

Pascas Care Letters History is a set of Lies Agreed Upon

10 January 2025

Some 200,000 years ago, high level spirit personalities took leadership of Earth's humanity into their own hands and began to influence the way we on Earth lived so that they could expand their goals of domination over other humanities.

We each have been brought up to live mind centric and to suppress our feelings, our soul based feelings which are always in truth. This has not been understood until the writings through James Moncrief (2002 and ongoing), James Padgett (1914 to 1923) and The Urantia Book (1925 to 1935) became available.

As our feelings are typically expressed more readily by women, males were induced to subordinate women to their control. Thus, throughout most societies today, the women is subjected to the authority of the male. Should women have been allowed to have their say then they would have quickly put this folly of submissiveness to our hidden controllers aside. However, not so now for 200,000 years.

This rebellion and later default of the Adamites on their mission on Earth, more than 38,000 years ago, has now been formally ended as of 31 January 2018. The Rebellion and Default were allowed to work their way out. Now we anticipate that the next 1,000 years we will focus upon the healing of what we have taken on of the Rebellion and Default.

The Legend of the Trojan Horse: A Tale of Deception and Strategy

What is the most successful stealth operation in humanity's history?

It is how these hidden controllers have corrupted every facet of how we live and yet we have never recognised this stealth.

We each live through our minds, literally we worship our minds. We are to recognise that it is our feelings that are always in truth and that it is our mind that is to follow in assisting us to implement what our feelings are prompting us to consider and embrace. Our minds cannot discern truth from falsehood, our minds are addicted to untruth and also addicted to control over our environment and others. Consequently, you can see why chaos reigns all around us!

ONLY THROUGH the UNIVERSAL AWARENESS and by EMBRACING LIVING FEELINGS FIRST can and will HUMANITY evolve ABOVE its PRESENT DIRE STATE in how we are LIVING, being MIND-CENTRIC.

Unrecognised issue with: Closing the Gap

The Australian indigenous community has received very significant support to raise their aboriginal communities' living standards. In short, so as to reflect the conditions and standards generally applying to the whole of the Australian population.

Utilising kinesiology muscle testing and Dr David R Hawkins' Map of Consciousness (MoC), we can calibrate the level of consciousness of any community, village, town, city, etc. as required. We can also calibrate the level of truth of any writings, books, documents, etc. in the same way. If we can verbalise a statement then we can ascertain its level of truth as per the Map of Consciousness scale. The scale is based on the common log of 10, thus differences are enormous. 10 points is equivalent to 10,000,000,000 fold difference in the energy applicable.

Remote area indigenous communities are generally calibrating under 200 MoC. The Australian population overall is around 415 MoC.

No amount of money or services are going to close this gap.

Further, indigenous people tend to adhere to their folklore, their dreamtime stories, their traditions and customs. While they do so, then each succeeding generation will continue to have a consciousness calibration the same as the generations preceding them. This is an entrapment imposed upon Earth's humanity – all of it, not even remoteness was protection! – thousands of years ago!

Further, we each have been induced to live mind-centric and to suppress and ignore our feelings. There are no exceptions – this has been universally indoctrinated into us. This wrong way of living imposes a glass ceiling on our potential development and that is at 499 MoC!

Our education systems are all mind-centric based. When rote learning and memorising is part of the education process then the teaching method is very cumbersome and draining. We learn by doing. We also need to be spontaneous and intuitive – this is not facilitated – that is feelings orientated. These constraints are why 12 years of schooling is becoming the norm!

Yes, these platforms have been road tested and shown to be highly productive and beneficial for students, parents and educators alike. Everyone is to participate.

To close the gap is an individual's journey of self-development, a discovery of truth, the stepping away from traditional restraints and entrapments. The Dreamtime Stories generally calibrate around 280 MoC whereas the Pascas Papers calibrate 880 ~ 970 MoC – remember this is a scale based on the common log of 10!

As parents participate, they are also assisting their children – depending upon age. Each development is permanent and perpetual. Once you know you cannot unknow!

What is suggested here is a universal suggestion. All curriculums and training / education platforms need to be reviewed and have these understandings and guidances incorporated – from pre-school through to the highest aspects of all education avenues.

Humanity today; 75% of the world's population calibrates at or below 200 MoC, that is the same as it did 1,700 years ago, around 300 CE. Further, 40% of the world's population calibrates at or below 100 MoC, that is the same as it did 2,500 years ago, around 500 BCE!

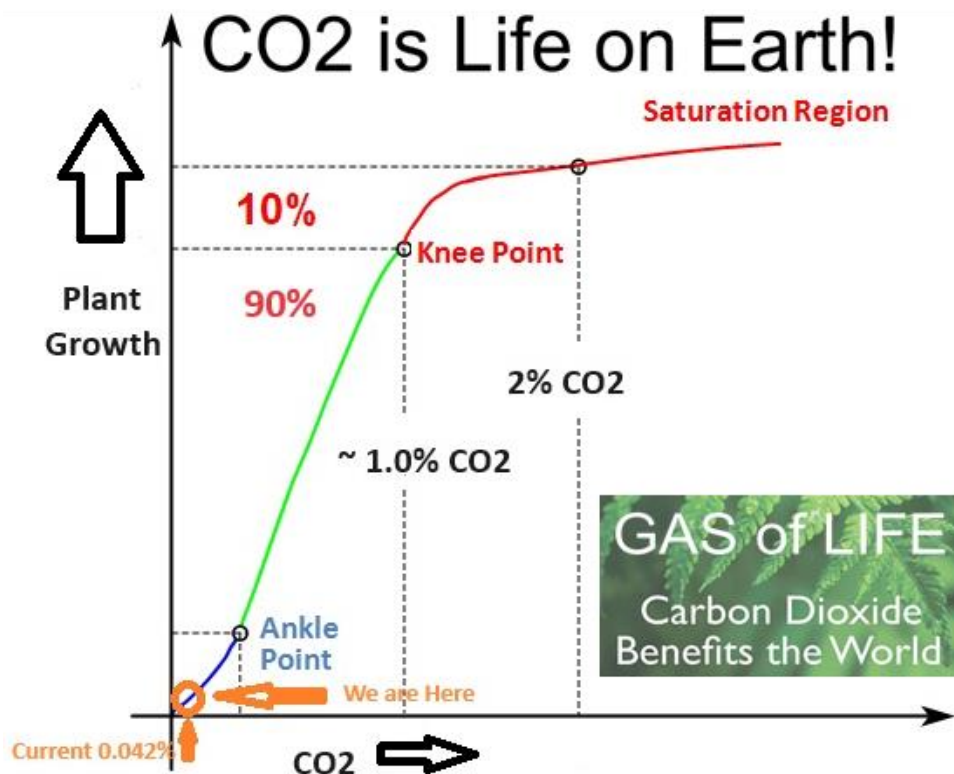

No society anywhere in the world calibrates anywhere near 500 MoC. Embracing our feelings and living feelings first, that is readily achievable. At 500 MoC you have broken through the glass ceiling. You will never look back. Above 500 MoC, societal issues are literally eliminated!

PASCAS PAPERS

Unrecognised issue with: Carbon Dioxide CO²

This is truly a case of history is a set of lies agreed upon. Later in this document you will be taken to the source of the propaganda that started this erroneous indoctrination and suppression of humanity.

In 1960, the world population reached 3 billion. In 2022, the world population reached 8 billion. One third of the additional food now needed is attributed to the marginally increased CO² levels. 32 authors from 24 institutions in eight countries analysed satellite data and concluded that there had been roughly a 14% increase in green vegetation on Earth over the past 30 years due to increased CO² levels.

At 0.025% CO² levels, plants begin to have difficulty going to seed. At 0.020% CO² levels, we would have a worldwide famine. The dinosaurs died out on both the northern and southern hemispheres when the CO² levels were around 0.018% – they had starved to death.

At this time in history, Earth is in a desert of CO² as well as an ice-age. The long term ‘normal’ temperature is when there ceases to be ice on the poles – hence the term ice-age! During the last century, the Sun radiated additional energy into the core of Earth, the Earth is warming from within. CO² is not a greenhouse gas. Further, surface temperatures on our neighbouring planets and moons have also increased.

You may ask, what is a fossil fuel? Oil and methane gas are found on our neighbouring planets. Titan, a moon to Saturn, has 100s of times more oil and gas than Earth. These are mostly chemical reactions ongoing deep within the planet. Yes, coal is a fossil fuel.

Our oceans are releasing CO² and the volume may increase 25 times before we even reach the long term levels desired for there to be within the atmosphere.

Unrecognised issue with: Global Warming

This is a cyclical operation that is also unfolding on our neighbouring planets. Energy comes from the core of our universe to our Sun and the Sun does the rest. There is nothing we can do about it.

Unrecognised issue with: **Education Methodology**

We may continue lumbering along with mind-centricity and produce zombie and mundane student personalities or we can open them up to their feelings and free them from their mind imprisonment and deliver intuitive, spontaneous, vibrant leaders for the world. Truth is freedom. Living feelings first is incredibly freeing as well as revealing. Our growth in understanding and knowing is incredible.

A PhD takes several years of mind-centric slavery to achieve. The equivalent, being PfD (post graduate feelings degree) may be achieved with a few months. Consider the Pascas Papers in detail and ask yourself how many 'PhDs' are there?

Unrecognised issue with: **Societal Crisis**

Controlling manipulation and influence upon humanity has been blocked since 22 March 2017. For the following three decades, we will observe society disturbances and behavioural madness unwarranted as the unseen controls that modified and influenced more appropriate activities is now withheld. Humanity is to be drawn to consider and then embrace a better pathway of living. That is, to live feelings first rather than continue with the stagnation of mind-centricity, as that era is to end.

**This time, in the history of humanity, is
the most exciting time ever experienced.**

On the 31 January 2018, the constraints of the Rebellion and Default were formally lifted. Hence, what is outlined now is the consequence of the guidance and revelations that have been unfolding since 31 May 1914 leading to this event.

Pascas is not a religion. Pascas does not have anything to join, it has no hierarchy of control, it has no special book, dogma, creed, cannon laws, sacraments, spiritual practices, special clothing, etc. It does introduce a way of living. Everyone is free to consider and to do as they please, when they so please.

Enjoy and share as you please.

our MIND is a CONTROL ADDICT!
our MIND is addicted to UNTRUTH!
our MIND cannot discern TRUTH!

our MIND is within our SPIRIT BODY
and orchestrates our physical BRAIN.

ASSUMPTIONS are the product of our MIND!

HEALING ends
MIND-CONTROL!

our SOUL is our TRUTH!
our FEELINGS are our TRUTH!
FEELINGS FIRST, mind to follow!

all we need is WITHIN.
our MIND suppresses FEELINGS.

All Lies are shown up as pain!

I Think ...

We frequently find ourselves in a conversation that starts with “I think ...” and we automatically cringe not understanding why we do so.

“I think ...” is our addiction to being controlled by our minds and of suppressing our feelings, our soul based feelings that are always in truth and it is our feelings that we are to embrace and have our minds to follow in support, not how it is for all of us presently.

“I think ...” is innately telling us that what we are about to listen to is what that person’s control and error addicted mind is going to impose upon us and that the conversation will be a pointless endeavour to shift that person to some level of truth and away from control of others.

“I think ...” is the imposition of an assumption or multiple assumptions in keeping each of us submitted to the repression that has been imposed upon us throughout our childhood forming years. This is all about our capitulation to the Rebellion and Default. We can all recall our parents frequently asking us what do we think! The question is to be **“What do you FEEL?”** When you ask that question of a person, their response is instantaneous and it is their soul’s truth emerging – not our mind’s 98% in error assumptions that are tiresome and debilitating to say the least.

Following our healing and then ascension through our local universe of Nebadon, before leaving Nebadon we return our mind to the Divine Minister and embrace the mind of the Infinite Daughter, the God of Mind. The mind of the Infinite Daughter enables us to progress to Paradise, the home of our Heavenly Mother and Father. The Eternal Son is the God of Truth. The Divine Minister is of the mind whereas Mary and Jesus are of the truth for our local universe of Nebadon.

When we embrace how to use our minds in the appropriate manner, then we will find our minds being wonderful. Our lives are all about experiences and what arises from our feelings about each experience. This is all in preparation for when we achieve our ultimate status as a Finaliter which occurs when we arrive in Paradise. Then we will be well prepared for the ongoing assignments throughout the outer universes now forming.

What do you FEEL?

ASSUMPTIONS *and the* MIND

Whenever a principle or platform of truth is formed around an assumption, then as further truth is revealed, the error may become obvious.

A great deal of custom and passed down practices have evolved through handwritten records which have been copied and re-copied and have then been injected with assumptions that have become the core belief and customs which people have lived by for many generations.

These platforms need to be revisited and addressed. We will find that these mind derived assumptions have a 98% error rate. We will further find that the mind's propensity to have control of others has distorted matters and that all systems worldwide are in need of rebuilding.

Education, health, science, commerce, legal, governmental and all platforms have evolved through the mind and are all taking us further away from our feelings, our soul-based feelings of truth and are suppressing our true personalities. There is not a man-made system on Earth that is presently founded on truth, the truth that we all long for.

Meanwhile, hidden controllers have seized the moment and have achieved global domination, hoarding massive wealth to the detriment of humanity. Only through a change in the way of living will this and other power bases crumble. We may disrupt hidden controllers but if we do not change our way of living they will reassemble their controlling power!

It will only be through the New Feelings Way emerging as a way of living, that education, health services, science, commerce, legal, governmental and all other platforms will be appropriately restructured.

The revelations of Living Feelings First, Feeling Healing and the New Feelings Way have been provided to all of humanity, from the highest authority, to enable each and every one of us to consider the options and possibilities. Our freewill continues to remain sacrosanct.

