## PASCAS INTRODUCTION:

Documents assembled by Pascas are provided for your individual assessment and exploration. The contents are sourced from a variety of avenues and publications. Every endeavour is made to determine that the contents are of the highest level of truth and veracity. At all times we ask that you go within yourself, to ascertain for yourself, how the contents resonate with you.

Pascas provides these notes and observations to assist us all in the development and growth of our own pathways and consciousness. Pascas does not hold these contents as dogma. Pascas is about looking within oneself. Much of what we are observing is new to us readers and thus, we consider that you will take on board that which resonates with you, investigate further those items of interest, and discard that which does not feel appropriate to you.

Kinesiological muscle testing, as developed by Dr David R Hawkins and quantified by his Map of Consciousness (MOC) table, has been used to ascertain the possible level of truth of documents. Such tested calibration levels appear within the document. We ask that you consider testing same for yourself. The technique and process is outlined within Pascas documents, such as Pascas Care – Energy Level of Food. From each person’s perspective, results may vary somewhat. The calibration is offered as a guide only and just another tool to assist in considering the possibilities. As a contrast, consider using this technique to test the level of truth of your local daily newspaper.

Contents are not to be interpreted as an independent guide to self-healing. The information sourced herein is not from a doctor or doctors, and any information provided in this document should not be in lieu of consultation with your physician, doctor, or other health care professional. Pascas, nor anyone associated with this document, does not assume any responsibility whatsoever for the results of any application or use of any process, technique, compound or potion as described within this document.

The sources of contents are noted throughout the document. In doing so, we acknowledge the importance of these sources and encourage our readers to consider further these sources. Should we have infringed upon a copyright pertaining to content, graphics and or pictures, we apologise. In such cases, we will endeavour to make the appropriate notations within the documents that we have assembled as a service via our not for profit arm, to our interested community.

We offer all contents in love and with the fullness of grace, which is intended to flow to readers who join us upon this fascinating journey throughout this incredible changing era we are all experiencing.

## LOVE is being Non-Judgmental

**By living true to ourselves, true to our feelings, we are living true to God. It's that simple.**

## **CRITICISM and JUDGMENT:**

We are not here to judge or criticize anyone, particularly within this community.

**No being who has entered into Oneness with God (entered the Celestial Heavens) can ever criticise or judge because these qualities are not possible for Our Creator.**

A major part of any life threatening illness is to do with the anger we suppress during our life even while doing all that is 'right' for everyone else. The power inherent in our emotions and the kind of damage it can do if we unwittingly stuff them into our bodies is the foundation and breeding ground of illness of the worst kind.

Anger towards ourselves from our early life can and does manifest in subsequent years as the cause of illness.

See the beauty of everyone's opinion and enjoy the moment.

Any judgment or criticism of another is, in fact, a self criticism. We do ourselves more harm than we can imagine by such actions. Forgive yourself and absolve the negative stance, and go on and enjoy your day. This process, forgiveness, is essential to human growth as a soul. You will see the humour in all that is and love and light will liven up your day.

As we do to others we do to ourselves.

We all are steadily evolving to when we will hold harmless all our thoughts and actions, this is our pathway.

It is from these understandings that enormous progress can be achieved in the quality of our lives and health which we all see so important.

**“Nothing closes a mind faster than judgment.”**

**“Truth is always inclusive and not divisive and applies equally to all.”**

## Judgment and the Authority Problem

<http://www.acimblog.com/text/chapter-3-the-innocent-perception/vi-judgement-and-the-authority-problem/>

When the Bible says "Judge not that ye be not judged;" it means that if we judge the reality of others we will be unable to avoid judging our own reality.

The choice to judge rather than to know is the cause of the loss of peace. Judgment is the process on which perception but not knowledge rests. Judgment always involves rejection. It never emphasizes only the positive aspects of what is judged, whether in us or in others. What has been perceived and rejected, or judged and found wanting, remains in our mind because it has been perceived. One of the illusions from which we suffer is the belief that what we judged against has no effect. This cannot be true unless we also believe that what we judged against does not exist. We evidently do not believe this, or we would not have judged against it. In the end it does not matter whether our judgment is right or wrong. Either way we are placing your belief in the unreal. This cannot be avoided in any type of judgment, because it implies the belief that reality is ours to select from.

We have no idea of the tremendous release and deep peace that comes from meeting ourselves and our brothers totally without judgment. When we recognize what we are and what our brothers are, we will realize that judging them in any way is without meaning. In fact, their meaning is lost to us precisely because we are judging them. All uncertainty comes from the belief that we are under the coercion of judgment. We do not need judgment to organize our life, and we certainly do not need it to organize ourselves. In the presence of knowledge all judgment is automatically suspended, and this is the process that enables recognition to replace perception.

We are very fearful of everything we have perceived but have refused to accept. We believe that, because we have refused to accept it, we have lost control over it. This is why we see it in nightmares, or in pleasant disguises in what seem to be our happier dreams. Nothing that we have refused to accept can be brought into awareness. It is not dangerous in itself, but we have made it seem dangerous to us.

When we feel tired, it is because we have judged ourselves as capable of being tired. When we laugh at someone, it is because we have judged him as unworthy. When we laugh at ourselves we must laugh at others, if only because we cannot tolerate the idea of being more unworthy than they are. All this makes us feel tired, because it is essentially disheartening. We are not really capable of being tired, but we are very capable of wearying ourselves. The strain of constant judgment is virtually intolerable. It is curious that an ability so debilitating would be so deeply cherished. Yet if we wish to be the author of reality, we will insist on holding on to judgment. We will also regard judgment with fear, believing that it will someday be used against us. This belief can exist only to the extent that we believe in the efficacy of judgment as a weapon of defence for our own authority.

God offers only mercy. Our words should reflect only mercy, because that is what we have received and that is what we should give. Justice is a temporary expedient, or an attempt to teach us the meaning of mercy. It is judgmental only because we are capable of injustice.

There is almost endless variation of different symptoms. There is, however, only one cause for all of them: the authority problem. This is "the root of all evil." Every symptom the ego makes involves a contradiction in terms, because the mind is split between the ego and the Spirit of Truth, so that

whatever the ego makes is incomplete and contradictory. This untenable position is the result of the authority problem which, because it accepts the one inconceivable thought as its premise, can produce only ideas that are inconceivable.

The issue of authority is really a question of authorship. When we have an authority problem, it is always because we believe we are the author of ourselves and project our delusion onto others. We then perceive the situation as one in which others are literally fighting us for our authorship. This is the fundamental error of all those who believe they have usurped the power of God. This belief is very frightening to them, but hardly troubles God. He is, however, eager to undo it, not to punish His children, but only because He knows that it makes them unhappy. God's creations are given their true Authorship, but we prefer to be anonymous when we choose to separate ourselves from our Author.

Being uncertain of our true Authorship, we believe that our creation was anonymous. This leaves us in a position where it sounds meaningful to believe that we created ourselves. The dispute over authorship has left such uncertainty in our mind that it may even doubt whether we really exist at all.

Only those who give over all desire to reject can know that their own rejection is impossible. We have not usurped the power of God, but we have lost it. Fortunately, to lose something does not mean that it has gone. It merely means that we do not remember where it is. Its existence does not depend on our ability to identify it, or even to place it. It is possible to look on reality without judgment and merely know that it is there.

Peace is a natural heritage of spirit. Everyone is free to refuse to accept his inheritance, but he is not free to establish what his inheritance is. The problem everyone must decide is the fundamental question of authorship. All fear comes ultimately, and sometimes by way of very devious routes, from the denial of Authorship. The offence is never to God, but only to those who deny Him. To deny His Authorship is to deny ourselves the reason for our peace, so that we see our selves only in segments. This strange perception is the authority problem.

There is no one who does not feel that he is imprisoned in some way. If this is the result of his own free will he must regard his will as not free, or the circular reasoning in this position would be quite apparent. Free will must lead to freedom. Judgment always imprisons because it separates segments of reality by the unstable scales of desire. Wishes are not facts. To wish is to imply that willing is not sufficient. Yet no one in his right mind believes that what is wished is as real as what is willed.

It is a mistake to believe that thought systems based on lies are weak. Nothing made be a child of God is without power. It is essential to realize this, because otherwise we will be unable to escape from the prison we have made. We cannot resolve the authority problem by deprecating the power of our mind. To do so is to deceive ourselves, and this will hurt us because we really understand the strength of the mind. We also realize that we cannot weaken it, any more than we can weaken God. The "devil" is a frightening concept because he seems to be extremely powerful and extremely active. He is perceived as a force in combat with God, battling Him for possession of His creation. The devil deceives by lies, and builds kingdoms in which everything is in direct opposition to God. Yet he attracts men rather than repels them, and they are willing to "sell" him their souls in return for gifts of no real worth. This makes absolutely no sense.

Concerning the ‘the fall’ or separation its meaning must be clearly understood. All beliefs are real to the believer. The fruit of only one tree was forbidden. But God could not have forbidden, or it could not have been eaten. If God knows His children, and it is assured that He does, would He have put them in a position where their own destruction was possible? The ‘forbidden tree’ was termed the ‘tree of knowledge’. Yet God created knowledge and gave it freely to His creations. The symbolism has been given many interpretations, but any interpretation that sees either God or His creations as capable of destroying Their Own purpose is in error.

Eating of the fruit of the tree of knowledge is a symbolic expression of usurping the ability for self-creating. This is the only sense in which God and His creations are not-co-creators. The belief that they are is implicit in the self-concept, or the tendency of the self to make an image of itself. Images are perceived not known. Knowledge cannot deceive, but perceptions can. We can perceive ourselves as self-creating, but we cannot do more than believe it. You cannot make it true thankfully. But the belief that we can is the foundation stone of our thought system, and all our defences are used to attack ideas that might bring it to light. We still believe that we are an image of our own making. Our mind is split with the Spirit of Truth on this point, and there is no resolution while we believe the one thing that is literally inconceivable. That is why we cannot create and are filled with fear about what we make.

The mind can make the belief in separation very real and very fearful, and this belief is the ‘devil.’ It is powerful, active, destructive and clearly in opposition to God, because it literally denies His Fatherhood. Look at our lives and see what the devil has made. But realize that this making will surely dissolve in the light of truth, because the foundation is a lie. Our creation by God is the only Foundation that cannot be shaken, because the light is in it. We started in truth, and we must return to our beginning. Much has been seen since then, but nothing really happened. Our Self is still in peace, even though our mind is in conflict. We have not gone back far enough, and that is why we are fearful. As we approach the Beginning, we feel the fear of destruction of our thought system as if it were the fear of death. There is no death, but there is a belief in death.

The branch that bears no fruit will be cut off and will wither away. Be glad. The light will shine from the true Foundation of life, and our own thought system will stand corrected. It cannot stand otherwise. We who fear salvation are choosing death. Life and death, light and darkness, knowledge and perception, are irreconcilable. To believe that they can be reconciled is to believe that God and His Son cannot. Only oneness of knowledge is free of conflict. Our Kingdom is not of this world because it was given us beyond this world. Only in this world is the idea of an authority problem meaningful. The world is not left by death but by truth, and truth can be known by all those for whom the Kingdom was created, and for whom it waits.

## Relationships

<https://new-birth.net/contemporary-messages/messages-sorted-year/messages-1984-2000/relationships-gay-ks-8-aug-2000/>

Received by K.S.

8th August 2000

This was in response to a question posted on the Divine Love web message board: "What is the Church's view of gays in a Divine Love context?" You will see the answer is far more profound, covering every relationship.

"The church policy in relation to homosexuality is the same for a person of any sexual orientation – one has to answer to the Laws of God, as He alone is our judge. Anything done in love is in harmony with the Laws of God. Do you think you can look at a person and accurately evaluate his intention and motive for what he does? If you can, it would be because you have a highly developed spiritual nature, in which case you would not judge anyone harshly because you would know that each person has to pay his own penalty for wrong choices and unloving acts.

You are responsible for your own thoughts and deeds. You can bring peace and joy into your heart by becoming Love, by seeking to fulfil the highest potential of your soul. Set yourselves free from feeling responsible for judging your fellow human being for their free will choices. As you have observed, there can be two people who seem to be doing the exact same activity. One can be in harmony with Love and God's Will, while the other may not be. It is dependent upon motive, intention and will.

Everyone is responsible for their own acts of love or acts of hate; acts of acceptance or acts of rejection. You have the free will to choose. If you firmly believe that you cannot change your attitude, it's because you've chosen to have this outlook. Your parents and their parents pass down certain lifestyles and prejudices, so the inclination to feel this way may be predominate. But you do not have to remain there. It takes courage to stand up for what you know is right, especially when it goes against the grain of others around you.

Becoming a person who turns the other cheek and is loving and spiritual is what is required in order to bring love and peace into the world. It is right to be loving and accepting, doing your very best to have an open mind and loving heart. You have heard the statement, "I may not agree with what you say, but I will defend until death your right to say it." This is a good attitude; one of acceptance, tolerance, good will and the person you are setting free from the pain of prejudice is yourself..."

**The RICHARD MESSAGES:**

via James Reid

[www.lulu.com](http://www.lulu.com)**RICHARD from the Celestial Heavens:**

9 June 2013

Welcome dear brother. We are all here once more although our numbers do vary. I will say that we are a jolly crew for that is so. We manifest great joy which is directed to all who are with us and you will feel this to an increasing degree as time passes. This will occur as your capacity to appreciate our presence with all of your senses increases. Do remember at this point what I said some time ago about the presence of links that are automatically included in all that we write. Everything that we write includes links to this great joy of ours and these links will always be in the document however it is reproduced and will be there for whoever reads or hears this read now or at any future time. Whatever comes from us has rather unique qualities that few appreciate or are aware of. There are many gifts for all. Not all will appreciate the gifts but that doesn't devalue them in any way. Those who are able to accept them will do so and that is enough.

There is value in your asking questions that you feel might have been answered already for the reasons you say and also because there is usually a much greater depth of information that can be added and also because what we write will attract a different audience for whom the answer may be completely new. I suggest that you always refrain from making assumptions about what you think or feel that you or others might know. It is far preferable that you ask what may seem to be a silly or redundant question than that you refrain from asking it. Any assumption is a judgment and to be avoided. Always assume in our communications that you know less than you think that you do. Be like the proverbial little child who asks and asks. We do not get frustrated or impatient. All who would learn from us must be as open as they can possibly be which means assuming nothing. What you have learned in the past may be accurate or it may not. It may also be open to redefinition and amplification.

Love is a very vexed issue as there are so many distorted concepts of this as of most issues of living in the world as it is. Consider that most people who pass enter into the first sphere with a large percentage entering the lower regions of this sphere and note that this gives a clear indication of the knowledge and experience of love on Earth. The progress through the spheres is one of learning of love. This means natural love for all spirits and also of Divine Love for those who proceed along this path. You can imagine that there is a lot to learn of love that is unrealised on Earth. This is not said as a criticism or condemnation but simply as fact. Very few people are prepared, as yet, to face their own issues with regard to love of themselves or of others. This requires acceptance of oneself exactly as you are with as little judgment as possible and with the preparedness to face what you find. As you say, this also needs the development and expression through prayer of a deep desire to learn about love. Again assume that you know less than you think you do. Be open and gentle with yourself and with others. In learning about love there is more assistance available than you can possibly imagine. I wish to say once more that in saying this I am not comparing anyone unfavourably with another or with developed spirits in the spheres. There are many on Earth who are very well developed in their knowledge and expressions of love and many of these are not those who profess to be of this number. Be wary of teachers who make great claims as many are not as they seek to appear. Always work towards the development of your own capacity to assess and decide for yourself.

As with so many aspects of living on Earth, loving is much simpler than is considered. There have been so many social mores and rules created to satisfy the needs of the creators over time that the simple and

wonderful truth of love has become obscured and confused. This is true of all of God's Truths which is why we are now working as we are with many people to increase the awareness and knowledge of Truth.

*In one of the Judas messages, he implies that the expression of natural love can range from love to rage. I understood this to mean that all emotional expression is in some way an expression of natural love. Is this so?*

As the expression of natural love is on Earth at present and in the past, this is so. The degree of fear that anyone experiences is a measure of their awareness and expression of love. As one's faith develops, one's feelings of fear diminish. It is often said that the opposite of love is fear and A Course in Miracles says that what is all encompassing can have no opposite. Fear is very real to most people alive at present and so it is often expressed in a multitude of ways all of which are unloving. In Truth, there is no opposite of love but in human awareness this is not so and everyone must live with the reality that they have currently created but with the realisation that this is not fixed but totally mutable. In Truth, natural love is not expressed as anger and other destructive emotions as these are expression arising from the degree of awareness of love at that moment. The greater the awareness, the more loving is the expression. All emotional expression is the expression of the feeling state of the being at that moment. This is complex and incorporates all of the sensory input and the interpretation of this input which is subject to all of the beliefs that that being has at this moment. When all is in perfect harmony then the expression is of love.

**Remember now and in the foreseeable future that you are not perfect and you must not demand or expect perfection of yourselves as this will result in incredibly negative judgments of yourselves. Accept that you are all students progressing towards eventual perfection as natural man or in being At One with God. Love yourselves as you are with awareness that you are on a path and learning at every moment. Accept your errors without condemnation. As you do this your knowledge of love must increase and your behaviour and experience reflect this.**

Divine love is not expressed in any way other than love because it is, purely and simply the love of God. When you have Divine Love in your soul it is not expressed emotionally but, as your soul is changed by the presence of this love, your expression of yourself in life changes. Remember that the spirit body is the expression of the soul state and the state of the material body is affected greatly by the state of the spirit body. Many of those in the 6<sup>th</sup> sphere who are perfected natural humans have considerable amounts of Divine Love in their souls without their awareness of this and what they express is perfect natural love.

