from our childhood upbringing and environment. Thus we live untrue to ourselves, we become 'evil'. Whilst we hold to these injuries we limit the amount of Love that we can receive into our soul. To open our soul to the Love we must firstly and progressively embrace our emotional injuries and allow them to be released. Until we emotionally experience past errors and injuries we hold onto them.

To free our soul of damage and toxic emotions we must open ourselves to experiencing them. This is a progressive, slow and uncomfortable cleansing process that we must all experience. Only by addressing the generational injuries will we, as humanity, evolve in love.

To fully divest one's self of our badness, we have to 'go into' our feelings. Call this process of clearing toxic emotions as 'Letting Go', 'Emotional Processing', 'Journey Process' or 'Feeling Healing'. Embracing Divine Love then Feeling Healing becomes Soul Healing.

As part of our Feeling-Healing we will have to work our way into all our feelings to see if indeed they are coming truly from our heart and soul, or if they are being heavily influenced by our mind. And this will then lead us into questioning and uncovering the truth, if there is any, to our beliefs and why we behave the way we do; and is such behaviour based on truth, or is it based once again on untruth, belief, and rules of our mind.

**Revelation 2:** We can long for, ask for and receive the Mother and Father's Divine Love. The greater our soul is free of error and injury, the more of the Divine Love can be received and assimilated into our natural love formed soul. The Love does not free us of injury, however, it strengthens our resolve to continue on our journey to be free of error and injury, to step away from evil aspects that have been encapsulated within our humanness and soul. It is this Love, the Divine Love, that brings about immortality of our soul and it is this Love that will eventually fit us to enter the Celestial Heavens and progress for ever more onwards to Paradise. These two revelations free us from error and enable us to grow in love ever more.

**Immortality with the Love.**

# FEELING HEALING + SOUL HEALING

To heal one's self is to simply look to see what feelings we are refusing to let ourself feel, and accept them instead of denying them. And to fully accept them, one needs to express them, speak about them, let them have their say, rather than pushing them aside, refusing to let them make you feel bad.

Doing this all with the intention of seeking the truth of why you are feeling them, of speaking about and expressing all such feelings; all feelings you have, but ALL WITH the INTENTION of UNCOVERING the TRUTH THEY WANT YOU TO SEE ABOUT YOURSELF. And it's the wanting to see the truth of them that is very important, because if you just look to accept them and speak and express them, but not seek their truth, then that's all you'll be doing, speaking and expressing them, but not healing their causes, so not fixing the things within you that are making you feel bad. And it's the truth part of it, seeking the truth of your feelings, and so, seeking the truth through your feelings, that's vitally important. It's the truth of yourself, life, nature and God, that is the spiritual aspect to it all.

You CAN'T find the truth of yourself, or anything else, through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them. So to do our Soul-Healing consists of these steps, all of which are ongoing until it's done:

- **Admit you are feeling bad.**
- **Accept your bad feelings, identify what they are.**
- **Honour fully your bad feelings by expressing them, speaking about them to someone who is willing to hear you talk about them, or tell them out loud to our Heavenly Parents. Long for the truth of them. Long for the truth of why you feel bad – what deep within you is causing your bad feelings?**
- **And remember, bad feelings are Good! Not bad. They are not to be despised. And as hard as it is to accept them, they are still you, and a very real part of you. And if you persist in denying them and not allowing yourself to fully live them, then you are only going to keep yourself in your errors making things harder for yourself.**
- **All sickness and suffering, all bad things that happen to you, all your problems, all your addictions – your whole feeling-denying and untrue life, is all caused by your denial of bad feelings.**
- **Every problem in the world is brought about because everyone has been brought up to deny feelings, and in particular, most of their bad ones.**

If one is intent on spiritually evolving and growing in truth, then it's vital, and this is the key, that one looks to use one's feelings as the means to gain and have access to the truth of oneself. You CAN'T find the truth of yourself or anything else through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

Doing your Soul-Healing with the Divine Love, is really doing your 'Feeling-Healing'. We are designed — created — to be self-revealing of truth, and so we are all to uncover the truth within ourselves and for ourselves, and all being done by living true to our feelings. **If you accept, express and seek the truth of your feelings, then truth will come to you, and you'll grow spiritually. It's as easy as that. Also it is as easy as it is to long for, ask for and receive Divine Love.**

THE HEALING OF YOUR BAD FEELINGS THROUGH THEIR ACCEPTANCE  
AND FINDING THE TRUTH OF THEM, IS THE ACCEPTANCE OF YOUR  
NEGATIVE, REBELLIOUS, EVIL, IMPERFECT MIND AND WILL CONDITION.

To do our feeling-healing we need to become:

Aware of – Acknowledge – and Admit, our bad feelings.

So we can:

Accept – them and allow ourselves to Be them.

And then if we feel to, take:

Action – Express, speak and emote them.

Talk about them.

All being done whilst longing to, really wanting to, see the TRUTH of our feelings.

So it sounds simple.

So I repeat:

We accept our bad feelings by expressing – speaking about them to someone willing to listen to us and take us seriously. And as we speak we long for the truth of them – why we are feeling them – to be made known to us. And when we uncover and see the truth we are FREE! – healed of the causes that have made us feel bad.

Accept, Express – see the Truth, and you're Free!

ACCEPTANCE OF ALL YOU FEEL, THINK AND ARE, IS THE KEY TO DOING  
YOUR HEALING; THAT, AND WANTING TO SEE THE TRUTH OF ALL YOU  
FEEL, THINK AND ARE.

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

## Prayers to our Mother and Father

From 'Religion of Feelings' by James Moncrief

**Please Mother and Father** help me accept my untrue state and bring up all my repressed feelings so I can see the full truth of why I feel so unloved and all that's wrong with me.

**Please Mother and Father** help me see the truth of myself through my feelings.

**Please my beloved Heavenly Parents**, fill my soul with Your Divine Love. I long for Your Divine Love; please answer my prayer and yearning to be at-one with You and do Your Will by living true to myself and all my feelings. Please fill my heart and soul with Your Divine Love – please make my soul like Yours – Divine.

**Please Mother and Father**, I want to uncover the whole truth of myself through my feelings. I want to be able to feel and accept just how bad I am, how bad I feel I am, how bad I've been in my life. I want to know the whole ugly truth of myself, see it and feel it and understand how I came to be it. Please reveal to me through my feelings all the truth of myself You want me to see. I want to be as You want me to be; I want to be true and perfect, Healed of all my rebelliousness and self- and feeling-denial; I want to be good, loving, true and happy, please help me become true to myself, true to my soul, true to You.

**Please Mother and Father help me**, I'm in such bad pain, I feel so alone, so miserable, so scared, what's going to become of me, I don't understand, what's the point of me, why have You made me; please help me see the truth of myself – all the truths of myself, nature, how to be in the world, of You both. I want to know, I want to know it all through my feelings, all that there is to see, the whole truth and nothing but the truth. Please help all my pain come to the surface of me so I can embrace and accept and express it out of me. I want to use my feelings to uncover the truth they are to show me; please help me to do that.

**Please Mother and Father love me**. I want You to love me. I want to feel fully loved by You. I don't want anything else, only to be with You. Please, that is all I am asking.

**Please make me feel how unloving I am**. Please show me the horrible truth that I am. I want to see and feel and understand the worst of me, please take me into my darkest scariest ugliest unwanted rejected places within myself. I don't want to feel all the dreadful pain that I know is there locked away inside me, yet I do also want it all to come up and out of me, and I want to use it to see the truth of my wrongness, the truth of how evil I am, the truth of my fucked up state. I no longer want to be false, pretending I am okay, using my mind to make me falsely believe I am good, happy, loved and loving, when I know I'm not. For how can I be when You've brought me into my unloving state, making me be of it. And as You want me to experience being this negative way, please show me the whole truth of it. I no longer want to deny any part of myself, or any of my bad feelings. I want them all to come up so I can express them, emoting their pain, feeling how bad You've made me feel all my life and all through my early life; I want to see why, and so reveal all the truth to myself. I want to be the living truth of myself, living true to my feelings and the truth they give rise to. Please help me to do my Healing, and please fill my soul with Your Divine Love.

The mind way is the 'dead' way; the feelings way is the 'alive' way.

### Examples of some prayers to God:

From 'Feeling Healing' by James Moncrief

**Please God** show me the truth of myself through my feelings.

Please help me see the truth about myself You want me to see.

And please help me feel all my repressed pain; please bring up all my bad feelings so I can express them and see what it is they are to show me about myself, my life, and You.

And please help me work through my blocks, I want to Heal myself, I want to become true to myself and true to my feelings and true to You – please help me do that.

**Heavenly Mother and Father**, I feel so bad, and I know I'm doing it to myself, but I can't help it. I can't stop my compulsive addictions, so will you please bring up the buried feelings in me and show me the reasons why I can't stop. Please! I want to know – I REALLY WANT TO KNOW why I do them. Please help me Mother and Father to uncover the truth of myself. Please, I beg you, please, please, please show me the truth of them so I can give them up. I hate feeling bad, yet I know I must so I can keep expressing my bad feelings to see the truth You want me to see, so please help me feel bad.

**Please Mother and Father** fill my heart and soul with Your Divine Love. Please give me Your Love. Please love me and make me feel loved by You. I want to feel You close to me, I want You to hold me, make me feel loved by You. I only want You and to do Your Will. Please help me bring up all my repressed feelings so I can express them and uncover their truth. Please help me do my Healing. Please give me Your Love.

**I hate you Mother and Father**; why have You given me such a shit awful life? I hate myself, I hate You, I hate everything about my life. I feel so bad all the time. I've expressed so many bad feelings and still I feel bad. It's not fair, it's not fair what You've done to me. I hate You! And I want You to help me Heal myself, so I can stop feeling bad. You put me in the shit for whatever reasons, and I want You now to help me get out of it and show me what it's all been about. Please help me to Heal myself so I no longer hate You.

**I long for Your Divine Love** Mother and Father. Please fill my soul with it. And please help me uncover the truth of myself through my feelings. I want to see it all! And please make it all end, I'm so tired of always feeling so bad, please take all my bad feelings away by making me feel them and showing me the truth I am to see.

**Feelings First Spirituality, The New Way**

*Feelings First Spirituality, The New Way* is a contemporary ‘religion’ based on living true to yourself through your feelings. Understanding that all you need in life is contained within your soul and is shown to you through your feelings. And by loving your feelings, by attending to them properly (talking or writing them out of you) and not denying them, you can use them to uncover the truth of yourself – the truth of your soul.

*Feelings First Spirituality* is not a formalised religion that tells you how to be, that is too controlling and is actually bad for you, limiting your spiritual growth. You can be wholly self-revealing of the truths you need to be, being the person God created you to be, all by living true to your feelings.

*Feelings First Spirituality* has no formal structure because we understand we don't need one, our soul contains within it all the truth of our spiritual ascent. If we look to our feelings for the truth they want us to see about ourselves, nature and God, then what more do we need! Our true spiritual path is the path our feelings will lead us down, that is, provided we allow them to. This is the most spiritual we can be.

**Living the New Way of Feelings First Spirituality**

You come to the understanding from your life experiences that how you are is not right, it doesn't make you feel good – that you are wrong in some way. And you want to change yourself, you want to become right, true and perfect – you want to be like God is.

*And to do this you need to do your Healing*

Your Feeling-Healing is looking to your feelings for the truth of yourself, the truth being hidden in many of the feelings you are not wanting to face in life. So you have to end your feeling denial, accepting all your bad feelings (and good ones), express them (yet not necessarily acting upon them), whilst longing to uncover the truth they are to show you.

Or, you can do your Soul-Healing, which is your Feeling-Healing together with including longing directly to God for God's Divine Love. When you receive the Divine Love into your soul, it will cause your soul to become divine, and it will deepen your personal relationship with God. Long with all your heart to God for God's Divine Love.

## **Feelings First Spirituality** **The New Way**

<p><b>By living true to ourselves, true to our feelings, we are living true to God. It's that simple.</b></p>
---

# FEEL *for* TRUTH

The beauty of it all, is the truth comes to you through your own feelings. You don't need to be told it by anyone. You can work it all out for yourself. We are self-revealing of truth, it's how God created us to be, and by being it we'll feel the happiest we can feel. Truth is our great comforter, so when you feel it come up within you, ah it feels so good and you feel just right – perfect!

We know only how to deny feelings, now we can get to know how to accept them. And always with the truth being the most important part.

## FEELING TRUTH

If you don't want to uncover the truth of your feelings, then you can keep on expressing them forever but you will never fully heal yourself. Seeing the truth results in the Healing. And to see the truth you need to express all the pain out of you. The two things go hand in hand.

You can accept and express your bad feelings, letting off steam all day long, yet nothing will heal and nothing much will come of it. So this is where wanting your feelings to show you the truth of why you're feeling as you are is so important.

Don't go fishing with your mind, that will shut the truth out from rising up for you. **KEEP YOUR MIND OUT OF IT.** It's a feeling thing, doing your Feeling-Healing. (This is where we erred previously, and this how other modalities are in error.)

