Living Feelings First, *John.*

“Never can one man do more for another man than by making it known of the availability of the Feeling Healing process and Divine Love.” JD

HARMONY of the UNIVERSE:

Andrew Glazewski (1905-1973) was a physicist, a scientist, a healer, mystic, priest and charismatic speaker. Born in Poland, he settled in Britain in 1947 after serving as chaplain to the Polish forces during World War II. For twenty five years he was parish priest at Ilford Park, a settlement of Polish exiles in South Devon. His published papers examine the nature of gravity, the human field, the Earth's magnetism, the mechanics of prayer and the theory and the practice of healing. A close associate of Sir George Trevelyan, he was influential in the founding of the Scientific and Medical Network. His teachings are a unique blend of theology and science, imparting a spiritual vision accessible to all.

Harmony of the Universe takes us on a journey to the heart of nature where we find music, mathematical proportions, and the fields that organize all living processes. Andrew Glazewski, Poland's much loved scientist, mystic and priest explores the science behind healing, the fields of crystals, plants and human beings, and how those fields determine our physical well-being. How we can use our hands to heal.

By removing our self-imposed psychological blocks we can become aware of our field and increase our sensitivity to spiritual worlds. He offers practical techniques for prayer and meditation to enhance our spiritual life, ultimately to know our Divine nature.

Editor's Forward

“You’re not your body. Your body is only a radio transmitter. You are not the radio, but the radio waves that exist far beyond your body. You are the field that surrounds your body. You’re only conditioned to believe that you’re inside your body. Your body is actually inside you. And with practice, you can change your point of view to that of the field. That’s the real you. After you die, you won’t be lying in any grave.”

The Science behind Healing

We generate a field by emitting heat – infra-red radiation. What is infra-red radiation? For those who don’t know, it’s the same kind of radiation as light waves, or wireless waves – electromagnetic radiation. Every one of us emits infrared which later causes heat in the vicinity of the body. It travels with the speed of light, 186,000 miles per second. Now, what’s important is not the strength of the field but its pattern, formed by the superposition of electromagnetic waves emitted by every cell in our body, by the surface of the skin. The pattern is unique to each one of us. In one eighth of a second this field covers the entire earthly globe,

and, depending on your age, extends on into space for twenty or sixty light years – far into the galaxy, far into interstellar space. And if I (Fr Andrew Galzewski) were to go to the edge of my field and look back at the Earth, it would be like looking through a telescope, and there far away would be the Earth and my body. My field covers this colossal space. This field of heat contains my unique pattern.

Medical people would know that in medicine today we use the medical thermogram – a photograph of the skin in infra-red radiation. Strange to say this field shows a heat pattern of the skin that shows certain illnesses, certain dysfunctions.

This pattern changes with our moods, with the emotions of our personality. It is obvious that our emotions have a definite influence on our health pattern. Also, that over 80% of all illnesses are due to emotional stress. There’s no doubt about it. Emotions change the pattern of our infra-red field.

Infra red waves have a wavelength of several microns. Now those waves add up, one here, and another a little bit longer, and another still a bit longer, to build what we call in physics, a wave form. In three dimensions, this heat forms a pattern, a unique pattern that changes with the person’s mood. This radiation carries with it the picture of its form. So in the radiation surrounding the human body, in the field, you have all information about the human body, everything that is going on in your metabolic exchange. In the future, medics will look into the field for that information and not into the body as they do now, because the field carries much more information: about you and your emotions, much more than you can find out through the chemistry of the body.

Another form of radiation that surrounds the human body is sound. A doctor working with a stethoscope uses sound to make a diagnosis.

There is a third field, and that is electrical potential, evident when you take off your shirt and hear it crackle. Research on the electrical potential of the human body has been done for quite a long time. Sometimes it reaches 14,000 volts, but it's usually around 600 to 700 volts. Electrocardiograms and electro-cephalograms work on this basis. The change in the electric potential of the skin gives you information on what is going on inside.

This field will also change according to your mood. If you're angry, very angry, not only do your blood vessels change but within one minute your red blood corpuscles increase by one million. Your temperature rises, your capillary vessels enlarge. You're making all sorts of noises. What's happening? You're in a cramp. In the meantime your skin emits more energy because your capillary vessels enlarge and more heat is emitted. So obviously, the field around you is totally different because of your anger. If you are frightened, you become pale and your field emits much less heat. So, your moods, your emotions are reflected in the field. From your field you will not only find information on your metabolic exchange, but all information about your moods, about your temporary moods or permanent moods. And if you are jealous, it will definitely affect your field, your electromagnetic field in the form of infra-red radiation. Your sonic field will be affected as well.

The body's field seen from a bird's eye view has certain layers that can be felt by the hand. If you introduce your own field into somebody else's field, tune in with the use of the imagination to investigate this field, the electrical nervous impulses will pass through the hands and so to your nervous system, and you will feel only what you want to find out. It's your moods that produce your sensitivity to this peculiar field. And I found to my amazement that these layers around the human body are not regularly spaced, but form a pattern, a cluster here, then nothing, then another cluster.

You may find out, for instance, in sensing the spectrum of the human field, a certain dysfunction, two or three peaks that are strong. You put your hand there, never mind how to do it, and with your hand you can clear that pattern. And that particular pattern of heat and sound will not be refracted, but will be reflected back to the human being, so that the feedback is re-introduced. And once the feedback is restored, the subject will feel much better.

I find the bio-chemical approach too crude. Generally, I approach the human being as a very complicated electrical network. Every nerve is carrying an electrical current, every biological cell produces electrical activity in its electrolytes. Medical students know that pH and rH are electrical quantities. It's all a big electrical factory, and this electrical factory must have an electrical field around itself. If you start to work with this field, you are much closer to the actual structure of the illness than you can be

with chemistry. With chemistry you can find out something but if a certain pattern is lacking in the field, it may not show up in the chemistry.

I've (Fr Andrew Glazewski) explained in a very general way, how the technical side of the human field works. It remains to say a few words about the psychological aspect of this problem, and how this whole thing links with faith. Suppose that one of you whom I just met has an intense dislike for me. Fair enough, I don't blame you. And we meet at various social gatherings. Eventually my friends tell me, "This Bill hates you." Well, I'll not pay attention to the first friend, but then the next one tells me and then the next and finally I start to believe it. And once I start to believe, instead of going to Bill and saying to him, "Do you really hate me or not?" I believe it and become resentful, develop a negative emotion, and this negative

emotion penetrates my nervous system, and from there enters the field. Through this set of beliefs, and this is a belief, that he hates me, I stir up certain negative emotions, that in turn create a nervous tension in me, and this in turn stirs up a negative functioning in part of my body, fitting with my emotional pattern, and my emotional distress. So you can see that belief can be a very important factor in stirring up emotions and producing a real dysfunction in the body. But it can also be a revitalizing process. If I for instance harbour hatred through a set of beliefs that Bill doesn't like me, that he wants to kill me, but after a certain time I realize that he is my friend, the emotion will dissolve. What a relief! Immediately the correct electrical signals are sent through my nervous system, all the nervous tension is released and out of the blue I'm back to normal again. Anger, lust, they will affect my kidneys. Shaking that, I am normal again. And there's no use in taking pills when the root of the cause is psychological. So you can see that a set of beliefs has definitely a bearing on the problem of health.

If Christ said, "Your faith has saved you," he referred to the set of beliefs that somebody can release my cramp right here, my negative attitude toward life. When Christ healed, he always did something, he moved his hands, or he did something. And this something had an effect. He said that a set of beliefs opens the gate to something that saves you.

So when we refer to "faith healing" it's not the faith as such. Faith opens the gate; relaxes your negative tensions, brings you to peace with yourself. And that may be the basis for further improvement in your health, but there must be action from another plane.

There must be a natural law behind this healing phenomenon. There's no doubt about it. And this theological argument doesn't destroy faith whatsoever. It reinforces it. Because faith is a rational business. Not irrational, something out of the blue. God has given you and me and all the others a reasoning ability, so all our beliefs must be reasonable things. I knew that if I looked for the science behind healing, something would come up in the natural world. Something did, and that was the Field Theory. The force field is what I call the Psycho-Physical field. That means, my psychological phenomena, my psychological moods, my psychological collapse or elations will be reflected in the field, and will, clear the field or make it denser according to my positive or negative emotions.

The field is everywhere, if I tune in I do not tune into the field at a distance. I tune into the field here, wherever you are. It doesn't matter.

Some times when you are dreaming, you see some events. Then two days later those event happen to you. Time is a field as well. Or you go to a place where you've never been that feels familiar, and then you find out that you dreamed of it. How did you find that place in your dream? With your eyes? Your eyes were closed in bed. How did you see those different things? By your field. Your field picks up signals from far away and brings them back to you. Infra red radiation goes out into the surroundings, reflects and brings back information, in impulses that are so weak that they are below the threshold of consciousness. You don't notice them. But if in a dream, you remove the blockages, the threshold of consciousness goes down, then a very weak impulse can reach your consciousness. You can see in dream a place that later on you come upon, and think that you've been there before. Well, simply you were there.

Your head is not thinking. The thinking is in your field – the Organizing Field. Your thinking is in your field; the brain is your transformer, the wireless that brings it to your consciousness. That is my transformer of consciousness to the physical field. If you study Gustaf Stromberg's paper on the Organising Field, you'll find out that it is outside space and time. It is a non-physical field, a Primary Field, Stromberg calls it the Soul. He says that's the only way he can talk about it but the name doesn't matter. It's something that is outside space and time. I have been talking to you today about the Secondary Field transmitted by your body. However the Organizing Field is the cause of it. It influences your body. Your thinking takes place through the Organizing Field, which is outside space and time, and therefore the whole universe is affected by it. This theory of fields can explain many phenomena: telepathy, how plants respond to your moods, your thoughts and your anger; many extra-sensory phenomena are immediately explained, there where a solution should be found. So also the healing.

A crystal has a set of proportions, a beautiful architectural structure. There was German scientist called Gottlieb, a famous scientist who investigated the set of proportions of a crystal and the angles of reflection, and he found out that these proportions are, strangely enough, a musical set of proportions. Another German scientist, Dr Mayer Ibach also investigated crystals. He said that in medicine we would only obtain accurate knowledge when we introduced mathematics into it. If you prove that the human body is a result of electrical phenomena and electrical networks, you can get to the diagnosis by measuring differences in the electric field.

After studying crystals, Hans Kayser started to measure the set of proportions of plants. He found that they worked out as 3,4,17,10 and so on. It eventually boils down to music. Because in music, if you take the middle C on the piano, 256 vibrations per second (Hz / Hertz) and a certain length of the string, a certain tension and so on, the next harmonic, an octave higher, will have a string of half of this length but will vibrate twice times as much, 512 vibrations per second. The next harmonic will vibrate three times as much, and the length will be a third, then the fourth. So he took middle C as unity, and he wrote harmonics as $1/1$, $2/1$, $3/1$, $4/1$. The major scale set of proportions. Going down from C he found the minor scale set of proportions. And applying this to plants he found that plants grow above the ground in a major scale set of proportions and below the ground in a minor scale set of proportions.

The artwork shows how the human body functions as a harmonic oscillator as well. It's harmonically built, an art form in itself. If you go into the physics, you find that the atom is a harmonic oscillator reverberating to the main field in the nucleus, and that is the music of the atom. So obviously the human body is a collection of oscillations, of music and artwork in itself.

This is why in a certain Paris hospital they'll prescribe for you to listen three times a day to the sound of a raindrop, or the D major sonata of Beethoven because there are certain tones there, and there are certain tones in the dysfunctional sonic field that must be abolished. Now that can again be very painstakingly analysed by computers, to find out what tones are for what illness, and how art or music can penetrate the human field and affect your health.

You can heal with your hands, you heal the field. You restore the feedback, and through that feedback the body starts to recover. It's not that you heal the body. You heal the radiation and reintroduce feedback into the body.