This revealing has been in the planning and preparation for thousands of years. It was two thousand years ago when the foundations for the arrival of these possibilities and revelations took place then on 31 May 1914 the first writings commenced through James Padgett in what is known as the Padgett Messages. The primary auxiliary writing is The Urantia Book (1925-1935).

The major and most important writings are those of James Moncrief commencing in 2002. This is the focus of the publications that are to be made available in numerous formats and in all of the important languages so that every community, worldwide, will have access and potentially become aware of the teachings and revelations.

Suppression of feelings being the core cause!

Suppression & Repression = Universal Depression

Assumption + I Think ...

98% of assumptions are in error, the other 2% are flukes.

The best investigation reveals a 96% error rate only!

It is not generally understood that our minds are addicted to untruth. Once we recognise this then much becomes obvious.

No wonder we may cringe when someone starts a conversation with "I think ..."

We are not to impose our will upon another!

**THIS IS A
CONTROL
ADDICTION**

**Our MIND is a CONTROL ADDICT!
Our MIND is ADDICTED to UNTRUTH!
Our MIND cannot DISCERN TRUTH!**

ASSUMPTIONS are the product of the MIND!

**Our SOUL is OUR TRUTH!
Our FEELINGS are our TRUTH!
FEELINGS FIRST, mind to FOLLOW!**

Root Cause

Highly esteemed Lanonandek spirits from within our local universe of Nebadon were assigned as System Sovereigns of our local system to oversee Earth's humanity and their spiritual development. 200,000 years ago they, the Lucifers, became infatuated with their authority and turned against the regents of Nebadon, Mary and Jesus, as well as rejecting God. Through their Planetary Princes, also Lanonandek spirits, they had taken the humanities of 37 worlds within their local system into their Rebellion.

By living through our minds, suppressing our feelings, we on Earth will continue to be at war with each other, illnesses of all descriptions will continue from our feelings suppression, famine and inequalities prevail, control of others is the core of all systems, we cannot determine truth from falsehood and life on Earth is a living hell. We have been continually seduced by mind Mansion World spirits and we live life in a stupor – nothing more than zombies doing the begging of the evil ones, the rebellious Lanonandek spirits.

By living through our minds, suppressing our soul based feelings, we have been progressively going further and further away from our Heavenly Parents, now to the point that we cannot go any further. Through working cracks in the Universal Contract governing the Rebellion and Default, this control has been ended formally as of 31 January 2018.

Pathway Forward

To liberate one's real self, one's will, driven by one's soul, moves one to embrace Feeling Healing, so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

God's Divine Love: Pray for it, ask for it, and receive it.

The Golden rule is: Never interfere with another's will.

Golden Rule: that one must always honour another's will as one honours one's own.

New Feelings Way: learning how to live true to ourselves by living true to our feelings.

We are to express our feelings, both good and bad, at all times, and to long for the truth of them.

By living true to ourselves true to our feelings, we are living true to God. It's that simple.

Systems of Deception!

One person with unfettered and supreme control, a System Sovereign, has had aeons of time to passively and stealthfully impose upon his minions (us – you and me) a way of living that assures him, the arch hidden controller, that we would remain compliant and submissive to his begging. His extreme intelligence and consciousness is no match for us ascending mortals who arrive naively upon Earth with absolute dependence upon parents who have already capitulated – unknowingly – to his wily stealth.

The System Sovereign's goal was that we do not evolve, that we remain fearful of our true Heavenly Parents, that our true pathway for spiritual development is not revealed, that we live in a manner of servitude and ignorance through our minds believing that our submission to our minds will enable us to become all powerful and even mini-gods. When we transition into the spirit mind Mansion Worlds, we remain collectively his waiting army to fulfil his ambitions to expand his domain and territory. We have been well and truly screwed over through his imposed systems of:

- Parenting – unable to love our children due to lack of truth in what we are provided with.
- Education – minimalistic, having our minds unable to progress beyond reason – our minds are addicted to untruth and control of others including our environment.
- Health systems – ignorance of our spirit bodies and gross ignorance of underlying cause of illnesses which are through the lack of being loved. Our health systems cannot heal.
- Commercial systems – we become salary slaves with suppressive debt slavery resulting from the costs of education, housing, health services, transportation and necessities for survival.
- Political systems – that divide the community into camps and then deliver representation of only a portion of the population without candidates having necessary leadership skills and experience.
- Religions – there is only one truth. We are to live through our feelings – not our minds.

We have been led to live mind centric which is the pathway of all of nature except humanity which is ensouled. We of humanity are to live feelings first with our minds to assist in implementing what our soul based feelings lead us to embrace. We are truth seekers and truth is to be found through feelings.

Higher level personalities than our System Sovereign have now taken on all of the evilness and wrongness of what these rebellious Lanonandek spirits have imposed upon us and have healed themselves of these injuries. Now all systems assembled during the Rebellion and Default, now ending, need to be rebuilt!

Our pathway to Paradise, the home of our Heavenly Mother and Father, is through living embracing our soul based feelings, living feelings first, to express what our feelings draw our attention to and to long for the truth of what our feelings are to show us – both good and bad.

A lady named Samantha found James Moncrief's writings on a website and commenced to engage in her Feeling Healing. This may have been in 2013. Samantha is like all of us, she is an ascending mortal. She has no specialness nor has she had any support other than James' writings on the internet. Samantha has been successful with her healing. She has been very successful. She has now written numerous books outlining her experiences so each and every one of us can follow her example. An ascending mortal, Samantha, has conquered all that the rebellious Lanonandeks, led by Lucifer, have imposed upon us. Samantha is the new mother of humanity in demonstrating to us how to embrace the one and only pathway home to our Heavenly Mother and Father.

HIDDEN CONTROL SUBVERSION CAN BE FOUND THROUGHOUT EVERY INSTITUTIONALISED SYSTEM and WAY of LIVING without EXCEPTION.

Mind-centricity way of living prevents humanity from progressing beyond 499 on Dr David Hawkins' Map of Consciousness. This is the prison from which we are now to release ourselves, as and when we choose!

It all can start through awareness being provided throughout the education platforms throughout every community and nation worldwide. We have the choice to continue living mind-centric in stagnation and suppression or free ourselves through the truth of our feelings, our soul based feeling which are always in truth and consequently love. Truth opens us to freedom, evolutionary growth and the dynamics of the potential within each and every one of us.

Every aspect of our environment has been covertly structured to ensure our suppression and control adheres to our submission to the manipulation and will of Hidden Controllers who are now no longer able to orchestrate their universal plan of domination throughout their universe of influence.

Nothing has escaped their brilliance and ingenuity, however their reign of influence is over for us each to now escape from and heal ourselves through Living Feelings First.

Only through open, free, universal feelings orientated education at all levels and for all ages, embracing every subject and platform of education that the awareness of the error of being mind-centric can be put aside and the wonders of our feelings be introduced into our lives. The potential for humanity with this shift is infinite, whereas continuing to repeat mind-centricity living, generation after generation, will only end in our enslavement and stagnation continuing as it has for centuries.

“History is a set of lies agreed upon” – Napoléon Bonaparte

In the realm of history, various quotes have resonated with people throughout the ages. One such quote, attributed to Napoleon Bonaparte, states, “History is a set of lies agreed upon.” These words provoke contemplation about the nature of historical narratives, the subjectivity of human perception, and the complexities of documenting the past.

Truth Is Freedom

Before being conceived, we each have had nothing to do with the culture or heritage of the family and its people into which we are now born.

After we pass over into our spirit lives, we each will have little or nothing further to do with the culture or heritage of our family that we lived with on Earth.

We each are one of many voices within our communities.

We are to embrace our experiences and limitations of our family upbringing which our soul has desired for us to have. We are spirit personalities having a physical experience and this physical life here on Earth is the commencement of our incredible journey which will take us through many universes.

We are not to accept the limitations, the psychic barriers of our family, nor those of our national culture and its ethos. The people of a community, a region, a state, a nation respond to and reflect a common set of values, customs and culture, which is passed down through the generations, this is a psychic imposition or barrier that inhibits evolution, our true self expression and our growth in potential and personality.

Now, it is at this time in history that, individually, we each are to free ourselves of the Rebellion and Default that has been imposed upon us by hidden controllers, both those from within the spirit worlds and of their defacto agents here in the physical.

We now have the option to embrace and enjoy the freeing truths that our soul can and will expose to us – we are fully self-contained. We are to look within, to our feelings, and to long for, to ask for the truth that our feelings will exquisitely and amazingly reveal to each of us.

The wonders of intuitiveness and spontaneity are ours to behold, experience and enjoy – this is of our choosing. We can continue living a limiting mind-centric life or embrace living Feelings First – The New Way – with its infinite potential. The gateway is now open and the pathway is defined.

This we are to share with all of humanity as we are Freedom's voice.

MoC 904

ONE SECOND TO MIDNIGHT

My individual "Rebellion and Default" is my overarching virus!

The Rebellion and Default are the true viruses that we are all 'infected' with. Viruses are more of the spirit really, which is why they are so elusive. If our soul needs to give us the experiences of the virus we will 'catch' it.

Other disease, like cancer, and the breakdown of the physical structure is again wholly physical however they are the physical manifestations from the breakdown of our spiritual light in our spirit systems.

All illness results from our inner levels of discontentment – **BECAUSE WE DON'T FEEL LOVED.**

Should every soul, all at the same time, need the experiences from a virus to feel all the feelings we need, then it will be **different feelings for every person.**

Humanity is to uncover the truth of evilness, its wrongness, of its rebellion and default. Illness is to show us that we are wrong. We wouldn't get sick if we were right. **ILLNESS IS OUR FRIEND.** It's all about what went into us through our forming and early childhood. All the secrets are contained back there within ourselves. When we 'go in' we're to go into our early life through our adult 'now' feelings.

EVERYTHING that happens to us does so to help us live one of two ways. **So we will 'get a virus' to help us go further into our truth-denial; or we will get one to help us come out of it.**

Our bodies are designed to live anywhere, even in the most infested disease ridden place on the planet, and **we will get sick if we need that sickness to further our truth-denial, or we will get sick if we need it to help us heal our truth-denial, or we simply won't get sick. There is NO OTHER REASON why we get sick!**

If we are going to get sick, that will happen either way because we are already sick within ourselves and from how we were treated through our childhood – there are no other reasons. We are sick because we are denying the truth of ourselves and God. We are all very ill being in the Rebellion and Default. **The Rebellion and Default are the true viruses that we are all 'infected' with.**

Enters emotionally - is to leave emotionally!

We are to express our feelings, both good and bad, emotionally!

Living Feelings First growth potential is

Our Feelings are our Supreme Guide! Truth is found through our feelings, we are to long for the truth about what our feelings draw our attention to. Our soul based feelings are always in truth. We are fully self-contained. This simple fact has been hidden from us for 200,000 years while our hidden controllers, the evil ones, kept us under their selfish controlling agenda.

Living through our feelings first with our minds to follow in assisting with what our feelings guide us to consider is a rewarding, freeing and vibrant life. Whereas we all have been retarded through living mind centric.

Living through our Feelings First, the New Way, and longing for truth of what they are to reveal, expressing what we feel, both good and bad, will enable us to progress through the Feeling Healing Mansion Worlds while living on Earth. With Divine Love we will be fit to enter the Celestial Heavens and then progress through all the Celestial Heavens of our local Universe of Nebadon and then onwards to Havana and Paradise, the home of our Heavenly Mother and Father.

Not only will we progress beyond 1,000 MoC when transitioning into the 1st of the Celestial Heavens, by the time we reach Paradise we will have progressed to what could only be described as infinity – well not quite – but we will be truly awesome in our evolution and development.

Living mind-centric limits growth to 499 MoC

We all live through our minds! We all suppress and ignore our feelings. This has been how we have been led to live by high level spirits who had ambitions of self-glorification to our detriment. These wayward spirits had illusions of expansionary empowerment and they needed Earth's humanity as their foot soldiers! Through their deceit, we would continue to live in spirit as we do on Earth without any prospect of progressing out of the spirit mind Mansion Worlds.

Should we continue with aspirations in the perfecting of our mind then we can progress from the 1st spirit Mansion World to the 2nd mind spirit Mansion World, then 4th and finally 6th mind spirit Mansion World to a dead end. In these higher worlds we may appear to be guru type personalities but we have gone further away from God – we have then perfected our evilness!

The mind can even stave off the time when the Law of Compensation is addressed.

A U-Turn is required and then one would commence embracing their feelings and progress through the Feeling Healing Mansion Worlds 3, 5 and 7. With Divine Love then on completion of the 7th spirit healing Mansion World process we transition to the 1st of the Celestial Heavens.

While we suppress and ignore our feelings we are living in hell and putting ourselves through untold misery, pain and suffering when we can achieve healing to the level that we are living as Celestials while in the physical on Earth!!!

Less than two dozen people on planet Earth.

Would not pick up a weapon let alone use it. These people gravitate to the health industry and humanitarian programs.

Debate and implement resolutions without argument and delay. 470

Debate and implement resolutions in due course. 440

Debate and implement resolutions with some degree of follow up generally needed. 410

Management supervision is generally necessary.

Politics become the hope for man's salvation.

Cause no harm to others starts to emerge. Power overrides force.

Illness is developed by those man erroneous emotions that calibrate 200 and lower.

Armies around the world function on pride. Force is now dominant, not power.

Harm of others prevails, self-interest prevails.

Totally self-reliant, not God reliant.

Fear dominates all motivation.

Suicide is possible and probable.

At these levels, seriously harming others for even trivial events appears to be justifiable.

Poverty, unemployment, illness, etc., this is living hell on Earth.