You long when you can, then stop longing and keep expressing. And at some point, and it might not even happen immediately, it might happen after days or weeks of expressing the same bad feelings, truth will come to you. And it does, it just comes up suddenly into your consciousness. You just know. You see the picture and you feel it's true. And you know it's true. And THEN your mind can come in and start sorting it out and putting in context.

It's the Truth that we are seeking. It's the End Point. The Reason for doing your Healing. You are to see the whole Truth of yourself. And to begin with, that's the whole truth of your unloving self, of your wrongness, of your evilness, of why you are as you are in your negative unloving mind-controlling state. To be able to fully accept yourself as you are, warts and all. To not fight or resist or try and change yourself, just to accept all you feel and all the truth of all those bad feelings you feel about yourself. And when you do, so you will be healed. You CAN'T heal yourself unless you uncover the truth of your pain, suffering and so the truth of all your bad feelings.

Through our Feeling-Healing we long for the truth of what we're feeling whenever we can. So as often as you can. You want, and REALLY WANT WITH ALL YOUR BEING, ALL YOUR WILL, to know why you are feeling bad. You yearn, want, long and beg and beg and BEG God to show you the truth of yourself through your feelings. So when you are expressing your bad feelings you can stop and long for the truth to show you what's going on, why do you feel so bad, and you can do it any time you think of it or feel to do it.

Notes from 'Feeling Healing' by James Moncrief

# Heartfelt TRUTH

**JAMES PADGETT MONCRIEF** **REVELATIONS** 1 Commenced 1914  
2 Completed 2014

**1 Divine Love addresses the issues of the Rebellion.**

**2 Feeling Healing addresses the issues of the Default.**

These two 'headlines' came about from Mother's comments through James.

We are to recognise the degree of the impact that the Default has had on the way humanity lives. That is, it is suggested that the way we remodel our children to become clones of ourselves, the way we suppress their true selves, and cause them to capitulate to be our 'little me's' is a result of the way life emerged directly from the Default some 38,000 years ago.

Whereas the Rebellion, of 200,000 years ago, was the rejection of the Mother and Father as well as our Spiritual parents, Mary and Jesus.

Thus two distinctly catastrophic events.

We need these two events into perspective, if you please. We need to bring these two separate events into a clear comprehensive way of understanding so that the relevance is clearly understood.

This enables the two revelations stand out, and as to why one had to follow the other distinctly.

Nanna Beth: The Rebellion, John, is against the Mother and Father, against Their Love, and Their Truth. It is the rejection of Them, saying: there is no God. It's denying the Personalities that God is. It's rejecting and denying personality interaction, which is all about love. So it's unloving. And to hide that, to pretend otherwise, means the mind has to be used to corrupt one's feelings. To claim: 'I am God, I am love, I am Truth', means I am the only one and all the rest should fuck off and leave me alone so I can get on with my greatness. It's being totally mind-consumed with yourself, with such arrogance, that really you only see yourself in your narcissism, and nothing else and no one else exists.

The sadness of the Lucifer's relationship (Lucifer and his soulmate) is they didn't love each other truly, only by using their minds to pretend they did. Really they hated each other, being so unloving, and had they been true to that, they would have moved to the absolute opposite ends of Creation, there to be in their own greatness telling themselves all day long how wonderful they were – being self-loving the wrong way through their minds. Which is all really: self-hating.

And so we have relationships in which we hate ourselves because we are untrue and unloving, then we come together contriving love for one another, then believe we love God as well and want to do His Will. It's all false, all wrong, all evil, all unloving. That's what we've got to see. That we are rejecting

ourselves, and so each other, and God, in every part of ourselves, in every interaction. Really we should be hitting each other continuously on the head, and hitting ourselves too.

The Rebellion is the rejection of true love. Of Natural love and Divine Love.

The Default simply compounds the issue by focusing it all on the relationships. As in, how we live our rebellion is through the Default. Pre-default, humanity was openly rebellious, it was evolving yet lacked personal focus; then with the Default, humanity was able to take it into all that it's become. So we're all living out the truth of Eve and Adam's rebellion, which equals their default.

To heal the Default in us means we have to see the truth of all our unlovingness in our relationships with ourselves, each other, with nature mostly through our relationship with our pets, how we treat animals for food, and the desecration of the environment, and with our Mother and Father. There are lots to it.

And as we see this, it takes us into dealing with our rebellion. We chose to not be loving when we uncover through our feelings the truth of how unloving we are. We chose to live true to our Natural love and the Divine Love, so true to ourselves and our Mother and Father. And these are not mental decisions, they are feeling ones, you want to go that way because you feel it's right and good for you, which it is. You feel you don't want to be unloving because it's not right and bad for you, it feels bad.

So in the expression and depths of our feelings, and particularly our bad ones, we can feel how being unloving makes us feel, and we slowly want to be the other way. Which can be difficult because we don't know how that other way is, never having been wholly or truly loving; but you long for it, you want it, knowing it's a possibility and reality that can somehow be achieved. So this is really 'willing' it, willing ourselves to be loving, and ending our willing ourselves to be unloving; and our soul and God complies with our will and so gradually changes us from being unloving into being loving.

I think to help you summarise it, you could simply say: **The Rebellion is against love, the Default is all the difficulties we have in our relationships because of our rebellion. Healing the Default is becoming true, to ourselves and in our relationships, and ending our unlovingness – our rejection of love, so ending the Rebellion.**

I hope this helps John, it might be a bit much, however I put myself back in it as I was, so James could relate more to it as it was important for him to make the will-connection in it as he did.

There is a lot to be talked about and truth seen concerning both the Rebellion and Default, with every person and spirit making their contribution to it as they uncover such truth within themselves. So it's for you to take what you will putting it in your own words. So if you still don't understand some aspect, please ask.

James: I want to add here, something Marion was talking about last night. It's true technically that we are evil and bad and hate, that all having been put on us by default – we didn't ask for it. So in that light, it's not right to keep hating and blaming ourselves for being bad when we couldn't / can't help it. All we can do is accept how we are, whilst seeing the truth of it through our feelings. If we don't like all we see, we express those feelings, even though they make us feel bad, but we don't have to endlessly punish ourselves for being as we are because of what other people did to us.

PARADISE TRINITY:

1. **Our MOTHER and FATHER (God) (MF) – Divine Love**  
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
2. **ETERNAL SON (ES) – Divine Truth**
3. **INFINITE DAUGHTER (ID) – Divine Mind**

Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

The LOCAL UNIVERSE TRINITY:

1. **MARY M and JESUS (MF) – Divine Love**  
– the Living Truth
2. **DIVINE MINISTER (ID) – Divine Mind**  
– Mind (and her Holy Spirit)
3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

PLANETS that engage in REBELLION:

1. **AVONAL SOULMATE PAIR** – the Feeling Healing process – incarnate
2. **DAYNAL – TEACHER PAIRS** – they do not incarnate

So in summary:

Consider a diamond:

# Mother and Father Heavenly Parents

Creator Son & Daughter  
Jesus and Mary

Avonals  
as soulmate pairs

Trinity Teachers  
as soulmate pairs

Melchizediks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

**Humanity** is to pursue the pathway for Truth through one’s soul based feelings, this is the right pathway. However, humanity commences its journey founded on natural love, which we now know is to be perfected through one’s Feeling Healing process and then made divine through asking for and receiving our Heavenly Parents’ Divine Love.

For 200,000 years, **humanity** has pursued the pathway of the Mind, being that of the brain, this is the wrong pathway. The Mind is the pathway for Angels and that of all of Nature.

**CREATION of SOUL and SPIRIT:**

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one’s feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective

Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

**WE ALL ARE BEING GUIDED HOME:**

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus’ Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

**HUM:** Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon as by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

**AVO:** We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair’s guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world’s spirits.

**J&M:** We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

**M&F:** Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

**GOD**

**M&F**

**J&M**

**AVO**

**HUM**

**WE ARE Children of God**

**WE ALL ARE BEING GUIDED HOME – NOW, HOW TO COMMENCE THE JOURNEY:**

**GOD**

**M&F**

For 200,000 years, we have been misled into embracing our mind’s distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.  
 We are to long for the truth of what we are feeling.  
 We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

**J&M**

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren’t allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we’re taken into new ways of looking at ourselves, our feelings, and our life. We’re setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

**By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

**AVO**

**HUM**

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

**WE ARE Children of God**

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

**HOW TO GET TO PARADISE:****Long for the Divine Love****Long for the Truth****Long for the truth of your feelings****Don't deny any feelings: accept, express and want to know the truth of them****Know your feelings are the key; your feelings are the Way****Want to end your falseness and being untrue****Want to understand the truth of your early life****Use your surface feelings to move deeper into yourself, bringing up your repressed feelings****Want and long to know the whole truth of yourself****Want to do it all with God, your Heavenly Mother and Father – long to Them for help.****The Key**

**Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.**

### The REAL YOU is the SOUL:

One's personality, natural intelligence, memory and human attributes all are soul based. The soul initiates conception so it can start expressing one of its two personalities in Creation. It creates the will, then 'wills' the spirit body and physical body and all that connects them with the will into being. Our soul constantly sustains or expresses us, one of its two personalities, in Creation. The spirit can't separate from the soul because the soul keeps it in existence. We need our spirit and physical bodies to experience our personality through. When the spirit body separates from the physical body, one continues on living in a different form without losing any of the attributes experienced during physical life. Incarnation is the process of individualisation of the soul.

Without a soul, our physical bodies would function and interact similarly to that of a domestic animal. An unsouled human body (thought not possible) would respond like a household puppy! Domestic animals calibrate on Dr David Hawkins' Map of Consciousness between 200 and 250, the human body calibrates at 200. All animals have spirit bodies, these do not survive into the spirit Mansion Worlds. Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

**Our first parents, Andon and Fonta (also called Aman and Amon), were the first to exhibit human perfection hunger some one million years ago (993,500 years ago). Adam and Eve, Adamite bestowals, arrived some thirty eight thousand years ago – or earlier.**

**Aman and Amon** were the first True Humans, which means, the first soul expressing its soulmate pair, its two personalities, in Creation – on Earth. From which came forth the rest of us. So they had a soul from the start, which separated them from their animal parents. It's the soul that wants to fully express itself through its two personalities perfectly in Creation, which is the so-called 'human perfection hunger'. It, our soul, wants to be Perfect like its Heavenly Parents, the Soul that Created it. We, focused as personalities, want to be perfect, like the Personalities of our Mother and Father that are Perfect. Our soul wants to be like Their Soul. Our soul wants to ascend us to Paradise so we can be with Them, as physically close to Them on a personality level that we can be, and then see what happens.

There were aunts and cousins, parents and grandparents. But they were not human like Aman and Amon – they were really animals, though of the same species. Aman and Amon wandered off from the family, since they could find no way of relating to them at all. How could they? They were incapable of rational thought, speech, or anything human. Aman and Amon knew that forevermore that they were apart.

Aman and Amon may have been twins. They were indeed a primate species of humanoids. But they, themselves were more beautiful than their animal relatives, and they knew, even from their very appearance, that they were marked even by Nature to be different.

### HEALTHY MERIDIAN or OBSTRUCTED MERIDIAN:

The etheric body, being part of your spirit body, is the template for the physical body. Much of the energy you need for the physical body is supplied by way of chakras and the meridian lines throughout your etheric body. These meridian lines reach from your toes to the end of your fingers or top of your head. Each set of meridian lines is connected to a specific organ of your body. Each organ functions at a different vibrational frequency.

In like, many negative emotions, which are also of different vibrational frequencies, if not allowed to pass through your bodies, will find their lodgement within fields of related frequencies within your body and organs. Such negative emotion, being those calibrating under 200 on Dr David Hawkins' Map of Consciousness, may lodge anywhere in the bodies, typically on the meridian line of the related organ to which it relates to and was attracted to.

Such slow vibrating negative emotion is a plasmatic magnetic energy ball. It can grow and grow by being fed the same fuel coming from a continuation of the same emotional injury. This stuck ball of energy will restrict the movement of needed energy flow along the meridian. This will result in discomfort, then pain, and then may manifest in illness in the organ or in aspects or regions of the body related to that organ.

Allopathic / western medicine treats the symptoms, however the cause remains held in the bodies resulting in a further or similar health issue or a reoccurrence.

The negative emotion, possibly having been held since very early childhood, can be easily removed.

Issues within the subtle bodies are energetic magnetic fields that can be removed by your focused intent to recognise the issue, locate the issue, and enable the bodies to release the emotion with the support of additional magnetic energy being provided to your governing meridian down your spine. Such healing modalities include the Emotion Code and Body Code practices, as an example.

The ultimate way to improve your health condition is to long for and receive Divine Love, this love slowly but steadily grows your soul condition and results in erroneous emotions and injuries being released from your bodies.

**The EFFICACY of PRAYER:**

August 22nd, 2001

<https://new-birth.net/contemporary-messages/messages-sorted-year/messages-2001/the-efficacy-of-prayer-hr-22-aug-2001/>

Law of Activation. It is true, people's sincere prayers, both from mortals and spirits, activate God's Great Soul, which in turn activates spirits or mortals to give the appropriate answer. In the case of spiritual prayers, the Father Himself takes care of the response.