All of us in the Celestial Realms have only Divine Love in our souls and our expression is totally loving at all times in just being ourselves. We don't express emotion. We are Love to the degree of our progress in the Celestial Realms.

This subject of love is one to which we will return often as there is never too much to say about both Natural Love and Divine Love as both are poorly understood on Earth.

*Question: I understand that first man was created as perfect man with natural love perfected in his soul. I also understand that he was offered Divine Love and that was withdrawn when he didn't accept it and that he sinned and fell from Grace to begin a long decline to a very poor state of being from*

*which he climbed back again to the point where Divine Love was again offered. It seems that as in most Bible stories, a few words cover a lot of time and action which makes them hard to interpret. Are the details of that refusal and the sin that lead to the fall from grace lost in time or can you give more information regarding that?*

Nothing is lost in time as all is recorded and is available for perusal by those capable of so doing. As you say there is much that hangs from this brief statement. The act of sinning is stated as eating the forbidden fruit of the tree of knowledge of good and evil. This is a way of describing acts that lead to disharmony with the Laws of God. These acts occurred over a considerable period of time and were more heinous as, being perfect man, they were initially in perfect harmony with Natural Love and quite receptive of the guidance that was given them. There are often descriptions of first people becoming aware of their nakedness and the need to dress themselves. The nakedness they experienced was spiritual rather than physical and was the result of their actions that lead them away from the harmony with God and the happiness that they enjoyed in their state of being perfect natural man. This is a state of perfect harmony with the Laws of God. When, in this state, they took actions that lead to disharmony, they rapidly experienced the fall from this state into what could be regarded as progressively degenerate states. Each increase in disharmony generated further levels of disharmony and sin with the development of evil. This was associated with a decrease in the life span of these people. Initially they enjoyed long life spans which were much longer than those common today. This was largely to the development of diseases resulting from disharmony with all life that surrounded them.

Fear rapidly occurred in the race of man and this caused an even greater sense of separation from (nakedness) and punishment by God. There is little point in my attempting to give you a time line for all of this and I ask you to accept what is a very incomplete account of this dark time which lasted so long. In this time all was not darkness and terror and loss.

There have been those who have survived through all of these times and been able to carry within their hearts and souls the knowledge of the Truth that was given to man in the beginning of his existence. The heirs and successors of this knowledge have necessarily lived clandestinely and have continued to teach their knowledge of Natural Love to those who were guided to find them. This has maintained a core of Truth that has served to maintain the spirituality of mankind which has served to kindle light in many souls who have been exposed to its influence. Their teachings are of their knowledge of Natural Love and, although it has been imparted in part to men, very few truly understand it and it remains esoteric. To comprehend it one needs the background of growth through the spheres with progressively increasing knowledge. There are many who have studied the available parts of this knowledge and many who believe that they understand it. Their understanding must, of necessity be very limited and produces the same sort of confusion on passing as the accepted teaching of most of the present religions. I have spoken before of the effect of beliefs and will speak of this whenever necessary. I strongly advise openness of mind and heart as these will greatly foster true spiritual growth.

This maintained knowledge has been of Natural Love and not of Divine Love as this had never been accepted by man and had never been offered again until it was so offered through Jesus in his teachings. That this truth is taking so long to be known widely on Earth is evidence of the depth of false beliefs that were generated in the long ages of relative estrangement from Our Mother and Father. Mother and Father never abandoned Their children but allowed them full rein in the expression of their Free Will as they fell and climbed back once again.

As more and more people pray for and obtain Divine Love so there develops a level of consciousness of this wonderful gift available to all beings on the Earth and in the Spirit World. Humanity is now ripe and ready for this and this is why we are making so many strong endeavours to foster the spread of this knowledge. Never underestimate the part that any one of you plays in your efforts to learn of Divine Love and to acquire this in your souls.

Whenever you close yourself to others you are exhibiting fear and this actually reduces your level of safety and tends to draw fearful experiences to you often by creating in you fearful interpretations of what are actually non-threatening events. We always encourage the development of faith. This creates a very broad effect in your lives. When you have increased faith in God or in us you also have increased faith in yourselves and in your level of safety in the world. In your early stages of developing faith most people have great difficulty accepting that the creation of what seems such a nebulous quality can have a strong effect on the events of living in a material world.

You are all exploring the elements which lie beyond your familiar sensory system. Your 'normal' senses are very useful for detecting information in the material world but much less so when it comes to the 'invisible world'. However even these physical senses are capable of fine tuning and of developing much greater sensitivity than most presently have. Most of what is regarded as invisible that is around you is still material but rather more subtle than the coarseness to which you are accustomed. A beginning point is to begin accepting that there is much more present in your daily existence than most consider possible.

There is a wonderful world of interaction that all of you have with each other every day and night of which you are only vaguely aware if at all. What often may seem almost like a black and white world actually has a richness that is stunning when discovered. Many longingly anticipate the wonders of the Spirit World when they haven't yet realised that much of this wonder is obtainable right where you are now.

Wherever you are in the process of your life whether on Earth, or in the continuing world beyond, that you can never do more than to be as completely yourself in your immediate environment at every moment. I say to you that there is always much more for you to find at every moment in even the apparently dullest places than you can dream possible. I challenge you to look for this wonder and you must use all of your senses to do so and remember that what you seek is subtle and rarely gross. The wonders are both physical and material and non-material and even imaginary at times. Although I do suggest to you that at least some of what you 'imagine' may not be so imaginary as you think. When I suggest that you remain open, I mean really open not just a little.

*I have a feeling of lightness at present which seems to be coming from you as though you are laughing or dancing or simply being happy.*

We are happy and are enjoying ourselves and wish you to feel that as we have no desire for our time together to be like dry lectures in a class room. Life is not like that, or it certainly doesn't have to be. If we are all light and open you will find it much easier to open and maintain rapport with us. The most important messages that we could possibly give any of you are all messages of joy and happiness full of the promise of joyful futures. How can we possibly communicate that in a sombre way dressed severely

and with expressionless faces? The essence of everything that we wish to tell you is pleasurable and joyful. Much as we assure you that your life here can be wonderful and full of happiness we want even more to assure that your lives where you are right now can be just the same. You don't have to wait until you pass to find joy. What a miserable outlook that is for so many! So much so that great multitudes find it almost impossible to find the joy they seek when they arrive here as they have forgotten or never learned how to be joyful and happy.

Our Father is a being of love and love is not serious but is the essence of all joy. Much of what passes for happiness on Earth is actually an avoidance of fear by indulgence and this is very superficial. Most of you have your true joy in what seem to be tiny moments that are so personal that you find it all but impossible to communicate to another. This difficulty is not only because the experience is so personal but also because most people have little or no understanding or experience of joy so that they cannot comprehend that another can have such feelings. How we long to be with you all so that this can change.

You only have to think for a moment about what we tell you about our lives here and where we live to realise that we must feel joy and happiness all of the time. It is natural that we wish to share this with you.

Let that be our message for today. Let us part with laughter but with the awareness that the laughter and the dance and song don't cease when we leave you. We are always with you and always feeling the same way. Go with our song in your heart and our blessings.

Richard and party.

With respect to knowledge, the truth is that what is known has very differing effects and results depending on how it is applied and the awareness of the individuals applying it. The awareness of each individual creates for that person the world in which they live so that their individual awareness greatly influences the way in which they apply knowledge. Much of what is regarded as knowledge is actually belief and suffers all of the restrictions of belief. As the degree to which the belief is held to be true wanes, the effects of it also wane and either other beliefs or elements of truth arise to supplant it. Each of you knows how your world changes as your beliefs change even though your neighbours seem to still live in their unchanged worlds. It is only as their perceptions and awareness changes that they will be able to accept the validity of your world. Do not judge those who appear tardy to you as they may well have much to offer you in their own way. That their world is different doesn't necessarily make yours superior. That your apparent speeds of change differ is reflective of the expression of Free Will and not superiority of one over another. Remember always to have your mind open and **nothing closes a mind faster than judgment**. A belief is given only strength by virtue of the number of its adherents. It is not made into Truth even though it is regarded as such by those who believe. A measure of the degree of truth or otherwise of a belief is the degree of divisiveness that it generates. **Truth is always inclusive and not divisive and applies equally to all.**

*Richard.*

**God is God, who is our Heavenly Mother and Father, being SoulMates. There is only one Soul that is God's Soul, that being the Soul of our Mother and Father. Our Heavenly Parents are the First Soulmates; The Two Who Are One who have brought us all into being.**

**Jesus and Mary are a son and daughter of God.**

**Jesus of Nazareth and Mary of Magdalene, being soulmates, were both free of sin. Jesus and Mary, combined in their love for us, are our teachers and guidance for us to find our way home to our Heavenly Parents. To start this journey we are to liberate our souls from being entombed within our suppressive minds, through feeling and longing for the truth of our feelings via our soul and peel away our injuries incurred since conception.**

**Give yourself time to consolidate your relationship with the Mother and Father through the partaking of Their Love. And whilst you are doing this, you can learn about your healing, all that's involved with it, as there are many willing spirits to share their healing experiences with you.**

**When you are ready it will start happening simply because you will want it to, it all being orchestrated by your soul. And when that time comes you will have developed a strong foundation in your relationship with the Mother and Father for you to work from. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.**

**It is to make longing for God's Love the priority, and then do one's healing; should one want to include God and the Divine Love in one's feeling healing. This is doing your soul-healing as you are seeking to heal your soul of all evilness – of that which made you become evil, and release all the hurt and pain of not being fully and truly loved.**

**WE ARE Children of God**

**WE ALL ARE BEING GUIDED HOME:**

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus’ Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

**HUM:** Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon as by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

**AVO:** We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair’s guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world’s spirits.

**J&M:** We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

**M&F:** Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

**GOD**

**M&F**

**J&M**

**AVO**

**HUM**

**WE ARE Children of God**

**WE ALL ARE BEING GUIDED HOME – NOW, HOW TO COMMENCE THE JOURNEY:**

**GOD**

**M&F**

For 200,000 years, we have been misled into embracing our mind’s distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.  
 We are to long for the truth of what we are feeling.  
 We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

**J&M**

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren’t allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we’re taken into new ways of looking at ourselves, our feelings, and our life. We’re setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

**By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

**AVO**

**HUM**

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

**WE ARE Children of God**

## HOW TO GET TO PARADISE:

Long for the Divine Love  
 Long for the Truth  
 Long for the truth of your feelings  
 Don't deny any feelings: accept, express and want to know the truth of them  
 Know your feelings are the key; your feelings are the Way  
 Want to end your falseness and being untrue  
 Want to understand the truth of your early life  
 Use your surface feelings to move deeper into yourself, bringing up your repressed feelings  
 Want and long to know the whole truth of yourself  
 Want to do it all with God, your Heavenly Mother and Father – long to Them for help.

## The Key

Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.

PARADISE TRINITY:

1. **Our MOTHER and FATHER (God) (MF) – Divine Love**  
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
2. **ETERNAL SON (ES) – Divine Truth**
3. **INFINITE DAUGHTER (ID) – Divine Mind**

Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

The LOCAL UNIVERSE TRINITY:

1. **MARY M and JESUS (MF) – Divine Love**  
– the Living Truth
2. **DIVINE MINISTER (ID) – Divine Mind**  
– Mind (and her Holy Spirit)
3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

PLANETS that engage in REBELLION:

1. **AVONAL SOULMATE PAIR** – the Feeling Healing process – incarnate
2. **DAYNAL – TEACHER PAIRS** – they do not incarnate

So in summary:

Consider a diamond:

# Mother and Father Heavenly Parents

Creator Son & Daughter  
Jesus and Mary

Avonals  
as soulmate pairs

Trinity Teachers  
as soulmate pairs

Melchizediks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

**Humanity** is to pursue the pathway for Truth through one’s soul based feelings, this is the right pathway. However, humanity commences its journey founded on natural love, which we now know is to be perfected through one’s Feeling Healing process and then made divine through asking for and receiving our Heavenly Parents’ Divine Love.

For 200,000 years, **humanity** has pursued the pathway of the Mind, being that of the brain, this is the wrong pathway. The Mind is the pathway for Angels and that of all of Nature.

**CREATION of SOUL and SPIRIT:**

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one’s feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

Feeling Pathway

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

Soulmate Pair

Angel

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Spirit Person

Nature Spirit

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective

Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

**52 Judgment**

3 March 2014

*Good afternoon Richard and dear friends. I am interested to hear of the judgments that some have made of our book calling it messages from dark spirits without ever reading any of it. That seems to be from closed minds. I never did expect that we would appeal to everyone. I am interested at the level of disagreement among people who all claim to be following a Divine Love path. This is a very clear example of the nature of our beliefs and our sense of separation and competition and judgment.*

Good afternoon my dear brother. It is for reasons such as this that we encourage your development of your own discernment in all matters of living. Discernment is not a matter of being right but of being able to accept what is being offered to you. At all levels of progress in living and never more than on Earth and in the lower spheres, you are offered a plethora of beliefs and attitudes about life and the supposed truths of life. There have never yet been any belief systems that have contained anything other than smatterings of Truth. This is not because the Truth is not available to all but because human beings using their physical and spiritual sensory equipment are able to perceive only a very small part of the reality in which they exist. This means that it is literally impossible for a person to perceive anything that lies outside his capacity to perceive. A person's perceptual capacity increases with practice and with development of soul potential. A person can never step further than he is able to at any moment. Despite this the world is full of people who have an inkling of what might lie beyond their present experience and have yearnings to be there or to have that capacity. It is well to have yearnings and desires and it is also necessary to move towards these by the building of the capacity to do so.

As soon as any person gives another person heightened authority to decide for them what is 'right and wrong' they have forgone their own authority and discernment and have put themselves in a perilous situation from which they may have difficulty recovering. The best teachers will lead those who seek to learn to their own points of discovery and realisation without undue direction or limitation. Each individual will need to come to a point of self-realisation at some stage of their spiritual progress in order to continue to progress. I do not deride teachers at all but do strongly urge everyone to continually practise their own discernment and to seek knowledge widely. With the very best of intentions, the best a teacher can do is offer his/her understanding and to encourage the student's exploration and questioning mind.

The judgments that others make are for them and anyone who chooses to believe them. So be it. Let each one who chooses to read what we write decide for themselves the nature of our work. We will always endorse their open approach and their right to decide as they will.

In all of your life, you have been influenced by many approaches and beliefs many of which you have rapidly discarded and many others have occupied your interest for varying periods of time and with varying intensity. You have chosen to present some of these to others because of the intensity of your current belief. With all of this you are exactly where you find yourself today, still exploring and with all the changes that you have wrought over the years and still looking at what you believe lies within you and in front of you. You have experienced enough to feel sure that you actually know very little and yet are content with this belief.

You speak and write with us and cannot prove our existence to yourself or to anyone else and yet you have little doubt of our presence and our desire to help with love. This is enough for you and is the foundation for progress and growth. We are not placing any conditions on your continued association with us and will never do so. We will continue to respond to your questions and to foster your expressed desires.

I spoke the other day with you and suggested that it is wise to avoid comparison with others and comparison with their acts and beliefs. It is enough to be concerned with what you, yourself, believe. These are the beliefs that influence and control your life and these are the ones that you can change as you find the need and knowledge to do so.

What anyone of you actually knows of the Truth is miniscule and is actually simply a concept that each one has made of what they have heard and read based on their personal experience of living. Therefore each person has their own personal concept which is their working model but this model is rarely any closer than the most vague approximation of what actually exists. In effect this does not matter in the least if one recognises this fact and allows for change and evolution of this model for it is never more than that. Gradually as you progress you will flesh out this model until it approaches more closely to the reality and eventually you will be part of the reality and no longer need a model.

It is important to remember that this model includes your representation of yourself and everyone with whom you come into contact. This means that what you actually know of them and yourself is also a vague approximation of the reality.

What is one to do with all this vagueness and lack of reality?  
Why is the Earth like this?

The essence of all that happens in incarnational existence is that it happens in the environment of space and time. These provide the possibility of linear experience which actually fosters learning in the early stages of existence. To attempt living without these modifying factors would probably be overwhelming and contrary to learning. This form of experience allows the sense of linear progress and learning and slows everything down and allows repetition and interaction with all of the physical elements. It allows you all to be the spiritual children that you are. From our position it is easy to appreciate this and to feel gratitude that early living is in this system. When children die very young, they are raised in a similar system in the Spirit World even though they are then out of a space-time system. The Earth system cannot be fully simulated but learning is managed so that it is similarly progressive. It is always difficult to appreciate the depth of any living experience at the time of the occurrence as, at that time, one does not have the depth of learning that is needed to fully appreciate it. It is only later that the possibility of deeper understanding is possible.

This is the way in which Our Father has created the universe in which we live. We can then learn naturally as we are able to do so.

Could we have been created with all of this information and knowledge built in to us?

I don't know. I have learned that Our Father has a deep sense of purpose in all that is done and that all is done on a basis of unconditional love of all that is created whether we understand this or not. Once more, I say that, to my knowledge, there is only One who knows all that is to be known about living in this universe. The rest of us, without exception are moving towards increased knowledge as we are capable of holding this within us or accessing it. Ours is a process of approaching without any clear knowledge of the end point if, indeed there is one. Our perceptual ability also increases as we progress.

The structures of the processes of living are always such as to foster growth and learning even though this often seems very hard to perceive. The more that anyone accepts that there is a purpose in living even though they don't understand this, the easier will they be able to deal with the apparent vicissitudes of living.