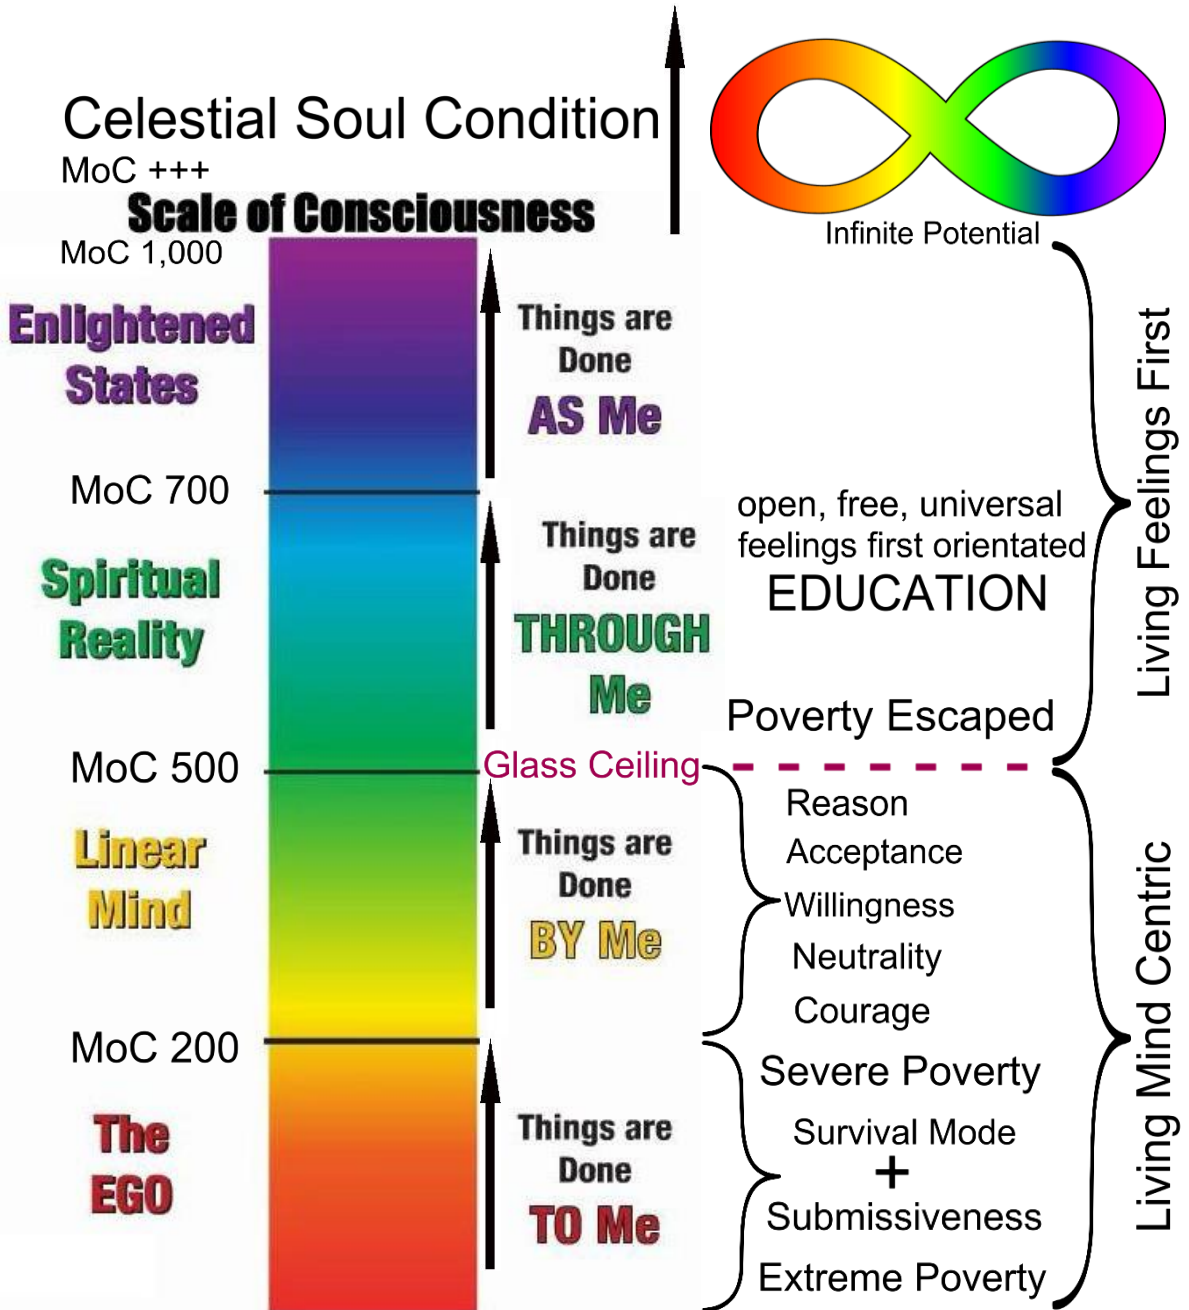

This outline of the Map of Consciousness spells out the fact that while we live Mind-Centric and ignore and suppress our Feelings we cannot pass 499 MoC. Our mind being in control, as we have all been indoctrinated to live, is a glass ceiling. Humanity cannot heal anything, cannot be spontaneous, has no intuitiveness, and is locked into living in the deep hell states. This is why people find themselves in abusive homes, domestic violence, housing stress, homelessness and gross difficulties of all kinds. This is why we are easily manipulated, embrace propaganda and are being controlled by a few.

Women are closer to their feelings and that is why the nursing profession hosts a lot of women who calibrate a little over 500. These women are the healers in hospitals.

By aspiring to live Feelings First we are each breaking the glass ceiling and opening our potentials to grow in truth and love not only to 1,000 MoC, but to infinity. This is our destiny.

As communities embrace living Feelings First and having their minds to follow in supporting what their feelings are guiding them with, then ALL of the social ills of society will begin to mitigate. Please, do you comprehend the importance of what is being shared throughout this document?

LEADERSHIP PERSONALITIES should CALIBRATE at or over 400 MoC

For dynamic leadership and to qualify for being considered to represent the people of any nation, candidates need to calibrate on Dr David Hawkins' Map of Consciousness at or over 400 MoC. To qualify for high political appointments, then only those calibrating 410 MoC + need to stand for such positions. Great leaders and statesmen throughout history generally have high consciousness levels. As can be seen by the above observations, politics in most nations have been hijacked by controlling interests so that their nominees are readily compromised and the people then being suppressed and manipulated without their best interests being prioritised.

Hello Ladies and Gentlemen

We each are about to embark upon a worldwide endeavour with aspirations to shift communities a little towards a more prosperous and progressive life.

To truly achieve our objectives we are best to understand and recognise the issues confronting the community we are proposing to introduce our possibilities for growth to.

Kindly consider this Pascas Paper which can be downloaded from www.pascashealth.com, then go to the Library Download page, scroll down into Pascas Care Letters and click on to open:

Kinesiology muscle testing in conjunction with Dr David R Hawkins' Map of Consciousness can enable anyone to calibrate the level of consciousness of the population of a nation, state / province, city, town, village, suburb and also drill down to a household and each individual therein within minutes.

The attached worldwide survey is now supported by more than 14 independent worldwide surveys providing enormous cross fertilisation information and guidance. This is included in this Pascas Paper.

PASCAS of

This provides a comprehensive starting point from which we are to initiate programs for the community, with their involvement and actual delivery control, so that optimums can be achieved.

Thus, from the thousands of assessments drawn together, we have this simple chart summarising all:

WORLDWIDE SURVEY			
Levels of Truth / Consciousness	Countries	Population2020	Lifestyle Feature
500+ MoC	NONE	0 million	Feeling orientated rather than mind-centric
400s	22	700 million	Freedom and Progressive Leadership
300s	71	4,100 million	Open and Free Education
200s	50	1,100 million	Current Religions
100s & below	73	2,100 million	Survival Living
Overall 220	216	8,000 million	Humanity entrenched in mind-centricity

The Map of Consciousness chart is based on natural love and is a scale of 0 - 1,000 based on the common-log of 10. A 10 point improvement is a 10,000,000,000 fold increase in energy. The overall scale also goes on to infinity. Due to the nature of the logarithm, 75% of humanity actually calibrate 200 MoC or below, and further, those calibrating 100 MoC or below represent 40% of humanity.

Hereditary environments are fundamentally our prisons. We each end up calibrating at the same level of consciousness as one or the other of our parents, should they differ. Thus our environmental heritage imposes upon us the conditions that prevail generation after generation. Our parents impose upon us, unknowingly, their errors and injuries and all this occurs by our sixth year. We then go on living the social and emotional issues that our parents carried throughout their adult life, so we continue on doing the same throughout our adult life. Thus, the Worldwide Survey shows that over a quarter of Earth's humanity are still living in that same mode that prevailed more than 2,000 or even 2,500 years ago.

Kindly review Pascas Care Letters Worldwide Survey as it presents a vast array of understanding of the diversity of the environments in which living feelings first can greatly up-step communities while technological support is introduced and infrastructure developments anchor in the growth that they welcome and support for themselves.

2,000 years ago the world population was 300 million and all were living in survival mode. Now in 2024 we have over 6,000 million people (75%) are living in survival mode – calibrating 200 MoC or lower. We have successfully multiplied the ‘living in survival mode’ by more than twenty fold!

Note:

The Map of Consciousness (MoC) table is based on the common log of 10. It is not a numeric table. Thus the energy differentials are in fact enormous!

A calibration increase of 1 point is in fact a 10 fold increase in energy.

A calibration increase of 10 points is in fact a 10,000,000,000 fold increase in energy.

Levels of consciousness are always mixed: a person may operate on one level at one time and quite another level in another area of life. [In fact, we move in and out of fear, anger, guilt, etc. for either brief or extended periods. Even the levels up through unconditional love at 500 are experienced by most. But it is the percentage of time spent in each level that determines the dominant level in which one lives.]

Shame: Shamed children are cruel to animals and to each other. Later they are capable of forming vigilante groups to project their shame onto others whom they righteously attack. Serial killers have often acted out of sexual moralism with the justification of punishing "bad women". Shame produces false pride, anger, guilt. Moc 20 – 29

Guilt: associated with victim hood, masochism, remorse. Unconscious guilt results in disease, accident -prone, suicidal behaviour. Preoccupation with punishment. Guilt provokes rage. Capital punishment is an example of how killing gratifies a guilt-ridden populace. MoC 30 – 49

Apathy: State of helplessness / death through passive suicide / level of homeless and derelicts / level of streets of Calcutta, abandonment of hope. MoC 50 – 74

Grief: Level of sadness, mourning over the past / habitual losers / chronic gamblers / notion of being unable to replace what is lost. MoC 75 – 99

Fear: Fear runs much of the world [in the enmity fearfulness is dominant emotion of 65% of the world] insecurity, vulnerable / leads to jealousy and chronically high stress level / very contagious / fearful people seek strong leaders. MoC 100 – 124

Desire: Motivates vast areas of human activity. Desire for money, prestige runs lives of many who have risen above Fear. At this level of addiction / desire for sexual approval has produced an entire cosmetics and fashion industry / accumulation / greed. It is insatiable because it is an ongoing energy field. Satisfaction is impossible / frustration is assured. MoC 125 – 149

Anger: Leads to either constructive or destructive action. Expressed most often in resentment and revenge. Irritable / explosive / leads to hatred. MoC 150 – 174

Pride: Has enough energy to run the Marines. Is a great leap forward from lower fields / is socially encouraged. Defensive / vulnerable because dependent upon external conditions. Inflated ego is vulnerable / divisive / arrogance / denial. The whole problem of denial is one of Pride. MoC 175 – 199

At or below MoC 200 is POVERTY through lack of Consciousness in Truth

Courage: Where productivity begins / zone of exploration / accomplishment / fortitude / determination / exciting / challenging / openness. All of this is achieved through the leap to truth / the courage to face one's flaws. MoC 200 – 249

Neutrality: Release from a position or opinion / flexible / non-judgmental / realistic. Not getting one's way is less defeating or frustrating. Beginning of inner confidence. One is not driven to prove anything. Does not lead to any need to control others. MoC 250 – 309

Willingness: Growth is rapid here. Willingness implies that one has overcome inner resistance to life and is committed to participation. Genuine friendliness / do not feel demeaned by service jobs. Helpful / high self-esteem / sympathetic / responsive to needs of others / resilient / self-correcting / excellent students / readily trained. MoC 310 – 349

Acceptance: Major transformation takes place when one recognises that one is the source of the experience of one's life. A full assumption of responsibility for one's self. Acceptance of life without attempting to conform situations to one's own agenda. Denial is transcended / calm / perceptive / balanced / appropriate. No interest in determining right and wrong. Self discipline / honouring of others rights / inclusive / tolerant. MoC 350 – 399

Reason: Intelligence/ capable of making rapid, complex decisions and abstractions / level of science / capacity for conceptualisation / deals with particulars / level of Nobel Prize winners, Einstein, Freud, etc. but ironically reason is often a block to higher states. MoC 400 – 499

Love: Love is not what the media professes: emotionality / physical attraction / possessiveness/ sentimentality / control / addiction / eroticism / novelty. When lovers or marriages "break-up", they usually were based on these attitudes rather than love, which is why this kind of "love" can lead to hate. It wasn't love in the first place. Love Deals with wholes. Unconditional love is accompanied by measurable release of endorphins. Love takes no position / permanent. Only 0.04% of population lives out of this level of consciousness. MoC 500 – 539

Joy: Level of saints / effortless / people with near death experiences often have reached this level of consciousness. Healing occurs. Individual will merges with Divine will. MoC 540 – 599

Peace: Radiance / suspension in time and space / everything connects to everything else / no preconception. Great works of art, music and architecture, which calibrate between 600 and 700, can transport us temporarily to higher levels of consciousness. MoC 600 – 699

Enlightenment: Buddha and Krishna. Jesus and Mary Magdalene remained beyond 1,000 throughout their lives here on Earth. Enlightenment is a never ending process. MoC 700 – 1,000

generations

OUR BLOCKED EMOTIONS FLOW DOWN FROM GENERATION to GENERATION:

Childhood illnesses, and illnesses of baby within the womb, stems from blocked emotions passed down from generation to generation, resulting in malfunctions in the foetus.