Despite this knowledge there were always doubts in your mind as to the efficacy of prayer for other people. You could understand that these prayers, in case they were material, could activate favourable reactions, but in the case of prayers for another person's spiritual progress, you thought that they would not achieve any effect. You also wondered, what good are those prayers for, if God knows everything. And what happens with those people who have nobody who prays for them?

So then, let's start with the last question, because it is not true. There is nobody who doesn't have anybody who prays for him or her. And if there really should be somebody who has no friends on Earth, certainly s/he has them in the spirit world. And everybody has their guardian angels, the best friends you can imagine. And they, yes, they can activate God's Great Soul. It never did occur to you that this could be the job of a guardian angel, did it? So you understand that this thought has not been your own?

God offers everything, but He demands in turn that it shall be asked for. Simply because He has granted us our free will, and He will never "bless us forcibly" with His gifts. **Ask** and you will be given. But **ask!**

In this chain of activations, prayer -- God -- spirit or mortal, the last link is not mentioned in the message received by David, a link that is so logical, but you didn't take it into account. It is the person himself who prays or on whose behalf others pray. Because that person also has to be activated! God's blessings, also material ones, are not delivered on a silver tray, ready to be used. You must recognize them first, and then take advantage of them! In other words, God gives us opportunities. He won't give you a million dollars. But He will give you the opportunity to earn your living, or other benefits, whatever He deems convenient for you.

This entails certain consequences. A person can also benefit from the prayers of other people, if those prayers are for spiritual progress, because s/he will receive opportunities to progress, s/he will receive help and advice. But it is the person's job to take advantage of the occasion. So you see, prayers for other people are useful and beneficial at any level, both material and spiritual.

When the person thus favoured does not recognize the opportunity, the prayers are without effect, of course, some kind of will is always required, some kind of push from the beneficiary's side. It is the same in health. If people don't have any intention of improving, if they don't contribute in anything, for example changing lifestyle, the effect of prayers will be doubtful.

You know what soul perceptions mean, but you never thought that these perceptions serve not only the purpose of acquiring spiritual knowledge, but serve also for a better orientation in "real life", as you now live it here on Earth. They serve exactly for recognizing and distinguishing actual opportunities, and for thus being able to take advantage of them, and to avoid imminent dangers.

The work itself has to be carried out by the person who requests help. And this is true even in the material environment.

First you must give, in order to receive. You must ask, and you must learn humility. You must always underline this.

Will we respond now to your following question: "Does the Law of Compensation only act on the current condition of a soul or also on misdeeds committed in the past?"

Well, the answer is that the Law of Compensation always takes care of the current state of the soul. But the effect of the Law doesn't start only with the soul's entrance in the spirit world.

Each evil deed causes vibrations in the network of God's Laws, and those vibrations rebound onto the transgressor. This is a Law. Nobody escapes. When this happens it depends on many factors, but it is not something necessarily reserved for the beyond.

**Three Great Truths:**

- **God is Soul, being our Heavenly Mother and Father;**
- **that each individual soul is a duplex – both male and female;**
- **and Feeling Healing with Divine Love is the pathway to Paradise.**

**Our Heavenly Parents simply desire for us to ask for Their Love.**

**“Every day is a day of devotion.”**

**Please Mother and Father, may I receive Your LOVE.**

**God's Divine Love: Pray for it, ask for it, and receive it.**

**Our salvation IS the embracing of the Feeling Healing process and Divine Love.**

## **LONG for the TRUTH!**

Above all else, “Longing for the Truth” has not been recognised by humanity. True Prayer is not asking with the mind; it is a longing from the soul. Should we long for the truth then we will be told. This is how we ascend. Earnestly desire to know the truth and it will be revealed to us.

Our soul, our real self, already knows the truth and the answer we are seeking, the truth will come to our awareness through our feelings. Our feelings are soul-based.

Our mind cannot determine what is truth from what is false. Our mind is addicted to being in control and will lead us according to its agenda, all to our detriment. This is what man has embraced for the past 200,000 years – now the mind is to be subjected to our feelings. Accordingly, our mind will learn to assist our feelings.

Longing to our Heavenly Parents for truth will bring about the understandings we are seeking to achieve.

Long for the truth behind any feelings, both good and bad, and we begin to peel off and escape from our childhood repression and suppression, thus escaping from the generational cycle of errors that have been passed from parents to their children, thus continuing the cycle of error and harm. ALL children are harmed in this manner.

Through longing for the truth behind our feelings, both good and bad, we start to bring about harmony and peace to our self, which eventually flows onto our family, then our companions, then our overall community and then country. **This is how harmony will come to all of humanity and peace will prevail with war being set aside. This is what the Great U-Turn will bring about.**

Longing for the truth is the only way that we will come to understand the cause of any physical discomforts, pains, diseases and illness. It is by expressing the understandings of what one is feeling about any emotional event or issue so that we release from our essence the negative energies relating to these feelings arising from past events, particularly those from our childhood forming years. The harm that we each endured during our childhood forming years has set the pattern, at all levels, for our adult life.

In a variation of those inimitable words uttered by Jack Nicholson, “You CAN handle the truth!” This is how humanity will heal itself and bring about peace for each personality and humanity overall.

**By living true to ourselves, true to our feelings, we are living true to God. It’s that simple.**

**WE EACH have a Nature Spirit pair, Spirit Guide pair, and an Angelic Pair:**

For those doing their Healing or are interested in doing it will from that time have their own personal angels, spirit guides and nature spirits with them, with whom they are to develop their own relationships should they want to. It is not about ‘sharing’ the same angels or guides or nature spirits, it is about you relating specifically to your ‘own’ ones because they are provided for YOU. It’s all for you, to maximise the experiences we each need.

We are all to have our own pure relationships. And it’s the same of course in life with your friends, however over there, in spirit, dealing with Nature Spirits, Spirit Guides, and Angels, it’s more personal and private and ‘JUST FOR YOU’. So we have our own separate, unique relationships.

For example, Nature Spirit Verna has been assigned to be specifically and only with James, and she ain’t going to be assigned to anyone else, so she won’t be sharing herself around.

This is SO IMPORTANT to understand so that in future there won’t be all these people claiming to be speaking with Verna or Mary Magdalene or Jesus or Nanna Beth or anyone else who is part of it all in such capacity. Mary M and Jesus have spoken with James as they have, making it quite clear he is all they are speaking with.

We each have a band of a Nature Spirit pair, Spirit Guide pair, and an Angelic pair, each pair being in their soulmate relationship. Even though we are ascending mortals having a soulmate, even our soulmate has his or her own group of six personalities assisting him or her. Our assigned Nature Spirits do not continue with us into spirit, our Spirit Guides may for a time assist upon entry to the spirit Mansion Worlds, however, our Angelic pair continue with us for eternity.

**GUIDES, GUARDIAN ANGELS and AUTOMATIC WRITING:**

August 23rd, 2001

<https://new-birth.net/contemporary-messages/messages-sorted-year/messages-2001/guides-guardian-angels-and-automatic-writing-hr-23-aug-2001/>

The guardian angel maybe a spirit on the Celestial pathway or not, his development may vary, but he is always a good spirit. He always has access to his charge, but that mortal may make the angel's job pretty difficult. The mortal can maintain extensive contacts to dark spirits, even very evil ones, without the angel being able to do anything in that respect, he can only warn and advise, but he cannot intervene actively. This would interfere with free will.

When the mortal really seeks spiritual development, s/he attracts a guide. This spirit guide has slightly different tasks to perform. His work is not any more that of warning against dangers, etc., but, as the name indicates, that of giving guidance, direction, education. We can say the guide is in charge of the mortal's spiritual education. He is a teacher.

Any mortal, who strives for Divine Love, receives a guide who possesses the Love of God, and who through his own experience, may best direct his charge.

But normally, the guardian angel stays with the mortal from the time of his incarnation until his passing over. The guide only comes with the desire of his charge for spiritual development.

**Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God's soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.**

**SPIRITUAL AWARENESS and PERCEPTION:**

August 24th, 2001

<https://new-birth.net/contemporary-messages/messages-sorted-year/messages-2001/spiritual-awareness-and-perception-hr-24-aug-2001/>

We will talk about the topic of awareness. And before starting, I would like to give a definition for this word, in order to avoid misinterpretations. I understand by awareness the knowledge and perceptive range of a person. To make this clear, I will use the following illustration.

When you look at a dandelion flower, you perceive the aesthetic, the tenderness of its structure, you even think how people, with all their wisdom and technology, are unable to reproduce just one single petal of the flower.

When a cow looks at the same flower, all it sees is food.

Take for example a nightingale. You love its aesthetic, in its form and in its song. But cats see only food in it.

This means, obviously, that the field of perception and knowledge in animals and humans is different. The animal does not perceive aesthetic and other things we do feel.

There is also some difference in knowledge and perceptive range between people, of course, and therefore we may state that each and every person has their individual awareness. My concept of awareness therefore goes beyond the common religious concept of conscience.

*[Translator's note: The Spanish translation for conscience and awareness is one and the same word: "consciencia"]*

Apart from this material awareness, there is an awareness of the soul, formed by its knowledge or faith, and it determines the range of its perceptions. In other words, the less faith the soul has, or also material knowledge, the smaller is the reach of its perceptions.

The soul's awareness is the expression of the soul's development.

Now we will answer a question that you have asked yourself time and time again, and which you could not really find any solution. And this question requires a deep understanding of what awareness is.

You read that in the spirit world dark spirits may sometimes leave their hells and enter temporarily brighter areas. On the other hand, the inhabitants of the second sphere, for example, cannot enter the third sphere, but those of the third sphere may visit the second sphere. There are, so to say, demarcation lines, penetrable only from above to below, but not the other way around. How so?

Now we will do a small mental experiment. As you know, and as you practice from time to time, there is a relaxation method called the "private island." You imagine a beautiful place, your small paradise or your private island. You sit down beside a tree, contemplating all the marvels which surround you, and then you notice a splendid staircase of white marble, ascending toward the sky. When you go up some steps, you come to a place where you stay. Looking down, certainly your field of view has been amplified, you can see a lot more of your island or paradise. Your awareness is greater, to put it this

way. Now I am at your side, indicating to you a certain point below, and you look at it, and this point seemingly approaches you, as if you saw it through a zoom lens, "drawing" the image closer. And like magic, you are really there, physically. That is, of course, just a mental experiment, an illusion, but you can imagine in that way how we travel. We want to be at a certain place inside the range of our perceptions, and like magic, we are already there, at lightning speed. This example is a bit childish, but it is difficult to find something better and more illustrative at the same time.

Well, what I have told you, implies that "our world", that is that part of the universe, in which we may move, consists of the same area as covered by our perceptions. Everything, which is outside our perceptions' reach, is as if it does not exist. And, as I have said, the perceptions only move inside the field of awareness, and awareness is determined by the soul development.

A dark spirit has very little soul development. This is reflected in its awareness, and it lives in a dark environment, faithful reflection of its soul. It is what it can perceive.

What God has created cannot be all bad, there is always some residual of original kindness, and this small residual of "initial development" allows the perception and, therefore, the accessibility of areas of greater quantities of light. But this is in very limited terms. These spirits don't stay in the brighter areas because of the Law of Attraction, it simply is not their environment, but they have certain knowledge of the existence of those more pleasant zones.

When their soul finally develops, either through Divine Love, or through the purification of natural love and the elimination of evil, its awareness is enlarged, they can perceive more, to see farther, and logically, they may move with more liberty. They find an appropriate place for their current state, and there they stay. They don't have any intention to return, like it is natural, because in their new surroundings they enjoy more happiness.

In their new home their soul keeps developing, and their perceptions, with their experiences, become keener, until they can really feel all that the new environment may offer them. This development is a guided development, and the interests of the spirit determine its direction, and according to his/her interest and preferences, it receives all the help that it may need. The development depends, therefore, upon the free will.

When this sphere can no longer offer more, that is to say, when the soul, and with it, its perceptions, have been developed to such a degree that everything has been "digested" which its current environment can provide for its progress, then the moment arrives, when its awareness no longer experiences a gradual increase, but a substantial jump, and its perceptions are able to visualize a new world with new opportunities, a new sphere. This process repeats in that way and the spirit develops in the direction chosen by itself.

*[HR: Why a "substantial jump"?)*

It may be useful to compare it with the breaking of a dam. The water accumulates little by little, but finally there comes the moment when the dike can no longer resist and breaks, and the water suddenly extends its surface, until it finds a new obstacle. And in a similar way, the soul expands, or rather, its awareness expands.

This new world simply did not exist for the spirit before its expansion of awareness. It is not that the spirit wanders throughout the second sphere, and finally finds a wall, indicating the limit of its sphere and the beginning of third sphere. No, the third sphere is totally out of reach, visible limits don't exist for it, the third sphere simply doesn't exist for this spirit.