Everybody can cure, that there is a field medicine, and that you can go into quite a different world when you start to live in the world of proportions, when you meet the world of the subconscious and over-conscious mind.

STAGES of MATTER:

Matter becomes finer and finer and more incredible within each phase:

Angels

Angels are not winged creatures with nice faces. They are certain patterns of proportions; intellectual patterns that are self-conscious as we are self-conscious. Just that we have a body, neck and head and they haven't got them.

Now angels are something of a set of proportions in that sense but without being incarnate or having a body.

Your field is the result of your physical, emotional and mental life. It is also a set of proportions that according to the way you think and imagine things, sends respective impulses throughout your body corresponding to your emotions, every minute, that produce a change in your field. So your set of proportions reflects your moods.

Your field is something that is outside your body, as a set of proportions, and which is actually related to electromagnetic phenomena as well as other mechanical phenomena such as sound. But when I talk about an angel as a set of proportions that is aware of itself, I'm talking about a different thing. Once you realise that your thinking is in the field and not in your brain, the brain only being a transformer from the inner field set of proportions to the material field, then you will realise what an angel is. You can call it a set of proportions in a field, which is not the Secondary Field arising from electromagnetic and other phenomena, but is the Primary Field which we call Soul.

But if you want to expand on this conception of Soul then the angel would be the Primary Field without manifestation in the material world. But I suppose it can create a manifestation in the physical field, such as electromagnetic and so on, by the power of his will, of his consciousness. This, an angel who is your partner for life, is somebody who has a similar set of proportions as you and therefore he is in relationship with you. And we call it our Angel Guardian – the name is irrelevant. It is your partner. It is somebody who fits with your set of proportions, and therefore he is connected with you. As your set of proportions are outside space and time, therefore your angel is outside space and time. It doesn't matter if you are here or you are there. This set of proportions is with you everywhere. Just as the set of proportions 3,4,7,8 and so on, is not necessarily bound by space or with time. It's outside all those phenomena. Now that is an angel. Its set of proportions can be compared to a kaleidoscope, to pictures you observe in a kaleidoscope. You have to imagine them not in two dimensions but in three dimensional space, although they're made of glass pieces. Because the set of proportions produces a certain kind of presence in space, therefore he can express certain properties of light that I can see, an optical set of proportions, so beautiful that you are absolutely held by it. You can't take your eyes off it.

It's impossible to describe it. How can I describe it? It's a personality by itself. An angel. According to theologians, every angel is a species unto itself, because it exists in its specific strata. Each one is absolutely unique, as is each human being, and as is every atom.

Every atom is a pattern by itself. There are human sets of proportions, plant sets of proportions. According to the work of Hans Kayser, they're all harmonic phenomena. If you take middle "C" on the piano, 256 cycles per second, then the next octave is twice that, 512, then the next is 1,024 octave and so forth. The first one is represented in standard notations as 1/1, the second will be 2/1, 4/1. If you go downward from middle "C" you have 1/2, 1/3, 1/4 and so on. So once you get into the world of proportions as such, which are always musical proportions, also in the field, then you go into the place where 3/4 or 7/8 is irrespective of space. Therefore it doesn't matter whether an angel is of atomic size or astronomical size. It is still 7/4 and therefore every atom and every astronomical body will have its own partner, according to the set of proportions of the field. And that agrees with statements of old theologians as Thomas Aquinas who concluded that every planet has its own angel. Its own partner. But, concluding from our investigation, every atom would have its own partner as well, because it is a set of proportions. How can an atom have a partner for an angel, or a planet? We know from the Bible that every region, every glen has its own angel, but how on Earth can every atom?

[Our soul, prior to incarnation, splits into two complete halves, one half incarnates into a male body and the other half into a female body. Thus we each have a compatible partner, a soulmate.]

We don't understand it because we still have the concept of size in our mind. But in the world of proportions there is no size.

According to Thomas Aquinas, a lower angel cannot talk to a much higher angel, unless he uses certain channels, because he speaks a different language.

In the angelic world you have a different phenomenon which is called Grace, or participation in divinity, and this is participation in divine life. In view of the enlightened divine set of proportions which are unique for some, those angels can communicate immediately between all levels. So here you have the species of angels. If you talk using a long-wave radio set you can't tune into it with a short-wave radio. But if you have a converter, then you can. The same thing occurs between angels.

[Progression from the Celestial Heavens into the Eternal Spheres requires the learning of a unique language to fit one for the entry into the Eternal Spheres.]

The lower angels are much more complicated than the higher ones. The higher you go the simpler they are. Theologians say that God conceived the whole world through one word, one concept and that means his own Son. [With this statement one is not referring to Jesus of Nazareth.] The higher angels must have at least two concepts. We have immense concepts for each particular object. But always, a set of proportions enters our mind. The mind attempts to adjust its set of proportions to the object, and then they match, and we understand. Angels are sets of proportions harmonically, harmonics but of different kinds. Here we have an explanation for the choir.

The third thing that is essential about angels is that they are serving spirits, as St Paul says in his letter to the Hebrews. What does this mean? It's that their essence is to serve, not to be served. It's expressed in the Bible where St Michael said, or Our Lady said, "Lord let it be according to thy will." They are obedient. Now what does obedience mean? It doesn't mean that I give you orders and you carry them out. You are listening to the laws of nature, and then when you listen properly to them and grasp them, then according to the laws of nature the angel will obey you.

Obedience means a resonance; fitting into a certain pattern. In order to cooperate, a serving spirit needs a willingness to cooperate with somebody else, and not only with somebody else but with the whole universe. Because angels grasp the harmony of the universe as being something that fits in with them, which will enlarge their consciousness and will give them an infinite possibility of joy. Then the whole universe is playing with them, and they are playing with the whole universe. That is a serving spirit. The spirit that says, "I shall not serve" says, "I want the universe to fit in with me but I shall not fit in with the universe. Therefore I am miserable by myself."

So here you have the explanation of the serving spirits. They are willing to cooperate and willing to do anything they can to play the game with those they are connected to. The lower choirs are the Guardians, those who are specifically related to a certain object. The next choir is Archangels, then Principalities, and so on until the Seraphim who are glowing spirits of love. They will not interfere with your pattern, they will let you play your music, but if you tell them to do something about your music because you are not yet very good, not yet the master of the instrument which you have to play, then they will do everything possible

to help you. As a matter of fact they will always obey, and you can't give them a better pleasure than to tell them what you are fond of, because then they will mend your thinking, teach you to master your instrument so that they can enjoy the harmony coming from you. It is in their interest to do whatever they can for you, but they will respect your individuality and they will not interfere unless you tell them.

As every angel has its own particular pattern, every angel has a different function. One angel may be the angel of your home, but there are angels for each of your atoms, each of your organs which coalesce in the whole. You have millions of angels to yourself, to your body. You have another set of proportions which is your mental personality, your different needs and different moods, specific patterns for your joy, serenity, one for your anger and your desire. So in each case there is a different angel who is in charge of these things; specialists, for these are specialists. You can speak in any choir you want to but they can't. They are fixed in one pattern and they can't develop into another. But you can.

Angels are fixed, because they haven't got a lever to change. You can switch from the body to the field, from the field to the body. You are not a closed system while they are. So you can absorb two choirs, three choirs, any number of choirs and you can fit into all of them. You have that entire possibility in

you while they don't. All of Creation, the entire being of the universe must be for Man, for he has all the possibilities; but all other creatures have nothing.

Man cannot help the angels climb the scale, because they are fixed by nature, by the set of proportions they have, in the fields that are ordained for them, though with tremendous possibilities. You have a cable; you can play anything on that cable but you can't go from a cable to a guitar, because the cable doesn't have a guitar socket. You have all the instruments of the orchestra within you, so you can go anywhere you want. That is the greatness, the potential greatness of human beings. You have strings that can play Brahms or percussion, can play anything you want. You have tremendous possibilities. It's fantastic how the human being is so great, with wings, and how far he can go with the help of those sets of proportions.

You have to tell the angels what you want and then they do it. I've told you how angels helped me in different ways. So unexpectedly. I'm amazed at how they care about my tastes. Somebody once prepared for me something I don't like and then forgot about it. She didn't give it to me. And then she wrote to me that she left it at the delicatessen. She forgot it because the angel didn't want her to send it to me, because I can't stand it. It's amazing how it works. I never have a parking problem, if I think of it in advance.

[We all have spirit guides, interestingly they choose unusual names – Bethema, Sarun, Repethe, Sarah as examples. When one progresses from the Spirit Worlds to the Celestial Heavens one typically may choose a new name, such as MacAlvermac. All spirits in our local region Spirit Worlds have all lived on Earth.]

Remember always to thank them. Someone suggested very rightly that you thank them in advance, and then you have no problem when you receive something, but usually you're so thrilled by what you got that you forget to thank them. Well, you'd better thank them afterwards too, as you need to educate your spirit of thankfulness, which extremely important for the development of your personality. Thankfulness opens you up to certain possibilities, and the angels can infuse a higher power in you when you are thankful. I can't yet properly grasp this, but they said that I would grasp it later on. Well, fair enough.

Often I discover that they do what is best for me. So I'm never discouraged if something that I want doesn't crop up because I know that they are doing the proper thing. The whole thing will crop up in the best possible way.

Once you have developed a sense of proportion, of proportionality, rather I should say a sensitivity to it, a clairvoyance to it, and you live in the world of proportions, then you contact them immediately, because proportion are proportions. But when you are steeped in material things, you don't conceive of what you can see in the field world. You may find a set of proportions that is beautiful. Why? Because it is beautiful. The flower is beautiful. Why?

Well, I don't know, it's just beautiful. Eventually you see that it is a beautiful in its fragrance, shape, the colour, the whole thing and all in its environment because the flower grows according to the field impinging on the flower, and it will be beautiful in its respective surroundings. Now if you abstract the material field from the shape and you go into the set of proportions, and you start to look, then you have contacted the angelic world. You start to perceive it, not with the human eye because you can't see the shape, but you can see the set of proportions.

Are Pan and his nature spirits all part of the same set of proportions, one angelic stream?

I (Fr Andrew Glazewski) think that there is only one set of proportions throughout the universe, throughout Creation. And as you have solid, liquid, gas, and further states, there must be further development. It's only the materialist scientist that says I can't touch it or I don't smell it and so it doesn't exist. It's absurd, because you can't touch a set of proportions or musical notes, or a musical theme, and what he actually experiences is this; a set of proportions, but he doesn't see it. Materialistic people are absolutely hopeless. They can't see what actually they are dealing with.

Can there be any interchange between angelic beings and human beings?

Constant. There are many instances that survive. There is an old tale of an angel who came to Palestine and said all sorts of things. We don't know. How many angels do we perceive on the street, maybe an infinite number of angels? They can assume the shape of a plant, or an animal. I haven't got a clue. Here I can't give you an answer; it's a totally different world. But I'm quite sure that they can in certain environments, and for a certain necessity, being serving spirits, assume different shapes, and appear to the human eye. To material eyes. What would this mean? They could condense air in such a way that they would reflect or refract light. And therefore they would condense the field so you would perceive them with the physical eye. If you need touch, they would condense the field further, because they are obviously very powerful in manipulating energy. Matter is nothing but a form of condensed energy. Or say, condensed lines of space in a certain set of proportions, or arranged in a certain pattern. I suppose that they can do that too. We also can do this with the power of thought.