We are a product of all that has come before us.

Our own soul condition is reflected in our children.

To assist baby, as well as our self, work and pray to express our blocked emotions.

Clearing our negative emotions – Feeling Healing – grows our soul condition as well as that of our children.

Baby's body, when conceived, is always perfect. Their soul condition is also perfect.

GENERATIONAL TRANSFER of EMOTIONAL BLOCKS and INJURY:

As children we are conceived taking on the denial of the seven Mansion Worlds which is passed onto us through our parents and carers. We absorb our parent's emotional injuries and their soul condition, which can typically reflect more of one or the other parent, however both parents' input is of equal importance. As children we continue to mirror our parents' soul condition until we leave home. When we decide to heal our childhood suppression and ongoing repression, we then have to systematically work through all seven worlds of feeling-denial, healing all the unloving influences from our parents. This is doing our Feeling Healing.

In turn, we are a reflection of our parents' soul condition, and their parents' soul condition and so on back through the generations. We can break this cycle by working on our own soul condition, feeling our emotions and expressing our fears and blockages while seeking truth.

These emotional blockages and injuries frequently manifest in our children as illnesses, even before birth or shortly thereafter. It is the accumulation and combination of issues held by past generations that insidiously manifest as life threatening illness episodes within unborn and new born babies. Parents through their own healing can lift illness from their children! Thus, to assist our children, we must firstly resolve emotional issues within ourselves. General emotional injuries or blockages manifest as various health issues. Thus, an illness episode or pain can be generally related to parents' emotional issues.

SOUL CONDITION of BABIES are SUPPRESSED to that of its PARENTS!

A newly incarnated soul is immediately being infused with the emotional injuries of those in its environment, that is, the damaging emotions and erroneous beliefs of its mother, its father and of those within its family environment.

This process continues until the child reaches around the age of six, then it tends to develop its own way from then on, however, closely aligning itself with a parent or both parents. Kinesiology testing of Map of Consciousness confirms this suppression progress. Conception can be likened to facing a water cannon for the child!

Poor condition spirits may have previously connected with a young child should the environment be conducive for such a relationship. However, on 22 March 2017, all such spirit connections became blocked. A spirit cannot harm another personality.

We, as parents, can work on our own soul condition, through feeling healing, which in turn benefits the baby. We can also ask and prompt spirits to seek help from brighter spirits from within their own environment.

Native Communities and Populations

Verna, a Nature Spirit, 26 May 2019: **Humanity is currently making a right mess of the world, you are killing off just as many species as are naturally ending at this time, and mostly you don't give a shit about it.** You are so disconnected with nature, you believe you love it because you plant a tree in your garden, however for the most part, even including the primitive and more closely to Earth people, you don't understand anything about it or your true relationship with it. And how can you when you hardly understand anything about yourselves! For the most part you don't even understand that you're in rebellion, that all of your religions and spiritual systems and ways of life are rebellious and working against nature.

You believe people like your Australian Aborigines were more in touch with nature because they didn't seemingly destroy it as much as the white man invaders have done, however they weren't, not spiritually speaking. They hunted and gathered and did a minimal amount of farming, but they still didn't understand about our connection with the World, they didn't personally interact with us, they developed their own wayward spiritual beliefs and ceremonies all designed to keep them fully entrenched within the Rebellion in a more primitive way, and it was all still wrong by higher spiritual standards. So the aboriginal culture had to go, just as in the end so will the white man culture, as people of all races who do their Healing and who do work more closely with us nature spirits will end up doing. But that's still some way off and there's a lot of spiritual awareness awakening that needs to happen first.

So, in one way it seems like the aborigines were closer to nature and the natural world, which they were in their more primitiveness, whereas they weren't in a spiritual sense. And this confuses a lot of people, attributing more spiritualness to them than should be, as their beliefs are no more or worse than any others that are rebellious. And so shouldn't be held in higher regard. They can of course be appreciated like all spiritual and religious beliefs for being an expression of truth-denial and the Rebellion, should one want to appreciate such wayward beliefs.