This new environment is so welcoming and filled with happiness that the spirit only returns to the previous spheres for two reasons: to help its loved ones, so that they may also enjoy the happiness that it now feels, or because it has to complete a work, an atonement work or a work of love, as we do when we visit the inferior spheres of the spiritual heavens, or even, like now, the Earth planes.

The range of perception increases and covers new territories. This is why the more advanced spirits may return to the inferior areas, but the less developed spirits cannot enter what they cannot even see.

Awareness, and hence perception, is also selective. This is the reason why there are spheres which offer many stimuli for a certain class of spirits, while others don't spend much time there, because the little that can capture their attention is "digested" in a short time, and they advance.

Once you wondered how it was possible that spirits on the Celestial pathway and other spirits of moral or ethical orientation could live together in the same sphere, and the latter would not notice the much greater happiness of the Celestial pathway spirits. The reason is the selective perception, or the different range of their awareness.

We know that the natural development of the soul, that is to say, the development without Divine Love, ends in the sixth sphere, and there ends also the development of the field of perception, of awareness. They never end up seeing the Celestial Heavens, not even the seventh sphere, where the last preparatory step is performed, the soul's complete transformation.

The different perceptive range explains also why higher developed spirits may discern the soul condition of less developed spirits, but this is not possible the other way round.

And now I want you to remember what I told you about your brother Karl. Who has not seen true light, does not miss it. The sixth sphere inhabitants have not seen the splendour of the Celestial Heavens, they do not know the joy the Father's Love can provide. They live in true happiness, but in some kind of happiness of a different nature and of different origin. But they do not suffer from this reason, because they have lost nothing that they have never found. They do not know what they are missing, and hence, this lack does not cause pain. Don't see this like a punishment or an "injustice". Remember what I told you about justice, and besides, yes, they live in paradise, although they lack the most important thing, but they are not aware of it.

This really has been difficult. You did not comprehend everything, but I think I could convey to you some idea.

Now, to conclude, a more relaxing subject. You asked if spirits could travel through time, or rather, if they could visit the past.

They cannot, strictly speaking, but in some way they can.

You know that we, when we attain to a certain level of development, can “read” thoughts and recollections of mortals and also of spirits. Therefore we can reproduce accurately any event in mankind’s history. We can write thick history books containing all points of view on any occurrence. But in reality, we cannot travel back into the past. And so, we cannot influence events which happened in the past.

Humanity’s awareness and mankind’s memories began with the implantation of the first souls into Aman and Amon (Adam and Eve). If we want to go back beyond that date, all knowledge ends, there is no memory at all. This is why we know so little about the creation of man. If the Father does not reveal it to us, we will never know.

## Getting to 100 candles

Centenarians reach that milestone because they’re healthier, by virtue of genetics, common sense, or luck. In people with an average life span, diseases of old age strike earlier and last longer.

‘On Beyond 100’ National Geographics May 2013

**Note: The cumulative period of heart disease, stroke, diabetes, dementia, or cancer for those with an average life span is 19 years, however for those who become centenarians, their period of life with aging diseases is 9 years or less than half of those who live to only 80 years or so.**

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing. Secondly, consider longing for our Heavenly Parents’ Love as you progress with your healing. Primary and most important readings are the writings of James Moncrief. Then consider the Padgett Messages, and then The Urantia Book.**

**SPIRIT INFLUENCE:**

The Richard Messages: Celestial Spirit Richard 18 September 2012

**You have been wondering about the extent of spirit influence on the actions of people particularly with respect to what can be called evil actions or unlawful acts with damage to self or others. Not all such actions can be blamed on spirit influence but the degree of such influence is enormous. There is a vast number of spirits who may be called Earth bound and in the hells who chose to act through people whom they can influence. The lack of awareness of the majority of people makes it easy for them.**

**Spirits can see portals of entry so to speak by which they can influence or take over the actions of an often-unsuspecting person. There are many people who are genuinely surprised at what they have done while influenced or controlled. There are others who find great pleasure in this influence as they get satisfaction and encourage the influence without realising what they are doing.**

**Many suicides, particularly of young people, are spirit directed and orchestrated.**

**The prevalence of drug use causes a lot of damage to the intact structure of the individual and opens portals for the entry of spirits with malevolent intent.**

**Not all of the spirits causing such influences are doing so knowingly to damage the person they influence. Many are acting out what they feel they need to do as they don't acknowledge that they have passed into spirit and are frustrated by their inability to act in the world without the aid of a carnate individual.**

**Much of the religious discord is heavily influenced and orchestrated by groups of spirits who are well able to use the mob mentality to stir trouble on a large scale. This is often in the nature of what may be called 'sport' with a total sense of irresponsibility and lack of concern for the damage caused. These actions are devoid of love.**

**On the other side of the coin there is much spirit influence that is very loving and concerned with leading individuals and groups in directions that are of great benefit for them. Every spirit guide is endeavouring to have such influence and they never give up even with the most recalcitrant individual.**

**It is unfortunately true that many find it easier to accept the stirring of the unloving rather than the loving. Many people have never felt true love and are frightened by the unfamiliarity of it when they do feel it. They have more trust in the painful feelings which are so much more**

familiar. In time this will be reversed in the world and it is towards this that we are all working and working with total confidence.

# Birth Order

Each person within the family tree is born with special qualities and gifts to be developed by the family and culture in which they reside. The health and happiness of an individual and the success of a society, depends on how well these abilities are cultivated. Each person is unique, and yet contains certain universal qualities that influence how they express their creativity. By wisely understanding the Birth Order of each child, their positive aspects are strengthened. This wisdom solves problems before they occur, and prepares the way for greater success in the future. # Birth Order Lessons

It is your personal responsibility to develop strength, character and intelligence. We earn these qualities, and others, when we cultivate a greater appreciation of our family. Each grandparent within the previous three generations, corresponds to one of the birth order positions and 12 major lessons of our life. When we increase our love for each of these grandparents, the corresponding positive quality becomes a life-long attribute. As we personally develop these attributes, health, success and happiness are increased. These profound lessons and attributes are divided into two basic types: Yin and Yang. Review the keywords found below, and discover which lessons you are currently learning.

### INDIVIDUALITY PATTERNS of SPIRIT of LIFE:

Denny Johnson and Edith Cuffe published *The Nature of Birth Order* after researching more than 20,000 iridology studies. A pattern of characteristics emerged that is consistent throughout most families. The order in which each child emerges within any family leads to certain characteristics to be visible. The pattern for the first six children then repeats itself should there be further children in the family. For boys  $\Delta$  the introduction follows here, and then the girls  $\circ$  patterns follow. The research then covers the patterns for variations in the order of children.

It is the sacred privilege of adults to discover and love the emerging truth within each child. As this truth is fostered and cherished, the child brings forth a special gift for the entire world to enjoy. Each child is capable of doing something better than anyone else does. A child's special gift may be in the arts or sciences, in healing or wisdom. It may be expressed in silence or shouted from the mountaintops. Whatever it is the gift within the child raises the consciousness of humankind and benefits everyone.

Some children are particularly blessed, and their genius emerges without any help. Some children's gifts will flourish regardless of whatever painful things occur in childhood. They are indeed fortunate, but they are the minority. Most children are in need of help from a healthy community in order to realise and attain their highest potential. Without loving help, children can become adults who lead lives of quiet desperation. They know they are special, but because they cannot connect with or express their uniqueness, they live their lives feeling that something is missing. The special genius within most people doesn't just happen as a natural result of growing up. Paying attention to the universal and specific qualities within each child begins to unfold the genius within the child. Ultimately, everyone benefits. One of the ways of achieving this is through an understanding of a child's birth order.

Every mother knows that each of her children is unique. Even if she had two sons by the same father, the differences between them soon become obvious. The same would be true if she had two daughters.

A mother may wonder if she is responsible for the differences by virtue of her genes, diet, or emotional state during pregnancy. A father may scratch his head and wonder if he is actually the father of both children when he sees how differently they behave. Nature may seem to play games with parents, but the gender and sequence of children are no accident.

The Rayid Birth Order Model sees a clear pattern in the nature of the first six boys and the first six girls born in a family. The birth sequence number determines the innate personality pattern and body type of each child. Although each child has a unique combination of characteristics from the family tree, there are universal traits common to each birth order number. Cultural, social, and family tree patterns will modify the characteristics, but the universal force of the birth order remains constant.

The number sequence of a child's birth order is key. The father determines the order of succession. Children conceived by the father follow a precise sequence of six types, regardless of who is the mother. A embryo who survives longer than sixteen weeks of gestation is included in this automatic sequence. Any foetus lost after sixteen weeks still remains as part of the sequence.

Children follow the birth number of the previous child. For example, if the first child conceived is lost in the fifth month of pregnancy or is still-born, the second child is considered a 'number two' child. This principle holds true if the father conceives a child with one woman and then has another child with a different woman. The second child is still considered a 'number two' child regardless of how many other children either woman has previously conceived.

It is rare that a father produces six boys or six girls in a row. Nevertheless, the characteristics described for these boys and girls build the foundation for understanding the birth order characteristics of all children. A variety of patterns of girls and boys born to a father can be understood based on the initial pattern set by the gender of the first born.

By studying each of the individual six brothers and the six sisters, it is possible to understand different combinations of gender and birth order. With a little practice and patience in applying these principles, the natural genius of any child can be identified and supported.

Within a family, the sibling sequence follows a binary code or polarity of opposites. (Such as, outward or inward expression.) This energetic shift from one opposite to another is displayed in many forms. If the first born child is a girl, she sets the order that follows. Subsequent siblings fall in line with the first girl position. If the first born is male, all his siblings follow a pattern influenced by his first boy status. We can take a first born boy, for example. If the first born is a boy, he is inner-directed, mentally oriented, and smaller in stature. The second born child, after this boy, is diametrically opposite. The child will be outer-directed, emotionally oriented, and bigger in body. This alternating pattern continues throughout a family. There are exceptions to this that is explained with the book, *The Nature of Birth Order*. Recognising this binary process helps in the understanding of the birth order model. These alternating patterns of opposites can make parenting challenging. Just when parents begin to figure out their first child, the second comes along and refutes whatever they thought they had learned! Being alert to how children alternate between inward / outward, mental / emotional natures can be extremely important in accepting and supporting who your children are.

**SUMMARY of 6 BOYS:**

P.55 The Nature of Birth Order by Denny Johnson &amp; Edith Cuffe

The energetic quality of the first child directs the flow of life energy through all subsequent siblings. Accordingly, if the first born is a boy, his inward 'yin' nature begins a polarity pattern within the binary code that creates the specific and definable personalities of his brothers. Each of the six brothers offers a significant contribution to their family that flows out into the greater community and, ultimately, around the globe. By recognising and acknowledging their gifts, we increase the good in our world.

No. 1 Son: This child is, in essence, an inwardly directed sensitive dreamer. With his head in the clouds, he has a creative imagination that holds the gift of genius. When he receives respect and support for his dreams, he has the capacity to bring something great into the world. Later in life, he often takes on the role of a traditional leader.

No. 2 Son: A No. 2 son has an inner fire – a dynamic energy – that is outwardly directed into the world. This child has within him the passion and strength of a champion. When his energy is guided and focused, his full potential can manifest and inspire others to a greater height. With time and self-discipline, he becomes a vital force for society.

No. 3 Son: A third born son, like the first born, has an inwardly directed energy. With a sharp clever mind, he has excellent mediating, communication, and negotiating skills. To be truly successful, this child needs guidance in balancing the innate capacity of his mind with truth, honesty, and moral values. As his mind and heart reach a balance, he provides all of us with the clearest of all intelligence.

No. 4 Son: This child, like a No. 2 son, has a passion and fire that is outwardly directed. In a No. 4 son, it manifests in a charisma that draws people to him. A natural entertainer, he uplifts and touches the hearts of others. With appropriate attention and an understanding that his gift is for the service of the group, he will bring joy to all he meets. As a man, he fortifies a nation with his natural ability to love.

No. 5 Son: Inwardly directed, a No. 5 son focuses his energy on manifesting a creative idea, an object of great beauty, of a poem of enlightenment. A weaver of inspiration, he has an innocence that touches the heart and uplifts the spirit. With gentle loving, this child's inspired creative genius will emerge like a butterfly from the chrysalis. When he realises his potential, he develops art and ideas that last for thousands of years.

No. 6 Son: A child of great power, this sixth born son's energy is directed out into the world. Goal oriented and physically strong, he moves and creates movement in those around him. When balanced with an understanding of the correct use of power, this child has the capacity to bring great change to the Earth for the betterment of all. As a man, he becomes a leader the world has awaited for generations.

Should there be further children in the family, then the sequence starts again.

Boys  $\Delta$  and girls  $\circ$  patterns:

Understanding the special gifts and characteristics associated with a child's birth order position is both a blessing and a relief. When a deep understanding of a child's innate nature and gifts is coupled with a conscious love for the child, a parent can more effectively coach and build the child for greater fulfilment.

In addition to the importance of finding the special gifts in each child, the study of birth order brings light to the full range of human expression.