However limited your perception is, it is always enough to allow you to progress along the paths of living and to make it to the next step whatever that may be. Each individual is unique and each will then have his/her own unique experience even though many may be traversing very similar paths. There is no greater gift that you can give each other than the loving acceptance of the other's approach and beliefs without descending into judgment. The Earth abounds with evidence of the pain and discord produced by the judgment and lack of acceptance of those whose views and beliefs differ from that of others.

Once more I will remind you that harmony in all associations is much more important than the apparent sharing of beliefs as truths. It is perfectly possible to live harmoniously without needing to absorb the beliefs of others or to inflict yours on them. In fact it is virtually impossible that there is another who is in perfect agreement with you on any subject at all however much you might like to believe that there is.

The unity that we find as we progress is at the deepest level possible and lies in the acceptance of the individuality that we each have as our birth right within the wonderful reality of our shared existence as creations of our Creator. Despite our individuality that we maintain throughout our existence we have a deep and essential common bond with Him Who Created us.

Every one of us who lives in the Celestial Realms is recognisably different from everyone else and this is a matter of great joy and never of discord. We have differing approaches to all that we do and find deep harmony in this as we are all able to blend our talents in a common interest. No one ever sets their singular interest above that of the whole as each one knows in the core of their being that their best interests align with that of all. We are able to live in this way simply because of the absence of judgment and the presence of unconditional acceptance of each other and the Laws within which we live.

Pay heed to all that we offer and note that we do not prescribe specific, limiting methods of progress but constantly encourage each one to follow their own desires in their own way. Acceptance and humility are practices that each one will approach in their own unique ways. There are certainly general approaches that we encourage such as prayer which each one will do in his or her own way whether or not they do this alone or in concert with others.

All spiritual growth and evolution is personal and results in each one coming to know their Creator through the deep, intimate knowledge of themselves. Each soul is created in the image of the Creator

but is not the Creator but a creation. This fact links the creation to the Creator and provides the avenue for discovery and eventual Oneness with Our Creator.

I have often before reminded you all that you are as children at the very beginning of your paths however far along you might think that you are. What you presently know is miniscule compared to what you will know in time. Accept this as simple fact which is not a limitation of yourself or your potential but simply where you are at this time and from which you will move along your evolutionary path.

Continue to remind yourselves of these simple truths and this will ease your path. You will progress. The effort it would take you to completely fail to progress is inconceivable. You will conceive of blind alleys and corners which might seem to contain you for a time and all of these will pass away as you simply accept exactly what you are experiencing without judgment. This is not easy as most people are thoroughly schooled in the practice of judgment so that it seems like an essential ingredient of living.

An exercise that is worthwhile is to actively pay heed to the judgments that you make of yourselves and others in everyday living and to wonder if your living is ever enhanced by any one of these judgments. Would you be better or worse off if you had not judged in that way? Bring your judgments into your awareness.

Enough for the moment. These are all most important issues deeply involved with the level of harmony, happiness and health that each one will experience. It is each one's personal interest to pay great heed to these elements of daily activity.

I leave you with my love and blessings,  
Richard.

**74 Antonio – Good Will**

21 August 2014

*Good afternoon my dear brothers and sisters. Despite our association over so long and our friendship and trust, I am only now beginning to really accept that we are family. You always speak of us as brothers and sisters and I refer to you as friends. It is taking me some time to make the change in my feelings and thinking even though I long for our closer association and our walking together 'hand-in-hand' as you suggest. This brings home to me once again the power of our beliefs and the difficulty in changing them despite an expressed desire to do so.*

*I feel that we have received so much to consider during and after the gathering in May. This is taking some time to deal with and I can feel inner changes progressing. I feel quite withdrawn a lot of the time with a lot of personal discovery going on.*

Good afternoon my dear brother. I like hearing you express these feelings. We appreciate your difficulties in making the changes in perception and awareness that are needed. All of your attitudes to us are still in the realm of belief rather than knowledge although the level of what can be called knowledge is steadily increasing. As I have said, knowledge is borne of experience and most of your experiences with us have yet to reach the level at which knowledge replaces belief. You have past experiences in your life which clearly show you the difference between the two. Whereas you might not understand the full meaning of the experiences which generate knowledge, you have no doubt at all of their reality and of the importance to you and your future living. Some of these experiences are short, rapid and dramatic with a pronounced instantaneous impact and you can identify at least one such experience. What we are doing with our work, or play as we choose to consider it, is much more in the category of a slower and more drawn out experience or series of experiences. This leads often to a dawning of realisation that you have moved beyond belief into the realm of knowledge.

We speak from our certain knowledge of our kinship in our vast and wonderful family and fully understand your relative uncertainty and doubt. We are not in the least troubled by this as we know it is simply a stage or phase of your development. We are actually greatly delighted that you and so many others have the level of connection with us that you do. That you are even considering us as true kin rather than caring friends is a marvellous step forwards and you have little idea of the true significance of this step. It is very important. You cannot possibly rush into your full recognition of the family relationship as that must be allowed to develop and grow until you have no doubt at all and you will know when this happens. It cannot be hastened by affirmation or other such processes. It is growing in you and will continue to do so. That you share this feeling and attitude with your friends and colleagues aids in this progress as you fortify each other's experiences. It is part and parcel of the development of your Faith for this includes your faith in yourselves and your connection with each other and with us and all of this builds and strengthens your overall Faith in Our Creator, God. In all of your processes of living, everything links to everything else.

We all live in a Universe which is one and united so how else can living be? That our place of creation and existence is oneness by definition makes this an inevitable certainty. As you consider this it is likely that your perceptions will change. It is essential that you accept this as there is nowhere else to go and no other way to be. The great beauty of all of this is that you have barely begun to discover the wonders

and beauty that exist in this great oneness. All of these you will discover simply by continuing your steady progress through all the stages of your existence. You will move steadily and inexorably forwards constantly discovering whatever lies in your path. Your openness to us and to your own abilities will continue to smooth the pathways you will tread. When I speak of paths, these are not bounded by clear markers but are simply ways of describing your progress. In parts they are unique and in parts shared by others. Whatever the situation, every person has a unique experience and humanity shares in the outcome. This is a vital aspect of universality in that all share in the outcome of the experiences of each individual. Progress for one is progress for all and regression by some is a degree of regression for all. Therefore the progress that each makes takes on great importance and the good will towards those who fare less well in their progress is of great assistance to the overall family as it serves to counter any regression which occurs.

The degree of hostility and aggression in the world today may look daunting and is certainly very unpleasant for very many people. What is even more unfortunate is that many well-intentioned people are directing ire and condemnation at the transgressors without realising that their apparently justifiable attitudes adds them to the ranks of transgressors. One sin does not counter or eradicate another. A sin is a sin. It seems counterintuitive to send good will to another whose actions you deplore. Remember always that all of living is full of paradox and paradox is, by its very nature, counterintuitive.

When you bless another, you identify and accept him or her as a member of our family and assist them to recognise this as well. It is the person and the aspect of God that they contain or which contains them, if you choose, that you honour and not what they do. There is no human action which cannot ultimately be resolved by the workings of the Law of Compensation. This is where your developing faith comes in. There is nothing that has ever been or will be done in the world that falls outside the ambit of the Laws of God. Therefore there is never a need for anyone to judge another however much one might consider this necessary and justified. All will individually face their own actions and be lovingly aided to deal with all of the consequences.

There is, however, a great necessity for the development of deep and abiding tolerance and acceptance of the foibles and failings of our fellow humans. This leads to the spread of attitudes of love of one another. If you look a little deeper at this you will realise that this can only happen as each one acts to develop enough love of themselves as it is only this that will allow the actions I suggest. This is, of course, not my suggestion as the originator of the idea. This is another one of the ancient Truths that brook no argument. Love of oneself is a basic necessity in the movement towards true harmony with all life.

Much is spoken of the need to love oneself and there is much confusion about what this means. In its most basic essence it involves the recognition of oneself as one is at this moment without judgment or criticism but with humility that allows the acceptance of all of one's foibles and apparent failings and the recognition of one's talents and potential. This is no small task considering that most have been led away from such considerations into very negative self-assessment. Each one needs to apply much gentleness and be prepared for slow progress associated with considerable and constant forgiveness and good will. As the direction of good will towards others boosts the overall standing of our great family so also does good will directed to oneself. Good will wherever, whenever and however directed is always beneficial. Never be stinting when it comes to bestowing good will.

Gently but firmly assess your own critical and judgmental nature now and in the past recognising the ways in which you may have affected yourself and others. This is not to attempt to go into the past on a crusade of redemption but to make changes today. It is another way of increasing awareness of oneself and this is the essence of growth in living on Earth and in spirit.

I will reiterate that there is no expectation that this will now become an all-consuming process for you until you reach some degree of perfection. I am suggesting this as something to bring into your consciousness on a daily basis in order to increase your awareness. Even slight changes in awareness have the potential to bear great fruit. There are many aspects of truth that are hovering just beyond your present capacity to see and feel and these can come into awareness relatively easily simply by broadening awareness.

Rarely does any human have a true concept where any action they take may lead them or what may result from it. There is always much more to any situation than is in your present awareness. It is possible to feel that what you attempted has failed to achieve what you desired when you may have actually achieved a greater outcome without realising. Even the unaware contact that you may have with a stranger in the street has the potential to bear great fruit. This is why we constantly urge that you act with good will in every situation to the extent that your ability and the circumstances allow. Ill will does always cause some harm and often great harm whereas good will cannot create harm. As your awareness and consciousness develops you will walk in the world gently and constantly generating good will with resultant beneficial results.

My words are not just directed to my scribe but to all who will read these words because the very fact that you read them indicates that you have the degree of awareness to act on them.

The road may seem long and you may feel that you can see a perilously short distance ahead but passage along this way requires that you only take the next step and be aware of what surrounds you. The greater good will that you generate the greater is the good will that will surround you every day. Your generous actions will benefit all not only those in your immediate surroundings. We are all in this together.

Our whole lives in the Celestial Realms consist of the generation and radiation of good will for this is our desire and the complete nature of our beings. It is not work or duty for us but the essence of our living and the source of our joy and the greatest pleasure. There is no greater joy than the fulfilment of one's existence. In all of this we have our individuality and personalities so that we are immediately discernible to each other and we all act in accord with our natures while blending harmoniously with all of life.

You are not asked to conform to some stated norm or set of rules. The Laws of God are not rules in the way that you are used to rules. They are guides to true harmony and peace. To live within them is the source of complete peace and fulfilment. There is no restriction but complete freedom to be true to ourselves and in total harmony with each other completed in our Oneness with Our Creator, God.

This is the direction that all of you are taking, not perforce, but by desire and your desires will bear fruit. Your free will allows you the full scope of adventure while on Earth. From the experiences you have you acquire the material that allows you the opportunities to review your lives to discover the fullness of

your personalities and your talents. You will all have the opportunity and the ability to see yourselves in ways that you never considered possible free from any judgment and criticism but in an environment which facilitates your discovery. All of this will be in the context of the lives you have lived and by virtue of the ways in which you have dealt with everything you have ever done. It is a completely personal process as is all of spiritual progress. The more that you realise this now the greater ability will you have to regard yourselves honestly and non-judgmentally while you are still on Earth. There are advantages in making an early start but there is no obligation to do so.

I am Antonio who has returned after a break to resume our discussions. We are on a new footing as you are realising as you have moved ahead. Progress is always rewarded by change that you will have the capacity to feel thus realising the fact of progress.

Enough for the moment and I will leave you with my blessings and my love. We are a large group and we are with you always. Find comfort in this and acknowledge our presence to yourself and to others.

Antonio, Celestial Brother, Friend and Teacher.

**JUDGMENT:**

July 18th, 2002 Received by H.R., Cuenca, Ecuador.

Do you feel better now? So then, as I promised you yesterday, I am going to deliver a short message. It will not be very difficult. What I want to do is to take you by your hand and lead you to a condition where you may receive once again longer messages and of a deeper content. For this end, we have to practice, yes, you understand me. It would be good if we could deliver a message every day. Yes, I know that this will hardly be possible. Nevertheless, promise me that you will at least try to.

I wish to talk about the subject of "**judging others**".

You have read how some people make fun of the Bible and of the contradictions contained therein. It is true, it contains such, but these supposed contradictions are sometimes due to out of context statements or simply to the bad understanding of their authors.

Firstly, keep in mind that the word "to judge" in the Bible often does not refer to a judgment in the juridical sense or to an evaluation or criticism of people or their actions, but is rather synonymous for "to rule." Here you find some typical examples:

*Luke 22:30 .... Yes, you will sit on thrones and judge the twelve tribes of Israel!*

*John 5:22 The Father is no man's judge: he has put judgment entirely into the Son's hands...*

*John 5:27 And he has given him authority to judge because he is Son of Man.*

Yet, there are enough passages left as to cause confusion.

*For example: Luke 6:37 Don't judge other people and you will not be judged yourselves. Don't condemn and you will not be condemned. Forgive others and people will forgive you.*

*John 7:24 You must not judge by the appearance of things but by the reality!"*

Hence, ought we to judge?

*Romans 2:1 Now if you feel inclined to set yourself up as a judge of those who sin, let me assure you, whoever you are, that you are in no position to do so. For at whatever point you condemn others you automatically condemn yourself, since you, the judge, commit the same sins.*

So, we shall not judge.

*1 Corinthians 5:12,13 Those outside the church it is not my business to judge. But surely it is your business to judge those who are inside the church — God alone can judge those who are outside. It is your plain duty to expel this wicked man from your fellowship!*

But here, we should judge. This passage even alludes to the possibility of availing oneself of lawsuits.

*1 Corinthians 6:4 In any case, if you find you have to judge matters of this world, why choose as judges those who count for nothing in the church?*

However, James' opinion seems to differ...

*James 4:11,12 Never pull each other to pieces, my brother, If you criticize your brother and judge your brother you have become in fact a critic and judge of the Law. Yet if you start to criticize the Law instead of obeying it you are setting yourself up as judge. There is only one judge, the One who gave the Law, to whom belongs absolute power of life and death.*

How can you then be your neighbour's judge?

And it is this sequence of contradictory statements that has led many "critics" to ridicule the biblical teachings, asserting that there is no straight teaching in the doctrine, and that each of the authors held to their personal opinion. Well, in some ways, it was so, but in our specific case, there are actually no contradictions.

What determines the attitude of people, either mortals or spirits? Definitely, it is the development of their souls. If people really want to improve, they have to improve the condition of their souls," to grow spiritually," so as to say. There are several roads leading to this goal, as you know: through the development of natural love, or Jesus' way, "seeking the Kingdom of God," that is, to seek the Love of God, because this way "all these things will come to you as a matter of course."

When we see that people, or ourselves, act badly — and with that we already emit a criterion, we are already judging — we may say so. There is nothing bad in evaluating situations or attitudes. However, the evaluation should not exhaust itself in mere criticism, "never pull each other to pieces", but it should rather lead immediately to a helping action. If we want people who acted wrongly to change, then we have to guide them, so that they may succeed in changing their souls' condition. Moreover, simple criticism will not lead to this goal. We must help. It is true, only the individuals themselves can achieve this change, but often they need other's guidance.

In the Padgett messages, Jesus also "judged" Padgett, his state of receptivity, and he exhorted him to pray more. That was not criticism for just criticizing, but guiding and helping. And so you should proceed. The "admitted judgment" – it is the judgment of love, where one does not raise a menacing finger, but extends a helping hand.

But, of course, this procedure also demands the affected people's consent. If they do not show any intention of changing, then all our "criticism" will not be useful at all, and the best thing to do will be to separate from those people.

However, the important thing is, always to keep in mind that all our reactions depend on our soul development. When we find that people have acted badly, what they have done perhaps was the best thing they were able to do, considering their condition. Perfection on Earth does not exist, yet there is the possibility of bending every effort to come closer to the ideal. If the structure on which our decisions are based on, that is to say, our soul, does not change, all good intentions will fail.

This message has not been so short at all, but you have received it satisfactorily. We will continue practicing.

With much love, Judas

Book of Truths by Joseph Babinsky

I am here, Jesus –

I am here and desire to write a few lines in reference to the great “day of judgment,” of which the preacher and teachers of theological things write so often. I know that the Bible, or rather some of the books, lay great stress upon this day when, as they claim, God will pour out His vials of wrath upon the ungodly and condemn them to an eternity of punishment.

There is, as you know, very great and diverse opinions among these learned men as to what is the meaning and significance of this day of judgment, and when, in a chronological point of view, it will take place; and all these varied opinions have many students and teachers who embrace and proclaim them to the world as being true and free from doubt.

Well, it is certain that all men must die and there will come the judgment, and that which follows the death is just as certain as is the death itself, and just as reasonable as is the following of any cause by an effect. So men should have no difficulty in believing in the judgment as a fact that cannot be avoided, just as death cannot be avoided.

But the word and the fact, judgment, when used as an effect or following of death, may have many meanings in the opinions and understandings of many men, depending upon what men may believe as to things that are called religious or scientific or philosophical. To the ultra-orthodox this term judgment means and necessarily comprehends the active pronouncement of a sentence by God, because of and determined by their lives and thoughts while living in the mortal life, irrespective of any of His general laws and the workings thereof. God is Himself the judge – personal and present – and by Him in this capacity are each man’s life and works known and digested and made the basis of the sentence that He must pronounce in each individual case.

God keeps the record of all of these acts of men, or, if man is conceded to be his own record-keeper, his records are, or will be, at the time of the great assemblage for judgment, opened up or brought into view so that nothing can be lost; and then, upon this record men will be sent to eternal happiness or to everlasting punishment, or, as some believe, to destruction or annihilation.