I would like to speak a little more about spirits; the nature of nature spirits. I told you about a scientist in this country (UK) who performed experiments with a revolving arm. It was an arm about two and half yards (2.3 metres) long and it could revolve 360°. In the centre was a container with radioactive material, and at the end was an electrode connected to an amplifier and loudspeaker. Now when he put an element into the container, then the radioactive discharge moved the arm. Relative to the Earth's magnetic field the discharge was always at a certain angle depending on the element. He studied an entire sequence of elements from hydrogen to the higher elements, up to uranium, and then the lower Lanthanides, progressing higher and higher to the human being. Each of these elements has its own

angle of discharge, where the discharge is most pronounced. But there remained 90° free – left over. And he asked me, “What’s there?” I said, “I don’t know but probably higher beings than us.” They might discharge there, but we can’t put anything in the container. Well, it would be an interesting test.

Would there be a discharge at that angle? If so then we’ll know that it is related to nature spirits with different set of proportions, but our eye doesn’t pick them up because light doesn’t reflect from them. Therefore we don’t see them. Maybe they can bend light. It’s quite easy to conceive of an instrument that could put a field around you that will bend light around you, therefore you would be invisible. I’ve seen photographs that seem to show them but I don’t know. I’m not saying ‘no’ and I’m not saying ‘yes’. I’m just keeping an open mind. So that’s what I can say about nature spirits.

They may be a higher development or a lower development than us. They don’t seem to be angelic beings. They’re some sort of different creature. They’re in resonance with the proportions of plants and with stones, and humans, but their nature is not so high. Not so spiritual. They may only be electromagnetic in nature, while angels are much higher than electromagnetic. If they are only electromagnetic, they should be detected by instruments we have now. Or they could have a special waveform, and because we haven’t produced an instrument to detect such a wave form, we can’t pick them up.

Today the police use not a very high frequency band of superposed wavelengths for communication. Maybe one day someone will produce an instrument that picks up a waveform that will show all sorts of things in a room that we don’t perceive. So that is one possible explanation for nature spirits that belong in a different world. I keep an open mind, because if people see something through the ages, independently, there must be something objective. So you have to keep an open mind.

By living true to ourselves, true to our feelings, we are living true to God. It’s that simple.

Our Heavenly Parents simply desires for us to ask for Their Love.

“Every day is a day of devotion.”

Please Mother and Father, may I receive Your LOVE.

God's Divine Love: Pray for it, ask for it, and receive it.

Our salvation IS the embracing of the Feeling Healing process and Divine Love.

WE ALL ARE BEING GUIDED HOME:

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus’ Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

HUM: Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon as by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

AVO: We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair’s guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world’s spirits.

J&M: We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

M&F: Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

WE ALL ARE BEING GUIDED HOME – NOW, HOW TO COMMENCE THE JOURNEY:

GOD

M&F

For 200,000 years, we have been misled into embracing our mind's distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.
We are to long for the truth of what we are feeling.
We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

J&M

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren't allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we're taken into new ways of looking at ourselves, our feelings, and our life. We're setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

By living true to ourself, true to our feelings, we are living true to God. It's that simple.

AVO

HUM

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

WE ARE Children of God

HOW TO GET TO PARADISE:

Long for the Divine Love
 Long for the Truth
 Long for the truth of your feelings
 Don't deny any feelings: accept, express and want to know the truth of them
 Know your feelings are the key; your feelings are the Way
 Want to end your falseness and being untrue
 Want to understand the truth of your early life
 Use your surface feelings to move deeper into yourself, bringing up your repressed feelings
 Want and long to know the whole truth of yourself
 Want to do it all with God, your Heavenly Mother and Father – long to Them for help.

The Key

Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.

PARADISE TRINITY:

1. **Our MOTHER and FATHER (God)** (MF) – **Divine Love**
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
2. **ETERNAL SON** (ES) – **Divine Truth**
3. **INFINITE DAUGHTER** (ID) – **Divine Mind**

Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

The LOCAL UNIVERSE TRINITY:

1. **MARY M and JESUS** (MF) – **Love**
– the **Living Truth**
2. **DIVINE MINISTER** (DM) – **Mind** (and her Holy Spirit)
3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

PLANETS that engage in REBELLION:

1. **AVONAL SOULMATE PAIR** – the **Feeling Healing process – incarnate**
2. **DAYNAL – TEACHER PAIRS** – they do not incarnate

So in summary:

Consider a diamond:

Mother and Father Heavenly Parents

Creator Son & Daughter
Jesus and Mary

Avonals
as soulmate pairs

Trinity Teachers
as soulmate pairs

Melchizediks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

Humanity is to pursue the pathway for Truth through one’s soul based feelings, this is the right pathway. However, humanity commences its journey founded on natural love, which we now know is to be perfected through one’s Feeling Healing process and then made divine through asking for and receiving our Heavenly Parents’ Divine Love.

For 200,000 years, **humanity** has pursued the pathway of the Mind, being that of the brain, this is the wrong pathway. The Mind is the pathway for Angels and that of all of Nature.

CREATION of SOUL and SPIRIT:

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one’s feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective

Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

Sulphur Crested Cockatoos

One's feelings may bite and ruffle one's feathers; however it is our feelings that are always in truth as they come from within one's soul which is always in truth and love.

The life force of all aspects and elements of living nature never reincarnate. The life force of each natural living thing returns to the pool of life energy and re-emerges as a nature spirit to continue its development of its mind. The nature spirit's development leads to subsequently becoming an angel.

We, humanity, are to develop our soul through the pathway of truth through our feelings.

The Mechanics of Prayer

Now the answer to that is proper prayer. That means lifting up your hearts, or lifting your mind, towards light. You have to get to light. Now if your imagination is gloomy, then your self will be gloomy, negative, criticizing. Everything is wrong in life; everything is in the wrong position. You are on the wrong side of the stick and so on. But if your imagination is lit with light, you are cheerful, pleasant. You just see things.

How is it done? When I start to pray, I first relax myself. Kneeling or not, it doesn't matter. Relaxed I imagine myself flooded with light. Not with natural light because it's a different kind of light. I mean Lucifer (who does not exist) brings light but it's not the light of the supernatural being of Aumakua – the light which is in Peter. I don't want only the light of my subconscious self, the lower side of me. I want the whole light. So I reach immediately to my High Self, to Peter, and flood myself with the dazzling light of God. Shekinah, it's called in Hebrew. Now once you are familiar with that kind of prayer, and it will take you a few days or a few weeks, then you'll start to see things you never saw before. Because your imagination will form according to this light. It will change from darkness to light, from lack of knowledge to knowledge, because you will see. That is the law of nature. You have to go to the top of the ladder and there illuminate yourself. And that will work. It does work. Everybody whom I taught and who became a student of it found that it works unmistakably. (George – subconscious; consciousness; Peter – over-consciousness.)

Once you are full of this light, you are obedient, which means you are receiving knowledge. And if you are obedient, not only to so-called dead objects – of course they are not dead, they're all alive, but never mind; if you're obedient not only to so-called dead objects, but to people, you start to understand them. And to understand people means to love. Now may I remind you, that in understanding or knowledge, its direction is from the object of me. Mathematically they call it a vector, a force with direction. Now if I absorb knowledge, I must be sensitive to what you have to tell me. Direction of information comes from you to my centre of information. But in love you have the opposite. I produce something which goes towards you. Now if I love somebody I start to identify with somebody. And the better I can identify with the object, the better I can understand it. And I can see through not only the surface. I can see what Plato called Ideas, the ultimate reality of the thing. But you must identify with it and for that you must love. If you absorb this fire, or light, you produce a sort of lens in yourself, and light the fire. I came to this world and want nothing else, only to light the fire. But the fire should be a blazing flame throughout the world, of love.

Every one of us is a whole universe of boundless space. Taking only the physical side of it, you have atoms, so many, about ten followed by twenty seven zeros. Now every atom in itself is a planetary system. You can see that when you move in this universe of any of your quasi personalities you are in a vast, tremendous sort of temple where you can see the most beautiful things. All these atoms are interfering with their own radiation and your thoughts are modulated accordingly to your love or hatred. Sometimes I see people surrounded by not only radiation but beautiful patterns and different colours. You are surrounded by a tremendous sort of clothing, a garment of incredible light. And wherever there are crossings of radiation, there is a star, glowing and talking with different colours.

And they are always harmoniously related to one another, if you are really loving. And that's beauty in itself. You can contemplate the whole thing and you will never be satisfied – if only one of you has seen

it. The harmony in the universe is for ever around us but we have eyes and we don't see. We have ears and we don't hear because our hearts are hard, because we didn't step down in perfect obedience, and we didn't go up in perfect light. At the very moment that we combine the two together, the two extremes, Peter and George, obedience to the laws of nature, and the light which makes the power of the supreme being, then the fire is lit in you, and you begin to become a Man.

Touching the Divine

If you have no light there, that means no intellectual understanding, no awareness and no perception. Perception means light. Understanding.

By light I also mean intellectual light, or knowledge. Knowledge comes to us from outside our mind. Our mind accepts it; receives it. In love, it's your own self that goes toward the object you love. The two make a closed circuit. We start out, and we come back to the same point which everywhere in nature is the same; whether in electricity or magnetism, or any other sort of phenomena. We have a closed circuit. We have to expand both love and light; not only one.

Sit in a chair, and see yourself flooded with light. If you can do it, imagine yourself sunbathing on the beach of God where the light of God reaches you and penetrates you through and through, and lights the fire inside you, so that it starts to burn. Make this picture in yourself, so that you can see it properly. It may take you some time to begin with. The first day you sit in your chair relaxed, start to believe in it, and then you'll see yourself as I said, sunbathing in the light of God and then this light will start to burn in you like a fire. Eventually, the second time you do this, the third or after a week, the picture will be familiar to you and you won't need to spend much time re-opening the picture. You'll set down and immediately the picture will be there, present in yourself.

Once you grasp that, you can repeat the picture hundreds of times in a day. You walk, you talk, you go to the picture, and by virtue of the creation of this picture, the penny drops. Eventually the light comes in and starts to illuminate different compartments of your self, the collective subconscious. The light from the top triangle penetrates into the bottom diagram. Both triangles are collective. The top one is the collective over-conscious, the community of awareness in the field of God, of all Creation, and the bottom one is the awareness of all Creation that you have within yourself. Now by repeating the Love-Light Technique (LLT), you open a respective channel in the collective unconscious and in your individual subconscious, so that light can penetrate there. The threshold of consciousness starts to lower, and permits your consciousness to see in that light, and gradually you start to enlarge your awareness of the vast possibilities you have within yourself.

The Greeks said, man, know thyself and thou shall know the universe. Because actually the collective unconscious is the whole universe; being a collective, it belongs to all of us. But because

HUMAN PSYCHE: Over-conscious and conscious self are separated by the ego.

there's darkness, because there is no conscious light there, we don't see anything. The practice of LLT introduces light into the triangle of your subconscious. That is what I call the development of Field Awareness by introducing the light of God.

Now if you repeat LLT, Love-Light Technique for a certain time, perhaps you will not notice any change. But others will notice one when they see you from time to time. That your sensitivity has increased, that you are much more cheerful, much freer, that you are much quicker in your perceptions. You become witty, a very good mixer. Simply because when you introduce light into the deep strata of the unconscious mind, you start to see and rid yourself of fear of the unknown. The knowledge might be sometimes blurred; sometimes it might be only partial. But as your knowledge increases, so your freedom also increases, and you lack fear. And that I (Fr Andrew Glazewski) think is heaven. And if you can achieve that through LLT, in this lifetime without dying, then you will not die, you'll just pass to another level.

[This is an outline of receiving Divine Love and also the effects of having received Divine Love.]