Although we each have individual gifts that make us special, it is important to recognise the potential for each individual. We each have the capacity to access all of these character traits and qualities. If man is created in God's image, a self-actualised person has the creative ability for the whole spectrum of talents and capabilities.

2	Independent	Cat	Distinctive

**SUMMARY of 6 GIRLS:**

P.101 The Nature of Birth Order by Denny Johnson &amp; Edith Cuffe

When the first child born into a family is a girl, the energy or flow within subsequent siblings, regardless of their gender, is very different from a family where the firstborn is a boy.

No.1 Daughter: Unlike a No.1 boy, this child's energy is outwardly directed and primarily focused on her parents and siblings. She sees it as her responsibility to nurture, guide, support, and preserve her family into the future. Teach her how to laugh and play. When her heart is filled with joy, she can be the rock, the foundation on which her family can build and grow forever.

No. 2 Daughter: This child's energy is inwardly directed. With a mind as sharp as a jaguar's claw, she has the potential to be successful in her chosen career. Creative and imaginative, she achieves most when given the encouragement and confidence to believe in herself and her abilities. As a woman, she is called to the quiet world of mystery.

No. 3 Daughter: This child is like a No. 1 daughter who increases the radius of her nurturing and caring out beyond her family and into the greater community. A no. 3 daughter seeks to heal and support the bodies, emotions, minds, and spirits of people. When balanced by the wisdom of the past and the strength found in nature, this child brings a sense of unity and fairness to any group of people.

No. 4 Daughter: Like a second born daughter, this child is emotional and her energy is inwardly focused. Nevertheless, a No. 4 daughter brings change. With a nature that challenges authority, she pushes us to question our attitudes, beliefs, traditions, and social structures. If given emotional support, this child teaches how to let go of the past so that a more fulfilling future can be created.

No. 5 Daughter: Outwardly directed, a No. 5 daughter focuses her energy globally. She moves beyond the family and the community, bringing a greater awareness and understanding of the unity of all living things. Inspired by the power, grace, innocence, beauty, joyfulness, and simplicity of the creatures of the Earth, she offers us the keys to compassion. The day will come when this girl's natural sense of unity will be respected by all nations.

No. 6 Daughter: A No. 6 daughter's ability to connect to her inner spirit is truly inspiring. When the clarity of her mind is nurtured and she is taught to accept all people regardless of race, colour, or creed, she will open her heart and, like an angel, touch and heal the very souls of all those she meets. Like a rare piece of art, this girl brings something that all of us can appreciate in our own ways.

Should there be further children in the family, then the sequence starts again.

## *Sibling Sequence Patterns*

Each person is born with a distinct character and special gift that distinguishes them from every other person in the family tree and society. When this inner capacity for goodness is identified, acknowledged and nurtured in childhood, it brings strength to society and success to the child. From this platform of success, the child is better equipped to master the challenges of life.

The unique qualities defined by gender and birth order are also observed through body type, personality, and creative expression. This model allows for a deeper understanding of the essential goodness of each person and the subtle nuances of their personality. This greater level of understanding allows parents, guardians and teachers to more specifically respond to, guide and support children towards the fulfilment of the purpose for which they were conceived.

There are twelve basic and pure patterns in the birth order, six masculine and six feminine. These are the cornerstones upon which the endless variations of individuality and genius are created. All twelve of these sacred patterns are within each person, but are combined and expressed in completely original ways. These patterns are also represented by the systems, organs and glands of the human body. These patterns are even present in the dynamics of every group regardless of its size or purpose.

Sibling sequences and the behaviour patterns they imply are universal. The patterns transcend cultural influences and social status. The appreciation of the mystery in SIBLING SEQUENCES will deepen your reverence and enliven your joy for this divinely inspired universe in which we all live.

P.74 What the Eye Reveals by Denny Johnson

**TRANSGENERATIONAL PATTERNS**

Personality is primarily genetically determined. Question any parent of a young child and you will be told that the child definitely came into this world with a distinct personality. Although early environmental factors can have a significant influence on the way in which a child's personality is *expressed*, your childhood experiences were not the *origin* of your personality. The package of behavioural traits that you think of as so uniquely your own is, for the most part, simply a variation on an existing pattern in your family tree.

Genetically, you are a medley of physiological and behavioural programs inherited from your ancestors. Although each individual has the opportunity to exercise free will, most people have difficulty extricating themselves from the invisible influence of preceding generations. Imagine driving in your car with intention of going where you want to go and doing what you want to do, but riding in the back seat are 30 of your ancestors, each giving you a different set of instructions. One says turn right, another says turn left; one says slow down, another tells you to speed up. This is the nature of the influence of the family tree and how it continues to affect your choices and desires throughout life.

Many of these influences are far from benign; some aspects of our inherited behaviours are decidedly counter-productive in terms of our overall emotional and psychic development. A metaphor that is helpful when exploring the influence of particular ancestors is to think of the family tree as a large river with many tributaries, each of which represents a specific branch of the family. Imagine being at the mouth of the river, where you detect toxic waste in the water and find precious gold deposited in the riverbed. Both the toxins and the gold have their origin somewhere upstream, each coming from a different tributary. The poison of unresolved negativity from a preceding generation influences everyone in the present and needs to be dealt with. It is useful to know from which tributary the poison comes, so that you can travel back to that place and clean it up. Similarly, it is useful to know which specific tributary is responsible for depositing gold along the bed of the river. To find the source of the gold is to access the source of one's true genius. The river must be cleansed and the original source of the gold rediscovered.

**The Key Influence of Parents**

It is commonly accepted that parents are the main influence on a child's biological and psychological makeup. For example, the parents genetically influence whether a person is predominantly left-brained or right-brained. But parents are really just messengers in the grand scheme of transgenerational influence; the entire genealogy of a person's family tree focuses through the parents, represented in the body by the two halves of the brain.

In a mysterious way, nearly all Jewel patterns emanated primarily from the mother's side of the family. Similarly, nearly all Flower types emanate from the father's side of the family. Jewels "know" that they are from the mother's side, while Flowers will say that they "identify with" the father's side. This innate intuition can be used to help each person enliven his constitutional vehicle and re-access the genetic source from which he comes. Without dwelling on the past, each person needs to become aware of his origins so that he knows which particular genetic key will open the door to the experience of genius,

love and wholeness. Once this happens, the ever-deepening experience of well-being restores the body to perfect function, increasing the person's capacity to feel and raising his vibratory frequency.

The path to this experience of wholeness involves the individual in encounters with people who have complementary experiences and personalities. Your parents are the first of the people you meet on your journey through life who have something to teach you, and their impact is profound. They are the primary genetic *and* environmental influences on your personality. Under normal circumstances, they cannot change the *core* personality that you were born with, your parents' behaviour toward you can influence the way in which your personality unfolds during your life.

Mothers are the energetic source for all children and, therefore, for all people. A child needs to be loved unconditionally by its mother, to be given of that energy freely without being told how to use it. The most destructive thing a mother can do is to chronically express anger toward her child. This creates a separation of the child from its source.

The ease with which you can go to your father is the ease with which you can be true to yourself. If it is difficult for you to hug your father, to communicate honestly and openly with him, it will be difficult for you to find and/or express your true nature. Your relationship with your father also determines how easy it is for you to attain success. How was it for you to walk up to your father? This is how you will experience approaching your goals. In an ideal situation, a child needs its father to be the one that helps to "direct" its energy, without being critical. The most destructive thing a father can do is to criticize his child or its mother. If your father was critical, your mind and body cannot rest; you will never be able to stop trying to achieve, or else you may give up entirely.

The father becomes increasingly important from the age of two but especially between the ages of four and seven. That is a key period of personality expression. By this time, the mother will ideally have given the child a strong feeling of connection with its source (which in infancy was her), and it is now the father's turn to help complete the process of personality expression into the world.

### **Parental Disharmony**

If the relationship between the parents breaks down, the conscious personality can end up in conflict with the unconscious personality. Neuro-degenerative diseases can result from successive generations of angry, critical fathers and controlling mothers because the child does not feel accepted.

Whenever you see a very slim, nearly emaciated person, you are likely to be looking at someone with a transgenerational criticism pattern. A baby who has a chronic problem with absorbing food probably has a mother and father who are constantly bickering or criticizing each other. The yin and yang elements are not nurturing each other and so the child cannot be sustained.

With such parental difficulties, it is often easier to deal directly with the child than to try to get the adults to change, since their behaviour is usually too entrenched.

**Feelings first**

## **Ancestral Women**

The influence of women on a child's personality seems to be at least eight times stronger than that of men. This correlates with recent scientific discoveries in the field of genetic inheritance. There is a type of DNA, called cytoplasmic DNA, which is inherited only from the cytoplasm of the mother's egg, and which is particularly responsible for energy and respiration, especially through mitochondrial DNA. The Chinese have a system of eight ancestral meridians going back to eight women, the eight great-great-grandmothers. These eight ancestral women are primarily responsible for the personality of any individual today, representing eight ancestral rivers.

## **Healing the Self and Family**

We need to free ourselves from negativity in the past in order to be fully awake in the present. We need to free ourselves from the unconsciousness in us that manipulates the body and mind.

This unconsciousness is far stronger than we generally acknowledge. In order to achieve a state of physical and emotional well-being, in order to clear up harmful patterns in the personality of the family tree, we must be free of such negative influences. This requires the use of many tools – spiritual, mental and physical – to bring us fully into balance.

You can't heal the personality or relationships of one child without healing the whole family. The influence of the family tree is too strong. If you had the opportunity to explore transgenerational behaviour patterns, as family therapists do, you might be surprised at how easy it is to predict that a particular personality trait will repeat itself in a specific child in the family sequence. Most people have "psychic octopuses" that need to be cleared out of their personalities. Tentacles originating several generations back can still jerk you around like a puppet on a string.

Because we are so intertwined with our ancestors, we can't lift ourselves out of our harmful patterns without lifting our entire family tree out with us. It doesn't work to just block off from the influence of the family. If you try, you can end up suffering severe traumas because you are actually trying to cut yourself off from part of the energy matrix that sustains you. It would be like the hand trying to cut itself off from the body. So it is important not to deny the family's influence but to *acknowledge* it so that you can free yourself from it without pretending that you don't have roots.

In order to heal, it is important that you let go of the belief that your childhood created the personality patterns that you were actually *born* with. You came into this world with a vibrational agenda. That vibrational agenda was handed to you genetically and you are now acting it out physiologically and socially. It may appear that your father and mother were the origin of it. They were not. They themselves were only a link in the chain. Even your apparently formative childhood experiences were in themselves primarily a continuation of genetically established patterns.

The influence of the family tree is pervasive and extremely complex. Although it is possible, using Rayid, to determine that certain behaviour patterns appear to originate with specific ancestors, remember that you could find the cause of that person's behaviour in an earlier ancestor even further back. You can keep going further and further back into time like this, ad infinitum, and gain nothing from your attempts to lay blame. If you do explore the past, content yourself with knowing something about the

dominant branches of your family tree, for that can help you to better understand your current motivations. Let go of the need to blame either yourself or your parents, or to blame anyone else in the family tree as being the cause of your pain, because they are not. The influence of your family tree is powerful, and it can be harmful, but it is a web that has no weaver.

Before you can reconnect with your core essence, it is essential to use affirmations and other psychic or spiritual technologies to release the negative influence of transgenerational toxicity. This restores full access to the treasures that are hidden deep within you. You must consciously acknowledge the influence of preceding generations and remind yourself that, with the aid of the true self (your soul), you are able to free yourself from that influence before you can expect to effect any real change in your personality. This is one of the reasons why doing affirmations and rituals can be so self-empowering. The body must then be cleansed, nourished, rested, touched and revitalised. With the psychic hooks removed, and with a healthy body, the individual is now prepared to reconnect with his true nature.

The iris is a map that reveals the specific therapies and lifestyle changes that a person can make in order to become fully enlivened. Along the way, the individual will experience changes in current relationship patterns and ever-deepening feelings as all the tributaries of the family river are cleansed and vitalised. This makes it easier to harvest the gold that is also flowing down to you from previous generations. The specific tributary that is the origin of your essence and genius is associated with a single meridian line and a single acupuncture point in the body. From this specific access point in the body all other meridians, and the biological and energetic systems that they represent, can be restored to perfect function and harmony. Your journey toward the experience of enlivened wholeness not only increases the life force in the body, it also intensifies feelings, improves your ability to relate to others and develops certainty and clarity of mind.

# Family Tree/Siblings

This is a simplified version of the primary connection each birth order position has with a corresponding grandparent. Notice how all the Yang children are from the father's side of the family, while all the Yin children are from the mother's side. All grandparents affect their grandchildren in different ways. Imagine the branches of the family being like the nerves of the brain. Our love for our grandparents brings us health and happiness.