Others, not orthodox, who believe in the survival of the soul and the continuing memories of the acts and thoughts of men, teach that the judgment will follow death as a natural consequence of the operations of the law of cause and effect; and the effect cannot be escaped from, until in some way there comes to the consciousness of men a realization that the effect in their suffering has satisfied the cause and that there is nothing mysterious or unnatural in the appearance and workings of the judgment. They do not believe that God by any special interposition or personal punishing will pronounce the judgment, or determine the merits or demerits of the one called to judgment.

Besides these views, there are others extant and believed in, but the two that I have mentioned are principle ones and are sufficient to show what the large majority of thinking or rather believing, men conclude the term judgment as used in the Bible should mean or be understood to mean.

Well, the judgment of the human soul is an important accompaniment of the human life, both in the flesh and in the spirit world, and as regards the questions and punishments, hardly anything demands more of the thought and consideration of men, for it is a certainty that beliefs, true or false, he cannot avoid them. Judgment as certainly follows what men call death as does night the day, and no philosophy or theological dogmas or scientific determinations can alter the fact, or in any way change the character or exact workings of this judgment.

But judgment is not a thing belonging exclusively to the after-death period or condition, for it is present and operating with men from the time that they become incarnated in the human until they become disincarnate, and thereafter continuously until the causes of effects have been satisfied and there remains nothing to be judged, which happy ending is also a fact – for all men are dependent upon their progress towards the conditions of harmony with the laws that make effective as well as pronounce the judgments. While on Earth these laws operate, and continuously man is being judged for the causes that he starts into existence, and the after-death judgment is only a continuation of the judgment received by men while on Earth.

Of course (men may not know this) these judgments or the effects thereof, become more intensified after men have gotten rid of the influences of the flesh existence, and they become spirits, having only the spirit qualities. And because of this fact men must understand and try to realize that the expression “after death, the judgment” has a greater significance and is of more vital importance than the saying that “judgment is with men all during their mortal lives.”

After death the causes of the inharmony with the law becomes more pronounced, and appear in the true meaning and force, and, consequently, as this is true the effects become more intensified and understood, and men suffer more and realize the darkness, and sometimes the gross darkness, that these effects produce. The inharmony appears in its unclothed and unhidden reality, and the law’s workings bring to men the exact penalties that their violations demand.

Man is his own bookkeeper, and in his memory are recorded all the thoughts and deeds of his Earth life that are not in accord with the harmony of God’s will, which is expressed or manifested by His laws.

The judgment is not the thing of a day or a time, but is never ceasing so long as there exists that upon which it can operate, and it diminishes in proportion as the causes of inharmony disappear.

God is not present in wrath demanding, as does the human who believes himself to have been injured demanding reparation by the one causing the injury. No, the Father is present only in love, and as the soul of the one undergoing the penalty, which his own deeds and thoughts have imposed upon him, comes more in harmony with the Father’s will, He, as you mortals say, is pleased. Never is He an angry God, rejoicing in the satisfaction of a penalty being paid by one of His erring children, but always a loving Father rejoicing in the redemption of His children from a suffering that a violation of the laws of harmony exacts with certitude.

Then, as I say, the judgment day is not a special time when all men must meet in the presence of God, and have their thoughts and deeds weighed in the balance, and then, according as they are good or evil, have the sentence of an angry (or even a just God) pronounced upon them.

The judgment day is every day, both in the Earth life of man and in life in the spirit, where the law of compensation is working. In the spirit world time is not known and every breathing is a part of eternity and with every breathing so long as the law requires, comes the judgment, continued and unsatisfied, until man, as a spirit, reaches that condition of harmony, so that for him, no longer the law demands a judgment.

But from what I have written, men must not suppose, or beguile themselves into that state of belief that will cause them to think that because there is no special day of judgment when God will pronounce His sentence, the judgment, therefore, is not so much to be dreaded or shunned. No, this state of thinking will palliate only for the moment, for the judgment is certain, and is and will be no less to be dreaded, because the immutable law demands exact restoration (instead of an angry God).

No man who has lived and died has escaped, and no man who shall hereafter die can escape this judgment unless he has, in a way provided by the Father in His love, become in harmony with the laws requiring harmony. "As a man soweth so shall he reap" is as true as is the fact that the sun shines upon the just and the unjust alike.

Memory is man's storehouse of good and evil, and memory does not die with the death of the man's physical body, but on the contrary, becomes more alive – all alive – and nothing is left behind or forgotten when the spirit man casts off the encumbrance and the benumbing and deceiving influences of the only body of man that was created to die.

Judgment is real, and men must come to it face-to-face, and want of belief or unbelief or indifference or the application to men's lives of the saying "sufficient unto the day is the evil thereof" will not enable men to avoid the judgment or the exactions of its demands.

There is a way, though, in which men may turn the judgment of death into the judgment of life, inharmony into harmony, suffering into happiness, and judgment itself into a thing to be desired.

Elsewhere we have written of this way open to all men, and I will not attempt to describe it here.

I have written enough for tonight. You are tired and must not be drawn on further.

*So with my love I will say goodnight.

## Revelation 12: Jesus explains passages in the Gospel of John.

<https://new-birth.net/samuels-messages/53-revelations/revelation-12-jesus-explains-passages-in-the-gospel-of-john-ntr42/>

(This message is referred to as Revelation 16 on page 42 in New Testament Revelations of Jesus of Nazareth)

Received by Dr Samuels, Washington D.C.

June 7th, 1955

I am here, Jesus:

(Possibly not Jesus, however someone with authority)

In the gospel of John, chapter 5, verse 22, the saying ["The Father does not even sentence any one, but leaves all judgment to the son."](#) must be interpreted that the Father indeed does not sentence, but that man sentences himself through the memories of his misdeeds and sinful thoughts which he brings with him to the spirit world, where the law of compensation acts upon these inharmonious memories of that spirit, purging him through a process of suffering as these memories burn and excoriate him, and accompanied by the darkness and unhappiness of his place of abode. Jesus does not judge nor does he have the power to judge, as the New Testament claims, but I am simply a repository for the principle of the Divine Love, the source of which is in the Father, and through Faith in His Love is the spirit enabled in his prayers to the Father for His Love to overcome the condition of suffering and darkness, for as the Divine Love of the Father enters the soul of the spirit, the evil in its soul is expelled and the memory of that evil is effaced from it, and the law of compensation has not that on which to work and the spirit is released from its operations. And this is the great fact of the efficacy of the Divine Love, that it enables the soul which possesses it to eliminate evil from it and thus make its progress from darkness and suffering in the hells so much faster and bring about At-onement with the Father, and an abode in the Celestial Heavens.

The **judgment**, therefore, is not a question of being a judge, but simply that working of the law of compensation which causes the spirit to suffer the penalties of his transgressions of God's Laws, but **it is not God nor I who cause this suffering, but the memories of the spirit himself which contain that upon which the law operates until it is satisfied**. I am not a judge, and neither is the Father in the sense that it is understood by mortals, but the will of the spirit embrace the opportunity of seeking for the Father's Love or to reject this opportunity which is the judge that sentences man to the sufferings which are caused by his spiritual condition or rewards him with the eradication of his sinful nature as the Divine Love enters and permeates his soul and fits him for the happiness and glory of the Celestial Heavens.

The concept that I am the judge of the world, that I will come one day to judge it, is an entirely false and illusory one, and it was never taught by me, and never did I give my disciples or hearers to understand that my reign was to be an earthly one and that I was to be king of the Jews in any other than in a spiritual sense.

Received June 14th, 1955

To continue with John, chapter 5, verse 28, wherein it states: ["And soon, and the time has come, when the dead shall hear the voice of the Lord and those that hear shall be saved."](#) I should like to explain the meaning of this verse as it should be interpreted. It meant that those spirits living in the spirit world, regardless of their sphere of light or darkness, would hear that God's Divine Love was given to all souls,

whether mortal or spirit, and that those who grasped the opportunity of obtaining the Divine Love through prayer would in time and in accordance with the intensity of the soul longings and efforts be enabled to enter the Celestial Heavens and into immortality. I did not literally mean, as the New Testament implies, that the dead bodies of mortals would become living beings again through the regrouping of the component elements which form the body and that the souls of these resurrected mortals would return from the spirit world to inhabit these bodies, and this is the absurdity which the New Testament teaches as authoritative and as coming from my lips. The verse meant that the dead soul, that is to say, the soul not aware of the spiritual things, could by listening to the message become awakened and thus seek for the things of the spirit and possess a sufficiency of the Divine Love which could be obtained by that soul in the flesh as well as in the spirit world.

In the same chapter of John, I showed that Moses prophesied about my coming in the Book of Deuteronomy, chapter 18, verse 15, when he wrote, ["The Lord thy God shall raise up for them in their midst and like unto me a prophet and to him shall they hearken... I shall put my words into his mouth and he shall tell them all that I shall command,"](#) and the important part of the prophecy was that this prophet, meaning me, should be like unto God Himself, and this likeness was to be in the nature of our souls, for my soul was to be filled with the nature of the Father, which is the Divine Love, and to the extent that I constantly prayed for His Love and obtained more of His Love would I have increased knowledge and possession of immortality. This prophecy of Moses I used very often in explaining my mission as the Messiah.

Received June 30th, 1955

Now with respect to the questions which you would like to have me answer, ["No man can come to me unless the Father draws him to me and I shall raise him up at the last day,"](#) from the gospel of John, chapter 6, verse 44. Now this is false and you realize of course that John did not write this statement, as is the case with many another statement in the gospel which I have already pointed out and others which I shall clear up in the course of time. For here again, it is not the Father who imposes His Will upon man and thus does not draw, but it is man's desires and longing in his soul makeup that causes man to turn to the Father and seek His Love. Furthermore, it is not a question of man's turning to me, for I am simply the messenger of the Father, sent to Earth to proclaim the bestowal of the Divine Love upon mankind with myself the proof that the Love was available, and man obtains the Divine Love and At-onement with the Father through his soul longings to the Father, and even when man turns his thoughts to me in the mistaken notion that I am God, or the thought that I am the Son of God, his soul longings really go out to the Father. And again, I must state, at the cost of repetition, that I do not raise up anyone at the last day, for there is no judgment day such as the orthodox conceive of, but [man judges himself and raises himself up through the laws of compensation which govern his progress towards light in the spirit world and also through the efficacy of the Divine Love.](#)

So you see that the statement is an entirely erroneous one and creates an entirely wrong impression as to man's relationship to God and to judgment. This false conception of what the judgment is and what it is not is again evident in the statement, in John, chapter 9, verse 39, ["For judgment I am come into this world, that they which see might not see; and that they which see might be made blind."](#)

The fact of the matter is that my coming had nothing to do with any so-called judgment day, but by turning man to the Father and His Divine Love I helped mankind, at least those who received my

message, to find a bright home in the spirit world and a way to escape the judgment imposed by the laws of compensation, and this is the only judgment that I had a hand in. Furthermore, I came to Earth so that all men would be able to perceive the great truths of the bestowal of the Father's Divine Love, and for those who were blind to be able to see, and by that I mean both physically and spiritually. I could not make any man turn from the truth, once he had understood it, and it was my mission to turn all mankind to the truth. I would not have been Jesus the Christ if I had sought to turn men away from God and Truth and the Divine Love, and in fact, even if they would not accept the great truth of the Divine Love, I helped men to reaffirm their faith in God's great laws of natural love and the moral code.

So do you not see, how false are these statements attributed to John and how they are misunderstood and misrepresent me and my mission on Earth?

I know that you had these doubts concerning the passages in the gospel of John and I am very happy to be able to write to you concerning them. So continue to make note of these doubts as you study the gospels and I will write you as to their truth. I will stop now and with my love to you and Dr. Stone, I shall say good night, your friend and elder brother,

Master of the Celestial Heavens

**JUDGMENT****(First Sphere spirit world event)**

One of our poor sisters met our Mother Angel a little while ago in the garden, and was turning down a side-path in order to avoid meeting her, not of fear but of reverence. But our bright Angel went to her and spoke kindly to her, and when she found she could talk quite freely she asked a question. “Where is the judge,” she inquired, “and when is the judgment to take place? I am trembling all the while with the thought of it, for I know my punishment will be a very dreadful one; and I would know the worst, and get it over.”

To this the Mother replied, “My child, your judgment will take place whenever you desire; and from your own words I can tell you that it has already begun. For you own that your past life is worthy of punishment, and that is the first step in your judgment. As to the judge, well, she is here; for you yourself are judge, and will mete out to yourself your punishment. You will do this of your own free will by reviewing all the life you have lived and, as you bravely own up one sin after another, so you will progress. Much of your punishment you have already inflicted upon yourself in those dark regions from which you have lately come. That punishment, indeed, was dreadful. But that is past and over, and what you have now to endure will be dreadful no longer. All dread should now be past. Painful, deeply painful, I fear it will be. But all through you will feel that He is leading you, and this more and more as you go on in the right way.”

“But,” persisted the inquirer, “I am perplexed because I do not see the Throne of the Great judge who will reward some and punish others.”

“You will, indeed, some day see that Throne, but not yet. The judgment you are thinking of is very different from what you imagine. But you should have no fear and, as you progress, you will learn more, and understand more, of God’s great love.”

That is what perplexes many who come over here. They expect to find all set ready for their dismissal from the Presence into torture, and cannot understand things as they are.

Others who have cultivated a good opinion of their deserts are much disappointed when they are given a lowly place, sometimes a very lowly one, and not ushered immediately into the Presence of the Enthroned Christ to be hailed with His “Well done.” Oh, believe me, dear son, there are many surprises awaiting those who come over here, some of a very joyful kind, and others the reverse.

***The Seven Layer  
Auric Body System***

All forms of energy give off colours. The spirit body gives off an aura, or a group of colours. If the spirit body is in a poor condition, it will not give off a strong aura, or its aura will be damaged in some way, there will be holes in it. A person who can see an aura will see these different shapes and colours inside the spirit form.

That is not the spirit body itself. The spirit body has organs, it is like your body, it is in a different dimensional space. Sometimes you will notice your spirit body operating. The spirit body has a heart – your spirit body's heart beats at a high rate.

Spirit Body incorporates all the subtle bodies, including the etheric body, emotional body, mental body, astral body and the causal body, all being various layers of the Spirit Body.

Your Soul, being your real self, resides within your Spirit Body but is not of your Spirit Body.

**MERIDIAN LINES are ENERGY CONDUITS for CHAKRAS.**

Spirit Body, incorporating the Etheric Body, is the blue print and master designer of the Physical Body. Energy flow constrictions in the many meridian lines, that form the blue print, emerge as pain, then injuries and then illnesses within the Physical Body.

Etheric or Astral Body: The majority of karma, which is a constriction in the universal flow of energy formed by incorrect perception, is held in the astral body (only a small portion is in the physical body). It consists of bluish lines of light. It produces the acupuncture points and the major and minor chakras by the energy lines crossing each other. Where they cross seven times, there is an acupuncture point. Where they cross thirteen times, there is a minor chakra point. Where they cross twenty times, there is a major chakra point. This body is linear and is located an inch (2.5 centimetres) out from the physical body.

Almine

Each chakra point, major or minor, has a swirling vortex that draws in energy to feed the spirit body and subsequently the physical body.

### HEALTHY MERIDIAN or OBSTRUCTED MERIDIAN:

The etheric body, being part of your spirit body, is the template for the physical body. Much of the energy you need for the physical body is supplied by way of chakras and the meridian lines throughout your etheric body. These meridian lines reach from your toes to the end of your fingers or top of your head. Each set of meridian lines is connected to a specific organ of your body. Each organ functions at a different vibrational frequency.

In like, many negative emotions, which are also of different vibrational frequencies, if not allowed to pass through your bodies, will find their lodgement within fields of related frequencies within your body and organs. Such negative emotion, being those calibrating under 200 on Dr David Hawkins' Map of Consciousness, may lodge anywhere in the bodies, typically on the meridian line of the related organ to which it relates to and was attracted to.

Such slow vibrating negative emotion is a plasmatic magnetic energy ball. It can grow and grow by being fed the same fuel coming from a continuation of the same emotional injury. This stuck ball of energy will restrict the movement of needed energy flow along the meridian. This will result in discomfort, then pain, and then may manifest in illness in the organ or in aspects or regions of the body related to that organ.

Allopathic / western medicine treats the symptoms, however the cause remains held in the bodies resulting in a further or similar health issue or a reoccurrence.

The negative emotion, possibly having been held since very early childhood, can be easily removed.

Issues within the subtle bodies are energetic magnetic fields that can be removed by your focused intent to recognise the issue, locate the issue, and enable the bodies to release the emotion with the support of additional magnetic energy being provided to your governing meridian down your spine. Such healing modalities include the Emotion Code and Body Code practices, as an example.

The ultimate way to improve your health condition is engage in one's Feeling Healing and to long for and receive Divine Love, this love slowly but steadily grows your soul condition and results in erroneous emotions and injuries being released from your bodies.

**ENERGY DETERMINANTS – Relationship between Body, Mind and Soul:**

The physical body calibrates at 200 on Dr David Hawkins’ Map of Consciousness. Many people feel and believe that their body is their real self, this is not so.

Further, the brain is not the origin of the mind, as science and medicine had believed, but the other way around. The mind controls the brain. The brain is activated by the mind’s intention and not vice versa. Reason, which emanates from the mind, calibrates at 400 to 499, thus controlling the brain.

What is held in mind has the power to alter brain activity and neuroanatomy. Thought is powerful because it has a high rate of vibration. We are subject to what we hold in mind. Errors in belief bring about energy flow blockages.