Obviously by LLT you expand yourself. You are incapable of selfishness. You also are so taken with the world outside yourself that you have no time for it. It's boring to be concerned with yourself because you are so busy with other things outside yourself. And that is the technique. I call it a technique in order to fit with modern conceptions, especially of young people. They love all sorts of technical talking. But that's what I call prayer. The essence of prayer is not only talking. That's not its meaning. But it's touching; actually experiencing the immense presence of the infinite. And I call it Divine Sex, because it's the act of touch. There's a spiritual sense of touching. But you have to be Field Aware. I consider Field Awareness as a very thin radiation going throughout my universe: my particular pattern, my personality, my basic tone. And through this radiation I am in touch with the tremendous radiation of the universe. And that is a tremendous thrill. That sort of in-touchment with the Supreme is the essence of prayer. Prayer means being in contact with your field. It's not connected with talking. As in meditation, the less you talk the better you meditate. The better you are in touch with Him. Because it's a trust. A joy. Submission to the Supreme. You cease to exist and He exists. As John the Baptist said, "I have to go and He has to stay." You diminish to nothing and He increases to infinity in you. Now that is part of an act of prayer that can be achieved, in a comparatively short period of time by LLT. The more often you repeat Love-Light Technique the faster you progress in spiritual growth, awareness of your field.

Representation of the Perfect Man

When you combine LLT, the awareness of your field and meditation, progress is very rapid, in comparison with the sort of progress that St Teresa describes in her work on meditation or John of the Cross who mainly talks about darkness. There you plod along.

Light is so invigorating that in it you start to see a totally different world. A world that is outside of the shapes of things we normally see. Actually, to begin with, you see the etheric world, that is, the Ideas of Plato. You see the interlacing connections of the field, of the atoms and molecules, all shining with light, glittering with stars. It's a fairy world. No words can describe what you see when you go into the Ideas. But these Ideas are only the first step. Then you go into the Ideas of the Ideas. That is the after world. And you go further up. Eventually you land in a world of indescribable beauty, and indescribable joy which any words fail to describe. And that is the prayer, which through LLT you can reach comparatively quickly.

Divine Love.**

**Divine Love being received

**Divine Love having been

now being reflected through the

Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.

Love, Marriage and Sex

What is love? It is resonance. Being in resonance.

If I love somebody I am trying to be one with them. With him, with her, with this or that, and the more I can unify myself with the object, the better I comprehend the object. If I unify myself with this chair down to the last atom, I shall have all knowledge of this chair, and I will know exactly everything about this chair; where the wood comes from, how it grew, who cut it down, who made it out of the timber, who supplied it and so on. The whole knowledge of it will come to me. I will fit into the field of the tree and therefore the whole history of the tree will be perfectly understandable to me. Now that is what we have to be. We have to draw light into the Earth. Therefore the whole technique of prayer is not only to open oneself to the light but at the same time as the light comes to me, to light the fire. That means to direct myself towards the field, and the field not only of understanding but the field of wisdom, that means loving. Being in resonance.

Now this resonance of the field brings not only understanding, that means a conception, but also resonating, meaning that my whole essence is one with the tune. It's a sort of treble and bass accompaniment in music. The right hand plays the tune and left hand plays the background. Strange enough here you have the sensation of man and woman, bass and treble. But they have to be in unison in the same key. In modern music it's different; you have several keys and therefore you can feel the dissonance. But here, you have to bring in light and love, that is understanding and resonating, and then you experience a perfect closed circuit. Your energy goes up, and comes back to you. There is a perfect feedback, and this feedback immediately reinforces your personal vibration. Therefore you can grow.

Therefore with any man who really loves a woman, or a woman who loves a man, they usually grow better and not worse. If they are in perfect resonance. If not, if the resonance is limited to the body and doesn't extend to the spirit, they may deteriorate because there is more and more distance between the two; in their tuning. If it is only spiritual and not a physical resonance, there may be also dissonance but we'll see shortly that it is not so. Because the love between man and woman is a most peculiar phenomenon, and it's this sacrament, that is much more important than the Eucharist. To begin with, this will come as a shock to the theologian, but eventually he will say, "You're quite right, why didn't we see it?"

[Numerous kinesiology calibrations of couples with children, utilising Dr David Hawkins' Map of Consciousness scale, observed the following:

- When the calibration was similar / uniform between the partners the marriage was vibrant and stable. In this situation, the parents and children ultimately all calibrated at the same level.
- When there was a marginal difference between the calibrations for the parents, then each child would reflect the calibration of one or the other partner.
- When the differential between the partners was excessive, then the partnership would ultimately dissolve. In fact, when the differential was very significant it is more loving for each of the partners to separate rather than to endeavour to continue on together in such a stressed environment.
- The children would reflect the parents' consciousness calibration up until the child left the home and established its own home with a partner, and then the newly formed partnership would develop a new calibration or consciousness level reflecting the new environment.]

For fifteen hundred years marriage was seen as a necessary evil. Because they thought that sex was an evil force. That it's dirty. And then at the Grand Council of Trent, 19th ecumenical council of the Roman Catholic Church (1545–63), marriage was defined as a sacrament, that means, a means of sanctification. Reluctantly, but it was derived from the Bible. They accepted it but still persisted in their view that after all the perfect state is the virginal state. Eventually, they've come to the conclusion that sex is not necessary filth.

In any sort of relationship between man and woman, when they are attracted to one another, there is a certain radiation between the two, a certain excitement, mental, physical or spiritual. There is a certain excitement of the life force. No doubt about it. The in-touchness of two fields stimulates the life force to be active. Now this life force is usually radiated away. If you put a pendulum in front of a man who has drunk a lot, you will find that the pendulum makes all sorts of fantastic movements. He loses energy. Energy pours out of him, it doesn't come back and therefore next day he has a hangover. Because he has lost too much energy. In sex the life energy goes out but should come back from the other partner. And then it's a closed circuit, and there is no hangover, provided there is the right love. Now love – the life force, can be represented as a circle, going out and coming back. But in the course of a lifetime of growing consciousness, beliefs of different kinds constellate. There's the belief that I can't see in darkness and therefore I put up blockages against my sensitivity to infra-red. And then I don't see in darkness. Another blockage for example is that I can't stand this or that food. All those sets of beliefs grow within my circulation of energy. Eventually the life force has to force itself more and more through those blockages. As time goes by, the amount of my blockages increases and eventually the life force cannot pass through them. We become senile and we die. Because we don't get our energy back. The energy goes out to the Generator (with a capital "G").

Now something of this kind should go on in a marriage, because the man is not affected by the same association of the blockage that the woman has. They may have the blockage but their mental associations are different. Therefore my radiation going out to my partner also contains my blockages, but the partner doesn't accept them and sees through them. Only the true radiation gets through; the rest is stopped and rejected. The true radiation from the partner comes back to me, uncontaminated by blockages. And because I have been relieved of my blockages, I fall in love with the partner.

The secret of permanent love is that the partners have to solve each others' blockages, one after the other, through the flow of vital force from one to the other, where each partner sees the blockage of the other partner and rejects it.

It's obvious from what I said that in every marriage there is this natural phenomenon of ecstasy, of life-force, on which and only on which the life force of God can be superimposed and distributed. Because Grace never destroys nature but builds upon nature. Therefore whatever Grace has to do it does it through natural laws. So the Grace of the over-conscious must marry the unconscious, which is just the Incarnation as you see here, where the bonds of self have been broken. Christ as perfect Man is a perfect marriage where the radiation of the life force of natural phenomena is the foundation upon which the supernatural marriage of God and humanity is accomplished.

Hence the first and primary aim of marriage is redemption. Like Christ's Incarnation was redemption [which brought about the return of the availability of Divine Love]. As Jesus took on the complexes of human beings on himself and gave his wife the resurrection, so also the partners both have to do the same, in circulating energy of one to the other. Therefore the prime aim of marriage is children – spiritual children. Not physical.

The second aim of marriage is the longevity of both parties, because senility comes from different blockages. If the partner can solve my block, then the partner brings me true revival, true freedom. I can breathe and energy starts to work in me again. The field starts to create, and therefore the life forces return to me and don't go out to the Generator. As in a wireless with a resonant circuit, if there isn't perfect resonance, part of the energy goes back into the power source. If there is perfect resonance there's no loss of energy. Actually such a thing doesn't exist as heat is emitted through the wires, and that is a loss of energy. But in perfect resonance, the energy lost from the mains is very small. There is no heat loss. I told you that heat is one of the primary things about us. You follow? It links all things together. And therefore in a perfect marriage where two people love one another in resonance, their union brings out their complexes, and they solve them and they never lose energy. Therefore they permanently reduce their senility, returning to normal activity, apparently twenty-five or thirty years old. And they never age beyond that. There is no death. They can go to the next level, and then they disappear lock stock and barrel from one level to appear on another level [transfer from one sphere to the next higher sphere in the spirit worlds].

We maintain a set of beliefs, habits inborn in us, that the only, primary purpose in marriage is sexual. Once we switch off that set of beliefs we see that the physical relationship is not the main purpose, and it may lead to calamity. You start then to think in terms of resonance, of spiritual communion, of spiritual orgasm, of spiritual communion of your field with God. I call it Divine Sex. When you start to touch the field of God, it's a question of in-touchness. And that's what they call prayer. Meaning resonance with Him.

You can be in such a perfect marriage with God, with plants, with women, with men, with anybody. Often there is no outer indication of it. Very often we don't even know that we have a relationship of such kind with this man or that woman. For goodness sake don't spoil it with any sort of physical tangent, because you will ruin the relationship. You will lose the thrill of tremendous love that comes from the heart, of being totally one with the whole environment.

Love is a resonance of fields, and such love has to be your resonance to the great field of the universe, to mankind, that means your subconscious mind, and the great love of the over-conscious which is collective too, and belongs to everybody around.

We must pass love on, and then go on in in-touchness with the whole of Creation, imagining your love as a tremendous field, of many tendrils touching the whole of Creation, millions of them, resonating, and bringing all that to the supreme field which is His, resonating with Him as an offering.

Real love brings you to joy, peace and serenity, and you are in contact with Creation and in contact with the Source Soul.

Note: Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

The radiance of a soul in good condition is reflected through the spirit body.

A soul in poor condition has very little energy and subsequently is lacking in radiance. The size of the entity is also diminished.

We radiate our own light. Not only when a soul in poor condition is lacking luminosity and energy, its capacity to travel is also significantly diminished, as is its physical size.

To liberate one's real self, one's will, being one's soul, is begun by embracing Feeling Healing, so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

DIVINE LOVE HARMONY:

Immortal harmony:

Transformation of the soul is a beautiful harmonious gradual awakening.

In a gradual way with the Divine Love and Feeling Healing, as changes in the soul and spirit body occur, these changes will result in the personality slowly accepting the source of these changes as being the Soul God and with the independent will, one can have complete acceptance of our Heavenly Parents, Mother and Father, God.

People have loved God and felt loved by God and they have in deed received the Divine Love without ever knowing the truthful identity of this Love insofar as the truths relating with its causality in the human soul and affect upon the spirit-mind.

Part of the nature of the Divine Love in our souls is that it activates our spirit body systems and soul so that the nature of God is seen and experienced in the living and this places us in touch with the many Spirit attributes that extend from God and have their existence in God, such as our Indwelling Spirit. God no longer remains inactive to us; inert, inanimate, or an unknown but rather a Soul of living energy whose energy in the harmonies of Love and Spirit, is personified as love that we experience. If I can convey the essence about the nature of Divine Love it is that in its energy, exists the harmony and potential so that one can see the potential that this Love brings to bridge the gap of separation between the individual and God by the harmonies of soulfully living.

The Divine Love completes the form of the human being.

In essence, one need only direct their soul and the heart of their soul to our Heavenly Parents, the Soul being God, and in this faith one can experience the Love by humbly asking for this Love. This is all that is needed and the touchstone upon the Love's approachable nature.

The Love is never harmful or given by God that results in a caused effect of disharmony in the individual. The diversity of human individuality is a great characteristic of human nature and as with experience, one needs experience to ascertain a truth about a certain thing. Experiencing the Love provides a substantiated knowing from which a more objective reasoning follows and a maturity happens.

**INDWELLING SPIRIT, THOUGHT ADJUSTER,
MYSTERY MONITOR (all being the same):**

The external elements, instruments of the Father, do not form attributes of our own soul upon its initial creation by our Heavenly Parents, these are the Spirit of Truth, the Indwelling Spirit, and Divine Love.