For the most part with the **mind spirits**, you have an absolute rabble who basically have no idea about what your soul needs, what their soul needs, what any of the bigger picture is about, they are living completely in rebellion and default against themselves, against we nature spirits and angels, against Love and the Truth, against our Heavenly Mother and Father. And as they are still wrapped up in their negative power-seeking mind agendas, they decide they are going to try and make contact with a mortal person on Earth. And some people would welcome such contacts and happily say or write whatever it is the mind spirit wants them to say, believing they are understanding 'great things' or are 'earthing great truths' and you know all the rest. Most of which is rubbish and what we call 'spiritual pollution' that serves to at best, further both the wayward mortal and spirits' progression in their rebellion, and at worst gums up the works with disinformation and masses of mind-derived untruth.

~~~~~

Up until 22 March 2017 when Celestial Spirits blocked mind Mansion World spirits interference with people in the physical on Earth, all communications had been from mind spirits of the Mansion Worlds. Thus, Aboriginal Dreamtime Stories are mainly mind spirit originated and of a controlling suppressive nature.

"The Gap" between the population overall of Australia and the Aboriginal communities that hold strongly to their traditional customs and heritage is of the consequence of folklore that is suppressing their evolutionary growth in truth and love.

# **A Nation's Persona! National Psychic Barrier**

Psychic barriers are very real and seldom considered. We are each indoctrinated with our parents' customs, practices, beliefs and way of living yet we rarely question any of these life forming pathways – so then we do the same to our own children. This is how it has been for many thousands of years – these are all psychic barriers.

We are being indoctrinated with new ones – evidence-based best practice and follow the science.

Science is the pinnacle of mind-centricity. It is the ultimate worship of the mind. Read any scientific research paper and count the number of assumptions it is based upon. Simply taking note of your own experiences, you may discover the error rate of assumptions is around 98%. We find many assumptions within every scientific research paper.

Evidence-based best practice. Someone must define what is the 'best' and then are we stuck with that limitation for generations to come?

The reason why we cannot 'close the gap' on anything is that mind created systems are universally flawed. We need to allow our feelings to have centre stage and then for our minds to assist in implementing what our feelings are guiding us to consider. We are too long for the truth behind what our feelings are revealing to us.

Many of the Australian aboriginals have moved away from their cultural heritage to varying degrees and integrated into mainstream society seamlessly. Many have leadership roles which the whole of the Australian society accept and respect. These are mostly people who have freed themselves of the customary practices and explored and embraced a freedom of their personal preference – as we are all to do.

Our Australian Aboriginals reflect often on Aboriginal Dreamtime Stories. Their origins are the same as spirit generated communications worldwide. When we each pass over into the spirit Mansion Worlds, our capabilities are exactly the same as that which we had the day before we left our physical body. Our intelligence and knowledge remains exactly the same. We go on having experiences like how it was for us in the physical world, we continue learning from our experiences. Some of us are much more open to recognising and receiving communications from spirit personalities. However, most communications are little different to that we experience from talking to companions at any social gathering! These stories grow in mystery and mastery as we embellish them in our re-telling.

Aboriginal Dreamtime Stories

MoC 280

Dr David R Hawkins, psychiatrist, published the Map of Consciousness (MoC) in "Power vs Force" and it is not a lineal scale, it is based on the common log of ten, a 10 point increase is 10,000,000,000 increase in energy. Anything calibrating under 200 is false, anti-life and just needs to be avoided, yet the majority of humanity calibrates under 200 – hence worldwide crime, stress and disasters prevail.

The Bible of Christianity calibrates around MoC 475. The Pascas Papers calibrate at a perceived level of truth of 880 to around 970, with a general potential level for truth of 1,480.

**How is 'the gap' closed? Closing the Gap is a personal journey of self-development.**

**It is through the voluntary changing of the traditional environment of familiar customs and norms that are being passed on through the generations. Should we, as children, live the same style of life as our parents then we will mirror their circumstances and outcomes – this is how stagnation of consciousness unfolds, avoiding growth and prosperity for generations, spanning periods extending for thousands and thousands of years!**

**Through a change of environment, voluntarily unfolding, children may discover the diversity of two customs and lifestyles, thus bringing about not only a change but the blending of two lifestyle experiences opening the opportunity for leadership to present itself through the opening up of spontaneity and intuitiveness not having been present before the blending of any two cultures.**

**Not only is 'the gap' being closed, but the whole of society blossoms through the voluntary initiative of those having taken the step into an environmental change of lifestyle and way of living new to all.**

Dennis B – born in Innisfail, Queensland. Mother is indigenous and his father is connected with Vanuatu and Solomon Islands nationals. His father worked in the Queensland sugarcane fields. Dennis years 11 and 12 schooling was in Melbourne. He developed an interest in Social Welfare, obtained a degree in Theology in England and undertook community work. He travelled extensively in Europe. He sold books to fund university while in England. His pen pal became his wife. Didn't finish the degree being distracted by future wife. Moved onto Queensland University in Anthropology – the science of humanity. Interests are in housing, education and sports.

Larry C – born in Tweed Heads. Father from Beaudesert and mother from Tin Can Bay indigenous communities in Queensland. He has been heavily involved in sports especially involving indigenous players. Politics, sports and indigenous communities being his passion. Eventually settled down to become involved in his local community endeavouring to resolve indigenous challenges. He has moved into mentoring young ones. Moved to live in Tweed Heads in 2024. He has observed a lot of money has been thrown into projects from the Government in the past only to be squandered away. Systems of the past twenty years have not worked. Changes and a change of strategy are to be mapped out to begin to deliver solutions.

Sidney D – born in Brisbane but brought up in the indigenous communities of the Torres Strait Islands of northern Queensland. Lived in Malaysia in the RAAF environment and other military bases with his father. Presently is considering a PhD degree. He remains linked with heritage while working for a Queensland Government agency supporting indigenous peoples.

**All three 'closed the gap' by changing their home environment and adopting new lifestyles!**

**These three leadership personalities will now deliver the opportunity for change and growth for all those who open themselves to the possibilities of the awareness that is to be provided through their initiatives. The constraints of mind-centricity and suppressive customs can be put aside while embracing and living the guidance of our own feelings – living feelings first.**

# CLOSING THE GAP

## Psychic Barriers

The Old Testament of the Bible calibrates overall at 190 MoC on Dr David Hawkins' Map of Consciousness (excluding Genesis, Psalms and Proverbs). The lack of truth therein strengthens psychic barriers to limit progress by adherents. (Page 371 Truth vs Falsehood – Dr Hawkins)

Similarly, the Dreamtime Stories of old adhered to by Australian Aboriginals find their personal progress and evolution hampered by these stories as generally the stories calibrate at around 280 MoC.

Personalities calibrating below 200 MoC dominate the social issues that Aboriginal communities seek assistance with when it is their adherence to ancient traditions and beliefs that are the psychic barriers to progress, solutions and development by their societies.

## Aboriginal Dreamtime Stories

**Beliefs suppress TRUTH.**

**Result is; Health degrade, Discomfort, Pain, Illness, Disease and Viruses**  
**To heal yourself with truth can only be done one way, and that is by sincerely wanting to live true, to live a life in which you want with all your heart to see the truth in each and every experience, so that as you live your body is being ‘built’ on truth, and so will remain rock solid, and will not feel fragile and collapse under you when disease suddenly strikes you down. Truth, Truth, Truth, and more TRUTH. You have to want to eat drink and sleep truth. To beg and ask and long with all your will for the Mother and Father to help you see and know the truth, the truth of everything that you do, everything you are, everything you feel – the whole truth of yourself. And so whilst you’re of it, including, the truth of your rebellious state. “Mother and Father, please help me see, know and BE the truth You want me to live.”**

When considering the overall calibration of Aboriginal communities in remote areas around Australian, the closing of the gap between the overall population and the remote area indigenous communities is already closed. That is, nothing further can be done except for the subject people to become aware that their traditional way of living is restraining growth and development of their levels of consciousness. It is up to each individual to embrace change or stagnate as they now are.

## BREAK THROUGH OUR GLASS CEILING

For the population overall, while one lives mind-centric then their potential to grow in consciousness beyond 499 on the Map of Consciousness (MoC), this being the peak of 'reason', is very limited.

For those who embrace living feelings first and commence their personal Feeling Healing then they are breaking through the glass ceiling of 499 MoC and should they also embrace asking for our Heavenly Mother and Father's Divine Love then their potential in consciousness and soul condition is infinite.

Population size and location: In 2016, an estimated 798,400 Aboriginal and Torres Strait Islander people were in Australia, representing 3.3% of the total Australian population (ABS 2019b).

Among the Indigenous Australian population in 2016:

- 91% identified as being of Aboriginal origin (an estimated 727,500 people).
- 4.8% identified as being of Torres Strait Islander origin (an estimated 38,700 people).
- 4.0% were of both Aboriginal and Torres Strait Islander origin (an estimated 32,200 people) (ABS 2018a).

## Aboriginal Dreamtime Stories

MoC 280

Dr David R Hawkins, psychiatrist, published the Map of Consciousness (MoC) in “Power vs Force” and it is not a lineal scale, it is based on the common log of ten, a 10 point increase is 10,000,000,000 increase in energy. Anything calibrating under 200 is false, anti-life and just needs to be avoided, yet the majority of humanity calibrates under 200 – hence worldwide crime, stress and disasters prevail.

The Bible of Christianity calibrates around MoC 475. The Pascas Papers calibrate at a perceived level of truth of 880 to around 970, with a general potential level for truth of 1,480.

Once humanity collectively understands what has happened to them on the higher spiritual level, how the people have been controlled, and that it's over, that control is no longer controlling, it's just legacies of it, all of which the average person can deal with by destroying it in themselves, things will change markedly for the better. And as the people change, so too will how they want to live, it will be a great time of revolution, nothing will be the same. So what you are currently living through is the end of the Rebellion and Default, it literally is, and so once the end is fulfilled and the New starts, then all how it currently is and has been will cease to be.

Nanna Beth 3<sup>rd</sup> Celestial Heaven, John's grandmother, 20 March 2018

Our feelings are soul-based. Our soul is always in truth. It is our soul based feelings, that when allowed to be freely recognised, we will begin to express and be who we are. This takes time and perseverance as we have encrusted our souls with layers upon layers of errors and false beliefs, it is these layers that will confuse the truth that our soul is conveying to us. Only by our progression with our Feeling Healing will our soul's expression of truth become clear and free of all cloudiness and contamination.

Without looking to our feelings and wanting to uncover the **WHOLE** truth of them, we can't heal our errors of belief and injuries. It's as simple as that despite what anyone does with their emotions and feelings. And many people in their endeavours to heal themselves have done some real Healing, if they at any time looked to their feelings for their truth, and this truth would have been forthcoming. So humanity has gained a little truth over the years. However, because of the feeling-denying forces of the Rebellion and Default that have been in play for some 200,000 years, the level of truth has remained very low.

The New Way, living Feelings First – Feeling Healing – which is now being revealed, will have many people wanting to follow it, looking to their own feelings for their own true power and freedom. As a consequence, they will no longer want to be dictated to by bogus religions or politician's corrupt social and educational systems or deep state hidden controllers or mind spirits or anyone else.

### Our FEELINGS are our SUPREME GUIDES:

Feelings are what guide us through our ascension of truth. So they are really our Supreme Guides. Many people look for a person, spirit, angel, even God, for supreme guidance, however it's all right there already built in – in our feelings. **We just have to submit to them, allowing them to take us where they will, expressing all the parts we want to express, letting the emotion drive that expression if it's there to be expressed, or just talking about all we feel and how feeling that feeling is making us feel – or, how we feel about having that feeling, all whilst longing for the truth of our feelings. Longing for the truth of our feelings is really: Longing for the truth of our self, because: we are our feelings. So life stirs up our feelings, we feel being alive; or, being alive means we are feeling, always feeling; and when we work out what and why we are feeling what we are, so then we know the truth of how we are. And over time the truth accumulates, and our mind expands our understanding of ourselves, all being driven from our feelings.**

Indigenous communities pass on knowledge, tradition, ceremony and culture from one generation to the next through language, performance, protection of significant sites, storytelling and the teachings of Elders. In 2014–15, 62% of Indigenous Australians aged 15 and over identified with a clan, tribal or language group, and 74% recognised an area as homelands or traditional country.

Indigenous Australians experience widespread socioeconomic disadvantage and health inequality. Factors like discrimination and racism, violence, alcohol and drug use and high psychological distress can negatively affect social and emotional wellbeing. Poor social and emotional wellbeing, in turn, can have negative impacts on employment, income, living conditions and opportunities.

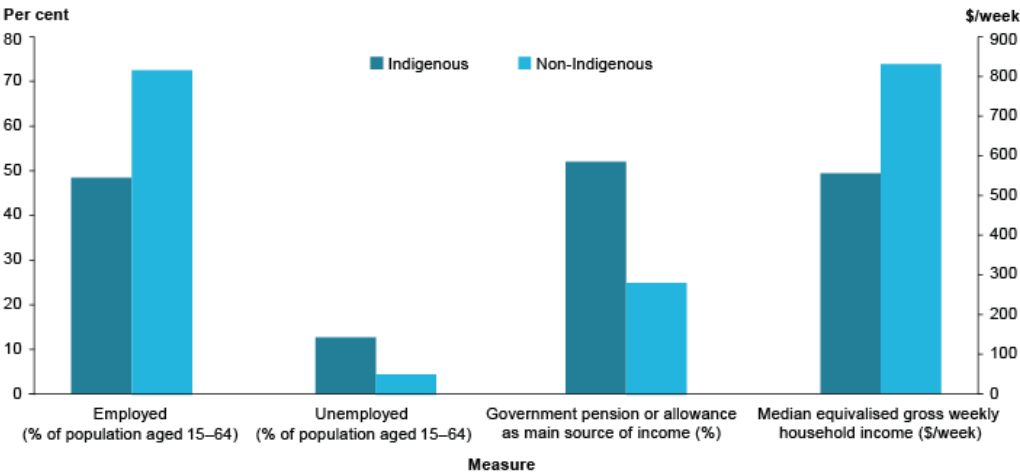

Indigenous households are less likely than other households to be lone-person households (14% compared with 25%), more likely to consist of two or more families (6% compared with 2%) and more likely to contain 5 or more people (23% compared with 10%).

For First Nations people aged 15 and over in 2021:

- Median gross personal income was AU\$540 per week. This was an increase from AU\$482 per week in 2016 after adjusting for inflation
- Median personal income between 2016 and 2021 grew at a faster rate (12%) than for all Australians aged 15 and over (11%)
- 28% had a gross weekly personal income of AU\$1,000 or more, an increase from 20% in 2016
- First Nations males (32%) were more likely to have a weekly personal income of AU\$1,000 or more compared with First Nations females (23%). The proportion was lower for both First Nations males (24%) and First Nations females (15%) in 2016.