Superimposed around the physical body is an energy body whose form is very much like that of the physical body and whose patterns actually control the physical body. This control as at the level of thought or intention. This superimposed energy body is one’s etheric / spirit body, the template of one’s physical body and home of one’s mind.

The basic dictum to comprehend is that the body obeys the mind; therefore, the body tends to manifest what the mind believes. Illness is generated in the physical body by erroneous held beliefs within one’s mind.

It is the energy level of love that steadily brings about a release from erroneous and harmful man-made emotions and beliefs. The energy level of love calibrates at 500 and higher. One’s soul is connected by cords of light to one’s spirit body. One’s soul is the home of one’s personality, natural intelligence and memory, it is our real self.

One’s soul is always perfect and is made of the energy substance called natural love. It is by growing one’s level of love does one enable sufficient energy to flow through one’s chakras of the spirit body and subsequently into one’s physical body that erroneous and injurious beliefs are dissolved and the potentiality for health of the physical body to become permanently repaired a possibility.

On the Map of Consciousness (MoC), the **charkas** calibrate as follows:

Crown	600	7 <sup>th</sup> chakra
Third Eye	525	6 <sup>th</sup> chakra
Throat	350	5 <sup>th</sup> chakra
Heart	505	4 <sup>th</sup> chakra
Solar Plexus	275	3 <sup>rd</sup> chakra
Sacral or Spleen	275	2 <sup>nd</sup> chakra
Base or Root Chakra	200	1 <sup>st</sup> chakra

With one’s Feeling Healing, the greatest infusion of Love, and the easiest way for one to transcend levels of emotions, that is, to evolve, is to long for, pray for, and ask for our Mother and Father’s Love, Divine Love, being a light golden blue energy substance. Try the experiment.

**Using Kinesiology Muscle Testing** in relation with the Map of Consciousness, consciousness being soul condition, one can determine the level of energy / truth of anything. Thus with kinesiology you can determine which emotion or emotions are directly behind your discomfort / dis-ease, where in your bodies, which overlay each other, this negative energy is stuck, and the size of the energy field. When you have released the emotional energy ball, you can then confirm if it is now gone.

The Map of Consciousness (MoC) table is based on the common log of 10. It is not a numeric table.

A calibration increase of 1 point is in fact a 10 fold increase in energy.

A calibration increase of 10 points is in fact a 10,000,000,000 fold increase in energy.

Thus the energy differentials are in fact enormous!

**NATURAL LOVE or HUMANITY’S ERRONEOUS EMOTIONS:**

Your soul, being your real you, is an emotional being. Your soul, though a thought of God, does not possess anything of the divine within it. It existed in a state of bliss, in a natural love state, pending individualisation which is achieved at conception which is the time of incarnation. Your soul is endowed with natural love emotions noted within the top section of the Map of Consciousness scale, being those emotions calibrating above 200.

Humanity’s erroneous emotions are those calibrating below 200 on the Map of Consciousness. The environment around a newly conceived child progressively degrades the condition of that child’s soul. When the child reaches about the age of 7, the child’s soul condition will reflect the parent’s condition. These negative emotions are like a crust around the pure soul it has within.

**EMOTIONS affect SPECIFIC ORGANS:**

Emotional injuries and held errors have specific energy signatures and vibrations. So does each part of our physical body. Errors held within one’s mind affect the flow of energies through one’s spirit body, the spirit body is the template of the physical body. The resulting energy flow constrictions then initiate issues, and then pain, and then illnesses within the physical body.

**PLASMA ENERGY:**

**PLASMA:**

The magnetic and gravitational fields of plasma combine with other plasma. They group together to create minute things, all the way through to creating galaxies. Our thoughts are projections of plasma. Love received is plasma.

Every cell in our body has a plasmatic magnetic field. Our whole body has its own magnetic field. And so it goes on, and on....

**STAGES of MATTER:**

**Matter becomes finer and finer and more incredible within each phase:**

ASPECTS of LIFE:

The spirit body is composed of a different kind of matter, "finer" or more "ethereal". The fact that its aspect reflects the condition of soul is a clear indication that the soul influences largely its formation, and even more, the soul is indeed the creator of this body, which covers it and provides it with the characteristic of individuality. The formation of the spirit body begins at the moment of incarnation of the soul in the foetus, incarnation which only takes place should there exist a high probability that the spirit of life has found in the new organism a stable biological structure, allowing it to carry out its life-giving function.

P529 Judas of Kerioth 8<sup>th</sup> May 2002

**At the moment of conception, we incarnate, that is, we achieve individualisation and become self aware and we are then able to exercise our free will.**

**At the moment of conception, our soul, being our real self, is creating the newly forming embryo and everything else every step of the way as Judas says above. And our soul utilises our parents' life forces to achieve incarnation.**

**At the moment of conception, there is nothing of the Divine within us. Only as we proceed to ask for and receive Divine Love does our soul slowly and progressively change into the nature of that which is Divine. As our soul receives Divine Love, and embraces Feeling Healing, it will grow, and grow, and grow in brilliance and into that which is Divine.**

### The REAL YOU is the SOUL:

One's personality, natural intelligence, memory and human attributes all are soul based. The soul initiates conception so it can start expressing one of its two personalities in Creation. It creates the will, then 'wills' the spirit body and physical body and all that connects them with the will into being. Our soul constantly sustains or expresses us, one of its two personalities, in Creation. The spirit can't separate from the soul because the soul keeps it in existence. We need our spirit and physical bodies to experience our personality through. When the spirit body separates from the physical body, one continues on living in a different form without losing any of the attributes experienced during physical life. Incarnation is the process of individualisation of the soul.

Without a soul, our physical bodies would function and interact similarly to that of a domestic animal. An unsouled human body (thought not possible) would respond like a household puppy! Domestic animals calibrate on Dr David Hawkins' Map of Consciousness between 200 and 250, the human body calibrates at 200. All animals have spirit bodies, these do not survive into the spirit Mansion Worlds. Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

**Our first parents, Andon and Fonta (also called Aman and Amon), were the first to exhibit human perfection hunger some one million years ago. Adam and Eve, Adamite bestowals, arrived some thirty eight thousand years ago – or earlier.**

**Aman and Amon** were the first True Humans, which means, the first soul expressing its soulmate pair, its two personalities, in Creation – on Earth. From which came forth the rest of us. So they had a soul from the start, which separated them from their animal parents. It's the soul that wants to fully express itself through its two personalities perfectly in Creation, which is the so-called 'human perfection hunger'. It, our soul, wants to be Perfect like its Heavenly Parents, the Soul that Created it. We, focused as personalities, want to be perfect, like the Personalities of our Mother and Father that are Perfect. Our soul wants to be like Their Soul. Our soul wants to ascend us to Paradise so we can be with Them, as physically close to Them on a personality level that we can be, and then see what happens.

There were aunts and cousins, parents and grandparents. But they were not human like Aman and Amon – they were really animals, though of the same species. Aman and Amon wandered off from the family, since they could find no way of relating to them at all. How could they? They were incapable of rational thought, speech, or anything human. Aman and Amon knew that forevermore that they were apart.

Aman and Amon may have been twins. They were indeed a primate species of humanoids. But they, themselves were more beautiful than their animal relatives, and they knew, even from their very appearance, that they were marked even by Nature to be different.

### **SOULS at CREATION:**

With his FREE WILL, man may turn to the Father to eliminate evils in his soul and obtain the divine quality through prayer to our Mother and Father for Their Love. When the earliest man appeared, he had a perfect soul with intuition that he had been created by the Father and a standard for conduct which, if only intuitive or unconscious, lifted him above the other creatures, who were soul-less, living on the Earth, and in this way he possessed a double set of emotions, one flowing from his condition as a creature of god, and inherent in him on the base animal level, and the other stemming from his position as a human being, implanted with a soul created by the Father for higher living and development, for the fulfilment of the spiritual values. Man could have eliminated the undesirable animal elements within him, retained the perfection of his soul and become possessed of the Divine Love, and at-one-ment with God, had he prayed to the Father for this Love, but he did not, lost by his act the potentiality of receiving it and contaminated his soul with those acts of the animal nature which were not in harmony with the nature of God, brutalized his soul to the point where it became non-operative and dormant, and he became like the beasts in the field, functioning only on the animal level. It is from this point that man has began to make his slow recovery, and that is why man is born with evils so encrusted around his soul that they act like part of his soul, which they are not, and he must make tremendous efforts to remove them.

Prayer for the Father's Love not only purifies more quickly, but also transforms the soul from the human to the Divine Soul, the first example of which was provided by me, namely, Jesus Ben Joseph, the Messiah of God and Master of the Celestial Heavens. The soul is subject to the influences, good or bad, of forebears and the moment of birth is also influential, in that God's law of time and qualitative effect are also operative for all.

The Divine Love, as I have stated, many times before, enters the soul as a result of a soul longing, and not because of any prayer offered merely with the brain – it must be a sincere prayer that comes from the soul, or to put it another way, an earnest prayer that comes from the heart. Neither does the Father bestow His Love upon those who do not seek it; and that is why I keep repeating "pray to the Father for His Love." These things are miracles indeed, but only in the sense that all life is a miracle, all creation a miracle, the human soul and the transformation of that human soul into a Divine soul. But instead of a "miracle" a word which is so widely employed and misunderstood by the orthodox churches, let us use an expression that more aptly fits; the ineffable workings of the Father's Ways-His love.

I wish to emphasize two important principles of the Divine Love; that it was never available to mankind before my birth, for it was first given on Earth, not in the spirit-world, and, in fact, I preached its availability in the spirit world after the crucifixion; and secondly the Father never bestows upon the soul this Divine Love if that soul does not seek it in earnest prayer, and that is why, while my soul, predisposed to becoming the Messiah by constitution, it was never preordained that it should be so, but I chose to be the Messiah and undertook to preach the "good news" of my own free will, because I met the challenge of the historical circumstances that prevailed, and neither was it preordained that I should die on the cross, but neither did I stop preaching when I realized the opposition of the high priests and Roman barbarism that made my arrest and death a certainty, because in preaching the Divine Love I was true to my mission as the Messiah of God, and was, and am, faithful unto Him.

### DIMENSIONS of ONE'S EXISTENCE:

Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

SOUL exists existentially

Our Physical Body and our Spirit Body are of Creation, being linked together by cords of light as are the two spirit bodies, male and female, to the one Soul.

One's unique personality is soul based. Our unique soul expresses its unique personality through the two spirit bodies and physical bodies expressing both the male and female aspects.

## PERSONALITY

**Our soul is the centre of our personality.  
We are children of our Heavenly Parents.  
Our soul manifests a male and female personality - it is a duplex!**

## **WE ARRIVE DETUNED!**

Our souls are a divine creation of our Heavenly Mother and Father. They could not be any other way! And are designed (such as how it has been for us) to begin incarnation in a Natural love condition reflecting the Natural love state of our world.

And we have also been provided with the opportunity to experience what is being 'evil', to live denying our Natural love, as seen through the denial of many of our feelings. So we here on planet Earth live on a world that has Rebelled (and then also Defaulted), of which there are only 37 within the local universe of Nebadon, consisting of 3.8 million physical worlds under the regency of Mary Magdalene and Jesus – the spiritual parents of truth of all of Nebadon! And we assassinated Jesus, and completely denied Mary not allowing her to have her say about the truth.

As a consequence, we are 'detuned' from our Natural love state and divine origin. You could say we arrived with all parts functional, however, in our untrue, dysfunctional and distorted state, we're badly in need of a severe service, tune up or a complete reconditioning. Our goal being to bring our true self to the fore by doing our Feeling Healing, and then to progress beyond our Natural love state by further advancing our soul condition through the process of Soul Healing and receiving our Parents' Divine Love – becoming divine.

In our feeling- and truth-denying untrue Natural love state, we have been made to use our minds to dominate our feelings, becoming more like that of mind-based creatures of nature than of human souls of truth and feelings. And this is the wrong way for us to develop. So to step beyond this limitation, we are to live true to our feelings. Our heartfelt feelings being the guiding lights to our evolution and growth of truth.

Feelings are what guide us through our ascension of truth. So they are really our Supreme Guides. Many people look for a person, spirit, angel, even God, for supreme guidance, however it's all right there already built in and can be found through our feelings – our soul based feelings.

By living true to our self, true to our feelings, we are living true to God. It's that simple.

Thus we are detuned once our incarnation begins. However, the way is now open for us to bring about our full divinity. To completely Heal all that's wrong within us on a Natural love level. To embrace and then transform that Natural love into a divine state through partaking of our Heavenly Parents' Divine Love. All the while attuning ourselves to divine perfection and enjoying the fullness of our divinity and love, as we ascend in truth on our journey all the way to Paradise – the home of our Heavenly Parents.

**WE were DIVINE, and WE are to BECOME DIVINE AGAIN:**

Our personality, our soul, our real self, are all creations of our Heavenly Parents. We, our real selves, are not creations of our physical parents. Within our original status, we were of Divine nature.

Our physical parents, from our conception, endeavour to mould us into being ‘little me’s’, that is, replicas of themselves, imposing their beliefs and personality traits upon each of us. They crush our individuality and free will. They destroy our personality, our true self. They inflict upon each of us their ways, all of which are of a result of the Rebellion and Default of many, many generations ago. They drive us into believing and subsequently becoming dependant upon our minds. This is not the way for us to express our true selves and evolve along the path towards our true parents, our Heavenly Mother and Father. We are to embrace the Eternal Son of Truth, not the Infinite Daughter of Mind.

No, we are not in the image of our physical parents. Though we may look like them, and act like them because they have dramatically and successfully crushed our true personality, we are each very unique and independent of our parents and all other family members. When we begin to progress along the path of engaging with our soul based feelings and seek for the Truth of our feelings, we will become free of our parents’ impositions and suppression.

Upon starting our physical life experience on Earth, our divinely created soul begins to express us as one of our soul’s two personalities in Natural love. However because of Earth being in Rebellion, so we are parented into a rebellious and anti truth and anti love state of mind control over our feelings and true self.

Natural love is good, just ‘less’ or different to Divine Love. And it’s that in our rebellious state, we’re rebelling against Natural love, and Divine Love by not taking Jesus and Mary up on their offer and allowing the Divine Love to transform our soul, as we perfect our Natural love by doing our Healing.

By living true to our self, true to our feelings, we are living true to God. It’s that simple. The revealing of the Feeling Healing process is the commencement of our ability to begin the Great U-Turn and go the right way. Should we then also embrace our Heavenly Parents’ Divine Love, we can also commence our Soul Healing and a returning to that of being divine – this is our destiny.

**CREATED in THEIR IMAGE:**

James: Mary, what does ‘we being created in the image of God’ really mean?

Mary M: It means that our Mother and Father used Themselves as the model or template if you like, upon which to bring us into being, those of us who have existential souls with the potential of expressing their two personalities in Creation.

And although our souls are divine, as in being divinely created, still whilst we start our personality expression in Natural love, so we need the Divine Love to come into our soul and bring it into the levels of Celestial divinity.

Natural love, so basically the whole of Creation, is of the image of God, and we being divinely created souls can be part of God’s Divinity becoming divine ourselves. So through your Healing, James, you become progressively divine by partaking of the Divine Love and healing yourself into perfection – your true self. And by the time you’ve completed your Healing, your soul is of the Divine Love level of Celestial truth, and your personality is an expression of that level of truth, it all being ‘confirmed’ and cemented – fused – into place upon the direct soul-union with your Indwelling Spirit. Then you are of the essence of God, true and perfect to the level of the first Celestial sphere, the first sphere of true divinity.

Mary Magdalene communicating with James 20 November 2017

**GOD’S DIVINE LOVE is always available to you, SHOULD YOU ASK FOR IT:**

“Our soul is a container and it is full of error that it must be willing to empty before it can receive something new. Revelation is to shed light on the errors and the hidden agendas to demolish the castle of pain, renovating the space in readiness for the transformation of Divine Love. We won’t grow in love until we are willing to surrender our pride and be the emotional being God created.”

This misunderstanding noted above is common.

The misunderstanding arises from a limited understanding of unconditional love (God's love). This leads us into focussing on our errors and seeking love as a result or consequence of elimination of errors.

The very nature of love is nurture. Love cannot exist without the effect of nurturing. This is what Motherhood is all about. This is why love is so powerful and must always be the primary objective; not removal of error. To focus on error does not produce the joyful experience one should feel as we move towards a greater understanding of love. Always the focus should be on love, because in truth there is nothing else.

As we focus on love, (with humility) our errors start to stand out so obviously and they become easier to remove. The whole process becomes joyful.

To take it a step further, once we focus on love, we may start to understand that in reality we have a somewhat limited 'free will'. The increased love we experience more and more reveals the errors to us and we have no option but to see and remove them. However, in truth we are only love, which has been sullied by the illusion of error. When we start with the premise that we are truly just love, we can only approach the unloving aspects (illusions) from the viewpoint of love. The approach many suggest is to give the error reality, which it hasn't, and then try to proceed to love from a starting point of error. This cannot be a suitable foundation to try to grow from. It is in truth, absolutely no foundation what so ever.

Encourage friends who may be interested to try this experiment: Before dropping off to sleep in your comfortable bed, lie prostrate facing the ceiling and ask for the love of God – God’s Divine Love to flow into you. The most common response has been that they were overwhelmed with the feeling of warm, fulfilling joy that filled their being.