The Holy Spirit, conveys Divine Love to your soul should you earnestly and lovingly ask for it. This is the only function of the Holy Spirit – Acting Spirit.

The Indwelling Spirit becomes present when we are around the age of six. This means that the unseen helper of the Father and Mother – the Indwelling Spirit – can always interact with the mortal soul and to be of service so that eventually the leadings from the Spirit may be the catalyst for that soul to seek our Parents.

The Indwelling Spirit reveals intrinsic workings of Father and Mother to your soul.

The Indwelling Spirit functions in much the same way as the Holy Spirit, ask and it will provide support and guidance.

The Indwelling Spirit / Thought Adjuster only works with us on the mind, feeling and psychic levels directly with our personality on conscious and unconscious levels of reality. It is the Divine Minister with hands-on help from our attending angels that do the actual adjusting of our mind circuits – of all our circuits, even the physical if need be.

Spirit of Truth becomes active more so when you connect to the Source Soul and commence receiving Divine Love.

You are a spirit person having a physical experience. Your physical body is encased within your spirit body.

The spirit body only exists because our soul wants it to. In the fullness of love, even all our encrustments and wrongness is not actually bad, they are just the nether side of love.

So evil is literally a state of mind, and once you heal it you even feel love for your wrongness and even no longer hate it – that being full self-acceptance. But you can't contrive these feelings or level of awareness, it has to come of itself and will through the higher levels of your Healing.

Everything is Inter-connected

The Great Truths:

- **God is Soul, being Mother and Father;**
- **that each individual soul is a duplex – both male and female;**
- **Feeling Healing with Divine Love is the pathway to Paradise;**
- **and that the Divine Love is freely available for all to receive.**

WHICH WAY? MIND SELF RELIANT or FEELING AND GOD RELIANT:

To PARADISE, the HOME of OUR HEAVENLY PARENTS

The Way Home

Maybe something like 30 billion people have recognised that our Mother and Father’s Divine Love, together with embracing one’s Feeling Healing, that with these two aspects, have progressed through the Mansion Worlds to the Celestial Heavens and onwards.

Mansion World 7: is then about still working with the deepest and residual bad feelings, whilst looking to sort out how you wrongly relate to yourself and others, nature and God because of being unloving, understanding how your relationships are unloving, how you don’t connect properly, how unloving you really are and why and fully accepting the truth of it, coming completely to grips with your parents not loving you as you needed to be loved – sorting it all out, including your self and feeling expression difficulties.

Mansion World 5: is then about going right into the depths of them, feeling how unloved you feel and seeing how unloving you are and how that makes you feel, bringing out the majority of your pain, your misery, fear, anger, guilt, hatred, boredom, terror, rejection, nothingness, feeling powerless, alone and abandoned, and so on.

Mansion World 3: is for waking up to the truth that you’re not loving and starting to get in touch with your pain, starting to accept your bad feelings, starting to work with them instead of rejecting them.

More than 200 billion personalities have embraced their mind and self reliance through the misguidance of ‘New Age’ styled ideologies and the many thousands of different religious platforms, all of which take the person further and further away from our Heavenly Parents.

For a million years, humanity has gone in the wrong direction with its self-denial of self and feeling!

I'D TURN BACK IF I WERE YOU!

The Natural love spirit Mansion Worlds as to how they have been for all these hundreds of thousands of years and as they are set up currently, are to help spirits advance to the fullest of their self-denial that they can. That is, so as to become as evil as they can. And all under the guise of being 'loving'.

It's why they are called the mind worlds, namely Mansion World / spheres 1, 2, 4 and 6. That is because the spirits are using their minds to complete their rebellion – denial of self and feelings, and rejection of our Heavenly Parents as well their Creator Son and Daughter. So yes, the top of Mansion World sphere 6, spirits are the most evil, the most in rebellion, the most in default, the most wrong and unloving and untrue, even though, they appear, because they've trained their mind to do so, to be the most loving, but it's all false and contrived – such as the Eastern gurus. Total mind over feelings, blocking all the bad ones and using your mind to only make you feel good.

Typical of those on their way up in the mind worlds are not open to anything, they do not want to know about feeling bad and going with their bad feelings looking for their truth, because that scares them, that's not nice, that doesn't make one feel good, it threatens their control, they reject that preferring to stay in their nice safe space. Which is how it is for these Natural love mind spirits using their minds to control their feelings.

We've all got to take responsibility for our evilness even though we were made to be that way and rebel by default, but there is no getting away from it, and it has to be compensated right to the last farthing, which is what being in the hell planes is all about, and which keeps being applied right the way through the Mansion Worlds. **In the mind Mansion Worlds you can continue to use that inner pressure requiring compensation for your bad deeds, to further contrive love and pretend you are all holy and loving and not hurting anyone anymore, which on the surface of it you are not, but underneath still are, all the way up through to the sixth world; or, you can allow it to keep working on you right the way up through the Divine Love Mansion Worlds doing your Healing.**

And apparently what's going to happen is the Natural love mind Mansion Worlds are going to be divided, so within them, there will be spirits doing their Feeling Healing – without the Divine Love, and still limited to the sixth Mansion World, but looking to be true and end their rebellion. And then there will be those still carrying on denying themselves as they have always done. So you will have spirits in the Feeling Healing Natural love sectors that will truly perfect their Natural love; and those spirits still in the mind sectors perfecting their wrongness. The opposites or extremes living side by side. And then you'll still have the Divine Love Healing Mansion Worlds, being spheres 3, 5, and 7, doing their Soul Healing.

And as for a summation: "Divine Love Mansion World / Sphere 3 is the waking up to the truth that one is not loving, also their being a lot of assistance. Sphere 5 is then about going right into the depths of feeling how unloved you feel and seeing how unloving you are and how that makes you feel, also this a time when one can then progress and manage their own progress through their Feeling Healing. Sphere 7 is then about still working with the deepest and residual bad feelings, whilst looking to sort out how you wrongly relate to yourself and others, nature and God because of being unloving, this is a time

of great realisation and comprehension with much of the prior experiences starting to be drawn together.”

Mansion World 3: is for waking up to the truth that you're not loving and starting to get in touch with your pain, starting to accept your bad feelings, starting to work with them instead of rejecting them.

Mansion World 5: is then about going right into the depths of them, feeling how unloved you feel and seeing how unloving you are and how that makes you feel, bringing out the majority of your pain, your misery, fear, anger, guilt, hatred, boredom, terror, rejection, nothingness, feeling powerless, alone and abandoned, and so on.

Mansion World 7: is then about still working with the deepest and residual bad feelings, whilst looking to sort out how you wrongly relate to yourself and others, nature and God because of being unloving, understanding how your relationships are unloving, how you don't connect properly, how unloving you really are and why and fully accepting the truth of it, coming completely to grips with your parents not loving you as you needed to be loved – sorting it all out, including your self and feeling expression difficulties.

It is agreed that the lower worlds are about waking up to what's involved, however from then on it depends on how it's all structured for the individual in their negative state as to how much ongoing assistance they might need. Some need help all the way along, whereas others have been able to work with their feelings, themselves, right from the beginning.

And yes, each of the Divine Love healing Mansion Worlds, 3, 5 and 7, are equally painful to work through, just focusing on different aspects of yourself and your Feeling Healing with Divine Love. And then in the higher planes of the 7th world comes the transition, where one's pain starts to end, and you start feeling so much better about yourself, you are fully accepting of your negative unloving state, you are fully unloving although even starting to become more loving – truly loving, of yourself, God, and then other people.

Then onto the Celestial Heavens by progressing into Sphere 8 and then onwards further, all the way home to Paradise.

Maybe something like 6 billion people have recognised that our Mother and Father's Divine Love, together with embracing one's Feeling Healing, that with these two aspects, have progressed through the Mansion Worlds to the Celestial Heavens and onwards.

More than 200 billion personalities have embraced their mind and self reliance through the misguidance of 'New Age' styled ideologies and the many thousands of different religious platforms, all of which take the person further and further away from our Heavenly Parents.

The 1st and 2nd Spirit Mind Mansion Worlds / spheres are jammed to the rafters.

For a million years, humanity has gone in the wrong direction with its self-denial of self and feeling!

Map of Consciousness as developed by Dr David Hawkins

Exhaustive investigation has resulted in a calibrated scale of consciousness in which the common log of 10 of whole numbers from 1 to 1,000 calibrated the degree of power of all possible levels of human awareness. The millions of calibrations which confirmed this discovery further disclosed a stratification of levels of power in human affairs, revealing a remarkable distinction between power and force and their respective qualities. This in turn led to a comprehensive reinterpretation of human behaviour in order to identify the invisible energy fields that control it.

Briefly, each level of consciousness (LOC) coincides with determinable human behaviours and perceptions about life. Each level represents a corresponding attractor field of varying strength that exists beyond our three-dimensional reality. There's a critical point within each LOC from which its field gravitates (or entrains). The numbers on the scale represent logarithmic calibrations (measurable vibratory frequencies on a scale which increases to the tenth power) of the levels of human consciousness and its corresponding level of reality. The numbers themselves are arbitrary; the significance lies in the relationship of one number (or level) to another (e.g., Dr. Hawkins' scale is from 1 to 1,000).

The Map of Consciousness (MoC) table is based on the common log of 10. It is not a numeric table.

A calibration increase of 1 point is in fact a 10 fold increase in energy.

A calibration increase of 10 points is in fact a 10,000,000,000 fold increase in energy.

Thus the energy differentials are in fact enormous!

An increase of even a few points therefore represents a major advance in power, the rate of increase in power as we move up the scale is enormous.

All levels below 200 are destructive of life in both the individual and society at large, all levels above 200 are constructive expressions of power. Levels of consciousness are always mixed; a person may operate on one level in a given area of life and on quite another level in another area. An individual's overall level of consciousness is the sum total effect of these various levels.

Energy level 540 – Joy – and above is the region of consciousness of saints, spiritual healers, and advanced spiritual students.

Characteristic of this level is the capacity for enormous patience. Characteristic of this field is the persistence of positive attitude in the face of prolonged adversity. One hallmark is this state of compassion. People who have obtained this level have a notable effect on others. In the high 500s, the world one sees is distinguished by exquisite beauty and perfection of creation.

This is the level where things happen by synchronicity. At this level, the world and everything in it is seen to be an expression of love and divinity. At this level, the individual will begins to merge into divine will. At this level, a presence is felt whose power facilitates phenomena outside conventional expectations of reality. These phenomena represent the power of the energy field and not that of the individual. At this level, there is a desire to use one's state of consciousness for the benefit of life itself. At this level there is the capacity to love many people simultaneously.

On the concert pitch $A=432$ and $c=128$

In the first part of this article the structure of modern and ancient musical scales was described in detail. Scales were compared, and we reported some aural or qualitative differences in the sound of similar intervals from different scales. Scales define the intervals between frequencies of all the notes in an octave. The frequency of every note is usually given in a normalized way: it is referenced to the frequency of the first note, called the tonic. Once the frequency of a note is fixed, the frequencies of the remaining notes in the scale become also fixed, according to the relative intervals given by the structure of the scale.