# generations

**OUR BLOCKED EMOTIONS FLOW DOWN FROM GENERATION to GENERATION:**

**Childhood illnesses, and illnesses of baby within the womb, stems from blocked emotions passed down from generation to generation, resulting in malfunctions in the foetus.**

**We are a product of all that has come before us.**

**Our own soul condition is reflected in our children.**

**To assist baby, as well as yourself, work and pray to clear your blocked emotions.**

**Clearing your negative emotions improves your soul condition as well as that of your children.**

**Baby's body, when conceived, is always perfect. Their soul condition is also perfect.**

**GENERATIONAL TRANSFER of EMOTIONAL BLOCKS and INJURY:**

**Our children are conceived within the 6<sup>th</sup> sphere state, by the time they are born, or shortly thereafter, they have absorbed their parent’s emotional injuries and their soul condition typically reflects that of one or the other parent. Our children continue to mirror our soul condition, or that of one of the parents, up and until they leave home and start to establish their own home with a partner.**

**Thus, to assist our children, we must firstly resolve emotional issues within our selves.**

**In turn, we are a reflection of our parent’s soul condition, and their parent’s soul condition and so on back through the generations. We can break this cycle by working on our own soul condition, feeling our emotions and processing our fears and blockages.**

**These emotional blockages and injuries frequently manifest in our children as illnesses, even before birth or shortly thereafter. It is the accumulation and combination of issues held by past generations that insidiously manifest as life threatening illness episodes within unborn and new born babies. Parents clearing their emotions can lift autism from their children!**

**Specific emotional injuries or blockages manifest as specific health issues. Thus, an illness episode or pain can be readily related to specific emotional issues that need processing.**

**GENERATIONAL DISHARMONIES:****Book of Truths by Joseph Babinsky**<https://new-birth.net/padgetts-messages/true-gospel-revealed-anew-by-jesus-volume-2/the-sins-of-the-parents-are-visited-upon-the-children-vol-2-pg238/>**I am here, Luke****9 Apr 1916**

**As the physical body is affected by the results of these sins (errors) being carried into operation, so much more so is the spiritual part of man affected by the fact that these sins had their creation in that spiritual part of man.**

**It may be asked: In what way can the effect of sin upon a man, which is upon his soul and spirit, have any injurious effect upon the spirit and soul of his child, so that the child may suffer from the sin of the parent? Well, when a child is conceived and gestates and is born, he not only partakes of the physical nature of his parents, but also of the qualities and condition of the spirit and soul of the parents.**

**This may seem improbable, but it is a fact that the spirit and soul that enters into the child when it is conceived comes from the great universe of soul and spirit, wholly independent of the parents and is not in its nature or qualities a part of the parents as is the flesh and blood which build up and produce the physical body of the child. But while this is true, it is also true that this spirit and soul of the child is susceptible to and in a way absorbs the influence of the spirit and soul of the parents, not only at the time of conception but also during the period of gestation, and even for years afterwards, and to such an extent that this influence continues beyond the mere earthly existence of the parents and into the life of the progeny to the third and fourth generation, as the text says.**

**The spirit part of the child is more susceptible to the influence and evil effects of these sins than is really its physical body, for as I have said, the spirit part is the originator and breeder of the sins, if I may so express it, while the body is merely the recipient of the exercise of the sins and the objects of their manifestation.**

**The influence of spirit upon spirit is more extensive and certain than mortals can possibly conceive of. And the results of that influence are not so apparent or known to the consciousness of the succeeding children, or to the respective parents, as men suppose, and as a fact they do not understand or become conscious of the fact that such influence is operating upon the spiritual parts of their children. They see and realize that the effects of such sins become manifested in the physical body, and as their ordinary natural senses cannot perceive the condition of the spirit, they conclude that the text can only mean, that these sins are visited upon the material bodies of their children.**

**But I must tell them that, while great and deplorable injury is inflicted on these material bodies, yet greater and more lasting and more grievous injury is inflicted upon the spiritual nature of the children – not only because this nature continues to live, but because men, not realizing that this nature has been injured, make no attempt to find and apply a remedy as they so often do in the case where these sins manifest themselves in the physical body. And besides, there are many sins that do not affect the mere material body, but which do great injury to the spiritual nature, and which, to the senses of men, are never perceptible.**

A man is not only the parent of a child's material body but in a secondary way is also the parent of its spiritual nature. The condition of the parent's spiritual nature influences and determines to a large extent the qualities and tendencies of the child's nature, for good or evil, not only while it is a mortal, but frequently after it has ceased to inhabit the veil of flesh.

So let parents know that they do not live to themselves alone, as mortals, but that their evil thoughts and deeds have a greater or lesser influence upon the spiritual natures of their children, especially at the time of conception and during gestation. Then how important that parents during these times particularly, and at all times, should have their spiritual natures in that condition of purity and freedom from sin that their children may be conceived and born in a condition of soul purity, which will not reflect any evil that they can charge their parents with being the creators of.

If men would only realize these facts and live their lives in accordance with the truths which I here declare, how much sooner would the human race be brought into harmony with God's laws, and the souls of men be freed from sin and evil.

I know it is often said that it is unjust, and not in accordance with the justice of an impartial God that the sins and penalties arising from the disobedience of our first parents should be visited upon mankind who were and are their progeny, as such mankind had no part in that disobedience. But when it is remembered, and it is a fact, that God did not create sin or evil, or impose such upon the first parents for their disobedience, but that they themselves created sin and evil, and men have been creating these inharmonies ever since, it will be seen that an impartial God (who is our only God) is not responsible for either sin or evil, or for the consequent penalties which they impose. And as has been written you before, the abolishing of sin and evil and their penalties is within the power of man and his will.

As these first parents created these evils, as I have explained and in the manner that I have pointed out to you, their sins, by the influence which they had upon the spiritual nature at the time of conception and gestation, became, as it were, a visitation (and that is the spiritual desires and tendencies and inclinations toward that which is evil); and this influence continued with the child for years after its birth, according as the child and parents are closely associated together in their Earth lives. And as each succeeding generation caused the visitation of its sinful influence and tendencies upon the succeeding generation, you can readily see how all mankind became subject to the sins and evils and penalties which were brought into the world by the first parents.

Instead of God being the creator of these things, or visiting them upon the children of man, He declares that their existence is contrary to the harmony of His creation, and must be eradicated before man can come into that harmony, and into an at-onement with Him. And as He gave to man the great power of free will, without any restriction upon its exercise, except as a man's understanding of the harmony of the operations of God's laws might influence him to exercise this great power; and as man, in the wrong exercise of that power, brought into existence these things of evil and sin, so man, as he perceives this plan of God's harmony, must exercise that will in such a way as to free himself from these things which are not part of God's creation, and which are out

of harmony with His plans for the creation and preservation of a perfect universe, of which man is its highest creation.

God never changes. His laws never change. Only man has changed from the perfection of His creation; and man must change again before that perfection will again be his.

Now from all this it must not be inferred that man is left to his own efforts to bring about this great restoration, for that is not true. God's instrumentalities are continuously at work, influencing man to turn again to his first estate and become the perfect man, as he ultimately will become. (I am not here referring to the workings of the great Divine Love, which, when a man possesses in a sufficient degree, makes him more than the perfect man.)

So, "the sins of the parents are visited upon the children to the third and fourth generation" means the tendencies and inclinations toward that which is evil – and created, not by God, but by man himself, solely and exclusively.

And oh man, could you see the results of these sins upon the spiritual natures of your children, as you often see them upon their material bodies, you would hesitate in your sinning and think, and thinking would be the way by which the great blot upon the happiness and salvation of humanity could be removed, and its progress to the "perfect man" be hastened and assured.

I desire to say that when I spoke of the sins of the parents being visited upon the children at the time of conception and birth, I meant that these sins (errors), by the influence which they have upon the spiritual nature of the child, became, as it were, a visitation. I did not mean that any part of the real sin of the parents became a part of the spiritual nature of the child, but only that the influence of the parent's sins upon the child is sufficient to give the spiritual desires and tendencies of the child an inclination towards that which is evil; and this influence is continuous with the child for years after its birth, according as the child and parents are closely associated together in their Earth lives.

**The GREAT EXPERIENCE – how to physically experience God's Love.**

<https://new-birth.net/padgetts-messages/the-great-experiment-how-to-physically-experience-gods-love/>

Have you got thirty minutes a day for the next three weeks? Is it worth 8 hours work to demonstrate to you how to achieve at-onement with the Father? Is 8 hours much to ask to point you in the right direction? A direction that will serve you great happiness for all eternity! This is how to obtain "the peace that passeth all understanding." Try the great experience! **Three times a day, every day for the next three weeks, say the prayer as earnestly as you can.** Focus on your soul crying out to the Father to send His Divine Love into your soul. The prayer is very beautiful, but it is the degree to which you can cry out from soul that will touch the Father. So you do not actually need any words at all, or simply make up your own if you prefer.

How will you know that something is happening? You will feel something come into you. For some this may be very close to a pain in the middle of one's chest. This may then subside in subsequent times, to more of a warm feeling, but there are still times when one may feel almost pain. Many others report a sensation of warmth, and a feeling of being held close. The explanation as to why one may feel pain initially, was that one's soul may be unable to process the amount of Divine Love that may come to it.

It is probably best known as "the peace that knows no understanding", and the sensation is just wonderful.

Once you start to feel this, you have your answer. The Divine Love is there, all you have to do is keep on asking for more. How long? The rest of your mortal life, and all eternity when in spirit. That will get you to at-onement or through the Pearly Gates, and support you on every journey you take! But the benefits will flow into your life very rapidly, almost immediately. This Divine Love will truly change you forever. You will follow this path for all eternity.

**Is this all?** Yes and No. If you truly follow the spiritual path that will open up before you, you will live a good, loving and holy life. Sin / error will recede, and be something in the past. But you will have to keep up your prayers and keep your focus on the goal – the Celestial Heavens. However it will be relatively easy to do this, and the happiness and inner peace that you will experience on this Earth life will also be great.

**Please note that this experience can be performed without any challenge to what you might currently believe.** You do not even need to use the prayer suggested, but simply talk directly to the Creator, asking Him to send this gift. So even if you do not believe what we have to say on this, may we implore you to try this experience. Your life will change forever! What could be simpler?

Why does this work? Because the Divine Love is a real essence – the very essence of God. It is a substance. By giving us a little bit of Himself every time we ask, slowly, over the years, our souls will be altered from a mortal to an immortal soul. This is the real salvation.

Asking for Divine Love is going to be the most productive way of receiving this Love, but a recent message has indicated that a large number of people who do not understand this concept have still received the Divine Love, because God hears our soul aspirations, not the words our minds create.

A summary of the Divine Love and its effects is available in the form of a YouTube video presentation. (If you do not have sufficient bandwidth to watch a video, the **same text is available on html** without the fancy stuff.)

You can also printout a copy of this presentation, if you would like to share it, or have it to hand. It is in the form of a PDF which is designed to be folded into a booklet. For just a simple sequential presentation, use this PDF instead.

## What is the Divine Love?

*"The Divine Love is that Love which belongs to or is a part of God, possessing Their nature and composed of Their Substance, and which when possessed by man to a sufficient degree, makes him divine and of the nature of God."* – **Jesus**, in a message received by James E. Padgett through spirit communications on May 15, 1917.

*"The Divine Love of the Father is the greatest thing in all the world, and the only thing that can make man at-one with God, and change the soul of man as it has existed since his creation into a divine substance filled with the essence of the Father. There is nothing else in all the universe of God that can cause man to become a new creature and an inhabitant of the Father's Kingdom; and when men possess this Love then they possess everything that will make them not only the perfect man but the divine angel."* – **Apostle John**, in a message received by James E. Padgett on August 5, 1916.

Book of Truths by Joseph Babinsky

I am here, Ross Perry.

Let me write a line, for I am very desirous of [again communicating](#) to you the fact that I am progressing and have found the Love of which you first told me and which information led to my seeking it.

I know that you are very much interested in the higher messages and want to give your time to receiving them and that it is almost impudence for me to intrude, but I have asked your wife if I will interfere with any of these messages tonight by my writing and she informed me that it would not, as none of these messages would be written tonight. So I feel somewhat at liberty to write and I hope that you will consider that I am not intruding.

Well, since last I wrote you, I have been praying to the Father with all the longing of my soul for an increase of His Love and realize that it has come into my soul in greater abundance and I am correspondingly happy. I shall soon be in the Third (Spirit) Sphere, so the spirit friends who have been so kind and loving to me, tell me, and it gives me much happiness to know that such a prospect is opened up to me, for I can, because of the progress that I have already made, and realize to some extent what a home in that sphere will mean to me.

I would like to write you a long letter tonight, but I must not detain you. But this I want you to remember that I am very happy now, and my sufferings have left and I know that all these blessings came to me because of the workings of the Divine Love in my soul. It is wonderful what that Love can accomplish in the way of rescuing a sinful soul from its surroundings of darkness and from suffering.

The Law of Compensation, which is a great truth, does its work without hesitation or partiality, or interference by any God or angel in the way of commanding it to cease its work, but this great Divine Love is more powerful than the Law and when it enters into the soul of a man or spirit it in effect says to this Law: "You shall no longer operate on the soul of the sinner that was, because it will take that soul away from and outside the operations of the Law."