(2018.1) <sup>188:5.2</sup> **Divine Love does not merely forgive wrongs; it absorbs and actually destroys them. The forgiveness of love utterly transcends the forgiveness of mercy. Mercy sets the guilt of evil-doing to one side; but love destroys forever the sin and all weakness resulting there from.** Jesus brought a new method of living to Urantia (Earth). He taught us not to resist evil but to find through God a goodness which effectually destroys evil. The forgiveness of God is not condonation; it is salvation from condemnation. Salvation does not slight wrongs; it *makes them right*. **True love does not compromise nor condone hate; it destroys it.** (The Urantia Book)

(2018.2) <sup>188:5.3</sup> **The beauty of Divine Love, once fully admitted to the human heart, forever destroys the charm of sin and the power of evil.** (The Urantia Book)

**GETTING STARTED maybe has MANY AVENUES:**

No two of us are the same. Our respective soul condition is different for each and every one of us. The cocktail of emotions that makes the personality that we are is infinitely variable.

As we reflect and recognise who we are, that is, a child of our creator, we then can embrace that His Love is there for us, should we only ask.

It is the unquestionably large number of distractions that we each have individually embraced that crowds our attention from realising the great and wonderful beauty and love that is there at all times for us to ask for and receive. These distractions are attracted to us by the complex array of emotions that we have developed, mainly from our environment, namely our physical family and close family associates.

The cocktail of emotions that we have established, principally prior to the age seven, have many variables, some loving and some out of harmony with love. Those emotions that are out of harmony with love are the underlying generators of our physical illness. The medical world call these inherited genes – the question to ask is what are the specific negative emotions that are the drivers of these negative genes. Yes, you can ask for Divine Love to assist directly with the removal of these specific negative genes.

In conjunction to working to remove negative emotions by asking for and receiving Divine Love, some also find it beneficial to embrace and experience the negative emotion and work to release the emotional issues that way.

Frequently the underlying emotional issues are so troublesome that an enormous amount of personal effort and courage is required to release such emotion and move above these stuck and frozen issues within us. Follow whatever avenues that you may consider appropriate for you. What works for you is what we encourage you to embrace. At all times know that your Creator's Love is there for you should you only ask, this is the ultimate gift that you can embrace.

*Consider praying for these three desires to blossom within you:*

# Steps UP!

## Quantum Jump 1

**REVELATION 1**  
James Padgett 1914 – 1923

James Padgett bravely introduced the availability of the Mother and Father's Divine Love and a great deal of additional guidance and information, all of which has been supplemented by Samuels, Judas, Reid and Arnold. All writers were under restrictions of personality and circumstances. Revelation 1 opened the door for humanity.

## Quantum Jump 2

**REVELATION 2**  
Marion and James Moncrief 2002  
– ongoing

Marion and James Moncrief have recognised the need for one to engage in Feeling Healing and, by their actions, removed restrictions that James Padgett and others above endured, thus JM is able to critique the writings of the past 100 years resolving points of confusion as well as expand on what has been written. Revelation 2 is humanity's turning point.

Due to the extra-ordinary nature of Revelations 1 and 2, humanity with the first Revelation would have continued on into its negative pathway of living, however, combining the first Revelation with Revelation two, now humanity can embrace this turning point and commence its evolutionary growth that has required two thousand years to put in place. This is the greatest event in the history of humanity and very few are aware of such, until we enable others to become aware.

## REVELATION 1

The availability of Divine Love, should we so ask for it, being revelation 1:

God's Divine Love: Pray for it, ask for it, and receive it.

Whilst we are receiving our Heavenly Parent's Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way the Father is actually loving us! When we progress, it is the Father's way of loving us into love and then we live what we are, love.

## REVELATION 2

The way to clear one's soul of childhood errors and injuries is revelation 2:

To liberate one's real self, one's will, being one's soul, is begun by embracing Feeling Healing, so as to clear emotional injuries and errors. With the Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

Release one's pain through expressing one's feelings.

in conjunction with

Longing for the Truth when also longing for Divine Love.

# REVELATIONS

**Revelation 1:** Our soul becomes encrusted with harmful ways of life, plus negative and erroneous beliefs, these mainly stem from our childhood upbringing and environment. Thus we live untrue to ourselves, we become 'evil'. Whilst we hold to these injuries we limit the amount of Love that we can receive into our soul. To open our soul to the Love we must firstly and progressively embrace our emotional injuries and allow them to be released. Until we emotionally experience past errors and injuries we hold onto them.

To free our soul of damage and toxic emotions we must open ourselves to experiencing them. This is a progressive, slow and uncomfortable cleansing process that we must all experience. Only by addressing the generational injuries will we, as humanity, evolve in love.

To fully divest one's self of our badness, we have to 'go into' our feelings. Call this process of clearing toxic emotions as 'Letting Go', 'Emotional Processing', 'Journey Process' or 'Feeling Healing'. Embracing Divine Love then Feeling Healing becomes Soul Healing.

As part of our Feeling-Healing we will have to work our way into all our feelings to see if indeed they are coming truly from our heart and soul, or if they are being heavily influenced by our mind. And this will then lead us into questioning and uncovering the truth, if there is any, to our beliefs and why we behave the way we do; and is such behaviour based on truth, or is it based once again on untruth, belief, and rules of our mind.

**Revelation 2:** We can long for, ask for and receive the Mother and Father's Divine Love. The greater our soul is free of error and injury, the more of the Divine Love can be received and assimilated into our natural love formed soul. The Love does not free us of injury, however, it strengthens our resolve to continue on our journey to be free of error and injury, to step away from evil aspects that have been encapsulated within our humanness and soul. It is this Love, the Divine Love, that brings about immortality of our soul and it is this Love that will eventually fit us to enter the Celestial Heavens and progress for ever more onwards to Paradise. These two revelations free us from error and enable us to grow in love ever more.

**Immortality with the Love.**

# FEELING HEALING + SOUL HEALING

To heal one's self is to simply look to see what feelings we are refusing to let ourself feel, and accept them instead of denying them. And to fully accept them, one needs to express them, speak about them, let them have their say, rather than pushing them aside, refusing to let them make you feel bad.

Doing this all with the intention of seeking the truth of why you are feeling them, of speaking about and expressing all such feelings; all feelings you have, but ALL WITH the INTENTION of UNCOVERING the TRUTH THEY WANT YOU TO SEE ABOUT YOURSELF. And it's the wanting to see the truth of them that is very important, because if you just look to accept them and speak and express them, but not seek their truth, then that's all you'll be doing, speaking and expressing them, but not healing their causes, so not fixing the things within you that are making you feel bad. And it's the truth part of it, seeking the truth of your feelings, and so, seeking the truth through your feelings, that's vitally important. It's the truth of yourself, life, nature and God, that is the spiritual aspect to it all.

You CAN'T find the truth of yourself, or anything else, through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them. So to do our Soul-Healing consists of these steps, all of which are ongoing until it's done:

- **Admit you are feeling bad.**
- **Accept your bad feelings, identify what they are.**
- **Honour fully your bad feelings by expressing them, speaking about them to someone who is willing to hear you talk about them, or tell them out loud to our Heavenly Parents. Long for the truth of them. Long for the truth of why you feel bad – what deep within you is causing your bad feelings?**
- **And remember, bad feelings are Good! Not bad. They are not to be despised. And as hard as it is to accept them, they are still you, and a very real part of you. And if you persist in denying them and not allowing yourself to fully live them, then you are only going to keep yourself in your errors making things harder for yourself.**
- **All sickness and suffering, all bad things that happen to you, all your problems, all your addictions – your whole feeling-denying and untrue life, is all caused by your denial of bad feelings.**
- **Every problem in the world is brought about because everyone has been brought up to deny feelings, and in particular, most of their bad ones.**

If one is intent on spiritually evolving and growing in truth, then it's vital, and this is the key, that one looks to use one's feelings as the means to gain and have access to the truth of oneself. You CAN'T find the truth of yourself or anything else through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

Doing your Soul-Healing with the Divine Love, is really doing your 'Feeling-Healing'. We are designed — created — to be self-revealing of truth, and so we are all to uncover the truth within ourselves and for ourselves, and all being done by living true to our feelings. **If you accept, express and seek the truth of your feelings, then truth will come to you, and you'll grow spiritually. It's as easy as that. Also it is as easy as it is to long for, ask for and receive Divine Love.**

THE HEALING OF YOUR BAD FEELINGS THROUGH THEIR ACCEPTANCE  
AND FINDING THE TRUTH OF THEM, IS THE ACCEPTANCE OF YOUR  
NEGATIVE, REBELLIOUS, EVIL, IMPERFECT MIND AND WILL CONDITION.

To do our feeling-healing we need to become:

Aware of – Acknowledge – and Admit, our bad feelings.

So we can:

Accept – them and allow ourselves to Be them.

And then if we feel to, take:

Action – Express, speak and emote them.

Talk about them.

All being done whilst longing to, really wanting to, see the TRUTH of our feelings.

So it sounds simple.

So I repeat:

We accept our bad feelings by expressing – speaking about them to someone willing to listen to us and take us seriously. And as we speak we long for the truth of them – why we are feeling them – to be made known to us. And when we uncover and see the truth we are FREE! – healed of the causes that have made us feel bad.

Accept, Express – see the Truth, and you're Free!

ACCEPTANCE OF ALL YOU FEEL, THINK AND ARE, IS THE KEY TO DOING  
YOUR HEALING; THAT, AND WANTING TO SEE THE TRUTH OF ALL YOU  
FEEL, THINK AND ARE.

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

**WE are meant to grow up LIVING FULLY CONNECTED to our FEELINGS:**

Humanity has always had an awareness and involvement with spirits, with life on the other side, because we are all heading that way, we all end up dying and becoming one of the spirits, and were humanity living rebellion-free, then nearly everyone would enjoy some level of spirit involvement either directly or indirectly, loving such an expansive awareness in life.

**We are meant to grow up living fully connected with our feelings in our physical reality, and at the same time with full feeling awareness of spirits and life after death, because after all, God is the greatest Spirit of us all.**

And so having an awareness and involvement with spirits can, and should, help us have more of an awareness with our Mother and Father. And it's not with just spirits, it's also with the angels who are with us all the time, and the nature spirits should we be open to them, and even higher spirits if we are to work with them, such as the Melchizedeks or Trinity Teacher Pairs. But mostly for those people involved with the Divine Love, it will be with the Celestials spirit group that is assigned to help them.

It is very important to understand that spirits and spirit life is meant to be part of life on Earth. However that's not to say everyone need to have an ongoing relationship with their spirit friends, but they can at least still be aware of spirits and spirit life and where we will be going and something about what to expect once we die. And when you are open to it, lessening the grip of one's fears about it, then we will find it will be just another aspect or level of life, and one that can give us quite a lot of comfort.

**TRUTH LOVING SOUL V ERROR INFLICTED MIND**

**Feeling  
Healing with  
Divine Love is  
the key!**

**To liberate one's real self, one's will, being one's soul, is by embracing Feeling Healing so to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.**

## Our FEELINGS are our SUPREME GUIDES:

# Feelings!

Feelings are what guide us through our ascension of truth. So they are really our Supreme Guides. Many people look for a person, spirit, angel, even God, for supreme guidance, however it's all right there already built in – in our feelings. We just have to submit to them, allowing them to take us where they will, expressing all the parts we want to express, letting the emotion drive that expression if it's there to be expressed, or just talking about all we feel and how feeling that feeling is making us feel – or, how we feel about having that feeling, all whilst longing for the truth of our feelings. Longing for the truth of our feelings is really: Longing for the truth of our self, because: we are our feelings. So life stirs up our feelings, we feel being alive; or, being alive means we are feeling, always feeling; and when we work out what and why we are feeling what we are, so then we know the truth of how we are. And over time the truth accumulates, and our mind expands our understanding of ourselves, all being driven from our feelings. Kevin 26 Sep 2017

## Using our feelings to uncover the whole truth of our negative or anti truth and anti love state.

Kevin: So whilst we're of an untrue state, then all we have got to help us understand why we feel bad, why we are wrong, why we are negative and anti love and truth, is our feelings. So if we focus on our bad feelings, they will lead us to the truth of why we're feeling bad. Which will be the truth of what happened to us to make us be this wrong way, and how we took on the wrong way and keep it going making us feel bad.

## FEELING HEALING

**Note:** The vital difference between emotion and feeling is that emotions have their roots in the past, and feelings relate to the present moment. Emotions represent our feelings which were not previously expressed, and these accumulate with time.

**Note:** Our feelings are soul-based. Our soul is always in truth. It is our soul based feelings, that when allowed to be freely recognised, we will begin to express and be who we are. This takes time and perseverance as we have encrusted our souls with layers upon layers of errors and false beliefs, it is these layers that will confuse the truth that our soul is conveying to us. Only by our progression with our Feeling Healing will our soul's expression of truth become clear and free of all cloudiness and contamination.

“What our soul needs in accordance with our own, individual, **Soul-Light-Plan-Of-Destiny** (your life's true destiny plan), They, being our Mother and Father, will give you as required. The only way we can know truly what we need is to honour and follow our true feelings. They, springing from our soul, literally telling us what we need, and so when we genuinely feel we need something, we apply our will to get it. The hard part is knowing if our feelings are true, and until we have done our whole soul-healing, they won't be clear and totally true.” James – Introduction Course to Divine Love Spirituality

# FEEL *for* TRUTH

The beauty of it all, is the truth comes to you through your own feelings. You don't need to be told it by anyone. You can work it all out for yourself. We are self-revealing of truth, it's how God created us to be, and by being it we'll feel the happiest we can feel. Truth is our great comforter, so when you feel it come up within you, ah it feels so good and you feel just right – perfect!

We know only how to deny feelings, now we can get to know how to accept them. And always with the truth being the most important part.

## FEELING TRUTH

If you don't want to uncover the truth of your feelings, then you can keep on expressing them forever but you will never fully heal yourself. Seeing the truth results in the Healing. And to see the truth you need to express all the pain out of you. The two things go hand in hand.

You can accept and express your bad feelings, letting off steam all day long, yet nothing will heal and nothing much will come of it. So this is where wanting your feelings to show you the truth of why you're feeling as you are is so important.

Don't go fishing with your mind, that will shut the truth out from rising up for you. **KEEP YOUR MIND OUT OF IT.** It's a feeling thing, doing your Feeling-Healing. (This is where we erred previously, and this how other modalities are in error.)

You long when you can, then stop longing and keep expressing. And at some point, and it might not even happen immediately, it might happen after days or weeks of expressing the same bad feelings, truth will come to you. And it does, it just comes up suddenly into your consciousness. You just know. You see the picture and you feel it's true. And you know it's true. And THEN your mind can come in and start sorting it out and putting in context.

It's the Truth that we are seeking. It's the End Point. The Reason for doing your Healing. You are to see the whole Truth of yourself. And to begin with, that's the whole truth of your unloving self, of your wrongness, of your evilness, of why you are as you are in your negative unloving mind-controlling state. To be able to fully accept yourself as you are, warts and all. To not fight or resist or try and change yourself, just to accept all you feel and all the truth of all those bad feelings you feel about yourself. And when you do, so you will be healed. You CAN'T heal yourself unless you uncover the truth of your pain, suffering and so the truth of all your bad feelings.

Through our Feeling-Healing we long for the truth of what we're feeling whenever we can. So as often as you can. You want, and REALLY WANT WITH ALL YOUR BEING, ALL YOUR WILL, to know why you are feeling bad. You yearn, want, long and beg and beg and BEG God to show you the truth of yourself through your feelings. So when you are expressing your bad feelings you can stop and long for the truth to show you what's going on, why do you feel so bad, and you can do it any time you think of it or feel to do it.

Notes from 'Feeling Healing' by James Moncrief

Heartfelt TRUTH

**LOVE**  
is  
**Feelings First Spirituality, The New Way**

*Feelings First Spirituality, The New Way* is a contemporary ‘religion’ based on living true to yourself through your feelings. Understanding that all you need in life is contained within your soul and is shown to you through your feelings. And by loving your feelings, by attending to them properly (talking or writing them out of you) and not denying them, you can use them to uncover the truth of yourself – the truth of your soul.

*Feelings First Spirituality* is not a formalised religion that tells you how to be, that is too controlling and is actually bad for you, limiting your spiritual growth. You can be wholly self-revealing of the truths you need to be, being the person God created you to be, all by living true to your feelings.

*Feelings First Spirituality* has no formal structure because we understand we don't need one, our soul contains within it all the truth of our spiritual ascent. If we look to our feelings for the truth they want us to see about ourselves, nature and God, then what more do we need! Our true spiritual path is the path our feelings will lead us down, that is, provided we allow them to. This is the most spiritual we can be.

**Living the New Way of Feelings First Spirituality**

You come to the understanding from your life experiences that how you are is not right, it doesn't make you feel good – that you are wrong in some way. And you want to change yourself, you want to become right, true and perfect – you want to be like God is.

*And to do this you need to do your Healing*

Your Feeling-Healing is looking to your feelings for the truth of yourself, the truth being hidden in many of the feelings you are not wanting to face in life. So you have to end your feeling denial, accepting all your bad feelings (and good ones), express them (yet not necessarily acting upon them), whilst longing to uncover the truth they are to show you.

Or, you can do your Soul-Healing, which is your Feeling-Healing together with including longing directly to God for God's Divine Love. When you receive the Divine Love into your soul, it will cause your soul to become divine, and it will deepen your personal relationship with God. Long with all your heart to God for God's Divine Love.

**By living true to ourselves, true to our feelings, we are living true to God. It's that simple.**

## Prayers to our Mother and Father

From 'Religion of Feelings' by James Moncrief

**Please Mother and Father** help me accept my untrue state and bring up all my repressed feelings so I can see the full truth of why I feel so unloved and all that's wrong with me.