Modern instruments are tuned by fixing not the tonic, but the sixth note in the scale to a frequency or concert pitch $A=440\text{Hz}$. In last section, we explained the practical findings of musician researcher Maria Renold when playing music in her new scale of twelve fifths. She reiteratively observed that the intervals and tones become antisocial, and indeed cause people to provoke one another when the concert pitch $A=440\text{Hz}$ is used. On the other hand, **intervals and tones have a beautiful, pleasant and harmonic effect on the human being when tuned to $A=432\text{Hz}$** . The comparison was made over many years and in many places, and the same phenomena always took place. *These findings show that tones of certain frequencies hide characteristic qualities which can have major effects on human beings.*

To rule out the possibility that this behaviour was only found in her particular scale, she conducted a series of aural experiments on more than 2000 people on several countries comparing a pair of individual tones obtained from both tuning methods ($A=440\text{Hz}$ and $A=432\text{Hz}$). This way she eliminated the influence of the interval structure of any scale. The results were astonishing: almost all of the people found unmistakably and individually different qualities between tones representing the same musical note in the two tuning methods. Over 90% of people found that the tones from the $A=440\text{Hz}$ tuning method sounded uncomfortable, irritating and unpleasant, whereas the tones obtained from the $A=432\text{Hz}$ tuning method sounded peaceful, pleasant and full. Many comparisons with the same results were made using different instruments, so the individual quality of the tones originates in the tones themselves and not in the instruments on which they are played. Independently of this author, several musicians and teachers have made similar observations. Another key point is to play them on a non-electrical instrument: Maria Renold observed that otherwise the inherent qualities of a tone are lost. Further details are given later in this article. We shall also present the recommended tuning frequencies for the Greek Aulos Modes. Finally, we discuss on the possible origin of the hidden qualities of tones that human beings are able to perceive but not yet to measure.

Feelings first

The tone frequencies of the Equal Temperament Scale are shown in Figure 1 for several values of the concert pitch. Here we can clearly appreciate that the structure of the scale -namely the length of its intervals- is preserved, whereas the frequencies of the individual tones are different in each tuning method. The frequencies of the tones at A=440Hz are very different from those at A=432Hz. Tuning at C=256Hz (a higher octave of 'Philosopher's c=128Hz') provides very similar but not the same frequencies as tuning at A=432Hz in the Equal Temperament Scale. On the other hand, those two tuning methods coincide in the scale of Twelve Fifths (Figure 1b) because this scale contains the true intervals of the diatonic Aristoxenus Greek scale.

It is also interesting to notice that, for a given tuning method, the frequency of any particular note is very similar in the Equal Temperament Scale and in the Scale of Twelve Fifths. Therefore, if you are a piano player but you don't want to switch to Maria Renold's scale, you can give the concert pitch A=432Hz a try by simply retuning your piano to this concert pitch without the need of changing the scale. Maria Renold reports on "a lady who had taught the piano for many years and had been an opera singer; she had tuned her piano to C=256Hz for over 20 years and she had found that with this tuning pitch her vocal talent, which through age or incorrect singing had lost its natural elasticity, soon became pliant again and regained its useful freshness". According to her, "tuning to c=128Hz makes it possible for the human organism to balance out different types of existing disharmonies better and more quickly. A voice schooled in this way can easily adapt to and master the problems connected with public singing and present day tensed tuning" [1, p.79].

GOLDEN RATIO in the HUMAN BODY

<http://www.sacred-geometry.eu/>

The Roman architect Marcus **Vitruvius** Pollio (c. 25 B.C.) inscribed the human body into a circle and a square, the two figures considered images of perfection. It is widely accepted that the proportions in the human body follow the **Golden Ratio**. In this article we will review some studies on the subject. We will show the nineteenth century findings of the **Golden Ratio** in the human body by Adolf Seizing, actually approximated by a Fibonacci sequence of measures. Then we will examine the Golden proportions of the human body proposed by architects Erns Neufert and Le Corbusier in the twentieth century. Finally we will show how a common study with a German and an Indian population samples confirmed the presence of the **Golden Ratio** in some proportions of the human body.

2.- Golden proportions in the human body found by Adolf Zeising

Adolf Zeising's main interests, back in the nineteenth century, were mathematics and philosophy. But after having retired he began his researches on proportions in nature and art. In the field of botany, he discovered the Golden Ratio in the arrangement of branches along the stem of plants, and of veins in leaves. From this starting point he extended his researches to the skeletons of animals and the branchings of their veins and nerves, to the proportions of chemical compounds and the geometry of crystals, etc., and finally to human and artistic proportions. The title of his first publication in 1854 declares his program: *New theory of the proportions of the human body, developed from a basic morphological law which stayed hitherto unknown, and which permeates the whole nature and art, accompanied by a complete summary of the prevailing systems* [1]. That universal law was, in effect, the Golden Ratio. There he presents his own proportional analyses of the human body (Figure 1).

Zeising divides the total height of a man's body into four principal zones: top of head to shoulder, shoulder to navel, navel to knee, and knee to base of foot. Each zone is further subdivided into five segments, which are arranged symmetrically within each zone: either following the pattern ABBBA or the pattern ABABA, but always summing up $2A+3B$. By the way, the $3/2$ proportion in each zone is a Perfect Fifth in the equal temperament musical scale. Is music involved in the design of our own body?

On the right of Figure 1 you can see the Golden proportions present in each of the segments, and between them, at different scales. *Zeising's proportions of the human body are a beautiful example of how Nature closely approximates the Golden Ratio by means of a Fibonacci sequence of measures.* Zeising erroneously substitutes 90 for 89 in his measures, but we have used the exact value in the following calculations. The Fibonacci numbers present in his scheme, explicitly (green) or implicitly as grand totals (magenta), are the following:

1, 1, 2, 3, 5, 8, 13, 21, 34, 55, 89, 144, 233, 377, 610, 987, ...

Grouping consecutively each pair of adjacent measures one obtains an iterated division of the big segment (987) into consecutive Fibonacci numbers that closely approximate the Golden Ratio (Figure 2a). This reminds us the power of the Golden Ratio for consecutively dividing a segment with simple additions and subtractions after the first split (Figure 2b). This sequence of Golden Ratio divisions also reminds us of the *fractal* nature behind the design of our body, because the same Golden proportion is repeated at all scales.

3.- The Golden proportions proposed by architects Neufert and Le Corbusier

In the twentieth century the architect Erns Neufert (1900-1986) propagated the Golden Ratio as the architectural principle of proportion in the human body. Neufert did not strictly follow Zeising's human Fibonacci proportions, but introduces the exact Golden Ratio instead [2] (Figure 3). For him, the Golden section also provides the primary link between all harmonies in architecture.

There is another great system of body proportions of the 20th century known as the Modulor, proposed by Le Corbusier (1887-1965). In his manifesto *Vers une architecture*, he presents the Golden Ratio as a natural rhythm, inborn to every human organism. For details on the historical origin and development of Modulor I and II systems you can examine the excellent summary by architect Manel Franco [3]. Figure 3 shows the essential proportions proposed by Le Corbusier for the human body:

In his final version, the Modulor II system proposes two Golden progressions of measures for the human body (Figure 4a). Returning to the style of Zeising, these progressions are actually two Fibonacci sequences of measures (Figure 4b). That is to say, each measure is obtained by the sum of the two preceding ones. Therefore, the ratio of any pair of consecutive values in these progressions closely approximates the Golden Ratio.

REVELATION 1
James Padgett 1914 – 1923

James Padgett bravely introduced the availability of the Mother and Father's Divine Love and a great deal of additional guidance and information, all of which has been supplemented by Samuels, Judas, Reid and Arnold. All writers were under restrictions of personality and circumstances. Revelation 1 opened the door for humanity.

Quantum Jump 2

REVELATION 2
Marion and James Moncrief 2002
– ongoing

Marion and James Moncrief have recognised the need for one to engage in Feeling Healing and, by their actions, removed restrictions that James Padgett and others above endured, thus JM is able to critique the writings of the past 100 years resolving points of confusion as well as expand on what has been written. Revelation 2 is humanity's turning point.

Due to the extra-ordinary nature of Revelations 1 and 2, humanity with the first Revelation would have continued on into its negative pathway of living, however, combining the first Revelation with Revelation two, now humanity can embrace this turning point and commence its evolutionary growth that has required two thousand years to put in place. This is the greatest event in the history of humanity and very few are aware of such, until we enable others to become aware.

FEELING HEALING + SOUL HEALING

To heal one's self is to simply look to see what feelings we are refusing to let ourself feel, and accept them instead of denying them. And to fully accept them, one needs to express them, speak about them, let them have their say, rather than pushing them aside, refusing to let them make you feel bad.

Doing this all with the intention of seeking the truth of why you are feeling them, of speaking about and expressing all such feelings; all feelings you have, but ALL WITH the INTENTION of UNCOVERING the TRUTH THEY WANT YOU TO SEE ABOUT YOURSELF. And it's the wanting to see the truth of them that is very important, because if you just look to accept them and speak and express them, but not seek their truth, then that's all you'll be doing, speaking and expressing them, but not healing their causes, so not fixing the things within you that are making you feel bad. And it's the truth part of it, seeking the truth of your feelings, and so, seeking the truth through your feelings, that's vitally important. It's the truth of yourself, life, nature and God, that is the spiritual aspect to it all.

You CAN'T find the truth of yourself, or anything else, through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them. So to do our Soul-Healing consists of these steps, all of which are ongoing until it's done:

- **Admit you are feeling bad.**
- **Accept your bad feelings, identify what they are.**
- **Honour fully your bad feelings by expressing them, speaking about them to someone who is willing to hear you talk about them, or tell them out loud to our Heavenly Parents. Long for the truth of them. Long for the truth of why you feel bad – what deep within you is causing your bad feelings?**
- **And remember, bad feelings are Good! Not bad. They are not to be despised. And as hard as it is to accept them, they are still you, and a very real part of you. And if you persist in denying them and not allowing yourself to fully live them, then you are only going to keep yourself in your errors making things harder for yourself.**
- **All sickness and suffering, all bad things that happen to you, all your problems, all your addictions – your whole feeling-denying and untrue life, is all caused by your denial of bad feelings.**
- **Every problem in the world is brought about because everyone has been brought up to deny feelings, and in particular, most of their bad ones.**

If one is intent on spiritually evolving and growing in truth, then it's vital, and this is the key, that one looks to use one's feelings as the means to gain and have access to the truth of oneself. You CAN'T find the truth of yourself or anything else through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

Doing your Soul-Healing with the Divine Love, is really doing your 'Feeling-Healing'. We are designed — created — to be self-revealing of truth, and so we are all to uncover the truth within ourselves and for ourselves, and all being done by living true to our feelings. **If you accept, express and seek the truth of your feelings, then truth will come to you, and you'll grow spiritually. It's as easy as that. Also it is as easy as it is to long for, ask for and receive Divine Love.**

THE HEALING OF YOUR BAD FEELINGS THROUGH THEIR ACCEPTANCE
AND FINDING THE TRUTH OF THEM, IS THE ACCEPTANCE OF YOUR
NEGATIVE, REBELLIOUS, EVIL, IMPERFECT MIND AND WILL CONDITION.

To do our feeling-healing we need to become:

Aware of – Acknowledge – and Admit, our bad feelings.

So we can:

Accept – them and allow ourselves to Be them.

And then if we feel to, take:

Action – Express, speak and emote them.

Talk about them.

All being done whilst longing to, really wanting to, see the TRUTH of our feelings.

So it sounds simple.

So I repeat:

We accept our bad feelings by expressing – speaking about them to someone willing to listen to us and take us seriously. And as we speak we long for the truth of them – why we are feeling them – to be made known to us. And when we uncover and see the truth we are FREE! – healed of the causes that have made us feel bad.

Accept, Express – see the Truth, and you're Free!

ACCEPTANCE OF ALL YOU FEEL, THINK AND ARE, IS THE KEY TO DOING
YOUR HEALING; THAT, AND WANTING TO SEE THE TRUTH OF ALL YOU
FEEL, THINK AND ARE.

Release one's pain through expressing one's feelings.

in conjunction with

Longing for the Truth when also longing for Divine Love.

WE are meant to grow up LIVING FULLY CONNECTED to our FEELINGS:

Humanity has always had an awareness and involvement with spirits, with life on the other side, because we are all heading that way, we all end up dying and becoming one of the spirits, and were humanity living rebellion-free, then nearly everyone would enjoy some level of spirit involvement either directly or indirectly, loving such an expansive awareness in life.