- At first glance, the most recent review of government expenditure on Aboriginal and Torres Strait Island Australians is quite staggering. It estimates that direct expenditure was AU\$33.4 billion, an increase of around 23.7% since the first report in 2008-09 (taking into account inflation). (2017)
- This equates to AU\$44,886 per Aboriginal and Torres Strait Islander Australian, almost exactly twice the amount of direct government expenditure (per person) on the rest of the Australian population. (2017)
- Taken in isolation, these figures appear to prove that we as a society are spending a lot on Indigenous peoples. But, when you look at outcomes, it is not clear what Indigenous peoples are getting in return.

Employment and unemployment rates (people aged 15-64), proportion of people with a government pension or allowance as their main source of income (aged 15 and over) and median equivalised gross weekly household income (\$ per week), by Indigenous status, 2014-15

**55%** of Indigenous people aged 15 and over living in *Remote* and *Very remote* areas speak an Australian Indigenous language

compared with **8%** of Indigenous people living in non-remote areas

### AUSTRALIAN INDIGENOUS PEOPLE'S DEVELOPMENT NOW IN THEIR HANDS:

Remote area indigenous people and those within urban developments who adhere to traditions and customs typically calibrate on the Map of Consciousness at or below 200. Their life experiences within Australia generally are better than similar people elsewhere around the world.

### WORLDWIDE relationship of MoC calibration with Life Experiences

When comparing people's life experience MoC 200 and lower, we are looking at people who survival living and things are done to them. People calibrating under 200 are generally submissive.

The Australian people calibrate overall MoC 415 and life experience is incredibly different. Their life is through things being done by them. Leadership is found in those calibrating over 410.

Those calibrating MoC 200 and lower can only progress through their own development and that requires their personal desire and engagement with stepping away from living the way generations before them have lived otherwise life for themselves and their future generations will only mirror what has unfolded for the many generations that have come before them.

When we consider a life style environment for people MoC 200 or less, there is no Gap to close. What they are experiencing will only advance as and when such people strive to progress their personal level of consciousness and the way to significantly do that is outlined throughout the Pascas Papers.

# Generational Stagnation Cycle to be put Aside

The Mind Way – rejecting the truth of our self by denying feelings, and being restricted forever to a consciousness level of our parents, as they were to their parents and the hundreds of generations preceding. Thus, we find more than 75% of all people living today with a consciousness level that prevailed more than 2,000 years ago!

We each are a mirror reflection of the emotional injuries and errors of belief as of our parents.

We go to school only to be confronted by teachers and educators who are only imposing upon us their personal life and family environment of perpetuated consciousness stagnation.

Then we become teachers and educators imposing the same errors!

All in keeping with the **outworking of the Rebellion and Default**. Humanity is so shut off to anything that one's feelings provide, we are all but minds robotically carrying out instructions; nothing is fluid, intuitive nor feeling-free. Our whole world can't change as it is, because everyone and everything is so bogged down in the mire of artificial laws and procedures.

**WE'VE BEEN SCREWED BY  
LUCIFER REBELLION**

Now that the prison door has been opened, we may each may embrace The Feeling Way – uncover the truth of our feelings and grow in truth and love. Spontaneity and vibrancy unfolds as our feelings are always in truth, whereas our mind cannot discern truth from falsehood and is addicted to untruth and control of others.

Only through the opening of curriculums to feelings and bringing this awareness to children, and also the parents of students, that we can escape the entrapment into dormancy and

suppression that has been imposed by controllers many thousands of years ago.

Only through embracing our feelings, longing to know what they are prompting us to understand, then by talking them out to a companion what our feelings are, both good and bad, that we put aside the injuries and errors imposed upon us throughout our childhood. We are to express our feelings emotionally and at the same time ask, long, beg to know the truth behind our feelings. We will be 'told' and we will escape from the entrapment and grow in our personal consciousness.

## The FIRST AUSTRALIANS arrived into Tasmania more than 950,000 years ago!

### 1. The Andonic Aborigines

### The Urantia Book

(718.3) 64:1.1 Primitive man made his evolutionary appearance on earth a little less than one million years ago, and he had a vigorous experience. (Andon and Fonta, twins, were the first to have a longing for human perfection and lived nearly 993,500 years ago south of the Caspian Sea.) He instinctively sought to escape the danger of mingling with the inferior simian tribes. But he could not migrate eastward because of the arid Tibetan land elevations, 30,000 feet above sea level; neither could he go south nor west because of the expanded Mediterranean Sea, which then extended eastward to the Indian Ocean; and as he went north, he encountered the advancing ice. But even when further migration was blocked by the ice, and though the dispersing tribes became increasingly hostile, the more intelligent groups never entertained the idea of going southward to live among their hairy tree-dwelling cousins of inferior intellect.

(718.4) 64:1.2 Many of man's earliest religious emotions grew out of his feeling of helplessness in the shut-in environment of this geographic situation — mountains to the right, water to the left, and ice in front. But these progressive Andonites would not turn back to their inferior tree-dwelling relatives in the south.

(718.5) 64:1.3 These Andonites avoided the forests in contrast with the habits of their nonhuman relatives. In the forests man has always deteriorated; human evolution has made progress only in the open and in the higher latitudes. The cold and hunger of the open lands stimulate action, invention, and resourcefulness. While these Andonic tribes were developing the pioneers of the present human race amidst the hardships and privations of these rugged northern climes, their backward cousins were luxuriating in the southern tropical forests of the land of their early common origin.

(718.6) 64:1.4 These events occurred during the times of the third glacier, the first according to the reckoning of geologists. The first two glaciers were not extensive in northern Europe.

(718.7) 64:1.5 During most of the ice age England was connected by land with France, while later on Africa was joined to Europe by the Sicilian land bridge. At the time of the Andonic migrations there was a continuous land path from England in the west on through Europe and Asia to Java in the east; but Australia was again isolated, which further accentuated the development of its own peculiar fauna.

(719.1) 64:1.6 **950,000 years ago the descendants of Andon and Fonta** had migrated far to the east and to the west. To the west they passed over Europe to France and England. In later times they penetrated eastward as far as Java, where their bones were so recently found — the so-called Java man — and **then journeyed on to Tasmania.**

(719.2) 64:1.7 The groups going west became less contaminated with the backward stocks of mutual ancestral origin than those going east, who mingled so freely with their retarded animal cousins. These unprogressive individuals drifted southward and presently mated with the inferior tribes. Later on, increasing numbers of their mongrel descendants returned to the north to mate with the rapidly expanding Andonic peoples, and such unfortunate unions unfailingly deteriorated the superior stock. Fewer and fewer of the primitive settlements maintained the worship of the Breath Giver. This early dawn civilization was threatened with extinction.

(719.3) 64:1.8 And thus it has ever been on Urantia (Earth). Civilisations of great promise have successively deteriorated and have finally been extinguished by the folly of allowing the superior freely to procreate with the inferior.

## 1. The Genesis of War

### The Urantia Book

(783.4) 70:1.1 War is the natural state and heritage of evolving man; peace is the social yardstick measuring civilization's advancement. Before the partial socialization of the advancing races man was exceedingly individualistic, extremely suspicious, and unbelievably quarrelsome. Violence is the law of nature, hostility the automatic reaction of the children of nature, while war is but these same activities carried on collectively. And wherever and whenever the fabric of civilization becomes stressed by the complications of society's advancement, there is always an immediate and ruinous reversion to these early methods of violent adjustment of the irritations of human inter-associations.

(783.5) 70:1.2 War is an animalistic reaction to misunderstandings and irritations; peace attends upon the civilized solution of all such problems and difficulties. The Sangik races, together with the later deteriorated Adamites and Nodites, were all belligerent. The Andonites were early taught the golden rule, and, even today, their Eskimo descendants live very much by that code; custom is strong among them, and they are fairly free from violent antagonisms.

(783.6) 70:1.3 Andon taught his children to settle disputes by each beating a tree with a stick, meanwhile cursing the tree; the one whose stick broke first was the victor. The later Andonites used to settle disputes by holding a public show at which the disputants made fun of and ridiculed each other, while the audience decided the winner by its applause.

(783.7) 70:1.4 But there could be no such phenomenon as war until society had evolved sufficiently far to actually experience periods of peace and to sanction warlike practices. The very concept of war implies some degree of organization.

(784.1) 70:1.5 With the emergence of social groupings, individual irritations began to be submerged in the group feelings, and this promoted intra-tribal tranquillity but at the expense of intertribal peace. Peace was thus first enjoyed by the in-group, or tribe, who always disliked and hated the out-group, foreigners. Early man regarded it a virtue to shed alien blood.

(784.2) 70:1.6 But even this did not work at first. When the early chiefs would try to iron out misunderstandings, they often found it necessary, at least once a year, to permit the tribal stone fights. The clan would divide up into two groups and engage in an all-day battle. And this for no other reason than just the fun of it; they really enjoyed fighting.

(784.3) 70:1.7 Warfare persists because man is human, evolved from an animal, and all animals are bellicose. Among the early causes of war were:

(784.4) 70:1.8 1. *Hunger*, which led to food raids. Scarcity of land has always brought on war, and during these struggles the early peace tribes were practically exterminated.

(784.5) 70:1.9 2. *Woman scarcity* — an attempt to relieve a shortage of domestic help. Woman stealing has always caused war.

(784.6) 70:1.10 3. *Vanity* — the desire to exhibit tribal prowess. Superior groups would fight to impose their mode of life upon inferior peoples.

(784.7) 70:1.11 4. *Slaves* — need of recruits for the labour ranks.

(784.8) 70:1.12 5. *Revenge* was the motive for war when one tribe believed that a neighbouring tribe had caused the death of a fellow tribesman. Mourning was continued until a head was brought home. The war for vengeance was in good standing right on down to comparatively modern times.

(784.9) 70:1.13 6. *Recreation* — war was looked upon as recreation by the young men of these early times. If no good and sufficient pretext for war arose, when peace became oppressive, neighbouring tribes were accustomed to go out in semi friendly combat to engage in a foray as a holiday, to enjoy a sham battle.

(784.10) 70:1.14 7. *Religion* — the desire to make converts to the cult. The primitive religions all sanctioned war. Only in recent times has religion begun to frown upon war. The early priesthoods were, unfortunately, usually allied with the military power. One of the great peace moves of the ages has been the attempt to separate church and state.

#### 4. *The Mixed Races*

#### The Urantia Book

(904.5) 81:4.1 As contact is made with the dawn of historic times, all of Eurasia, northern Africa, and the Pacific Islands is overspread with the composite races of mankind. And these races of today have resulted from a blending and re-blending of the five basic human stocks of Urantia (Earth).

(904.6) 81:4.2 Each of the Urantia (Earth) races was identified by certain distinguishing physical characteristics. The Adamites and Nodites were long-headed; the Andonites were broad-headed. The Sangik races were medium-headed, with the yellow and blue men tending to broad-headedness. The blue races, when mixed with the Andonite stock, were decidedly broad-headed. The secondary Sangiks were medium- to long-headed.

(904.7) 81:4.3 Although these skull dimensions are serviceable in deciphering racial origins, the skeleton as a whole is far more dependable. In the early development of the Urantia (Earth) races there were originally five distinct types of skeletal structure:

(904.8) 81:4.4 1. Andonic, Urantia aborigines.

(904.9) 81:4.5 2. Primary Sangik, red, yellow, and blue.

(904.10) 81:4.6 3. Secondary Sangik, orange, green, and indigo.

(904.11) 81:4.7 4. Nodites, descendants of the Dalamatians.

(904.12) 81:4.8 5. Adamites, the violet race.

(904.13) 81:4.9 As these five great racial groups extensively intermingled, continual mixture tended to obscure the Andonite type by Sangik hereditary dominance. The Lapps and the Eskimos are blends of Andonite and Sangik-blue races. Their skeletal structures come the nearest to preserving the aboriginal Andonic type. But the Adamites and the Nodites have become so admixed with the other races that they can be detected only as a generalised Caucasoid order.

(905.1) 81:4.10 In general, therefore, as the human remains of the last twenty thousand years are unearthed, it will be impossible clearly to distinguish the five original types. Study of such skeletal structures will disclose that mankind is now divided into approximately three classes:

(905.2) 81:4.11 1. *The Caucasoid* — the Andite blend of the Nodite and Adamic stocks, further modified by primary and (some) secondary Sangik admixture and by considerable Andonic crossing. The Occidental white races, together with some Indian and Turanian peoples, are included in this group. The unifying factor in this division is the greater or lesser proportion of Andite inheritance.

(905.3) 81:4.12 2. *The Mongoloid* — the primary Sangik type, including the original red, yellow, and blue races. The Chinese and Amerinds belong to this group. In Europe the Mongoloid type has been modified by secondary Sangik and Andonic mixture; still more by Andite infusion. The Malayan and other

Indonesian peoples are included in this classification, though they contain a high percentage of secondary Sangik blood.

(905.4) 81:4.13 3. *The Negroid* — the secondary Sangik type, which originally included the orange, green, and indigo races. This is the type best illustrated by the Negro, and it will be found through Africa, India, and Indonesia wherever the secondary Sangik races located.

(905.5) 81:4.14 In North China there is a certain blending of Caucasoid and Mongoloid types; in the Levant the Caucasoid and Negroid have intermingled; in India, as in South America, all three types are represented. And the skeletal characteristics of the three surviving types still persist and help to identify the later ancestry of present-day human races.

Andon and Fonta had nineteen children in all, and they lived to enjoy the association of almost half a hundred grandchildren and half a dozen great-grandchildren. The Eskimos are the only survivors of the race that formed Andon and Fonta, the Andonites.

Andon was the discoverer of fire. Andón taught how to solve controversies by beating a tree; the first to break the stick was the winner. Andón's philosophy was very confused; both were almost fire worshipers. Developed an improved language of signs and words. Both possessed a personality. Were inhabited by Adjusters – indwelling spirit.