**Please Mother and Father** help me see the truth of myself through my feelings.

**Please my beloved Heavenly Parents**, fill my soul with Your Divine Love. I long for Your Divine Love; please answer my prayer and yearning to be at-one with You and do Your Will by living true to myself and all my feelings. Please fill my heart and soul with Your Divine Love – please make my soul like Yours – Divine.

**Please Mother and Father**, I want to uncover the whole truth of myself through my feelings. I want to be able to feel and accept just how bad I am, how bad I feel I am, how bad I've been in my life. I want to know the whole ugly truth of myself, see it and feel it and understand how I came to be it. Please reveal to me through my feelings all the truth of myself You want me to see. I want to be as You want me to be; I want to be true and perfect, Healed of all my rebelliousness and self- and feeling-denial; I want to be good, loving, true and happy, please help me become true to myself, true to my soul, true to You.

**Please Mother and Father help me**, I'm in such bad pain, I feel so alone, so miserable, so scared, what's going to become of me, I don't understand, what's the point of me, why have You made me; please help me see the truth of myself – all the truths of myself, nature, how to be in the world, of You both. I want to know, I want to know it all through my feelings, all that there is to see, the whole truth and nothing but the truth. Please help all my pain come to the surface of me so I can embrace and accept and express it out of me. I want to use my feelings to uncover the truth they are to show me; please help me to do that.

**Please Mother and Father love me**. I want You to love me. I want to feel fully loved by You. I don't want anything else, only to be with You. Please, that is all I am asking.

**Please make me feel how unloving I am**. Please show me the horrible truth that I am. I want to see and feel and understand the worst of me, please take me into my darkest scariest ugliest unwanted rejected places within myself. I don't want to feel all the dreadful pain that I know is there locked away inside me, yet I do also want it all to come up and out of me, and I want to use it to see the truth of my wrongness, the truth of how evil I am, the truth of my fucked up state. I no longer want to be false, pretending I am okay, using my mind to make me falsely believe I am good, happy, loved and loving, when I know I'm not. For how can I be when You've brought me into my unloving state, making me be of it. And as You want me to experience being this negative way, please show me the whole truth of it. I no longer want to deny any part of myself, or any of my bad feelings. I want them all to come up so I can express them, emoting their pain, feeling how bad You've made me feel all my life and all through my early life; I want to see why, and so reveal all the truth to myself. I want to be the living truth of myself, living true to my feelings and the truth they give rise to. Please help me to do my Healing, and please fill my soul with Your Divine Love.

The mind way is the 'dead' way; the feelings way is the 'alive' way.

### Examples of some prayers to God:

From 'Feeling Healing' by James Moncrief

**Please God** show me the truth of myself through my feelings.

Please help me see the truth about myself You want me to see.

And please help me feel all my repressed pain; please bring up all my bad feelings so I can express them and see what it is they are to show me about myself, my life, and You.

And please help me work through my blocks, I want to Heal myself, I want to become true to myself and true to my feelings and true to You – please help me do that.

**Heavenly Mother and Father**, I feel so bad, and I know I'm doing it to myself, but I can't help it. I can't stop my compulsive addictions, so will you please bring up the buried feelings in me and show me the reasons why I can't stop. Please! I want to know – I REALLY WANT TO KNOW why I do them. Please help me Mother and Father to uncover the truth of myself. Please, I beg you, please, please, please show me the truth of them so I can give them up. I hate feeling bad, yet I know I must so I can keep expressing my bad feelings to see the truth You want me to see, so please help me feel bad.

**Please Mother and Father** fill my heart and soul with Your Divine Love. Please give me Your Love. Please love me and make me feel loved by You. I want to feel You close to me, I want You to hold me, make me feel loved by You. I only want You and to do Your Will. Please help me bring up all my repressed feelings so I can express them and uncover their truth. Please help me do my Healing. Please give me Your Love.

**I hate you Mother and Father**; why have You given me such a shit awful life? I hate myself, I hate You, I hate everything about my life. I feel so bad all the time. I've expressed so many bad feelings and still I feel bad. It's not fair, it's not fair what You've done to me. I hate You! And I want You to help me Heal myself, so I can stop feeling bad. You put me in the shit for whatever reasons, and I want You now to help me get out of it and show me what it's all been about. Please help me to Heal myself so I no longer hate You.

**I long for Your Divine Love** Mother and Father. Please fill my soul with it. And please help me uncover the truth of myself through my feelings. I want to see it all! And please make it all end, I'm so tired of always feeling so bad, please take all my bad feelings away by making me feel them and showing me the truth I am to see.

# Feelings First Spirituality

## The New Way

**Feelings First**  
**FF**  
**Feeling Free**

The New Way, Feelings First Spirituality  
 Learn to live with God through your Feelings

Accept, express and long for the truth of your feelings

Be free in your feelings  
 Free your feelings from your mind's control  
 Live true to your feelings; your feelings are your true self  
 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.  
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,  
 BAD feelings.  
 Want to understand why you're feeling them.  
 Use your surface feelings to take you deeper into your repressed and  
 hidden feelings.

The Feeling Way is the True Way.  
 Your feelings are your spiritual guide.  
 Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

Feelings First Spirituality is the True path for humanity.  
 It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The New Way, Feelings First Spirituality is what is to replace all man-made, mind-contrived religions that so many people have enslaved themselves to. The New Way, Feelings First Spirituality will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled platforms. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one's feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Feelings First Spirituality is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God's Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we've all been wrongly led to believe.

**Feelings First; then comes The Truth; then comes Love.**

## WE EDURE FOUR LAYERS of PERSONALITY SUPPRESSION!

Unknowingly, our parents pass onto their children (us) their beliefs and way of living that has evolved since the Rebellion of some 200,000 years ago and then the Default of some 38,000 years ago. In this way, humanity is suppressing the female, rejecting our Spiritual Parents, namely Jesus and Mary, and denying our Heavenly Parents being our true Mother and Father, of their truth, standing and existence.

**The Rebellion is against love, the Default is all the difficulties we have in our relationships because of our rebellion. Healing the Default is becoming true, to ourselves and in our relationships, and ending our unlovingness – our rejection of love, so ending the Rebellion.** Nanna Beth 29 June 2017

We are souls, our personality is an expression of our soul. It is our free expression of our soul through our feelings that we are to embrace and follow. This expression may appear to be wilful in nature, from time to time, and consequently our parents attempt to suppress this expression. They proceed to remodel us when as young children, in the manner their parents treated them and so on for many generations going back.

During our forming years, as a child, we are unable to recognise the suppression of our personality as being extra-ordinarily harmful to our soul based personality and, accordingly, we don't know that things can be any other way. Presently, neither do our parents.

This childhood suppression way of living continues throughout our schooling years, thus we learn this is a way of life as being normal.

Our religions all have been formed based on the tenets of the Rebellion and Default. The teachers and leaders throughout all denominations take us further away from our suppressed feelings that have been hammered into us during our forming years, thus entrenching us further into rejecting our true selves.

The controlling and suppression mechanisms of our parents, educators and spiritual teachers all manifest throughout all of commerce. This control comes heavily and brutally down upon all levels of employment. The capability to express one's soul based attributes and gifts is sealed throughout all of one's working life.

A new way of living is to enable the liberation of one's true personality through the Feeling Healing process AND the transfer of authority to the individual via embracing freedom of expression.

# DEVOLUTION

**Our childhood suppression of our true and loving soul based feelings is creating global pain and personal isolation amongst all of humanity. We are very sick!**

**In our struggle to find solace and purpose, we further withdraw into ourselves, becoming ever more self dependent, believing our control addicted mind that it can solve everything. We just drown further.**

**We embrace an ever expanding and diverse range of pathways to escape from our personal pain, fear and desperation. Alcohol has now been complimented with narcotics, hallucinogens, including caffeine (coffee). Gambling has been complemented with computer games which are generally entraining the mind further into error and pain. Technology is making us sicker!**

**We bury ourselves in front of the television to further avoid contact with anyone, especially family.**

**Children endeavour to exert their independent authority from domineering controlling parents (which we all are eventually) by disfiguring their bodies with tattoos and piercings, etc.**

**We shut out the noise with headphones, thus preventing contact with others. We use electronic devices to 'text' others even at intimate engagements.**

**Technology will take us further into the depths of our madness. You now can buy headsets that prevent any contact with the outside world while playing mind suppressing and entraining entertainment – games!**

**No one loves their children, they are ignored, and the controls hammered into them turn them into clones of ourselves. Look at ourselves and we can all see that we have been all messed up by our own parents, as they have for generations over the past 200,000 years.**

**No more of this! We can escape this man made hell!**

# EVOLUTION

**STEP 1: Longing for and receiving Divine Love:**

- A. Soul within spirit body prior to receiving Divine Love.  
 B. Divine Love being received from the Holy Spirit, covering the spirit body of requesting personality.  
 C. Divine Love having been assimilated within one's soul, now being reflected through the radiance of the spirit body.

## STEP 2: FEELING HEALING + SOUL HEALING

It is the Divine Love that strengthens one's resolve to persevere with embracing one's suppressed emotional injuries, that occurred from conception through to around the age of six, and longing to know the good and the bad of those feelings, together with talking about them to a friend, partner, one's self and our Heavenly Parents. It is only with the receipt of the Mother and Father's Divine Love and the expressing of suppressed emotional injuries that one can release the emotional injuries and errors to achieve Celestial soul condition and enter the Celestial Heavens.

Further, should one complete their Feeling Healing on Earth, then they will be able to recognise their soul partner, their other soul half, and should their soulmate have also embraced Feeling Healing with Divine Love, then their children will be born free from error, free from fear, and free from any deformity and illness. This is the destiny of humanity.

Further, being in this condition of free from error and being in constant communication with our Heavenly Parents, then one can also recognise and form their Soul Group. This will ultimately consist of twelve soulmate pairs, a total of twenty four personalities / individuals.

It is the bringing up of children by the support of soul groups that is to be the ultimate way forward. The group experience and wisdom, as a functioning family, will ultimately be of profound benefit for the blossoming child.

But what we cannot do is contrive the groups ourselves, or even pick who our soulmate is. This will only, and can only happen, as an outworking of the truth we are to live – as we progress in the healing of our soul.

And this is how all of life should be lived: according to the truth we are living. It is how we live, as there is no other way, but currently we live it in the negative, of that being directed by no truth, and so having to make it all up ourselves.

## What is the Divine Love?

*"The Divine Love is that Love which belongs to or is a part of God, possessing His nature and composed of His Substance, and which when possessed by man to a sufficient degree, makes him divine and of the nature of God."* – **Jesus**, in a message received by James E. Padgett through spirit communications on May 15, 1917.

**"The Divine Love of our Father is the greatest thing in all the world**, and the only thing that can make man at-one with God, and change the soul of man as it has existed since his creation into a divine substance filled with the essence of our Father. There is nothing else in all the universe of God that can cause man to become a new creature and an inhabitant of our Heavenly Parents' Kingdom; and when men possess this Love then they possess everything that will make them not only the perfect man but the divine angel." – **Apostle John**, in a message received by James E. Padgett on August 5, 1916.

**The opening up of the soul permits a permanent exchange with Divinity, a permanent recharge of this healing energy that allows not only the re-establishment of lost health, but the continuity of health, providing such a perfect balance, even in the physical body, that noxious agents like bacteria and virus cannot find any opportunity to unchain pathological reactions, which we commonly call illness.**

**But it is true that people without the benefit of Divine Love would lack the protective shield, which the intrinsic healing energies of Divine Love provide for those who pray for our Heavenly Father's Grace.**

Book of Truths by Joseph Babinsky

I am here, Ross Perry.

Let me write a line, for I am very desirous of [again communicating](#) to you the fact that I am progressing and have found the Love of which you first told me and which information led to my seeking it.

I know that you are very much interested in the higher messages and want to give your time to receiving them and that it is almost impudence for me to intrude, but I have asked your wife if I will interfere with any of these messages tonight by my writing and she informed me that it would not, as none of these messages would be written tonight. So I feel somewhat at liberty to write and I hope that you will consider that I am not intruding.

Well, since last I wrote you, I have been praying to the Father with all the longing of my soul for an increase of His Love and realize that it has come into my soul in greater abundance and I am correspondingly happy. I shall soon be in the Third (Spirit) Sphere, so the spirit friends who have been so kind and loving to me, tell me, and it gives me much happiness to know that such a prospect is opened up to me, for I can, because of the progress that I have already made, and realize to some extent what a home in that sphere will mean to me.

I would like to write you a long letter tonight, but I must not detain you. But this I want you to remember that I am very happy now, and my sufferings have left and I know that all these blessings came to me because of the workings of the Divine Love in my soul. It is wonderful what that Love can accomplish in the way of rescuing a sinful soul from its surroundings of darkness and from suffering.

The Law of Compensation, which is a great truth, does its work without hesitation or partiality, or interference by any God or angel in the way of commanding it to cease its work, but this great Divine Love is more powerful than the Law and when it enters into the soul of a man or spirit it in effect says to this Law: "You shall no longer operate on the soul of the sinner that was, because it will take that soul away from and outside the operations of the Law."

How little men understand this working of the (Divine) Love. It does not set aside the Law, but it merely removes the soul in which it has found a lodgment from the scope of the operation of the Law. The Law goes on but the objects of its operations are rescued from the same. No Law is set aside which men think and argue is necessary in order for a soul to be saved from its penalties and when on Earth I believed this too, and did not believe in or accept the doctrine of the special interposition of divine providence to succor men from the consequence of their sins and that I did not believe because I thought that the only way in which this could be accomplished was for God to say to the Law: "You shall cease to operate."

But now I know, that, while the Law never ceases to operate until the penalties that are called for are paid, yet this Love is above the Law, though not antagonistic to it. I wish that I might write more on this subject tonight as to me, it is one of the most wonderful truths in God's Universe of Spirit and I never cease to meditate upon it and thank the Father that I was made a real example of the power of this Love.

Well I must stop now, but when you have time I should like to come and write at more length. I see that my wife has not progressed in learning the truth and I am very sorry. Well friend, good night.

Your friend,

Ross Perry

**Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! 11 October 2013

*Good afternoon dear friends. I am enjoying this process of development and feel that I am learning a lot. Please let us continue.*

Good afternoon dear brother and friend. It is always a pleasure to work with you in the way that we do. As you know we have a deep desire to further the communication between our worlds for our mutual benefit. Therefore we will continue as we have been for a few days now. Simply accept that what we do is an exercise to allow you to become easy and familiar with the communication with us and the accurate translation of what we offer you into your usual language so that our messages can be easily read and understood by the great majority of people. It is not critically important that all who read these notes will immediately accept what is said in part or in whole. It is desirable that as many as possible do read what we offer as this exposes them to different ways of thinking and of living that encourages a different approach to life in general. Broadening perspective is important as this allows a shift away from narrow thought patterns and opens the prospect of challenging belief systems that may presently control a person's life.

It is not necessary that one who reads these notes has a well formed acceptance of the existence of spirits or the Spirit World. It is often better if we are writing on a blank slate as then it is not necessary to demolish strongly established beliefs that restrict the entry of new information. We are currently exploring many avenues of introducing more knowledge of spirit life and our interaction with humanity and many of these are bearing fruit. Many superstitions have been fostered over the ages to produce fear of spirits in humans. Many people do have natural experiences of the presence of spirits in their lives. Many of these are fortuitous and arise because someone is in the right place at the right time – or the wrong time many think. Many spirits who are seen or perceived by some other sensory method are simply passing through without any particular intent directed to the one whom they encounter. Many others do have a desire to make contact with the person who perceives them but may not be able to take the communication any further than simply being noticed. Sometimes a spirit is drawn to the presence of a human by the human's desire to make contact. This can be confusing at times for the spirit so drawn as they may no longer be holding any strong desire for connection with that human. Quite often when one enters spirit life one can find that the ties that bound them to others in life on Earth really no longer exist. This specially applies to what may be called the unhealthy ties which hold so many people together in their relationships.

When there is a loving relationship this will often continue essentially unabated into spirit life. The one who is now in spirit can then learn the truth of the love in the relationship and learn to release the elements of what could be called ownership so that the love may be free and unencumbered. Of course the one who remains on Earth also has the ability and the opportunity to learn the same thing so that can retain a sense of love for the one who has passed over without feeling that their life is incomplete without them.

The understanding of love and living with love in human life is quite clouded and obscured for many so that the essential freedom of love is lost in other beliefs. There are many ways in which love can be

expressed and all of these are valid. Whenever conditions are placed on the love that one is feeling or expressing for another limitations are created. Here I am speaking of natural love and its expression in living. I will speak later of Divine Love as this is a different issue. So, for the time being, whenever I am speaking of the expression of love I am referring to natural love.

Love is often considered to be an emotion when it is actually much more than that. It is a deep current that is inherently present in all humans at the time of their incarnation. As with all qualities that are present at incarnation it exists largely as a potential which is definitely present and which is capable of great development. It is not given by one to another but its development is facilitated or restricted by the way in which a being is treated by those around her/him. Because it is present as something inherent, each being, from the moment of incarnation and the early formation of the complex of physical body, spirit body and soul is capable of sensing the presence of love – or the lack of it – through both their physical and spirit senses. Therefore the earliest sensory experiences of a being, apart from those arising from the forming bodies, is the feeling of love in whatever degree it is present. Because of the nature of their being which is at its most essential level and therefore sensitive to truth, it senses the truth of whatever is present in their environment. By that I mean they ‘know’ the genuineness of the love that is being expressed by their mother and also that which is being expressed in the more extended environment in which their mother is living. The most potent level of feeling comes of course from the mother in whose uterus the foetus is developing.