We are meant to grow up living fully connected with our feelings in our physical reality, and at the same time with full feeling awareness of spirits and life after death, because after all, God is the greatest Spirit of us all.

And so having an awareness and involvement with spirits can, and should, help us have more of an awareness with our Mother and Father. And it's not with just spirits, it's also with the angels who are with us all the time, and the nature spirits should we be open to them, and even higher spirits if we are to work with them, such as the Melchizedeks or Trinity Teacher Pairs. But mostly for those people involved with the Divine Love, it will be with the Celestials spirit group that is assigned to help them.

It is very important to understand that spirits and spirit life is meant to be part of life on Earth. However that's not to say everyone need to have an ongoing relationship with their spirit friends, but they can at least still be aware of spirits and spirit life and where we will be going and something about what to expect once we die. And when you are open to it, lessening the grip of one's fears about it, then we will find it will be just another aspect or level of life, and one that can give us quite a lot of comfort.

TRUTH LOVING SOUL V ERROR INFLICTED MIND

**Feeling
Healing with
Divine Love is
the key!**

To liberate one's real self, one's will, being one's soul, is by embracing Feeling Healing so to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

Our FEELINGS are our SUPREME GUIDES:

Feelings!

Feelings are what guide us through our ascension of truth. So they are really our Supreme Guides. Many people look for a person, spirit, angel, even God, for supreme guidance, however it's all right there already built in – in our feelings. We just have to submit to them, allowing them to take us where they will, expressing all the parts we want to express, letting the emotion drive that expression if it's there to be expressed, or just talking about all we feel and how feeling that feeling is making us feel – or, how we feel about having that feeling, all whilst longing for the truth of our feelings. Longing for the truth of our feelings is really: Longing for the truth of our self, because: we are our feelings. So life stirs up our feelings, we feel being alive; or, being alive means we are feeling, always feeling; and when we work out what and why we are feeling what we are, so then we know the truth of how we are. And over time the truth accumulates, and our mind expands our understanding of ourselves, all being driven from our feelings. Kevin 26 Sep 2017

Using our feelings to uncover the whole truth of our negative or anti truth and anti love state.

Kevin: So whilst we're of an untrue state, then all we have got to help us understand why we feel bad, why we are wrong, why we are negative and anti love and truth, is our feelings. So if we focus on our bad feelings, they will lead us to the truth of why we're feeling bad. Which will be the truth of what happened to us to make us be this wrong way, and how we took on the wrong way and keep it going making us feel bad.

FEELING HEALING

Note: The vital difference between emotion and feeling is that emotions have their roots in the past, and feelings relate to the present moment. Emotions represent our feelings which were not previously expressed, and these accumulate with time.

Note: Our feelings are soul-based. Our soul is always in truth. It is our soul based feelings, that when allowed to be freely recognised, we will begin to express and be who we are. This takes time and perseverance as we have encrusted our souls with layers upon layers of errors and false beliefs, it is these layers that will confuse the truth that our soul is conveying to us. Only by our progression with our Feeling Healing will our soul's expression of truth become clear and free of all cloudiness and contamination.

“What our soul needs in accordance with our own, individual, **Soul-Light-Plan-Of-Destiny** (your life's true destiny plan), They, being our Mother and Father, will give you as required. The only way we can know truly what we need is to honour and follow our true feelings. They, springing from our soul, literally telling us what we need, and so when we genuinely feel we need something, we apply our will to get it. The hard part is knowing if our feelings are true, and until we have done our whole soul-healing, they won't be clear and totally true.” James – Introduction Course to Divine Love Spirituality

FEEL *for* TRUTH

The beauty of it all, is the truth comes to you through your own feelings. You don't need to be told it by anyone. You can work it all out for yourself. We are self-revealing of truth, it's how God created us to be, and by being it we'll feel the happiest we can feel. Truth is our great comforter, so when you feel it come up within you, ah it feels so good and you feel just right – perfect!

We know only how to deny feelings, now we can get to know how to accept them. And always with the truth being the most important part.

FEELING TRUTH

If you don't want to uncover the truth of your feelings, then you can keep on expressing them forever but you will never fully heal yourself. Seeing the truth results in the Healing. And to see the truth you need to express all the pain out of you. The two things go hand in hand.

You can accept and express your bad feelings, letting off steam all day long, yet nothing will heal and nothing much will come of it. So this is where wanting your feelings to show you the truth of why you're feeling as you are is so important.

Don't go fishing with your mind, that will shut the truth out from rising up for you. **KEEP YOUR MIND OUT OF IT.** It's a feeling thing, doing your Feeling-Healing. (This is where we erred previously, and this how other modalities are in error.)

You long when you can, then stop longing and keep expressing. And at some point, and it might not even happen immediately, it might happen after days or weeks of expressing the same bad feelings, truth will come to you. And it does, it just comes up suddenly into your consciousness. You just know. You see the picture and you feel it's true. And you know it's true. And THEN your mind can come in and start sorting it out and putting in context.

It's the Truth that we are seeking. It's the End Point. The Reason for doing your Healing. You are to see the whole Truth of yourself. And to begin with, that's the whole truth of your unloving self, of your wrongness, of your evilness, of why you are as you are in your negative unloving mind-controlling state. To be able to fully accept yourself as you are, warts and all. To not fight or resist or try and change yourself, just to accept all you feel and all the truth of all those bad feelings you feel about yourself. And when you do, so you will be healed. You CAN'T heal yourself unless you uncover the truth of your pain, suffering and so the truth of all your bad feelings.

Through our Feeling-Healing we long for the truth of what we're feeling whenever we can. So as often as you can. You want, and REALLY WANT WITH ALL YOUR BEING, ALL YOUR WILL, to know why you are feeling bad. You yearn, want, long and beg and beg and BEG God to show you the truth of yourself through your feelings. So when you are expressing your bad feelings you can stop and long for the truth to show you what's going on, why do you feel so bad, and you can do it any time you think of it or feel to do it.

Notes from 'Feeling Healing' by James Moncrief

Heartfelt TRUTH

LOVE
is
Feelings First Spirituality, The New Way

Feelings First Spirituality, The New Way is a contemporary ‘religion’ based on living true to yourself through your feelings. Understanding that all you need in life is contained within your soul and is shown to you through your feelings. And by loving your feelings, by attending to them properly (talking or writing them out of you) and not denying them, you can use them to uncover the truth of yourself – the truth of your soul.

Feelings First Spirituality is not a formalised religion that tells you how to be, that is too controlling and is actually bad for you, limiting your spiritual growth. You can be wholly self-revealing of the truths you need to be, being the person God created you to be, all by living true to your feelings.

Feelings First Spirituality has no formal structure because we understand we don't need one, our soul contains within it all the truth of our spiritual ascent. If we look to our feelings for the truth they want us to see about ourselves, nature and God, then what more do we need! Our true spiritual path is the path our feelings will lead us down, that is, provided we allow them to. This is the most spiritual we can be.

Living the New Way of Feelings First Spirituality

You come to the understanding from your life experiences that how you are is not right, it doesn't make you feel good – that you are wrong in some way. And you want to change yourself, you want to become right, true and perfect – you want to be like God is.

And to do this you need to do your Healing

Your Feeling-Healing is looking to your feelings for the truth of yourself, the truth being hidden in many of the feelings you are not wanting to face in life. So you have to end your feeling denial, accepting all your bad feelings (and good ones), express them (yet not necessarily acting upon them), whilst longing to uncover the truth they are to show you.

Or, you can do your Soul-Healing, which is your Feeling-Healing together with including longing directly to God for God's Divine Love. When you receive the Divine Love into your soul, it will cause your soul to become divine, and it will deepen your personal relationship with God. Long with all your heart to God for God's Divine Love.

Feelings First Spirituality **The New Way**

By living true to ourselves, true to our feelings, we are living true to God. It's that simple.

Prayers to our Mother and Father

From 'Religion of Feelings' by James Moncrief

Please Mother and Father help me accept my untrue state and bring up all my repressed feelings so I can see the full truth of why I feel so unloved and all that's wrong with me.

Please Mother and Father help me see the truth of myself through my feelings.

Please my beloved Heavenly Parents, fill my soul with Your Divine Love. I long for Your Divine Love; please answer my prayer and yearning to be at-one with You and do Your Will by living true to myself and all my feelings. Please fill my heart and soul with Your Divine Love – please make my soul like Yours – Divine.

Please Mother and Father, I want to uncover the whole truth of myself through my feelings. I want to be able to feel and accept just how bad I am, how bad I feel I am, how bad I've been in my life. I want to know the whole ugly truth of myself, see it and feel it and understand how I came to be it. Please reveal to me through my feelings all the truth of myself You want me to see. I want to be as You want me to be; I want to be true and perfect, Healed of all my rebelliousness and self- and feeling-denial; I want to be good, loving, true and happy, please help me become true to myself, true to my soul, true to You.

Please Mother and Father help me, I'm in such bad pain, I feel so alone, so miserable, so scared, what's going to become of me, I don't understand, what's the point of me, why have You made me; please help me see the truth of myself – all the truths of myself, nature, how to be in the world, of You both. I want to know, I want to know it all through my feelings, all that there is to see, the whole truth and nothing but the truth. Please help all my pain come to the surface of me so I can embrace and accept and express it out of me. I want to use my feelings to uncover the truth they are to show me; please help me to do that.

Please Mother and Father love me. I want You to love me. I want to feel fully loved by You. I don't want anything else, only to be with You. Please, that is all I am asking.

Please make me feel how unloving I am. Please show me the horrible truth that I am. I want to see and feel and understand the worst of me, please take me into my darkest scariest ugliest unwanted rejected places within myself. I don't want to feel all the dreadful pain that I know is there locked away inside me, yet I do also want it all to come up and out of me, and I want to use it to see the truth of my wrongness, the truth of how evil I am, the truth of my fucked up state. I no longer want to be false, pretending I am okay, using my mind to make me falsely believe I am good, happy, loved and loving, when I know I'm not. For how can I be when You've brought me into my unloving state, making me be of it. And as You want me to experience being this negative way, please show me the whole truth of it. I no longer want to deny any part of myself, or any of my bad feelings. I want them all to come up so I can express them, emoting their pain, feeling how bad You've made me feel all my life and all through my early life; I want to see why, and so reveal all the truth to myself. I want to be the living truth of myself, living true to my feelings and the truth they give rise to. Please help me to do my Healing, and please fill my soul with Your Divine Love.

The mind way is the 'dead' way; the feelings way is the 'alive' way.

Examples of some prayers to God:

From 'Feeling Healing' by James Moncrief

Please God show me the truth of myself through my feelings.

Please help me see the truth about myself You want me to see.

And please help me feel all my repressed pain; please bring up all my bad feelings so I can express them and see what it is they are to show me about myself, my life, and You.

And please help me work through my blocks, I want to Heal myself, I want to become true to myself and true to my feelings and true to You – please help me do that.

Heavenly Mother and Father, I feel so bad, and I know I'm doing it to myself, but I can't help it. I can't stop my compulsive addictions, so will you please bring up the buried feelings in me and show me the reasons why I can't stop. Please! I want to know – I REALLY WANT TO KNOW why I do them. Please help me Mother and Father to uncover the truth of myself. Please, I beg you, please, please, please show me the truth of them so I can give them up. I hate feeling bad, yet I know I must so I can keep expressing my bad feelings to see the truth You want me to see, so please help me feel bad.

Please Mother and Father fill my heart and soul with Your Divine Love. Please give me Your Love. Please love me and make me feel loved by You. I want to feel You close to me, I want You to hold me, make me feel loved by You. I only want You and to do Your Will. Please help me bring up all my repressed feelings so I can express them and uncover their truth. Please help me do my Healing. Please give me Your Love.