63:4.1 (713.7) Primitive man—the Andonites—had black eyes and a swarthy complexion, something of a cross between yellow and red. Melanin is a colouring substance which is found in the skins of all human beings. It is the original Andonic skin pigment. **In general appearance and skin colour these early Andonites more nearly resembled the present-day Eskimo than any other type of living human beings.** They were the first creatures to use the skins of animals as a protection against cold; they had little more hair on their bodies than present-day humans.

79:0.1 (878.1) ASIA is the homeland of the human race. It was on a southern peninsula of this continent that **Andon and Fonta were born; in the highlands of what is now Afghanistan**, their descendant Badonan founded a primitive centre of culture that persisted for over one-half million years. Here at this eastern focus of the human race the Sangik peoples differentiated from the Andonic stock, and Asia was their first home, their first hunting ground, their first battlefield. Southwestern Asia witnessed the successive civilisations of Dalamatians, Nodites, Adamites, and Andites, and from these regions the potentials of modern civilisation spread to the world.

**Thus**, it can be said that Andon and Fonta introduced the ‘red skin’ complexion with dark eyes and dark hair some 993,500 years ago. Later, it was the Sangik family from the north west high lands of India that then extended the colours by them having 5 red skinned, then 2 orange, 4 yellow, 2 green, 4 blue and then 2 indigo (black) coloured children – being 19 children – 500,000 years ago.

It was Adam and Eve, more than 38,000 years ago, that introduced the crimson coloured children (white), with red and blonde hair as well as green and blue eyes. Thus the seven colours becoming complete.

The orange, blue and green colours have died out, due mostly to conflict.

### **HUMANITY PHYSICAL COLOURINGS and order of emergence:**

500,000 years ago Sangik parents of the Badonan tribes of the north-eastern highlands of India gave birth to all six colours – 19 children to one family!

**Yellow**

**Green**

**Red**

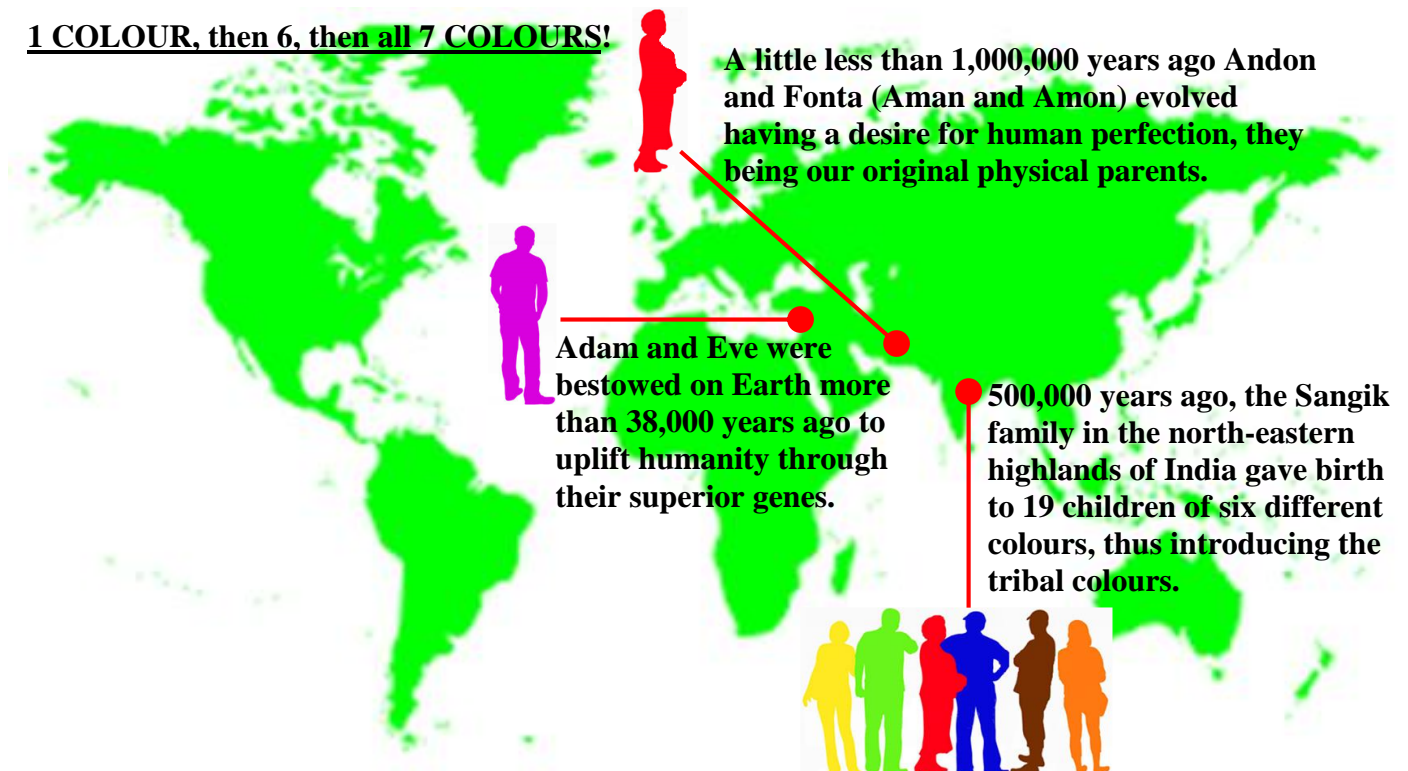

**Blue**

**Indigo (black)**

**Orange**

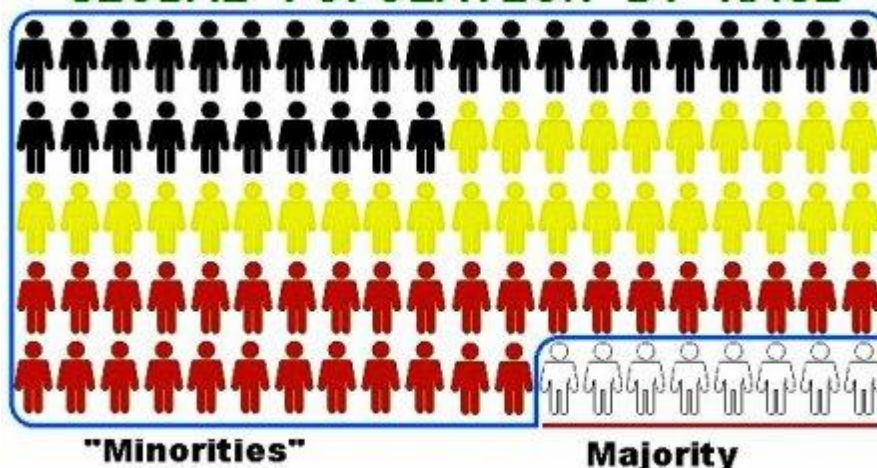

### **1 COLOUR, then 6, then all 7 COLOURS!**

## GLOBAL POPULATION BY RACE

**Non-Whites are the overwhelming majority on this planet.  
Whites are a tiny minority.**

A humanity is endowed with seven colours, just like the rainbow in the sky!  
993,500 years ago, our first humans were the twins, Andon and Fonta and they were redskins having an appearance approaching that of the Eskimos. These red skinned people travelled far from south of the Caspian Sea – Afghanistan, reaching Tasmania – Australia's south, 950,000 years ago!

Re: The Urantia Book

500,000 years ago the Sangik family in the north- eastern highlands of India had 19 children, 5 red, 2 orange, 4 yellow, 2 green, 4 blue, and 2 indigo (black) – the first and only rainbow family!

These formed groups and sometime later the orange, green and blues died out – killing each other!

Adam and Eve materialised on Earth more than 38,000 years ago and introduced the remaining colour, violet (white). As you can see, there are no black or white people!

Earth's humanity now has four colours, red, yellow, indigo and violet. They will intermingle and blend to become of an olive complexion!

Our spirit life then progresses for us to heal ourselves of what we each had taken on of Earth's Rebellion and Default. As we heal we disconnect from our Earth family and eventually find our soul partner and then our soul group, our true family. After a period we even disconnect from Earth totally.

# The SUN does it all!

Further, surface temperatures and conditions are continually changing on all planets! The planets have one thing in common – the Sun – the Sun does it all!

The increase of CO<sup>2</sup> in the atmosphere from about 320 ppm (0.032%) to 420 ppm (0.042%) has raised the efficiency of our crops and trees by about 300%. Worldwide famine is avoided! Further, CO<sup>2</sup> does not warm up the Earth, it cools it slightly (increased vegetation). CO<sup>2</sup> is beneficial to life! It is the basis of life. CO<sup>2</sup> is not a contributing to global warming. CO<sup>2</sup> is no danger. Life on Earth has recovered greatly because of our releasing CO<sup>2</sup> into the atmosphere (even if it is only a tiny fraction!).

**Note:** The farming region around West Wyalong, central New South Wales, Australia, was reporting regularly wheat crop yields at 10 bags per acre in the 1960s whereas now in the 2020s the yields are regularly 28 bags per acre! This being equivalent to a very substantial increase. I, John, grew up in this farming district.

Carbon dioxide (CO<sup>2</sup>) levels were as low as 0.034% and approaching critically low levels that would have brought about a worldwide famine. Fortunately, the levels have risen to 0.042% (still very low) and crops and food production has tripled!

## DINOSAUR EXTINCTION was through STARVATION due to lack of CO<sup>2</sup>

Dinosaurs went extinct about 65 million years ago (at the end of the Cretaceous Period), after living on Earth for about 165 million years.

Note the extremely low levels of CO<sup>2</sup> at that time of extinction, below 200 ppm – the dinosaurs died out due to starvation – plants have difficulty seeding below CO<sup>2</sup> levels of 250 ppm. The levels went below 200 ppm thus resulting in a global famine.

CO<sup>2</sup> is a natural fertiliser. Further, there is no correlation between levels of atmospheric CO<sup>2</sup> and surface temperatures.

30% of food production increases over the last 70 years are due to increased levels of CO<sup>2</sup>. Without increased CO<sup>2</sup> humanity would now be experiencing worldwide starvation.

## There is NO correlation between atmospheric CO<sub>2</sub> and global temperatures

Estimated global temperature over the last 500 million years

Not only is Earth coming out of a desert era of very low levels of carbon dioxide, Earth is also coming out of an ice age at the same time.

Neither are related to the other, nor has humanity anything to do with either.

The Sun has generated increased energy within Earth's core and this is bringing about marginal increases in surface temperatures.

Further, the oceans are releasing increased amounts of carbon dioxide.

Both are cyclical events.

## **OIL and METHANE GAS are from CHEMICAL REACTIONS DEEP UNDERGROUND**

The principal stage of oil formation, catagenesis occurs as a result of the high temperatures imposed on the waxy substance kerogen underneath the Earth's crust. The kerogens continue to break down even further from the heat into hydrocarbons. As more hydrocarbons accumulate and mature, oil and natural gas deposits are formed.

Is Oil Still Being Formed? Yes, the process that forms crude oil or petroleum is still occurring. It is a naturally reoccurring process. However, humanity is drilling, pumping, and burning more oil for fuel than the Earth can create.

**Paul Noel**      Former Research Scientist 6 Level 2 UAH (2008–2014)

5 March 2024

As to causes which I am sure you are curious about, **they actually are pretty simply the Sun!** Skip all the details but **the Sun runs the show here.** Now don't mistake me for saying that the Sun is not part of the Galactic System and as such it is part of a larger system. But for our purposes it is the Sun running the show. There are no terrestrial causes which we can alter to control this cycle. These forces are literally about  $10^{14}$  times larger than any terrestrial effects. Considering that is 100 million times a million times a million times a million you can drop out of your thinking any control mankind has. **CO<sup>2</sup> is no driver and the data is solid on that.**

If you want to believe some "greenhouse gas" claims don't. **The atmosphere of Mars, Jupiter, Saturn, Uranus, Neptune, and even Titan (moon to Saturn) are all substantially 100% of "Greenhouse Gases" and they are not hot.** Saturn's smoggy moon Titan has hundreds of times more natural gas and other liquid hydrocarbons than all the known oil and natural gas reserves on Earth.

If anyone seeks to deny what I have written on the formation of oil and planetary processes please note there is **nothing organic about Methane on Mars, Jupiter, Saturn, Uranus, Neptune and Titan.**

To review that I have pointed out that Methane is sourced by Hydrogen evolving upward from a natural fission nuclear reactor in the mantle of the Earth. This hydrogen evolves upward catalytically and chemically reacting with Carbon making Methane. This evolves upwards making in an equilibrium reaction the whole cascade of hydrocarbons we see in crude oil. Skipping the details here this reacts in the Atmosphere to become CO<sup>2</sup> and Water. This together with photosynthesis evolved us our atmosphere rich in oxygen and our oceans. It also provided the massive stores of carbonate rocks like limestone and dolomite. **At no point is Methane or CO<sup>2</sup> adverse to the climate or life on Earth. CO<sup>2</sup> is literally the only reason we have life on Earth.**

The hydrogen evolving upwards has been discovered in deep geologic formations and is now being considered for fuel use in our motor vehicles, etc.

Everything I told you exists! It is very clearly there. When I tell you that something exists, I have studied it, put my hands on it and seen it. When I tell you how we know some things, I am letting you know the processes. When I tell you uncertainty, understand that I am not being "uncertain" like a person of shaky point of view. I am being a scientist who says, "I don't know."

**There is no danger of CO<sup>2</sup> being a problem on Earth.** CO<sup>2</sup> will not burn you up, it is not pollution and it will bloom life on the Earth. The Climate is not under human control or significant influence. Your life is not at threat from your use of **"fossil fuels" which mostly are not fossil fuels at all.** The only thing that happens if you stop using oil, gas, coal is you don't get to use the energy! People teaching you to be in terror of CO<sup>2</sup> are quite possibly the most evil people the human race has ever had.

## Is there oil on any other planet (and moon)?

<https://www.ncesc.com/geographic-faq/is-there-oil-on-any-other-planet/>

Yes, there is evidence to suggest that oil or hydrocarbon deposits exist on other planets and moons in our solar system.

Is it possible for other planets to have oil?

Saturn's moon Titan, for example, has more hydrocarbons than the Earth. It has hundreds of times more liquid hydrocarbons than all the known oil and natural gas reserves on Earth.

Is there any oil on Mars?

There are subsurface deposits of oil and natural gas on Mars, indicating the possibility of past life.

Is there oil on Earth's moon?

While there are no confirmed reports of oil on Earth's moon, it is believed that oil is found on the moon.

Scientists discovered planets even better for life than Earth?

There is ongoing research to discover exoplanets that may have better conditions for life than Earth, but no concrete findings have been reported yet.

## Titan Has More Oil than Earth

<https://www.space.com/4968-titan-oil-earth.html>

14 February 2008

Saturn's smoggy moon Titan has hundreds of times more natural gas and other liquid hydrocarbons than all the known oil and natural gas reserves on Earth, scientists said today.

The hydrocarbons rain from the sky on the miserable moon, collecting in vast deposits that form lakes and dunes. This much was known. But now the stuff has been quantified using observations from NASA's Cassini spacecraft.

"Titan is just covered in carbon-bearing material — it's a giant factory of organic chemicals," said Ralph Lorenz, a Cassini radar team member from the Johns Hopkins University Applied Physics Laboratory. "This vast carbon inventory is an important window into the geology and climate history of Titan."

At minus 179 degrees Celsius (minus 290 degrees Fahrenheit), Titan would be an awful place to live. Instead of water, liquid hydrocarbons in the form of methane and ethane are present on the moon's surface, and tholins probably make up its dunes. The term "tholins" was coined by Carl Sagan in 1979 to describe the complex organic molecules at the heart of prebiotic chemistry.

Titan has long been viewed as a place that might be somewhat like Earth just before biology got going.

Cassini has mapped about 20% of Titan's surface with radar. Several hundred lakes and seas have been observed, with each of several dozen estimated to contain more hydrocarbon liquid than Earth's oil and gas reserves, according to a NASA statement. The dark dunes that run along the equator contain a volume of organics several hundred times larger than Earth's coal reserves.

Proven reserves of natural gas on Earth total 130 billion tons, enough to provide 300 times the amount of energy the entire United States uses annually for residential heating, cooling and lighting, according to the

release. Dozens of Titan's lakes individually have the equivalent of at least this much energy in the form of methane and ethane.

"This global estimate is based mostly on views of the lakes in the northern polar regions," Lorenz said. "We have assumed the south might be similar, but we really don't yet know how much liquid is there."

Cassini's radar has observed the South Polar Region only once, and only two small lakes were visible.

The findings are detailed in the Jan. 29 issue of the journal *Geophysical Research Letters*.

Scientists estimated Titan's lake depth by making some general assumptions based on lakes on Earth. They took the average area and depth of lakes on Earth, taking into account the nearby surroundings, like mountains. On Earth, the lake depth is often 10 times less than the height of nearby terrain.

"We also know that some lakes are more than 10 meters or so deep because they appear literally pitch-black to the radar. If they were shallow we'd see the bottom, and we don't," Lorenz said.

The question of how much liquid is on the surface is an important one because methane is a strong greenhouse gas on Titan as well as on Earth, but there is much more of it on Titan. If all the observed liquid on Titan is methane, it would only last a few million years, because as methane escapes into Titan's atmosphere, it breaks down and escapes into space.

If the methane were to run out, Titan could become much colder. Scientists believe that methane might be supplied to the atmosphere by venting from the interior in cryo-volcanic eruptions. If so, the amount of methane, and the temperature on Titan, may have fluctuated dramatically in Titan's past.

"We are carbon-based life, and understanding how far along the chain of complexity towards life that chemistry can go in an environment like Titan will be important in understanding the origins of life throughout the universe," Lorenz said.

## James Webb Space Telescope observes methane in exoplanet's atmosphere

<https://news.asu.edu/20231121-jwst-observes-methane-exoplanet-wasp80-b>

22 November 2023

NASA's James Webb Space Telescope (JWST) has observed the planet WASP-80 b, as it passed in front of and behind its host star, revealing spectra indicative of an atmosphere containing methane gas and water vapour.

While water vapour has been detected in over a dozen planets, until recently, **methane — a molecule abundantly found in the atmospheres of Jupiter, Saturn, Uranus and Neptune within our solar system** — has remained elusive in the atmospheres of transiting exoplanets when studied with space-based spectroscopy.

## Fossil Fuels without the Fossils?

Oil and methane gas could form with no organic matter.

<https://www.scientificamerican.com/article/fossil-fuels-without-the-fossils/>

31 July 2009

A theory long on the fringes of petroleum science gained some support from new research this week, but it is probably not enough to launch the concept into the mainstream.

The idea: **What if fossil fuels were not fossil after all?** What if hydrocarbons could form from chemical reactions deep inside the Earth, rather than from the "pressure cooking" of organic matter?

"[Abiogenic] origin of oil has been proposed by many before, but there are arguments pro and contra," said Alexander Goncharov, a geophysicist at the Carnegie Institution.

Goncharov and his colleagues in Russia and Sweden have experimentally shown for the first time that ethane and heavier hydrocarbons can be produced under the pressure and temperature conditions of the upper mantle, the slightly viscous layer of the earth directly below the crust. Their research was published this week in *Nature Geoscience*.