How little men understand this working of the (Divine) Love. It does not set aside the Law, but it merely removes the soul in which it has found a lodgment from the scope of the operation of the Law. The Law goes on but the objects of its operations are rescued from the same. No Law is set aside which men think and argue is necessary in order for a soul to be saved from its penalties and when on Earth I believed this too, and did not believe in or accept the doctrine of the special interposition of divine providence to succor men from the consequence of their sins and that I did not believe because I thought that the only way in which this could be accomplished was for God to say to the Law: "You shall cease to operate."

But now I know, that, while the Law never ceases to operate until the penalties that are called for are paid, yet this Love is above the Law, though not antagonistic to it. I wish that I might write more on this subject tonight as to me, it is one of the most wonderful truths in God's Universe of Spirit and I never cease to meditate upon it and thank the Father that I was made a real example of the power of this Love.

Well I must stop now, but when you have time I should like to come and write at more length. I see that my wife has not progressed in learning the truth and I am very sorry. Well friend, good night.

Your friend,

Ross Perry

Feelings first

**The DIVINE UNIVERSE: via Zara Borthwick and Nicholas Arnold**

261. *Jude on Life*

17 – 18 January 2013

Hello and good morning. I am one who studies the mind and how it works. It has been my observation that as the Divine Love transforms the spirit body, the mind adjunct of the personality is also transformed. As an attribute the mind is concluded in its definition, form, and image like any other spirit body sense and attribute. Each aspect of the spirit body senses and attributes are organised in their proper place according to the forming of the principle-mind attribute that acts as the premier consciousness in the individual. There are detailed workings as to how the total consciousness of the life that is human and mortal is organised in the spirit body, and like the human brain, the spirit organ that acts as the spirit-brain is located in the head of the form of the spirit body.

This organ in the spirit body is *spirit energy* that has solid form and acts just like the human brain only this attribute can vary as the conditions of the soul and the spirit body change. Our environments are spirit-energy-material sensitive and so the forming of the spirit-brain, as I call it, forms so that one can immediately begin to identify with the new spirit surroundings when one enters the spirit world as a newly arrived spirit. In most circumstances the personality has already had time to develop and so the spirit body and its systems have developed accordingly during a person's human life.

When a person commences a spirit life, human experience is already a known thing to the individual. Obviously some individuals enter the spirit world in their infancy or have such involuntary disabilities that may impede cognitive experience and human awareness so that experience has condition to it. In all variations of human diversity, the adjustment phase upon one's entrance into the spirit world is the critical period of transition. The senses and attributes in the spirit body become active when the personality moves from their physical life and the conditions of the human body no longer dominate the personality, or the personality no longer dominates the human body.

An example that I choose to give is a common one: the person has memories along with active physical senses in the physical body. Suddenly as if no time has passed at all, and a human death has occurred and transition happens, the individual in their spirit life still has their memories and the experience of their physical senses and attributes except now the location of their life has changed and these attributes have changed location now functioning in a spirit body and not solely in a physical body. The personality with all its attribute has changed environments. The human body and the organic environment of Earth have been exchanged for the spirit body and the spirit environments of the Sphere. The spirit body takes over the personality, for it is in control now. This needs to be, for the personality and attributes of soul that forms part of the personality in order to survive physical death.

The spirit body commences its forming as soon as the soul incarnates at the time of a human conception. The spirit body and its systems have already been part of the personality during a person's physical life and so, when one is living in the spirit world these systems need not be created for the systems of the spirit body have already been originated in their potential and form for spirit living, when the soul incarnated and began life in the physical body. Even when the human is without any awareness of the spirit body, these systems are primed and ready and functioning so that the personality and its attributes of experience relate with the spirit body and are fit for survival after physical death.

Once one adjusts through these early stages of spirit living, the personality is integrated into the spirit body and these new spirit senses come to life, seamless in forming and acting in the personality. This be said the same for the mind attribute and its function in the spirit body personality. So perfectly modelled are the Spirit Laws formed by God to ensure that this phase of an individual's transition into the spirit world happens without disturbance, interference or disharmony in the reconstitution of the personality from the physical body, to the individual spirits life now living in their spirit body. This is what the identity of death actually is, why it happens and why death is a required part of living. Humans do not live on the face of the Earth forever. Our experience has a finite conclusion with a continuance of life in the spirit world. Death provides the time that God's Spirit Laws safely integrate the shifting of each personality from their human living to their now spirit living.

From God's perspective, these workings were set in place before or prior to the first attribute of soul incarnating and the first mortal personality formed in soulful physical nature. And so, whilst what I am explaining sounds new the truth of the fact to these workings have been a reality for thousands of human years. Although human culture and social beliefs, experience and awareness has changed with the years, these Spirit workings and their act at ensuring the correct passage and survival of the individual personality from the human experience into the spirit experience have never changed or been altered to work or function in any other way.

The whole human body doesn't need to be reconstituted upon the completion of its life and immediate living in the spirit world, only that part of the individual that can function in this spirit environment needs to survive and this part of the human is the collective attribute of the personality which includes the attribute of soul. Most of the physical body remains to the Earth and its decomposition according to the social culture of its day. I say most because, aspects of the personality are influenced by the physical body and one has memory, and memory of their physical personality and so, whilst there is no physical evidence of the physical body present, most can remember and have memory of their physical body now they are in their spirit body. A human life is soul first, then spirit body, then human body. Of course all three attributes compose one individual finite personality. From my perspective living with the Immortal Love, I have learnt that everything human is soul and this is demonstrated in the condition of each soul reflected in the spirit body and the personality of the individual upon the commencement of their living in the spirit world.

God is Soul and Spirit. This is a brief description of the most complex individual universal creation ever formed. For the purposes of this work, this description is more than adequate otherwise we can become lost in the detail. Truth of it is that one could write on a page that lasts forever about the nature of God and still there would not be enough ink in the world to fill it. God has other mortal universes going on in other places and the same Immortal Divine Love that is present for us is present to those mortal personalities. There is only one Immortal Love that serves every single finite mortal personality, and for good reason! The economy of God reveals perfect nature and because there are many formations of mortal personality in their own universe, this doesn't require unique Immortal Loves to exist to fulfil the potential of us all.

The attributes of the human personality are spirit body fit. The attributes of the spirit body are soul perfect. And, the attributes of each finite mortal soul encompass the spirit body with its attribute and the physical body with its attribute. The determining principle in the way the Spirit Laws work at the time of transition of the personality from the human world into the spirit world act in accord with the soul and

not with various other intrinsic aspects of information and experience. In a snapshot of vision, God works from Soul in accord with soul and from this fundamental position, which includes the most telling of Spirit Laws, all other Spirit Laws that act with the spirit body and the physical body must follow in accord with these greater soul Laws. Quite literally, God the Soul takes or brings each human soul across The Great Divide of human death and birth into spirit life whilst perfectly integrating, maintaining and sustaining the attributes of personality in the spirit body and establishing the spirit body fit for spirit living so that when the individual awakens in their awareness that one is alive it is complete and yet each person is unaware that such a soulful journey has happened.

A human death marks the end of a soul's capacity to survive in that environment and so, a transition must take place or something must happen, or else the attribute of soul that is incarnated would be compromised in its continuance of life. Fortunately this doesn't happen. God has ordained it to be that each soul continues to live and for this to happen, a transition of environments takes place.

If there has been a disturbance in the mind when one was human, and if this disturbance was involuntary then the mind is reconstituted between the spirit body and the personality to a normal function in the spirit world. If the mind attribute has a disturbance due to an affliction placed upon it that deformed its form by the voluntary nature of doing something to one's self or having one thing done to one's self by another, then, this cause of disharmony can create compensation which one will need to make amends for. And so, in the transition of a personality from the human world into the spirit world, the Spirit Laws in their workings will not co-mingle to negate the Law of Compensation, which after the reconstitution of a life into the spirit world, the personality may be subject to this Law of Compensation. There is no confusion to this although the Law of Compensation does not come into effect until the greater Laws have acted upon the soul in the time of personality transition from the human world into the spirit world.

And so, it is with these Spirit functions that allow for the personality to continue its existence in the spirit living in the spirit world, by no other means does this happen. I along with all of us here can see how, what I am explaining works because we have survived our physical human lives. Obviously, when we were living as people in our human experience on Earth, I along with most here had little or no idea about this experience of such intrinsic functions and their workings that ensure individual survival in a life after death. Now, we do know in our living proof of this survival, and we can look back on our human lives as spirits from our position of knowing our once unknowing of such things. I have learnt and can see how death is vastly important to the survival of the personality.

Are people meant to know about such realities? This is an individual concern, for such reality to become commonplace in the human world would mark a significant shift and change in the collective human world of experience and awareness. For those who do explore the afterlife and are seeking genuine answers in their experience, these works will certainly help adding a clearer picture so that one might have clearer vision on the nature of such spirit workings and how the soul, the spirit body and the personality form the image by which one can then move forward in their quest to identify the simultaneousness of these two existing environments – the physical human world and the spirit mortal world – and how they interrelate with one another.

There is no doubt that from my observations observing people who are aware of the Divine Love, that one relates this Love as being other than human-made, though made for the human soul. As far as I

have seen, we who know and live with this Divine Love in our lives take a keen interest in how the experience of Divine Love transpires in a human experience. It gives me good delight that most who enjoy and participate with this Love recognise its true Spirit value and potential. The Divine Love comes from the Soul origin, God and I see, most agree on this and this be the Truth as to the origin of the Immortal Love. Also, most experience or see the Divine Love as a truth of spirit and soul and so by being aware of this Love one feels that they are in touch with a Truth that becomes part of one's soul nature therefore this experience places one in touch with their spirit-nature which in turn causes one to recognise that there is a life living after human life and that a spirit world and spirits exist. It is important to recognise that spirits were once human ourselves! And that even though we selectively choose – as you do – to participate with God and involve our selves in the experience of the Immortal Love, that we here in spirit visibly see that the Divine Love still has Its origin in God the Soul and that a Divine Love experience doesn't end by one being simply a spirit in the spirit world.

I like to observe with discretion how the experience of Divine Love in a human life and so, I am fascinated at how people experience this Love and learn about Its nature when clothed and immersed in their physical body. I have learnt, as many of us have, about this aspect of living with the Father from people's human experience. I never judge another's experience for I have seen how individuals judge their own experience as they hew out their destiny with God. Most people in their Divine Love experience have very little contact with Celestial spirits or can perceive the reality of how the spirit world works. I have the advantage of seeing what people cannot see and I know what most deem as unknowable on how the intrinsic workings of the Spirit Laws function with the soul, spirit body and personality. In no way does one's inability to see and converse with Celestial spirits belittles the experience of one who is endeavouring to embrace the Immortal Love in the trials and tribulations of their human life. To me and to all of us here, there is no separation of experience, for we know that the Divine Love present and available here and wherever mortal souls experience life and so, each unique environment perceived by us as being an equality and part of the great forming of environments in which God has enabled mortal nature and Immortal nature to live and experience Love and Spirit in.

If a person struggles in their experience of integrating, identifying and accepting the Divine Love and Its origin, Celestial spirits understand this and I admire one's persistence of faith as one may continue to doubt the actual validity of what they are doing by trying to accept an invisible Immortal Love into a soul that one hardly knows to be the true individual nature of ones' self. I like how the nature of God is explored, by those who recognise God's universality and how a personalised experience in the Love, the Divine Love of God inspires or settles one's heart and mind.

The only thing I don't like to see in a Divine Love experience is when one who has experienced the Love and found the Truth of It then by reason of their own desire for self-importance in the deceit of power, manipulates other people to suit one's self so that the individual error is then confirmed as a truth and deceives people who are honestly and sincerely trying to find the Immortal Gift, the Divine Love and to learn of Its' related truths. Anyone who does this, and there are those who have, there are those doing this and there will be those who will, will pay a heavy price in their compensation that will be collected by that kind of individual when they commence their living here in the spirit world. Even when living with the Divine Love no human escapes the Spirit Law of Compensation. It is an error for one to think that simply because one is with the Divine Love and one has this awareness as one is living among people who have yet this awareness of the Love, that the one with the Love has more authority and power over another by imposing themselves simply because one knows a Divine Truth when the

other lives solely in their natural truth. The Celestial teachers go to great lengths when teaching us about the correct way of introducing the Origins' Love and how this Love might be obtained. We learn so that in our help to create this awareness of the potential for this Immortal Love, we do not commit an error when teaching or introducing the Love.

It must be said there is a responsibility living with the Divine Love. And, living with the Love ultimately teaches one self-respect and universal responsibility. This is visible here in the Celestial Heaven and from this universal responsibility comes great vision and freedom. If you look at life on Earth everyone is on the way in their learning of how to take responsibility for one's self or another and, for the environment they live in even though this experience is often immersed in complete irresponsibility. The choice for Immortality can never be taken for granted, treated lightly or highly underestimated. Where would the world of man and spirit be if it were not for God?

This has been a well-received message, thank you  
Your Celestial friend  
Jude

**DIVINE LOVE:**

<http://www.fcdt.org/divinelove.htm>

The words "Divine Love" have been used in many contexts to convey different meanings. But in the context of our Heavenly Mother and Father, Divine Love is the greatest gift in all the universe. It transcends all else that can assist humankind fulfil their dreams of happiness and have them resolved within themselves. God's Divine Love is the one thing in all of God's infinite universe that can bring about eternal life and everlasting happiness in the Celestial Kingdom.