This raises issues for the being at its earliest stages of development as the feelings of mothers are always complex. The feelings of every human are complex and those of a woman who is now pregnant have added influences to which she may have some difficulty adjusting. I will not go into any great depth of the possibilities that exist as the list is inexhaustible because there are so many possible situations and permutations and combinations of these. We could talk forever and still not have covered all the possibilities. However this is not the reason for not discussing the mass of possibilities. The main reason that I will not embark on such a discussion is that it would serve no practical purpose. As with all human conditions there are many variations just as there are so many variations in personalities that are developed by people.

Love in itself is not complicated. It is simple and direct. The understanding that is taught of love tends to be largely driven by the insecurity with which the majority of humans live. This then leads to the ludicrous situation where people attempt to understand and to learn about love from a fearful perspective. As with so much of the reality of life, love is invisible and is made visible in the ways in which it is expressed.

The way in which love is felt is heavily influenced by the way in which one is educated from the earliest times of life. What do you describe as the feeling of love? Is this the same for every person? Of course not. Despite this it is possible for people to come to some understanding about love and the feelings that are engendered internally when one is ‘feeling love’. There is general agreement that one is likely to feel pleasure or warmth or some other descriptive and that this is pleasurable and desirable.

There is a common complication with loving in living and this arises when an individual learns at an early age that one’s self worth and value as a human being is dependent on the feelings that others direct to one and the opinions that they hold. This immediately detracts from the ability that each one has to sense love as a common substrate that is universally present in living both on Earth and in the Spirit

World. There has grown the belief that love is the possession of individuals and that its presence in the world depends on the way in which it is doled out by one to another. This would imply that if one were in the presence of others who were being deliberately repressing their capacity to love that love would no longer exist. Love is the creation and gift of God and no person or spirit has the power to banish or destroy love. Love exists and always has and always will.

Of course there are places in this world and in the Spirit World where the presence of love is not at all apparent because the people who are there either cannot or will not express love. In such places love is as capable of being expressed as it is anywhere else. It is as capable of being perceived there as much as anywhere else. It requires only someone with the desire or courage to take a step and to allow their love to show.

You may wonder why I am speaking in this way. Love is so misunderstood in the world that it needs to be discussed and, if possible, simplified so that it becomes more easily embraced.

The greatest misunderstanding about love is that there is a cost associated with loving. Many feel reluctant to simply love another because of feelings that they may be misunderstood or that the other may then demand more love and want more than the one loving is prepared to give. Perhaps the basis of this is that love is considered by many to be finite so that it is hard to get and must be fought for and held onto at all costs. There is also a belief that it must come from other peoples or animals. Indeed such a belief is not surprising given the way in which many people live today. The expression of fear is rampant so much so that many people settle for less fear as being love. This creates a state in which people are withdrawing into themselves and into groups and enclosures in which they feel a sense of diminished risk which is called security.

Something which is in infinite supply needs no rationing. In order to be obtained it needs to be given. That is a paradox. Such paradox is the substance of all true spiritual understanding. Natural love is natural and is a given for all. It need not be requested but simply given however tentatively this is done at first. Expansion is part and parcel of the expression of love. As it is given out, it is not given away for nothing is lost and there is a return that is at least equivalent to what is given.

It is most difficult for many to begin to accept this as it is foreign to their experience of living to date. There are so many strange relationships that are built around the incorrect understanding of love. In most of these there are two or more people who are attempting to contain what they consider to be their love while endeavouring to be loved by or to get love from the others in the relationship however complex this might be. Human families are prime examples of this. These are further complicated by the assumption that all members of a natural family love all the others and that the parents love all the children equally. Thereby are created some of the most tragic dramas of human life. Assumption and misunderstanding coupled with inadequacy and demand provide the ingredients for facsimiles of hell to be created.

In other communications there has been much written about awareness and the development of this capacity of a human. There are many suggestions that this be done gradually and with the belief that there is something there to perceive if only one were aware enough to do so. I am postulating that the same process can be used to increase one's awareness of love.

Let us first of all suppose that love is as present to us as is the sea to a fish so that it is a substrate in which we all 'swim' and which is so natural that we take it for granted to the degree that we are largely unaware of its presence. If that supposition is so, then we must be able to learn to develop awareness of this ever-present thing called love. There is general agreement that there is a basic element of good-will in love and loving. Therefore, if one could practise having feelings of good-will to others then it is possible that one could learn more of love.

In the way in which humans live their lives there are very common and generally present enemies of the expression of good-will. It is worth wondering what these are. It is easy to say that the major elements that are anti-good-will are anger, bitterness and hatred. Without doubt these are very large factors and present to a large degree. However, I will say something different and say the greatest enemy of good-will is judgment and criticism. For many people the expression of these is as natural as breathing and it is generally accepted in human society that criticism is necessary so that one expresses one's opinions about everyone else. There is no doubt that others do live less than perfect lives and there is much fault to be found if one seeks. In most cases the fault that is found is actually no more than a disagreement with one's own cherished precepts and beliefs.

What is seen as the necessary correction and education of children in life is actually expressed as criticism and judgment without any realisation of the destructive quality of such interactions with others particularly from someone with the power of influence of a parent.

**Judgment and criticism are universally destructive.** They are initially destructive for the one who judges and criticises. This is because this form of expression always constitutes a withholding of good-will and love. Even though criticism is often claimed to be for the good of the recipient this is never the case in truth when love and good-will are withheld. Almost universally, humans are looking for approval by others because of uncertainty of their own worth and withholding love from one in this situation adds to the poor self-feelings they hold.

Each person has a right to do as they choose whether another approves of this or not. There are needs to assist others to learn appropriate social behaviours and to learn how to love each other. This is never taught by the withdrawal of love.

This is an area of living which is relatively unconscious for many people as they have learned to criticise as a normal behaviour.

I am suggesting that an area in which to begin to practise the expression of good-will to others is by first paying heed to the areas where one feels critical of other however slight of justified this may seem to be. The very first and most important effect of this will be a reduction of self-harm. This is so because, every time one is critical of another, one generates what can be called negative feelings – not loving – in oneself and thus is the first affected by these.

As you begin such a process, if you decide to do so, take care to recognise such behaviours in yourself without being unduly critical of yourself. Recognise this as simply something that you desire to change. Let it be similar to the desire to change soiled clothing for something cleaner and more pleasant to wear. As you do this you will extend good-will to yourself first of all which is where all love expressions must

have their beginnings. From here love can flow outwards and first of all, love will flow inwards to you from the limitless source in which we all exist.

It has been my desire today to express some basic thoughts about love and its expression in normal living. This is the essence of effective living on Earth and in the Spirit World. Learning of this facilitates the growth and development of all that is within you and your soul.

I am Agnes who speaks to you. We have not written before but I have observed your activity with the others who are your regular associates and I expressed a desire to speak with you. They were gracious enough to agree. I have lived on this side for many long years and progressed to the 6<sup>th</sup> sphere where I spent many, many years in some contentment but also some sense of incompleteness. I heard of Divine Love a long time ago when a friend of mine discovered this wonder and told me. This was what I had sought without actually knowing so. I have now lived in the Celestial Heavens for many years. I could say long years but they seem to be as brief as they are wonderful. I have always retained my great interest in natural love of which I learned a great deal. I am always concerned that all those who discover the wonder of Divine Love should be fully informed about natural love as this is indispensable in the progress through Earth and beyond. For most people on Earth and here, this love is still the love in and with which they operate. It is an essential element of the harmony which all seek.

I am sure that we will speak further on these matters in the course of the wonderful project in which you are involved. It is good that it be as full as possible and contains the essential elements of effective living.

I leave you with love.

Jesus, yes, I am Jesus.

It has been said that in order to be able to love others, it is necessary to love oneself. This is a great truth. Oftentimes, what people see in other people, is a projection of their own being. That is to say, when they see in others the flaws that they detected and hate in themselves, they hate these other people exactly for these flaws they share with them. The difficulty of overcoming their own flaws leads to the projection of hatred, scorn, and frustration onto other people. It is necessary to learn to love oneself in order to be able to love others. The recognition of one's own flaws does not mean to condone them, but rather, that people have to make an effort to overcome them. Seeing these flaws in others should motivate people to help their neighbours to surmount them.

You are right, in order to love oneself, it is not necessary to acquire the Divine Love. Purified natural love is perfectly able to achieve this objective. Even more, I dare to go one step further: Lack of self-love is the greatest obstacle to receiving the Father's Love. When people do not love themselves, how can they feel loved? And when they do not feel the Love that God has for them, it is difficult or impossible for them to find the right approach to ask God for His Love.

But when people finally manage to obtain this Love, and when all their being is eventually transformed into this Love, then to love for them is not only a strong desire, but also an attitude that necessarily is born from the very nature of their souls.

Your elder brother,  
Jesus of Nazareth

**DIVINE LOVE:**

<http://www.fcdt.org/divinelove.htm>

The words "Divine Love" have been used in many contexts to convey different meanings. But in the context of our Heavenly Mother and Father, Divine Love is the greatest gift in all the universe. It transcends all else that can assist humankind fulfil their dreams of happiness and have them resolved within themselves. God's Divine Love is the one thing in all of God's infinite universe that can bring about eternal life and everlasting happiness in the Celestial Kingdom.

***What is Divine Love?***

The Divine Love differs from the natural love of man with which he was endowed when created, which belongs to all humans, and which they all possess in a more or less perfect condition in this: that the Divine Love is that Love which belongs to or is a part of God, possessing Their Nature and composed of Their Substance, and which, when possessed by a human soul to a sufficient degree, makes him divine and of the nature of God.

***What is the New Birth?***

The New Birth is simply the effect of the flowing of this Divine Love of our Mother and Father into the soul of a man and the disappearing of everything that tends to sin and error. As the Divine Love takes possession of the soul, and one embraces Feeling Healing, sin and error disappear. It, the soul, becomes of a quality like the Great Soul of our Heavenly Parents. And with the Soul of the Mother and Father being Divine and immortal in Its quality of Love, so, when the soul of man becomes possessed of this quality of Love, the soul being the man, this soul becomes divine also. Then, the image becomes the substance; the mortal becomes the immortal; and the soul of man, as to love and hope, becomes a part of the Mother and Father's Divinity.

***How does one receive the Divine Love?***

The only way is simply this: that men shall believe with all the sincerity of their minds and souls that this great Love of our Mother and Father is waiting to be bestowed upon each and all of them; and that when they come to our Mother and Father in faith and earnest aspirations, this Love will not be withholden from them. And, in addition to this belief, that they pray with all the earnestness and longings of their souls that our Mother and Father will open up their souls to the inflowing of this Love, and that then may come the Holy Spirit to them to bring this Love into their souls in such abundance that their souls may be transformed into the very Essence of our Mother and Father's Love. The soul who will thus believe and pray will never be disappointed, and the Way to the Kingdom will be his as certainly as that the sun shines by day upon the just and unjust alike.

***Take the test.***

Too often we are told to believe something based on what we are told. You don't have to "believe" anymore. Now you can have physical proof of the existence of God and Their Love for you?

*"test my teachings that the Father's Love was now available, and pray for it to the Father in earnest prayer, and see whether, if this was done in sincerity, the Father's Love, conveyed through the Holy Spirit, would burn and glow in the soul, by which sign they would realize His Love was present therein." – Jesus*

Take it to heart – earnestly pray for God's Divine Love and feel the glowing of Their Love in your soul. Jesus gave us the Prayer for Divine Love to help us in our prayers to our Mother and Father.

**Note:** Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

### **DIVINE LOVE – what does it do?**

The divine gift from asking for and receiving Divine Love will steadily, but with certainty, raise one's quality of life and also of all those around such a person who is seeking and receiving this Love.

The receiving of Divine Love, which is a substance, with certainty, progressively:

- Raises one's love for those around them, whilst embracing one's Feeling Healing.
- Raises one's perception of all things – naturally grows one's intelligence – soul intelligence.
- Enables one to feel and resolve negative emotional issues more readily during Feeling Healing.
- Humility becomes self evident. Humility enables one to feel their errors and emotions.
- Divine Love strengthens one's resolve to express errors, emotional injuries and untruths.
- Divine Love with Feeling Healing to remove emotional errors, enhances one's health.
- Divine Love enables one to become more childlike – not adult serious at all times.
- Divine Love raises one's capability of feeling – no longer needing to be mind controlling.
- By becoming feeling orientated, one no longer is mind / intellectually dominated.
- The strength to fight and overcome sin and error is strengthened through the Divine Love.
- The Law of Compensation process is more resolved by Feeling Healing with Divine Love.
- Receipt of Divine Love grows one's faith, beliefs become faith and then knowing.
- As our faith grows our intensity to ask and then receive Divine Love grows.
- We begin to follow our passions and desires, no longer fear and mind driven.
- Truth being told at all times then progressively becomes a way of life.
- Our quality of life blossoms, our finances and relationships prosper.
- Man creates his own environment, seeking Divine Love can vastly improve one's environment.
- Health carers receiving Divine Love enhance healing outcomes beyond comprehension.
- Receiving Divine Love may assist in bringing a struggling marriage back into harmony.
- You progressively become dependent upon our Heavenly Parents, not self dependent.
- Personal growth in love directly assists the soul condition growth of one's children.
- Divine Love assists one's rate of soul condition to progress whilst embracing Feeling Healing.
- Divine Love is a substance that changes the human soul to that of the Divine.
- Without Divine Love, one cannot progress into the Celestial Spheres (8<sup>th</sup> sphere and higher).
- Divine Love, with Feeling Healing, enables everlasting Love and Life in the Celestial Heavens.

“The Law of Compensation doesn't operate on isolated actions, but on the overall condition of people's souls, because the deeds are the consequence of this condition. Our behaviour is the reflection of our souls. Never see isolated deeds, always see souls whose condition leads to certain deeds. It is the soul condition which determines the motive and consequently the action. It is our lack of trust in God, this ultimate and definitive trust, which only soul development may give us. This lack is why we suffer.”

Judas of Kerioth 5<sup>th</sup> October 2001

As you grow in love, illness issues abate, financial security improves, and your treatment of your fellow man is the same as how you would like to be treated. You grow in natural intelligence; your perception on many subjects becomes profoundly more loving and supportive of and for your way of life and how you interact with your fellow man.

This quality of life and love permeates and extends into every facet of your physical life and continues to grow as you progress on your journey within the spirit world.

Your capabilities to ask for and receive Divine Love is a gift between you and your creator, God. You do not need an intermediary, nor do you need to join with any organisation. This is your own personal journey and experience. You can share this with others, but no one can take it away from you.

This Love will elevate the human soul to a condition that it may perceive the spiritual truths which God has waiting to be revealed to His children who aspire to understand the nature of the divine and what their true relationship to Him and their family of souls is.

“Keep faith with God, and be open to Their Love, and you will overcome with confidence and, indeed, peace of mind, optimism and happiness, those circumstances that seem to mar the fulfilment of your years.” Mary (mother)

#### Natural Love Flow

Natural love is Creation's love;

One can swap back and forwards between paths

I am God

Intellectual

Self reliant (trust myself)

Self-determination way of life

Mind dominates

Adult like

Control

Millions of paths (man created)

Peak possibility is 6th sphere

time to complete path:

100 years to over 1,000 years

#### Divine Love Flow

Divine Love is Soul's love.

I am God's son / daughter / child

Emotional

God reliant (God relationship)

Soul-spirit living harmony

Soul dominates

Child like

Feeling

Defined path (God created)

Peak possibility is infinity

(sphere / mansion world are same)

5 years to over 10 years to at-onement

**‘The difference between what are regarded as two paths, the Natural Love Path and the Divine Love Path, is, essentially, the amount of Divine Love that beings have been able to acquire.’**

Quote from Celestial Spirit Richard 22 Dec 2012

To liberate one's real self, one's will, being one's soul, is by embracing Feeling Healing so to clear emotional injuries and errors. With the Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

**Our salvation IS by embracing Feeling Healing with the Divine Love.**

**God's Divine Love: Pray for it, ask for it, and receive it.**

**Please Mother and Father, may I receive Your LOVE.**

**“Every day is a day of devotion.”**

**Follow your heart, follow your love and do that in loving action, your inner love leads in your asking the Soul of God to receive a little of the Love to strengthen one's resolve to heal.**

**“I love you Father.” “Let the Divine Love proclaim its energy into my soul.”**

**“Mother – Father, I desire your Love and I am loving you.”**

**“Soul God, I love you and I love receiving and experiencing your Divine Love.”**

**“True Soul God, I am here, I am aware of your Love. Please hear my aspiration for your Love and as I approach you from my soul, I can feel your Love in the way that you are loving my soul.”**

**Try it; give the Feeling Healing and Love a go! If you want to shine, receive the Love.**

**One can simply receive the Love without following any religious or spiritual teaching taught by man!**

**Emotional errors and injuries cause encrustment around the soul, the soul is never damaged however, the encrustments retard love energy flow to and from the soul. Feeling Healing melts such injuries.**

#### **Three Great Truths:**

- **God is Soul, being our Heavenly Mother and Father;**
- **that each individual soul is a duplex – both male and female;**
- **and that the Divine Love is freely available for all to receive.**

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:****James Moncrief Publications:****all publications are free downloads:**<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on them selves and doing their Healing.

**Feeling Bad? Bad feeling are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:****The True Gospel Revealed Anew by Jesus volumes 1 – 4****Book of Truths by Joseph Babinsky****The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

**FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.**

**Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.**

**Primary and most important readings are the writings of James Moncrief.**

**Then consider the Padgett Messages, and then The Urantia Book.**