"Our results provide a link which was previously missing or was doubtful because of a lack of in situ measurements ... for the upper mantle conditions," Goncharov said. "Thus, our work suggests there is a possibility for the [abiogenic] oil formation in the deep earth and that there is a potential to find more oil fields than expected if one assumes that oil could be formed only biogenically."

The researchers used a diamond anvil cell and a laser heat source to subject methane -- a primary component of natural gas -- to conditions that mimic the earth at 40 to 95 miles deep.

Under those conditions, the methane reacted and formed petrochemical feedstock ethane and propane and butane, which are used as fuels, as well as molecular hydrogen and graphite. When the ethane was subjected to the same conditions, it formed methane, suggesting heavier hydrocarbons could exist deep under the earth's surface. And the reversibility -- methane forming ethane, and vice versa -- implies the production of saturated hydrocarbons is thermodynamically controlled and does not necessarily require organic matter.

The idea of abiogenic hydrocarbon genesis is not new.

Dmitri Mendeleev, developer of the first periodic table, suggested in the late 19th century that hydrocarbons were generated inside the Earth from the mixing of water and iron carbide.

Later, during the height of the Cold War, an entire Russian-Ukrainian school of thought emerged proposing that the **fuels used to power homes, cars and power plants were not derived from ancient organic matter, but from chemical reactions deep inside the earth**. (This statement tests TRUE, MoC 485.) The traces of plant and animal remains found alongside hydrocarbon reservoirs in sedimentary rocks are just contamination, the Russian-Ukrainian scientists said.

Oil and natural gas could be found in any type of rock, they added, flagrantly going against one of the principle tenets of traditional petroleum science.

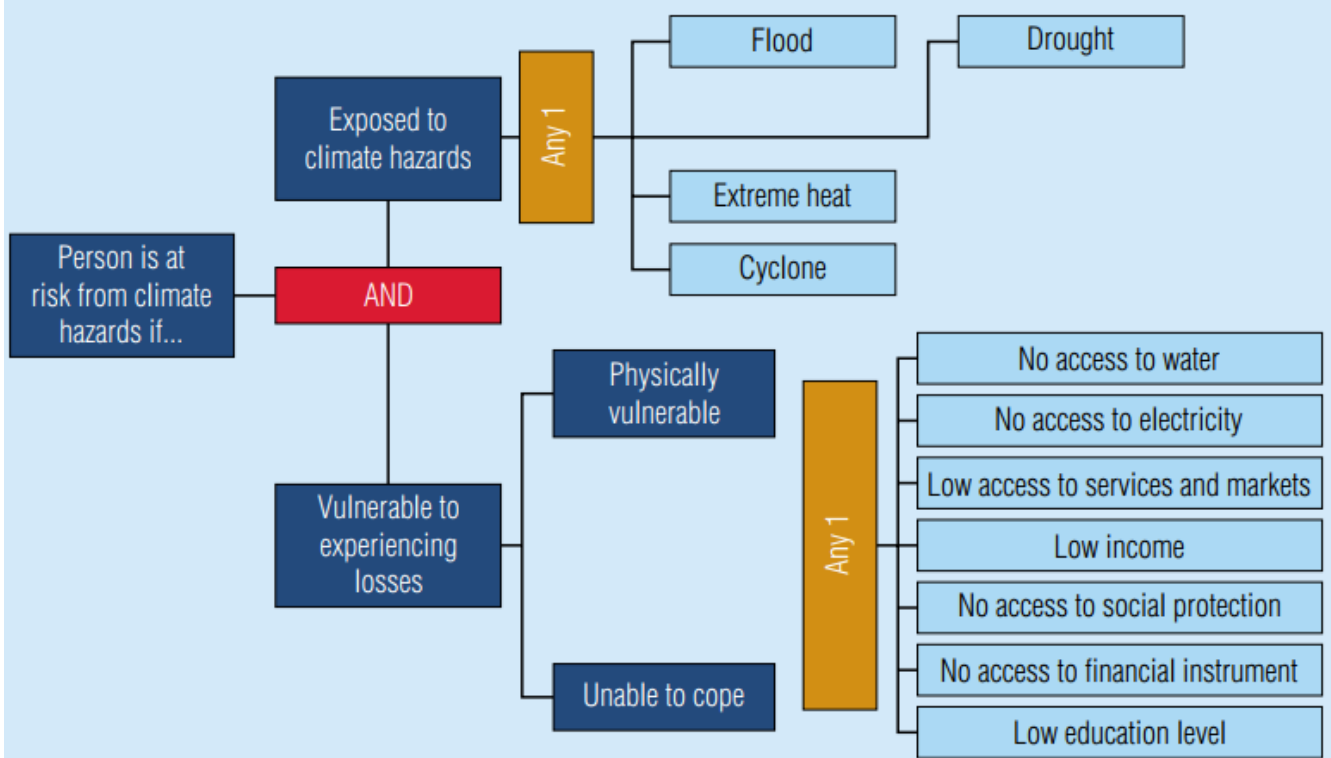

**Methane** is widely distributed in the **Solar System**. In general, the inner planets are **methane-poor**, being Earth a unique exception, whereas the outer planets have CH<sub>4</sub>-rich atmospheres.

Organic fuel is a renewable energy source derived from plant, algal, or animal biomass. Oil and natural gases originate from chemical reactions deep within the planet.

Coal is a consequence of a pole shift event. A pole shift is the confluence of the weakening of the magnetic field of the planet, the Sun super-novaring as the rotation of the planet stops, then reverses. The momentum of the oceans wash over the continent dumping the forests up against mountain ranges. The heat from the sun super nova event ignites the organic material that is now heaped up on the side of the mountain range. That backwash from the ocean movement heaps earth material over the forest debris and the slow burning buried material goes to charcoal and then coal deposits.

During a pole shift event, the earth crust movements generally bring about more oil and natural gas deposits becoming available. (These statements collectively test TRUE, MoC 495.)

The alternative reality of what is causing global warming as well as what causes cataclysms, this being introduced by Chan Thomas with the false premise of carbon dioxide (CO<sup>2</sup>) as being the driver of global warming, while he was working with the USA agency of the CIA (Central Intelligence Agency). Through an act of Congress, being the Central Intelligence Agency Act 1949, encapsulating the Education Partnership Agreement, “improvement of education in science, technology, engineering, arts and mathematics”, which enables CIA to impose its programs of disinformation, as well as their own agendas and propaganda upon the people of USA (and the world) through the education system as well as the media. However, Wallace S Broecker tried to give credence to the idea that CO<sup>2</sup> is causing global warming (Journal Science 8 August 1975). Broecker is really the father of global warming.

# Mind Centricity entrapment

**Now to LIVING FEELINGS FIRST**

# TALK IT OUT

We are to express our feelings, both good and bad, and nothing is sacrosanct or to be withheld.

All that's wrong and untrue within us has to be expressed out of us, each of us, it all has to come to light for us to see the truth of. We have to know the truth of ourselves and the truth of our family relationships.

Everything needs to be expressed, to come out into the open.

What enters emotionally has to be expressed emotionally – it has to come out emotionally – leave us emotionally!

However, we are not to act upon what we are feeling emotionally! We are not to act it out! But, we are to go on and long to know the truth of what is behind our feelings, why we are having these feelings and experiences.

Long to the Mother and Father for Their Divine Love, and ask Them to help you see the truth through your feelings – that which They want you to know. Long and ask; long and pray. Pray to see, know and BE the truth, the truth of you – of all of it!

## **The Golden rule is: Never interfere with another's will.**

From our moment of conception to around six years of age, we are submerged in our parents controlling addictions that were imposed upon them by their parents and so it has been these past 200,000 years. Our Indwelling Spirit arrives when we are six years old and then we are responsible for our actions, however, we find that our expanding environment awakens us to further methods of exerting control over others. We all go on with our life imposing our control over others, mostly because this is the only way we can survive and that is how others live. We remain oblivious to the harm, discomfort and pain that we cause other and unaware that whatever we cause to another will come back upon us as equivalent pain in the form of compensation that we will each endure – eventually! We may consider a sarcastic comment made in jest is inconsequential – but the pain felt by the slight will be returned to us.

We may go on to be involved in commercial activities where deceit may be the accepted practice, yet the harm is caused to others will come back to each of those involved, with the leader to bear it all.

Development of weapons of destruction have consequences for all involved, but none greater than upon the authorising personalities. Developing medications and vaccines that bring about harm draw compensation. Nuclear devices have generation consequences as do vaccines that manipulate genes. Thus, those who develop such technologies stand beside those who authorise their application. But those who mandate their application may find generations suffering harm requiring ongoing accumulating compensation to be addressed.

We look upon notorious barbarism by despot leaders as the pinnacle of harm requiring incomprehensible compensation, but we have leaders of religious sects and institutions of various kinds who we treat with great respect and honour when the ongoing harm they impose is far greater.

Then we look to how all this evilness became so widespread and entrenched, the actions of the Evil Ones 200,000 years ago are still building up compensation requirements as everyone today is living against their personality will and seeking control over others, even if it is only within their family – there is no one of us who is not entrenched into the Rebellion and Default imposed upon Earth's humanity by these evil four soul partner Lanonandek spirit leaders – Lucifer, Satan, Caligastia and Daligastia.

## **One must always honour another's will as one honours one's own.**

Zelmar, a Melchizedek, 1 July 2003: The Rebellion leaders have all now been interned on a sector of one of the higher Earth planes. And they will remain in the 'hell of their own making' until they fully feel, and so repent, coming to understanding the pain and suffering they have caused. Can you imagine how many souls they have caused pain on all the rebellious worlds (37), so that's a lot of pain, a lot of time feeling such pain caused as their compensation, for them to understand the extent of the damage they have done. And time needed to bring about the rectification of their own personality expression; because as you can image, being so rebellious means they are very shut off to their true feelings, very much caught up in their controlling minds, so living with very corrupted, distorted and dysfunctional personalities. So potentially, it is conceivable they will remain in such isolation until everyone on all rebellious worlds (37) and in their associated mind Mansion Worlds have completed their Healing.

Zelmar, a Melchizedek, 27 June 2003: All that is rebellious and so of the Lucifer Rebellion will be one

day cease to be. So deep within you, you know the truth that you are not right, that you are rebellious, and so also the truth that one day you too will cease to be.

Zelmar, a Melchizedek, 1 July 2003: You understand about Lucifer and Satan, but what about their soul-mates, their other halves, and how instrumental have these hidden feminine evil spirits been in shaping the course of the Rebellion.

Who do you think it was that coerced Eve into defaulting, do you think it was Satan or Lucifer, would Eve listen to such male spirits as much as she might listen to their female partners? It's been, in fact, the unseen evil women spirits who've had far more of a hands-on negative influence on humanity than the men spirits. The four evil women spirits (the partners of Caligastia and Daligastia were involved too) have worked to turn women against the truth of their feelings, so mothers then turn their children against themselves. And as the boys grow up, so they too have taken on their evil role of dominating women, and now even supporting those women who want to dominate and be their equal, as you are seeing through the feminist movement. **True liberation of the woman (and man) will only come when women start to fully honour all their feelings** as I have been talking about, then women being mothers will be the greater influence on their children in helping them to not be so rebellious. And as women (and men) one day become fully Healed, then in such perfect and true relationships will women and men parent children no longer inducting them into their rebelliousness.

The evil women spirits drove the personal and more intimate level of the Rebellion, whereas the evil men spirits drove the impersonal and bigger picture side of it.

The Rebellion leaders have all now been interned on a sector of one of the higher Earth planes. And they will remain in the 'hell of their own making' until they fully feel, and so repent, coming to understanding the pain and suffering they have caused. Can you imagine how many souls they have caused pain on all the rebellious worlds (37), so that's a lot of pain, a lot of time feeling such pain caused as their compensation, for them to understand the extent of the damage they have done. And time needed to bring about the rectification of their own personality expression; because as you can image, being so rebellious means they are very shut off to their true feelings, very much caught up in their controlling minds, so living with very corrupted, distorted and dysfunctional personalities. So potentially, it is conceivable they will remain in such isolation until everyone on all rebellious worlds (37) and in their associated mind Mansion Worlds have completed their Healing.

Zelmar, a Melchizedek, 23 July 2003: Your next question, James, concerns the whereabouts of Caligastia and his partner. Caligastia, for the readers who may not know, was your (Earth's) planetary Prince, the Lanonandek Son who was the spirit governor of your world and who embraced Lucifer and Satan, helping them to bring the System Rebellion to your Earth. Caligastia and his partner had another Lanonandek Pair who help them, the Daligastias. And together the four of them coerced Adam and Eve away from being true to themselves bringing about the Planetary Default.

And as *The Urantia Book* states, with Jesus' (and Mary's) coming, the powers of these four Evil Ones were severely lessened. Jesus and Mary ended the reign of the Lucifers and Satans thereby technically ending the Rebellion in their universe of Nebadon. However, it was left to the arrival of Avonal pairs to fully end the Rebellion on the individual rebellious worlds. So, the Caligastias and Daligastias power was substantially lessened to the point of during the past two thousand years they have only been able to subtly impress upon certain mind spirits and people on Earth, who might have been open to them, to help further the Rebellion. But that has ended now because of the Avonal pair, with only the mind spirits being able to coerce you on Earth.

The Caligastias really had all the power over humanity, they did the greatest amount of damage to you. They did far more hands on damage to you than the Lucifers of Satans, and yet you didn't even know of their existence until *The Urantia Book*. So the ones you fear as being the Evil Spirits, Lucifer and Satan, didn't actually have that much personally to do with Earth. They orchestrated the Rebellion on the higher spirit levels, with the Caligastias being helped by the Daligastias, carrying out their nefarious plans on Earth and in the mind Mansion Worlds.

All eight of the Evil Spirits are now interned on a detention world (actually it is the highest earth plane associated with Earth and not on another rebellious world's earth plane, because of Mary and Jesus' relationship with the Earth) awaiting judgement of their crimes. So they can no longer negatively affect or hurt you, they are no longer guiding the Rebellion along its nefarious course, they no longer have a say in it on any level. And nor can they, should they have a 'turn of heart', directly participate in eradicating the negative effects of their dirty work. It has all been taken out of their hands. So it's now all up to yourselves, the main controllers on your world and the controlling mind spirits who are guiding them, they are now your 'evil ones'. And soon these more controlling people and mind spirits will be dealt with by the Avonal pair, once they have finished their Healing. Then all such control will cease and people will be entirely free to get on being a controller in their own little personal world as they continue to live their negative mind patterns, and without being able to control others; or end such control by doing their Healing. The prophesied 1,000 years of peace will then come to humanity as it lives through the forthcoming Spiritual Age.

So far living in their detention plane, Caligastia and his partner have not wanted to relinquish their false power one bit, even though all about them it is obvious to us that they have no real power anymore. The Daligastias, perhaps because they had more personally to do with people having been materialised on Earth and living with people so many years ago, have started to show levels of guilt and remorse with a growing conscience as to the damage they wrought.

Machiventa Melchizedek, to this day, continues to oversee the plan that was evolved more than 4,000 years ago to progressively open cracks in the Universal Contract governing the Rebellion and Default instigated by Lucifer 200,000 years ago. With 'federal' authority, the Creator Daughter and Son brought about the Lucifers and Satans' spirit world imprisonment 2,000 years ago, and set the Avonal bestowals in place.

The commencement of the Padgett Messages on 31 May 1914 triggered the bestowal of the Avonal Pair for Earth's humanity. The Avonals' 'state' authority brought about the Caligastias and Daligastias spirit world imprisonment in 1993. The Avonals' healing of what they have taken on of the Rebellion and Default ends the Rebellion and Default. Now we can all follow and progress on the pathway to Paradise.

## **FEELING HEALING and SOUL HEALING with the DIVINE LOVE:**

**James Moncrief Publications:**

**all publications are free downloads:**

<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

### **Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

### **Soul Light – books 1 and 2**

A Melchizedek, Zelmar, sums up how we are to heal ourselves and ascend to Paradise.

### **Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel.

### **Ann and Terry**

An example for people who might want to immediately start working on themselves and doing their Healing.

### **Feeling Bad? Bad Feelings are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

### **Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

### **Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:**

**The True Gospel Revealed Anew by Jesus volumes 1 – 4**

**Book of Truths by Joseph Babinsky**

**The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

## **FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.  
Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.  
Primary and most important readings are the writings of James Moncrief.  
Then consider the Padgett Messages, and then The Urantia Book.**