I hate you Mother and Father; why have You given me such a shit awful life? I hate myself, I hate You, I hate everything about my life. I feel so bad all the time. I've expressed so many bad feelings and still I feel bad. It's not fair, it's not fair what You've done to me. I hate You! And I want You to help me Heal myself, so I can stop feeling bad. You put me in the shit for whatever reasons, and I want You now to help me get out of it and show me what it's all been about. Please help me to Heal myself so I no longer hate You.

I long for Your Divine Love Mother and Father. Please fill my soul with it. And please help me uncover the truth of myself through my feelings. I want to see it all! And please make it all end, I'm so tired of always feeling so bad, please take all my bad feelings away by making me feel them and showing me the truth I am to see.

 Learn to live with God through your Feelings

Accept, express and long for the truth of your feelings

Be free in your feelings
 Free your feelings from your mind's control
 Live true to your feelings; your feelings are your true self
 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,
 BAD feelings.
 Want to understand why you're feeling them.
 Use your surface feelings to take you deeper into your repressed and
 hidden feelings.

The Feeling Way is the True Way.
Your feelings are your spiritual guide.
Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

Feelings First Spirituality is the True path for humanity.
It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The New Way, Feelings First Spirituality is what is to replace all man-made, mind-contrived religions that so many people have enslaved themselves to. The New Way, Feelings First Spirituality will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled platforms. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one's feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Feelings First Spirituality is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God's Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we've all been wrongly led to believe.

Feelings First; then comes The Truth; then comes Love.

FEELING HEALING and SOUL HEALING:

The soul is that indefinable part of yourself. It's that part you can sense, soul-perceive within you, but you don't actually know where. And it's not centred in nor is it part of the mind as some people think. Your soul is separate to all of yourself, that is all the parts or attributes of your personality that are being expressed continuously by it in Creation. Separate and yet inextricably linked to you by light.

Our soul contains the pattern of all we are, all we have been and all we'll ever be. Nothing enters it or leaves it save for light and the Divine Love of God, which is also a Light. Soul-light comes forth from the soul in accordance with its pattern, this light interacting with Creational light on the will level first then moving outward expressing all the aspects of yourself – your personality you need to live life with. As you express yourself, and that's every part of yourself, all physical, spiritual and all in between, so you are generating an experiential light, which then goes back into your soul via your will, which in turn then causes your soul to express the next part of its pattern, and so it goes, as you're evolved into being by your soul.

Our soul absorbs the environment around it, commencing from conception. Thus our pristine soul becomes progressively contaminated by the injuries and erroneous beliefs of its parents. The harm becomes most apparent during our later forming years, that is, during our adolescence.

Should we become aware of feeling our childhood injuries and begin healing ourselves, we can slowly remove the encrustments from our soul, such encrustments stifling our real personality. Thus we can start to revitalise our personality and allow our real self, our soul to blossom and dominate our humanness. Our parents, unknowingly, stifle and suffocate our will, our capability to express one's self.

Feeling healing is the pathway to begin to live fully expressing one's true personality. This can be a slow painful process of revisiting the truth of the unloving environment that actually prevails during our childhood years.

By fully embracing our memories of injuries we endured and also expressing these to our soul Parents whilst longing for, asking for and receiving the Divine Love, we will reinvigorate our soul's potential to truly love and experience life to its full potential, with one's soul growing in truth.

FEELING HEALING and SOUL HEALING with the DIVINE LOVE:**James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

Speaking with Mary Magdalene and Jesus – books 1 – 4

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

Paul – City of Light

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

Ann and Terry

For an example of people who might want to immediately start working on them selves and doing their Healing.

Feeling Bad? Bad feeling are GOOD

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

Feeling bad will make you feel BETTER – Eventually!

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

Sage – and the Healing Angels of Light

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

The Padgett Messages being published as:**The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book**

Release one's pain through expressing one's feelings.

in conjunction with

Longing for the Truth when also longing for Divine Love.

FEELING HEALING with DIVINE LOVE is SOUL HEALING:

A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.

Firstly, consider discovering the truth of your emotional pain through Feeling Healing.

Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.

Primary and most important readings are the writings of James Moncrief.

Then consider the Padgett Messages, and then The Urantia Book.

DIVINE LOVE and DIVINE TRUTH Revelations and Teachings escalating:

UNIVERSALITY of our HEAVENLY PARENTS' GIFT:

By embracing the eleventh commandment:

"This is my commandment, that ye love one another even as I have loved you."

Golden Rule: that one must always honour another's will as one honours one's own.

Our soul condition steadily grows in love so that we step away from:

Any harm that we may cause to others which will also bring about consequences.

Also as our soul development progresses, our self love grows which also enables us to step away from:

Any self harm that we may cause which also will bring about consequences.

And to move along this path we simply develop our embracement of:

God's Divine Love; pray for it, ask for it, and receive it.

Or it may be even as simple as the caption below:

Oliver Twist asked:

Please, sir, I want some more!

Maybe we could simply ask:

Please, Heavenly Parents, I want some more!

Never can one man do more for another man than by making it known of the availability of the Feeling Healing process and Divine Love. JD

MoC

VISUALISATION with LONGING:

Holy Spirit infusing Divine Love.

Progressive escalation of Divine Love flowing.

Visualise yourself as you were when young and with an empty bowl, and then thankfully ask the Mother and Father for Their Love – Their Divine Love:

"Please, Mother and Father, I want some more."

To liberate one's real self, one's will, being one's soul, is by embracing Feeling Healing so to clear emotional injuries and errors. With the Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

Our salvation IS by embracing Feeling Healing with the Divine Love.

God's Divine Love: Pray for it, ask for it, and receive it.

Please Mother and Father, may I receive Your LOVE.

“Every day is a day of devotion.”

Follow your heart, follow your love and do that in loving action, your inner love leads in your asking the Soul of God to receive a little of the Love to strengthen one's resolve to heal.

“I love you Father.” “Let the Divine Love proclaim its energy into my soul.”

“Mother – Father, I desire your Love and I am loving you.”

“Soul God, I love you and I love receiving and experiencing your Divine Love.”

“True Soul God, I am here, I am aware of your Love. Please hear my aspiration for your Love and as I approach you from my soul, I can feel your Love in the way that you are loving my soul.”

Try it; give the Feeling Healing and Love a go! If you want to shine, receive the Love.

One can simply receive the Love without following any religious or spiritual teaching taught by man!

Emotional errors and injuries cause encrustment around the soul, the soul is never damaged however, the encrustments retard love energy flow to and from the soul. Feeling Healing melts such injuries.

Three Great Truths:

- **God is Soul, being our Heavenly Mother and Father;**
- **that each individual soul is a duplex – both males and female;**
- **and Feeling Healing with Divine Love is the pathway to Paradise.**

Divine Love

The Gift that keeps Giving

A general universal platform on how to experience Divine Love

As more people become aware of the *Divine Love*, how to experience the Divine Love required a need to provide a general universal platform that is simple yet an effective way for one to experience *Divine Love*. People may learn about the availability of *Divine Love* by word of mouth or from reading literature that introduces this gift for our soul, and also by participating with group dynamics where the *Divine Love* is introduced and discussed. The essence of this standard platform is its independence so that the individual may feel guided to include this simple platform in their daily life and experience of *Divine Love*.

The platform introduced here is a technique that is simple, constant, practical and has been utilised in the general public for over 20 years with good consistent results, accommodating participants and their diversity of belief and cultural background. This platform is a reliable place to begin with the experience of *Divine Love*. It needs to be confirmed that accepting *Divine Love* rests with our soul and heart and that to experience this Love will comfort one in their individual faith experience as we all aspire toward the greater reality of Love, Truth and Spirit.

A Universal Platform on How to Experience the Divine Love:

Firstly, you are aware now that you can experience the *Divine Love*.

Find a comfortable chair; sit down in a relaxed and normal position.

Close your eyes and take 3 deep single breaths in through your nose and out through your mouth to clear energy and to relax into this experience. Have a little faith and proceed without great expectations.

Gently turn your inner heart and voice to the Soul, God in faith when you feel ready, ask the Soul, God with your own loving voice for an inflowing of *Divine Love*. Having asked sincerely, there is no need to continuously ask. The Soul, God hears sincere love in the asking and so The Spirit that brings the Love acts, and *Divine Love* is now flowing.

Having asked once, you will be receiving the *Divine Love*.

Proceed without expectation on what will happen as you experience the Love.

Sometimes your mind may wander – or there are thoughts, feelings or physical sensations. Experiencing the *Divine Love* is never a forceful experience.

Continue for as long as you feel you would like to. This may be for 5 minutes or 20 minutes or an hour. Time will vary for the needs of the individual or group.

Take another few deep breaths to assist your focus. Give our love to the Soul, God and in our own voice inwardly say this Soul, God that you love this Soul and are grateful to receive this *Divine Love*.

Then when you feel ready, open your eyes and take another deep breath or two, and this closes the experience.

Some helpful hints:

- This general universal platform on how to experience the *Divine Love* is uncomplicated. Some people have utilised this platform for over 20+ years, never needing to change.
- The essence of this standard platform is to experience the *Divine Love* in a comfortable way therefore this technique needs to be simple, effective and inclusive.
- Experiencing the *Divine Love* can be a long-term experience so to have a practical, simple, functional standard platform solves a lot of problems about *how to experience the Divine Love*.
- From this general platform people who like prayer or meditation, reflection, spirit communication, or just being *in* and *with* the Love can extend their experience from this standard position.
- Lastly, enjoy! And know that when a person is experiencing the *Divine Love* that one is in the tender care of the Soul God, and that no spirit interference will happen, for no spirit can interfere with the Sovereignty of *Divine Love*, which is God's Alone!
- Enjoy, Celebrate and Shine!

Prayer for Divine Love

My Father, Who is Ever-Present, I recognize that You are All Holy and Loving and Merciful, and that I am Your Blessed Child.

I know that I am the greatest of Your Creations, and the most wonderful of all Your Handiworks, and the object of Your Great Soul Love and Tenderest Care.

I know that Your Will is that I become at-one with You and partake of Your Great Love which You have bestowed upon me through Your Mercy and Desire, so that I may become, in truth, Your Child through Love.

I pray that You will open up my soul to the inflowing of Your Love, and that then will come to me Your Holy Spirit to bring into my soul this, Your Divine Love, in great abundance, until my soul is transformed into the very essence of Yourself; and that there will come to me faith - such faith as will cause me to realize that I truly am Your Child and one with You in very substance.

Let me have such faith, as will cause me to know that You are my Father, and the bestower of every good and perfect gift, and that, only Your Love will change me from the mortal to the immortal.

Let me always realize that Your Love is waiting for each and all of us, and, that when I come to You, in faith and with earnest aspiration, Your Love will always come to me.

Keep me in the shadow of Your Love every hour and moment of my life, and help me to overcome all the temptations of the flesh, and the influence of the powers of the lower ones who are so in need of Your Love. Keep my thoughts and desires on following Your Way with humility and gratitude, always seeking to love and care for myself and others as You do.

I thank you for Your Love and the privilege of receiving it, and I believe that You are my Father - my Loving Father who smiles upon me on my journey, and is always ready to help me and take me into Your Arms of Love.

I pray this with all the earnestness and sincere longings of my soul, and, trusting in Your Love, give You all the glory and honour and love that Your Child can give.

AMEN

UNIVERSALITY of the LOVE:

Should you be open to and communing with our Heavenly Parents, our Mother and Father, no matter who you are and where you are, your desire for Their love will be showered upon you. We do not need to be anywhere in particular or be receiving guidance from any particular person, our relationship with our Heavenly Parents is a very personal one to one communion that can bring about a flow of Their Divine Love into one's soul anytime we desire as often as we desire, anywhere we may be no matter what we may be doing. It is our choice and our free will that only needs to be applied. Embrace and enjoy the Love.