***What is Divine Love?***

The Divine Love differs from the natural love of man with which he was endowed when created, which belongs to all humans, and which they all possess in a more or less perfect condition in this: that the Divine Love is that Love which belongs to or is a part of God, possessing Their Nature and composed of Their Substance, and which, when possessed by a human soul to a sufficient degree, makes him divine and of the nature of God.

***What is the New Birth?***

The New Birth is simply the effect of the flowing of this Divine Love of our Mother and Father into the soul of a man and the disappearing of everything that tends to sin and error. As the Divine Love takes possession of the soul, and one embraces Feeling Healing, sin and error disappear. It, the soul, becomes of a quality like the Great Soul of our Heavenly Parents. And with the Soul of the Mother and Father being Divine and immortal in Its quality of Love, so, when the soul of man becomes possessed of this quality of Love, the soul being the man, this soul becomes divine also. Then, the image becomes the substance; the mortal becomes the immortal; and the soul of man, as to love and hope, becomes a part of the Mother and Father's Divinity.

***How does one receive the Divine Love?***

The only way is simply this: that men shall believe with all the sincerity of their minds and souls that this great Love of our Mother and Father is waiting to be bestowed upon each and all of them; and that when they come to our Mother and Father in faith and earnest aspirations, this Love will not be withholden from them. And, in addition to this belief, that they pray with all the earnestness and longings of their souls that our Mother and Father will open up their souls to the inflowing of this Love, and that then may come the Holy Spirit to them to bring this Love into their souls in such abundance that their souls may be transformed into the very Essence of our Mother and Father's Love. The soul who will thus believe and pray will never be disappointed, and the Way to the Kingdom will be his as certainly as that the sun shines by day upon the just and unjust alike.

***Take the test.***

Too often we are told to believe something based on what we are told. You don't have to "believe" anymore. Now you can have physical proof of the existence of God and Their Love for you?

*"test my teachings that the Father's Love was now available, and pray for it to the Father in earnest prayer, and see whether, if this was done in sincerity, the Father's Love, conveyed through the Holy Spirit, would burn and glow in the soul, by which sign they would realize His Love was present therein." – Jesus*

Take it to heart – earnestly pray for God's Divine Love and feel the glowing of Their Love in your soul. Jesus gave us the Prayer for Divine Love to help us in our prayers to our Mother and Father.

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

### **DIVINE LOVE – what does it do?**

The divine gift from asking for and receiving Divine Love will steadily, but with certainty, raise one's quality of life and also of all those around such a person who is seeking and receiving this Love.

The receiving of Divine Love, which is a substance, with certainty, progressively:

- Raises one's love for those around them, whilst embracing one's Feeling Healing.
- Raises one's perception of all things – naturally grows one's intelligence – soul intelligence.
- Enables one to feel and resolve negative emotional issues more readily during Feeling Healing.
- Humility becomes self evident. Humility enables one to feel their errors and emotions.
- Divine Love strengthens one's resolve to express errors, emotional injuries and untruths.
- Divine Love with Feeling Healing to remove emotional errors, enhances one's health.
- Divine Love enables one to become more childlike – not adult serious at all times.
- Divine Love raises one's capability of feeling – no longer needing to be mind controlling.
- By becoming feeling orientated, one no longer is mind / intellectually dominated.
- The strength to fight and overcome sin and error is strengthened through the Divine Love.
- The Law of Compensation process is more resolved by Feeling Healing with Divine Love.
- Receipt of Divine Love grows one's faith, beliefs become faith and then knowing.
- As our faith grows our intensity to ask and then receive Divine Love grows.
- We begin to follow our passions and desires, no longer fear and mind driven.
- Truth being told at all times then progressively becomes a way of life.
- Our quality of life blossoms, our finances and relationships prosper.
- Man creates his own environment, seeking Divine Love can vastly improve one's environment.
- Health carers receiving Divine Love enhance healing outcomes beyond comprehension.
- Receiving Divine Love may assist in bringing a struggling marriage back into harmony.
- You progressively become dependent upon our Heavenly Parents, not self dependent.
- Personal growth in love directly assists the soul condition growth of one's children.
- Divine Love assists one's rate of soul condition to progress whilst embracing Feeling Healing.
- Divine Love is a substance that changes the human soul to that of the Divine.
- Without Divine Love, one cannot progress into the Celestial Spheres (8<sup>th</sup> sphere and higher).
- Divine Love, with Feeling Healing, enables everlasting Love and Life in the Celestial Heavens.

“The Law of Compensation doesn't operate on isolated actions, but on the overall condition of people's souls, because the deeds are the consequence of this condition. Our behaviour is the reflection of our souls. Never see isolated deeds, always see souls whose condition leads to certain deeds. It is the soul condition which determines the motive and consequently the action. It is our lack of trust in God, this ultimate and definitive trust, which only soul development may give us. This lack is why we suffer.”

Judas of Kerioth 5<sup>th</sup> October 2001

As you grow in love, illness issues abate, financial security improves, and your treatment of your fellow man is the same as how you would like to be treated. You grow in natural intelligence; your perception on many subjects becomes profoundly more loving and supportive of and for your way of life and how you interact with your fellow man.

This quality of life and love permeates and extends into every facet of your physical life and continues to grow as you progress on your journey within the spirit world.

Your capabilities to ask for and receive Divine Love is a gift between you and your creator, God. You do not need an intermediary, nor do you need to join with any organisation. This is your own personal journey and experience. You can share this with others, but no one can take it away from you.

This Love will elevate the human soul to a condition that it may perceive the spiritual truths which God has waiting to be revealed to His children who aspire to understand the nature of the divine and what their true relationship to Him and their family of souls is.

“Keep faith with God, and be open to His Love, and you will overcome with confidence and, indeed, peace of mind, optimism and happiness, those circumstances that seem to mar the fulfilment of your years.” Mary (mother)

### *Prayer of the Heart*

I encourage the heart that prays to the Father for the Divine Love. I encourage the heart that loves the Love, and with sincere aspiration, feels for the Love. If there be any doubt, loss of faith or hardship of heart, I encourage the heart not to give up or give the Love away. The Father hears your prayers and the heart be rest assured in this. Never will a good heart be forsaken. As the Father does so do I, see and hear your heart, and prayers for the Love and the needs for wellbeing. Never give your heart up; trust in the One who knows your true heart, and there the Father loves you. One may never fully understand the intricate workings of time, past present and future, but the heart knows faith and Love and the Father Loves a good heart. Pray with faith, and in your heart my truth and the Father’s Divine Love meet you there.

I have given you this prayer of the heart so that men and women may draw from its words, strength, love and faith

Your beloved friend and companion,

**Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.**

**The BEAUTIFUL MIRACLE:**

5 Oct 2012

**The DIVINE UNIVERSE**

The way in which the Spirit conveys the Divine Love into the soul is a beautiful miracle. The attribute of mortal soul prior to incarnation has to it, a potential within it that is part of its formed nature. After the soul incarnates this potential remains part of the soul and even if the forming personality is unaware of such a soul potential, the potential still exists. The Divine Love is entirely suitable in its energy of harmony to be the energy that a mortal soul can utilise. The Spirit covers the spirit body when the individual sincerely asks the Soul of God for the Divine Love and this covering of the spirit body is where the dynamic of this beautiful miracle takes place. From the internal longing of the individual for the Divine Love this activates the Spirit Law that activates the Spirit that is then attracted to the spirit body upon which the Spirit material of the spirit body draws the Divine Love in to its soul and this union completes. The key here is to gain a perceptive insight into realising that the spirit body is not an inert body but that it is living and has activity, recognisable from its first forming from the Spirit Law that materialises a spirit body. The Spirit and the spirit body to give an analogy are like two attracting magnets and when the surface of the spirit body is touched by the Spirit, this causes the automatic response of the Divine Love to permeate into the attribute of soul and so begins the transformation of energy from the natural into the Immortal Divine Harmony. If the individual continues the receipt of Divine Love, the energy that is Divine Love actively begins to change the soul and this is felt in the spirit body systems and can produce feelings of love and elation. The spirit-mind begins to change as all spirit body systems are affected by the changed condition now experienced in the soul as the soul becomes living and vital. In one's progression of this Divine transformation, the soul will mature enough from the amount of Divine energy it receives and at that moment the surface of the spirit body and the Spirit are continuously attracted to each other, then one is living in the presence of the Father in perfect harmony, and this clarifies the truth about what it means to be truly at-one with God.

[www.lulu.com](http://www.lulu.com)

It is I Matthew, a teacher of the Divine Love. I have communicated with you recently, now I desire to provide you with a visual description of the Love.

Imagine a continuous Energy shining light blue that is unbroken with a seamless surface that surround every mortal and Immortal spirit. Imagine if you were to become aware that this energetic field of light-blue Energy existed in its shining radiance just near where you are. Now that you are aware that this unbroken Divine Love is unified energetic field of living Love, by opening toward the Soul of God and aspiring for the Divine Love, the Acting Spirit gently brings a small portion of this shining blue Energy into your soul

The Divine Love that you have received remains part of this great Energy that the Divine Love is and even though this small portion of Divine Love, now within your soul, in its shining radiance and energetic cause, it is never separated from the continuous energetic field of Energy that the Divine Love is. Having partaken of this Energy it is with perception that one is aware that the Divine Love within one's soul is the same Divine Love that every person and spirit who has partaken of this Love, participates with. Even though in our individuality we partake of this Divine Energy, this Love is never broken away from the Source and Origin from which this Divine Love emanates.

The Divine Love is bestowed into our finite soul by the Acting Spirit, but this Spirit remains in contact with our spirit body and does not enter the finite soul to become part of our finite soul essence that we are. No mortal or Immortal spirit can manifest in their soul the Acting Spirit so that this Spirit – this Holy Spirit – becomes part of our existing finite spirit body. Only the Divine Love and its Energy becomes part of our finite soul, which causes the change to our spirit body. The Acting Spirit always remains its own attribute and never does a Celestial spirit claim ownership or take possession of the Acting Spirit within their soul. (The Holy Spirit / Acting Spirit is an instrument of the Source Soul, our Father.)

This is one of the wonderful Truths by which we who have been transformed by the Divine Love understand our personal relationship with the Father's ever-present Acting Spirit. The shining Energy of Divine Love is all around us and when we have partaken of this Love, part of our finite nature becomes independently shining in this true perfect Love.

I provide these words that may appeal to those who are visual and to express the universal appearance of the Divine Love and the personal touch when in contact with the Acting Spirit.

Matthew (Apostle)

**Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.**

To liberate one's real self, one's will, being one's soul, is by embracing Feeling Healing so to clear emotional injuries and errors. With the Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

**Our salvation IS by embracing Feeling Healing with the Divine Love.**

**God's Divine Love: Pray for it, ask for it, and receive it.**

**Please Mother and Father, may I receive Your LOVE.**

**“Every day is a day of devotion.”**

**Follow your heart, follow your love and do that in loving action, your inner love leads in your asking the Soul of God to receive a little of the Love to strengthen one's resolve to heal.**

**“I love you Father.” “Let the Divine Love proclaim its energy into my soul.”**

**“Mother – Father, I desire your Love and I am loving you.”**

**“Soul God, I love you and I love receiving and experiencing your Divine Love.”**

**“True Soul God, I am here, I am aware of your Love. Please hear my aspiration for your Love and as I approach you from my soul, I can feel your Love in the way that you are loving my soul.”**

**Try it; give the Feeling Healing and Love a go! If you want to shine, receive the Love.**

**One can simply receive the Love without following any religious or spiritual teaching taught by man!**

**Emotional errors and injuries cause encrustment around the soul, the soul is never damaged however, the encrustments retard love energy flow to and from the soul. Feeling Healing melts such injuries.**

### **Three Great Truths:**

- **God is Soul, being Mother and Father;**
- **that each individual soul is a duplex – both male and female;**
- **and Feeling Healing with Divine Love is the pathway to Paradise.**

**Prayer for Divine Love: (extract)**

**“We pray that Thou will open up our souls to the inflowing of Thy love, and that then may come Thy Holy Spirit to bring into our souls this, Thy love in great abundance, until our souls shall be transformed into the very essence of Thyself; and that there may come to us faith--such faith as will cause us to realize that we are truly Thy children and one with Thee in very substance and not in image only.”**

Oliver Twist asked: "Please, sir, I want some more."  
Maybe we should consider asking:  
"Please, ***Mother and Father***, I want some more."

**God's Divine Love: Pray for it, ask for it, and receive it.**

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:****James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on them selves and doing their Healing.

**Feeling Bad? Bad feeling are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing****Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:****The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book****Release one's pain through expressing one's feelings.****in conjunction with****Longing for the Truth when also longing for Divine Love.**

**FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.**

**Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.**

**Primary and most important readings are the writings of James Moncrief.**

**Then consider the Padgett Messages, and then The Urantia Book.**
